4Q26 營收有望續創新高

- **3Q26 營收 YoY+28%，優於市場預期**
- **矽水膠彩拋需求強勁，4Q26 營運將續創高**
- **擴產如期推進；展開 2027 年訂單洽談**

3Q26 營收優於市場預期，產品組合優化有望支撐獲利表現：視陽 3Q26 營收 14.5 億元(QoQ+14%、YoY+28%)，再創單季歷史新高，亦優於市場預期的 13.8 億元；主要由 2Q26 擴產效益完整顯現所貢獻，帶動前 9 月累計營收達 39.5 億元(YoY+25%)。獲利方面，矽彩佔比已接近 4 成，帶動產品組合持續優化，推升 ASP 至 8.5~9.5 元區間。雖石化原料漲價，及擴產造成折舊與製造費用增加，但在稼動率維持 9 成以上及匯率影響有限下，預期 3Q26 毛利率仍有望維持在 46%~48%高檔水準；費用率則將維持 17~20%，持續投入廣告行銷。

矽水膠彩拋需求強勁，4Q26 營運將續創高：各區域營運方面，美國、日本和中國的 3Q26 營收年增幅皆超過 30%。營收占比最高的日本市場，受惠矽水膠彩拋熱銷延續，仍為主要成長動能；中國市場則由多款新品陸續上市所推動，預期動能延續，下半年營運將優於上半年；歐洲與台灣則受產能排擠影響，年減 10~20%，隨新產能逐步開出，出貨動能可望重啟。展望 4Q26，在矽水膠彩片需求暢旺、客戶訂單供不應求，以及月產能逐步提升至 6,300 萬片帶動下，不同於過往第四季營收回落慣例，4Q26 營收將再走高，年增幅有望逾 4 成。

擴產如期推進；展開 2027 年訂單洽談：產能布局方面，視陽月產能預計於 4Q26 自 5,500 萬片提升至 6,300 萬片，其中透片 3,500 萬片、彩片 2,800 萬片，並於 1Q27 進一步擴增至 7,500 萬片。2027 年營運展望，公司已與主要客戶展開產品規劃討論，客戶對矽彩需求依然強勁，而後續擴線計畫則將於明年首季董事會討論定案。資本支出部分，2026~2027 年總額估約 27 億元，包含擴產 17 億元，及馬來西亞新廠房、無塵室和台灣總部建置；年度折舊約 6~6.5 億元。面對原料成本上漲，公司除拉長備料天數，並透過提升良率與效率吸收成本。

評價：我們看好矽水膠彩片需求強勁，及擴產效益逐步顯現，有望帶動視陽 4Q26 營收續創新高，2027 年成長動能延續，因此維持正向看法。給予 13.5 倍 PER，以未來四季預估 EPS 計算，目標價 290 元。

風險因子：同業競爭、原物料成本及匯率波動。

3Q26 results preview: better-than-expected price hikes

- Expecting better price hikes from 2H26 to 1H27
- Spec upgrades driven by new CPU platform adoption in 2027
- Reiterating our Buy (1) rating; raising our 12M TP to TWD1,110

Sheng Cheng
(886) 2 8758 6253

Thomas Kim
(886) 2 8758 6249
thomas.kim@daiwacm-cathay.com.tw

What's new: We preview ITEQ's 3Q26 results (due on 6 November). In our previous note, "*Upgrading: strong beat in 2Q26 with improving outlook*" (7 August), we had underestimated the magnitude and durability of price hikes for E-glass and M4-and-below CCL. We raise our 2026-28E earnings by 43-70% to reflect better-than-expected pricing and gross margin performance, which leads to our higher TP of TWD1,110 (from TWD600).

What's the impact: Ongoing price hike of E-glass and M4-and-below CCL. This week, a major Japanese copper-clad laminate (CCL) vendor raised its entry-level CCL price by 200% to catch up with other global peers' price hike level. One of the Chinese peers is also having a constant c.10% ASP hike on a monthly basis in 2026. We are increasingly confident in the management's target for its blended price hike in 2H26. We now forecast c.30%/20% price hikes in 3Q26E and 4Q26E, respectively (vs. our previous estimates of 20%/10%). Looking ahead, we expect another 10% price hike per quarter in 1H27 (c.20% price hike in total), while pricing should gradually stabilise in 2H27 given the rising supply of E-glass, in our view. While the visibility towards 2H27 and 2028 remains relatively limited, we believe the key upside risks to our current forecast will be the stronger-than-expected price hike magnitude and durability of the current up-cycle.

3Q26 results preview. After factoring in stronger-than-expected price hikes, ITEQ's 3Q26 revenue grew c.35% QoQ, mainly driven by the 30% price hike despite utilisation rate staying at c.75%. We lift our gross margin forecast to c.30.3% (from 24.7% in our August note), in line with the August preliminary results' pre-tax margin of 25.8%. With price hikes continuing, we expect the 4Q26E gross margin to expand to c.35%. Given disciplined capacity expansion through 2028, we expect the higher GM to be sustained through 2028. Beyond price hike, we believe the key longer-term growth drivers include: a) rising regular server demand and new platform adoption (using M7 grade CCL) in 2027; and b) M9 certification by more clients.

What we recommend: We raise our 2026-28E EPS by 43-70% to factor in the price hikes. We reaffirm our Buy (1) rating, and raise our 12M TP to TWD1,110 (from TWD600), based on an unchanged target PER of 22x (higher than the range during the past 12 months of 5-18x) applied to our 1-year-forward EPS. While we expect the current upcycle will eventually ease starting from mid-2027, we remain positive on the near-term price outlook. Key downside risk: weaker-than-expected regular server demand.

How we differ: Our 2026-28E EPS are 36-60% above the Bloomberg consensus, mainly due to our more aggressive view on ITEQ's price hikes and margin profile.

Company profile

ITEQ Corporation is a leading manufacturer of high performance copper clad laminate materials used for the fabrication of printed circuit boards and was founded in April of 1997. ITEQ's products find use in many different application areas, such as computational and communications applications, Radio Frequency and Microwave devices, Automotive applications, and High Density Interconnect solutions.

ESG analysis

ESG risks

Risks		Management	Analyst comments
G	Executive/board quality	2	All board members implement the company's operation faithfully and fulfil their obligations with discipline and care. Independent directors obey related laws and company regulations to protect the rights of the company and stockholders.
	Capital management	2	ITEQ paid a cash DPS of TWD3 in 2025, representing a 72% payout ratio. We believe ITEQ will sustain a similar payout level of c.75% over 2026-28E. We see its balance between investment and dividend as appropriate.
	Related party & transaction	2	ITEQ's sales to related parties were insignificant versus its total revenue.
S	Supply chain management	2	ITEQ requires all major raw material suppliers to comply with ESG, ethics, and regulatory standards. Annual RBA audits were conducted for vendors, all rated A–C.
S	Data security	1	ITEQ has established an ISO/IEC 27001-certified Information Security Management System, conducts quarterly training, and implements system recovery drills to ensure risk preparedness.

Note: Management score represents a company's ability to manage/benefit from certain ESG topics. The scores range from 1 to 3, with 1 being the strongest.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

Goldman Sachs & Co. LLC

We attended the SEMICON West Conference in San Francisco, California on October 13-14 and met with Applied Materials, Lam Research, Teradyne, Camtek, Onto Innovation, MKS Instruments, and a variety of other companies across the industry. Overall, we came away from the event with an incrementally positive view on WFE growth for 2027 and 2028 - consistent with our recent WFE outlook. **We highlight key industry takeaways, along with company-specific takeaways below:**

WFE trends: Although companies avoided giving quantitative updates on WFE expectations, there was agreement that 2027 is set to be a very strong year, supported by 8-10 new wafer fab openings globally across a variety of product types. Our current estimates call for 2027 WFE to grow ~45% Y/Y to ~$218 bn, driven by DRAM, leading-edge foundry/logic, and NAND.

Leading-edge logic: As AI datacenter buildouts continue to scale, leading-edge logic is positioned to continue growing robustly into next year. We expect leading-edge foundry to underpin this growth rate as we forecast TSMC's CapEx to be $85 bn in 2026 - and we also see the opportunity for incremental growth to be driven by customers such as Intel and Terafab.

DRAM: We expect DRAM spending momentum to continue given increased competition in HBM and a growing need for more CapEx-intensive solutions with more required wafer capacity expansions. We expect Applied and Lam to benefit from continued industry tightness as they are over-indexed to memory. Our checks suggest memory makers continue to prioritize DRAM supply additions over NAND.

NAND: We believe supplier utilization rates remain near peak levels, and expect NAND WFE to accelerate in 2027. However, this spending remains almost entirely driven by upgrades rather than greenfield capacity expansion, which we would not expect to begin until late 2027 at the earliest.

Test: Given increasing levels of chip complexity, innovative solutions are necessary to shorten time to market for customers. However, test times continue to move higher for the latest generations of GPUs and accelerators, which we see as a significant driver of ATE growth over the next few years - along with new markets such as optical networking.

Back-end inspection and metrology: Industry participants remain very constructive on the demand outlook heading into 2027, driven by a number of factors including CoWoS, HBM, and the early ramp of longer-term demand drivers.

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

Key Takeaways from Company Meetings

Key Takeaways from Applied Materials Meeting

Participants: Kevin Moraes, VP, Strategy and Marketing; Sree Kesapragada, VP, Advanced Packaging; Mike Sullivan, Head of Investor Relations

Investor questions mainly focused on clarifications tied to the company's investor event and financial targets. On revenue and capital intensity, management noted that semiconductor industry pricing is a key variable that it cannot control - but has high confidence in its framework tied to increasing WFE intensity per node - and these increases have already been programmatically locked in by customers today. On Applied's target of 200bps of market share gain, management noted the complex set of mix effects involved in the calculation, but noted the substantial impact from China export control exclusions. Relative to the company's newly articulated gross margin target of 54% by 2030, Applied believes there is the potential for upside to this target - but pointed out that the vast majority of its costs are variable in nature. On its optical tool portfolio, Applied believes that it can leverage its expertise and market position in e-beam technology to expand into this adjacent $9bn market. On AGS, management has high confidence in its outlook for mid-teens long term revenue growth - but noted that its services attach rate is higher on its newer tools relative to its installed fleet.

Key Takeaways from Lam Research Meeting

Participants: Ram Ganesh - VP of Investor Relations

Consistent with prior commentary, Lam expects 8-10 new fab projects to come online in 2027 - and currently expects product growth to be driven by DRAM, followed by advanced foundry/logic, followed by NAND flash. The company has not specified a timeframe for achieving its new long-term gross margin target of ~55%. However, we expect this to be achieved over several years, and see it tied more to product mix (particularly with new products such as Akara) and overseas operational manufacturing efficiencies rather than like-for-like pricing. Management remains constructive on the company's competitive positioning in Logic, DRAM, and advanced packaging - particularly as etch and deposition intensity continues to grow with a variety of new device structures coming into the mix - including hard masks, surface prep, TSVs, and other materials engineering steps.

Key Takeaways from Teradyne Meeting

Participants: Roy Chorev - VP & GM of Compute Test Division; Amy McAndrews - VP of Investor Relations

Teradyne announced a strategic partnership with and investment in FormFactor at SEMICON West. Teradyne remains committed to an open ecosystem of probe card vendors, but believes Form's strong position in silicon photonics warrants a closer relationship that enables Teradyne to commit additional engineering platform resources. Regarding its XPU business, Teradyne continues to expect to gain merchant GPU share in the long run - and noted that Rubin test times are nearly 2X Blackwell given the near doubling in transistor count. Teradyne is also pursuing the tester opportunity at Intel, which is focused on increasing its exposure to external vendors (currently using an

internal solution) beginning with its foundry business, where Teradyne sees a medium-term opportunity. In its memory business, Teradyne expects minimal impact from customer de-specing of HBM as its demand is tied primarily to unit volume rather than stack height. In co-packaged optics, Teradyne continues to see a very strong product ramp opportunity, although given the early stages of development, there are likely to be significant shifts between testing intensity at different insertions during the manufacturing process.

Key Takeaways from Camtek Investor Meeting

Participants: Lior Aviram - Executive Chairman; Rafi Amit - CEO; Ramy Langer - President & COO; Moshe Eisenberg - CFO; Eyal Segev - Marketing Director

We attended Camtek's Investor Meeting at SEMICON. Our key takeaways are as follows:

- **Long-term financial targets:** In conjunction with its investor meeting, Camtek pre-announced 3Q26 revenue of $160 mn –$161 mn (above its prior guidance), guided to ~$180 mn for 4Q26, and provided an initial 2027 revenue outlook of $800 mn based on orders received to date. Management laid out a long-term revenue target of $1.2 billion in about three years, with a gross margin target of 55%-56% and operating margin target of 34%-36%.
- **Advanced packaging remains the key growth driver:** Camtek stressed that advanced packaging remains its core business, accounting for ~80% of recent orders, and expects advanced packaging wafer growth to run at about twice the broader industry rate through 2031 (13% vs. 7% CAGR). Within advanced packaging, the company expects the high-end of the market (which accounts for the vast majority of its business) to grow at a ~24% CAGR through 2031, driven by AI, silicon photonics, denser interconnects, and increasingly complex inspection and metrology requirements.
- **Technology and product roadmap centered on inspection and specialized metrology:** Camtek's roadmap remains centered on its margin-accretive Hawk and Eagle products for inspection (~85% of its 2026 mix), as well as its metrology platforms. Separately, management also noted it is embedding AI into detection and classification and plans to launch AI-enabled software in 2027 (which it attributed to its Visual Layer acquisition).
- **M&A strategy focused on capability acquisition and strategic expansion:** Camtek noted that it is pursuing both smaller acquisitions that add technology and/or talent to its core business, as well as larger strategic transactions that broaden its offering, while emphasizing that its $1.2 bn revenue target and financial model do not assume meaningful M&A activity.

Key Takeaways from Onto Innovation Meeting

Participants: Brian Roberts - CFO; Sidney Ho - VP of Investor Relations

Onto remains very constructive on the demand outlook through 2H26 and heading into 2027 across a range of demand drivers - with growth likely to accelerate next year given the growth of incremental market opportunities. In HBM, Onto believes its business is likely to be minimally impacted by any "de-spec" activity by XPU vendors, as its tool

demand is far more driven by unit volume than stack height. The company continues to see CoWoS as a key demand driver that is increasingly driven by OSAT partners rather than TSMC; Onto sees EMIB-T as a significant opportunity that promises to be material in 2028. From a competitive standpoint, Onto remains highly confident in its market share position, including at TSMC – and sees no imminent impact from potential product launches by competitors. On margins, management remains confident in its target of 350bps of gross margin expansion, which it believes can be achieved solely by product mix and efficiencies in its manufacturing operations. The company believes it has room to grow revenue substantially from projected levels, and does not see itself as capacity constrained.

Key Takeaways from MKS Instruments Meeting
Participants: John Lee – President & CEO; Paretosh Misra – VP of Investor Relations

MKS believes the industry is in the early-to-middle stages of a substantial cyclical industry upturn driven by AI and datacenter demand. The company is currently preparing for a potential WFE spending envelope of up to $300bn in 2028, and potentially higher over time. In the near-term, management expects the company to potentially outgrow its customers (2Q26 was the first time the company delivered Y/Y Semiconductor revenue growth in excess of them) given supply chain inventory effects. MKS believes it has enough capacity to support WFE of ~$250bn with its Penang facility (with a surge capacity of another 20%), but may need to expand capacity further if these forecasts come to fruition. Importantly, the company does not believe it is constraining its customers' growth plans today. MKS has not taken significant pricing actions, but could do so selectively in order to capture the value it delivers. Management believes its product portfolio is well positioned, but would consider a possible divestiture of its specialty industrial product lines at an attractive valuation.

Valuation/Risks

AMAT (Buy, on CL): Our 12-month price target of $670 is based on a 32X P/E multiple applied to our normalized EPS estimate of $21.00. Key downside risks include: (1) incremental export restrictions; (2) local China-based supplier share gains.

LRCX (Buy): Our price target is $380, which is based on a 35X multiple applied to our normalized EPS forecast of $10.75. Key downside risks: (1) softer DRAM/HBM demand; (2) delays in planned clean room and fab expansions; (3) lower-than-expected content gains from advanced packaging and 3D architectures.

TER (Buy): Our 12-month price target is $465, which is based on a 37X P/E multiple applied to our normalized EPS forecast of $12.50. Key downside risks: (1) delays in the revenue ramp with a merchant GPU customer, (2) significant quarterly volatility due to the lumpy nature of large AI-related infrastructure projects, (3) slower-than-expected recovery in Mobile.

ONTO (Buy): Our12-month price target is $400, which is based on 32X our normalized EPS estimate of $12.50. Our target P/E is in line with peer multiples, and it is on the higher end of ONTO's historical median, given recent momentum around HPC. Key upside/downside risks: (1) additional volume purchase agreements and accelerated customer adoption of Dragonfly G5; (2) shift towards OSATs or domestic Chinese manufacturers; (3) competitor launching a rival tool.

CAMT (Neutral): Our 12-m price target of $160 is based on a 38X P/E multiple applied to our normalized EPS of $4.20. Key upside/downside risks: (1) notable push-outs in chiplet architectures; (2) failure to pass on higher pricing; (3) better-than-expected growth in HPC-driven revenue in the medium-term.

MKSI (Sell): Our 12-month price target is $270, which is based on a 20X P/E multiple applied to our normalized EPS of $13.50. Key upside risks: (1) rebound in the NAND market from an equipment ordering perspective; (2) greater realization of synergies from the Atotech acquisition; (3) any material pickup in momentum for the company's Semiconductor business due to broader WFE trends.

Disclosure Appendix

Reg AC

We, James Schneider, Ph.D., Marshall Wong, Liana Wadhwani, Anmol Makkar, Khalil Fenina and Luya You, hereby certify that all of the views expressed in this report accurately reflect our personal views about the subject company or companies and its or their securities. We also certify that no part of our compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in this report.

Unless otherwise stated, the individuals listed on the cover page of this report are analysts in Goldman Sachs' Global Investment Research division.

Unless otherwise stated, the individuals listed in the Contributing Authors disclosure of this report are analysts in Goldman Sachs' Global Investment Research division.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global

Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. Greater China Technology Hardware | Asia Pacific

ABF Substrates: More Capex, More Tightness

New capacity announcements do not overturn our bullish view. AI demand and increasing substrate complexity should keep the market undersupplied from 2027, supporting further pricing and margin expansion. We raise earnings estimates and price targets for Unimicron and NYPCB and reiterate OW on both.

More capacity, but limited near-term relief: Suppliers are stepping up investment, but several newly announced projects are not scheduled to ramp until late 2028-30 or beyond. Our updated supply-demand model continues to indicate undersupply from 2027 through 2030, with tighter supply in CY27-28, which should only be more favorable to pricing. Therefore, capacity additions announced in the past few months do not, in our view, diminish the magnitude of pricing gains over the next two years.

CY27 pricing should accelerate, amid tighter supply-demand in CY27-28, but visibility on the magnitude remains limited: We see ABF substrate prices rising 25%+ in CY27, below buy-side expectations of ~50%. Our supply/demand outlook points to undersupply next year, with larger substrates, higher layer counts, and greater manufacturing complexity further constraining usable output. Raw material cost pass-through was a key driver of CY26 price increases, we expect supply tightness to play a greater role in CY27. This should allow pricing to outpace cost inflation, driving faster margin expansion. We remain constructive on pricing, but the magnitude and timing of increases depends on customer-level negotiations.

With pricing a segment-wide tailwind, we prefer Unimicron for its stronger CY27 capacity growth: As supply tightens, the ability to deliver incremental volume should become a key differentiator. We favor suppliers bringing capacity online in CY27 over those whose expansion plans contribute in later years. Unimicron's Guangfu II ramp should add 10-15% to capacity in CY27, compared with 5-10% growth at NYPCB through debottlenecking, giving Unimicron greater scope to benefit from both pricing and volume growth. Unimicron is also our preferred play heading into earnings, as more demanding expectations for NYPCB leave less room for an upside surprise. But we remain OW on NYPCB given its networking and AMD CPU exposure, alongside its proactive pricing strategy.

We reiterate Overweight on Unimicron and NYPCB: Reflecting stronger earnings trajectories, we raise our EPS estimates for both companies. Based on upside to our revised price targets, our order of preference is *Unimicron (NT$1,775 PT; 24x CY28e P/E; 41% upside), followed by NYPCB (NT$2,000 PT; 22x CY28e P/E; 39% upside).*

Potential risks: 1) Weaker demand for PCs, general servers, and AI servers; 2) meaningful capacity expansion plans; 3) T-glass shortage; 4) CoWoP displacing ABF substrates.

Supply/Demand Update: Undersupply Deepens in CY27–28

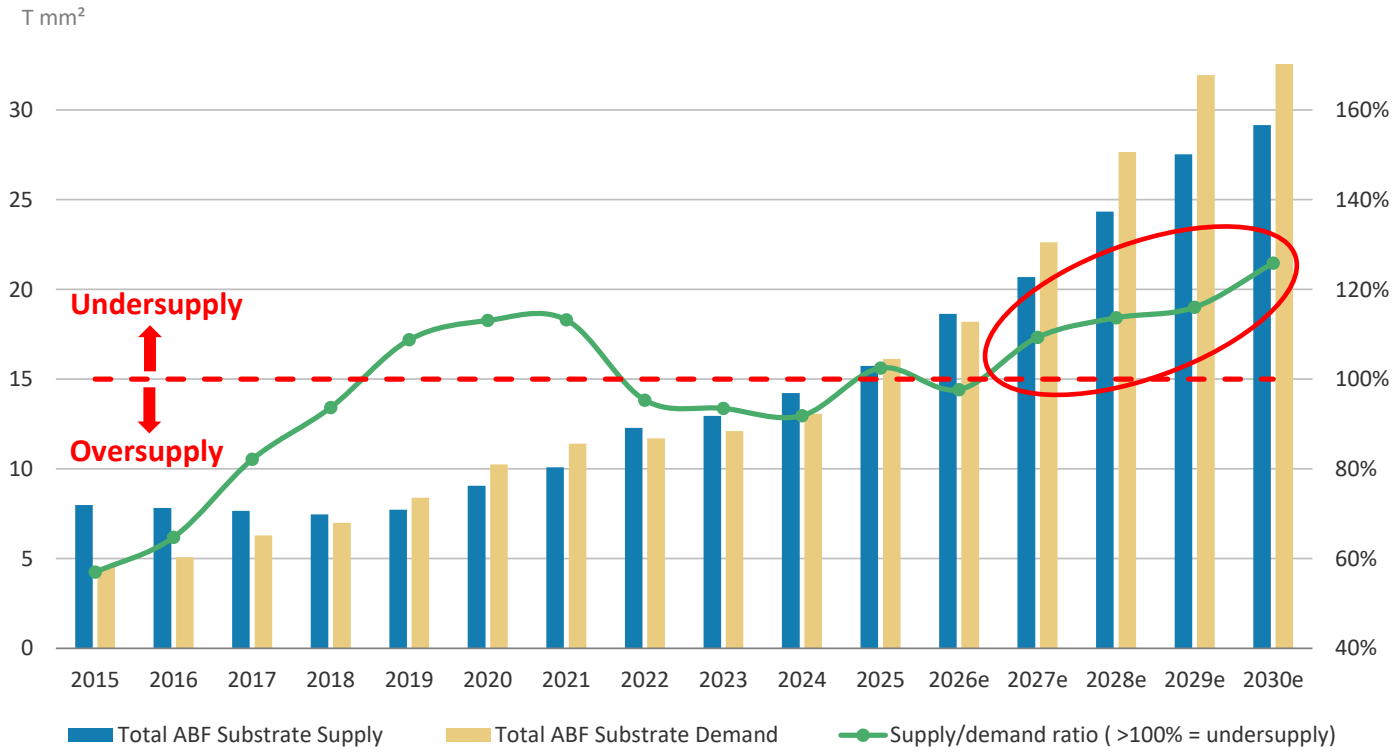
Our updated model points to a wider supply shortfall in CY27–28, despite additional capacity: Incorporating the latest expansion plans and semiconductor demand forecasts, we now expect ABF substrate demand to exceed available supply by 9.3% in CY27 and 13.7% in CY28, versus 6.2% and 9.4% previously. This represents a widening of 3.1ppt and 4.3ppt, respectively, relative to our prior estimates. We maintain our view that CY26 is a broadly balanced market, followed by increasingly tight supply over the next two years.

The main demand upgrade comes from other ASICs, including Chinese AI chips: We raise our shipment assumptions for this category to 6.4mn units in CY27 and 8.7mn in CY28, from 4.6mn and 6.2mn previously. Our Nvidia GPU and server CPU forecasts remain largely unchanged, while we lower AMD GPU estimates while also keeping CY27 Trainium and TPU shipments largely unchanged. The tighter substrate outlook therefore reflects stronger demand across a broader set of ASIC suppliers, rather than higher shipment assumptions for every major AI platform. We also raise our substrate content assumptions for select chips based on our latest supply chain checks, lifting our substrate demand estimates across some segments, including server CPUs and networking.

Higher supply assumptions provide limited relief in CY27-28: We now include additional capacity announcements that have been announced recently, including two additional Kinsus factories, scheduled to come online in CY28 and CY29, beyond the CY27 expansion already in our model. Several larger projects, however, contribute later. NYPCB's new site starts ramping in 2H29, while SEMCO's Sejong expansion begins mass production in September 2028 and its project in Vietnam is scheduled to begin operations by June 2030. These additions increase medium-term supply but do not prevent the modeled shortfall from worsening through CY28.

Increasing substrate complexity adds to the pressure on usable output: Larger body sizes, higher layer counts, and more demanding manufacturing processes constrain the output available to meet demand, even as suppliers expand installed capacity. With the supply gap widening in CY27-28, we expect tightness to become a more important pricing driver than raw material cost pass-through. This supports our forecast for 25%+ price increases in CY27 and further increases in CY28, alongside continued margin expansion.

Exhibit 2: Expecting ABF substrate undersupply gap to widen by 2030 vs. our prior estimates



Source: Morgan Stanley Research (e) estimates.

Exhibit 3: Increased demand assumptions cause undersupply to persist through 2030

ABF SD	2026e	2027e	2028e	2029e	2030e

Supply-side developments

Unimicron (3037.TW, OW, covered by Howard Kao)

On September 30, Unimicron announced that it has acquired a Hukou site from Bridgestone Taiwan for ~NT$10.089bn (~US$318mn). Based on our checks, this is for capacity expansion plans in 2030 or beyond.

For CY26, Unimicron has announced capex of NT$53.7B.

Over the next few years, Unimicron already has several new production facilities coming online, including:

- **Guangfu II:** ramp in 2027
- **Yangmei II:** ramp in 2028
- **Yangmei III:** ramp in 2029
- **Yangmei IV:** ramp in 2029+
- **Bridgestone:** ramp in 2030+

NYPCB (8046.TW, OW, covered by Howard Kao)

On August 6, NYPCB announced that its Board of Directors had approved a capex budget of NT$46.8bn (~US$1,474mn) to invest in building a new ABF substrate production site. Our checks indicate that this production site is located in the southern part of Taiwan, and will start to ramp up production in 2H29. Given the size of this investment, we estimate that it will approximately double its capacity exiting CY30, relative to its CY28 capacity.

Kinsus (3189.TW, Not Covered)

In our previous model, we had assumed only one factory (k6b) coming online in CY27, increasing capacity ~30%. However, recent checks suggest that Kinsus intends to bring two more factories online, one in CY28 (k6c) and one in CY29 (k6d). This implies that capacity would increase another ~25% in CY28 and ~20% in CY29, bringing Kinsus' total ABF substrate capacity to almost double exiting CY29, relative to its CY26 capacity.

Ibiden (4062.T, covered by Shoji Sato)

Back in February, Ibiden first announced that it will invest capex of ¥500bn in the electronics field planned through F3/29, for ABF substrate expansion. Sato-san's latest view is that Ibiden will need a new factory building to install the equipment and facilities that will be purchased with the ¥500bn. As a result, Sato-san expects Ibiden during its 2Q results briefing (October 30) to announce plans to make a large capital investment, including for a factory building with a long lead time, and raise its medium-term earnings forecast (report here).

SEMCO (009150.KS, covered by Shawn Kim)

On September 29, SEMCO announced investment of KRW4.27 trillion (~US$3,178mn) in Sejong and KRW2.51 trillion (~US$1,488mn) in Vietnam, for AI server semiconductor substrate capacity expansion.

- **Sejong:** Investment period from September 2026 to May 2028, with mass production starting in September 2028. Largest single-product investment to date, serving as key hub for mass production of high-value-added, highly demanding products, proactively responding to the increasing demand for AI server substrates.
- **Vietnam:** The Vietnamese subsidiary aims to complete construction and begin operations by June 2030. It will be operated as a strategic hub to respond to global volume demand and enhance production efficiency through a stable supply system.

With this investment, Samsung Electro-Mechanics plans to actively respond to the growing demand for high-value-added semiconductor substrates in high-growth markets such as AI servers, HPC, and automotive electronics. In particular, this investment is being pursued based on medium- to long-term cooperation with global big tech and semiconductor customers. The investment includes customer funding support and medium- to long-term volume guarantees; thus, the company expects to strengthen the competitiveness of its FCBGA business based on a stable demand foundation.

LG Innotek (011070.KS, covered by Ryan Kim)

According to news reports (link), LG Innotek signed a memorandum of understanding (MOU) with Haiphong, Vietnam, for an investment to expand its semiconductor substrate plant. Under the agreement, LG Innotek will push to build a semiconductor substrate plant in Haiphong.

- Construction will begin in July 2026 and is scheduled to be completed in May 2027.
- The site spans approximately 330,000 square meters (98,000 pyeong), equivalent to 45 soccer fields.
- According to a news report, LG Innotek will invest approximately $1 billion, or about 1.53 trillion won, for its Phase 1 expansion plan, which mainly includes RF-SiP (radio frequency system-in-package) and FC-CSP (flip chip-chip scale package).
- ABF substrates will be part of the Phase 2 expansion plan, but no details or investment size has been disclosed, yet.

According to a press release from LG Innotek on September 30, LG Innotek started mass production of ABF substrates for PC chipsets targeting big tech clients last year. It initiated high-volume mass production of FC-BGA for PC CPUs in the third quarter of this year. Simultaneously, the company is rapidly boosting revenue by securing additional major clients. Starting next year, it plans to sequentially enter the AI accelerator and AI server markets.

- Revenue from LG Innotek's package solution business has maintained an upward trajectory for three consecutive years. With the package solution business demonstrating tangible results alongside its optical solution business, the company has strengthened its capacity to generate stable earnings.
- LG Innotek plans to rapidly expand its market share in the emerging semiconductor substrate market, aiming to build its package solution business, including semiconductor substrates, into a business generating US$743 million in operating profit by 2031.
- In the future, LG Innotek plans to develop its future businesses, including semiconductor substrates and physical AI solutions, to US$5.94 billion by 2030. The company aims to have such future new businesses account for 25% of total revenue, thereby completing a well-balanced business portfolio.

The expanded plant will produce major semiconductor substrates including radio frequency system-in-package (RF-SiP), flip chip chip scale package (FC-CSP), and flip chip ball grid array (FC-BGA). "The Gumi site will serve as a 'mother factory' responsible for developing new semiconductor substrate technologies and producing new models and high-value-added products, while the expanded plant in Vietnam will be operated as a production base for general-purpose semiconductor substrates," an LG Innotek official explained.

AT&S (ATSV.VI, Not Covered)

On June 15, AT&S announced that it had signed key terms with AMD and Marvell to add AI/HPC IC substrate capacity in Kulim, Malaysia. The company said the €1.5-2bn investment (approximately US$1.68bn to US$2.24bn) is fully supported and financed by long-term customer commitments, pending final execution.

Shinko (private)

On September 30, Shinko announced that it has entered into a purchase agreement with Japan Display Inc. (JDI) to acquire its Mobara fab. In addition, it has entered into a sale agreement with FICT Ltd. for the transfer of a portion of the fab to be acquired.

- Shinko will position the fab as a new core plant for advanced semiconductor packages, and strengthen its production systems for flip-chip type packages through the determination and implementation of capital investment plans for the fab in conjunction with capacity expansion at its plants in the Nagano area. Through these initiatives, Shinko aims to respond accurately to strong market demand while pursuing sustainable business growth and enhancing corporate value.
- The JDI Mobara fab has a total land area of 373,483 square meters, with Shinko using the eastern area of the Fab (140,738 square meters, or ~38%) and FICT planning to use the western area (232,745 square meters, or ~62%).

Toppan (7911.T, Not Covered)

According to news, Toppan broke ground in March 2024 on a new factory on Pesawat Drive near Singapore's Jurong Lake District, built through its local unit Advanced Substrate Technologies (AST), a JV with Broadcom. It makes FC-BGA substrates, which is Toppan's term for them. It is Toppan's first FC-BGA plant outside Japan. The plant opening ceremony took place on September 30, 2026.

- AST operates a facility of approximately 70,000 m² in the vicinity of Jurong Lake District and employs more than 200 highly skilled engineers and technicians.
- Focus on high-demand, large-size, high-layer-count substrates
- While the investment size is not disclosed directly by the company, Nikkei sized the investment at around ¥50 billion (~US$317mn).

Daeduck (353200.KS, Not Covered)

Daeduck announced on July 20, 2026, that it is investing ₩497 billion (~US$370M) manufacturing facilities and related infrastructure for semiconductor products, running through December 31, 2027.

ABF capex is stepping up, but announced investment still falls short of implied demand. We estimate that ABF substrate makers have announced ~US$14.3bn of investment year to date, materially above the segment's aggregate annual capex in recent years, although these commitments span multiple years. Our tally is not exhaustive. LG Innotek has yet to disclose the size of its planned ABF capacity investment, while Shinko has not quantified the additional spending required to expand capacity following its announced acquisition of a JDI fab.

Our supply chain checks suggest that each US$1 of investment can support US$0.50–0.60 of annual revenue at full ramp. On this basis, the US$14.3bn announced so far could support US$7.2–8.6bn of incremental annual revenue. This compares with US$11.4bn of incremental revenue implied by our industry forecast. We model the ABF substrate market reaching US$20.9bn in 2030, up from US$9.5bn in 2026. Despite the step-up in

capex announcements, the investments we can currently quantify appear insufficient to meet our demand forecast, pointing to a need for further capacity expansion over the coming years.

Exhibit 4: Announced ABF Substrate capacity investments

	Announced investment (US$ B)

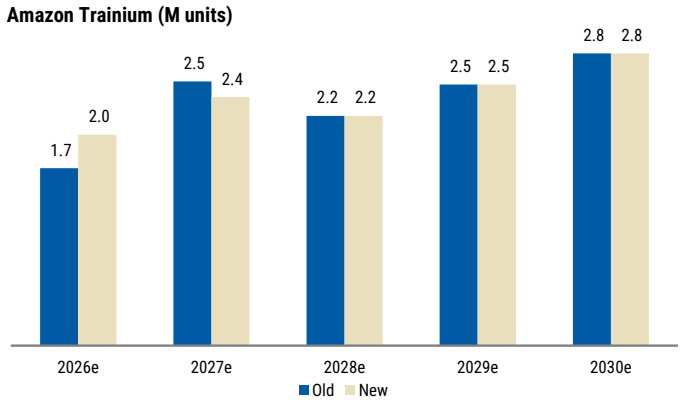
Stronger ASIC demand from hyperscalers

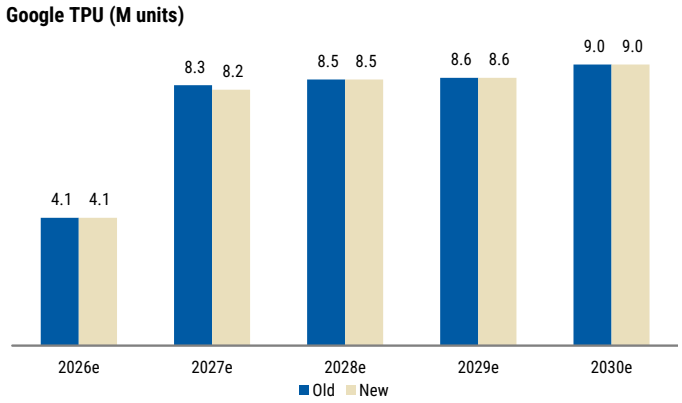
We have updated our ASIC demand forecasts in our ABF model to align with the estimates from our Semiconductors team. As shown in the exhibits below, our revised assumptions point to a higher estimate for Amazon's Trainium processors in 2026, as well as marginally lowered shipment estimates for Amazon's Trainium processors and Google's TPUs in 2027, while the other estimates stay largely unchanged. These ASICs are characterized by large die sizes and high layer-count package substrates, and thus we believe the slightly lowered 2027 volume estimates do not derail our constructive outlook for the substrate suppliers.

Exhibit 6: Changes to Amazon Trainium estimates



Source: Morgan Stanley Research (e) estimates.

Exhibit 7: Changes to Google TPU estimates

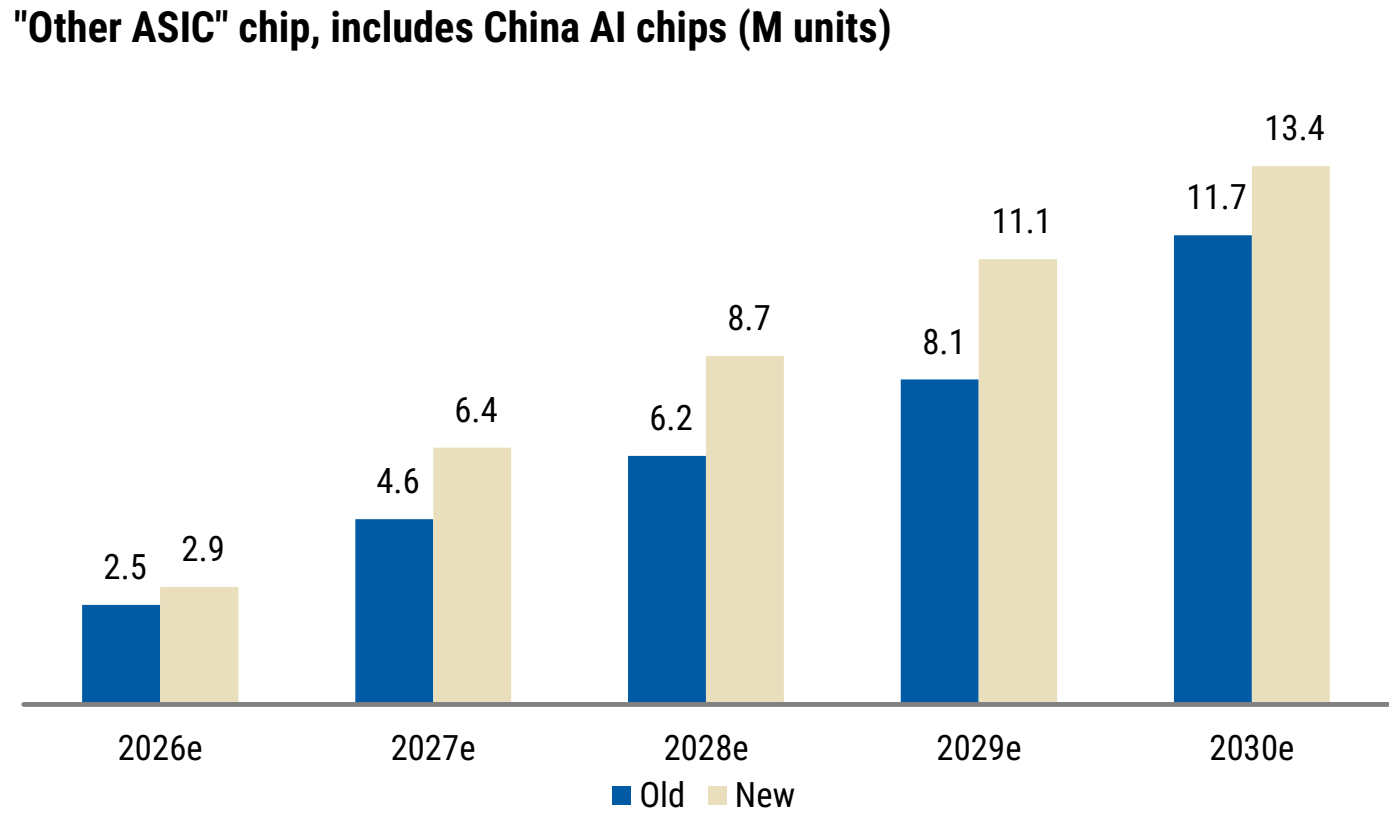


Source: Morgan Stanley Research (e) estimates.

Other ASIC chips

For "Other" ASIC chips, we increase our estimates. Included in this section are ASIC chips from Microsoft, other US companies, and Chinese AI chips, such as those from Huawei, Cambricon, Hygon, T-Head, etc. For Chinese AI chips, we also included the latest estimates from our semiconductor team, which drives the total "Other ASIC chips" category to reach ~13.4mn units by 2030, up from ~11.7mn units previously.

Exhibit 8: Seeing increased demand from Chinese AI chips



Source: Morgan Stanley Research (e) estimates.

Changes to our GPU and Nvidia CPU forecasts

We also update our demand forecasts for Nvidia and AMD GPUs. Our revised estimates generally point to lowered demand for AMD GPUs in 2026-30 compared to our previous assumptions, while our estimates for Nvidia GPUs remain largely unchanged. Our forecasts for Nvidia's server CPU portfolio (including Grace, Vera, and future platforms) also stay largely unchanged.

Exhibit 9: Changes to our Nvidia GPU estimates

3Q preview: Morgan Stanley estimates vs. consensus

Unimicron

We expect a slightly stronger gross margin of 27.6%, ~30bps above the Street estimate, reflecting a more favorable product mix and improving pricing environment. On operating expenses, our estimate is roughly the same as consensus, resulting in an operating margin of 19.4%, ~70bps above the Street estimate. However, our non-op income estimate of NT $661mn is materially higher than the Street's estimate of NT$1,495mn in non-op loss. This leads to our EPS estimate of NT$5.21 being ~37% higher than the Street.

Exhibit 13: Unimicron 3Q preview: We are 30bps above the Street on 3Q GM

NYPCB

Our estimates are modestly ahead of consensus, driven primarily by stronger operating profitability. Our operating margin estimate of 26.2% is 50bps above consensus (25.7%), reflecting stronger gross margin (29.2% vs. 28.9% consensus) and lower-than-expected operating expenses. As a result, our operating profit forecast exceeds consensus slightly (~3%), which, when combined with lower taxes, flows through to EPS of NT$5.84, around

7% above the Street estimate of NT$5.44. Overall, we assume earnings will come in better than expected, driven more by better profitability than by top-line performance.

The State of the Current Cycle

The ABF substrate market has gone through a few cycles over the past two decades. We believe we are now still in the early innings of an up-cycle.

There was a prolonged down-cycle from 2012-18 as the PC TAM shrank amid the rise of smartphones and tablets. During this tough period, companies were not able to generate profits and had to compete on price to fill their idle capacity. As a result, during those years, there was no or very limited capacity expansion, and capital expenditures by the major ABF substrate suppliers were kept at a minimum.

Even as general server demand picked up, lifting utilization rates across the group going into 2020, ABF substrate suppliers remained cautious on the longer-term demand outlook and remained disciplined, hesitating to expand capacity. Hence, capex turned up just slightly in 2019-20, increasing ~US$600mn vs. ~US$2.2bn on average per year in 2012-18.

This underinvestment led to sudden undersupply, as the shock from Covid-19 drove strong work-from-home demand for PCs, as well as increased data usage and storage for general computing driven by online entertainment. This ultimately led to a significant increase in ABF substrate market value from 2020-22, reflected by the sudden surge in demand along with meaningful pricing adjustments owing to the lack of supply.

During this 2020-22 period, much capacity expansion was set in motion as ABF substrate suppliers and customers came to agree that necessary investments were needed for future growth. Some subsidies were even given to these suppliers to facilitate this capacity expansion. This is why capex jumped from ~US$2.9bn in 2020 to US$4.1bn in 2021 and US$5.5bn in 2022; even in 2023-24, capex remained elevated, as capacity expansion plans continued.

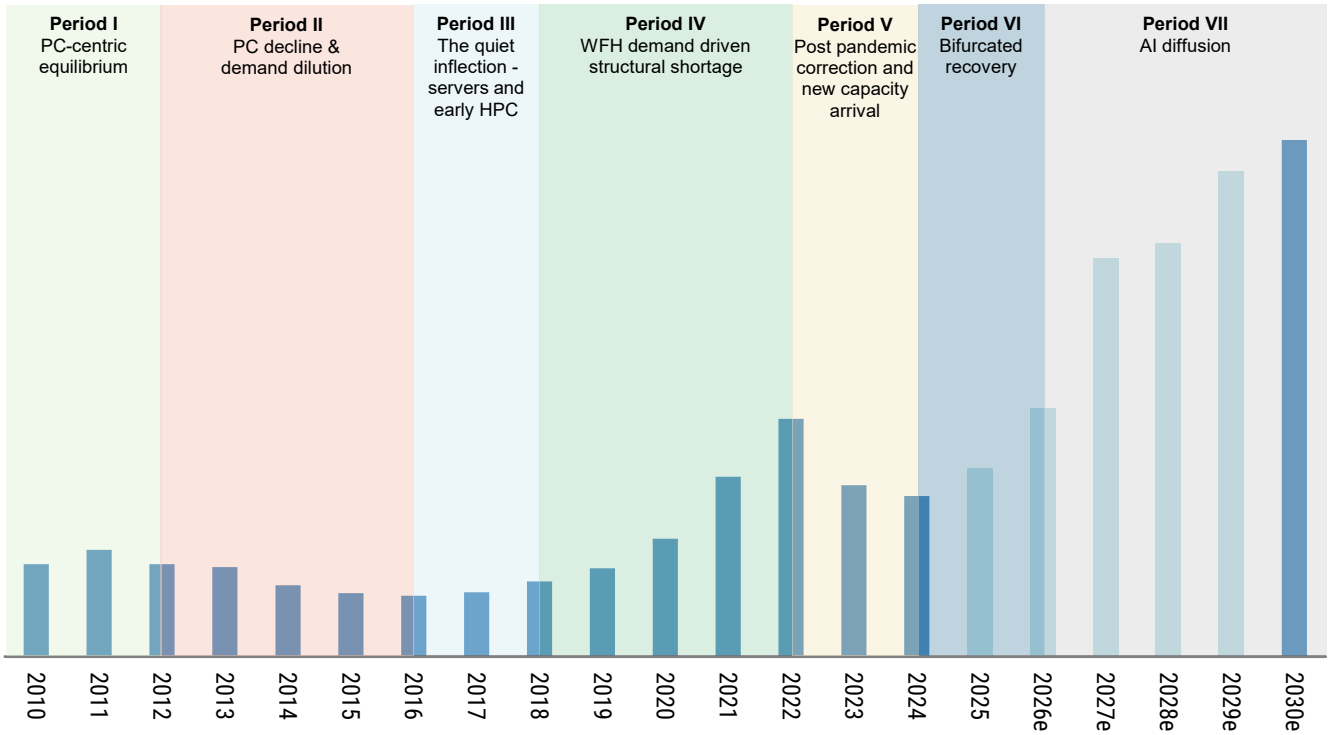
Unfortunately, demand did not play out as expected. As the world came out of the pandemic, demand for PCs and online entertainment fell sharply. This normalization of demand, coupled with capacity expansion from practically every major ABF substrate supplier, resulted in the ABF substrate market once again becoming oversupplied. This led to a sharp decline in ABF substrate market value in 2023-24, as volumes normalized, driving prices down to normalize against the new supply/demand dynamic.

Fortunately, cloud demand remained strong for general computing, and with AI demand starting to pick up, the down-cycle this time around was much shorter (two years) vs. the prior down-cycle (six years).

In 1H24, the ABF substrate market troughed and we saw an upward inflection since then, but the pace of the recovery has been moderate and bifurcated. Midrange/low-end markets such as PCs have shown moderate demand recovery, with high-end server and AI-related end-demand recovering and growing at a faster pace. This is why we turned the page on our bearish stance in 1H25, but did not turn more bullish until early 2026.

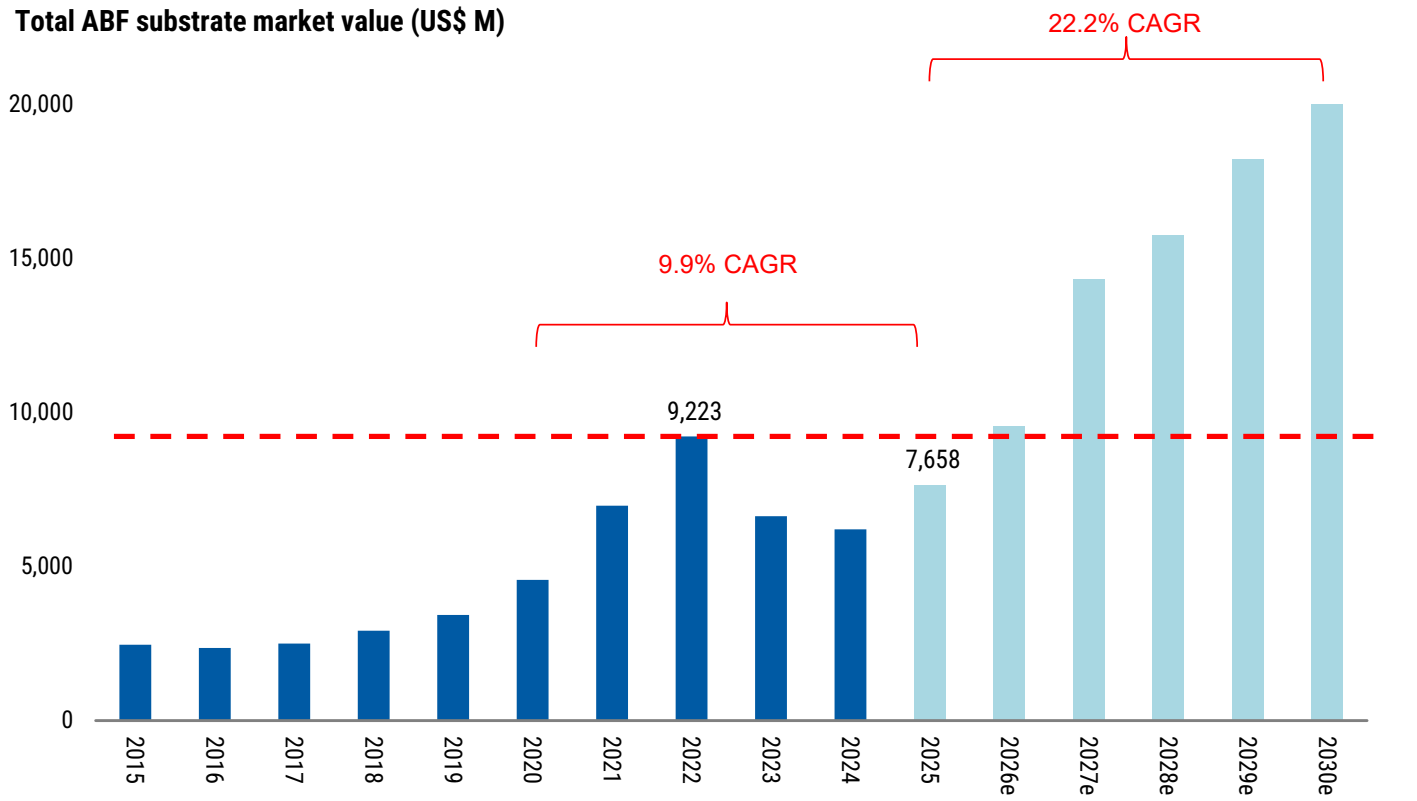
Periods	Description
Period I (2010-2012): PC-centric equilibrium	ABF substrate demand is primarily driven and dominated by CPU and GPU demand for desktops, notebooks, discrete GPUs, with a meaningfully smaller exposure towards server CPUs.
Period II (2012-16): PC decline and demand dilution	Global PC demand entered a structural down-cycle as consumer behavior changed, with smartphones and tablets absorbing more consumer time spent. This resulted in lower volumes and increased pricing competition as suppliers fought to fill idle capacity.
Period III (2016-18): The quiet inflection - servers and early HPC	During these years, the PC market matured, while cloud computing started to take off. At the same time, server CPU substrates quietly grew larger with more layers. We also started to see early accelerators being adopted in high performance computing.
Period IV (2018-2022): WFH demand driven structural shortage	The Covid-19 pandemic drove massive work from home demand for consumer electronics and cloud computing. This sudden surge in PC demand and increased time spent on gaming and online entertainment, bundled with a continuous increase in substrate package size and layer count, resulted in a structural shortage, which also resulted in longer lead times and raised prices. It was during this period (2021-22) that ABF suppliers globally started to invest in new capacity.
Period V (2022-2024): Post-pandemic correction and new capacity arrival	As the world came out of the Covid-19 pandemic, WFH demand faded and PC and cloud computing demand were negatively affected. But at the same time, the new investments and capacity additions were just starting to slowly come online, resulting in a drop in utilization rates and pricing.
Period VI (2024-2026): Bifurcated recovery	PC demand normalized at the pre-Covid levels, with some replacement demand driven by Windows upgrade, while the recovery and growth of AI and general server demand for cloud picks up at a meaningfully higher growth trajectory.
Period VII (2026-30): AI diffusion	Demand for AI proliferates from training to inference, driving ABF substrate market growth to re-accelerate over the next five years after a two-year down-cycle following the Covid-19 pandemic. This drives increased demand for AI computing, networking, and cloud computing, while demand for PCs remains soft.

Exhibit 18: We are entering the AI diffusion era



Source: Morgan Stanley Research (e) estimates.

Exhibit 19: We now expect ABF substrate demand growth to accelerate – to a 22.2% CAGR over 2025-30e



Source: Prismark, Morgan Stanley Research (e) estimates.

Breaking down ABF substrate end demand

The end market mix for ABF substrates has shifted dramatically over the past decade. PCs were once the dominant demand driver, accounting for approximately 70% of global ABF substrate market value in 2015, supported primarily by PC CPUs and GPUs. Since then, however, the industry's demand profile has undergone a structural transformation. We estimate that PC-related applications represented only ~23% of total ABF substrate market value in 2025, and this share is expected to decline further to below 10% by 2030.

In contrast, demand from servers, AI GPUs, AI ASICs, and networking applications has expanded rapidly. We estimate that these segments collectively accounted for only around 10% of the ABF substrate market in 2015, but their share increased to ~60% by 2025. Looking ahead, we expect they will represent more than 80% of total ABF substrate market value by 2030.

In our view, this structural shift in end-market demand has been the primary driver of ABF substrate industry growth over the past decade and will become even more pronounced over the next five years. As AI infrastructure deployment accelerates, we expect continued expansion in server, AI accelerator, and networking demand to drive meaningful acceleration in ABF substrate market growth.

Exhibit 20: PC-related ABF demand is seen declining from ~70% in 2015 to <10% by 2030, while server, AI GPU, AI ASIC, and networking-related ABF demand should rise from ~10% in 2015 to 75%+ by 2030

Price Target and Valuation Methodology

Our 12-month price target increases ~21% to NT$1,775 (from NT$1,465), driven by our increased earnings estimates for CY26-28: We believe the company's earnings have returned to a growth track from 2026 onward and will show stronger growth in 2027, driven by the high-end ABF substrate market's reversion to undersupply and Unimicron's dominant supply share in AI ASICs and also server CPUs, which puts it in a favorable position to benefit from rising AI investments.

We believe the overall ABF substrate market bottomed in 2H24, and see growth accelerating from 2H26 onward with the ramp of multiple next-generation, large body size ABF substrates for new server GPUs, CPUs, ASICs, and networking chips. New technologies such as embedded passives and Intel's EMIB-T should also increase the manufacturing complexity of the package substrates, which adds to the under-capacity as usable output decreases.

Similar to our analysis of other tech hardware companies within our coverage, we use a residual income (RI) valuation model to value Unimicron – we think it derives the most accurate value of the firm as it takes into account cost of equity. Our key assumptions include:

- Cost of equity of 9.2% (unchanged)
  - Risk-free rate of 1% (10-year Taiwan government note yield);
  - Equity risk premium of 8.7%;
  - Beta of 1.0;
- Medium-term growth rate of 14% (slightly lowered from 15%)
- Terminal growth rate of 3% (unchanged, similar to the rest of the companies under our tech hardware coverage).

Our bull and bear case values increase by similar magnitudes, to NT$3,030 and NT $595, respectively.

NYPCB: Estimate Changes

We raise our 2026, 2027 and 2028 EPS estimates 20%, 46%, and 43%, respectively, primarily driven by higher assumptions for AI semiconductors volumes and higher margin profiles.

Price Target and Valuation Methodology

Our price target increases ~29%, to NT$2,000, reflecting our raised earnings estimates for CY26-28: We believe the company's earnings have returned to a growth track from 2026 onward and will show stronger growth in 2027, driven by the high-end ABF substrate market's reversion to undersupply, NYPCB's dominant supply share for networking chips, and its proactive pricing strategy, which puts it in a favorable position to benefit from rising AI investments.

We believe the overall ABF substrate market bottomed in 2H24, and growth should accelerate from 2H26 onward with the ramp of multiple next-generation, large body size ABF substrates for new server GPUs, CPUs, ASICs and networking chips. New technologies, such as embedded passives and Intel's EMIB-T, should also increase manufacturing complexity of the package substrates, adding to the overall undercapacity as usable output decreases.

Similar to our analysis of other tech hardware companies within our coverage, we use a residual income (RI) valuation model to value NYPCB – we think it derives the most accurate value of the firm given that it takes into account cost of equity. Key assumptions (all unchanged):

- Cost of equity of 9.3%;
  - Risk-free rate of 1% (10-year Taiwan government note yield);
  - Equity risk premium of 8.7%;
  - Beta of 1.0;
- Medium-term growth rate of 17% – fair given our analysis of the substrate market over the next couple of years;
- Terminal growth rate of 3% (similar to the rest of the companies under our tech hardware coverage).

Our bull and bear case values increase by similar magnitudes, to NT$3,575 and NT $1,020, respectively.

Source: Refinitiv, Morgan Stanley Research

OVERWEIGHT THESIS

- We expect the ABF substrate market to revert to undersupply from 2027 onward, with the undersupply gap reaching 26% by 2030.
- This is primarily driven by AI demand, with next-gen AI/networking chips adopting larger body size ABF substrates.
- In the near to medium term, the short supply of T-glass will be a key watch point, but we believe this will mainly affect low-end ABF and BT substrates, as suppliers prioritize supply to the AI chip vendors.
- Our price target implies 41x 2027e P/E or 24x 2028e P/E, above the 10-20x range at which it traded in the previous up-cycle. We deem this fair, given AI chip substrate spec upgrades and suppliers' ability to raise prices.

BULL CASE NT$3,030.00

70x 2027e P/E

Demand for AI servers, general servers and PCs is much stronger than expected: Pricing increases more than expected, 30%+ in 2026-27, driving stronger margin expansion for Unimicron.

BASE CASE NT$1,775.00

41x 2027e P/E

Entering up-cycle driven by AI chip upgrades: Robust demand for AI GPUs and ASICs, supported by continued data center infrastructure investments by CSPs and neo cloud, leads to undersupply in the high-end ABF market from 2027 onward. PC demand is sluggish, while general servers still show double-digit unit growth in 2026. ASP has bottomed and started to inflect upward, driven by raw material price hikes and substrate spec upgrades.

BEAR CASE NT$595.00

14x 2027e P/E

Demand for AI servers and general servers softens, with PC demand weakening further: The result is greater ABF oversupply; thus, there are pricing declines of ~15-20% in 2026-27, leading to weaker margins for Unimicron over the next two years.

Risk Reward – Unimicron (3037.TW)

KEY EARNINGS INPUTS

Drivers	Dec 2025	Dec 2026e	Dec 2027e	Dec 2028e

4/5 MOST — 3 Month Horizon

Source: Refinitiv, FactSet, Morgan Stanley Research; 1 is the highest favored Quintile and 5 is the least favored Quintile

RISKS TO PT/RATING

RISKS TO UPSIDE

- Better-than-expected ABF substrate demand from PC and server customers
- Capex cuts; halt to its capacity expansion plan
- Continued yield issues of alternative technology that doesn't require substrate (e.g., CoWoP)

RISKS TO DOWNSIDE

- Sudden demand shortfall
- Technological change that would not require ABF substrates
- Intensifying competition
- Yield issues or production hiccups when ramping new capacity

OVERWEIGHT THESIS

- Price hikes for BT and ABF substrates, driven by raw material cost increases, will likely drive margin improvement for NYPCB.
- We believe the ABF substrate market will become undersupplied again from 2027 onward, driven by AI demand, with next-gen AI/networking chips adopting large-body size ABF substrates.
- NYPCB should benefit from ABF substrate structural tailwinds as well - rising data traffic, big data analysis, AI/ML, and 5G.
- Our price target implies 41x 2027e P/E or 22x 2028e P/E, vs. the 10-30x range in which it traded in the previous up-cycle. We deem this fair given ABF substrate spec upgrades and suppliers' ability to raise prices.

BULL CASE NT$3,575.00

74x 2027e P/E

BT prices increase further in 2H26, and ABF becomes undersupplied faster than expected (current expectation is from 2027 onward), driving even stronger margin expansion for Nan Ya PCB.

BASE CASE NT$2,000.00

41x 2027e P/E

Entering up-cycle driven by AI chip upgrades: Robust demand for AI GPUs/ASICs and networking chips, supported by continued data center infrastructure investments by CSPs and neo cloud, leads to undersupply in the high-end ABF market from 2027 onward. PC demand is sluggish, while general servers still show double-digit unit growth in 2026. ASP has bottomed and started to inflect upward, driven by raw material price hikes and substrate spec upgrades.

BEAR CASE NT$1,020.00

21x 2027e P/E

ABF demand weakens further, resulting in greater oversupply in the next few years. Thus, ABF pricing decreases 20% or more in 2026-27, leading to weaker margins for Nan Ya PCB.

Risk Reward – Nan Ya PCB (8046.TW)

KEY EARNINGS INPUTS

Drivers	Dec 2025	Dec 2026e	Dec 2027e	Dec 2028e

Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.
Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).
If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.
Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.
The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.
With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.
Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.
Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.
To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

GREATER CHINA TECHNOLOGY HARDWARE

Asia Pacific
Industry View **In-Line**

Key Takeaways

- 3Q26e iPhone build unchanged at 54M units (+4% q/q, -2% y/y).
- 4Q26e iPhone build lowered slightly to 72M units (+33% q/q, -5% y/y).
- 3Q26e iPad build lowered slightly to 11.5M units (-12% q/q, -18% y/y).
- 4Q26e iPad build lowered to 10.3M units (-10% q/q, -26% y/y).

We keep our 3Q26 iPhone build estimate unchanged at 54M units (+4% q/q, -2% y/y). But we have made adjustments to new iPhone 18 builds by lowering iPhone Duo by 0.5M units to 0.5M, while raising iPhone 18 Pro Max by 0.5M units to 8.5M. **For 4Q, we lower our iPhone build estimate by 1M units to 72M units (+33% q/q, -5% y/y)**, reflecting lower legacy iPhone models (iPhone 16/17e). Total new iPhone 18 model family units remains at 71M units (-21% y/y) in 2H26, with one less SKU launched compared to last year. We continue to expect 7M units of iPhone Duo builds in 2H26. With iPhone Duo sales starting soon, we will continue to monitor ramp-up progress for any upside or downside to builds. Our revised full-year iPhone build forecast implies CY26 shipment at 234M units (+3% y/y).

Our 3Q26 iPad build forecast is lowered by 0.5M units to 11.5M units (-12% q/q, -18% y/y). We lowered 3Q entry level iPad builds due to pull-forward demand in 1H and the impact of rising prices. **We also lower our 4Q iPad build forecast by 0.7M units to 10.3M units (-10% q/q, -26% y/y).** Our revised full-year iPad build forecast implies CY26 shipments at 46.8M units (-14% y/y).

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., AirTAC International, Asustek Computer Inc., AU Optronics, Auras Technology Co Ltd, Bizlink, Catcher Technology, Chenbro, Co-Tech Development Corp., Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, Fositek Corp, Genius Electronic Optical Co. Ltd., Giga-Byte Technology Co. Ltd., Hiwin Technologies Corp., LandMark Optoelectronics Corporation, Largan Precision, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Nan Ya PCB, Quectel Wireless Solutions Co Ltd, Sunny Optical, Suzhou TFC Optical Communication Co Ltd., Taiwan Union Technology Corporation, Unimicron, Visual Photonics Epitaxy Co Ltd, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhejiang Crystal-Optech Co Ltd, Zhen Ding, Zhongji Innolight Co Ltd, ZTE Corporation.

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Asustek Computer Inc., Unimicron, Wistron Corporation, Wiwynn Corp, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from Asustek Computer Inc., Lenovo, Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Zhen Ding, Zhongji Innolight Co Ltd.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

Industry View **In-Line**

Key Takeaways

- Top five ODMs' September 2026 NB shipments were 9.7M units (+32% m/m, -20% y/y), 2% below our estimate.
- Total 3Q26 NB builds came in at 25.2M (-17% q/q, -26% y/y).
- We see October 2026 NB builds at 6.8M units (-30% m/m, -33% y/y).
- We lower our 4Q26 NB build estimate by 3% to 23.1M units (-8% q/q, -29% y/y).
- Our top five ODMs' CY26 NB build estimate is ~107.8M units (-16% y/y).

Overall September ODM NB shipments came in 2% below MSe: Quarter-end pull-ins drove notebook shipments up 32% m/m, although volumes were 2% below MSe, with weakness mainly coming from Wistron and Compal, and to a lesser extent, Pegatron, reflecting slower NB shipments from Dell, as Dell accounted for ~60% of Compal's NB shipment, and ~55% of Wistron's in CY25, on our estimates. **Thus total 3Q NB builds came in at 25.2M units (-17% q/q, -26% y/y).** This sequential decline is sub-seasonal vs. the 15Y average seasonality of +5% q/q in 3Q.

Pull-forward demand appears to have come to an end, channel partners and distributors have stocked up on inventory, and OEMs are slowing their sales into the channel. We believe this is why our conversations with the ODMs suggest a slightly weaker 4Q volume outlook than previously expected, despite favorable mix shift. Thus, **we lower our 4Q NB build estimate by 3% to 23.1M (-8% q/q, -29% y/y)**. This sequential decline is sub-seasonal (despite an already lowered base in 3Q) vs. the 15Y average seasonality of flat q/q in 4Q. We forecast October NB builds at 6.8M (-30% m/m, -33% y/y). **Our revised forecasts imply CY26 builds of ~107.8M units (-16% y/y) for the top five Taiwan NB ODMs.**

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., AirTAC International, Asustek Computer Inc., AU Optronics, Auras Technology Co Ltd, Bizlink, Catcher Technology, Chenbro, Co-Tech Development Corp., Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, Fositek Corp, Genius Electronic Optical Co. Ltd., Giga-Byte Technology Co. Ltd., Hiwin Technologies Corp., LandMark Optoelectronics Corporation, Largan Precision, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Nan Ya PCB, Quectel Wireless Solutions Co Ltd, Sunny Optical, Suzhou TFC Optical Communication Co Ltd., Taiwan Union Technology Corporation, Unimicron, Visual Photonics Epitaxy Co Ltd, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhejiang Crystal-Optech Co Ltd, Zhen Ding, Zhongji Innolight Co Ltd, ZTE Corporation.

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Asustek Computer Inc., Unimicron, Wistron Corporation, Wiwynn Corp, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from Asustek Computer Inc., Lenovo, Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Zhen Ding, Zhongji Innolight Co Ltd.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

GREATER CHINA TECHNOLOGY HARDWARE
Asia Pacific
Industry View **In-Line**

Key Takeaways

- Connectivity has become the bottleneck, and NPO is a potential solution. We observed growing discussion and interest in NPO at the conference.

On Day 2 of the 2026 OCP Global Summit, an IPEC optical interconnect workshop focused on discussions around NPO. Industry participants such as Source Photonics, Lightcounting, Alibaba, Meta, Oracle, Microsoft, Ciena, Ligent, Genuine Optics, Lumentum, Lumilens, NVIDIA and Huawei presented their views on NPO.

The industry has formed the view **connectivity**, rather than compute alone, is becoming the primary bottleneck. Near-packaged optics (NPO) move optical conversion closer to compute, targeting better signal integrity, bandwidth, and energy efficiency. OpenCPX explicitly targets common mechanical, electrical, optical, thermal, and management interfaces across suppliers, providing the ecosystem with a shared implementation framework rather than only a broad architectural vision.

However, we also observed debate over whether pluggable NPO offers materially better flexibility and serviceability than CPO. Key concern on CPO is that optical failure could result in scrapping an entire ASIC assembly.

Overall, we observed growing discussion and interests in NPO, implying a greater likelihood of accelerated commercialization over the next 12-18 months, in our view.

Morgan Stanley does and seeks to do business with companies covered in Morgan Stanley Research. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of Morgan Stanley Research. Investors should consider Morgan Stanley Research as only a single factor in making their investment decision.

Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

達發 6526 TT （電子–半導體）

由網入光，發光發熱

投資與評價

1. 達發 3Q26 受惠光通放量與商務耳機出貨暢旺，營收創單季新高；4Q26 光通持續成長，並同步推進 100G 量產與 OOB 新應用導入，營運為近五年同期新高。
2. 單通道 200G SerDes 與 25G PON 持續推進，50G/100G 光通、10G PON 與 OOB 新應用同步放量，高價值產品占比提升帶動產品組合優化，預估 26 年 EPS 20.95 元；27 年 EPS 28.36 元，營運創歷史新高。
3. 目前達發股價為 783 元，約 28 倍 FY27E EPS，位於近四年本益比參考區間 20-50 倍中間偏下位置。考量光通進入高速成長期，OOB 帶動 AIDC 新應用，轉型方向明確，初次評等給予買進，以近四年本益比參考區間平均值 35 倍作為評價基礎，目標價 995 元(35x FY27E PER)。

重點更新

光通與商務耳機出貨暢旺，預期達發 3Q26 營運創近四年單季新高

達發 3Q26 光通單通道 50G 受惠替換需求與新增標案持續放量，乙太網受惠低軌衛星規格升級，2.5G PHY 與交換器晶片出貨成長，藍牙則進入消費旺季，商務耳機出貨增加，營收季增 10.4%至 69.41 億元，創單季新高。毛利率受記憶體、NOR Flash 及封測成本上升影響，預估季減 2.1 個百分點至 49.1%，營業費用 23.35 億元(+2.7% QoQ)，營業利益 10.73 億元(+13.8% QoQ)；預估稅後淨利季增 11.1%至 9.83 億元，EPS 5.87 元，營運創近四年單季新高。

光通逐季放量，達發 4Q26 營運為近五年同期新高

達發 4Q26 進入季節性淡季，惟光通逐季放量，預期單通道 100G 逐步進入量產，乙太網新一代 10G PHY 亦開始出貨，預估營收 64.40 億元 (-7.2% QoQ)，季減幅度小於往年。毛利率受上游成本持續上漲影響，惟受惠高毛利光通持續放量，預估毛利率持平為 49.1%，營業費用 22.05 億元 (-5.6% QoQ)，營業利益 9.57 億元 (-10.8% QoQ)；預估稅後淨利 8.99 億元 (-8.56% QoQ)，EPS 5.36 元，營運為近五年同期新高。

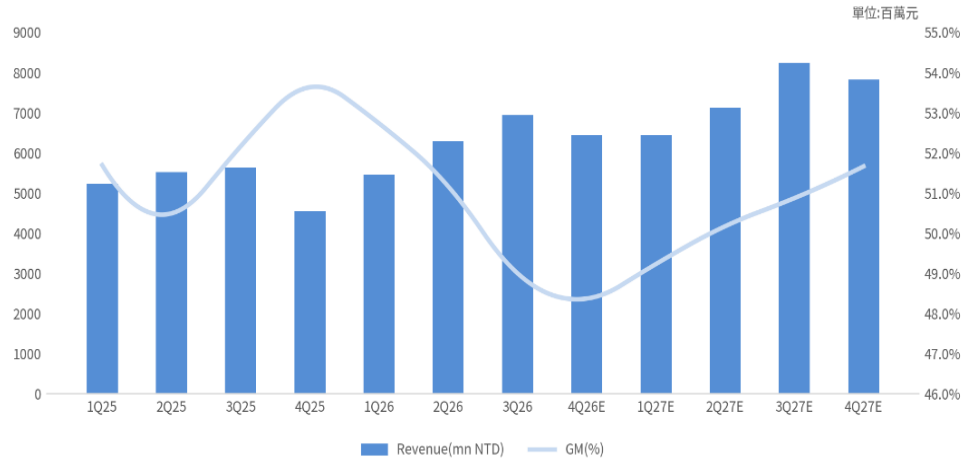
訪談內容

光通與商務耳機出貨暢旺，預期達發 3Q26 營運創近四年單季新高

達發 3Q26 藍牙進入消費旺季，商務耳機專案持續出貨，高階應用占比提升，惟上半年提前備貨效應逐步消退，藍牙音訊出貨成長幅度相對溫和。光通方面，單通道 50G 受惠替換需求與新增標案持續放量，大型 CSP 替換專案亦於下半年開始出貨，搭配出貨的 TIA 搭載率同步提升；乙太網受惠低軌衛星客戶由 1G 升級至 ASP 較高的 2.5G PHY，交換器晶片出貨持續成長；寬頻客戶下單節奏則回歸終端需求，3Q26 營收季增 10.4%至 69.41 億元，創單季新高。

毛利率方面，記憶體、NOR Flash 及封測成本上升，而產品漲價尚未反映，惟高毛利光通占比提升，部分抵銷成本壓力，預估毛利率季減 2.1 個百分點至 49.1%。營業費用 23.35 億元（+2.7% QoQ），營收規模擴大帶動營業利益 10.73 億元（+13.8% QoQ）；預估稅後淨利季增 11.1%至 9.83 億元，EPS 5.87 元，營運創近四年單季新高。

圖一 ：Airoha Revenue and Gross Margin Trend Forecast, 1Q25~4Q27



資料來源:達發，國泰證期研究部整理

光通逐季放量，預期達發 4Q26 營運為近五年同期新高

達發 4Q26 藍牙音訊進入季節性淡季，惟產品漲價預期於 1Q27 逐步反映，部分客戶提前於 4Q26 備貨，藍牙出貨衰退幅度可望優於往年。光通方面，單通道 50G 延續替換需求，100G 預期於 4Q26 完成客戶驗證後逐步進入量產，光通營收持續逐季成長；乙太網新一代 10G PHY 於 2H26 量產，並隨 BMC 出貨切入 AI 資料中心 OOB 應用，預估 4Q26 營收 64.40 億元（-7.2% QoQ），較 4Q25 衰減幅度大幅縮小，淡季不淡。

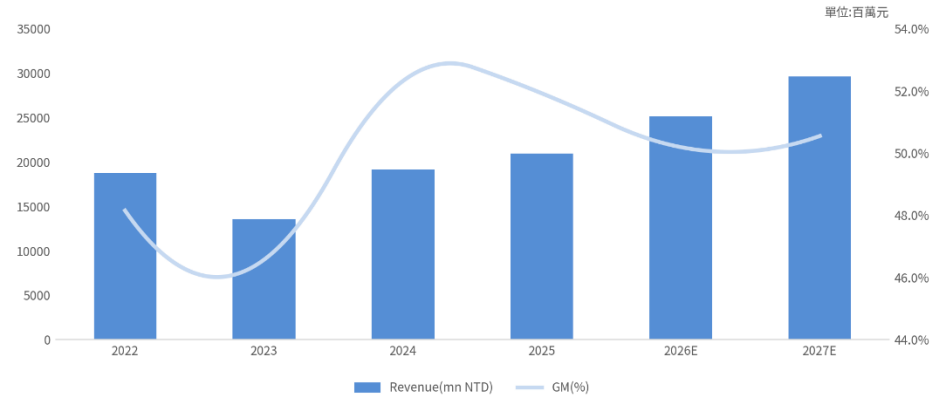
毛利率方面，封測價格持續調漲，產品漲價要到 1Q27 才逐步反映，惟高毛利光通占比持續提升，抵銷成本上漲壓力，預估毛利率持平於 49.1%。營業費用 22.05 億元(-5.6% QoQ)，營業利益 9.57 億元(-10.8% QoQ，+100.6% YoY)，預估稅後淨利 8.99 億元（-8.6% QoQ，+68.8% YoY），EPS 5.36 元，營運為近五年同期新高。

光通營收大幅成長，預期達發 26 年營運創近五年新高

達發 26 年光通營收受惠可插拔式光收發模組需求增加、客戶規模擴大及替換需求，預期成長至 25 年的四倍以上，占整體營收比重達 mid-single digit，其中單通道 50G 為主要貢獻，搭配出貨的 TIA 搭載率亦持續提升。寬頻方面，歐美運營商規格升級帶動 10G PON 預估占寬頻營收比重接近三成，10G PON ASP 約為 G-PON 的兩倍，推升產品組合優化，並切入 AI 資料中心 OOB 架構；乙太網受惠低軌衛星客戶由 1G 升級至 ASP 較高的 2.5G PHY，加上交換器市占提升，為成長僅次於光通的產品線；藍牙音訊受惠商務耳機專案落地，高階應用占比提升，預估 26 年營收年增 20.1%至 251.26 億元，創歷史新高。

毛利率方面，記憶體、NOR Flash 及封測成本上漲壓抑下半年毛利率，惟光通、10G PON 及商務耳機等高價值產品占比提升，部分抵銷成本壓力，預估 26 年毛利率年減 1.5 個百分點至 50.4%。營業費用 88.75 億元（+11.5% YoY），營收規模擴大帶動費用率由 25 年的 38.0%降至 35.3%，營業利益 37.90 億元（+30.3% YoY）；預估稅後淨利年增 24.4%至 35.16 億元，EPS 20.95 元，營運創近五年新高。

圖二：Airoha Revenue and Gross Margin Trend Forecast, 2022~2027



資料來源:達發，國泰證期研究部整理

預期 100G 擴大放量，達發 27 年營運為歷史新高

達發 27 年光通動能由單通道 100G 接棒，100G 已於多家模組廠開案，800G 方案達到指標客戶低功耗要求，預期 27 年逐季放量，100G DSP ASP 預估約為 50G 的兩倍；單通道 50G 受惠替換需求維持穩健成長，100G 搭配的 TIA 搭載率預期高於 50G，並開始單獨出貨搭配其他供應商的 DSP。預期 27 年光通營收較 26 年再成長三倍以上，占營收比重提升至一成五左右。寬頻方面，25G PON 預期於 27 年量產，OOB 架構市場規模於 26 至 28 年逐年翻倍，預估資料中心 PON 設備市場 26 至 30 年 CAGR 達 52%；乙太網新一代 10G PHY 貢獻提升，2.5G 交換器亦將放量，預估 27 年營收年增 17.9%至 296.21 億元，創歷史新高。

毛利率方面，產品價格結構調整逐步反映成本變動，加上高毛利光通占比提升，預估 27 年毛利率年增 0.6 個百分點至 51.0%。研發費用隨 100G、200G SerDes 及 25G PON 等新產品持續投入，惟 200G SerDes IP 授權金認列為無形資產並分期攤銷，對費用影響有限，預估營業費用 98.51 億元（+11.0% YoY），費用率降至 33.3%，營業利益 52.49 億元（+38.5% YoY）；預估稅後淨利年增 35.3%至 47.60 億元，EPS 28.36 元，營運創歷史新高。

光通與 OOB 切入 AI 資料中心，達發成長動能升溫

達發 3Q26 受惠光通放量與商務耳機出貨暢旺，預期營運創近四年單季新高；4Q26 光通持續成長，營運為近五年同期新高。26 年光通營收預期成長至 25 年的四倍以上，10G PON 占寬頻營收比重接近三成，並與乙太網 PHY 同步切入 AI 資料中心 OOB 架構；27 年單通道 100G 接棒放量，25G PON 與新一代 10G PHY 開始貢獻，產品應用由消費性電子與家用寬頻逐步延伸至 AI 資料中心光通訊及帶外管理，預估 26 年及 27 年 EPS 分別為 20.95 元及 28.36 元，成長動能明確，初次評等給予買進投資建議。

目前達發股價為 783 元(28X FY27E EPS)，位於近四年本益比參考區間 20-50 倍中間偏下位置。考量光通進入高速成長期，預期 27 年營收占比提升至一成五，100G DSP ASP 約為 50G 的兩倍，高毛利產品占比提高帶動 27 年營業利益年增 38.5%；加上 OOB 架構市場規模預期於 26 至 28 年逐年翻倍，資料中心 PON 設備市場 26 至 30 年 CAGR 預估達 52%，寬頻與乙太網同步受惠 AI 資料中心建置，產品組合轉型方向明確，以近四年本益比參考區間平均值 35 倍作為評價基礎，目標價 995 元(35x FY27E EPS)。

產業概況

AI 資料中心頻寬倍增，PAM4 DSP 隨單通道速率升級

可插拔式光收發模組為 AI 資料中心 Scale-out 網路中伺服器與交換器間資料傳輸的主要介面，模組內由 PAM4 DSP 負責訊號等化與時脈回復，TIA 將光檢測器輸出的電流訊號轉換為電壓訊號，Driver 則負責驅動雷射。PAM4 調變每個符號承載 2 位元，使單通道傳輸速率由 50G 逐步升級至 100G 及 200G，對應光模組容量由 200G、400G 提升至 800G 與 1.6T。隨 GPU 叢集規模擴大與交換器頻寬倍增，2025 年 800G PAM4 晶片組銷售額成長逾一倍，預估 1.6T 晶片組 2026 年銷售額將超過 20 億美元。

不同於過往世代全面切換，800G 與 1.6T 預期將並行部署，加上既有 AI 資料中心光模組逐步進入替換期，單通道 50G 與 100G 需求仍具支撐。晶片價值隨速率提升，單通道 100G DSP ASP 預估約為 50G 的兩倍；惟 2027 年後線性驅動(LPO)與共封裝光學(CPO)滲透率提升，PAM4 DSP 成長斜率預期趨緩，而近封裝光學(NPO)若光引擎不含 DSP，訊號補償將更仰賴 TIA 與 Driver，提升高速類比晶片的重要性。

圖三：光收發模組與主動式線材 IC 晶片組銷售預估，2025~2031F

PON 世代升級加速，OOB 開啟資料中心新應用

被動光纖網路(PON)以光纖一對多傳輸，由局端 OLT 經無源分光器連接多個終端 ONU，為光纖到府的主流技術。規格由 G-PON(下行 2.5Gbps)升級至 10G PON，並朝 25G PON 發展，網通世代轉換週期約五至七年；10G PON ASP 預估約為 G-PON 的兩倍，隨歐美運營商規格升級與東南亞滲透率提升，帶動 PON 晶片價值增加。

AI 資料中心除負責運算的主網路外，另需獨立的帶外管理(OOB)網路監控伺服器狀態，以確保運算不中斷。傳統架構需於每個機櫃頂端安裝管理型以太網交換器，並以銅線一對一連接伺服器，占用 1 至數個機櫃空間單位(RU)；導入 PON 後，以免供電的無源分光器取代交換器，依實測數據可節省高達 99%的管理機櫃空間，並精簡布線與降低功耗，讓機櫃容納更多運算節點。超大型雲端業者已陸續導入，預估資料中心 PON 設備市場 26 至 30 年 CAGR 達 52%，累計支出逾 30 億美元；伺服器內 BMC 亦需以太網 PHY 傳輸管理訊號，帶動 PON 與 PHY 同步受惠。

達發 6526 TT

公司簡介

達發科技股份有限公司(Airoha Technology Corp., 6526 TT)成立於 2001 年，總部位於新竹縣竹北市，為聯發科集團旗下 IC 設計公司。2021 年整併誠致科技、雷凌科技、絡達科技及聯發科 IoT 部門並更名為達發科技，2022 年 6 月登錄興櫃，2023 年 10 月於證交所上市。公司業務分為有線網通基礎建設與無線邊緣 AI 兩大事業群：有線網通涵蓋固網寬頻(G-PON、10G PON)、乙太網(PHY 與交換器晶片)及光通訊(PAM4 DSP 與 TIA)，應用由家用寬頻、低軌衛星地面設備延伸至 AI 資料中心光通訊與帶外管理，並於 2024 年 7 月完成參與九暘私募，九暘為合併子公司，布局 PoE 晶片；無線邊緣 AI 以藍牙音訊為主，聚焦商務、電競及聲學等中高階耳機市場，並延伸至藍牙傳輸(電競鍵鼠、電子貨架標籤)及衛星定位(GNSS)晶片。預估 26 年有線網通與無線邊緣 AI 營收占比約各半，其中藍牙約 40%、固網寬頻約 30%、乙太網約 14%、衛星定位約 10%、光通約 6%。

達發 6526 TT

ESG 政策

達發以社會、經濟、環境及資訊揭露四大構面推動永續經營，已在員工照護、職業安全、董事會獨立性、資訊安全及溫室氣體管理等面向建立相關制度，評估期間未發生重大人權、消費者權益、職業災害、誠信經營及環境法規違規情事。

社會面：達發依循國際人權宣言制定人權政策並揭露執行結果，並將人權要求納入供應商評鑑與稽核。員工管理方面，提供優於法規的休假、保險及身心健康措施，並以員工認股權與持股信託強化人才留任；職業安全衛生管理系統已取得外部認證，並揭露工傷統計及減災目標。另建立績效評估及能力發展計畫，設定員工多元化目標、揭露女性主管占比，並足額進用身心障礙員工。未來可完善人權盡職調查流程，並揭露員工滿意度、訓練成效、性別薪酬比及客戶滿意度。

經濟面：達發每年召開 2 次以上法人說明會，董事長親自出席股東常會，並揭露議案表決結果。獨立董事席次達半數以上，設置永續發展相關委員會並由董事長擔任最高負責人，且定期執行董事會外部績效評估。另制定反貪腐、反競爭、內線交易防範及檢舉制度，風險管理政策經董事會通過，並設置資安專責單位、定期測試資安機制。後續可強化接班規劃、設置提名委員會、提高任一性別董事席次至三分之一以上，並將永續績效納入高階主管與董事薪酬。

環境面：氣候管理由董事會及管理階層監督，已揭露範疇一、二及範疇三排放，並設定量化中長期減碳、節能及再生能源目標。達發亦制定水資源及廢棄物管理政策，揭露用水量及有害廢棄物產出量，並將環境表現納入供應商遴選及稽核。惟尚未取得 ISO 14001 及碳盤查認證，未來可補充 1.5°C 以下及 3°C 以上氣候情境分析、再生能源使用量及用水、廢棄物量化減量目標。

揭露面：達發依循 GRI 準則編製永續報告書，揭露重大性分析及 SDGs 對應作為，並提供英文版報告書及英文網站。後續可導入 SASB 對應揭露及第三方確信，建立利害關係人回饋機制，並採用雙重重大性原則強化 ESG 資訊完整性。

重要免責聲明，詳見最終頁

3Q26 獲利受一次性罰款影響; 2027F 核心獲利維持動能

重要訊息

美國銀行 (BAC) 3Q26 每股盈餘 0.91 元，低於市場預估 17%，若扣除反洗錢罰款 12 億美元(每股盈餘 0.17 元)，則低於市場預估 3%。

評論及分析

3Q26 獲利衰退受一次性罰款及資本市場波動影響。BAC 3Q26 稅後淨利僅 69.3 億美元，季減 24%、年減 17%，若扣除 12 億美元之一次性反洗錢監管罰款，調整後淨利為 81 億美元，季減 10%、年減 2%，主要非利息收入季減 13%(投資收益季減 44%、手續費收入季減 3%)，反映 3Q26 資本市場波動，抵銷核心淨利息收入(NII)季增 3%。3Q26 淨呆帳提存季減 7%，抵銷營業費用季增 6%(扣除罰款則季減 7%)。1-3Q26 營運槓桿因一次性罰款則轉為負向 0.45 百分點 ，若扣除一次性費用則仍為正 1.8 百分點。

3Q26 淨利差持續上揚、資產品質持續改善。BAC 3Q26 淨利差季增 8 基點至 2.16%，主要來自 3Q26 放款年增 6%、季增 1% (主要美國商業放款及信用卡各年增 9%及 5%)、低收益資產到期重新訂價，帶動存放利差擴大 5 基點。3Q26 總存款年增 2%、季增 1%，資金成本因存款結構持續優化(非計息存款年增 5%)，季增幅僅提升 3 基點至 1.49%。資產品質亦持續改善，3Q26 呆帳沖銷率季減 3 基點至 0.44%，主要信用卡呆帳沖銷率季減 33 基點至 3.22%，企金沖銷率季減 1 基點，帶動 3Q26 逾放比季減 0.03%至 0.44%。BAC 3Q26 普通股權益比率(CET1)季減 35 基點至 10.9%，其中 AOCI 之債券部位虧損 18 億元(影響約 10 基點)，但資本返還超過獲利，配發股利及實施庫藏股共 83 億元，高於主要同業。

2027F 淨利息收入展望正向，營運槓桿回升至 200-300 基點。管理層重申 2026F 淨利息收入達年增 8%目標，並預期 2027 淨利息收入年增超過 8%(約增加 51 億美元)，主要反映非計息存款成長、放款成長、固定利率重定價及 3 次升息 25 基點之效益，中期淨利差目標維持 2.3%。在營運效率方面，公司預期 4Q26 回到正向營運槓桿，2027F 營運槓桿目標 200-300 基點。針對市場關注的監管缺失，管理層表示已取得重大改善進展，並強調本次同意令與富國銀行過往情況不同，並未設有資產規模上限。公司對 2027F 資產品質有信心，指出目前未見轉弱跡象。至於 AI 授信與風險控管政策，BAC 強調嚴格評估借款人的現金流集中度、企業現金流。

投資建議

美國銀行雖一次性罰款影響今年獲利約 4%，但核心營運動能穩定，隨著存放款結構持續優化，公司預估 2027F 淨利息收入年增率超過 8%，加上資產品質良好，2027F 營運槓桿回升至 200-300 基點，公司維持穩定股利配發及買回庫藏股，維持美國銀行「增加持股」評等，目標價 67 元，約 2026F-27F 平均每股盈餘 14 倍(過去五年本益比區間為 8-16 倍)。

投資風險

通膨造成美國聯準會再度升息；美國消費支出趨緩；全球金融市場轉弱。

項目	定義
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力（公用事業為出售而生產） - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者（太陽能、風能、水能、生物質能、地熱能）之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源
再生能源使用率	再生能源占總能源消耗量之比例
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量（公噸）銷售（百萬元）比 - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出
員工流動率	員工流動率 - 包括任何原因（自願或非自願）離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 =（離開之員工/平均員工人數）*100 - 平均員工人數 =（本年末員工人數 + 去年末員工人數）/2 - 本財年末員工數 =上個財年末員工數 + 新員工數 - 離開之員工數
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練（如健康與安全、環境、急難事件救援、技能與職業發展） - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作
每位員工教育訓練時數	平均每年每位員工總教育訓練時數
股東治理分數	衡量公司用以反收購工具的有效性
公司治理分數	衡量公司對最佳治理原則的承諾和有效性
產品責任分數	衡量公司生產優質產品和服務的能力，且產品是否將客戶的健康、安全、整合性和數據隱私進行綜合考量
社區關係分數	衡量公司對成為優良公民、保護公眾健康和尊重商業道德的承諾
勞動力分數	衡量公司在員工工作滿意度、健康、工作場所的安全、多樣性、平等以及員工發展機會方面的成效
資源使用指標	衡量公司在原物料、能源或水的使用效率，以及是否通過改進供應鏈來尋求更俱生態效率的解決方案

股價說明

等級	**定義**
增加持股 (OP)	對個股持正面看法，預期個股未來十二個月的表現超越凱基證券集團所追蹤的相關市場的總報酬。
持有 (N)	對個股持中性看法，預期個股未來十二個月的表現符合凱基證券集團所追蹤的相關市場的總報酬。
降低持股 (U)	對個股持負面看法，預期個股未來十二個月的表現低於凱基證券集團所追蹤的相關市場的總報酬。
未評等 (NR)	凱基證券集團未對該個股加以評等。
受法規限制未評等 (R)	受凱基證券集團內部政策和/或相關法令限制使凱基證券集團無法進行某些形式的資訊交流，其中包括提供評等給投資人參考。
	*總報酬 = (十二個月目標價-現價)/現價

3Q26 獲利低於預期，但 2027F 淨利息收入展望正向

重要訊息

摩根大通(JPM)3Q26 每股盈餘 5.58 元，低於市場及凱基預期 5.5%及 4.6%，但上修 2026 淨利息收入及營業費用展望。

評論及分析

3Q26 獲利季減 28%(扣除一次性季減 10%)、年增 6%。JPM 3Q26 稅後淨利 153 億美元，為今年單季低點，主因 2Q26 一次性處分利益 42 億元拉高基期，且 3Q26 資本市場疲弱造成非利息收入季減 27%(自營與造市交易損益季減 28%、投行手續費收入季減 8%及認列 5 億美元債券虧損)，抵銷放款、資產管理及信用卡收入季增 3%、4%及 6%。不過 3Q26 核心獲利淨利息收入(NII)達 270.4 億美元(季增 6%、年增 13%)，略優於預期，加上營業費用持平，抵銷淨提存季增 2 億元(信用成本季增 4 基點)。

3Q26 淨利差回升、資產品質持續改善。3Q26 淨利差季增 8 基點至 2.48%，其中存放利差季增 5 基點，加上放款年增 10%、季增 3%，高於主要銀行同業 7.5%、1.4%。企金與信用卡資產品質持續改善，整體逾放比季減 0.02% 至 0.59%、呆帳沖銷率連續四季下滑至 0.59%，其中信用卡沖銷率下降 0.43 百分點至 2.9%，創 4Q23 以來新低，並低於公司今年預估之 3.2%。在資本管理上，公司調高每股現金股利至 1.65 美元，但策略性縮減季度股票回購至 10 億美元(僅佔 500 億美元計畫 2%)，以保留資本投入報酬更具吸引力的業務成長機會。3Q26 CET1 比率季減 30 基點至 13.9%，除配息及 RWA 成長 2%影響外，主要 AOCI 債券評價未實現虧損 78.9 億元。

2027F 淨利息收入展望正向。管理層小幅上修 2026F 淨利息收入 0.7% 至 1,062 億美元(年增 11%)，因持續投資，將 2026F 營業費用微幅 0.1% 至 1,086 億美元(年增 12%)，但消金資產品質保持穩定，維持全年信用卡淨沖銷率 3.2%。管理層初步預估 2027F 排除市場交易之淨利息收入為 1,070 億美元(年增 10%)，其中 25%增幅來自預估未來 3 次各 25 基點升息之殖利率曲線上揚，其餘 75%來自企金與信用卡放款成長帶動資產負債表擴大，以及較低存款 Beta 值預期，並初估 2027F 營業費用為市場共識之 1,140 億美元(年增 5%)。管理層表示 JPM 已管控 AI 放款集中度風險，認為相關直接信用曝險仍相對有限，近期已收緊對高槓桿企業授信，包括 PIK 貸款、弱化授信契約(Weak Covenants)及債權順位弱化(Priming)等放款，採取審慎防禦性授信策略。

投資建議

由於 2H26 資本市場波動影響 2026F 獲利成長動能趨緩，加上聯準會重啓升息循環提高資產品質不確定性，凱基維持摩根大通「持有」投資建議，目標價 375 美元(約 2026F-27F 每股盈餘 15 倍)；惟若股價因市場波動回檔至 320 美元以下，考量評價修正且公司可能再度增加股票回購，建議投資人可逢低適度布局 2027F 升息循環尾聲之基本面及淨值改善題材。

投資風險

美國失業率增加、高利率持續影響銀行資產品質惡化；全球金融市場轉弱。

Radar Monthly
消費

消費放緩風險揮之不去

焦點內容

1. 美國近期浮現更多消費降溫之早期跡象，加深了投資者對購物旺季消費力道擔憂。
2. 在台灣消費產業中，貨櫃、散裝及航空公司 9 月營收成長最快者。
3. 3Q26 財報可望優於預期之族群包括貨櫃航運、航空及隱形眼鏡。

重要訊息

本期 Radar Monthly－消費產業，我們提供：(1) 美國年底購物旺季展望；(2) 台灣消費產業 9 月營收回顧；與 (3) 3Q26 財報預覽。

評論及分析

美國消費指標走低，放大投資者對購物旺季之擔憂。儘管今年迄今美國零售銷售展現超乎預期的韌性，全球運動休閒品牌及零售商 2Q26 財報顯示 2H26 庫存去化已成定局，且近期更多指標浮現消費降溫早期跡象。8 月信用卡及其他循環信貸餘額減少 48 億美元，創下 2024 年 11 月以來最大單月減幅；這透露在居高不下的油價與高利率壓力時間拉長下，民眾已從「因漲價預期而提前囤貨」轉向「償還部分卡債」，信用擴張所創造的額外購買力步入收縮。10 月密大消費者信心指數進一步惡化至 46.3，連續三個月下滑，並逼近歷史低點，反映投資人對即將而來的購物旺季消費力道充滿疑慮。

9 月營收回顧。在台灣消費次產業中，貨櫃、散裝及航空業為 9 月營收成長最快之族群，分別年增 73%、29%、35%，遠優於過去十年同期平均水準。貨櫃航運主要受美國政府退稅刺激庫存回補帶動，散裝航運得益於美洲穀物及鐵礦砂旺季出口強勁。AI 相關貨運的高需求挹注航空業成長延續。在外銷族群中，成衣及製鞋業 9 月營收分別改善至年增 11%、9%，係因低基期與匯率正面貢獻。受新舊車款過渡期影響，自行車品牌廠 9 月營收年減 4%。

3Q26 財報預覽。我們初步分析 3Q26 財報可望優於預期族群包括貨櫃航運、航空及隱形眼鏡。貨櫃航商中萬海 (2615 TT，NT$125，增加持股) 表現應最為突出，主因佔其貨量比重超過 50%之近洋線運價漲幅超前。航空業將受惠暑假旅遊旺季及 AI 產品空運出口之雙重加持。隱形眼鏡則因產品組合有利及產能利用率滿載，3Q26 利潤率及獲利潛在上檔。整體而言，3Q26 台幣貶值對出口導向消費產業將有業外加分。內需方面，台灣 2H26 假期較多將有助於餐飲業者營收與獲利佳績延伸。

投資建議

由於以出口導向為主消費族群可能持續面臨需求放緩及價格壓力，我們建議關注 3Q26 財報可望優於預期、且 2027 年獲利成長展望穩健之利基型類股。凱基偏好個股包括：華航 (2610 TT，NT$20.65，增加持股)、長榮航 (2618 TT，NT$43.4，增加持股)、望隼 (4771 TT，NT$205.5，增加持股)、視陽 (6782 TT，NT$244.5，增加持股)、巨大 (9921 TT，NT$92.1，增加持股)、美利達 (9914 TT，NT$66.7，增加持股)、八方雲集 (2753 TT，NT$184，增加持股)、王品 (2727 TT，NT$242，增加持股)。

投資風險

地緣政治衝突擴大；原物料價格驟升。

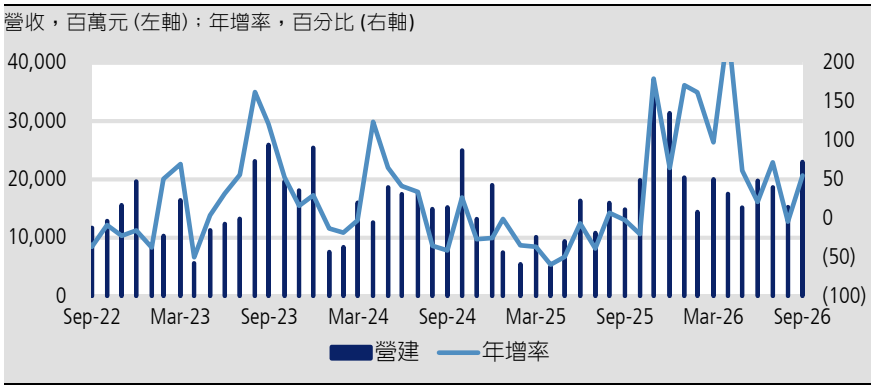
營建股 9 月營收大幅成長

1. 營建股 9 月營收月增 50%、年增 55%，成長來自大型建商陸續取照進入交屋認列期，包括興富發(2542 TT，NT$39.7，持有)、遠雄(5522 TT，NT$61.6，未評等)、愛山林(2542 TT，NT$49.75，持有)等。
2. 9 月央行理監事會議放寬房市管制，自然人第二戶房貸成數上限由 60%放寬至 70%，預期有助房市銷售回溫。

圖 4：大型營建股進入交屋認列期，9 月營收大幅成長



資料來源：TEJ；凱基投顧

附註：營建業者包括潤隆 (1808 TT)；海悅 (2348 TT)；國建 (2501 TT)；冠德 (2520 TT)；達麗 (2530 TT)；櫻花建 (2539 TT)；愛山林 (2540 TT)；興富發 (2542 TT)；華固 (2548 TT)；永信 (5508 TT)；遠雄 (5522 TT)；長虹 (5534 TT)

貨櫃航運股 9 月營收續創近兩年新高

1. 貨櫃航運股 9 月營收月增 4%、年增 73%。為連續第 6 個月月增成長，創 2021 年以來最佳紀錄。
2. 萬海近洋線佔比最高，受惠於 8 月以來近洋線運價大漲，營收月增幅度達 13.4%，顯著優於同業。
3. SCFI 綜合指數、歐線、美西線、美東線、近洋線，7/31 至今累計漲幅分別為 -28%、22%、16%、87%。漲幅集中於美線及近洋線，為萬海主要航線，預期獲利上修空間較長榮及陽明更大。

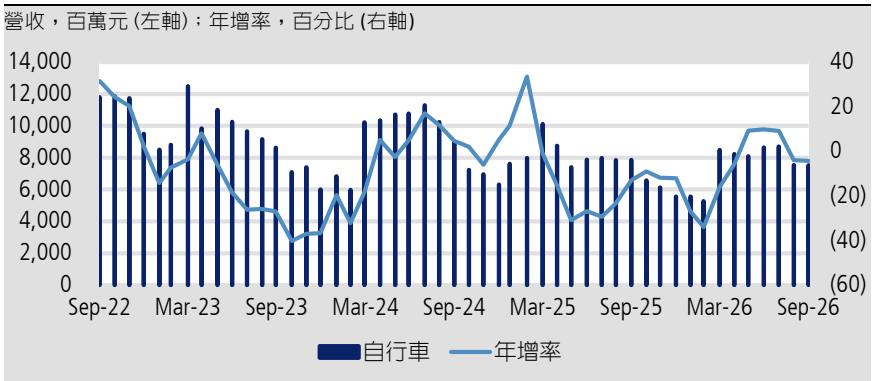
附註：貨櫃航運：長榮 (2603 TT), 陽明 (2609 TT), 萬海 (2615 TT)

台灣自行車廠商 9 月營收持續年減

1. 台灣自行車廠商合計營收 9 月持續年減 4%，主因處於新舊年度車款交替的產品轉換期。
2. 隨著庫存去化接近尾聲，自行車品牌廠正準備 4Q26 陸續出貨新車款，我們認為將有助帶動營收回升。
3. 巨大（9921 TT，NT$92.1，OP）9 月中國市場銷售年增 15%，維持雙位數成長；美利達（9914 TT，NT$66.7，OP）9 月中國市場出貨年增 6%，主要受惠登山車需求回溫。

圖 6：受新舊年度車款交替影響，自行車品牌廠 9 月營收持續呈現年減



資料來源：TEJ；凱基投顧

註：自行車業者包括桂盟 (5306 TT)、美利達 (9914 TT)、巨大 (9921 TT)

美股焦點

Nike (美) 展望低迷

Nike (美) 公布 1Q FY27 (6-8 月；財年止於 5 月) 營收年減 4%至 112 億美元，低於市場預估，主因 Nike 運動休閒系列、Jordan 品牌及大中華區表現疲軟。考量消費者購買謹慎與客流量不足，管理層預計 FY27 營收將年減高個位數，隱含 2Q-4Q FY27 營收衰退擴大。因此，公司計畫進一步清理過剩庫存。繼 Air Jordan 1 (AJ1) 及 Dunk 供應減量後，未來 Jordan 特定復古鞋款發售頻率也將降低，力求恢復供應稀缺模式；這對於豐泰 (9910 TT，持有，NT$67.5) 訂單展望將造成負面影響。

美國消費類股財報概覽

● NIKE

圖 13：摘要

1. Nike 1Q FY27 (6-8 月；財年止於 5 月) 鞋類銷售年減 6%，顯示市佔率流失；服飾則年增 2%。
2. 北美 1Q FY27 營收年增 2%，但歐非中東及大中華區分別惡化至年減 5%、22%，反映市場促銷競爭激烈。
3. 公司計畫保持嚴謹的庫存管理。

● Adidas

圖 17：摘要

1. Adidas 2Q26 鞋類銷售僅年增 0.5%，理由為休閒鞋市場競爭加劇。服飾營收加速至年增 24%，為主要成長推手。
2. 北美、拉美及大中華區 2Q26 銷售表現亮眼，分別年增 14%、35%、19%。歐非中東營收年增 7%，反映促銷活動頻繁。
3. 為在外部環境動盪中確保產品供應，公司提前採購並加快拉貨速度。2Q26 庫存天數位處高檔水準。

● Lululemon

圖 21：摘要

1. Lululemon 女裝及男裝產品 2Q FY26 (2-4 月;財年止於 1 月) 銷售分別年減 4%、1%，需求欠佳。
2. 美國及加拿大 2Q FY26 營收分別年減 8%、11%，中國及其他地區成長亦大幅放緩至 4%、5%。
3. 儘管面臨清倉壓力 (2Q FY26 庫存天數攀升)，公司仍持續強化熱賣款式追單能力。

● GAP

圖 25：摘要

1. Old Navy 品牌 2Q FY26 (5-7 月;財年止於 1 月) 營收年減 4%，為過去六季以來首度陷入衰退。Gap 銷售年增 9%，Banana Republic 及 Athleta 則分別年增 1%、年減 12%。
2. 美國、加拿大和其他地區 2Q FY26 銷售分別年減 1.6%、0.7%、13%。
3. 公司將提供性價比更高的產品組合，以應對庫存天數飆高。

零售

圖 44：零售產業摘要

1. 台灣 8 月零售銷售年增 6.5%，維持穩健成長動能，主要受惠中元普渡及中秋禮盒採買需求、百貨新商場與新品牌加入。其中超級市場表現最佳，年增 8.7%，百貨公司及便利商店則分別年增 8.4% 與 2.9%。
2. 台灣 8 月餐飲業營業年增 1.8%，增幅較上月收斂，主要受農曆七月影響餐廳婚宴收入，加上降雨天數增加影響來客數，抵銷暑假假期聚餐需求。
3. 中國消費動能持續放緩，8 月餐飲收入年增率由 1.4%降至 1.1%，零售銷售年增率亦由 0.6%收斂至 0.4%。

觀光

圖 52：觀光產業摘要

1. 台灣飯店業者合計營收 9 月年增 8%，受惠季節性餐飲需求及休閒旅遊活動帶動，維持穩健成長。
2. 台灣 8 月入境旅客人數年減 1.5%。主要客源地中，美洲旅客年增 11.9%，為各區域中成長最快；歐洲旅客年增 7.7%，亞洲旅客則年減 3.5%。
3. 隨觀光需求逐步復甦，台灣飯店 2Q26 平均房價年增 3.8%，延續成長趨勢，住房率則年增 0.5 個百分點，維持穩定。

自行車

圖 60：自行車產業摘要

1. 台灣自行車廠商合計營收 9 月持續年減 4%，主因處於新舊年度車款交替的產品轉換期。
2. 隨著庫存去化接近尾聲，自行車品牌廠正準備 4Q26 陸續出貨新車款，我們認為將有助帶動營收回升。
3. 巨大 9 月中國市場銷售年增 15%，維持雙位數成長；美利達 9 月中國市場出貨年增 6%，主要受惠登山車需求回溫。

成衣 & 製鞋

圖 68：成衣 & 製鞋產業摘要

1. 美國 8 月服裝與鞋類零售銷售為年增 4%，較 1H26 持續放緩。考量關稅與中東戰事之不確定性尚存，品牌及零售商維持保守拉貨，產業存銷比下滑。
2. 美國 9 月消費者信心指數進一步下滑，主因民眾擔心戰爭驅動的油價波動及關稅效應將不利於消費前景。
3. 美國鞋類與服裝進口自中國的比重 1H26 下滑至 19%與 10%，對比 2019 年分別為 50%、30%。

營建

圖 76：營建產業摘要

1. 房市成交量持續低迷，但年減幅度正逐漸縮小。
2. 央行 9 月理監事會議放寬房市信用管制，自然人購置第二戶房屋貸款成數上限由 60%提升至 70%。
3. 全體銀行不動產貸款佔總放款比率加速下降，8M26 降至 34.14%，創近十年新低。
4. 房市不佳，建商土地開發策略保守，年化核發建照面積降至 2017 年水準。

海運

圖 84：航運產業摘要

1. 除陽明、長榮、ZIM(以)尚在規劃中以外，前十大航商均已復航紅海航道，蘇伊士運河通行量恢復至紅海危機前 50~70%。
2. IEEPA 退稅引導通路商回補庫存，美線運價達近四年高點，歐線運價則受到紅海復航影響而走低。
3. 颱風造成亞洲港口堆積之運力正逐漸消化，Linerlytica 統計全球錨地運力降至 390 萬 TEU，佔全球總運力由 14.6%降至 11.0%。
4. 散裝運價，北美穀物及亞洲煤炭運輸需求推升 Panamax 及 Handy 運價緩步增加。

航空

圖 92：航空產業摘要

1. 客運，9 月暑假結束進入小月，不過長榮航 (2618 TT, NT$43.4, 增加持股) 及華航 (2610 TT, NT$20.65, 增加持股) 客運收入僅分別月減 16%、8%，低於過去三年之平均 17%。
2. 貨運，AI SERVER 及半導體出貨需求持續放大，且 9 月起進入傳統空運旺季，貨運收入顯著成長。
3. 中東衝突暫無解，航空燃油價格維持於每桶 170~180 美元高檔，較 6 月低點回升超過 60%，將壓抑航空業 4Q26 獲利爆發性。

汽車

圖 100：汽車產業摘要

1. 台灣 9 月汽車銷量年增 27%至 3.7 萬輛 (優於歷史平均 3.5 萬輛)。其中，進口車銷量年增 27%，優於國產車的 3%，主要受惠 Tesla (美) 大量到港交車，及 Mercedes-Benz (德) 新車款於 9 月集中交付，帶動兩品牌銷量分別年增 113%及 54%。
2. Tesla 9 月銷量達 5,298 輛，占整體電動車銷量 75%，帶動整體電動車銷量達 7,026 輛，電動車滲透率攀升至 19.0%。
3. 中國 8 月乘用車銷量年減 6.2%，反映內需仍承壓；惟新能源車銷量年增 17.8%，占新車銷量比重達 60.6%，累計 1-8 月中國自有品牌市占率提升至 73%。

法說重點摘要

奧孟亞

(7776 TT, NT$33.15, 未評等)

重點摘要

1. 奧孟亞以 MIRA/Je 口服胜肽平台切入 GLP-1 口服化市場，透過腸溶衣、金屬鹽抑制消化酶與滲透促進劑，ANY002 吸收效率達原廠 Rybelsus 的 3 倍。ANY002 已於 2024 年、2025 年完成兩次國際授權，首次授權金 462.5 萬美元、分潤 5-15%，南韓授權分潤 20%
2. ANY004（口服 Tirzepatide）已於 9M26 完成首次人體 Phase 1，20mg、40mg 兩組皆取得正向 PK 數據，下一步為連續 7 天多次給藥試驗；ANY002 mini 對標原廠新一代 1.5/4/9mg 劑型，預計 4Q26 進入 Pivotal Study，可望帶來新增授權機會
3. ANY002 分潤需待各國 Semaglutide 化合物專利到期，美歐日等主要市場在 2031 年後。我們認為，Wegovy Pill 上市後逾 80%處方來自新患者，證明口服 GLP-1 為增量市場，而禮來口服小分子進展落後、尚無口服版猛健樂，使 ANY004 的策略價值明顯高於學名藥性質的 ANY002

結論

奧孟亞的評價重心已由 ANY002 學名藥授權轉向 ANY004 的策略授權：口服 GLP-1 需求已獲 Wegovy Pill 驗證，禮來尚缺口服胜肽方案，而 ANY004 為少數已進入人體階段的口服 Tirzepatide，且參考禮來與 Camurus 在無人體數據下即支付 1,200 萬美元 upfront，ANY004 具初步人體 PK 數據，談判籌碼較佳。ANY002 分潤到 2031 年後主要市場專利到期才會放大，而 ANY004 劑量間暴露增幅未達比例、PK 變異高於針劑，多次給藥試驗能否達到接近每週一次針劑的藥物濃度，將是 2026 年底至 2027 年授權洽談的關鍵驗證點

MIRA/Je 口服胜肽平台與技術優勢

- 胜肽藥物選擇性高、脫靶風險低，但口服後會遭胃酸破壞、消化酶分解，且分子量大難以吸收；FDA 核准的約 75 種胜肽藥物中，系統性口服僅 Rybelsus 與 Mycapassa 2 種
- MIRA/Je 三層設計：
  - 胃酸端以腸溶衣保護胜肽結構
  - 腸道端加入金屬鹽化合物，降低對應消化酶活性
  - 吸收端加入滲透促進劑，提升腸道吸收
- 專利已申請 66 件、布局逾 50 個市場，採平台加產品配方雙層專利；已於 Insulin、Leuprolide、Teriparatide 驗證可跨分子應用

重要免責聲明，詳見最終頁

GLP-1 市場與口服化趨勢

- 2025 年 Tirzepatide 與 Semaglutide 分居全球藥品銷售前兩名，合計逾 720 億美元，超越 Keytruda；適應症持續擴及 MASH、慢性腎臟病、心血管疾病及阻塞性睡眠呼吸中止症
- 下一代 GLP-1 朝兩個方向發展：
  - 療效：由每日一針到每週一針，再到雙靶點、三靶點與雙效療法
  - 便利性：口服化與長效化，公司聚焦口服化，鎖定銷售前兩名的 Tirzepatide 與 Semaglutide
- 諾和諾德 Wegovy Pill 於 1M26 在美國上市，前 13 週處方成長快於猛健樂與針劑版 Wegovy 上市初期，公司指出其為醫藥史上上市最快的產品
- Wegovy Pill 美國累計處方逾 300 萬張，其中逾 80%來自未使用過 GLP-1 療法的新患者，口服並非取代針劑而是開啓新增市場；禮來 4M26 推出的口服小分子減重藥成長則相對落後

ANY002 與 ANY002 mini

- ANY002 以 Semaglutide 為活性成分，吸收效率為原廠 Rybelsus 的 3 倍；美國走學名藥路徑，可透過配方調整使生物利用率與原廠相當
- 已完成兩次國際授權：
  - 2024 年：對象為全球前十大學名藥廠，涵蓋美國、歐盟、印度、巴西等市場，授權金 462.5 萬美元，分潤 5-15%；已完成 GMP Batch 里程碑，待合作夥伴完成生體相等性試驗（BE）後申請上市
  - 2025 年：對象為南韓藥廠，僅授權南韓市場，授權金 90 萬美元，分潤 20%
- ANY002 與原廠 SNAC 技術不同，僅受 Semaglutide 化合物核心專利限制；美國、歐洲、日本等主要市場的化合物專利於 2031 年後到期，印度、巴西等較早到期的市場由合作夥伴爭取先行上市
- 原廠將口服 Semaglutide 糖尿病劑型由 3mg、7mg、14mg 優化為 1.5mg、4mg、9mg，公司已以短時間完成人體驗證並開發出對標的 ANY002 mini，預計 4Q26 進入 Pivotal Study
- ANY002 mini 與原授權劑型不同，既有授權市場亦可重新洽談；公司自行完成 Pivotal Study 後，可降低合作夥伴的研發與取證負擔，議價條件可望優於 2024-2025 年的兩次授權

ANY004 Phase 1 數據與後續規劃

- ANY004 以 Tirzepatide 為活性成分（GLP-1/GIP 雙重受體促效劑），胺基酸數較多、開發難度較高；原廠禮來目前尚無口服版猛健樂，也無自有口服技術，ANY004 擬走 505(b)(2)路徑並以技術授權商業化

- 2022 年投入開發，歷經狗、猴子試驗，9M26 完成首次人體 Phase 1：
  - 20mg、40mg 兩組皆取得正向 PK（藥物動力學）數據，口服的 Cmax 出現快速；40mg 暴露優於 20mg 但增幅未達 2 倍，20mg 可能為後續合適劑量
  - 23 名受試者中 12 人出現副作用，多為噁心，無嚴重不良反應，與治療相關的副作用和其他 GLP-1 藥物相當
- 原廠為每週注射一次、ANY004 為每日口服，現階段無法直接比較生物利用率；下一步為連續 7 天多次給藥試驗，預期給藥 1 週後 AUC 與 Cmax 明顯高於單次給藥，約 4-5 週可達穩態

授權參考案例與催化劑

- 諾和諾德 2008 年即與 Emisphere 洽談 SNAC 技術合作，upfront 1,000 萬美元，累計里程碑逾 8,700 萬美元，2020 年以約 18 億美元收購 Emisphere
- 禮來 2025 年與 Camurus 簽訂長效化技術授權，簽約時尚無人體數據，upfront 1,200 萬美元，2026 年再付 500 萬美元；公司認為 ANY004 已具初步人體 PK 數據，可望爭取更佳授權條件
- ANY002 屬學名藥市場，收入需待各市場實際銷售；ANY004 則以 505(b)(2)方向尋求策略授權，兩者授權模式不同
- 2026 年底至 2027 年兩大催化劑：ANY002 mini 的 Pivotal Study 帶來新增授權機會；ANY004 人體 PK 數據完成後，與潛在夥伴討論策略授權，包括合作模式、試驗規劃與下一階段開發方向

QA

- ANY004 下一階段 20mg 與 40mg 如何選擇？
  - 兩種劑量皆可往下做，選擇視合作夥伴希望達到的效果而定
  - 下一階段受試人數於最終結果出爐前暫不揭露
- 潛在授權藥廠最重視哪些試驗數據？
  - 主要看 AUC 等 PK 指標，但最終仍是談判；授權越早 upfront 越小、越晚則越大
  - 公司認為首次數據結果良好，但仍將完成多次給藥試驗，直接比較口服連續給藥 1 週與針劑每週一次的差異
- 禮來是否因口服減重競爭而加速尋找口服 Tirzepatide 技術？
  - Wegovy Pill 成長快速、口服小分子進展有限，公司認為將對禮來形成很大壓力
  - 目前僅奧孟亞將口服 Tirzepatide 推進至人體階段，惟公司不預測個別藥廠的協商進度
- ANY004 口服 20mg、40mg 能否與原廠 2.5mg 針劑直接比較？
  - 針劑直接注射進皮下，不需經過口服的降解與消化，因此無法直接比較劑量；ANY002 可比較是因原廠同樣有口服產品

- ANY004 的 PK 變異度高於針劑，但公司認為表現相當不錯

- 公司的收益模式為何？
  - 先收取 upfront 與里程碑金，商業化後依銷售收取分潤；終端售價與銷售策略由各合作夥伴決定
- 不同授權市場的分潤比例如何決定？
  - 不提供逐國明細；越早期、規模越小的市場分潤越低，主要市場分潤較高，仍視各市場競爭狀況而定
- 未來如何選擇其他胜肽產品與適應症？
  - GLP-1 帶動胜肽藥物版圖擴大，2026 年再有 3 款胜肽藥物獲核准
  - 如 ANY005 鎖定的病患為體重僅 5-10 公斤、每天需打針的幼童，口服化意義大；慢性病患者也常因冷藏保存、自行施打不便而停針，高齡患者需求尤高

法說重點摘要

百和

(9938 TT, NT$39.45, 持有)

重點摘要

1. 3Q26 自結每股盈餘 0.61 元，年減 46%、但季增 27%，主因客戶下單模式轉變及原物料成本攀升等因素大幅侵蝕旺季利潤率。
2. 目前終端需求偏保守，客戶以急短單模式下單逐漸常態化。
3. 初步規劃 2027 年擴建越南新廠，並購置印尼新土地。為因應客戶產能分散需求，未來將進一步新增印度供應據點。

結論

油價強勢仍將壓抑終端需求與鞋服供應鏈利潤率展望。凱基目前給予百和「持有」評等及目標價 36.8 元。

3Q26 財報

- 3Q26 自結稅後淨利 1.8 億元，折合每股盈餘 0.61 元，年減 46%、但季增 27%。儘管營收回升至 44.1 億元，年增 6%、季增 16%，但客戶下單模式轉變及原物料成本攀升等因素導致毛利率季減 0.2 個百分點至 29.5%，年減擴大至 6.3 個百分點；營利率僅 9.9%，年減 7.9 個百分點，創下 1Q24 以來新低。
- 1Q-3Q26 產品別營收佔比 (不含房地產)：織帶/鞋帶 42.9%、針織經編緹花 19.9%、鬆緊帶 13.4%、黏扣帶 12.7%、射出勾 7.0%、其他 4.1%。
- 受到產品組合不利影響，1Q-3Q26 經編網布營收年減 5%。
- 3Q26/ 1Q-3Q26 梭織緹花營收分別為 1,200 萬/ 5,600 萬元，佔比 0.4%/ 0.5%。
- 3Q26 產品別毛利率：織帶/鞋帶 30.4%、經編網布 17.2%、鬆緊帶 37.9%、黏扣帶 27.6%、射出勾 44.0%、梭織緹花 32.4%、其他 37.5%；合併 29.5%。
- 1Q-3Q26 產品別毛利率：織帶/鞋帶 30.2%、經編網布 19.9%、鬆緊帶 37.7%、黏扣帶 27.6%、射出勾 44.2%、梭織緹花 44.4%、其他 42.3%；合併 30.3%。
- 1Q-3Q26 客戶別營收佔比：Adidas (德) 25.1%、Nike (美) 15.7%、On (瑞士) 6.1%、New Balance (美) 4.4%、Asics (日) 3.3%、Under Armour (美) 2.9%、Columbia (美) 2.5%、Hoka (美) 2.3%、BoA (美) 1.6%、Lululemon (加) 1.6%；前十大佔比 65.5%，對比 1Q-3Q25 為 67.3%。
- 1Q-3Q26 客戶別營收成長率：Adidas 年減 5%、Nike 年增 2%、On 年減 8%、New Balance 年減 11%、Asics 年增 3%、Under Armour 年減 1%、Columbia 年增 9%、Hoka 年增 58%、BoA 年增 24%、Lululemon 年減 6%。

凱基投顧

劉昃恩
886 2 2181 8035
tseen.liu@kgi.com

張育程
886 2 2181 8735
eden.chang@kgi.com

重要免責聲明，詳見最終頁

- 1Q-3Q26 客戶別鞋類營收成長率：Adidas 年減 6%、Nike 年持平。
- 1Q-3Q26 客戶別服飾營收成長率：Adidas 年減 3%、Nike 年增 11%。
- 1Q-3Q26 應用別營收佔比：鞋類 60.4%、成衣 25.3%、3C 2.8%。
- 3Q26/ 1Q-3Q26 應用別營收成長率：成衣年增 27%/ 年增 12%、鞋類年持平/ 年減 1%、3C 年增 20%/ 年增 16%、醫療年增 31%/ 年減 3%。
- 1Q-3Q26 地區別營收佔比 (不含房地產)：百和興業 48% (越南百宏 11%、中國 37%)、越南 28%、台灣 13%、印尼 9%、北美 2%。
- 1Q-3Q26 集團合併資本支出 22.7 億元，百和及百和興業 KY 分別佔 3.3 億、19.4 億元，建築物、設備及其他則分別佔 8.6 億、13.7 億、0.3 億元。百和/ 百和興業 KY 個體部分，建築物、設備及其他分別佔 0.5 億/ 8.2 億、2.8 億/ 11.0 億、0.1 億元/ 0.2 億元。

營運展望更新

- 目前終端需求偏保守，客戶以急短單模式下單逐漸常態化。
- 公司開發創新產品能力優於同業，有利在兩大國際品牌客戶中保持較高滲透率。
- G 牌智慧型手錶錶帶銷量暢旺，未交訂單追加至 300 萬條，遠高於原估需求 30 萬條/年。
- 近年 3C 產品使用百和材料佔比已高達 80%，跳脫二十年前僅賺取加工費模式，附加價值提升有利於毛利率增加。
- 預計 2026 年資本支出約 28 億元 (不變)；其中，百和及百和興業 KY 分別佔 4.4 億、23.7 億元。
- 初步規劃 2027 年擴建越南新廠，並購置印尼新土地。未來將進一步新增印度供應據點。
- 截至 9 月，公司擁有 353 項各國專利，另申請中專利尚有逾 50 個。

股價說明

等級	定義
增加持股 (OP)	對個股持正面看法，預期個股未來十二個月的表現超越凱基證券集團所追蹤的相關市場的總報酬。
持有 (N)	對個股持中性看法，預期個股未來十二個月的表現符合凱基證券集團所追蹤的相關市場的總報酬。
降低持股 (U)	對個股持負面看法，預期個股未來十二個月的表現低於凱基證券集團所追蹤的相關市場的總報酬。
未評等 (NR)	凱基證券未對該個股加以評等。
受法規限制未評等 (R)	受凱基證券集團內部政策和/或相關法令限制使凱基證券集團無法進行某些形式的資訊交流，其中包括提供評等給投資人參考。
	*總報酬 = (十二個月目標價-現價)/現價

重要訊息

富國銀行 (WFC) 3Q26 每股盈餘 1.87 元，略優於市場及凱基預估 2%，主要受惠於一次性所得稅迴轉帶動有效稅率降至 16.4%。

評論及分析

3Q26 投資收入減少及呆帳提存回升。WFC 3Q26 稅後淨利為 59.5 億美元，季減 7%、年增 6.5%，主要非利息收入季減 9%，反映投資收益季減 52%及投資銀行手收季減 3%，抵銷放款及資產管理手收各季增 4%及 8%；3Q26 核心獲利淨利息收入(NII)季增 1.6%至 125.2 億美元，略低於市場預期 1%。然而，3Q26 總營收年增 2%，高於營業費用年減 1%，正向營運槓桿持續擴大，部分緩解呆帳提存年增 51%至 10.3 億美元影響。WFC 3Q26 普通股權益比率(CET1) 季減 30 基點至 10%，位於管理區間 10-10.5%之區間下緣，主要 AOCI 之債券虧損影響約 38 基點。

3Q26 淨利差持平，呆帳沖銷率略為回升。WFC 3Q26 淨利差 2.43%，與上季持平，相較先前公司認為將下滑 4 基點，主要放款維持成長、固定利率資產重訂價及浮動利率收益率提高，抵銷資金成本增加壓力，帶動存放利差持平於 1.88%。3Q26 放款年增率略減緩至 11%，主要來自企金及汽車貸款各年增 19%及 31%，總存款年增率下降至 10%，但計息存款增幅較高(年增 14%)。WFC 資產品質持續改善，3Q26 逾放比季減 0.07%至 0.7%，其中企金逾放季減 0.1%至 0.64%，然 3Q26 整體呆帳沖銷率季增 4 基點至 0.38%，主要商辦不動產帶動企金沖銷率增加 0.08%，抵銷信用卡沖銷率略降低 0.45%至 3.73%。

維持 2026F 淨利息收入目標。雖美國聯準會 9 月重啓升息，管理層維持 2026F 淨利息收入年增 5%至 500 億元，預估 4Q26F 淨利差仍可維持 3Q26 水準，並維持 2026 年營業費用 557 億元目標。此次公司尚未提供 2027 淨利息收入展望，若用 4Q26 年化單季淨利息收入約為 520 億元，符合目前市場預期，但管理層認為存款 Beta 可能高於 2022 升息循環，故資金成本上揚可能壓縮淨利差及淨利息收入。公司表示目前審慎評估 AI 基礎設施融資，嚴格控管多層次風險(資料中心建設、供電、晶片融資、承租方及保證責任)，並設有承作上限。

投資建議

凱基維持富國銀行「持有」評等，目標價 90 美元，約 2026F-27F 平均每股盈餘 12 倍(過去五年本益比區間為 5-17X)，主要認為 WFC 可能仍以犧牲價格策略以擴張孳息資產負債，加上淨利差回升疲弱，未來利率維持較高水準仍將影響商辦不動產及消金資產品質，影響 2027F 獲利成長動能。

投資風險

美國失業率增加、高利率持續影響銀行資產品質惡化；全球金融市場轉弱。

項目	定義
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力（公用事業為出售而生產） - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者（太陽能、風能、水能、生物質能、地熱能）之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源
再生能源使用率	再生能源占總能源消耗量之比例
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量（公噸）銷售（百萬元）比 - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出
員工流動率	員工流動率 - 包括任何原因（自願或非自願）離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 =（離開之員工/平均員工人數）*100 - 平均員工人數 =（本年末員工人數 + 去年末員工人數）/2 - 本財年末員工數 =上個財年末員工數 + 新員工數 - 離開之員工數
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練（如健康與安全、環境、急難事件救援、技能與職業發展） - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作
每位員工教育訓練時數	平均每年每位員工總教育訓練時數
股東治理分數	衡量公司用以反收購工具的有效性
公司治理分數	衡量公司對最佳治理原則的承諾和有效性
產品責任分數	衡量公司生產優質產品和服務的能力，且產品是否將客戶的健康、安全、整合性和數據隱私進行綜合考量
社區關係分數	衡量公司對成為優良公民、保護公衆健康和尊重商業道德的承諾
勞動力分數	衡量公司在員工工作滿意度、健康、工作場所的安全、多樣性、平等以及員工發展機會方面的成效
資源使用指標	衡量公司在原物料、能源或水的使用效率，以及是否通過改進供應鏈來尋求更俱生態效率的解決方案

半導體產業

封測產業：資本支出與擴產規模創歷史新高

焦點內容

1. 數十年難得一見的成長機會。
2. 先進封裝與晶圓測試需求龐大。
3. 大規模擴產將加重財務負擔。

重要訊息

台灣封測廠 2026-27 年資本支出與擴產規模將創歷史新高。

評論及分析

數十年難得一見的成長機會。台灣前八大封測廠年初迄今已上修 2026 年資本支出 45.9%至 4,839 億元，創歷史新高，較 2025 年幾乎翻倍(年增 99%，相較過去 10 年複合年成長率 15.4%)。我們認為大幅擴產主要反映：(1) AI 晶片出貨強勁帶動既有業務成長；(2)晶片尺寸擴大及設計複雜度提高，將消耗更多產能；(3)台積電(2330 TT，NT$2,490，增加持股)將資源重新配置至先進製程與先進封裝，並逐步退出晶圓測試(CP)等毛利率較低或非核心業務。由於上述成長動能均屬結構性因素，我們預期封測廠未來兩年資本支出仍將維持高檔。

先進封裝與晶圓測試需求龐大。目前我們擁有的資訊仍不足以精確估算 AI 晶片 CP 測試市場規模。然而，根據我們的初步估算及供應鏈調查，AI 晶片 CP 測試營收規模預估達 500-600 億元，且將隨測試時間增加而持續成長。在假設每投入 1 元資本支出可創造 0.5 元營收的情境下，我們預估 CP 測試所需資本支出將超過 1,000 億元，占 2026 年封測廠整體資本支出 20-25%。我們預估台灣封測廠資本密集度將由 2025 年的 28.9%升至 2026 年的 44.1% (過去 10 年平均為 16.6%)，部分公司甚至超過 100%，遠高於半導體產業平均的 15.5% (記憶體產業 2026 年營收預期成長超過 280%，拉低整體產業平均資本密集度)。

大規模擴產將加重財務負擔。在封測廠中，以測試業務為主的公司因資本密集度較高，故面臨的財務壓力可能更大，包括京元電子(2449 TT，NT$296.5，增加持股；資本密集度 104%)、欣銓(3264 TT，NT$278，未評等；62%)及台星科(3265 TT，NT$292.5，未評等；235%；其雖以封裝業務為主，但新增產能主要用於 CP 測試)。而日月光投控(3711 TT，NT$747，增加持股)整體資本密集度相對同業較低，但若僅考量 AI 業務營收及相關擴產，資本密集度亦超過 100%。我們認為封測廠資本支出仍具進一步上修空間，因此多數業者 2026-27 年將面臨龐大的資金需求。例如，京元電子近期宣布與 NVIDIA (美)簽訂客戶預付款協議，以支應美國產能擴充。NVIDIA 亦與 Amkor (美)簽訂價值 15 億美元的協議，透過預付款及多年期策略生產合作支持其擴產。我們預期後續將有更多封測廠會透過海外可轉債、聯貸、現金增資及可轉債來進行籌資，預估 2027 年封測廠折舊費用將年增 30-100%。

投資建議

我們預期封測廠積極擴大資本支出與產能將有利於：(1)設備供應商，包括 Advantest(日)、鴻勁(7769 TT，NT$5,780，增加持股)及致茂(2360 TT，NT$2,250，未評等)；(2)測試介面供應商，包括中華精測(6510 TT，NT$3,225，增加持股)、穎崴(6515 TT，NT$5,615，增加持股)及旺矽(6223 TT，NT$5,885，增加持股)。封測族群中，我們看好 CPU 業務占比較高的日月光投控，係因 NVIDIA Vera Rubin 及 AMD (美) Venice 均將帶動其 CoWoS 全製程業務成長，而台積電 2027-28 年持續擴產亦將為其載板端業務帶來成長空間。

投資風險

若 AI 需求放緩，資本密集度及折舊費用較高下，封測廠面臨的財務壓力將高於其他半導體次產業。

凱基投顧

VRU 預計部分採用 ZQD，帶動單機價值量再提升

- **3Q26 營收略低預期，惟產品組合優化推升毛利率**
- **VRU 接頭升級 ZQD，單機價值量提升 69%**
- **QD 產能逐步開出，預期明年深振與越南廠續擴產**

3Q26 營收略低預期，惟產品組合優化推升毛利率：富世達 9 月營收達 16.13 億元，月增 5.5%、年增 32.17%；惟 3Q26 營收低於我們先前預估約 8%，主要因手機客戶拉貨動能不如預期。原先預期手機相關訂單將逐月增溫，惟受新機發表前後拉貨節奏調整影響所致。不過 GB300 與 VR200 QD 於 3Q26 持續出貨，伺服器業務動能強勁，有助於改善產品組合及提升獲利能力。我們預期伺服器相關營收占比將由 2Q26 的 56%提升至 80～85%，因此上調 3Q26 毛利率預估至 37.05%，EPS 亦調升至 16.97 元。

VRU 接頭升級 ZQD，單機價值量提升 69%：NVIDIA 下一代平台 Rubin Ultra(VRU)平台因應更高的冷卻液流量需求，部分原採用 MQD/UQD 的接頭將升級為 ZQD，以提升接頭流量能力，並降低高流量運作下的壓降與洩漏風險。依目前設計，Compute Tray 上方 4 組接頭將改採 ZQD，且所有浮動式接頭均將改採 ZQD，Rack 端的 CDM QD 亦將全面升級為 ZQD。儘管 QD 總使用量維持不變，但 ZQD 的單價較 MQD/UQD 翻倍。受惠於 QD 規格升級與單價提升，我們預估 VRU 世代 QD 產值將較 VR200 世代增加約 69%，有望進一步挹注富世達的營收與獲利成長。

QD 產能逐步開出，預期明年深振與越南廠續擴產：QD 目前既有月產能約 300 萬顆，稼動率已達滿載；隨新產能於 10 月開出，月產能將提升至 450 萬顆，目前新產能稼動率約 60%～70%。考量既有產能已滿載，公司規劃明年持續擴產，深圳及越南廠均納入擴產規劃，惟實際新增產能仍待確認，預計資本支出約 3～5 億元，以支應後續訂單成長需求。

我們本次主要上修 2027 年獲利 9.8%，並維持買進建議，目標價 3,230 元(2027 年 EPS X 26PER)。

風險因子：伺服器平台轉換不順、AI 需求不振。

伺服器業務優於預期，4Q26 營運續強: 3Q26 營收 45.02 億元，季增 20.4%、年增 26.2%，較我們原先預估低約 8%，主要受到手機客戶拉貨動能不如預期影響。惟 GB300 與 VR200 QD 持續出貨，帶動伺服器業務維持強勁成長，預期伺服器相關營收占比將由 2Q26 的 56%提升至 80～85%，有助於優化產品組合並提升獲利能力。因此我們上調 3Q26 毛利率預估至 37.05%，EPS 亦調升至 16.97 元。

展望 4Q26，隨 VR200 出貨量進一步增加、多項 ASIC 平台 QD 逐步放量，我們預期營收將季增 18.7%至 53.44 億元；受惠伺服器產品占比提升及生產效率改善，毛利率可望再季增約 0.3 個百分點至 37.35%，EPS 預估為 20.22 元，營收與獲利均有望續創成長。

雙面水冷板推動接頭設計變革，富世達單機價值量可望再提升:目前 AMD 與 AWS 已採用雙面水冷板設計，根據供應鏈調查，Google TPU V9 及 NVIDIA VRU 亦有望跟進。隨著垂直供電(VPD)設計導入，伺服器內部可供水路配置的空間受到壓縮，帶動雙面水冷板及微型快速接頭(MQD/Mini QD)的應用需求。另一方面，為滿足更高冷卻液流量需求，部分接頭亦有望由 UQD 升級至單價較高的 ZQD。上述設計變化若逐步落地，將分別透過接頭用量增加、微型接頭導入及高單價產品升級，創造單機 QD 價值量的額外成長空間，進一步挹注富世達 2027 年營收與獲利表現。

3.產能擴張持續，高階載板布局良好

3Q26 營收超預期，但毛利率可能未達標

欣興 3Q26 營收達 526.5 億元，季增 22.8%，年增 54.9%，分別超越富邦/市場共識預估 5.8%及 5.6%。我們認為營收優於預期主要因為：1) ABF 需求持續強勁；2) 光復一廠第三期新增產能；3) 產能利用率提升；4) 價格上漲。然而，我們預期 3Q26 毛利率將低於預期，原因包括：1) 公司於 2Q26 將員工薪酬提列比率由 16%調升至 18%，1H26 的追溯性增加費用於 3Q26 一次性認列，預計將對 3Q26 毛利率及營業利益率產生負面影響；2) HDI/PCB 產品轉型導致毛利率低於預期。因此，我們預估 3Q26 毛利率/營業利益率分別為 27.2%及 18.1%，低於先前預估的 28%/19.2%及市場共識的 27.6%/19.4%。同時，我們預期 ABF 毛利率於 3Q26 持續擴張，毛利率接近 40%，主要受益於產能利用率提升、產品組合優化及價格上調。

4Q26 營收預期季增 10%

我們預期 4Q26 營收及毛利率將持續成長，主要受益於：1) AI GPU、ASIC 及高效能運算需求持續強勁；2) 製程優化及瓶頸解除；3) 價格調整。因此，我們預估 4Q26 營收將季增 10%至 579.2 億元，毛利率為 30.5%，營業利益率為 21.8%，每股稅後盈餘為 6.80 元，年增 193%。

產能擴張持續，高階載板布局良好

目前光復一廠第三期產能已於 2026 年下半年進入量產。光復二及楊梅二預計將於 2027 年及 2028 年進入量產，且兩座廠房的預付款已由客戶全額支付，足以涵蓋擴廠費用。楊梅三及楊梅五預計將於 2029 年及 2030 年進入量產，楊梅三的產能已大部分被預約。至於近期取得的新竹土地，規劃用於 2030 年以後的產能。我們認為欣興積極擴產主要是為滿足客戶未來對高階載板的需求，並與策略夥伴在次世代 XPU/GPU/CPU 平台及超大規模 ASIC 產品路線圖保持一致。我們假設欣興的 ABF 產能在 2026 年增加 40%，2027 年增加 30~40%。整體而言，欣興在先進載板開發領域具備優勢，包括 CoWoS、CoPoS、EMIB-T 及玻璃基板。在有利的價格環境、新產能貢獻及產品優化下，我們預期 2027 年營收及毛利率將擴大。我們預測 2026 及 2027 年每股稅後盈餘分別為 23.42 元及 41.10 元。

富邦不同之處

我們對 2026/2027 財年每股稅後盈餘的預測高於市場共識的 21.7 元及 40.6 元，因為我們採用較高的營收假設。

估值與風險

我們維持對欣興的買進評等，並將目標股價由 1,100 元（30 倍前次 2027 財年 EPS）上調至 1,500 元（36 倍 2027 財年 EPS）。我們預估的主要風險包括：1) AI 伺服器需求，2) ABF 及 BT 價格。

Fubon's Rating System

Rating	Definition
Buy	Expected absolute return to be over 15% within the next 6 months
Neutral	Expected absolute return to be level within the next 6 months
Sell	Expected absolute return to be over negative 15% within the next 6 months
Not Rated (NR)	Pursuant to Fubon acting in deals involving the company or there is not a sufficient fundamental basis for determining an investment rating
Under Review	Fubon is in the process of determining an investment rating and will assign a rating within the 3- to 6-month horizon

Sector Rating	Definition
Overweight	Sector expected to outperform the broader market indexes within the next 6-12 months
Market Weight	Sector expected to perform in line with the broader market averages within the next 6-12 months
Underweight	Sector expected to underperform the broader market indexes within the next 6-12 months.

富邦的股票評等標準

評等	定義
買進	預估未來6個月內的絕對報酬超過15%
中立	預估未來6個月內有絕對報酬介於15%與負15%之間
賣出	預估未來6個月內的絕對報酬高於負15%
未評等	由於富邦目前與該公司有特定交易或沒有足夠的基本資料判斷該公司評等
評估中	目前正在研議個股的投資評等，將於3到6個月內提供投資評等

產業評等	定義
優於大盤	預估該產業在未來6個月內會比大盤指數表現突出
持平	預估該產業在未來6個月內與大盤指數表現相較持平
劣於大盤	預估該產業在未來6個月內會比大盤指數表現較差

投資評價與建議

預估景碩2026、2027、2028年稅後EPS為12.93、42.41、89.75元，過往產業上行期Forward PER落在30-35倍，參考國際龍頭廠Ibiden(4062.JP)近期評價回升至35倍以上，基於2027年稅後EPS，給予景碩30倍之本益比。

重點評論分析

獲利表現優於預期，2027年CPU及記憶體成長動能強勁：受惠ABF、BT漲價效益及Nvidia Vera Rubin載板逐步貢獻，公司8月自結稅後EPS達1.59元，毛利率自2Q26的26%提升至單月達34%，大幅優於預期。展望2027年，主要成長動能來自伺服器及記憶體需求，其中Rubin GPU載板面積、層數提升，且世代轉換良率約下降10~20%，將帶動ABF產能消耗量達翻倍成長；CPU方面，Vera及AMD Venice載板耗用量分別較前代增加54%、44%，預估2027年CPU營收比重將由1H26的5~10%提升至20%以上；BT方面，受惠記憶體及光模組需求強勁、同業產能縮減，預期2027年產品價格將逐季調漲逾5~10%，其中光模組已切入800G、1.6T及3.2T專案，預估2027年相關營收將成長3~5倍以上。

AI大客戶提前鎖定ABF產能，擴產能見度達2030年：景碩目前ABF月產能約4,000萬顆，預計2026年底稼動率近滿載，隨產業供需逐步轉緊，AI大客戶已投資並提前鎖定產能，預估2027~2029年ABF月產能將分別年增25%/30%/23%至5,000萬/6,500萬/8,000萬顆，近期亦新取得第七廠區土地，預估2030年月產能有望再增加20~25%，擴產能見度領先同業。

投資風險

上游T-glass緊缺緩解速度不如預期。

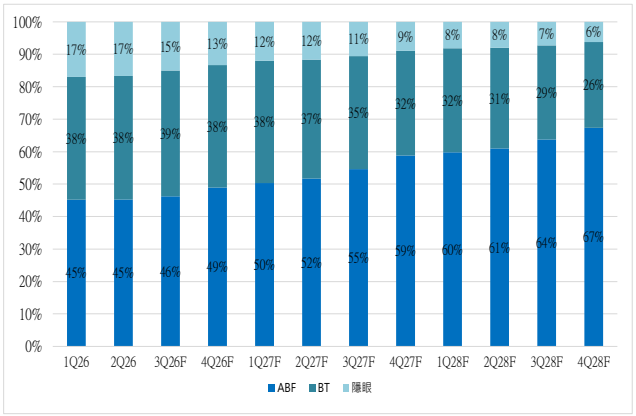
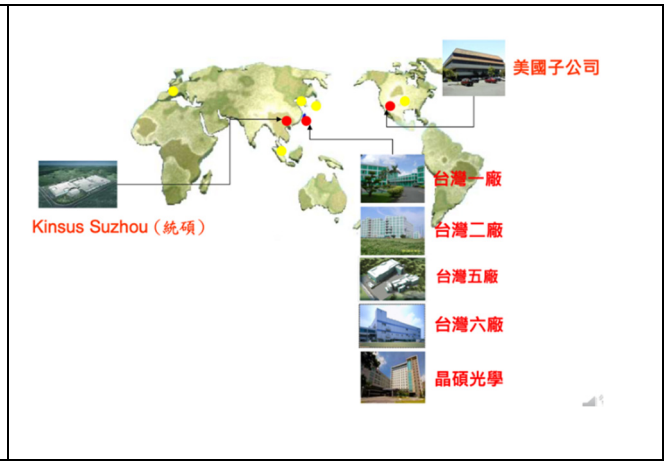
公司簡介

景碩創立於2000年，為華碩轉投資，主要生產各種積體電路用球型柵狀陣列(BGA)基板之廠商。公司發展策略著重於少量多樣之利基型BGA基板，避開量大主流產品繪圖晶片及晶片組之殺價競爭，為全球Flip Chip前三大主要供應商，生產工廠分別位於桃園新屋、楊梅、新竹新豐、大陸蘇州。2Q26營收佔比：ABF 45%、BT 38%、隱形眼鏡 17%。

圖表、產品營收比重



圖表、公司產能分布



資料來源：景碩

營運概況

3Q26 受惠漲價及大尺寸載板出貨比重提升，毛利率大幅成長：3Q26 營收季增 16.35%至 145.4 億元，營收成長主要來自漲價效益，受上游 T-glass 等原料漲價影響，預估 ABF、BT 各約調漲 10~15%，其中 8 月自結稅後 EPS 達 1.59 元，比重已達 2Q26 稅後 EPS 的約 64%，單月毛利率約上升至 34%，大幅優於預期，預估 3Q26 毛利率季增 8.43ppts 至 34.52%，主因漲價推動及高階大尺寸載板出貨比重上升，Vera Rubin GPU 及 CPU 載板逐步開始貢獻，營益率季增 9.27ppts 至 22.71%，稅後 EPS 4.13 元。

4Q26~2027 年主要動能來自 CPU 及記憶體強勁需求：公司 4Q26-2027 年主要 AI 成長動能仍來自 Nvidia，其中 GPU 部分，將持續受惠 ABF 尺寸及板層數上升趨勢，隨載板面積自 Blackwell 的 80*75mm 成長至 Rubin 達 90*100mm，板層數自 14L 上升至 18L，且良率換代將下降 10~20%，預估 2027 年高階 ABF 消耗量將至少翻倍成長，產業逐步走向供不應求下，景碩於 GPU 市場份額有望達 10~20%，惟因 Nvidia 供應鏈仍包括 Ibiden、欣興、Semco 三家廠商，因此景碩於 GPU 議價能力相對有限；ASIC 方面，景碩亦逐步受惠外溢訂單，2H25 已開始供應 Google TPU 載板，雖供貨比重未達 10%，仍預期公司將於 ASIC 市場持續擴大市占率。

CPU 部分，載板面積及板層數亦逐代上升，Nvidia Vera CPU 載板耗用量將較上代 Grace CPU 增加 54%以上、AMD Venice CPU 則較上代 Turin 增加約 44%，景碩於 Nvidia Grace CPU 及 Vera CPU 份額達 60~70%，將成後續主要成長動能，AMD 方面則持續接洽目標 2027 年量產的 Zen7 及後續 Zen8 世代，整體在 Agentic AI 帶動下，CPU 需求大幅提升，CPU 潛在市場有望逐年年增 35%以上至 2030 年，預估 2027 年 CPU 佔公司整體營收比重將自 1H26 的 5-10%提升至 20%以上，此外，因市場前幾家 ABF 載板廠產能皆以 GPU 及 ASIC 供應為優先，

CPU 載板預計將面臨供不應求，因此 Nvidia 已投資景碩 2028-2029 年的兩座新廠建置，以鎖定 CPU 載板產能，且將由客戶支付相關資本支出，公司無需負擔額外費用。

BT 業務方面，目前稼動率約 75%，預計 2026 年底將達 85%，未來成長動能主要來自記憶體、光模組強勁需求，景碩記憶體營收佔比約為 20%，主要客戶為美光、SanDisk，產品以 DRAM 及 NAND 載板為主，隨同業欣興逐步縮減 BT 產能規模，預期 BT 市場後續供給亦將呈趨緊，預期 4Q26~2027 年每季將調漲 5~10%以上，且因記憶體終端產品價格皆呈數倍成長，客戶對於漲價接受程度高。

光通訊模組部分，公司現透過 BT 載板切入 800G、1.6T 及 3.2T 專案，以台灣產能接洽海外客戶，包含 AAOI(美)、Omron(日)、Lumentum(美)等，陸系客戶需求則透過蘇州統碩 K3 廠供應，預期光模組走向 1.6T~3.2T 需更細線路，未來競爭格局將由傳統 PCB 廠全面轉向載板廠競爭，預計 2027 年公司光模組營收將成長 3~5 倍以上，並將於 2027 年中進行 BT 產能去瓶頸。

AI 大客戶鎖定 ABF 產能，逐年積極擴產至 2030 年：公司目前 ABF 廠區包括台灣二廠、五廠及六廠，整體 ABF 月產能為 4,000 萬顆，3Q26 稼動率約 85%~90%，2026 年底即達 95%，在 ABF 產業於 2H26 進入供不應求下，公司已釋出 2026、2027 年資本支出計畫分別為 140 億元、160 億元，主要用於公司第六廠區第二棟新工廠的設備購置，另因 AI 大客戶期望提前鎖定 2028-2029 年載板產能，將再建置兩座新廠於台灣第六廠區，故景碩 2027/2028/2029 年 ABF 月產能將年增約 25%/30%/23%至 5,000 萬/6,500 萬/8,000 萬顆，此外，近期公司亦公告購置新土地，為第七座廠區，預估 2030 年產能有望再增加約 20~25%至 1,500~2,000 萬顆/月，擴產能見度為目前同業中最長。

料源部分，因 T-glass 仍嚴重緊缺，除持續導入新的台廠供應商如台玻、南亞，陸系如宏和、泰山玻纖，公司亦與 Resonac、Nvidia 共同開發 Hybrid Core 方案，其核心層大多採 E-glass、少部分關鍵層則混用 T-glass（約 10 層為 E-glass 搭配 2 層 T-glass），可於高層數 CPU 上節省 6 倍以上的 T-glass 用量，已於 2Q26 底通過認證，得以解決公司於原料取得上之瓶頸。

預估公司 2026 年營收將年增 38.71%至 545.84 億元，毛利率為 30.72%，稅後 EPS 12.93 元；2027 年營收年增 65.79%至 904.97 億元，毛利率為 45.07%，稅後 EPS 42.41 元；2028 年營收年增 67.15%至 1,512.67 億元，毛利率為 54.11%，稅後 EPS 89.75 元。

投資評價與建議

受惠低軌衛星雷射通訊產品需求增加，預估2026/2027年稅後EPS為10.06/13.48元，參考低軌衛星同業產業上行期Forward PE區間多落在30~50倍，考量低軌衛星進入高速部署期，有利評價上修，給予50倍PER。

重點評論分析

接獲美中光通訊被動與光纖雷射訂單，2Q26營收增加，3Q26營收持續走升：2Q26營收季增30.2%至3.3億元，係因低軌衛星雷射通訊產品需求增加，另外接獲傳統光通訊被動元件與高功率光纖雷射訂單，2Q26毛利率受惠產品組合優化季增6.42ppts，稅後EPS為2.77元。隨低軌衛星進入高速部署期帶動雷射通訊產品出貨量增加，3Q26營收季增1.4%至3.4億元，預估稅後EPS為2.65元。

低軌衛星即將商業運轉，近年迎獲利爆發期：低軌衛星透過底部的雷射光通訊終端設備(LCT)進行衛星間資料傳輸，單顆衛星約需採用3~4個LCT模組，每顆LCT均需光放大器，萊德光電主要提供光放大器內部之合束器、隔離器及雷射輸出端接頭，而兩大美系低軌衛星營運商皆為其客戶。由於目前衛星通訊頻寬仍受限且尚無法手機直連，故近期發展趨勢為增加單顆衛星上的LCT雷射通訊終端數量，未來若太空資料中心計畫被採用，LCT模組用量可望提升至6顆，用量倍增，另外同步提高單顆LCT頻寬與功率，由於太空對於封裝與散熱規格的要求將更加嚴苛，產品單價與技術門檻亦大幅提升。

投資風險

衛星客戶發射時程遞延。

營運概況

接獲美中光通訊被動與光纖雷射訂單，2Q26營收增加，進入低軌衛星高速部署期，3Q26營收持續走升：2Q26營收季增30.2%至3.3億元，係因低軌衛星雷射通訊產品需求增加，另外亦接獲美國與中國傳統光通訊被動元件與高功率光纖雷射產品訂單，1Q26毛利率僅57.5%，受備抵存貨影響，2Q26毛利率則受惠衛星產品出貨增加帶動產品組合優化季增6.42ppts，稅後EPS為2.77元。隨低軌衛星產業即將商業運轉進入高速部署期，將帶動低軌衛星雷射通訊產品出貨量增加，3Q26營收季增1.4%至3.4億元，預估稅後EPS為2.65元。

Aleddra Inc.提出訴訟保護應急照明系列產品相關專利：Aleddra Inc.原為萊德光電2008年成立之智慧照明事業部，公司於2015年將其獨立分割成子公司，主要產品為智慧照明，近期則往光療領域轉型。Aleddra Inc.擁有超過100項發明專利，目前營收最大的產品為應急照明燈，公司透過發明專利切入美國緊急照明燈市場，包括：大型商場、倉庫、停車場等，由於該系列產品符合美國法規要求且產品可透過手機直接檢測續電池電力與維修狀態，故為全集團毛利最高之產品，惟過去3~4年遭美商RAB Lighting Inc.長期侵權，公司已於2026年7月正式向美國德州北區聯邦法院提出訴訟要求判決停止侵權並進行損害賠償，預估2026和2027年將支出約188萬和175萬美元之律師費用，該費用將採逐月認列，對整體獲利影響有限，由於該訴訟案勝訴機率高且未來有機會透過業務合作方式，將推升該系列產品營收動能。另外公司目前著重智慧健康照明，利用非侵入式40Hz伽瑪光調節人體生物節律，改善高齡族群認知功能與失智症之效果，預計相關產品將於4Q26對外銷售。

低軌衛星即將商業運轉，近年迎獲利爆發期：低軌衛星透過底部的雷射光通訊終端設備(Laser Communication Terminal, LCT)進行衛星間資料傳輸，單顆衛星約需採用3~4個LCT模組，每顆LCT均需光放大器，萊德光電主要提供光放大器內部之合束器(Pump Combiner)、隔離器(Isolator)及雷射輸出端接頭，而兩大美系低軌衛星營運商皆為其客戶。由於目前衛星通訊頻寬仍受限且尚無法手機直連，故近期發展趨勢為增加單顆衛星上的LCT雷射通訊終端數量，未來若太空資料中心計畫被採用，LCT模組用量可望提升至6顆，用量倍增，同時提高單顆LCT頻寬與功率，由於太空對於封裝與散熱規格的要求將更加嚴苛，產品單價與技術門檻亦大幅提升。由於低軌衛星光市場產業尚未成熟且標準化，故每家公司設計皆不同，公司及早與客戶共同設計並建立標準，由於需具備相關技術且驗證時間長，競爭者難以進入。因應低軌衛星客戶需求，公司持續擴充泰國廠房與生產人力因應。綜上所述，預估2026/2027年營收年增50%/27.4%至12.8/16.3億元，稅後EPS為10.06/13.48元。

萊德光電-KY成立於1999年，總部位於美國西雅圖，員工人數193人，實收資本額2.47億元，為全球領先光纖被動元件製造商，主要產品包含：光纖、光電應用與發光二極體(LED)，其中截至2Q26產品組合可分為衛星雷射通訊元件(53.3%)、高功率光纖雷射元件(19.1%)、光通訊被動元件(14.6%)、光纖端面檢測儀與光纖元件製造設備(7.5%)、智慧照明(4.9%)、其他(0.6%)，其中衛星相關營收比重已逾50%。萊德光電-KY以研發創新為核心，透過自有品牌深耕歐美市場，另外光電產品專注於客製化OEM項目，主要鎖定利基型市場。

技術應用領域方面：(1)智慧照明與光療：LED照明轉向智慧與醫療應用，為公司毛利率最高領域；(2)光纖雷射：屬於千瓦級產品，元件通常較光通訊大且散熱為核心技術，應用於切割、焊接、熱處理、3D列印、醫療與LiDAR遙測；(3)衛星雷射通訊：在真空中散熱與抗輻射、高低溫差為主要挑戰，台廠多為微波通訊，而公司則專注於雷射通訊，公司能跨入此領域主要仰賴光通訊與光纖雷射技術累積；(4)光纖傳感：應用於海底石油與天然氣探勘，適用沙漠、深海等極端環境，因環境差異，元件結構需重新設計；(5)熔融拉椎機台：為核心技術，具端泵與側泵能力，另外公司開發光纖端檢儀，用於檢測光纖雜質。

產能方面，美國西雅圖為集團總部，包含：研發、製造、業務和工廠，負責創新、智財權維護、產品定義及程序維護；臺灣為決策與營運中心，負責資源調配，未來計畫在臺灣設立研發中心；中國深圳廠負責生產製造與工程能力提升。因應地緣政治風險變化與客戶需求，公司積極評估相關擴廠計畫：(1)董事會通過設立泰國廠投資案，預計2026年底通過認證開始小量生產；(2)美國大力推動「美國製造」政策，公司亦評估在美國本土進行製造的可能性，最終視生產成本決定何處製造。

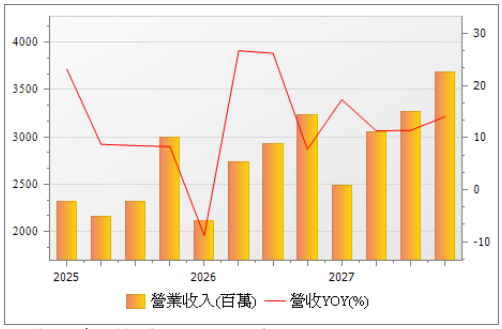
營收走勢圖



研究員/張均壕 JUN_HAO1@uni-psg.com

研究部對胡連營運看法依舊是正向，主要是考量：(1)胡連在中國自主品牌客戶的滲透率不斷提高，且受惠客戶出口帶動，令其營收在車市逆境中得以持續成長；(2)在旺季效應帶動下，4Q26 營收有望創下歷史新高；(3)雖然原材料成本上漲壓力尚未完全消除，但高頻連接器與 PCB BOX 等新產品持續取得新訂單，加上越南廠新增 TESLA 訂單量產，以及歐洲線束廠併表效應，預期公司仍能穩健增長。研究部預估胡連 2026 年 EPS 10.32 元(-2.4%YoY)、2027 年 EPS 11.35 元(+10.0%YoY)。以明年獲利為評價基礎，給予 12.5 倍本益比，目標價 142 元，維持買進評等。

重點摘要：

1. **第3季各區域營收皆成長：**
回顧胡連 3Q26區域營收表現：中國區營收占80.0%，成長26% YoY；台灣占3.6%，成長8%YoY；越南占2.4%，成長46%YoY；印尼占2.3%，成長21%YoY；歐洲占2.2%，成長24%YoY；美洲占4.4%，成長40%YoY；其他亞太占5.1%，成長53%YoY。產品組合方面，3Q26端子占28.9%、塑件占35.4%、BOX 占11.2%、線束占10.2%、板端件占6.1%、高頻連接器占5.5%。高壓連接器占0.7%。

2. **3Q26 營收逆勢增加，惟成本壓力影響毛利率表現：**
胡連 3Q26 合併營收29.36 億元(+6.9% QoQ，+26.2% YoY)，成長主要來自中國自主品牌滲透率提高，加上越南及北美市場因去年關稅議題基期較低，今年出貨則恢復成長。因銅價高檔及塑料從 2Q26 開始上漲，預計胡連3Q26 毛利率較前季減少1.0個百分點，將下滑至 26.9%。業外雖有匯兌利益，但遭金融資產評價損失抵銷，整體業外呈現小虧。研究部預估胡連3Q26稅後淨利3.03億元(-8.9% QoQ，-0.5% YoY)，預估3Q26EPS 2.55元。

3. **4Q26 旺季效應發酵，單季營收將創高：**
進入第四季傳統旺季，且多項案子進入量產，包括比亞迪、GM、上汽的高頻高壓產品；海外市場尚有印尼廠將開始小量交貨 PCB BOX 與保險絲盒予比亞迪。研究部預計胡連本季營收將能創歷史新高，預估4Q26合併營收32.35億元(+10.2% QoQ，+7.8% YoY)。4Q26毛利率受惠於稼動率提高，預計季增 1.3 個百分點至28.1%。預估4Q26稅後淨利4.01億元(+32.3% QoQ，-24.0% YoY)，預估4Q26EPS 3.37元。

4. **成本壓力上升，2026年毛利率與年度獲利下修：**

全年度來看，2Q26開始的強勁訂單令胡連年度營收有望達成雙位數成長的目標，只是因為成本上漲的壓力，令其毛利率受壓，故研究部下修2026年年度獲利2%，預估全年合併營收110.41億元(+12.4% YoY)，毛利率27.5%，費用率14.4%，預估今年稅後淨利12.28億元(-2.4% YoY)，預估2026年EPS 10.32元。

5. **接單動能仍佳，且有新事業併表，預期明年業績穩定增長：**

展望2027年，胡連仍設定雙位數成長目標，其成長動能來自於：(1)中國自主品牌客戶的新產品開發專案進入量產；(2)高頻高壓連接器、PCB BOX等新產品拓展更多新客戶；(3)海外市場的新業務，包括印尼廠供應比亞迪PCB保險絲盒，明年將有整年度貢獻；越南廠將供應美國電動車客戶。此外，胡連在2026年8月公告併購兩家義大利線束廠，最快將在今年底與1Q27陸續併表，亦能為營收帶來額外增長動能。研究部預期胡連2027年合併營收將提高至125.08億元(+13.3%YoY)。由於成本上漲趨勢，以及產品組合變化，令毛利率受壓，預期將小幅下滑至27.4%。惟得益於營收規模擴大，預計費用率能下降至14.0%。預期胡連2027年年度稅後淨利將提升至13.51億元(+10.0%YoY)，預估胡連2027年EPS 11.35元。

南亞(1303 TT) Buy

電子材料比重持續提升，有利營運成長動能，投資建議為 Buy。

投資建議：電子材料高階產品比重持續提升，產品組合改善有利中長期營運成長動能，投資建議為 Buy，目標價 390 元。

3Q26 獲利優於預期，上修 2026 年及 2027 年稅後 EPS 分別為 15.15 元及 21.9 元：南亞 1Q26 單季稅後獲利 142.55 元，稅後 EPS 1.8 元。2Q26 營業利益 QoQ 大幅增長，主因電子材料產品積極發展 AI 伺服器、高效運算、高階網通用材料，產能利用率及售價皆有提升；化工產品享有庫存利益，美國 EG 產線全能運轉下亦由虧轉盈。業外方面，轉投資南亞科技獲利貢獻較上季顯著增加，加上台塑化獲利貢獻及股利收入等，單季稅後 EPS 3.37 元。3Q26 營收 QoQ+14.3%，主要受惠於 AI 擴張資本支出，推升電子材料產品價格上漲，產能利用率同樣提升至接近滿載，加上高階產品逐漸放量銷售，電子材料單季營收占比提升至 58.1%；另 EG 受惠於中東受損產能尚未恢復，產品市價來到近年來高點，推升化工產品營收增長。營業利益 QoQ 大幅增長，主要動能仍來自於電子材料產品，因市場供給增速無法跟上需求擴張速度，推升售價持續上漲，獲利大幅增加；化工產品因 EG 利差擴大、獲利提升。業外方面，台塑化獲利貢獻較上季增加，南亞科技獲利貢獻則較上季增加 99.2 億元。南亞 3Q26 單季稅後 EPS 4.9 元，創單季歷史新高。展望後市，4Q26 電子材料高階產品有望放量，營收維持成長態勢；化工產品 EG 因中東戰事受損的產能短期內恢復機率不高，目前供應吃緊的狀態仍是持續，麥寮廠已啟動一套 EG 產線，4Q26 將全能運轉；聚酯產品方面，紡織及瓶用粒市況較為不佳，將積極擴大電子用途的比重；塑膠加工部門表現則是維持穩健。預估南亞 4Q26 稅後 EPS5.09 元。綜上所述，2026 年受惠於 AI 伺服器市規模持續擴大，南亞電子材料產品營收將維持增長態勢，產品組合的改善有望提升整體營運表現，加上業外南亞科獲利貢獻增加，預估南亞 2026 年稅後獲利 1201.68 億元，稅後 EPS 15.15 元。2027 年電子材料高階產品比重提高、帶動營收及營益率持續增長，以及業外南亞科獲利貢獻增加之下，預估南亞稅後獲利 1736.64 億元，稅後 EPS 21.9 元。

註：稅後純益係指本期淨利歸屬於母公司業主；稅後 EPS 以股本 793.08 億元計算。

公司 ESG 政策:

南亞主張「綠色生產」，積極管理其營運過程對環境的衝擊 — 包括能源消耗、資源利用、排放與廢棄物處理等。

公司進行溫室氣體盤查 (依據國際標準與地方法規) — 包含碳排查，並導入第三方認證與驗證機制。

為降低排放與污染，南亞在製程中導入技術改善，例如對含全氟化物 (PFCs) 的製程氣體進行削減，PFCs 的排放削減率達 93%。

公司也推動節能與資源回收／減量 — 累積節能量 (節省能源消耗) 相當可觀。

能源管理也有具體政策：設置水回收系統、雨水回收設施、儲水池與滯洪池，並制定緊急應變計畫，以因應氣候變遷與水資源短缺問題。

同時，公司在產品與供應鏈層面也強調綠色採購與循環經濟 — 例如對回收塑膠廢棄物 (包括消費後廢棄的塑膠品) 進行再製加工，用於塑膠棧板等產品，減少對原生資源 (如木材) 的依賴。。

南亞投入教育與人才培育，尤其在科技／半導體產業鏈相關領域—例如協助培育新進人才，並透過與學校合作、產學計畫推動多元人才養成。

在其子公司 (或關係企業) 中，也有針對供應鏈的永續性管理與供應商評估，強化供應商在環境與社會責任上的表現，提醒企業不只是自己，而是整個價值鏈共同承擔責任。

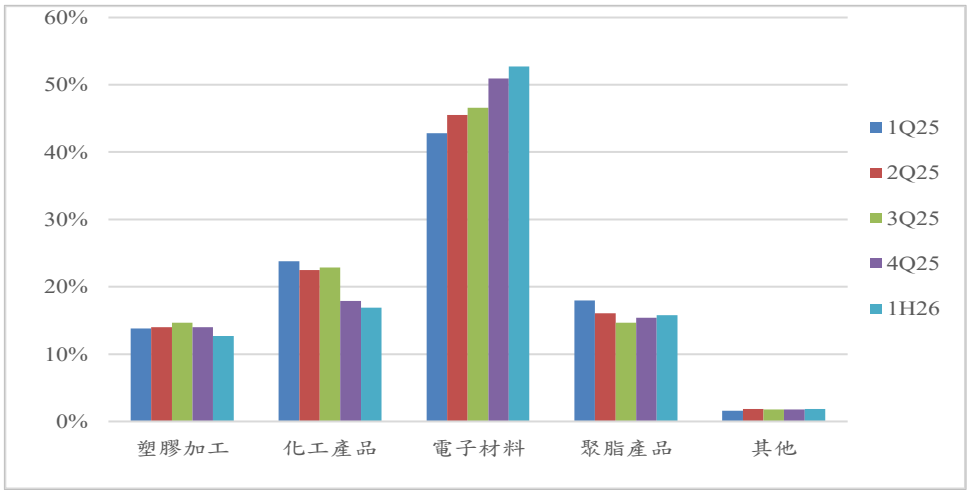
在產品安全與客戶服務面，南亞亦重視品質管控與客戶滿意度，並設有制度 (包括內部稽核、品保程序、滿意度調查／改善機制) 以維護消費者權益與信任。

公司簡介:

南亞業務包含: (1)塑膠加工類:軟質膠布、硬質膠布、PU 合成皮等；(2)化工產品類:乙二醇(EG)、丙二酚(BPA)、丁二醇(1,4BG)、可塑劑等；(3)聚酯產品類: 聚酯棉、聚酯粒、聚酯加工絲及聚酯薄膜；(4)電子材料類: 玻纖絲、玻纖布、環氧樹脂、銅箔、銅箔基板及印刷電路板。

南亞 1H26 營收比重中，電子材料占比 52.7%，化工產品占比 16.9%，聚酯產品占比 15.8%，塑膠產品占比 12.7%，其他項目則為 1.9%。受惠於 AI 伺服器、高階網通設備需求強勁，電子材料部門營收比重呈現逐季增加，化工產品部門則因石化景氣低迷，營收比重呈現下滑。

圖一、南亞各部門營收比重變化

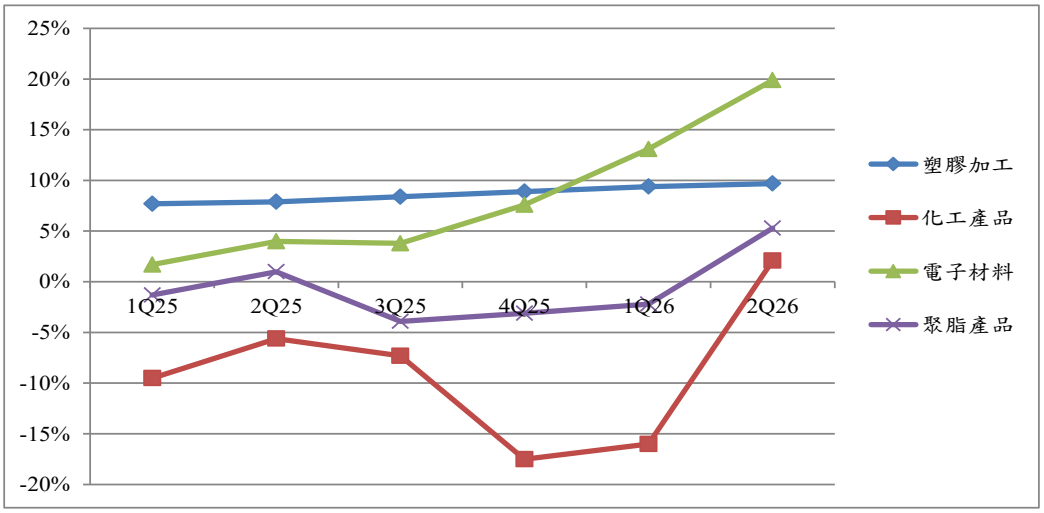


資料來源：公司簡報，群益投顧彙整

電子材料部門營益率持續攀高:

隨 AI 與高階網通投資持續擴張，中高階產品需求急速增長，加上銅價上漲進而推升產品售價，電子材料部門營益率顯著改善，2Q26 電子材料部門營益率已由 1Q26 的 13.1%攀升至 19.9%。

圖二、南亞各部門營益率變化



資料來源：公司簡報，群益投顧彙整

電子材料產品組合改善，營收及營益率皆有望獲得提升:

為因應 AI 相關應用需求持續成長，公司營運重心將持續將重心放在電子材料高階產品的開發及認證，3Q26 營收中電子材料比重已達 58.1%。

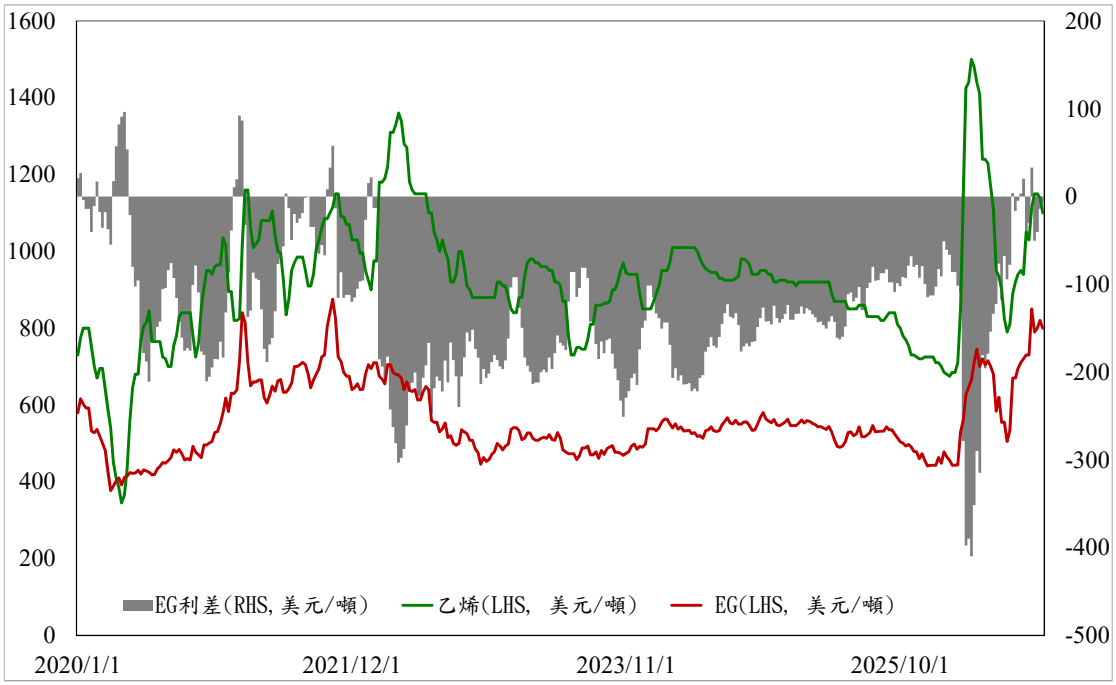
電子材料展望: (1)銅箔:目前高階產品以 HVLP3 及 HVLP4 為主，高階銅箔因需求強勁加上加工產出速度緩慢，故產品售價及加工費都處於調漲階段，HVLP5 及以上的銅箔則在開發中；(2)銅箔基板:消費型產品漲價趨勢不變，M7 及 M8 有望於 4Q26 開始供應大筆訂單，高階產品比重將快速拉升；M9 及 M10 規格優先採用 Low-DK2 搭配自有的碳氫樹酯，此配方回饋數據可達理想狀態；隨產品結構逐步改善，未來銅箔基板有望為電子材料中獲利率最

佳者。此外，公司目前透過整改既有及退役的產線來擴充產能，2026 年底產能將自 618 萬張/月增至 650 萬張/月，2027 年則有望達 700 萬張/月以上；(3)玻纖布:由日東紡提供 Low-Dk2 原紗再製成玻纖布的部分於 2H26 開始穩定放量，進而支援高階銅箔基板的開發。整體而言，公司電子材料營運策略在中階產品拓展銷售加上高階產品開發之下，未來營收及營益率皆有望獲得提升。

中東衝突導致部分 EG 產能受損，EG 利差改善:

化工產品方面，中東衝突導致部分 EG 產能受損，供應減少之下，中國 EG 進口量減少、港口庫口下降，進而支撐報價走揚，利差同步獲得改善。

圖三、EG 報價及現貨利差走勢



資料來源：Bloomberg，群益投顧彙整

預估 2026 年及 2027 年稅後 EPS 分別為 15.15 元及 21.9 元:

南亞 1Q26 營收 QoQ+6.41%，其中電子材料營收比重已達五成以上，主要受惠於需求持續強勁、價量俱揚所致；聚酯產品因美國市場增加境內採購取代進口，南卡廠營收有所增加；塑膠加工產品因亞洲及美國需求略為增溫，業績小幅成長；化工產品營收則持平。營業利益 QoQ 正增長，主因電子材料產品有顯著貢獻，塑膠加工及聚酯產品營運則略優於 4Q25。業外方面，轉投資台塑化及南亞科技獲利貢獻皆較上季顯著增加，加上匯兌利益 4.9 億元，單季稅後獲利 142.55 元，稅後 EPS 1.8 元。

2Q26 營收 QoQ+21.9%，受惠於 AI 及周邊產業加速發展，電子材料產品價量俱揚，營收增長最為顯著；另受惠於戰爭局勢推升產品報價，以及美國市場增加當地採購，聚酯、化工及塑膠等產品營收皆有所增加。營業利益 QoQ 大幅增長，主因電子材料產品積極發展 AI 伺服器、高效運算、高階網通用材料，產能利用率及售價皆有提升；化工產品享有庫存利益，美國 EG 產線全能運轉下亦由虧轉盈。業外方面，轉投資南亞科技獲利貢獻較上季顯著增加，加上台塑化獲利貢獻及股利收入等，單季稅後 EPS 3.37 元。

3Q26 營收 QoQ+14.3%，主要受惠於 AI 擴張資本支出，推升電子材料產品價格上漲，產能利用率同樣提升至接近滿載，加上高階產品逐漸放量銷售，電子材料單季營收占比提升至 58.1%；另 EG 受惠於中東受損產能尚未恢復，產品市價來到近年來高點，推升化工產品營收增長。營業利益 QoQ 大幅增長，主要動能仍來自於電子材料產品，因市場供給增速無法跟上需求擴張速度，推升售價持續上漲，獲利大幅增加；化工產品因 EG 利差擴大、獲利提升。業外方面，台塑化獲利貢獻較上季增加，南亞科技獲利貢獻則較上季顯著增加 99.2 億元。南亞 3Q26 單季稅後 EPS 4.9 元，創單季歷史新高。

展望後市，電子材料產品組合結構改善，營收維持成長態勢；化工產品 EG 因中東戰事受損的產能短期內恢復機率不高，目前供應吃緊的狀態仍是持續，麥寮廠已啟動一套 EG 產線，4Q26 將全能運轉；聚酯產品方面，紡織及瓶用粒市況較為不佳，將積極擴大電子用途的比重；塑膠加工部門表現則是維持穩健。預估南亞 4Q26 稅後 EPS5.09 元。

綜上所述，2026 年受惠於 AI 伺服器市規模持續擴大，南亞電子材料產品營收將維持增長態勢，產品組合的改善有望提升整體營運表現，加上業外南亞科獲利貢獻大幅改善，預估南亞 2026 年稅後獲利 1201.68 億元，稅後 EPS 15.15 元。

2027 年電子材料高階產品比重提高、帶動營收及營益率持續增長，以及業外南亞科獲利貢獻增加之下，預估南亞稅後獲利 1736.64 億元，稅後 EPS 21.9 元。

投資建議:

電子材料高階產品比重持續提高，產品組合改善有利中長期營運成長動能，投資建議為 Buy，目標價 390 元。

【投資評等說明】

評等	定義
強力買進(Strong Buy)	首次評等潛在上漲空間≥35%
買進(Buy)	15%≤首次評等潛在上漲空間<35%
區間操作(Trading Buy)	5%≤首次評等潛在上漲空間<15%
中立(Neutral)	無法由基本面給予投資評等 預期近期股價將處於盤整 建議降低持股

【投資評等調整機制】

投資評等係「首次」給予特定個股投資評等時，其前一日收盤價相較 3 個月目標價之潛在上漲空間計算而得。個股投資評等分為四個等級，定義如上。爾後的投資評等係依循「首次評等」，直到停止推薦。

「強力買進」、「買進」及「區間操作」均有 upside 目標價。差別僅在於，首次評等時潛在報酬率不同。「中立」則無目標價。

一旦我們給予特定個股「強力買進」、「買進」或「區間操作」之投資評等，就是責任的開始，爾後將透過各式研究報告作定期性、持續性追蹤基本面及股價變化，直到停止推薦。

停止推薦情境：

1. 達目標價。
2. 雖未達原訂目標價，但檢視基本面、訊息面、籌碼面等多方訊息，研判股價上漲空間已然有限，將適時出具降評報告。
3. 推薦後股價不漲反跌。

【免責聲明】

本研究報告僅提供予特定人之客戶作為參考資料「非經同意不得轉載」。我們並不確保此資訊的完整性與正確性，投資人應了解，報告中有關未來預測之陳述可能不會實現，因而不應被依賴。而且此報告並非根據特定投資目的或依預定對象之財務狀況所撰寫出來的，因此，此研究報告的目的，既非對投資人於買賣證券、選擇權、期貨或其他證券相關之衍生性商品提供詢價服務，亦非作為進行交易的要約。投資人應注意到相關證券之價值及收益，可能會有無預警地上升或下降，產生投資回報金額可能比原始投資來得少的情形。

南俊國際(6584 TT) Buy

伺服器導軌展望樂觀，投資建議 Buy。

投資建議：高階伺服器滑軌布局持續推進，Vera Rubin 和 ASIC 新專案有望帶動營收及獲利成長，因此給予 Buy 的投資建議，目標價 579 元(以 2027 年預估 EPS 及 25 倍本益比評價)。

3Q26 營收季減，4Q26AI 專案量產是營收回升關鍵：3Q26 營收 8.31 億元，QoQ-1.8%，主要反映通用型伺服器客戶受供應鏈缺料影響而放緩拉貨。目前 Vera Rubin 已小量出貨，預估 4Q26 出貨量逐月增長，A 客戶氣冷機櫃亦已於 10/2026 出貨，將有助營收回升。

Vera Rubin 與 ASIC 為 2027 主要成長動能：Vera Rubin 已於 08/2026 開始小量出貨，預估 4Q26 可逐月增長，並於 1Q27 放量。2027 年將有 M 客戶 ASIC 平台將投入量產。

通用型伺服器需求強勁，但受供應端衝擊：目前通用型伺服器營收佔比仍高於 AI 伺服器，然而受零組件缺料影響，3Q26 出貨較不順暢。南俊已取得 Vera CPU rack 及 M 客戶 Storage rack 訂單，預期 2027 年將推動營收顯著增長。

越南成熟產線與台灣新品自動化並進，成本優勢改善毛利率：公司持續提高首條 Vera Rubin 產線自動化。越南製造成本優勢提供成本端支撐，高階產品則有助提升附加價值，兩者是毛利率改善的主要營動能。

預估 4Q26 營收、毛利率季增：群益預估 4Q26 營收 8.99 億元，QoQ+8.18%，毛利率 45.0%、營益率 33.5%，稅後淨利 2.47 億元、EPS 3.46 元。2026 年全年營收 34.44 億元，YoY+41.55%，毛利率 42.87%、營益率 31.07%，稅後淨利 9.17 億元，EPS 12.85 元。

2027 年全年營收成長加速，營運展望樂觀：群益預估 2027 年全年營收 53.93 億元，YoY+56.61%；毛利率 51.16%，YoY+8.29ppts。營業利益 20.19 億元，YoY+88.69%；EPS 23.18 元。

註：稅後純益係指本期淨利歸屬於母公司業主；稅後 EPS 以股本 7.14 億元計算。

ESG：

環境：南俊於 2022 年加入台灣氣候聯盟，推動供應鏈溫室氣體盤查與減碳承諾，並規劃採用 ISO 14064 溫室氣體驗證，製程面則導入製程廢水回收再利用，回收率最高達 70%，同時於 YTIP1、YTIP2 架設屋頂太陽能，累計減碳 3,006,938 公斤，另透過有害污泥減量設備使污泥量最多下降 67%，並與學研單位合作開發節能專案，強化節能與循環材料的落地。

社會：公司取得 RBA 認證與 ISO 45001 職安衛體系，建立員工關懷與健康促進措施，包括定期職醫進駐、免費地中海飲食、員工身心工作坊、宿舍與餐飲品質管理，每年召開供應商年會傳達 CSR 要求，同時持續投入社區綠地認養與在地體育贊助等公益行動。

治理：董事會依「董事會議事規則」運作，9 位董事中含 4 位獨立董事，並設有審計委員會與薪酬委員會，設置公司治理主管並落實利害關係迴避。內控方面，內稽單位按法令辦理查核，每次查核完成後於次月底前提報審計委員會，內稽主管定期列席審計委員會與董事會報告查核執行情形，確保重大交易與利害關係人事項受監督。

基本資料：

南俊國際（6584 TT）成立於 1984 年，為一家專業鋼珠滑軌製造廠，旗下品牌為 REPON，主要從事鋼珠導軌的研發、製造及銷售，產品廣泛應用於伺服器、家具、系統櫥櫃、辦公設備、家電、醫療及工業設備等領域。公司採取自行研發與客製化製造並行的營運模式，透過鋼材加工、輥製成型、沖壓、表面處理及組裝等製程，提供不同載重、尺寸及功能需求的滑軌產品。近年隨著 AI 與雲端資料中心建置需求增加，南俊國際積極布局伺服器用鋼珠滑軌，包含高載重、薄型伺服器導軌等產品，帶動產品組合朝高附加價值方向發展。

營收比重方面，2025 年度鋼珠導軌（Slide）佔約 97.2%，其他產品佔約 2.8%，顯示公司營收高度集中於滑軌產品。銷售地區方面，2024 年美洲佔 46.5%、台灣內銷佔 21.8%，其他地區佔 31.7%。在獲利表現上，隨著高附加價值伺服器滑軌產品出貨比重提升，以及產品組合優化，有助於推升平均銷售單價與毛利率；未來營運成長動能則可關注 AI 伺服器及雲端資料中心需求、高階滑軌產品滲透率，以及海外產能布局。

3Q26 營收季減，4Q26AI 專案量產是營收回升關鍵：3Q26 營收 8.31 億元，QoQ-1.8%，主要反映通用型伺服器客戶受供應鏈缺料影響而放緩拉貨，限制單季營收及高階產品貢獻，然而目前 Vera Rubin 已小量出貨，且越南廠量產將帶來成本優勢，預估可使毛利率在營收季減的情況下仍小幅改善。10/2026 A 客戶 ASIC 氣冷版本開始量產，且 4Q26 Vera Rubin 出貨量可望逐月增長，帶動營收回升。

Vera Rubin 與 ASIC 為 2027 主要成長動能：南俊在 Rubin 世代增加供應機會，有利拓展既有客戶與平台覆蓋。Vera Rubin 專案目前已取得三家 Tier1 及一家 Tier2 客戶，尚有 2-3 家客戶洽談中，並有望可取得訂單。Vera Rubin 已於 08/2026 開始小量出貨，預估 4Q26 可逐月增長，並於 1Q27 放量，A 客戶 ASIC 專案則於 10/2026 量產。2027 另有 M 客戶 ASIC 平台將投入量產。此外，目前 A 客戶 ASIC 液冷版本已處送樣認證階段，因其設計複雜度較高，具有單價提升潛力，然而目前尚未確認規格以及報價，若可通過認證，

將有望帶動營收及毛利率進一步增長。其他平台中，HGX Rubin 因 NPI 進度較慢尚未出貨；NVL576 則已開始設計，但最終規格尚未確定。群益認為承重、結構及維護需求提升，有利滑軌朝高附加價值發展，有助於提升毛利率。後續觀察重點放在 4Q26 Vera Rubin 專案能否逐月增量、1H27 是否進入穩定量產，以及專用產線、自動化與越南成本優勢能否支持放量。目前主要風險包括客戶供應鏈缺料延續、新平台設計或核准遞延，以及專線擴充或新品良率不及預期。

通用型伺服器需求強勁，但受供應端衝擊：目前通用型伺服器營收佔比仍高於 AI 伺服器，然而受 CPU、記憶體、載板和被動元件等零組件缺料影響，3Q26 出貨較不順暢。除先前 Eagle Stream 及 Birch Stream 外，亦已取得 S 客戶 Vera CPU rack 訂單，此外南俊還是 M 客戶的 Stroage rack 的主要供應商，預期 2027 年將推動營收顯著增長。惟目前通用型伺服器出貨狀況仍須視供應鏈缺料問題是否緩解。

越南成熟產線與台灣新品自動化並進，成本優勢改善毛利率：南俊指出台灣產能利用率偏高、越南通用型伺服器產線接近滿載，但不同產品與應用間稼動率差異大。伺服器滑軌採產品專線配置，新需求須配合個別產品擴線，廠區整體產能不能直接代表各新平台均有足夠量產能力。現有產能可支應 4Q26 需求，公司持續提高首條 Vera Rubin 產線自動化，並準備第二條產線以支應 2027 年需求，ASIC 則配置專用產線。越南二廠預計 2027 年底完成，預留十餘條產線空間，之後將依客戶需求移轉台灣成熟產線或增設設備。以此時程判斷，2027 年營運支撐主要來自既有越南廠、台灣新品專線與自動化，二廠則提供更長期的擴充空間。越南製造成本優勢提供成本端支撐，高階產品則有助提升附加價值，兩者是毛利率改善的主要動能。

預估 4Q26 營收、毛利率季增：管理層預期 4Q26 毛利率可達 45%，主要受惠越南量產貢獻與 Vera Rubin 出貨。群益預估 4Q26 營收 8.99 億元，QoQ+8.18%，毛利率 45.0%、營益率 33.5%，稅後淨利 2.47 億元、EPS 3.46 元。通用型缺料改善與客戶拉貨程度，將決定營收回升能否實現。群益預估 2026 年全年營收 34.44 億元，YoY+41.55%，毛利率 42.87%、營益率 31.07%，稅後淨利 9.17 億元、YoY+147.92%，EPS 12.85 元。相較 2025 年，毛利率及營益率分別提升約 7.9、11.2 個百分點，營收成長與獲利率改善共同推動淨利增幅高於收入增幅。惟 3Q26 出貨轉弱，新平台貢獻須由 4Q26 及次年度承接，短期成長節奏仍取決於客戶供應鏈。

2027 年全年營收成長加速，營運展望樂觀：群益預估 2027 年全年營收 53.93 億元，YoY+56.61%；營業毛利 27.59 億元，YoY+86.9%；毛利率 51.16%，YoY+8.29ppts。營業利益 20.19 億元，YoY+88.69%；營業費用 7.4 億元，YoY+82.1%，營業費用年增主要反映越南廠投產以及 ASCI 新專案需額外設立專線所衍生之相關費用，但整體營益率仍將改善；稅後淨利 16.55 億元，EPS 23.18 元，YoY+80.39%。全年成長動能以 Vera Rubin 上半年放量及 ASIC 專案導入為主。新品由導入轉向持續量產、產品附加價值提升及規模經濟將使獲利能力顯著提升。

投資建議：南俊國際高階伺服器滑軌布局持續推進，短期受通用型伺服器缺料影響而導致出貨進程不如預期，但目前 AI 專案已通過多家大廠認證，Vera Rubin 和 ASIC 新專案有望帶動營收及獲利成長，因此給予 Buy 的投資建議，目標價 579 元(以 2027 年預估 EPS 及 25 倍本益比評價)。

2026 年 10 月 14 日

【投資評等說明】

評等	定義
強力買進(Strong Buy)	首次評等潛在上漲空間≥35%
買進(Buy)	15%≤首次評等潛在上漲空間<35%
區間操作(Trading Buy)	5%≤首次評等潛在上漲空間<15%
中立(Neutral)	無法由基本面給予投資評等 預期近期股價將處於盤整 建議降低持股

【投資評等調整機制】

投資評等係「首次」給予特定個股投資評等時，其前一日收盤價相較 3 個月目標價之潛在上漲空間計算而得。個股投資評等分為四個等級，定義如上。爾後的投資評等係依循「首次評等」，直到停止推薦。

「強力買進」、「買進」及「區間操作」均有 upside 目標價。差別僅在於，首次評等時潛在報酬率不同。「中立」則無目標價。

一旦我們給予特定個股「強力買進」、「買進」或「區間操作」之投資評等，就是責任的開始，爾後將透過各式研究報告作定期性、持續性追蹤基本面及股價變化，直到停止推薦。

停止推薦情境：

1. 達目標價。
2. 雖未達原訂目標價，但檢視基本面、訊息面、籌碼面等多方訊息，研判股價上漲空間已然有限，將適時出具降評報告。
3. 推薦後股價不漲反跌。

【免責聲明】

本研究報告僅提供予特定人之客戶作為參考資料「非經同意不得轉載」。我們並不確保此資訊的完整性與正確性，投資人應了解，報告中有關未來預測之陳述可能不會實現，因而不應被依賴。而且此報告並非根據特定投資目的或依預定對象之財務狀況所撰寫出來的，因此，此研究報告的目的，既非對投資人於買賣證券、選擇權、期貨或其他證券相關之衍生性商品提供詢價服務，亦非作為進行交易的要約。投資人應注意到相關證券之價值及收益，可能會有無預警地上升或下降，產生投資回報金額可能比原始投資來得少的情形。

個股分析

ASML (ASML US)

獲利與展望雙升，擴產仍難滿足需求

永豐觀點

ASML 3Q26 獲利優於市場預期，主要受惠既有裝機服務與設備升級需求強勁。管理層將 2026 年營收展望上修至 440–450 億歐元、毛利率約 56%，全年成長主要由 EUV 及服務業務帶動。客戶預期至少至 2028 年供給仍難滿足需求，促使擴產加速，ASML 已承接大量 2028 年訂單，並見客戶提前下訂 2029–2030 年設備的強烈意願；原規劃 2027、2028 年產能各增 30%仍不足因應需求，凸顯設備供給持續偏緊。我們認為，新機種與既有設備升級將協助客戶提升有效產能，價值導向定價則自 2027 年起逐步貢獻獲利。

投資評價與建議

ASML 客戶需求能見度了拉長，以及 ASML 本身持續尋求更多的生產力提升，有助於帆宣設備業務的成長。我們看好帆宣受惠此一需求，進而在未來兩年高毛利業務上具有更強勁動能。現階段維持帆宣目標價 666 元(17.5x 2027EPSF)，待後續財報公告後出具報告更新。

營運現況與分析

服務業務超預期，帶動獲利改善：ASML F3Q26 營收 116.6 億歐元(以下同)(+25.0%QoQ，+55.2%YoY)，毛利率 57.5%，營業利益 51.7 億(+49.7%QoQ，+109.6%YoY)，稅後 EPS 12.95 歐元，高於市場預期的 10.7 歐元。本季獲利優於預期，主要受惠客戶設備升級需求強勁，既有裝機服務與升級業務(Installed Base Management，IBM)單季營收達 32.8 億，高於先前展望的 29 億，並帶動毛利率改善。此外，稅後淨利亦包涵約 5 億歐元的 Mistral AI 投資部位重新評價。

表一：3Q26 ASML 財報優於市場預期(US GAAP)

	實際值	Guidance	市場預估	與市場差異
營收(€M)	11,662	11,000~12,000	11,703	-0.4%
IBM(€M)	3,289	2,900		
毛利率	57.5%	55~57%	56.1%	+1.3pts
研發費用(€M)	1,174	1,200		
管銷費用(€M)	353	400		
營業利益(€M)	5,173	4,840	4,912	+5.3%
EPS(€)-basic	12.95		10.7	+21.0%

*IBM=Installed Base Management

資料來源：Bloomberg、ASML，永豐投顧研究部整理，Oct. 2026

繼續上修全年展望，業務規模與組合共同支撐毛利率：管理層預估 4Q26 營收 142-152 億歐元、毛利率約 57%，其中 IBM 營收達到 37 億，主要由設備升級需求帶動。同時 2026 年營收展望上修至 440-450 億(原估 430-450 億)，毛利率預估約 56%(原估 54-56%)，均朝原財測需求上緣收斂。全年營收成長 36.2%YoY，主要動能來自 EUV 業務(>45%YoY)及 IBM(~50%YoY)，在非 EUV 業務則年增約 20%。毛利率明顯優於年初展望的 51-53%，主要受惠營收規模擴大帶動固定成本攤提改善，以及 EUV、浸潤式曝光設備，以及設備升級業務帶來較佳的產品組合。此外，主要客戶的**價值導向定價協商已完成，預期 2027 年開始部分貢獻，2028 年起完整反映**。

客戶需求能見度延伸，設備供給仍須加速：管理層表示，客戶需求不僅短期增加，也延伸至更長期間，目前預期至少到 2028 年仍供不應求，因此正加速擴產及新廠建置。ASML 已承接大量 2028 年訂單，客戶亦對 2029-2030 年提前下單展現強烈意願。管理層認為，原規劃 2027 及 2028 年產能各增加 30%，仍不足以滿足客戶需求，正尋求於 2028 年及以後進一步擴充產能。我們認為，短中期設備供給仍偏緊，除增加出貨台數外，新機種如 NXE:3800F 及既有設備升級，也將成為協助客戶提高有效產能的重要途徑，並支撐 ASML 營收與獲利成長。

其他技術進展：(1) High NA 採用時程逐步明確： 台積電與 ASML 共同推動產業聯盟，目標於 2030 年代前半段導入 12 吋光罩；台積電並確認預計於 2030 年起將 High NA EUV 導入量產。三星規劃於 2028 年導入，Intel 則已於量產中使用，並持續增加採用層數。(2) 量測效率提升，支援先進製程需求：YieldStar 550B 為新一代光學疊對量測設備，用於檢確認不同製程層圖案的對齊精，並可將顯影完後的資料即時回傳給曝光機和製程控制軟體，調整後續晶圓/下一批的曝光參數，可支援 1.4nm 和 1D DRAM 節點。管理層表示，其量測生產效率提升 60%，有助於承接先進製程日益增加的量測需求，降低量測站形成產能瓶頸的風險。

王彥鈞

ASML (ASML US)：獲利與展望雙升，擴產仍難滿足需求

2026Q4 PCB產業-
需求推動漲價，傳輸靠PTFE解方

福邦投顧 研究部
2026/10

26Q4結論-上游材料加速更新，漲價仍為主旋律

1.PCB上游:供不應求推動漲價動力，新材料應用下帶來新機會

- 玻纖布:E-Glass(高階)/LowDK-2/T-Glass 在2026Q4~2027年呈現全面緊缺，成為推動當前上游材料漲價的主要因素，也是決定結構性缺貨的關鍵原料，**玻布廠迎來產品組合改善+報價上揚雙重催化。**
- 銅箔:HVLP4加速驗證日台以外的供應商，中系擴產積極+中系設備加速採用下，**維持2027年供需缺口放緩預期。**
- 銅箔基板:PTFE樹脂為美系客戶解決互聯的確定性解方，成為銅箔基板材料中新晉路線；傳統的PPO/CH樹脂仍有一片天，26Q4 VR300 設計將定案，PTFE+M8/M9設計呼聲較高。
- 鑽針:高階鍍膜針需求攀升，供應商在2026~2028年加快投入建置產能，新材料(PTFE)仍有一定的鑽針消耗，**產品組合的改變遠比漲價來的重要。**

2. IC載板: 產能全數售罄，缺料與缺產能並行，關注供應商漲價態度。

- 供需缺口:維持2026/2027年 20%+/40%+ 缺口預期。
- 主邏輯為面積放大+層數增加，大廠產能售罄，客戶需要付出更高的價格預定產能+料源。

3. PCB:關注AWS、Google新品放量，以及2027~2028年HDI設計的變化，**聚焦Tier1供應體系和伺服器級HDI稀缺產能。**

4. 建議首選關注個股:

- 高階稀缺HDI產能:2368金像電、3037欣興、4958臻鼎
- 產品組合優化顯著:1303南亞、1815富喬、8021尖點、8039台虹
- 缺貨27~28年不緩解+AI Agent受惠:8046南電、3189景碩、3037欣興、4958 臻鼎

全年核心:政策主導AI為基本方針

- AI 成為美國政策上的基本方針，OBBBA法案刺激企業加大投資AI算力，AAAP計畫掃除建置AI算力的瓶頸和主權AI方針的確立。

表1:OBBA法案和AI行動計畫　　資料來源:福邦投顧整理

法案	大而美法案(One Big Beautiful Bill Act)	AI行動計劃(America's AI Action Plan)
內容	1. 下調聯邦所得稅:從35%下調至21%，減輕企業稅賦負擔。 2. 恢復2017年減稅與就業法案項目中允許企業**當年資本支出可以全額抵減稅賦(折舊扣除)**，有利重資本支出廠商加快投資回收時間，受惠廠商如CSP大廠。 3. 國內R&D全額費用化:為了獎勵企業在美國進行生產研發，**符合條件的R&D費用可以於當年度全面費用化**，受惠廠商如Open AI、Anthropic等。	1. 加速AI創新:確保美國擁有全球最強大的AI系統，放鬆相關管制與障礙，並鼓勵開源等。 2. 增加AI基礎設施建置:提升美國AI算力基礎設施硬體基礎，以滿足AI推動經濟和安全的需求；加快關鍵項目的審核，**加快建設資料中心**、晶圓代工廠、電力基礎設施，掃除一切AI基礎設施擴充的障礙。 3. 維護國際外交與AI安全:在全球AI競爭中掌握規則制定權，輸出美國AI技術，同時阻止對手利用美國創新超越美國，嚴防高階算力流向競爭國家，向盟友出口美國AI算力技術等，有利**主權AI(Sovereign AI)**的發展。。

僅供福邦投顧客戶使用

雲端巨頭對資本支出態度維持積極

■2026年雲端CSP業者和算力租賃業者正加快擴建算力基礎設施，2026年預估資本支出成長上修至103%(含Amazon成長92%);2027年目前資本支出預估成長52%。

鑽針主邏輯—PCB廠積極擴產

- PCB設計日益複雜，耗用大量產能：過去伺服器板層數約16~2X層，目前主流已經來到20~30層，未來30~50層越顯常見。
- PCB用量增加，耗用大量產能:隨著各家設計陸續參考NVIDIA Rack設計，除了原有的主板(GPU/ASIC 使用)，亦新增更多副板，例如Switchboard、midplane等，終端客戶積極驗證新供應廠商。

表4:全球主要GPU/ASIC陣營PCB供應商擴產概況

億元	產值/產能	2025	2026(F)	YoY	2027(F)	YoY	2028(F)	YoY
勝宏科技	多層板(M^2)	28K	120K	+328%	350K	+190%	590K	+69%
	HDI(M^2)	130K	320K	+146%	640K	+100%	680K	+6%
金像電	sqf	6,800K	10,000K	+47%	11,000K	+10%	12,000K	+9%
ISU Petasy	(M^2)	240K	280K	+16%	320K	+14%	360K	+13%
滬電股份	(M^2)	160K	210K	+30%	340K	+62%	440K	+29%

PCB鑽針需求呈現翻倍成長-CCL材料影響

■ PCB用鑽針受到板材影響，在同樣板厚下，每針可鑽孔次數大幅縮水:

- M6~M7時主針鑽孔壽命約600~800次
- M8材料下可鑽400~500次
- M9材料下僅剩下100~200次
- 材料越高階，鑽針使用量會是過往的6倍以上。

表5:鑽針基於不同板材的使用壽命&各應用對應的鑽針方案

	過去	目前	未來
對應材質	M6~M7	M8/(有布/無布+球型矽粉)	M9~M10
主針壽命	1000/600~800次	400~500次	100~200次

資料來源:產業調研、福邦投顧整理預估

僅供福邦投顧客戶使用

PCB鑽針需求呈現翻倍成長-長徑比帶動報價上揚

- 當前主流GPU用PCB約5mm厚度，隨著AI用PCB板厚的提升，每增加1mm，製造上可能會採用增加一根預鑽針，採用預鑽針預鑽至特定深度，後續用主針完成加工。
- GPU伺服器:GB200採用「1主針配2白針」→GB300採用「1主針配3白針」→VR200採用「1主針配4白針」，

表6:鑽針各應用對應的鑽針方案　　資料來源:產業調研、福邦投顧整理預估

	GPU Server	ASIC Server	交換機
對應鑽針方案	1主針 +1~4根預鑽白針	2主針 +1根預鑽白針	3~4根主針 +1~2根預鑽白針

- AI用的鑽針，長度/直徑比超過30規格的鑽針，報價上會採用**一個方案一個價格**，因為加工精度要求提高，難度變大；目前AI用的鍍膜鑽針報價較傳統白針多20~50%，若是這種報價方式，特別是板厚超過7mm，產品售價將會多40~50%；未來約在2027~2028年時，7.5~8.5mm的鑽針將成為主流，報價將會是一般白針的6倍以上報價。

表7:鑽針不同長徑比的報價倍數　　資料來源:產業調研、福邦投顧整理預估

長徑比	一般(10~20)/鍍膜	30	40	50
售價倍數	1/1.2~1.5	3~4x	6~8x	12~16x

- **毛利率方向:AI用的鍍膜鑽針鑽針，根據產業訪查，產品毛利率約50%+**。

僅供福邦投顧客戶使用

全球主要鑽針廠亦積極擴充產能，供需維持吃緊

- 目前全球主要伺服器PCB廠採用的鑽針廠，高階鑽針以中鎢高新旗下的金洲科技和尖點為主、中階以下以鼎泰高科為主；日本佑能主要用於載板生產用針。
- 鑽針廠的外溢效果:由於前四大廠優先用於AI伺服器相關生產用針，使得中低階針有排擠效應，白針類產品外溢給凱崴等廠商。

表8:全球主要鑽針廠產能/客戶概況　　資料來源:產業調研、福邦投顧整理預估

公司	產能(萬支/月)	高階鑽針占比	主要客戶	規劃
鼎泰高科	1.2億支	>40%	深南、景旺、勝宏、健鼎、生益、方正、廣合、定穎	2026年:1.8~2億支/月
中鎢高新(金洲)	9,000	>15%~30%	勝宏、深南、高技、生益、景旺等((**中系高階主供**)	2026年底至1.2億支/年 2027年新增3600萬支+/年 2028年新增1.3億支/年
佑能	4000	>60%	專注日本、台灣市場、載板廠	2026年底至5,000萬支/月 2027年至6,000萬支/月
尖點	3,500(50%以上高階鍍膜針)	>50%	金像電、ISU、勝宏、TTM、滬電、臻鼎、欣興等	2026年:4,500萬支+/月， 2027年:˙7,000萬支+/月 2028年達到9,000萬支+/月

僅供福邦投顧客戶使用

HVLP4銅箔需求受良率影響，需求驚人

- 根據供應鏈調查，依照良率80~90%的假設下，Nvidia Rubin的需求約300~400噸/、LPU約200~250噸/月，Amazon AWS 800~850噸/月，Meta MTIA 200噸/月，AMD MI450 100~200噸/月，800G交換機 400噸/月，合計**1,200~1,300噸/月/2,700~2,800噸/月。**

- 若依照實際PCB生產狀況，良率約在60~70%不等，總需求可達**1,400噸/月/3,000~3,100/噸/月。**

表9:全球主要HVLP需求估算與供應鏈格局

僅供福邦投顧客戶使用

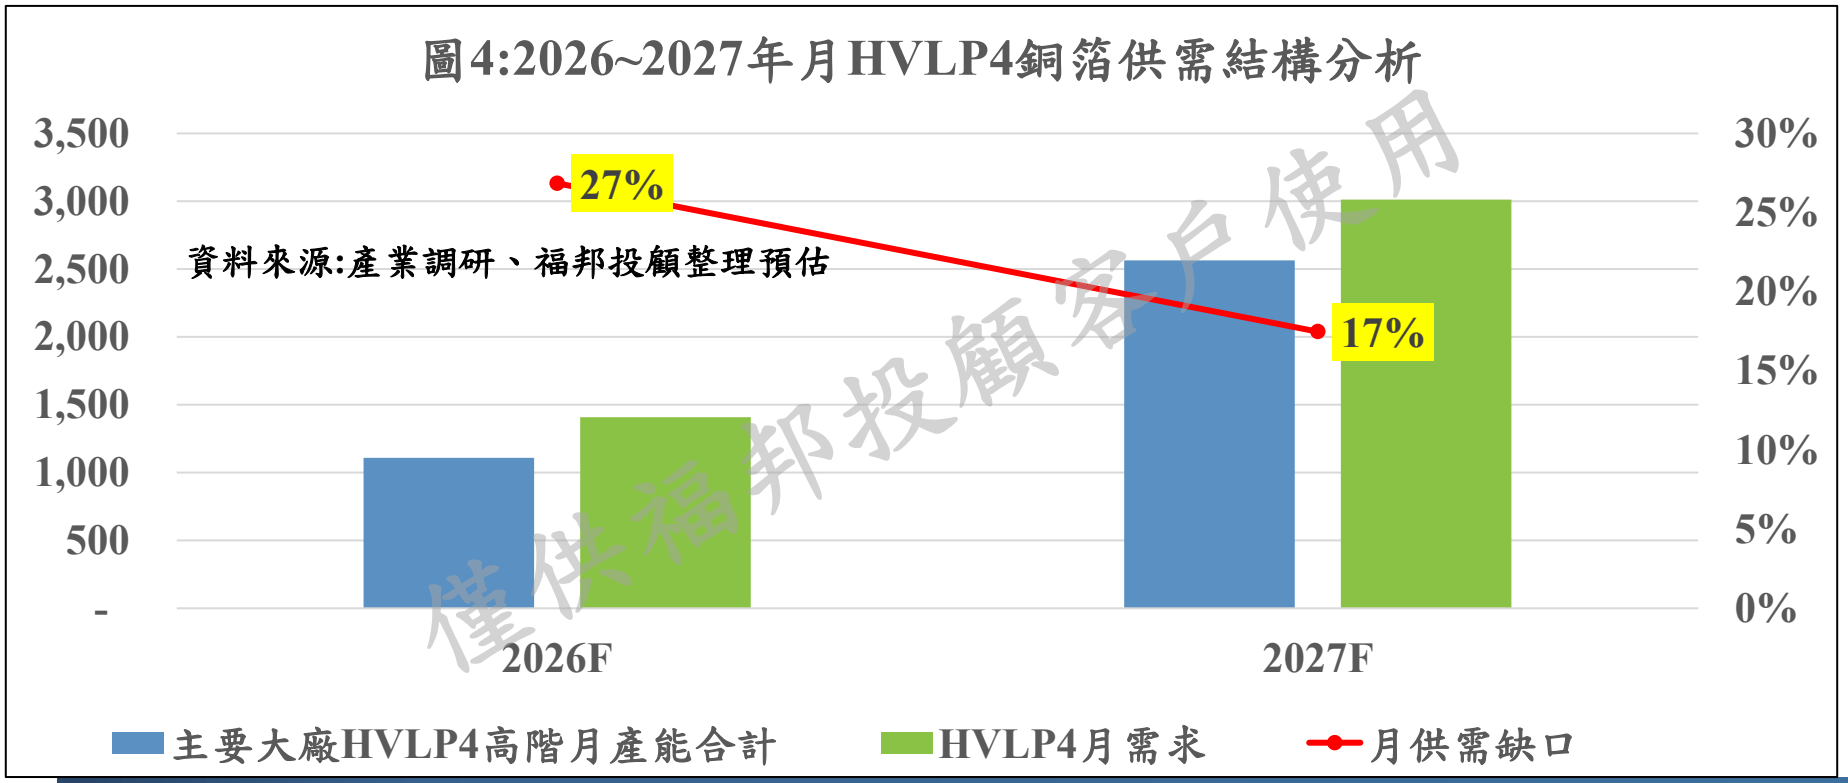
銅箔供需缺口往2027年將縮小，供應廠商增加

- 根據供應鏈調查，由於供需缺口明顯，主要CCL廠商(台光電、生益科技等)積極導入新的供應體系，2026年主要生產廠商擴產後，可達1,200~1,300噸/月，2027年預估達2,300~2,400噸/月。(供應體系:台銅/古河/盧森堡/金居/福田/德福/銅冠/樂天)、台系長春後續有望驗證進入供應體系。
- **根據福邦投顧對於供需格局的假設預估，基於客戶加快認證相關可用產能，2026~2027年的供需缺口更新預估為27%(下修)/17%(上修)。**



僅供福邦投顧客戶使用

玻纖布使用種類

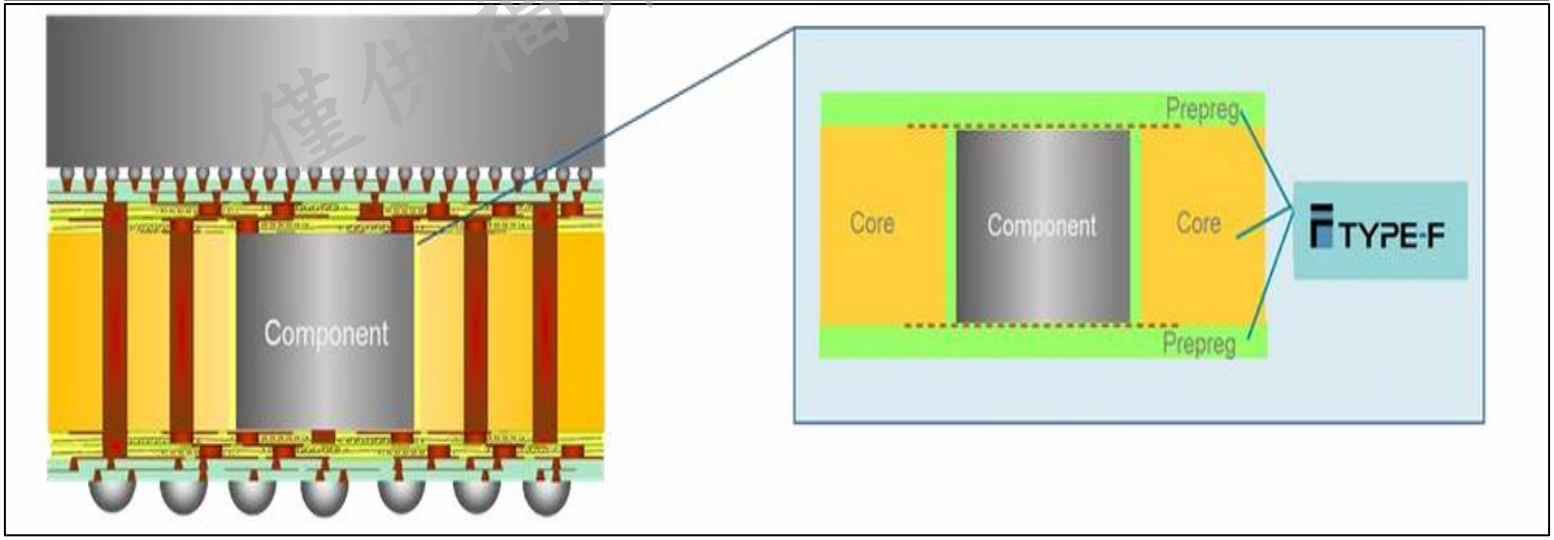
T-Glass:客戶積極導入抗翹曲設計

- 下個世代的半導體封裝需要更大的面積來放置更多元件、支持2D~3D封裝(CoWoS~SOIC)，因此材料的要求需要Low CTE、高彈性變量來達到低翹曲度 (Warpage)和連接可靠度。
- 根據Resonac白皮書，為了解決內埋元件載板對於核心層的厚度精度要求，較薄的核心層或不均勻的厚度，會導致內埋元件的損壞，因此之後許多載板核心的設計會採用厚Core+ low CTE 膠片 (採用T/Q Glass)。
- **2026年的TPU，2027年的Maia300都有見到這類核心Core CCL+PP的設計方案(Multilayer Core)，此也會多消耗T-Glass的供應量。**

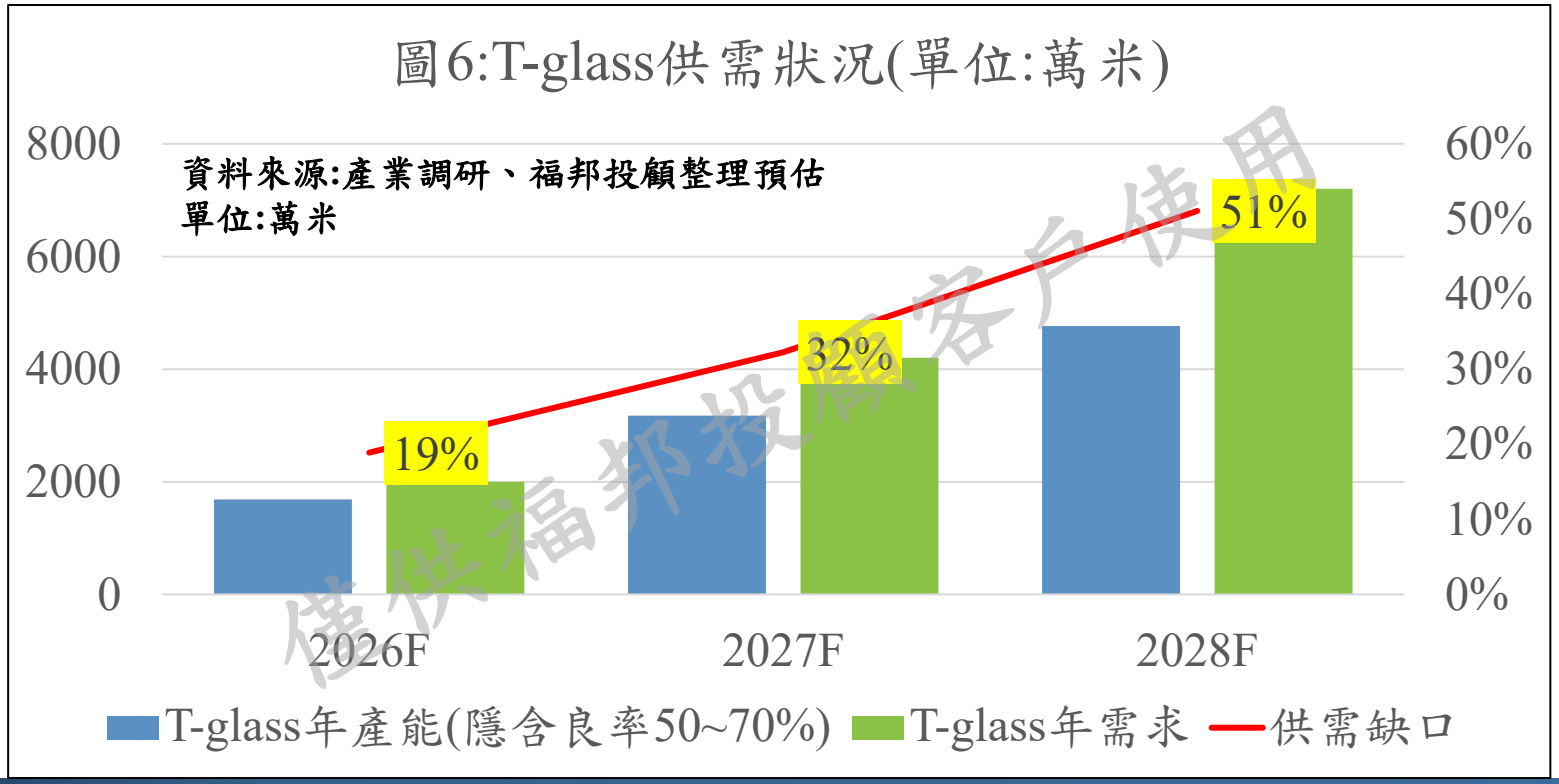
圖5:Resonac Type F產品



僅供福邦投顧客戶使用

T-glass至2027年仍將呈現供不應求格局，缺口30%+

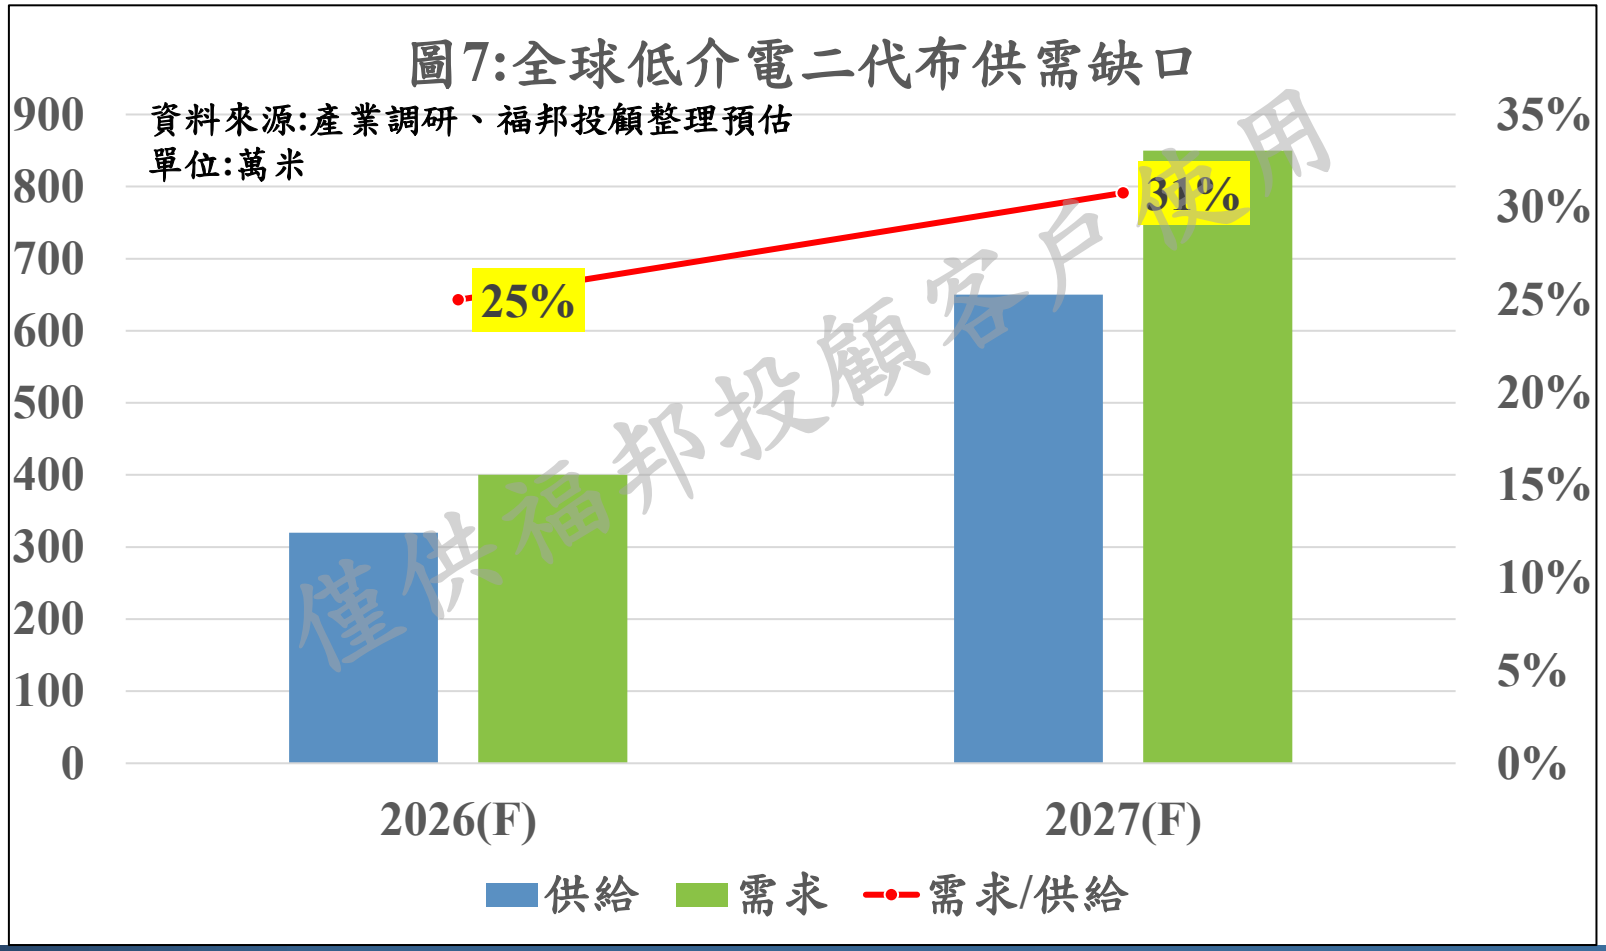
- 目前需求來看，T-glass需求中有70%用於FCBGA用的ABF載板，30%用於手機等FCCSP用的BT載板上。
- T-glass產能劃分來看，日東紡佔有全球主要產能的40%，台玻約15~20%，宏和約20~30%，其他(包含泰山玻纖等)15~20%。
- **福邦投顧預期儘管日東紡於2027年陸續開產能出來，但只緩解了Intel/AMD/Nvidia的用料，對於ASIC陣營的Broadcom/Marvell/MTK/Annapurna而言，仍難以取得足夠料源，維持T-Glass持續供不應求的判斷，缺口仍會逐年往上。**



僅供福邦投顧客戶使用

LowDK Gen2 2027年預期缺口31%

- 根據供應鏈訪查，2026H2開始，低介電二代布需求約400~500萬米/月，其中主要需求來源是Nvidia VR200、Google V8T/V8I。
- 以其銅箔基板廠商供應來看，主要以台玻、泰山玻纖、國際複材、Asahi為主，不足部分將由富喬、光遠、Nittobo補足，2027年供應量預估達650萬米/月以上。



僅供福邦投顧客戶使用

Q-Glass:LPU產品將率先採用

- 目前最新的NVIDIA LPX Rack從原先的全M9Q設計，改採用M8(K2)+M9(Q)的設計，配置為1:1，其中Q Glass主要採用10系列的極薄布，供應廠商少。
- 根據產業調查，預估NVIDIA LPU產品需求約在12~13K(2026~2027Y)，潛在Q glass需求約110萬米/月，隱含良率損耗則需要210~220萬米/月。

表13：LPU 主要供應資訊

	LPU Rack
PCB設計規格	52L(26+26)
Q-Glass供應商	菲利華、泰山玻纖、德宏
HVLP4供應商	三井、古河、盧森堡、金居
M9 CCL供應商	生益>台光電
PCB供應商	勝宏、Wus、TTM(30%)
組裝	鴻海

資料來源:福邦投顧預估

Q-Glass：供應者寡，關注非日系供應

- 根據產業調查，統計台系(1家)、日系(2家)、中系(2家)產能規劃，2026年底預估產能超過300萬米/月，2027年預估產能可達600萬米/月以上。

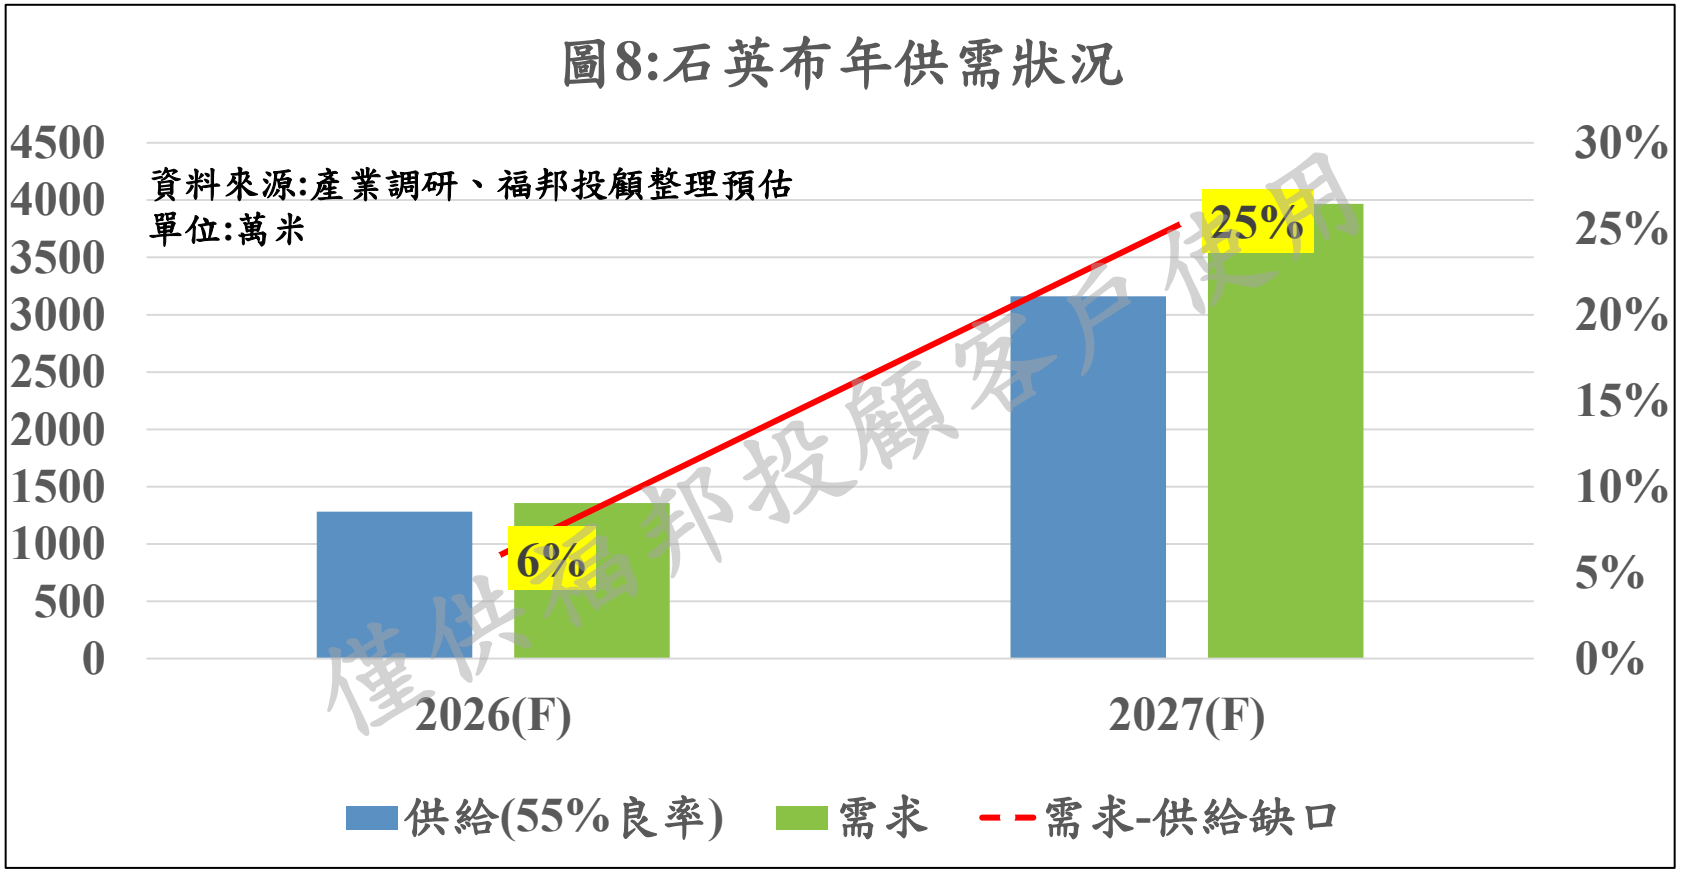
表15:Q-Glass供應商概況　　資料來源:福邦投顧整理

公司	地區	關鍵客戶	產能(K米/月)		說明
			2026F	2027F	
信越化學	日	日:松下、Resonac、MGC 台:台光電	75	240	外觀與同業不同，影響採用意願
Asahi	日	日:松下、Resonac、MGC 台:台光電	50	50	大客戶優先指定選用
泰山玻纖	中	台:台光電 中:生益科技	1,000	1,500~2,000	• 優先供應台光電
菲利華	中	日:松下 中:生益科技 台:台光電、台燿、南亞 韓:斗山	960	1,500~2,000	• 70%+供應生益科技 • 26H1 30W米/月 • →26H2 90~100W米/月
德宏	台	台:台光電、南亞、台燿(?)、聯茂 韓:斗山(?)	1,000	1,500~2,000	• 優先供應台光電 • 26H1 60W米/月→26年底100W米/月

僅供福邦投顧客戶使用

Q-Glass:26客戶進入庫存建立期，缺口下修至25%

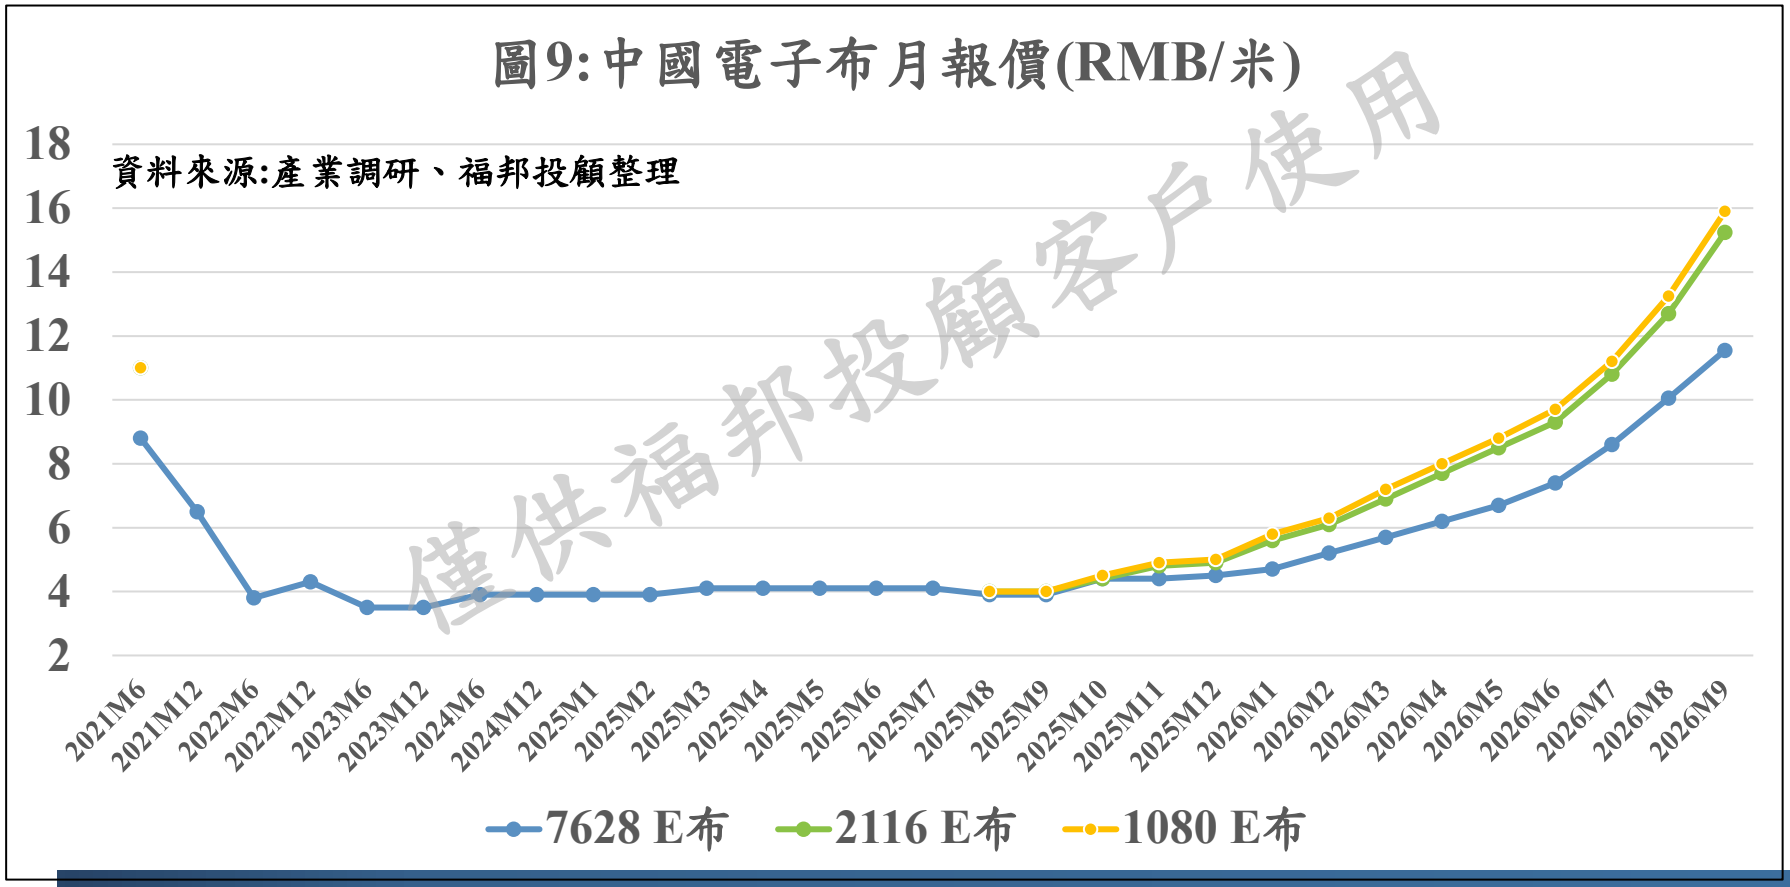
- 目前供應鏈的良率約在55~60%，26H2 進入Nvidia LPU 產品的備貨期，將帶動銅箔基板廠商的備貨需求，其中以**生益科技需求最為迫切，台光電供過於求。**
- ASIC陣營態度:目前Meta選用M9Q進行打樣，Amazon/MSFT選用M9-(K2)進行主板打樣，Google TPU V9至少選用M9以上材料。



僅供福邦投顧客戶使用

價格:E glass漲幅驚人，2H26將續漲至創新高價

- 玻纖布於2021~2022年週期係受到需求端推動帶動漲價，以7628系列為例，報價達到8.8RMB/米，本輪低階起漲，除受原物料之外，也受到主要供應商陸續轉做高階玻布(283，排擠低階布生產(打破供需平衡情況)，進而帶動漲價。
- 7628布累計至26Q3 YTD150%+，2116/1080 布YTD 210%+，均已創下歷史新高，2027年2116/1080的規格將繼續延續漲價趨勢。



僅供福邦投顧客戶使用

價格:高階電子布漲價，漲勢可望持續至2027H1

- 高階布種由於生產效率較傳統布下滑，以及良率因素影響，配合需求持續攀升下，每年均有約20~30%的漲幅，考量缺貨持續至2027年，漲價趨勢將延續至27H1。

表16:玻纖布漲價幅度

產品	目前ASP(USD/米)	2025	2026
LowDK	6~8	+20~30%	維持全年20~30%漲幅預期
LowDK2	18~22	+20~30%	• 26H1 YTD 漲幅+30~50% • **26Q3 漲幅+10%**。
T-Glass	23~30	+20~30%	• 日東紡26H1 YTD漲幅30% • 中系廠商26H1漲幅20% • **26H2預期會有10%+漲幅**。
Q-Glass	40~45	0%	26H1漲幅10~20%

資料來源:產業調研、福邦投顧整理

僅供福邦投顧客戶使用

銅箔基板漲價循環直至2027H2

- 目前AI相關CCL交期延長至4~6個月，上游料況吃緊（庫存1~2周），**福邦投顧預期考量上游材料漲價循環至少漲至27H1，將推動下游CCL客戶漲價續漲至2027年。**

表17:主要CCL廠商漲價幅度　　資料來源:產業調研、福邦投顧整理

公司名稱	地區	過去產品漲價幅度	26H2漲幅預期
Panasonic	日	• 26M5 高速CCL漲20%、FR4漲30%、 • PP漲15%	• 26M8 高速CCL漲10%、FR4漲15%、PP漲15%、載板材料漲5%
Resonac	日	• 26M3 CCL漲30%	
MGC	日	• 26M4 全品項漲40%	
台光電	台	• 26M3全品項漲15%+，M6以下漲20~25% • 26M4 M7以上漲5~10%	• 26Q3 M7以上漲10%。
台燿	台	• 26M4 漲幅20~40%。	• 26Q3 M7以上漲15%，M6以下上漲25%。
南亞	台	• 26H1 YTD+30%。	• 26Q3漲幅30~40%；26Q4會再繼續調漲
聯茂	台	• 26H1 YTD+40%+(4/6月)。	• 26H2每季預計漲20%+
建滔積層板	中	• 26H1累計五次漲價函，YTD 漲幅達50%+	• 26Q3漲幅30%+

Rubin Ultra帶起的材料變化-PTFE的方案發展

- 由於傳輸的需求(337G)，PPO或HC系列樹脂的M9無法滿足NVIDIA要求，NVIDIA 在Rubin Ultra 將導入混壓PTFE材料應用於SW Tray、Feynman 將導入純PTFE板材應用於正交背板。
- 目前銅板基板廠商正在積極送樣測試純無布的方案因應客戶需求。

表18:PTFE 方案組成　　資料來源:產業調研、福邦投顧整理

	PTFE CCL(無布) +CH PP(有布)	PTFE CCL(無布) +CH PP(無布)	PTFECCL +PTFE PP(無布)
樹脂配方	PTFE	PTFE	PTFE
銅箔搭配	HVLP4/5	HVLP4/5	HVLP4/5
供應商	三井金屬SI3-VSP		
電子布	LowDK 4(二代Q)	X	X
膠片配方	CH樹脂	CH樹脂	PTFE樹脂
供應商	生益科技、台光電、聯茂	生益科技、台光電	生益科技、台虹
電性	優於M10(CH樹脂系列)	次之	最佳
加工性	最佳	次之	最差
評論	備案，加工性較佳	供應鏈目前積極測試的方案	最終目標
PCB廠加工良率	30%	10~30%	10~30%
CCL供應商	走FCCL製程，生益科技SG5300N(塗佈+熱壓法)、台虹(熱壓法)		

僅供福邦投顧客戶使用

無布VS.有布方向選擇

- PTFE 由於Dk/Df的性能優於電子布，如果PTFE搭配電子布，會導致其Dk/Df轉差。

表19:PTFE與電子布的性能比較

	PTFE樹脂	LowDK 電子布	LowDK 3~4(1/2代Q-glass)
Dk(10Ghz)	~2.1	4.6~4.8	3.7~3.8
Df(10Ghz)	~0.0002	0.002~0.003	0.0002~0.0003

- 未來走向:

1. 有布方案(M9~M10搭配LowDK2~4電子布):若PCB上須放置CPU/GPU/ASIC等晶片，考量尺寸安定性因素，會需要搭配具有電子布的銅箔基板，例如UBB、ComputeBoard、SwitchBoard、MotherBoard。
2. 無布方案(搭配無布膠片):若僅考連傳輸性能(不放置晶片)，目前採取的無布方案，樹脂填矽粉/球型矽微粉的方案為主流，以改善膨脹性。

表20:PTFE的CTE比較

	PTFE樹脂	球型矽微粉	LowDK 3~4(1/2代Q-glass)
CTE(ppm/°C)	100~200+	0.4~0.6	0.5~0.55
說明		X/Y/Z軸的保護	X/Y軸保護

僅供福邦投顧客戶使用

不同填料對於銅箔基板的影響

- 在樹脂中加入填料能降低熱膨脹係數(CTE)、提高尺寸安定性和降低Dk/Df，近年的填料主要以球型粉料為主。

表21:各類填料的對應用途

填料	用途	相關填料供應商
二氧化矽粉(Si02)	降低CTE	日:電氣化學、Admatechs、龍森、新日鐵 中:聯瑞新材、錦藝新材、國瓷材料
陶瓷粉	調整Dk/Df	
氧化鋁	提高散熱性能	
碳酸鈣/滑石粉	通用材料	
氫氧化鈣/鎂	作為阻燃劑使用	
氧化鋁	改善導熱等	
碳酸鈣	降低複合材料成本

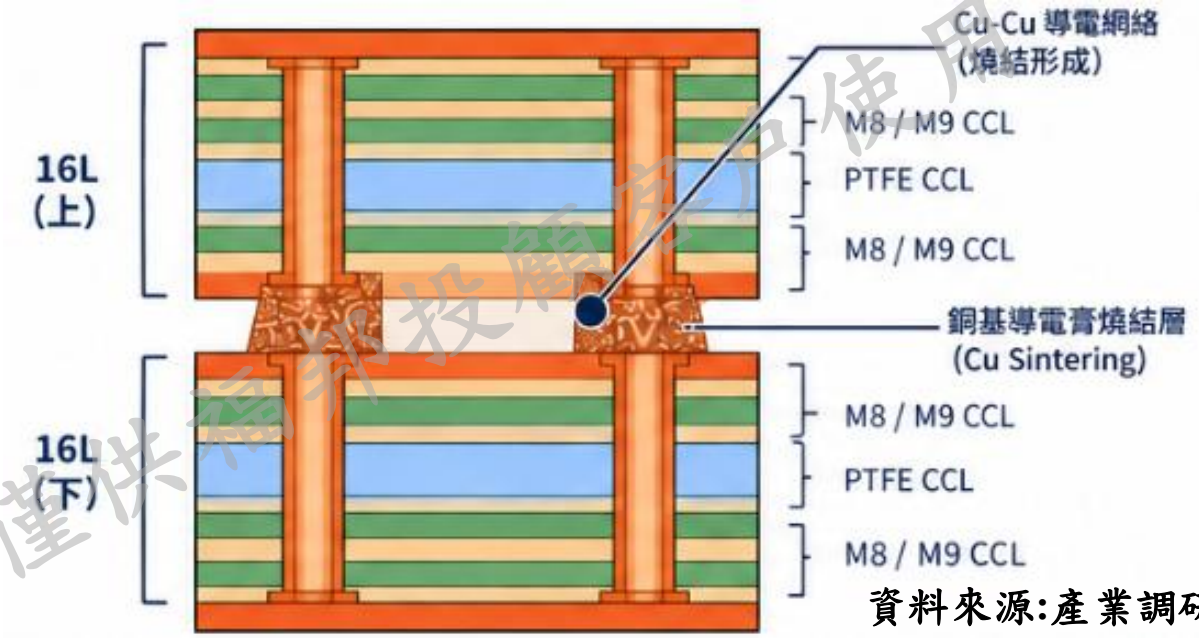
PCB製造端的製程變化-銅漿燒結

- 銅漿燒結製程源於瞬態液相燒結(TLPS)技術，主要用於實現PCB盲/埋孔電路層間的Z軸互連。
- 過去傳統高多層多採用背鑽的製程，但在NV陣營，開始嘗試使用”銅漿燒結“的製程來處理高多層版的訊號連接，以解決背鑽精度控制的問題。
- 目前具有【燒結製程+大板製造能力】的主要為板廠，例如**深南電路、景旺電子、勝宏科技、滬電股份、生益電子；台系則有金像電具備此製程能力。**

圖10:PCB銅燒結概念示意圖



資料來源:產業調研、福邦投顧整理

PTFE供應商產能預期

- 目前Nvidia的供應來看，主要會以生益科技為第一供應商(合作最久)，第二供應商則從非中國供應商中選擇，目前與生益科技與台虹入列的優先供應商，**生益科技具有CCL+PP(PTFE/CH)的製造能力，台虹PTFE CCL (PFA)可搭配生益、台光電等CCL的CH PP方案，亦能搭配自產的PFA PP，可提供客戶彈性的產能需求。**
- 其餘具有PTFE樹脂CCL開發能力的供應商，開發進度較落後，不在考量範圍內。
- PCB段的生產: 以目前客戶的意願上，採用**無布方案**為優先目標，PCB生產良率約在10~30%，主要量產生產廠商預期為深南電路、景旺電子、勝宏科技、滬電股份；欣興僅參與配合RD階段(台郡負責燒結部分,但設備有限制)。

圖:PTFE主要供應商產能(米/月)

OpenClaw:加速從LLM往AI Agent 發展

- OpenClaw:開放式AI助理項目，可以根據使用者指令在應用程式和線上服務之間自行處理複雜任務，並被設計為可以代替使用者執行任務的AI軟體，並非過往的聊天機器人。
- OpenAI推出GPT5.4，此次更新提供Thinking和Pro兩種模型； Pro主要適用於需要進行複雜任務的使用者，Thinking模型可以在產出答案前提出思考計畫，使用者可以從中調整任務方向→強化Agent能力，可以支持智慧裝置執行複雜的工作流程。
- NVIDIA將推出類似OpenClaw的開放式平台-NemoClaw。

表23：LLM 與 Agent 推理比較

	傳統LLM推理	AI Agent 推理
流程	輸入→LLM(GPU)→輸出	感知→規劃→推理→工具與執行(CPU)
運作本質	單向生成	循環決策
互動對象	與使用者進行Q&A	與環境/工具/API互動
對硬體影響	主要消耗GPU算力	CPU需要介入成為主要調度，其中涉及沙盒隔離、儲存、記憶，複雜工具調用，

資料來源:產業調研、福邦投顧整理

僅供福邦投顧客戶使用

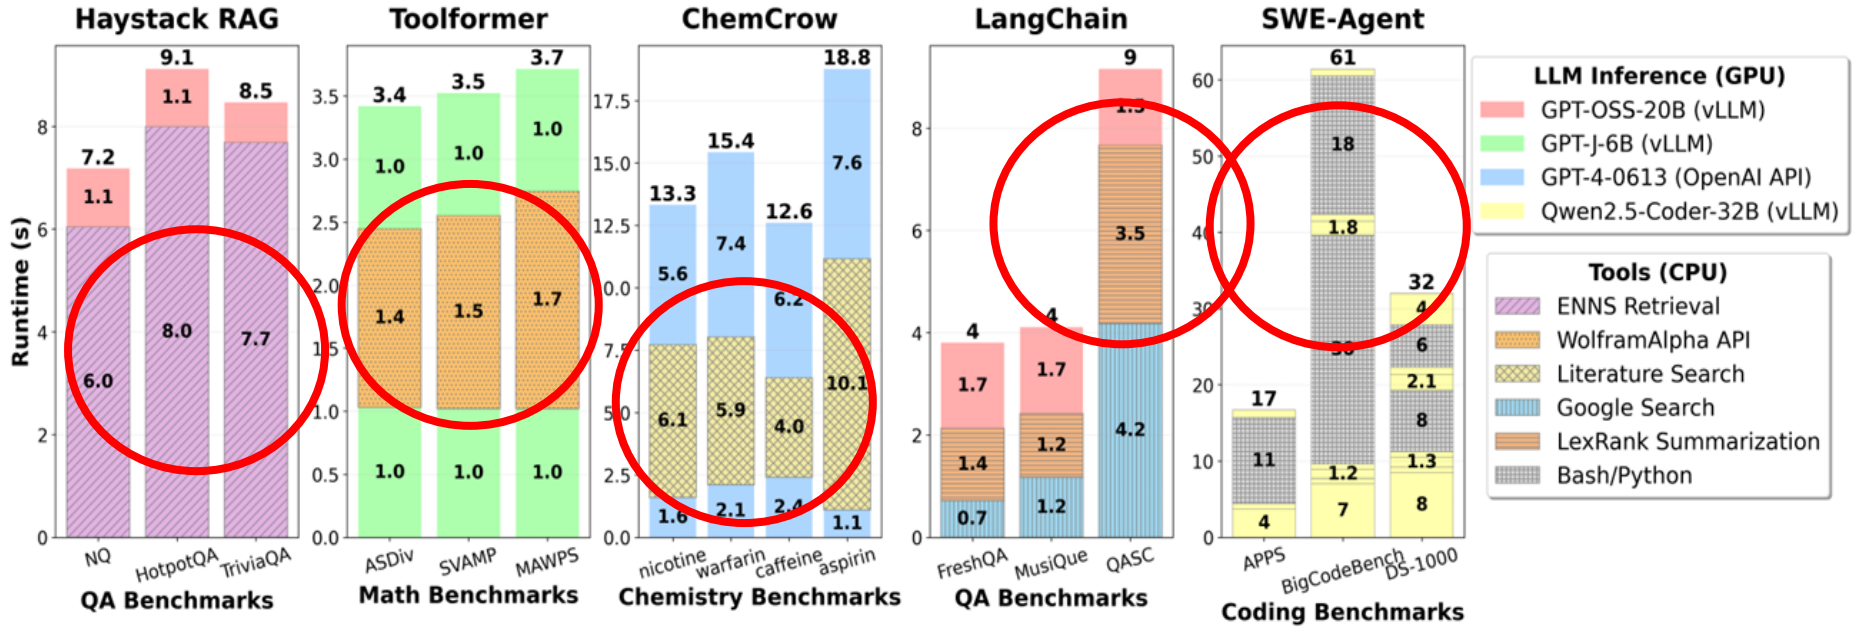
Agentic AI的瓶頸主要來自CPU

- 根據論文《A CPU-Centric Perspective on Agentic AI》一文指出，可以看出執行時間中CPU延遲占了大比例（紅圈），最高可達到90%以上；吞吐量瓶頸除了來自GPU，亦會來自CPU;能耗方面，大批次處理中(Batch size提升至128)，CPU平行處理效率低於GPU，佔到總能耗超過44%，延遲會從2.8秒提升至6秒以上，超過2倍。

圖11:Agent下，CPU佔據了大部分的延遲



資料來源:《A CPU-Centric Perspective on Agentic AI》 、福邦投顧整理

說明:Haystack RAG（問答檢索）**/Toolformer**（數學運算與 API 呼叫）**/ChemCrow**（化學文獻檢索）**Langchain**（網路搜尋與摘要）**/SWE-Agent**（程式碼與 Bash/Python 執行)

【僅供內部教育訓練使用，嚴禁外流】

CPU朝向多核發展→推升載板面積

- Agent執行:API處理、資料解析、腳本執行，90%由CPU完成，為了降低延遲，CPU往多核心發展是趨勢。
- 記憶體與上下文切換:CPU需要頻繁在不同Agent狀態做切換，多核心架構能讓每個Agent有獨立的處理單元，降低上下文切換帶來的效率損耗。
- 沙盒隔離/安全:Agent 需要大量獨立的一般伺服器建立Sandbox來執行，使用量與使用者和使用量正相關，需要更多核心數、高頻寬。

表24：伺服器CPU核心數

廠商	2023	2024	2025	2026	2027
Intel	Purley/Whitley	EagleStream	BirchStream	Oakstream	?
核心數	28/28	56	128	144~288	500?

IC載板:產業能見度拉長

- 根據供應鏈訪查，目前主流載板對於供需的意見陸續在26H1看到供不應求，與之對應的生產相關輔材訂單能見度可至2028年。

表26：主流大廠對於供需的想法

供應	公司	稼動率概況	對供需的想法	對應客戶
載板	Ibiden	AI相關滿載	2027年載板產能供不應求	NV/Intel/AMD
	Semco	26H2滿載	2027年載板產能供不應求	Intel/AMD/NV/AMZN
	AT&S	26Q1滿載	2027年載板產能供不應求	Intel/AMD/Marvell
	欣興	26Q1滿載	2026年玻纖布缺料，2027年供不應求	NV/Intel/AMD/Broadcom/AMZN
	南電	26Q1滿載	2027年載板產能供不應求，LowCTE缺料至2028年。	Broadcom(主要)/AMD
	景碩	26H2滿載	2027年載板產能供不應求，LowCTE缺料至2028年。	NV/AMD
生產輔材	鉅橡	26H2滿載	訂單能見度可至2028年	全球主要載板廠
上游材料	味之素	滿載	若需求持續暢旺，2027年產能嚴重不足：公司於2028年才有70%新產能開出	全球主要載板廠
	日東紡	滿載	2027年開始量產新產能。	全球主要載板廠
	Resonac	滿載	公司供給仍明顯低於需求，2027年有機會再次調價	全球主要載板廠

IC載板:ABF載板供需將從2026年開始見到供不應求

- 根據福邦投顧預估，2025年ABF載板仍處於供過於求的格局，2026年開始在AI的需求強勢帶動影響下，ABF載板將開始見到供不應求格局，並於2027~28年逐步擴大。（**本圖不含缺T-glass影響**）

僅供福邦投顧客戶使用

可插拔光通訊模組:800G/1.6T潛在需求上升

■根據福邦投顧產業調查，2026/27/28年800G的採購”需求”可望達到6,000/7,500/6,500萬支，1.6T需求預估2,500/7,000/9,000萬支。

(隱含終端客戶對於良率的考量造成的Overbooking)

圖13: 2026~2028年光通訊模組需求預期(萬支)

僅供福邦投顧客戶使用

傳統光通訊模組板-HDI/mSAP供應體系的新機會

■因應高度整合和小型化需求，光模組開始大量採用MSAP來縮小產品體積和損耗；進入1.6T，L/S 要求微縮至**20μm-25μm**；因此1.6T開始，強制採用MSAP。

■材料規格上，亦往M7~M8等級以上升級，但在MSAP部分，會大量採用載體銅箔(三井金屬90%市佔率)、日東紡的Low CTE布，目前有面臨缺料的情況。

表27 :400G~3.2T PCB方案比較

雲端資料中心採用之交換器品牌

■雲端資料中心多採用品牌+白牌的混合方案

■Spine和DCI 因為結構複雜，所以多採用品牌廠，但Google和Amazon 由於架構和軟體上較強，所以選擇白牌來配合他們的結構。

■TOR和 Leaf 結構簡單，可以看到較多白牌(裸機、白盒)的方案。

■xAI的交換機品牌主要採用Juniper的方案，主權AI體系(ex:星際之門、中東等)多會採用Cisco等品牌交換機。

表29:各大雲廠商交換機廠商彙整

	TOR(機櫃)	Leaf（接入）	Spine（匯聚）	DCI（核心）
GOOGLE	白牌(CLS/偉創力)	白牌(CLS/偉創力)	白牌(CLS/偉創力)	白牌/Juniper/CSCO
Amazon(AWS)	白牌(CLS/Accton/CSCO)	白牌(CLS/Accton)	白牌(CLS/Accton)	Juniper
微軟(Azure)	Arista/CSCO/Dell	Arista/CSCO/Dell	Arista	Arista

交換機板:主流AI層數較低，傳統乙太網多層為主

■ 資料中心需要承載流量大+高速傳輸，在此需求下，高多層板成為此需求的解決方案，其優點在於電子元件間連線縮短下，訊號傳輸速度提高，而且也方遍佈線。

■乙太網交換機為各家CSP+主權主要Scale out的主流，800G報價是400G的2倍以上，1.6T是800G的4倍以上。

表30 :交換機供應鏈劃分

板層數劃分		產品	銅箔基板主要供應商	PCB主要供應商	出貨價格
Cisco	400G:24~36L PTH 800G:38~48L PTH (NPO:28L) 1.6T:46~52L PTH / 18~20L HDI	800G	台光電/松下/Doosan	金像電、TTM、滬士電、ISU	400G :1500 800G:4,000 1.6T:16,000+ (美金/平方米)

2026Q4 PCB產業-
需求推動漲價，傳輸靠PTFE解方

福邦投顧 研究部
2026/10

26Q4結論-上游材料加速更新，漲價仍為主旋律

1.PCB上游:供不應求推動漲價動力，新材料應用下帶來新機會

- 玻纖布:E-Glass(高階)/LowDK-2/T-Glass 在2026Q4~2027年呈現全面緊缺，成為推動當前上游材料漲價的主要因素，也是決定結構性缺貨的關鍵原料，**玻布廠迎來產品組合改善+報價上揚雙重催化。**
- 銅箔:HVLP4加速驗證日台以外的供應商，中系擴產積極+中系設備加速採用下，**維持2027年供需缺口放緩預期。**
- 銅箔基板:PTFE樹脂為美系客戶解決互聯的確定性解方，成為銅箔基板材料中新晉路線；傳統的PPO/CH樹脂仍有一片天，26Q4 VR300 設計將定案，PTFE+M8/M9設計呼聲較高。
- 鑽針:高階鍍膜針需求攀升，供應商在2026~2028年加快投入建置產能，新材料(PTFE)仍有一定的鑽針消耗，**產品組合的改變遠比漲價來的重要。**

2. IC載板: 產能全數售罄，缺料與缺產能並行，關注供應商漲價態度。

- 供需缺口:維持2026/2027年 20%+/40%+ 缺口預期。
- 主邏輯為面積放大+層數增加，大廠產能售罄，客戶需要付出更高的價格預定產能+料源。

3. PCB:關注AWS、Google新品放量，以及2027~2028年HDI設計的變化，**聚焦Tier1供應體系和伺服器級HDI稀缺產能。**

4. 建議首選關注個股:

- 高階稀缺HDI產能:2368金像電、3037欣興、4958臻鼎
- 產品組合優化顯著:1303南亞、1815富喬、8021尖點、8039台虹
- 缺貨27~28年不緩解+AI Agent受惠:8046南電、3189景碩、3037欣興、4958 臻鼎

全年核心:政策主導AI為基本方針

- AI 成為美國政策上的基本方針，OBBBA法案刺激企業加大投資AI算力，AAAP計畫掃除建置AI算力的瓶頸和主權AI方針的確立。

表1:OBBA法案和AI行動計畫　　資料來源:福邦投顧整理

法案	大而美法案(One Big Beautiful Bill Act)	AI行動計劃(America's AI Action Plan)
內容	1. 下調聯邦所得稅:從35%下調至21%，減輕企業稅賦負擔。 2. 恢復2017年減稅與就業法案項目中允許企業**當年資本支出可以全額抵減稅賦(折舊扣除)**，有利重資本支出廠商加快投資回收時間，受惠廠商如CSP大廠。 3. 國內R&D全額費用化:為了獎勵企業在美國進行生產研發，**符合條件的R&D費用可以於當年度全面費用化**，受惠廠商如Open AI、Anthropic等。	1. 加速AI創新:確保美國擁有全球最強大的AI系統，放鬆相關管制與障礙，並鼓勵開源等。 2. 增加AI基礎設施建置:提升美國AI算力基礎設施硬體基礎，以滿足AI推動經濟和安全的需求；加快關鍵項目的審核，**加快建設資料中心**、晶圓代工廠、電力基礎設施，掃除一切AI基礎設施擴充的障礙。 3. 維護國際外交與AI安全:在全球AI競爭中掌握規則制定權，輸出美國AI技術，同時阻止對手利用美國創新超越美國，嚴防高階算力流向競爭國家，向盟友出口美國AI算力技術等，有利**主權AI(Sovereign AI)**的發展。。

僅供福邦投顧客戶使用

雲端巨頭對資本支出態度維持積極

■2026年雲端CSP業者和算力租賃業者正加快擴建算力基礎設施，2026年預估資本支出成長上修至103%(含Amazon成長92%);2027年目前資本支出預估成長52%。

鑽針主邏輯—PCB廠積極擴產

- PCB設計日益複雜，耗用大量產能：過去伺服器板層數約16~2X層，目前主流已經來到20~30層，未來30~50層越顯常見。
- PCB用量增加，耗用大量產能:隨著各家設計陸續參考NVIDIA Rack設計，除了原有的主板(GPU/ASIC 使用)，亦新增更多副板，例如Switchboard、midplane等，終端客戶積極驗證新供應廠商。

表4:全球主要GPU/ASIC陣營PCB供應商擴產概況

億元	產值/產能	2025	2026(F)	YoY	2027(F)	YoY	2028(F)	YoY

PCB鑽針需求呈現翻倍成長-CCL材料影響

■ PCB用鑽針受到板材影響，在同樣板厚下，每針可鑽孔次數大幅縮水:

- M6~M7時主針鑽孔壽命約600~800次
- M8材料下可鑽400~500次
- M9材料下僅剩下100~200次
- 材料越高階，鑽針使用量會是過往的6倍以上。

表5:鑽針基於不同板材的使用壽命&各應用對應的鑽針方案

	過去	目前	未來
對應材質	M6~M7	M8/(有布/無布+球型矽粉)	M9~M10
主針壽命	1000/600~800次	400~500次	100~200次

資料來源:產業調研、福邦投顧整理預估

僅供福邦投顧客戶使用

PCB鑽針需求呈現翻倍成長-長徑比帶動報價上揚

- 當前主流GPU用PCB約5mm厚度，隨著AI用PCB板厚的提升，每增加1mm，製造上可能會採用增加一根預鑽針，採用預鑽針預鑽至特定深度，後續用主針完成加工。
- GPU伺服器:GB200採用「1主針配2白針」→GB300採用「1主針配3白針」→VR200採用「1主針配4白針」，

表6:鑽針各應用對應的鑽針方案　　資料來源:產業調研、福邦投顧整理預估

	GPU Server	ASIC Server	交換機
對應鑽針方案	1主針 +1~4根預鑽白針	2主針 +1根預鑽白針	3~4根主針 +1~2根預鑽白針

- AI用的鑽針，長度/直徑比超過30規格的鑽針，報價上會採用**一個方案一個價格**，因為加工精度要求提高，難度變大；目前AI用的鍍膜鑽針報價較傳統白針多20~50%，若是這種報價方式，特別是板厚超過7mm，產品售價將會多40~50%；未來約在2027~2028年時，7.5~8.5mm的鑽針將成為主流，報價將會是一般白針的6倍以上報價。

表7:鑽針不同長徑比的報價倍數　　資料來源:產業調研、福邦投顧整理預估

長徑比	一般(10~20)/鍍膜	30	40	50
售價倍數	1/1.2~1.5	3~4x	6~8x	12~16x

- **毛利率方向:AI用的鍍膜鑽針鑽針，根據產業訪查，產品毛利率約50%+**。

僅供福邦投顧客戶使用

全球主要鑽針廠亦積極擴充產能，供需維持吃緊

- 目前全球主要伺服器PCB廠採用的鑽針廠，高階鑽針以中鎢高新旗下的金洲科技和尖點為主、中階以下以鼎泰高科為主；日本佑能主要用於載板生產用針。
- 鑽針廠的外溢效果:由於前四大廠優先用於AI伺服器相關生產用針，使得中低階針有排擠效應，白針類產品外溢給凱崴等廠商。

表8:全球主要鑽針廠產能/客戶概況　　資料來源:產業調研、福邦投顧整理預估

公司	產能(萬支/月)	高階鑽針占比	主要客戶	規劃
鼎泰高科	1.2億支	>40%	深南、景旺、勝宏、健鼎、生益、方正、廣合、定穎	2026年:1.8~2億支/月
中鎢高新(金洲)	9,000	>15%~30%	勝宏、深南、高技、生益、景旺等((**中系高階主供**)	2026年底至1.2億支/年 2027年新增3600萬支+/年 2028年新增1.3億支/年
佑能	4000	>60%	專注日本、台灣市場、載板廠	2026年底至5,000萬支/月 2027年至6,000萬支/月
尖點	3,500(50%以上高階鍍膜針)	>50%	金像電、ISU、勝宏、TTM、滬電、臻鼎、欣興等	2026年:4,500萬支+/月， 2027年:˙7,000萬支+/月 2028年達到9,000萬支+/月

銅箔供需缺口往2027年將縮小，供應廠商增加

- 根據供應鏈調查，由於供需缺口明顯，主要CCL廠商(台光電、生益科技等)積極導入新的供應體系，2026年主要生產廠商擴產後，可達1,200~1,300噸/月，2027年預估達2,300~2,400噸/月。(供應體系:台銅/古河/盧森堡/金居/福田/德福/銅冠/樂天)、台系長春後續有望驗證進入供應體系。
- **根據福邦投顧對於供需格局的假設預估，基於客戶加快認證相關可用產能，2026~2027年的供需缺口更新預估為27%(下修)/17%(上修)。**

僅供福邦投顧客戶使用

玻纖布使用種類

T-Glass:客戶積極導入抗翹曲設計

- 下個世代的半導體封裝需要更大的面積來放置更多元件、支持2D~3D封裝(CoWoS~SOIC)，因此材料的要求需要Low CTE、高彈性變量來達到低翹曲度 (Warpage)和連接可靠度。
- 根據Resonac白皮書，為了解決內埋元件載板對於核心層的厚度精度要求，較薄的核心層或不均勻的厚度，會導致內埋元件的損壞，因此之後許多載板核心的設計會採用厚Core+ low CTE 膠片 (採用T/Q Glass)。
- **2026年的TPU，2027年的Maia300都有見到這類核心Core CCL+PP的設計方案(Multilayer Core)，此也會多消耗T-Glass的供應量。**

圖5:Resonac Type F產品

僅供福邦投顧客戶使用

T-glass至2027年仍將呈現供不應求格局，缺口30%+

- 目前需求來看，T-glass需求中有70%用於FCBGA用的ABF載板，30%用於手機等FCCSP用的BT載板上。
- T-glass產能劃分來看，日東紡佔有全球主要產能的40%，台玻約15~20%，宏和約20~30%，其他(包含泰山玻纖等)15~20%。
- **福邦投顧預期儘管日東紡於2027年陸續開產能出來，但只緩解了Intel/AMD/Nvidia的用料，對於ASIC陣營的Broadcom/Marvell/MTK/Annapurna而言，仍難以取得足夠料源，維持T-Glass持續供不應求的判斷，缺口仍會逐年往上。**

僅供福邦投顧客戶使用

LowDK Gen2 2027年預期缺口31%

- 根據供應鏈訪查，2026H2開始，低介電二代布需求約400~500萬米/月，其中主要需求來源是Nvidia VR200、Google V8T/V8I。
- 以其銅箔基板廠商供應來看，主要以台玻、泰山玻纖、國際複材、Asahi為主，不足部分將由富喬、光遠、Nittobo補足，2027年供應量預估達650萬米/月以上。

僅供福邦投顧客戶使用

Q-Glass:LPU產品將率先採用

- 目前最新的NVIDIA LPX Rack從原先的全M9Q設計，改採用M8(K2)+M9(Q)的設計，配置為1:1，其中Q Glass主要採用10系列的極薄布，供應廠商少。
- 根據產業調查，預估NVIDIA LPU產品需求約在12~13K(2026~2027Y)，潛在Q glass需求約110萬米/月，隱含良率損耗則需要210~220萬米/月。

表13：LPU 主要供應資訊

	LPU Rack
PCB設計規格	52L(26+26)
Q-Glass供應商	菲利華、泰山玻纖、德宏

Q-Glass：供應者寡，關注非日系供應

- 根據產業調查，統計台系(1家)、日系(2家)、中系(2家)產能規劃，2026年底預估產能超過300萬米/月，2027年預估產能可達600萬米/月以上。

表15:Q-Glass供應商概況　　資料來源:福邦投顧整理

公司	地區	關鍵客戶	產能(K米/月)		說明
			2026F	2027F	
信越化學	日	日:松下、Resonac、MGC 台:台光電	75	240	外觀與同業不同，影響採用意願
Asahi	日	日:松下、Resonac、MGC 台:台光電	50	50	大客戶優先指定選用
泰山玻纖	中	台:台光電 中:生益科技	1,000	1,500~2,000	• 優先供應台光電
菲利華	中	日:松下 中:生益科技 台:台光電、台燿、南亞 韓:斗山	960	1,500~2,000	• 70%+供應生益科技 • 26H1 30W米/月 • →26H2 90~100W米/月
德宏	台	台:台光電、南亞、台燿(?)、聯茂 韓:斗山(?)	1,000	1,500~2,000	• 優先供應台光電 • 26H1 60W米/月→26年底100W米/月

僅供福邦投顧客戶使用

Q-Glass:26客戶進入庫存建立期，缺口下修至25%

- 目前供應鏈的良率約在55~60%，26H2 進入Nvidia LPU 產品的備貨期，將帶動銅箔基板廠商的備貨需求，其中以**生益科技需求最為迫切，台光電供過於求。**
- ASIC陣營態度:目前Meta選用M9Q進行打樣，Amazon/MSFT選用M9-(K2)進行主板打樣，Google TPU V9至少選用M9以上材料。

僅供福邦投顧客戶使用

價格:E glass漲幅驚人，2H26將續漲至創新高價

- 玻纖布於2021~2022年週期係受到需求端推動帶動漲價，以7628系列為例，報價達到8.8RMB/米，本輪低階起漲，除受原物料之外，也受到主要供應商陸續轉做高階玻布(283，排擠低階布生產(打破供需平衡情況)，進而帶動漲價。
- 7628布累計至26Q3 YTD150%+，2116/1080 布YTD 210%+，均已創下歷史新高，2027年2116/1080的規格將繼續延續漲價趨勢。

僅供福邦投顧客戶使用

價格:高階電子布漲價，漲勢可望持續至2027H1

- 高階布種由於生產效率較傳統布下滑，以及良率因素影響，配合需求持續攀升下，每年均有約20~30%的漲幅，考量缺貨持續至2027年，漲價趨勢將延續至27H1。

表16:玻纖布漲價幅度

產品	目前ASP(USD/米)	2025	2026
LowDK	6~8	+20~30%	維持全年20~30%漲幅預期
LowDK2	18~22	+20~30%	• 26H1 YTD 漲幅+30~50% • **26Q3 漲幅+10%**。
T-Glass	23~30	+20~30%	• 日東紡26H1 YTD漲幅30% • 中系廠商26H1漲幅20% • **26H2預期會有10%+漲幅**。
Q-Glass	40~45	0%	26H1漲幅10~20%

資料來源:產業調研、福邦投顧整理

僅供福邦投顧客戶使用

銅箔基板漲價循環直至2027H2

- 目前AI相關CCL交期延長至4~6個月，上游料況吃緊（庫存1~2周），**福邦投顧預期考量上游材料漲價循環至少漲至27H1，將推動下游CCL客戶漲價續漲至2027年。**

表17:主要CCL廠商漲價幅度　　資料來源:產業調研、福邦投顧整理

公司名稱	地區	過去產品漲價幅度	26H2漲幅預期
Panasonic	日	• 26M5 高速CCL漲20%、FR4漲30%、 • PP漲15%	• 26M8 高速CCL漲10%、FR4漲15%、PP漲15%、載板材料漲5%

Rubin Ultra帶起的材料變化-PTFE的方案發展

- 由於傳輸的需求(337G)，PPO或HC系列樹脂的M9無法滿足NVIDIA要求，NVIDIA 在Rubin Ultra 將導入混壓PTFE材料應用於SW Tray、Feynman 將導入純PTFE板材應用於正交背板。
- 目前銅板基板廠商正在積極送樣測試純無布的方案因應客戶需求。

表18:PTFE 方案組成　　資料來源:產業調研、福邦投顧整理

	PTFE CCL(無布) +CH PP(有布)	PTFE CCL(無布) +CH PP(無布)	PTFECCL +PTFE PP(無布)
樹脂配方	PTFE	PTFE	PTFE
銅箔搭配	HVLP4/5	HVLP4/5	HVLP4/5
供應商	三井金屬SI3-VSP		
電子布	LowDK 4(二代Q)	X	X
膠片配方	CH樹脂	CH樹脂	PTFE樹脂
供應商	生益科技、台光電、聯茂	生益科技、台光電	生益科技、台虹
電性	優於M10(CH樹脂系列)	次之	最佳
加工性	最佳	次之	最差
評論	備案，加工性較佳	供應鏈目前積極測試的方案	最終目標
PCB廠加工良率	30%	10~30%	10~30%
CCL供應商	走FCCL製程，生益科技SG5300N(塗佈+熱壓法)、台虹(熱壓法)		

僅供福邦投顧客戶使用

無布VS.有布方向選擇

- PTFE 由於Dk/Df的性能優於電子布，如果PTFE搭配電子布，會導致其Dk/Df轉差。

表19:PTFE與電子布的性能比較

	PTFE樹脂	LowDK 電子布	LowDK 3~4(1/2代Q-glass)
Dk(10Ghz)	~2.1	4.6~4.8	3.7~3.8
Df(10Ghz)	~0.0002	0.002~0.003	0.0002~0.0003

- 未來走向:

1. 有布方案(M9~M10搭配LowDK2~4電子布):若PCB上須放置CPU/GPU/ASIC等晶片，考量尺寸安定性因素，會需要搭配具有電子布的銅箔基板，例如UBB、ComputeBoard、SwitchBoard、MotherBoard。
2. 無布方案(搭配無布膠片):若僅考連傳輸性能(不放置晶片)，目前採取的無布方案，樹脂填矽粉/球型矽微粉的方案為主流，以改善膨脹性。

表20:PTFE的CTE比較

	PTFE樹脂	球型矽微粉	LowDK 3~4(1/2代Q-glass)
CTE(ppm/°C)	100~200+	0.4~0.6	0.5~0.55
說明		X/Y/Z軸的保護	X/Y軸保護

僅供福邦投顧客戶使用

不同填料對於銅箔基板的影響

- 在樹脂中加入填料能降低熱膨脹係數(CTE)、提高尺寸安定性和降低Dk/Df，近年的填料主要以球型粉料為主。

表21:各類填料的對應用途

填料	用途	相關填料供應商
二氧化矽粉(Si02)	降低CTE	日:電氣化學、Admatechs、龍森、新日鐵 中:聯瑞新材、錦藝新材、國瓷材料
陶瓷粉	調整Dk/Df	
氧化鋁	提高散熱性能	
碳酸鈣/滑石粉	通用材料	
氫氧化鈣/鎂	作為阻燃劑使用	
氧化鋁	改善導熱等	
碳酸鈣	降低複合材料成本

PCB製造端的製程變化-銅漿燒結

- 銅漿燒結製程源於瞬態液相燒結(TLPS)技術，主要用於實現PCB盲/埋孔電路層間的Z軸互連。
- 過去傳統高多層多採用背鑽的製程，但在NV陣營，開始嘗試使用”銅漿燒結“的製程來處理高多層版的訊號連接，以解決背鑽精度控制的問題。
- 目前具有【燒結製程+大板製造能力】的主要為板廠，例如**深南電路、景旺電子、勝宏科技、滬電股份、生益電子；台系則有金像電具備此製程能力。**

圖10:PCB銅燒結概念示意圖

PTFE供應商產能預期

- 目前Nvidia的供應來看，主要會以生益科技為第一供應商(合作最久)，第二供應商則從非中國供應商中選擇，目前與生益科技與台虹入列的優先供應商，**生益科技具有CCL+PP(PTFE/CH)的製造能力，台虹PTFE CCL (PFA)可搭配生益、台光電等CCL的CH PP方案，亦能搭配自產的PFA PP，可提供客戶彈性的產能需求。**
- 其餘具有PTFE樹脂CCL開發能力的供應商，開發進度較落後，不在考量範圍內。
- PCB段的生產: 以目前客戶的意願上，採用**無布方案**為優先目標，PCB生產良率約在10~30%，主要量產生產廠商預期為深南電路、景旺電子、勝宏科技、滬電股份；欣興僅參與配合RD階段(台郡負責燒結部分,但設備有限制)。

圖:PTFE主要供應商產能(米/月)

OpenClaw:加速從LLM往AI Agent 發展

- OpenClaw:開放式AI助理項目，可以根據使用者指令在應用程式和線上服務之間自行處理複雜任務，並被設計為可以代替使用者執行任務的AI軟體，並非過往的聊天機器人。
- OpenAI推出GPT5.4，此次更新提供Thinking和Pro兩種模型； Pro主要適用於需要進行複雜任務的使用者，Thinking模型可以在產出答案前提出思考計畫，使用者可以從中調整任務方向→強化Agent能力，可以支持智慧裝置執行複雜的工作流程。
- NVIDIA將推出類似OpenClaw的開放式平台-NemoClaw。

表23：LLM 與 Agent 推理比較

	傳統LLM推理	AI Agent 推理
流程	輸入→LLM(GPU)→輸出	感知→規劃→推理→工具與執行(CPU)
運作本質	單向生成	循環決策
互動對象	與使用者進行Q&A	與環境/工具/API互動
對硬體影響	主要消耗GPU算力	CPU需要介入成為主要調度，其中涉及沙盒隔離、儲存、記憶，複雜工具調用，

資料來源:產業調研、福邦投顧整理

僅供福邦投顧客戶使用

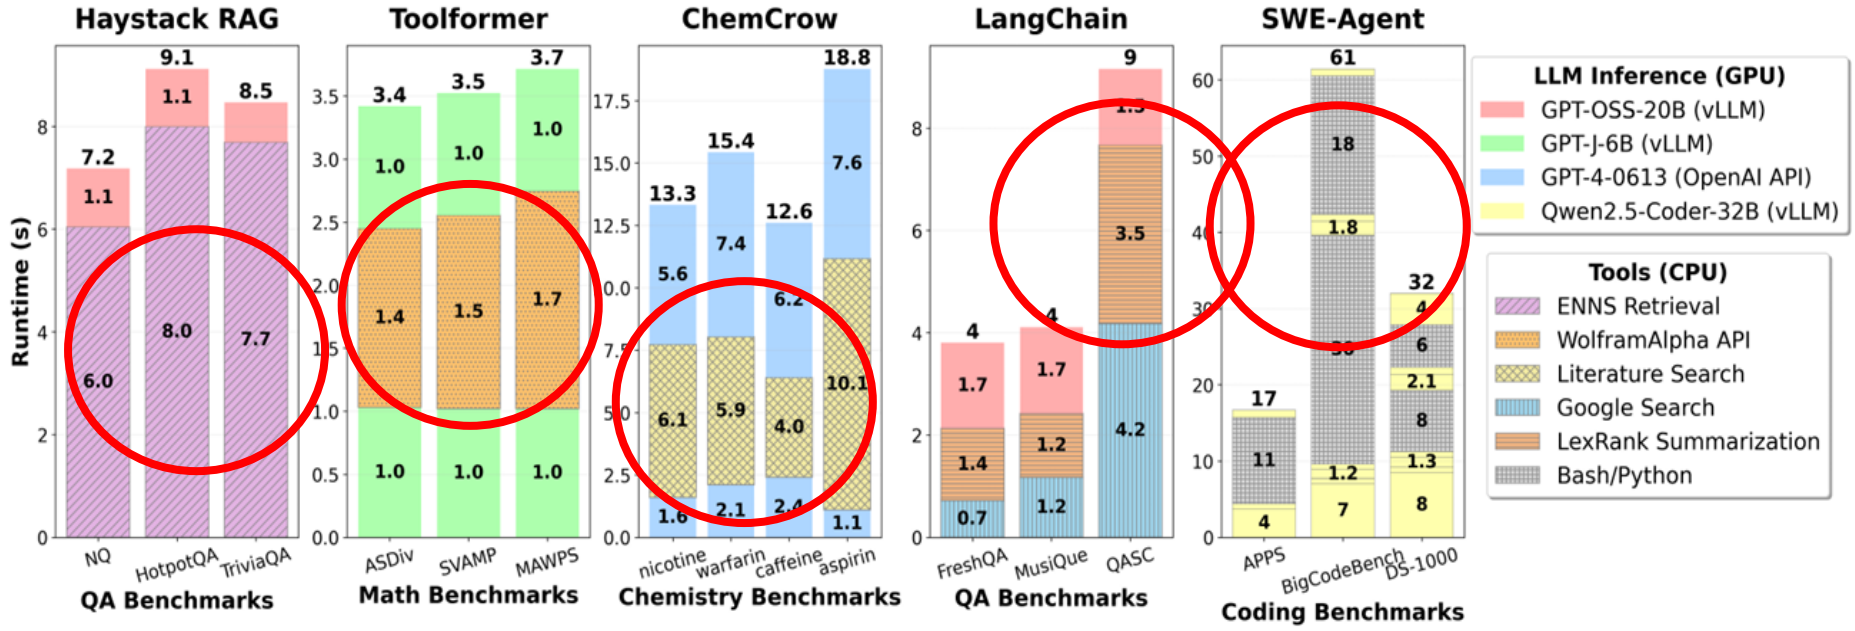
Agentic AI的瓶頸主要來自CPU

- 根據論文《A CPU-Centric Perspective on Agentic AI》一文指出，可以看出執行時間中CPU延遲占了大比例（紅圈），最高可達到90%以上；吞吐量瓶頸除了來自GPU，亦會來自CPU;能耗方面，大批次處理中(Batch size提升至128)，CPU平行處理效率低於GPU，佔到總能耗超過44%，延遲會從2.8秒提升至6秒以上，超過2倍。

圖11:Agent下，CPU佔據了大部分的延遲



資料來源:《A CPU-Centric Perspective on Agentic AI》 、福邦投顧整理

說明:Haystack RAG（問答檢索）**/Toolformer**（數學運算與 API 呼叫）**/ChemCrow**（化學文獻檢索）**Langchain**（網路搜尋與摘要）**/SWE-Agent**（程式碼與 Bash/Python 執行)

【僅供內部教育訓練使用，嚴禁外流】

CPU朝向多核發展→推升載板面積

- Agent執行:API處理、資料解析、腳本執行，90%由CPU完成，為了降低延遲，CPU往多核心發展是趨勢。
- 記憶體與上下文切換:CPU需要頻繁在不同Agent狀態做切換，多核心架構能讓每個Agent有獨立的處理單元，降低上下文切換帶來的效率損耗。
- 沙盒隔離/安全:Agent 需要大量獨立的一般伺服器建立Sandbox來執行，使用量與使用者和使用量正相關，需要更多核心數、高頻寬。

表24：伺服器CPU核心數

廠商	2023	2024	2025	2026	2027
Intel	Purley/Whitley	EagleStream	BirchStream	Oakstream	?
核心數	28/28	56	128	144~288	500?

可插拔光通訊模組:800G/1.6T潛在需求上升

■根據福邦投顧產業調查，2026/27/28年800G的採購”需求”可望達到6,000/7,500/6,500萬支，1.6T需求預估2,500/7,000/9,000萬支。

(隱含終端客戶對於良率的考量造成的Overbooking)

圖13: 2026~2028年光通訊模組需求預期(萬支)

僅供福邦投顧客戶使用

傳統光通訊模組板-HDI/mSAP供應體系的新機會

■因應高度整合和小型化需求，光模組開始大量採用MSAP來縮小產品體積和損耗；進入1.6T，L/S 要求微縮至**20μm-25μm**；因此1.6T開始，強制採用MSAP。

■材料規格上，亦往M7~M8等級以上升級，但在MSAP部分，會大量採用載體銅箔(三井金屬90%市佔率)、日東紡的Low CTE布，目前有面臨缺料的情況。

表27 :400G~3.2T PCB方案比較

雲端資料中心採用之交換器品牌

■雲端資料中心多採用品牌+白牌的混合方案

■Spine和DCI 因為結構複雜，所以多採用品牌廠，但Google和Amazon 由於架構和軟體上較強，所以選擇白牌來配合他們的結構。

■TOR和 Leaf 結構簡單，可以看到較多白牌(裸機、白盒)的方案。

■xAI的交換機品牌主要採用Juniper的方案，主權AI體系(ex:星際之門、中東等)多會採用Cisco等品牌交換機。

表29:各大雲廠商交換機廠商彙整

	TOR(機櫃)	Leaf（接入）	Spine（匯聚）	DCI（核心）

- **富邦&外資 preview 彙整**

券商	Rating	TP	2026F EPS	2027F EPS	2028F EPS	摘要
富邦 (10/12)	Buy	$3,500	$112.44 ↑ (from $108.80)	$161.21 ↑ (from $155.41)	$207.9	- 預期毛利率將超越先前指引，估 **3Q26 毛利率達 67.6%，EPS 估 29.97 元**。 - 預期管理層將指引 **4Q26 營收季增 10%至 12%**，毛利率則維持持平。受惠於下半年強勁表現，預估全年營收將年增 45%至 46%，有望再次超越原先指引。 - 資本支出方面，預期台積電維持全年 620 億美元的指引，估計 2027 年及 2028 年資本支出將大幅提升至 850 億及 1,000 億美元。 - 2027 年供應缺口將進一步擴大，因此認為台積電將於 2027 年再次調漲晶圓價格，平均漲幅超過 10%，其中先進製程節點漲價 10-15%，成熟製程節點漲價 5-10%。隨著 ASP 正向趨勢，認為 FY27 毛利率有望進一步攀升至 70%。
MS (10/5)	OW	$3,088 ↑ (from $2,988)	$115.32 ↑ (from $111.08)	$152.74↑ (from $144.93)	$189.91↑ (from $183.55)	- 預估 **3Q26 毛利率 67.5%，EPS 30.74 元**。 - 預估 **4Q26 營收季增 12.5%，毛利率 68.6%，EPS 估 35.25 元**。 - 預期法說會將全年營收成長指引上調至 low-to-mid-40%，較目前超過 40%的指引進一步提高，意味第 4 季營收可望季增 10%至 15%，主要受強勁的 3 奈米需求帶動。 - 預估 2026 年資本支出維持 540 億美元，2027 年則預估達 750~800 億美元。 - 2027 年晶圓價格方面，預期 7 奈米以下先進製程價格將上漲 5%至 10%，成熟製程則上漲 0%至 3%，帶動台積電 2027 年毛利率有機會接近 70%。
GS (10/5)	Buy	$3,300 ↑ (from $3,100)	$110.77 ↑ (from $109.21)	$150 ↑ (from $140.91)	$195.67 ↑ (from $180.83)	- 預估 **3Q26 毛利率 67.5%，EPS 29.07 元**。 - 預估 **4Q26 營收季增 11.0%**，AI 及 HPC 需求持續強勁，但 N2 製程持續擴產將帶來些微毛利率稀釋，**預估 67.3%，EPS 估 32.38 元**。 - 2027 年毛利率預估小幅提升至 67.5%，受惠於價格提升、有利產品組合、高稼動率及持續生產效率改善。 - 2026 年資本支出預估維持 640 億美元，但 2027 年及 2028 年分別上調至 850 億美元及 980 億美元，主要反映設備供應商成本上升，以及可能新增德州擴廠的初期支出。預估 2027 年底及 2028 年底 N3/N2 產能分別達到每月 20 萬片/14 萬片及 22 萬片/20 萬片。

Citi (10/7)	Buy	$4,000 ↑ (from $3,800)	$110.72 ↓ (from $110.73)	$158.30 ↑ (from $151.93)	$217.02 ↑ (from $207.24)	- 預估 **3Q26 毛利率 67.4%，EPS 33.16 元**。 - 預估 **4Q26 營收季增 16%，毛利率 66.7%，EPS 估 28.24 元**。 - 台積電在 AI 運算需求強勁、Agentic AI 潛在上行空間及 CPO 帶動新一輪網路設備週期的支持下，預期 2027 年營收可望年增超過 40%。隨著 N2 全年貢獻增加，以及 AI 運算工作負載自 2026 年下半年起逐步轉向 N3，並於 2028 年進一步轉向 N2 及 A16。 - 儘管近期市場傳出台積電可能與德州 Terafab 合作，但台積電目前已規劃亞利桑那州 6 期先進製程晶圓廠及 2 期先進封裝產能，管理層過去也曾表示，長期目標是讓亞利桑那州具備約 30%的先進製程產能，以滿足美國需求。第二及第三期預計於 2027 年底至 2028 年開始量產 N3 及 N2，第四至第六期則預計逐步建置至 2030 年，因此未來幾年暫不將德州新增產能及投資納入預估。
JPM (10/8)	OW	$3,300	$108.62 ↑ (from $108.15)	$147.80 ↑ (from $141.37)	$190.42 ↑ (from $180.01)	- 預估 **3Q26 毛利率 66.8%**，主要受惠於 N3/N5 產能利用率維持高檔及晶圓漲價，但部分受到 N2 初期量產、海外晶圓廠稀釋效應及下半年新台幣升值影響。**EPS 估 27.92 元**。 - 估 **4Q26 營收季增 11%，毛利率 66.8%，EPS 31.37 元**。 - 估 2026 年美元營收將年增 41%，新台幣營收年增 44%，全年毛利率約 66.9%。 - 預估 N3 產能將於 2026 至 2028 年底分別達到每月 17.8 萬、22.3 萬及 25 萬片。N2 方面，台積電為避免重演 N3 供不應求的情況，正加速擴產，預估 2027 及 2028 年底產能將分別達每月 11.8 萬及 21 萬片。此外，A14 進度優於原先預期，預估最快可於 2028 年下半年量產，早於市場普遍預期的 2029 年。 - 預估 2026 至 2028 年資本支出將分別達 640 億、860 億及 1,000 億美元，其中 2028 年仍有上修空間。 - 預期 2027 年漲價將涵蓋多數製程，先進製程漲幅約 10%，N7 及以上成熟製程則調漲低至中個位數百分比。預估 2027 年整體平均售價將年增 25%，高於 2026 年預估的 17%。

UBS (9/28)	Buy	$3,650	$109.06 ↑ (from $108.96)	$148.98 ↓ (from $149.14)	$202.52 ↑ (from $198.23)	- 預估 **3Q26 毛利率 67.1%，EPS 28.47 元**。 - 預估 **4Q26 營收季增 10%**，受惠於旗艦手機季節性備貨及 HPC 需求加速放量，但考量 N2 初期量產及海外擴廠的成本稀釋效應，**毛利率預估持平於 67.0%，EPS 估 31.26 元**。 - 雲端 AI 長期趨勢持續推動台積電營收成長，預估 2026 年營收將年增逾 40%，2027 年也可望維持約 40%的成長。近期產業調查顯示，雲端 AI 需求尚未出現降溫跡象，且 2027 至 2028 年 CPU、GPU 及 ASIC 需求展望進一步轉強。 - 資本支出方面，維持 2026 年預估 630 億美元，並將 2027 及 2028 年預估由原先的 800 億及 950 億美元，上調至 900 億及 1,050 億美元。主要考量台積電加速擴充 N3 及 N2 產能，並提前 A14 設備交付時程。將 2028 年底 N3 及 N2 月產能預估分別上調至 22 萬及 21 萬片。
廣發 (10/7)	Hold	$2,960 ↑ (from $2,700)	$110.9 ↑ (from $108.2)	$148.7 ↑ (from $138.3)	$184.6	- 預估 **3Q26 毛利率 67.8%，EPS 29.2 元**。 - 預估 **4Q26 營收季增 12%，毛利率小幅降至 67.2%，EPS 32.4 元**。 預計維持 2026 Capex 指引；考慮設備通脹，上調 2027E/2028E Capex 至 US$83bn/95bn。 - 台積電可能與 Terafab 合作的敘事出現變化，此前報道台積電負責運營晶圓廠或成立 JV，及為 Tesla/SpaceX 提供專屬產能；但 Elon Musk 10/7 表示 Tesla/SpaceX 將自行“build and run the fab”，認為市場預期將重新調整，而 Intel 仍參與 Terafab 項目。

- **上季法說重點(2026/7/16)**

2Q26 法說會重點摘要	
Revenue	**- 3Q26 指引：US$44.6-45.8bn(中值 QoQ+12%、YoY+37%)；匯率假設為 USD/TWD 32** **- 將 2026 年全年美元營收成長預估上調至略高於 40%**
GM	**- 3Q26 指引：65-67%，QoQ-1.7ppts** **- 2Q26 毛利率 67.7%，QoQ+1.5ppts 並略優於公司財測，成本改善措施與整體稼動率略高於預期，但部分被海外廠初期營運稀釋抵銷** **- 2nm 將於 2H26 快速 Ramp-Up，稀釋毛利率 3~4%** **- 海外廠未來幾年前期每年約稀釋公司毛利率 2~3%，後期擴大到 3~4%**
OP Margin	**- 3Q26 指引：56-58%**
2Q26 product mix	**- N2 3%；N3 30%；N5 33%；N7 11%；先進製程技術(N7 及以下)占晶圓營收 77%** **- HPC 66%(QoQ+20%)；Smartphone 22%(QoQ-4%)；IoT 5%(QoQ+4%)；Automotive 4%(QoQ+15%)；DCE 1%(QoQ+5%)**

CAPEX&折舊	**- 2026 年 CAPEX 上調至 US$60-64bn(原為 US$52-56bn，接近上緣)；70~80% 於先進製程，10% 特殊製程、10~20% 先進封裝、測試光罩** **- 資本支出通常對應未來數年更高的成長機會，目前看未來三年 CAPEX 會比過去三年再更為強勁** **- 已提前與設備供應商規畫產能，目前不預期設備供應會成為擴產計畫的重大瓶頸** **- 宣布將在亞利桑那追加 US$100bn 投資(總額提高至 US$265bn)，新增數座 N2 及更先進製程邏輯晶圓廠、先進封裝廠**
AI	**- 先前提出的 2024-29 年 AI 相關營收「中高 50% CAGR」展望，管理層表示需求已變得「更強、更強、再更強」，因為展望持續在調高所以不公布數字，實際趨勢高於先前說法**
先進封裝	**- 目前主流方案仍為 CoWoS，同時持續開發其他替代技術以降低封裝成本** **- 對 Intel EMIB-T 等先進封裝競爭，管理層認為後段和前段是完全不同等級，競爭者取得封裝訂單不代表可切入前段邏輯晶圓**

Voltronic Power (6409.TW)

Recharging Growth: UPS Recovery and HVDC Potential; Initiate at Buy

CITI'S TAKE

We initiate coverage on Voltronic with a Buy rating and NT$1,050 target price. Voltronic is a Taiwan-based UPS ODM, supplying to western power vendors including Schneider, Riello, Vertiv and Eaton. We view 2026E as the earnings trough, with improving online UPS mix and operating leverage driving 28% earnings rebound in 2027E. Structural outsourcing by western power vendors should support sustained share gains, while expansion into HVDC power racks offers a new stream for AIDC growth, supporting a potential re-rating. Our TP applies 25x 2027E EPS against earnings CAGR of 20% in 2026-2028E, broadly consistent with its L-T historical average.

Outsourcing and mix upgrade underpin the recovery — Western vendors' increasing focus on integrated AIDC infrastructure strengthens the rationale for outsourcing select UPS platforms. Voltronic's customization capabilities and flexible manufacturing position it to capture additional opportunities. A rising contribution from online and higher power UPS should support margins, driving EPS CAGR of 20% in 2026-2028E.

Power racks could materially broaden its growth opportunity — Voltronic's high voltage EV-charger experience and longstanding relationships with western power vendors support its entry into HVDC power solutions. It has progressed into customer sampling, with management indicating that HVDC power rack mass production could begin in 2H27E at the earliest. Successful commercialization could broaden its addressable market and support a valuation re-rating.

Earnings recovery and strong cash returns — We view 2026E as the earnings trough, followed by a recovery in 2027-2028E. A richer online UPS mix and operating leverage should lift GPM from 27.1% in 2026E to 28.1% and 29.0% in 2027E and 2028E, respectively. Its relatively asset-light business model, net cash position and high dividend payout should provide additional support for shareholder returns.

Initiate Buy with TP NT$1,050 on 25x 2027E EPS — Our target multiple is broadly consistent with Voltronic's average forward P/E since 2013, supported by its competitive position in UPS outsourcing and durable customer relationships. Clearer evidence of power-rack commercialization could offer further re-rating.

Buy

Appendix A-1 28

Executive Summary

We initiate coverage of Voltronic with a Buy rating and target price of NT$1,050 (25x 2027E EPS), supported by structural UPS outsourcing, improving product mix and emerging opportunities in AI datacenter power infrastructure. Voltronic is a Taiwan-based ODM of uninterrupted power supplies ("UPS") and power conversion products for global brands. UPS system provides backup electricity and protection against power disturbances, helping critical equipment maintain operation during supply disruptions. UPS accounted for 63% of Voltronic's 2025 group sales. Its pure-play ODM model, customization capabilities and longstanding customer relationships underpin its competitive positioning.

Our positive stance on the shares is based on three major reasons:

1. We see expansion into HVDC power racks as a potentially significant new growth opportunity. Its experience in high-voltage EV chargers provides relevant engineering capabilities, while its established relationships with western power vendors support access to customer development programs. Voltronic has progressed into customer sampling, with management indicating that HVDC power rack mass production could begin in 2H27E at the earliest. Successful commercialization could broaden its addressable market and support a valuation re-rating, although meaningful earnings contribution remains subject to qualification, design wins and production schedules.

2. Structural UPS outsourcing should support sustained market share gains. Western power vendors are allocating more resources to integrated AIDC infrastructure and energy management, strengthening the rationale for outsourcing selected products. Voltronic's engineering expertise, flexible manufacturing and ability to handle a broad range of customized products in small batches make it well positioned to capture these opportunities.

3. The shift toward online and higher power UPS should improve revenue quality and profitability. We expect online UPS to be the principal driver of the earnings recovery, with online UPS sales growing 12% CAGR in 2026-2028E as outsourcing opportunities and demand for higher power systems expand.

We view 2026E as the earnings trough, followed by a recovery in 2027-2028E. We forecast EPS of NT$33.00/NT$42.30/NT$47.25 in 2026E/2027E/2028E, implying earnings growth of 28% and 12% in 2027E and 2028E. A richer online UPS mix and operating leverage should lift GPM from 27.1% in 2026E to 28.1% and 29.0% in 2027E and 2028E, respectively. Its relatively asset-light business model, net cash position and high dividend payout should provide additional support for shareholder returns.

Our target price applies 25x forward P/E to 2027E EPS, broadly consistent with Voltronic's long tern average forward P/E since 2013. We believe its competitive position in UPS outsourcing, durable customer relationships and manufacturing capabilities justify this multiple, with clearer evidence of power rack commercialization offering potential for further re-rating.

Investment Thesis

Positive #1 – AIDC creates a new growth runway, with power-rack expansion potentially lifting Voltronic into broader power solutions

We see Voltronic's expansion into power racks as a potentially significant extension of its AIDC opportunity in the medium to long term, enabling the company to capture the broader share of datacenter power spending. We believe Voltronic's existing high-voltage engineering capabilities, established relationships with western power vendors and customer collaboration provide a credible foundation for winning business in HVDC power rack.

Rapid growth in AI workloads and rising rack density increase the power capacity required, alongside more demanding requirements for efficiency, reliability and load management. Nvidia's roadmap targets 800VDC infrastructure supporting racks of 1MW and beyond, while its latest architecture includes power racks that supply 800VDC to compute racks within existing AC-powered facilities. We believe this creates scope for greater power-infrastructure, even as the architecture consolidates conversion stages to improve efficiency.

EV-charger experience provides a relevant technical foundation for HVDC development

Voltronic already offers DC fast chargers ranging 30-240kW, with modular designs delivering constant power across a 300-100VDC range and charging controls developed internally. These products demonstrate existing experience with high-voltage conversion, protection, thermal management and modular power-system design. We believe these capabilities should support its development of 800VDC PSUs and reduce the engineering learning curve.

Established westerns customer relationships strengthen its route to market

Voltronic's UPS ODM business provides existing engineering relationships and familiarity with customers' quality, customization and manufacturing requirements. Its pure ODM business model also emphasizes avoiding competition with customers. We believe this positioning makes it a suitable partner for western vendors who are expanding their AI infrastructure offerings. Existing relationships should help Voltronic secure development opportunities and understand product roadmaps early, although each new platform still requires qualification.

Voltronic has already taken concrete steps toward this opportunity. The company has publicly introduced an HVDC PSU for power racks, while its broader development plan extends into solutions combining battery backup unit (BBUs). battery management systems (BMS), and DCDC converters through collaboration with power-system companies.

Management indicated discussions with two Tier 1 vendors with the intended solution ultimately servicing the service providers. This creates a potential path from supplying individual power products to participating in a larger, integrated power-rack offering.

Development has progressed into customer sampling, although specifications continue to evolve with customers' requirements. Management pointed out that shipment of 800VDC products possible from 2H27E at the earliest.

We view its existing relationships with global power-solution vendors as a key advantage, while its commitment to operating as a pure ODM without competing against customers under its own brand supports this partnership model.

That said, customer qualification, confirmed design wins and mass-production timing remain key milestones before we can confidently evaluate a material contribution. Sales potential also depends on Voltronic's scope of supply, which determines content per rack and the share of system value it captures. Progress toward commercial shipments could strengthen earnings visibility and support a re-rating as Voltronic establishes its position in AIDC power infrastructure.

Figure 7. Western Power Vendors' Positioning in 800VDC Power Racks

Company	Schneider Electric	Eaton	ABB	Vertiv
Power Rack Product	NetShelter Power Rack - 800VDC	800VDC/+-400VDC sidecar platform	800VDC power architecture under development.	PowerDirect 5000, a dedicated 800VDC power sidecar/standalone power center.
Power Capacity	>660kW; broader sidecar architecture can support AI racks of up to 1.2MW	900kW max	na	400-900kW per PowerDirect 500 sidecar.
Expected Timeline	Sidecar intended to be available ahead of Rubin Ultra/Kyber deployments beginning in 2027E.	2027 production readiness target	na	800VDC sidecars are under customer validation in 2026 with deployment planned in 2027E.
Work with Nvidia?	Yes. Working directly with Nvidia on 800VDC sidecar	Yes, working with Nvidia on design, reference architectures, and 800VDC power mgmt solutions	Yes, ABB and Nvidia are jointly developing power solutions for 800VDC and gigawatt scale AIDC.	Yes, working closely with Nvidia. Vertiv has aligned the product roadmap with Nvidia's next-gen platforms.
External Partners?	Yes. The mgmt said it will leverage some partners when needed.	Yes. The mgmt said it is actively seeking industry collaboration to refine an d deploy the prototype.	Yes at the ecosystem level.	Yes at the ecosystem level, but less explicit on outsourcing.
Relevant Mgmt Commentary	On 1Q26 call, Schneider said it is investing heavily in 800VDC; the sidecar is the solution that can be deployed quickly. Importantly, mgmt explicitly said Schneider doesn't need to do everything itself and would leverage partners where necessary.	Eaton describes 800VDC as a major part of its "grid-to-chip" strategy. The detailed sidecar roadmap and explicit request for industry collaboration suggest Eaton is actively building an ecosystem around the product rather than developing every element entirely internally.	The mgmt noted ABB was an early investor in UPS, DC and solid-state electronics, which they describe as a future potential demand driver, with its Nvidia collaboration putting these technologies at the center of next-gen datacenter architecture.	Vertiv said 800VDC should become an important portion of the market from 2027E onward. Its programs were on schedule for launches, while mgmt was pleased with feedback from ongoing prototypes and validation activities.

Positive #2 – UPS outsourcing provides a structural share-gain opportunity

We see structural outsourcing as a durable growth driver for Voltronic, allowing its UPS business to outgrow underlying industry demand. Rising investment in digital infrastructure, commercial applications and industrial automation supports continued demand for power protection, while established brands have incentives to outsource selected hardware platforms.

Voltronic's dedicated ODM model, engineering capabilities and manufacturing efficiency position it to capture this opportunity. In our view, growth can come from both an expanding market and the transfer of existing production from customers' factories to qualified manufacturing partners.

UPS remains a structurally growing power-protection market

Global Market Insights estimates the worldwide UPS market at US$13bn in 2025, rising to US$14.5bn in 2026E and US$26.8bn by 2035E, implying a 7.1% CAGR over 2026-2035E. Although estimates vary by research provider and market definition, the underlying drivers include increasing dependency on electronic systems, growth in industrial automation and smart manufacturing, increasing power outages and grad instability, rising costs of downtime and greater requirements for reliable electricity.

Datacenters provide an important source of incremental demand, while commercial and industrial applications broaden the market beyond the AI investment cycle. Datacenters expansion supports demand for online, double conversion UPS systems, which continuously condition incoming power and protect critical equipment against supply disturbance. Commercial applications – including offices, retail networks and healthcare facilities – require protection for servers, communications equipment and other essential systems. Industrial demand comes from protecting sensitive control, automation equipment and critical processes where power interruptions can disrupt production.

The competitive landscape is led by established international suppliers. Per Global Market Insights 2025 analysis, Schneider Electric, Eaton, Vertiv are the three leading suppliers, with the top 5 collectively controlling approximately 60-65% of the global UPS market. Other peers include Huawei, KSTAR, Kehua, Delta and Riello.

This concentration matters for the outsourcing thesis – securing additional projects from a relatively small number of large brands can open substantial manufacturing opportunities.

Western brands' strategic priorities support further selective outsourcing

Per our industry checks, major UPS brands still manufacture a substantial portion of their UPS products internally, while increasingly moving toward energy management and committing resources to broader AIDC infrastructure. This could result in small and medium UPS products to be gradually outsourced as this transition develops. We view this as a multi-year opportunity, particularly where established platforms can be transferred to qualified ODMs while customers retain control over product specifications, branding and distribution.

We identify three economic reasons for this shift –

1. **Outsourcing can improve manufacturing and capital efficiency**: A specialist ODM can aggregate demand across customers, consolidate component purchases and spread manufacturing overhead across a larger production base. For brands, this can reduce incremental factory investment and simplify capacity planning.

2. **Outsourcing can accelerate product development**: access to ODMs' established platforms, component knowledge and manufacturing processes allows brands to adapt existing designs for additional markets and applications. Engineering resources can then concentrate on product differentiation.

3. **Broader system offerings create competing demands on vendors' resources**. Leading UPS brands emphasize on monitoring, operational management and integrated solutions, strengthening the rationale for outsourcing selected hardware while allocating more resources to system integration, and software.

Voltronic's dedicated ODM model, engineering capabilities and manufacturing efficiency should position it to capture further UPS outsourcing

Voltronic's ODM focus is evident from its commitment to operate without having a brand of its own to compete with its customers. This aligns its interests with customers and differentiates it from suppliers that combine branded sales with contract manufacturing. Long-standing relationships with leading vendors, including Schneider, Riello, Vertiv and Eaton, provide a foundation for securing additional projects. Its engineering capabilities enable it to meet diverse product specifications, while flexible manufacturing supports the small production batches and broad model range characteristic of the UPS industry.

Its track record in product qualification and certification also creates barriers, as moving established programs to other suppliers requires additional validation, audits and testing. We believe this combination of customer trust, execution and cost competitiveness positions Voltronic to secure more outsourcing orders, including higher-power online UPS, as western brands allocate greater resources to AIDC infrastructure and integrated power solutions.

Positive #3 – Online and high-power UPS mix upgrade should support structurally better growth

We expect Voltronic's shift toward online and higher-power UPS to become an increasingly important driver of revenue growth and profitability. Moving up the product range increases power capacity and engineering content per system, supporting higher ASPs and greater differentiation. We forecast online UPS sales to rise at a 12% CAGR in 2026-2028E, ahead of offline UPS at 6%, with online UPS gross profit growing faster at 16% as product mix improves.

Offline UPS remains a stable revenue base, yet offers more limited differentiation. Offline UPS typically serves home offices, small businesses and basic power applications. These products feature relatively simple designs and lower costs.

We view this segment as increasingly mature and commoditized, with lower technical barriers exposing suppliers to greater pricing pressure, including competition from Chinese manufacturers. Scale, procurement efficiency and cost control hence are the key competitive factors, while opportunities for sustained ASP and margin expansion are more constrained, in our view. Our model assumes offline UPS gross margin to be at 24-26% in 2025-2028E.

Online UPS offers greater technical differentiation and stronger margin potential. Its double-conversion architecture continuously converts AC power into DC and back into AC, providing stable voltage and frequency, avoiding power disturbances and enabling zero transfer time to battery operation.

It is particularly suited to complex, power-sensitive applications such as datacenters, industrial automation and precision control systems, where even brief interruptions or power quality disturbances can disrupt operations. The business also exhibits high-mix, low-volume characteristics, particularly in customized

commercial and industrial applications, where customers require different power ratings, redundancy configuration and battery interfaces etc. Our model assumes online UPS gross margin to be at 31-34% in 2025-2028E.

We believe this creates opportunities for an experienced ODM partner such as Voltronic to differentiate through customization and reliable delivery, while sharing development and procurement resources across customers and product platforms. Together with demanding certification, customer qualification and reliability testing, these capabilities raise entry barriers and switching costs, supporting higher ASPs, strong customer retention and better margin potential as Voltronic expands into higher power systems.

We project online UPS sales to increase 12% CAGR in 2026-2028E, lifting its contribution to group sales from 37% in 2025 to c.44% in 2028E. The underlying driver comes from a stronger outsourcing opportunity thanks to the AIDC boom. Western vendors, including Schneider, Vertiv are expanding their focus on integrated AIDC infrastructure, power distribution, and infrastructure management. Meanwhile, rising power requirements within conventional AC-based datacenters support demand for higher power UPS systems, prompting vendors to expand UPS production capacity. We believe the combination of stronger demand and competing resource requirements can strain available engineering and manufacturing capabilities, increasing the appeal of qualified ODM partners to supplement internal production. Voltronic's customization capabilities and flexible manufacturing position it to capture this opportunity.

Figure 17. Online UPS vs Offline UPS

	Offline UPS	Online UPS
Voltronic Sales Mix (2025)	26%	37%
Voltronic GPM (2025)	25-26%	31-32%
Operating Principle	Utility power normally feeds the load directly; battery/inverter activates when input power fails or moves our of range	Input AC is continuously converted AC-DC-AC, with inverter continuously supplying the load
Transfer Time	Short transfer time, a few milliseconds	Near-zero transfer time
Typical Power Range	More concentrated in lower-power applications	More prevalent in medium and high power applications
Product Characteristics	More standardized, high volume products	More customized and project based products
Technical Complexity	Lower	Higher
Typical Applications	PCs, home office, POS systems, small networking equipment	Datacenters, server rooms, telecom, industrial equipment, medical and critical infra
Cost	Lower	Higher
Maintenance Needs	Lower	Higher
Main Advantage	Cost effective and efficient for non-critical loads	Best power quality and highest protection for mission-critical loads

Financial Analysis

Income statement – 2026E marks the earnings trough; online UPS drives the recovery from 2027E

Voltronic delivered an 8.7% sales CAGR and 9.9% net profit CAGR over 2018-2025, although earnings have become more volatile in recent years due largely to swings in the inverter business. We forecast sales to decrease 1% y/y to NT$20.4bn in 2026E, before recovering 8% y/y and 7% y/y to NT$21.9bn and NT$23.4bn in 2027E and 2028E respectively. The key driver is the higher value online UPS.

We forecast online UPS sales to grow 10%/13%/10% y/y in 2026E/2027E/2028E, lifting its sales contribution from 37% in 2025 to 44% by 2028E. Together with offline UPS, we estimate UPS products to make up 72% of group sales in 2028E vs 2025's 63%. Conversely, we forecast inverter sales to decline 27% y/y in 2026E and remain broadly flat thereafter, reducing their sales contribution from 29% in 2025 to 18% in 2028E.

We expect gross margin to bottom at 27.1% in 2026E vs. 29.0% in 2025, reflecting negative impact from material cost inflation and weaker inverter profitability. Thereafter, we forecast gross margin to recover to 28.1% and 29.0% in 2027E and 2028E, supported by a richer online UPS mix and improving segment margins. We estimate online UPS gross margin to increase from 30.8% in 2026E to 33.4% in 2028E driven rising contribution from high power online UPS, while its rising sales mix could provide increasing contribution to group gross profits.

Operating leverage should further support profitability. Opex fell from 8.0% of sales in 2025 to 7.4% in 2026E and could remain at 7.2% thereafter, while R&D investment is maintained at 4.2% of sales. We therefore forecast OPM to recover from 19.7% in 2026E to 20.9% and 21.8% in 2027E and 2028E.

We estimate net profit to decrease 18% y/y in 2026E, partly hampered by a larger FX loss, before rebounding 28% y/y and 12% y/y in 2027E and 2028E. We forecast EPS to register NT$33.00/NT$42.30/NT$47.25 in 2026E/2027E/2028E.

We attribute Voltronic's earnings decline in 2025 and our forecast for a further decline in 2026E to persistent inverter weakness and additional cost and supply pressures. In 2025, adverse weather in Pakistan shortened the inverter peak season and weakened demand, while intensifying Chinese competition pressured pricing and profitability. The weakness extended into 2026E as the Middle East conflict disrupted logistics and delayed shipments, alongside continued customers destocking in Pakistan. In 1H26, RMB appreciation further weighed on margins. Meanwhile, raw material shortages constrained shipments and higher metal and key component prices eroded gross margins. We therefore forecast earnings to decline 18% y/y in 2026E before improving 28% y/y in 2027E.

Balance Sheet – Asset light model and net cash suggest high returns

Voltronic maintains a relatively asset-light balance sheet with fixed assets making up 24% of total assets in 2025 despite its sizable sales scale. We estimate the company to remain in a net cash position throughout 2026-2028E. We forecast cash and cash equivalent assets to account for 36-39% of total assets in 2026-2028E while there are no meaningful short-term borrowings and long-term debt.

We forecast ROE to rise from 37% in 2025 to 40% in 2026E and 48% in 2027E. The high ROE is not driven by financial leverage, but primarily by its asset-light business model, strong operating margins and high capital distribution.

Voltronic also maintains high shareholder-return policy. We assume an 87% cash dividend payout ratio through 2026-2028E, implying cash dividends of NT$29/NT$37/NT$41 per share.

Valuation Methodology and Risks

We value Voltronic using a forward target P/E of 25x our 2027E EPS to derive a target price of NT$1,050, broadly in line with its long-term average forward P/E since 2013. We believe forward P/E is appropriate given the company's established earnings base and the importance of product mix and operating leverage to its profitability. Using 2027E EPS captures a fuller year of anticipated earnings recovery following the softer 2026E base, alongside the ongoing transition toward online and higher power UPS. This also aligns our valuation with the earnings outlook investors are likely to focus on as the recovery progresses.

Our target multiple of 25x is supported by Voltronic's competitive position in UPS outsourcing. Its established relationship with western power vendors and ability to accommodate high mix, low volume production creates a solid foundation for the intact share gains, supporting the durability of its earnings and hence justify a valuation broadly consistent with its historical average. Stronger evidence of power rack commercialization and sustained UPS mix improvement could support a further re-rating.

Key downside risks to our Buy rating and target price include:

1. **Slower UPS demand or outsourcing gain.** Weaker commercial and industrial spending, delayed datacenter projects or customer inventory adjustments could weigh on orders.

2. **Less favorable product mix and margin pressure.** A slower transition toward online and high-power UPS, more aggressive pricing or higher component costs could limit margin improvement.

3. **Persistent PV inverter competition.** Aggressive pricing by Chinese suppliers, weaker residential solar demand or unfavorable subsidy changes could pressure inverter sales and profitability.

Our quantitative model assigns a High Risk rating to Voltronic. However, we believe such a rating is not warranted due to: 1) its established franchise and longstanding relationships with leading power vendors, with demanding qualification requirements and high customization supporting customer retention and repeat business; 2) its track record of profitability and positive operating cash flow enables internally funded investment and reduces reliance on external financing; and 3) the company has a strong balance sheet and has been in net cash position.

Company Overview

Established in 2008 and listed on the Taiwan Stock Exchange in 2014, Voltronic Power is a Taiwan-based design and manufacturing service (DMS) provider specializing in uninterrupted power supplies (UPS) and power-conversion products. The company is headquartered in Taipei and operates manufacturing facilities in Taiwan, China and Vietnam, with approximately 5,000 employees.

Voltronic adopts a pure-play ODM business model and does not market products under its own brand. This avoids direct competition with customers and has helped the company establish long-term relationships with most global Tier-1 UPS brands, as well as numerous regional brand owners.

The company provides customers with product design, R&D, sourcing, manufacturing and system integration services, with a focus on high-mix, relatively low-volume and customized products.

Voltronic's core products include offline UPS systems ranging from 400VA to 3kVA and on-line UPS systems ranging from 1kVA to 3MVA. The company has progressively expanded from conventional single phase UPS products into three-phase, high-power and modular UPS systems. It has also diversified into off-grid and hybrid solar inverters, energy storage systems, and EV chargers.

In 2025, online UPS contributed 37% of group sales, offline UPS 26%, inverters 29% and others 8%. By geo, Asia accounted for 60% of group sales, followed by Americas 22%, EU 16% and others 2%.

Shareholder Structure

As of March 2026, founder, chairman and general manager Alex Hsieh was the largest individual shareholder, holding 9.6% of outstanding shares. Based on disclosed direct, family-related and investment company holdings, we estimate the founder and related parties collectively controlled c.30% of outstanding shares.

Key Management Team

- **Alex Hsieh – Founder, Chairman and General Manager:** Mr. Hsieh has led Voltronic since its establishment in 2008. He holds a bachelor's degree in business management from Tatung University and previously served as Chairman and General Manager of Centralion Industrial and as a director of Phoenixtec Power. His extensive experience in the UPS industry underpins Voltronic's pure-play ODM strategy.
- **Monica Wang – Vice General Manager:** Ms. Wang joined Voltronic at its establishment in 2008. She previously worked as a manager at Centralion Industrial.
- **Chih-Hsin Chin – Vice General Manager:** Mr. Chin joined Voltronic in 2008. Before joining the company, he worked as a manager at Phoenixtec Power.

Voltronic Power

Company description

Established in 2008 and listed on the Taiwan Stock Exchange in 2014, Voltronic is a Taiwan-based design and manufacturing service (DMS) provider specializing in uninterrupted power supplies (UPS) and power-conversion products. Voltronic adopts a pure-play ODM business model, which avoids direct competition with customers and has helped the company establish long-term relationships with most global Tier-1 UPS brands. The company is headquartered in Taipei and operates manufacturing facilities in Taiwan, China and Vietnam.

Investment strategy

We have a Buy rating on Voltronic, supported by an earnings recovery, structural UPS outsourcing and emerging opportunities in AIDC power infrastructure. Its customization capabilities and longstanding relationships with western power vendors position it to capture additional outsourcing orders and expand into higher power products. HVDC power racks offer a L-T growth opportunity and potential re-rating catalyst. We view 2026E as earnings trough, with a richer online UPS mix and operating leverage driving a 28% earnings rebound in 2027E.

Valuation

We value Voltronic using a forward target P/E of 25x our 2027E EPS to derive a target price of NT$1050, broadly in line with its long term average forward P/E since 2013. We believe forward P/E is appropriate given the company's established earnings base and the importance of product mix and operating leverage to its profitability.

Risks

Key downside risks to our Buy rating and target price include: 1) Slower UPS demand or outsourcing gain. 2) Less favorable product mix and margin pressure. 3) Persistent PV inverter competition. 4) Weaker macro economy

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report

for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

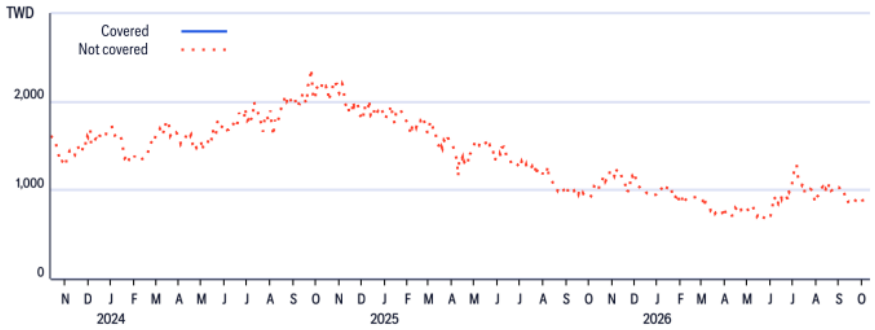
Fundamental Research



*Indicates Change

Rating/target price changes above reflect Eastern Time

A member of Citigroup's Board of Directors is also on the Board of Directors of Emerson Electric Co.

Within the past 12 months, Citigroup Global Markets Inc. or its affiliates has acted as manager or co-manager of an offering of securities of Schneider Electric,Vertiv Holdings Co.

Citigroup Global Markets Inc. or its affiliates has received compensation for investment banking services provided within the past 12 months from ABB,Delta Electronics,Eaton Corp,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co.

Citigroup Global Markets Inc. or its affiliates expects to receive or intends to seek, within the next three months, compensation for investment banking services from ABB.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from ABB,Delta Electronics,Eaton Corp,Emerson Electric Co.,Fuji Electric,Mitsubishi Electric,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as investment banking client(s): ABB,Delta Electronics,Eaton Corp,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: ABB,Delta Electronics,Eaton Corp,Emerson Electric Co.,Mitsubishi Electric,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: ABB,Delta Electronics,Eaton Corp,Emerson Electric Co.,Fuji Electric,Mitsubishi Electric,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to ABB,Delta Electronics,Eaton Corp,Emerson Electric Co.,Schneider Electric,Siemens Energy AG,Vertiv Holdings Co. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign “Rating Suspended” status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as “—“ and “-“ respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned “Under Review” status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views (“STV”) Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock’s fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:
The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies (“private companies”) referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are

not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Angela Hsu

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel,

this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the

Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

The Product is made available in **United States** and **Canada** by Citigroup Global Markets Inc., which is a member of FINRA and registered with the US Securities and Exchange Commission. 388 Greenwich Street, New York, NY 10013.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. Goldman Sachs (Asia) L.L.C.

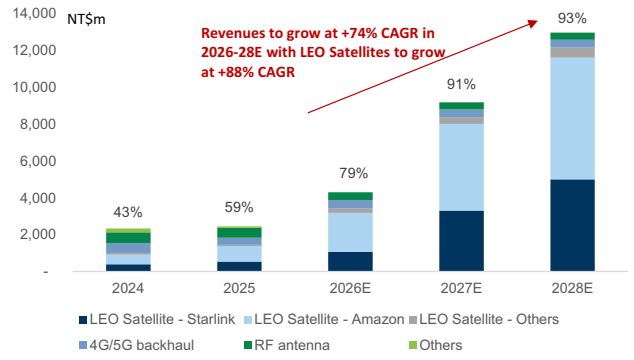
UMT delivered strong 3Q26E revenues growth of 74% YoY (or -7% MoM) to NT$843, while below our estimates, we attribute it to order momentum and the transition period of LEO satellite business towards the new platform. We remain positive and expect to see a rising revenues contribution from the LEO satellites business, and growing dollar content on the new platform, supporting both YoY and QoQ growth in 4Q26E revenue, along with GM improvement. Meanwhile, the company continues to work with multiple LEO satellite clients. We remain positive on UMT given (1) riding on the accelerating LEO satellite launches that enhance the satellite communication services and expand space applications, (2) increasing waveguide for LEO satellite dollar content given more bands are adopted per LEO satellite, and (3) waveguide end market expands from LEO satellite to AI data center for high-speed interconnection in scale up (report link). Maintain Buy.

UMT provides rectangular waveguides, which are conducting pipes with a rectangular cross-section used to guide the propagation of microwave or mmwave signals. Different shapes and combinations of waveguides can form various RF passive components, such as filter / diplexer, coupler, isolator, antenna, power amplifiers (PAs), etc. The company serves leading global LEO satellite operators, and its waveguides can be seen in LEO satellites / payloads (main), and gateways in ground stations.

Exhibit 1: UMT revenues to grow at 74% CAGR in 2026-28E with rising LEO satellite contribution



Source: Company data, Goldman Sachs Global Investment Research

3-month preview: The company's Sep revenues were up 52% YoY, or -9% MoM to NT$292m, while 22% below our estimates, and we attribute it to the product pull-in

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

during Aug, resulting in 3Q26 revenues up 74% YoY to NT$843m. With the gradual ramp up of clients' new platform, we expect to see sequential MoM growth ahead, with Oct/ Nov revenues up 17%/ 19% MoM to NT$341m/ NT$406m, driven by a rising contribution from the LEO satellites.

Exhibit 2: We expect UMT Oct 2026 revenues to grow 49%/ 17% YoY/ MoM to NT$341m

Valuation: We continue to derive our target price based on a discounted P/E, and based on 2029E (methodology unchanged). We continue to derive the target P/E multiple from the average PEG&M ratio of peers in the satellite supply chain, and we remove outliers (telecom operators who face competition from LEO satellite operators). Our target 2029E discounted P/E multiple is at 37.1x (vs. previously at 37.0x) which is based on peers' avg. PEG&M, and UMT's 2029-30E avg. NI YoY and OPM, due to higher avg. OPM in 2029-30E at 42% (vs. previously at 41%). We apply the 37.1x multiple to 2029E EPS and discount it back to 2027E via a COE of 7.8% (no change). Our 12m target price is at NT$2,549 (vs. previously at NT$2,557), implying 61x 2027E P/E, which is above the company's average +1 stv. P/E of 40x, reflecting our positive view on UMT's product mix upgrade toward LEO satellites. Maintain Buy.

Price target risks and methodology - UMT

Valuation: We use a discounted P/E methodology and apply a 37.1x target P/E multiple to UMT's 2029E EPS, discounting it back to 2027E at a COE of 7.8% (beta 1.2x, risk-free rate 1.6% and market risk premium at 5.1%), which leads to **our 12-month target price of NT$2,549.** The target P/E is based on the average PEG&M ratio of peers in the satellite supply chain. We are Buy-rated on UMT.

Key Risks: Slower-than-expected LEO satellite deployment; Potential competition from new-entrant suppliers; LEO satellite operators manufacturing in-house components.

Disclosure Appendix

Reg AC

We, Allen Chang, Verena Jeng and Ting Song, hereby certify that all of the views expressed in this report accurately reflect our personal views about the subject company or companies and its or their securities. We also certify that no part of our compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in this report.

Unless otherwise stated, the individuals listed on the cover page of this report are analysts in Goldman Sachs' Global Investment Research division.

Contributing Authors: Allen Chang Goldman Sachs (Asia) L.L.C., Verena Jeng Goldman Sachs (Asia) L.L.C., Ting Song Goldman Sachs (Asia) L.L.C..

Unless otherwise stated, the individuals listed in the Contributing Authors disclosure of this report are analysts in Goldman Sachs' Global Investment Research division.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

There are no company-specific disclosures for: UMT (NT$1,525.00)

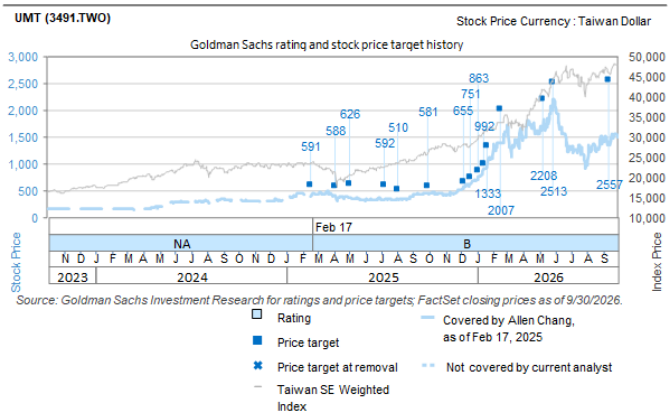
Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Price target and rating history chart(s)



The price targets shown should be considered in the context of all prior published Goldman Sachs research, which may or may not have included price targets, as well as developments relating to the company, its industry and financial markets.

Regulatory disclosures

Disclosures required by United States laws and regulations
See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States
The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy

Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Accton

New Buy: networking/switch white-box leader riding on AI uptrend; PO NT$3,200

Initiating Coverage: BUY | PO: 3,200 TWD | Price: 2,130 TWD

AI networking/switch white-box leader; PO at NT$3,200

We initiate Accton at Buy with a PO of NT$3,200 (50% potential upside), based on 18x 2028E EPS. We see Accton as the AI networking/switch white-box leader, alongside Celestica (CLS US; covered by Ruplu Bhattacharya), poised to benefit from multi-year AI upcycle, platform migration, and specification upgrade**.** Its valuation/PEG look attractive vs. peers with higher EPS growth/ROE. We believe Street concerns about 3Q26 margin pressure from higher component costs (BofAe: GM/OPM of 18.7%/14.5% vs. consensus' 18.9%/ 14.8%) are well understood and reflected in share-price performance (-28% in 3Q26, vs. TAIEX +4%). We see any potential correction as a particularly good buying opportunity to capture positive long-term outlook. **Near-term catalysts:** monthly sales, Accton/Celestica's 3Q results.

AI platform migration & spec upgrade; more client/project

We project 37%/42% sales/EPS CAGR in 2026-28E, driven by CSPs' switch upgrade to 800G/1.6T, more project/client win, and rising white-box server/switch adoption among CSP clients. We highlight Accton's expanding partnership with its top CSP client in computing (with continued generation migration), optical, liquid cooling, and rack-level integration. We also expect another key CSP customer to contribute a double-digit% of sales in 2027, thanks to share re-gain without 800G project delay. We see further sales/profit upside from more new clients (CSP/enterprise/telco) and JDM/rack business.

Solid BS/CF to support capacity expansion & new business

Accton keeps expanding capacity in Taiwan, Vietnam, Singapore, Malaysia, and US for existing high-end AI business and new optical/CPO/cooling business. We expect annual capex of NT$6-7bn in 2026-28E but believe the historical high capex and higher working capital required can be supported by strong profitability, solid net cash, and positive FCF. **Risks:** (1) AI product/project delay and slower 800G/1.6T adoption; (2) demand push out due to component shortage; (3) GM pressure due to component cost inflation; (4) peer competition; (5) slower capacity expansion; (6) unfavorable FX/macro trend.

Company Sector

IT Hardware

Company Description

Accton is the global networking/switch white-box leader with business expanding into optics, cooling, and rack integration. As of 2Q26, switch made up 52% of total sales, followed by networking application (46%), and rest from others. Accton was founded in 1988 and went publicly listed on Taiwan Stock Exchange in 1995. It has facilities in Taiwan, US, Southeast Asia, and Europe. Its headquarter is in Zhubei, Taiwan.

Investment Rationale

We assign a Buy rating to Accton given its leading position in networking/switch white-box market to ride on multi-year AI uptrend, platform migration, and spec upgrade. We expect double-digit% sales/EPS CAGR in 2026-28, driven by switch upgrade to 800G/1.6T and more project/client win. We see further sales/profit upside from more new clients and JDM/rack business.

Contents

Focus Charts 4

Investment Thesis 5

- AI platform migration & spec upgrade; more client/project 5
- Solid BS/CF to support capacity expansion & new business 5
- Attractive valuation with high sales/EPS growth and ROE 5
- Key investment risks 6

Valuation: PO at NT$3,200 7

Business overview: Switch for datacenter as key driver amid AI uptrend 9

AI networking architecture: scale-up, scale-out, scale-across; CPO/optical as future trend 12

- Scale-up: rising demand for intra-system connectivity 12
- Scale-out: the core architecture for AI cluster expansion 13
- Scale-across: extending AI networking beyond individual clusters/datacenters 13
- CPO: the potential next-gen architecture for AI switches 13
- Potential optical technologies under watch: OCS and OWS 16

Key peer comparison: Celestica (CLS US) 20

- Celestica's overlap with Accton from key CCS segment 20
- Historical sales comparison: larger scale from Celestica 21
- Historical GM/OPM comparison: higher % from Accton 21
- Ongoing R&D efforts from both Accton and Celestica 22
- Balance sheet & CF comparison: Accton vs. Celestica 22

Financial analysis: 37%/42% sales/EPS CAGR in 2026-28 24

- Balance sheet: net cash position and high ROE 26
- Cashflow analysis: negative OCF in 1H26 for higher working capital; higher capex for global expansion 27
- Ongoing capacity expansion in Taiwan and overseas 28

BofA GLOBAL RESEARCH

Investment Thesis

We initiate coverage of Accton at Buy with a PO of NT$3,200 (implies 50% upside potential), based on 18x 2028E EPS. We see Accton as the AI networking/switch white-box leader, alongside Celestica (CLS US; covered by Ruplu Bhattacharya), poised to benefit from multi-year AI upcycle. Accton is expanding into optical/CPO, liquid cooling, and rack-level integration business to capture a larger portion of system value in AI.

We forecast Accton to post 37%/42% sales/EPS CAGR in 2026-28, with expanding OPM (Exhibit 41) on top of sustainable/high GM and ROE (Exhibit 48). We expect Accton's biggest switch segment (BofAe: 54-68% of 2026-28E sales; Exhibit 7) to post 52-157% YoY sales growth in 2026-28, thanks to spec upgrade to 800G/1.6T and broader product/client base.

Near-term catalysts: monthly sales, new customer/project win, Accton's 3Q26 results to be announced before mid-Nov (Exhibit 42), Celestica's 3Q26 results scheduled on 26 Oct US Time (with any positive implication/read-through to Accton at Celestica's earnings call on 27 Oct US Time), and clearer project pipeline with spec upgrade for ASIC into 2027.

Exhibit 7: We expect the biggest switch segment to contribute 54-68% of sales in 2026-28E

BofA GLOBAL RESEARCH

AI platform migration & spec upgrade; more client/project

We project 37%/42% sales/EPS CAGR in 2026-28E, driven by CSPs' switch upgrade to 800G/1.6T, more project/client win, and rising white-box server/switch adoption among CSP clients. We highlight Accton's expanding partnership with its top CSP client in computing (with continued generation migration), optical, liquid cooling, and rack-level integration. We also expect another key CSP client to contribute double-digit% sales in 2027, thanks to share re-gain without 800G project delay. We see further sales/profit upside from more new clients (CSP/enterprise/telco) and JDM/rack business.

Solid BS/CF to support capacity expansion & new business

Accton keeps expanding capacity in Taiwan, Vietnam, Singapore, Malaysia, and US for existing high-end AI business and new optical/CPO/cooling business. We expect annual capex of NT$6-7bn in 2026-28E but believe the historical high capex can be supported by strong profitability, solid net cash position for around two decades, and positive FCF.

Attractive valuation with high sales/EPS growth and ROE

Accton's valuation and PEG both look attractive vs. peers, given higher sales/EPS growth and higher ROE (Exhibit 11). We believe its solid fundamentals are supported by the robust market position as networking/switch white-box leader, long history in networking/switch industry with proven track records, and ongoing R&D efforts. We view the Street's concern about 3Q26 margin pressure (BofA: GM/OPM of 18.7%/14.5%, vs. consensus of 18.9%/14.8%), due to higher component cost, has been well understood and reflected in share-price performance (-28% in 3Q26, vs. TAIEX +4%). We see any correction as a good buying opportunity to capture positive long-term outlook.

Key investment risks

We view the **key upside risks** for Accton include:

- Faster 800G/1.6T deployment by key customers, which may lead to higher sales growth and/or better margins;
- Easing component supply tightness/shortage, such as passive components, memory, processors, PCB/CCL/substrate;
- New client/project win, which may support further sales/margin expansion;
- Faster progress and development in optical/cooling business, which may drive further sales/margin expansion;
- Faster capacity expansion progress in Taiwan and/or overseas, which may support higher sales growth and/or more new project/client win;
- Favorable FX movement (mainly USD/NTD), which may help on GM with potential non-operating gain.

We view the **key downside risks** for Accton include:

- Key customers' AI product or project delay due to supply chain bottleneck, which may lead to slower spec migration to 800G/1.6T;
- Key customers' demand push-out due to component supply tightness/shortage, such as passive components, memory, processors, PCB/CCL/substrate;
- Key customers' demand push-out due to resign in chip/board level;
- GM pressure due to component cost inflation and/or unfavorable FX trend;
- Slower capacity expansion progress in Taiwan and/or overseas, which may cap sales growth or new project/client win;
- More intense peer competition, which may lead to market/order share loss;
- Unfavorable FX movement (mainly USD/NTD) or macro uncertainty, which may weigh on GM with potential non-operating loss.

Valuation: PO at NT$3,200

Our PO of NT$3,200 is based on 18x 2028E EPS (or around 26x 2027E EPS). In our view, the 18x P/E multiple looks justified given Accton's 37%/42% sales/EPS CAGR in 2026-28E, expanding OPM, sustainable/high GM and ROE, besides solid position in networking switch white box market.

The 18x target P/E represents around 1SD above Accton's historical trading average since 2008, the year in which the company first became profitable (Exhibit 2), and the mid-level of historical P/E range of 2-32x. We believe the above-average P/E multiple can be justified as stronger sales/EPS CAGR and higher margins than historical levels. 18x is below 20x our US analyst Ruplu Bhattacharya used for Celestica (CLS US; the key peer to Accton). We made a discount on Accton's P/E multiple given lower revenue share in global network/switching market and lower EPS CAGR in 2026-28E (Exhibit 4).

We use 2028 as the valuation base year to capture various future AI-related business opportunities which have been monitored and discussed by investors, including new CPO/cooling/rack business and new customers (CSPs, enterprises, start-ups). Our US analyst Ruplu Bhattacharya also uses 2028 as the valuation base year for Celestica.

In terms of P/E, Accton currently trades at 18x one-year forward P/E, 17x 2027E P/E, or 12x 2028E P/E, vs. the historical P/E trading average of 11x since 2008 when the company started making profits (Exhibit 8). Its 2027E and 2028E P/E are both below overall peers' average of 22x and 18x, respectively (Exhibit 11).

In terms of P/B, Accton currently trades at 8.7x one-year forward P/B, 8.1x 2027E P/B, or 5.4x 2028E P/B, above the historical trading average of 3.3x since 2007 (Exhibit 9). Its 2027E P/B of 8.1x is above overall peers' average of 6.4x, while 2028E P/B of 5.4x is below overall peers' average of 6.4x.

In terms of PEG, Accton's valuation looks attractive, with 0.29 PEG and 54% ROE in 2028E, vs. overall peers' average of 0.73 PEG and 30% ROE (Exhibit 10).

Exhibit 8: Accton's historical P/E trading average since 2008 is around 11x, vs. currently 18x one-year forward P/E

BofA GLOBAL RESEARCH

Business overview: Switch for datacenter as key driver amid AI uptrend

Accton established a strong position in white-box datacenter switching during the 2010s and has since become a key supplier to hyperscalers. According to third parties' data (including Qyresearch and Intelmarket), white-box datacenter switching TAM is expected to grow to US$7.8-8.1bn in 2032-34 from US$3.2-3.5bn in 2025 with an around 13% CAGR during the period. Accton has been the second largest white-box datacenter switching vendor following Celestica. We noted Accton's rising revenue share in global datacenter switching market, especially for top-4 US cloud datacenter switching market.

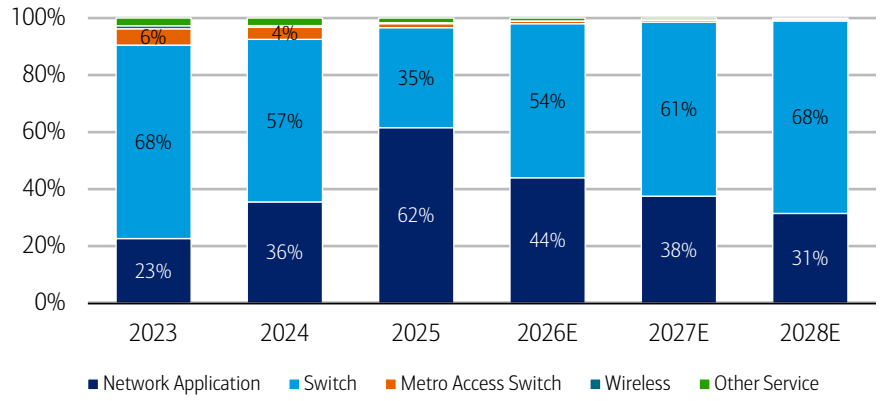
According to Dell'Oro, Accton had 7.0% of revenue share in global datacenter switching market in 2Q26, vs. 7.0%/5.6% in 1Q26/2Q25 and Celestica's 15.1% in 2Q26. In top-4 US cloud datacenter switching market, Accton's revenue share increased to 14.1% in 2Q26, vs. 13.3%/12.6% in 1Q26/2Q25 and Celestica's 36.6% in 2Q26. Its revenue share in tier-2, neo and other cloud also gradually increased to 3.1% in 2Q26, vs. 2.4%/2.8% in in 1Q26/2Q25. Within that hyperscale environment, Accton is also catching up with Celestica and OEM peers in front-end and AI back-end data center switching market. See more details from our US team's latest Switching Trend 2Q26 report published on 7 October 2026.

We see the Switch business for datacenter as the key sales/earnings driver for Accton amid AI uptrend. We expect the Switch business (including datacenter and non-datacenter like enterprise, campus, telecom) to contribute 54-68% of total sales in 2026-28. Switch for datacenter will become the biggest sub-segment in 2027-28 at 53-61% of total sales, vs. 18-42% in 2025-26, surpassing Network Application business.

Switch has historically been Accton's core business, while Network Application business, including AI accelerator cards, smart NICs, and other customized networking platforms, has become increasingly important amid strong hyperscaler AI investments. Metro Access Switch and Wireless are less meaningful in the future, in our view. Sales from Other Services should be relatively volatile as NRE sales are included (Exhibit 7).

We also see Accton's product portfolio increasingly aligned with AI datacenter infrastructure spending. Beyond switch and networking platforms, Accton is expanding into optics, liquid cooling, and rack-level integration, allowing it to capture a larger portion of system value within AI deployments. Management has highlighted optical technologies and liquid-cooled rack-scale solutions as key areas of development, in addition to AI accelerator modules and high-speed switches.

Exhibit 12: We expect rising sales mix from Switch at 54-68% in 2026-28, vs. 35-68% in 2023-25
Accton sales breakdown by segment, 2023-28



Source: BofA Global Research estimates, company data

BofA GLOBAL RESEARCH

Industry-wise, we expect AI uptrend to continue into following years with ongoing spec migration into 800G/1.6T and beyond and continued ASIC platform launches/migration. We believe the ongoing sizable capex investments from top US CSPs indicate increasing datacenter investments and growing demand for higher-speed networking connectivity, which should benefit Accton as the key networking/switch white-box leader.

Our global team expects top-5 US CSPs' total capex to grow 99%/33% YoY in 2026/27, vs. up 55-72% YoY in 2024-25 (Exhibit 13). Our global semi team's supply chain check also reveals AWS Trainium 4 will be launched in 2H27-2028, after Google TPU v7 and AWS Trainium 3 in 2025 and two versions of Google TPU v8 in 2026 (Exhibit 14). They also expect Google TPU and AWS Trainium chip builds to grow to 8.5mn and 3.0mn units in 2027, respectively, vs. 5.1mn and 2.1mn units in 2026 (Exhibit 15).

Exhibit 13: Our global team expects top-5 US CSPs' total capex to grow 99%/33% YoY in 2026/27, vs. -2% to +72% YoY in 2016-25
Top-5 US CSPs' capex trend, 2016-27E

Switch business: accelerating shift toward higher speed datacenter networking

We believe Accton's strong sales and demand from datacenter switches will be supported by rising networking bandwidth requirements in AI clusters. The industry is moving from 400G toward 800G/1.6T Ethernet. Dell'Oro expects 2026 to mark the first year of volume deployment for 1.6T switches, driven by growing AI networking requirements, while switch capacity is advancing to 102.4T and beyond from 51.2T.

Accton launched its 51.2T/800G platforms in 2023 (Exhibit 16) and continues to expand its 400G/800G portfolio while developing 102.4T and 1.6T solutions (Exhibit 17).

In addition to higher unit demand, next-generation switch platforms should carry higher ASPs, as 800G/1.6T systems require more advanced silicon, faster SerDes, more sophisticated/higher-end PCB and signal-integrity designs, higher-speed optical interfaces, and more demanding power and thermal management.

Exhibit 16: Accton's 51.2T 800G Ethernet switch platform targets AI/ML clusters and provides 51.2Tbps of Ethernet switching capacity, doubling throughput from the previous generation

BofA GLOBAL RESEARCH

Network Application business: AI platform deployments also drive growth

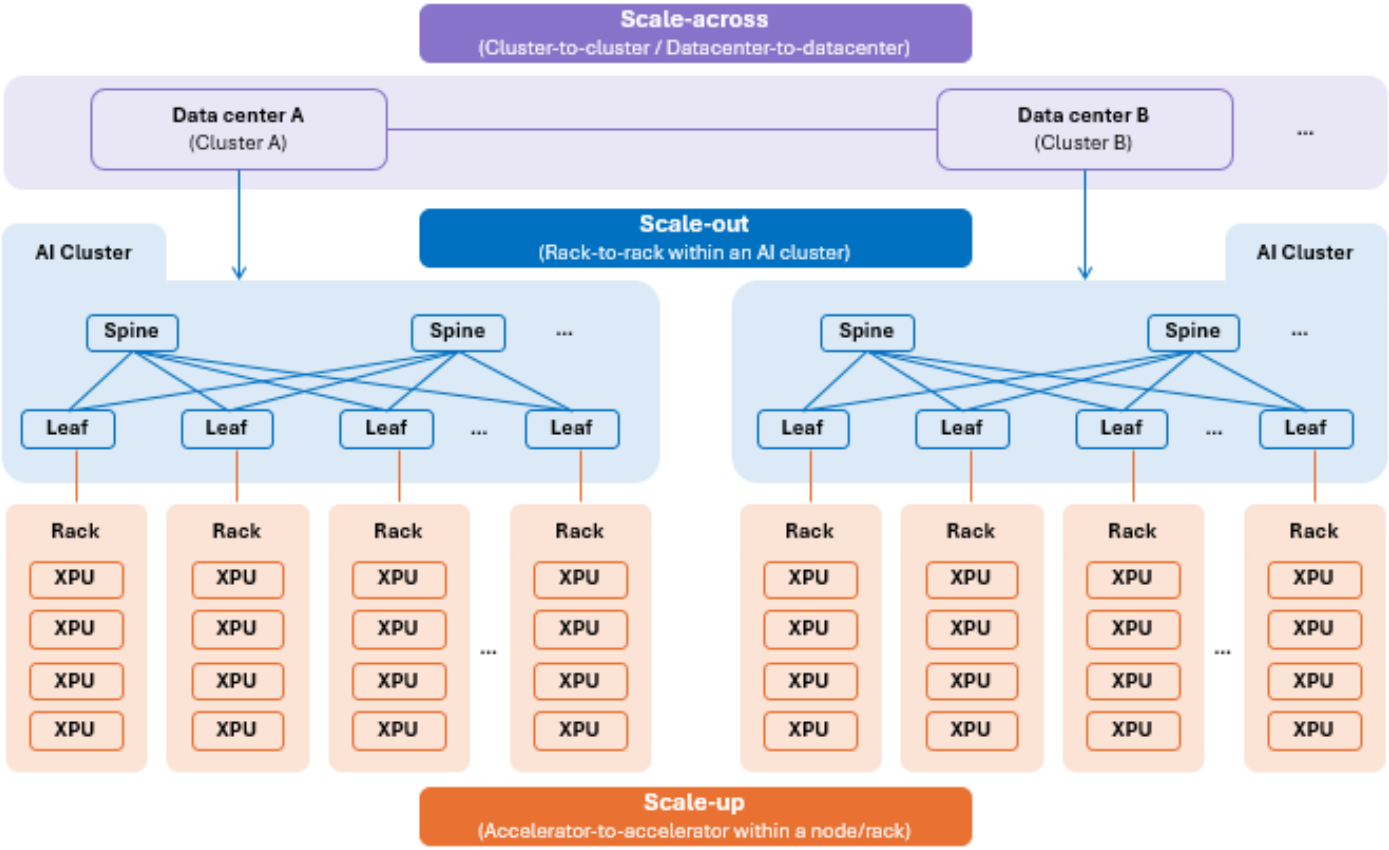
Accton's Network Application business includes AI accelerator cards, smart NICs, network interface products and customized networking and computing platforms. The segment expanded rapidly in 2023-25, with revenue contribution increasing to 62% from 23%, thanks to strong demand for AI-related accelerator cards and customized datacenter platforms for hyperscalers' AI deployments. The growing adoption of custom accelerators by hyperscalers creates attractive opportunities for ODM/JDM suppliers. As cloud customers seek to optimize performance and total cost of ownership, demand for customized hardware platforms, system integration and rack-level solutions has increased alongside investments in AI infrastructure.

We expect Network Application business to continue growing but at a more normalized pace after the initial AI-card ramp. As data center switch demand accelerates, the faster growth of the switch business should increasingly outweigh the contribution from Network Application to Accton's overall revenue growth, making Switch Accton's largest business segment.

AI networking architecture: scale-up, scale-out, scale-across; CPO/optical as future trend

Modern AI infrastructure relies on three complementary networking domains: scale-up connects accelerators within a node or tightly coupled rack domain, scale-out across racks and within a cluster/datacenter, and scale-across between clusters/datacenters. Each domain has different bandwidth, latency, and network requirements, but all three are becoming increasingly important as AI infrastructure grows in scale, complexity, and rising density.

Exhibit 18: AI infrastructure scales from accelerator connectivity within a node or rack, to rack-to-rack networking within a cluster/datacenter, and ultimately to cluster/datacenter interconnection
Scale-up, scale-out, and scale-across in AI networking architecture



Source: BofA Global Research, Broadcom

BofA GLOBAL RESEARCH

Scale-up: rising demand for intra-system connectivity

Scale-up provides tightly coupled connectivity among accelerators within a node or rack-scale computing domain. These networks require extremely high bandwidth and ultra-low latency to support accelerator-to-accelerator communication and collective computing operations. Nvidia's NVLink currently dominates commercial deployments, while Ethernet and UALink are gaining momentum as hyperscalers increasingly deploy custom and merchant accelerators. According to Dell'Oro Group, scale-up networking TAM is expected to be more than double for switches deployed in AI back-end networks and should account for more than half of the AI back-end switch market by 2030.

Scale-up interconnects remain primarily copper-based currently as copper offers low latency, good signal integrity, and high stability in short distance (e.g. below 10 meters) with favorable cost and power characteristics. Our supply chain check suggests that optical connectivity may begin penetrating scale-up more meaningfully after 2H27 as rising bandwidth requirements push copper closer to its physical transmission limits.

For Accton, its scale-up exposure appears to be developing into an incremental business line. We see its business with the biggest CSP customer has expanded into scale-up switch trays, in addition to its existing scale-out switches and AI cards used in compute trays.

Scale-out: the core architecture for AI cluster expansion

Scale-out expands computing capacity by connecting more servers and racks within an AI cluster, typically through high-speed Ethernet or InfiniBand fabrics. In common leaf-spine architecture, leaf or top-of-rack (ToR) switches connect compute racks, while spine switches provide the high-speed backbone between leaf switches. Scale-out is a well-established architecture for AI cluster expansion and remains a major driver of AI back-end networking demand. See more in Appendix: What is leaf-spine architecture?

We believe scale-out represents Accton's largest and most immediate AI networking opportunity. Larger clusters require more leaf and spine switches, higher port speeds, and greater switching capacity, supporting the demand for Accton's 400G/800G/1.6T Ethernet platforms. Scale-out is also the primary near-term application for CPO-enabled Ethernet switches, as CPO can help address power, thermal, and signal-integrity constraints at higher switch bandwidths.

Scale-across: extending AI networking beyond individual clusters/datacenters

Scale-across connects separate AI clusters or datacenters, potentially across different buildings or locations, to support distributed computing and resource pooling. As power, cooling, and space constraints limit expansion within individual facilities, AI infrastructure begins to extend across multiple sites/locations, increasing demand for high-capacity and predictable inter-datacenter connectivity.

While commercial adoption remains at an early stage, scale-across represents the potential market for Accton beyond conventional Ethernet switching, particularly in long-reach optical networking and datacenter interconnection. The company has been developing relevant optical-switching technologies and has used its OWS technology in Taiwan-Japan cross-border IOWN field validation over real computing resources and network infrastructure. We see this development/project as early evidence of Accton's system-integration capabilities and potential role in future scale-across applications.

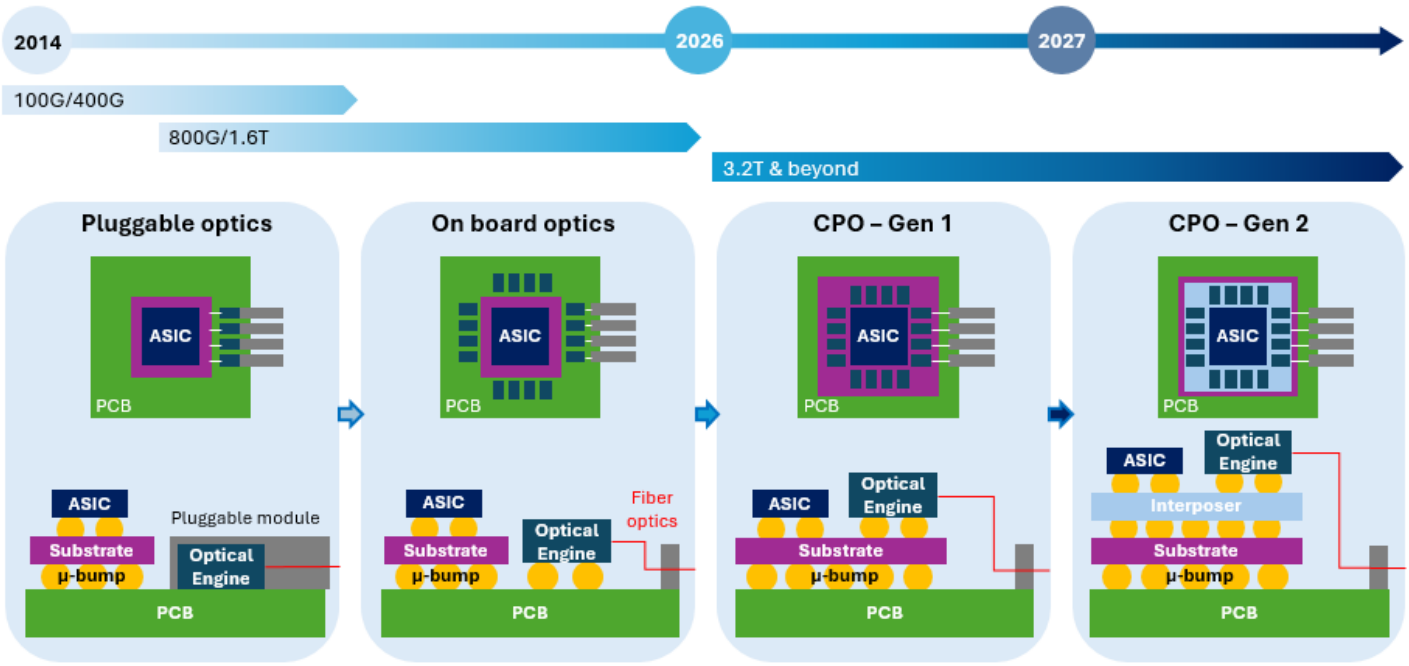
CPO: the potential next-gen architecture for AI switches

AI workloads are driving rapid increases in networking bandwidth and power consumption as infrastructure scales across scale-up, scale-out, and scale-across domains. The tougher requirement has led to bottlenecks in conventional electrical interconnects. We believe the transition toward optical networking could open new growth opportunities for Accton, where its exposure spans different layers of the optical networking stack, including CPO (co-packaged optics) for high-speed switch interconnects, OCS (optical circuit switch) for direct optical connectivity, and OWS (optical wavelength switch) for wavelength-level optical networking and DCI (Datacenter Interconnection).

The rapid growth of AI, cloud, and HPC workloads is driving exponential increases in datacenter computing and networking requirements. As AI clusters scale, traditional electrical interconnects are increasingly constrained by power consumption, signal integrity, and bandwidth density. Even pluggable optical transceivers are gradually approaching their physical and thermal limits at 800G and higher speeds.

To overcome these challenges, the industry is actively developing co-packaged optics (CPO), which integrate switch ASIC and optical engine within a single package, replacing traditional pluggable transceivers. By significantly shortening the electrical path between ASIC and optical engine, CPO can reduce power consumption and latency while improving signal integrity and bandwidth density. As Ethernet networking migrates from 400G to 800G, 1.6T, and eventually 3.2T, CPO theoretically becomes a key technology enabling the next-generation AI data-center networks.

Exhibit 19: CPO integrates optical engine and switch ASIC within a single package
Potential key trend of optical transceiver packaging in high-end data center

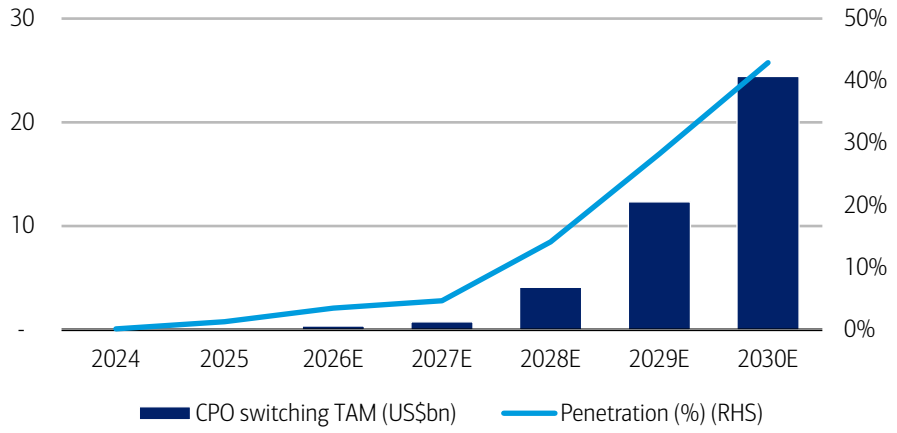


Source: BofA Global Research, IDTechEX

BofA GLOBAL RESEARCH

In terms of addressable market, our US team expects CPO adoption to gain traction from 2027. CPO switch penetration is limited as of aggregate switch market today, with deployments largely limited to engineering samples. However, CPO is expected to begin scaling with more meaningful penetration after 2028. Our US team expects CPO switch TAM to reach US$24.4bn in 2030 from US$0.4bn in 2026, with 14-43% penetration in 2028-30, vs. 1-5% in 2025-27 (Exhibit 20). See our global team's US Semiconductors: Scaling AI with Photons: Primer on Optical Interconnects published on 9 March 2026.

Exhibit 20: Our US team views CPO is at the early stage now but expects a CPO switching TAM to reach US$24.4bn in 2030 (with 43% penetration) from US$0.4bn in 2026 (with 3% penetration)
CPO switching market size (in US$bn) and penetration, 2024-2030E



Source: BofA Global Research, Lightcounting

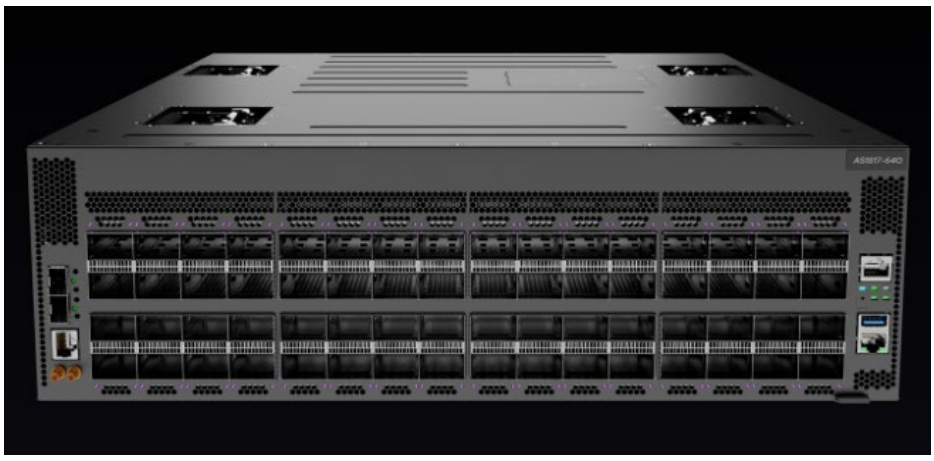
BofA GLOBAL RESEARCH

For Accton, while commercialization remains at an early stage, we believe Accton's early investment in optical integration technologies positions the company favorably to benefit from the industry's migration toward CPO-based networking architectures.

The company has been investing in optical integration technologies for several years, positioning itself for the industry's transition from pluggable optics toward more integrated optical architectures. The company demonstrated an on-board optical engine solution as early as 2020 and has gradually expanded its networking portfolio from 400G to 800G and now 1.6T-class platforms.

We highlight Accton's latest 102.4T Ethernet switch, based on Broadcom's Tomahawk 6 ASIC (Exhibit 21). The platform supports both conventional OSFP1600 pluggable optics and a CPO configuration. Under the CPO architecture, the optical engine is integrated directly adjacent to the switch ASIC, helping mitigate power, thermal, and signal-integrity challenges associated with ultra-high-bandwidth networking.

Exhibit 21: 102.4T Ethernet Switch supports both pluggable optics and a CPO configuration
Accton's 102.4T Ethernet Switch product example



Source: Accton

BofA GLOBAL RESEARCH

Beyond the 102.4T platform, Accton continues to advance toward more tightly integrated optical architectures. In 2025, its subsidiary Edgecore demonstrated a proof-of-concept CPO solution integrating optical engines and switch silicon within a single package, highlighting the group's long-term commitment to CPO development and next-generation optical networking.

We believe CPO could provide Accton with several strategic benefits. First, CPO increases the optical content per switch, creating opportunities for higher-value switch platforms compared with conventional pluggable architectures. Second, Accton's established position as a leading networking switch ODM, combined with its capabilities in switch design, optical integration, thermal management and system-level integration, could allow the company to capture a larger portion of the AI networking value chain as CPO adoption increases. Finally, the company's optical subsidiaries and growing ecosystem partnerships could further strengthen its ability to deliver integrated optical-networking solutions.

Potential optical technologies under watch: OCS and OWS

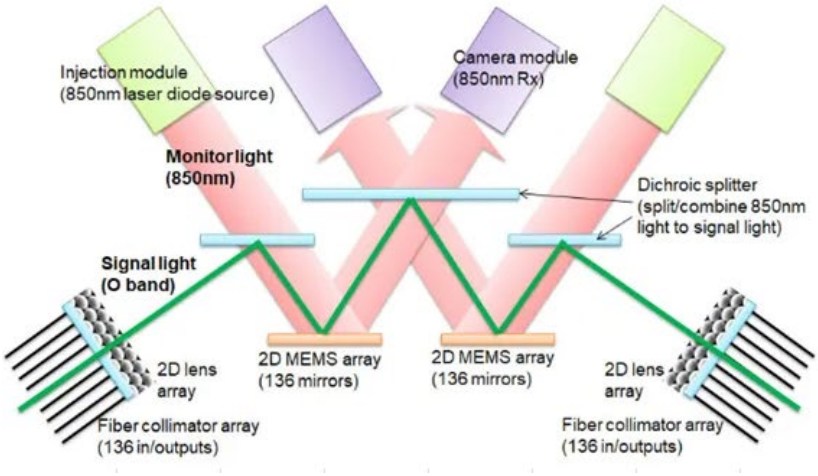
Although CPO significantly shortens the electrical path between switch ASIC and optical engine, data traffic may still require optical-electrical-optical (O-E-O) conversion when it traverses packet switches. As AI clusters continue to expand, the growing volume of data traffic increases network latency, power consumption, and switching overhead, creating bottlenecks beyond the switch level.

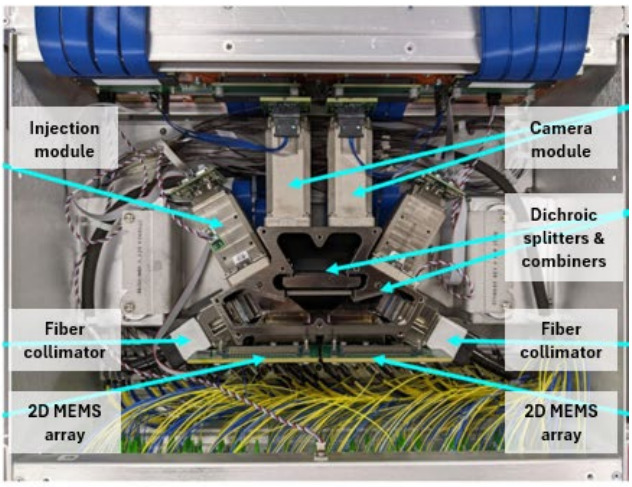
To address these challenges, the industry is increasingly exploring optical switch, which enables optical signals to remain in the optical domain while traversing the network. Compared with traditional Ethernet switching, optical switching reduces intermediate packet-processing stages and minimizes O-E-O conversions, potentially lowering power consumption and latency while improving network efficiency. Two complementary optical switching approaches are Optical Circuit Switching (OCS) and Optical Wavelength Switching (OWS). While OCS establishes dedicated optical paths between endpoints, OWS provides more granular control by dynamically routing individual wavelengths carried within an optical fiber. Our check suggests that OCS is currently for customized adoption only and OWS is at the initial/validation stage. The initial shipment/sales for Accton's OCS and OWS products may start from 2027.

OCS: enabling direct optical connectivity for AI clusters

Unlike traditional Ethernet architectures, OCS establishes dedicated optical paths between endpoints without processing individual packets. When two endpoints need to communicate, a controller dynamically configures the switch matrix to create a dedicated optical circuit between them. By enabling direct optical connectivity, reducing intermediate switching stages, and minimizing O-E-O conversions, OCS can lower latency and power consumption while improving network efficiency, providing a high-bandwidth optical layer for inter-rack and inter-cluster connectivity. Currently the largest OCS use case is from Google (MEMS-based). See more OCS introduction in our global team's US Semiconductors: Scaling AI with Photons: Primer on Optical Interconnects published on 9 March 2026.

Exhibit 22: OCS creates direct optical connections, reducing intermediate packet-switching stages and O-E-O conversions
Optical Circuit Switch diagram and example (MEMS-based example from Google)



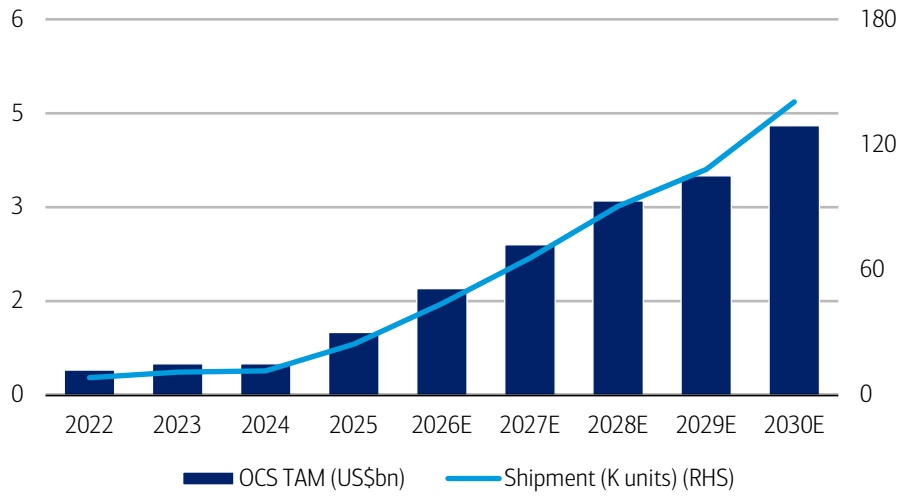


Source: BofA Global Research, Google

BofA GLOBAL RESEARCH

Our US team expects OCS market to expand to US$4.3bn by 2030 from US$1.0bn in 2025, driven by accelerating adoption in AI and HPC networks (Exhibit 23). Despite an expected decline in ASPs as volumes scale, shipment growth is projected to remain robust, increasing to 140K units by 2030 from around 24K units in 2025.

Exhibit 23: Our US team expects OCS TAM to exceed US$4bn by 2030 with robust shipment growth
Global OCS market TAM (US$bn) and shipment (mn units), 2022-30E



Source: BofA Global Research estimates, LightCounting, 650 Group, Dell'Oro

BofA GLOBAL RESEARCH

Accton began building its optical-switching capabilities through its investment in InLC Technology (a Korean private company) in 2024. The two companies collaborate on optical switch development for datacenter and DCI applications. InLC contributes expertise in LCoS-based (liquid crystal on silicon based) optical switching technologies, while Accton's experience in hyperscale networking and switch design provides a pathway toward system-level deployment.

We believe Accton's position in OCS is different as it focuses on complete optical switch systems rather than individual optical components. While Taiwan's CPO ecosystem is mature across foundry, packaging, and optical components, the local supply chain for OCS system remains at an early stage. Accton is among the few Taiwanese networking companies directly developing OCS platforms, creating an opportunity to extend from conventional packet switching into the optical switch layer of future AI networks. Our supply chain check suggests that OCS products are in sampling and pilot-production stages. Combined with its expertise in high-speed Ethernet switches, optical integration, and rack-level infrastructure, we believe Accton could benefit from an early-mover advantage as the optical switch ecosystem develops in the coming years.

OWS: enabling flexible wavelength-level optical switching

While OCS establishes dedicated optical circuits between endpoints, Optical Wavelength Switching (OWS) provides more granular control by routing individual wavelengths within an optical fiber. Through wavelength-division multiplexing (WDM), multiple wavelengths can be transmitted simultaneously over a single fiber. OWS dynamically directs these wavelengths to different destinations, allowing optical bandwidth to be allocated more efficiently without processing traffic in the electrical domain or relying on repeated O-E-O conversions.

Exhibit 24: By controlling the phase of incident light at the pixel level, LCoS enables dynamic wavelength routing and forms the core technology behind many wavelength-switching systems

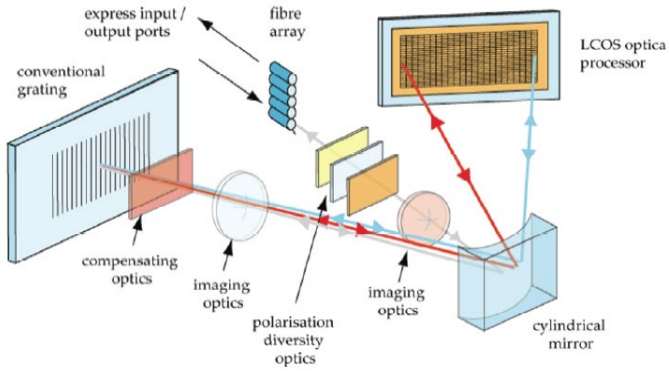
BofA GLOBAL RESEARCH

Exhibit 25: Incoming wavelengths are separated, dynamically redirected by the LCoS processor, and routed to different output ports without O-E-O conversion

LCoS-based OWS architecture



Source: FOSCO

BofA GLOBAL RESEARCH

Accton's OWS development has reportedly progressed beyond the laboratory stage and is moving toward customer validation and commercialization through its subsidiary Edgecore. The company's flagship OWS platform, the IRX3032, supports 32 WDM channels, up to 800G coherent optics, and up to 25.6Tbps of optical bandwidth while operating entirely in the optical domain. According to Edgecore, the platform delivers 160ns end-to-end latency and supports point-to-point, ring, and full-mesh network topologies. The IRX3032 has also reportedly entered validation with a US CSP and NTT from Japan, suggesting continued progress toward commercial deployment.

Beyond standalone switch, Accton is positioning OWS as part of its broader all-photonics networking strategy. The IRX3032 has been incorporated into IOWN (Innovative Optical and Wireless Network) architecture, where optical switching is combined with high-speed Ethernet switches, transport equipment, and AI infrastructure. More importantly, Accton's OWS technology has already been used in Taiwan-Japan

cross-border validation based on real computing resources and network infrastructure, supporting applications such as real-time translation and AI-enabled traffic analytics. In our view, Accton's key advantages in OWS should be its ability to combine optical switch technology and established networking system experiences, via InLC's LCoS technology, Edgecore's OWS platform, and its expertise in high-speed Ethernet switches and system integration. Although the OWS market remains at an early stage, growing interest from hyperscalers and telecom operators in all-optical networking architectures could create new opportunities beyond conventional packet switching.

Exhibit 26: Accton's OWS IRX3032 is a 1U wavelength-programmable LCoS-based optical switch that supports 32 WDM to deliver ultra-low-latency optical routing

BofA GLOBAL RESEARCH

Key peer comparison: Celestica (CLS US)

Celestica (CLS US; covered by Ruplu Bhattacharya) is a leading EMS company based in North America. Celestica provides design, engineering, manufacturing, and hardware-platform solutions to OEMs and cloud service providers. Celestica was incorporated in Ontario, Canada in 1996. Prior to that, the company was an IBM manufacturing unit that provided manufacturing services to IBM for more than 75 years. It was acquired by Onex Corporation and Celestica management in 1996 and went publicly listed in 1998. Headquartered in Toronto, it operates across Americas, Europe, and Asia with around 45 sites globally. It is also expanding capacity in Texas (US) through a new campus. See also: Ruplu Bhattacharya's latest Celestica report published on 29 July 2026.

Celestica's overlap with Accton from key CCS segment

Celestica has two business units: CCS (Communications, Server, Storage) and ATS (Aerospace & Defense, Industrial, Capital Equipment, and HealthTech). The CCS segment is more relevant to Accton's business scope. As of 1H26, CCS contributed 81% of total sales and the remaining 19% came from ATS.

Exhibit 27: CCS segment, which is more relevant to Accton's business scope, contributed 81% of Celestica's total sales in 1H26

Celestica sales breakdown by segment, 2021-1H26

(%)	2021	2022	2023	2024	2025	1H26
CCS (Connectivity & Cloud Solutions)	**59%**	**59%**	**58%**	**67%**	**74%**	**81%**
- Communications	40%	39%	33%	40%	58%	58%

Historical sales comparison: larger scale from Celestica

In terms of sales, Celestica had a larger scale than Accton, while the gap has narrowed substantially. Celestica's total sales were 1.6x/1.7x of Accton's total sales in 2025/1H26, narrowing from 7.3x in 2015 (Exhibit 30). We believe the sales scale difference reflected Celestica's broader business portfolio. Meanwhile, Celestica's sales from CCS business (which shares the similar end-market/applications with Accton) were 1.2x/1.3x of Accton's total sales in 2025/1H26, vs. 4.9x in 2015 (Exhibit 31).

Exhibit 30: Celestica's total sales were 1.6x/1.7x of Accton's total sales in 2025/1H26, narrowing from 7.3x in 2015

BofA GLOBAL RESEARCH

Historical GM/OPM comparison: higher % from Accton

On the other hand, Accton has consistently had higher margins. Its GM/OPM in 2015-1H26 were 18.1-22.9%/6.0-14.7%, vs. Celestica's 6.7-11.4%/2.7-8.1% (Exhibit 32 and Exhibit 33). Celestica's CCS segment OPM was 7.4-8.2% in 2024-25, vs. 4.5-5.3% for the ATS segment, according to our Celestica analyst Ruplu Bhattacharya's assumptions.

Exhibit 32: Accton had higher GM of 18.1-22.9% in 2015-1H26 vs. Celestica's 6.7-11.4%

BofA GLOBAL RESEARCH

Ongoing R&D efforts from both Accton and Celestica

Accton's R&D expenses had been around 2x of Celestica in absolute terms over 2015-1H26. Accton's R&D expenses to sales were 3-5%, vs. 0-1% for Celestica under Celestica's larger sales base (Exhibit 34). We believe both companies are putting R&D resources into AI rack-scale infrastructure-related business and more design-/engineering-led solution business.

Exhibit 34: Accton's R&D expenses were around 2x of Celestica over 2015-1H26

Balance sheet & CF comparison: Accton vs. Celestica

Net cash position from Accton vs. net debt from Celestica

Accton has maintained a net cash position since 2007 (Exhibit 35), while Celestica has been in a net debt position since 2018 (Exhibit 36). As of 2Q26, Accton's net cash was 2% to market cap, vs. Celestica's 1% net debt to market cap. See more details on Accton's net cash position in Balance sheet: net cash position and high ROE.

More volatile FCF from Accton but both had positive FCF most of the time

Accton's historical FCF was more volatile than Celestica but had generated positive FCF in most of the years since 2007 (Exhibit 37). Celestica generated positive FCF every year except 2019 (Exhibit 38). In 1H26, Accton had FCF outflow of NT$19.1bn, vs. Celestica's FCF inflow of US$273.9mn (around NT$8.7bn), with stronger OCF more than offseting the higher capex. See more details on Accton's FCF in Cashflow analysis: negative OCF in 1H26 for higher working capital; higher capex for global expansion

Exhibit 37: Accton has generated positive FCF in most of the years since 2007; it had FCF outflow of NT$19.1bn in 1H26

Financial analysis: 37%/42% sales/EPS CAGR in 2026-28

We project 37%/42% sales/EPS CAGR for 2026-28. Our 2026-28 EPS estimate is 3-5% above consensus (Exhibit 39). Our key assumptions are the following:

- **Sales:** We estimate 2026-28 sales to grow 35-67% YoY, mainly driven by strong AI market demand and ongoing spec/platform migration. We also reflected 3Q26 preliminary sales of NT$120.7bn (+26% QoQ, +66% YoY) into our forecast. Its monthly sales sustained at historical high levels in 3Q26 with solid YoY trend, indicating still robust market demand amid component shortage (Exhibit 40 and Exhibit 41). Our 3Q26 EPS forecast is 2% above consensus (Exhibit 42).
- **Margins**: We project 2026-28 GM of 19.3-20.1% and OPM of 14.8-16.1%, with improving product mix, rising sales scale, and stringent opex control. We also take high component cost into consideration.
- **Non-operating items, tax rate, and share count for EPS**: We follow the historical patterns for non-operating items and tax rate. We also assume no capital-raising plan in 2026-28.

Exhibit 39: Our 2026-28 net income estimates are 3-5% above consensus

BofA GLOBAL RESEARCH

Balance sheet: net cash position and high ROE

Accton has maintained a net cash position since 2007. We believe it reflects the robust cash-generation capability, supported by sustained profitability and healthy free cash flow. As of 2Q26, its net cash stood at NT$21.5bn or 2% of its market cap, vs. 3% in 1Q26, 2-8% in 2017-25, and 17-51% in 2007-16 (Exhibit 46). Accton had a higher net cash to market cap% before 2016 as its market cap jumped significantly from 2017.

Accton's cash conversion cycle (CCC) days have been low at nearly or below two months. It was 31 days in 2Q26, vs. 15 days in 1Q26 and 11-63 days in 2007-25 (Exhibit 47). We attribute the low CCC days to long A/P days, with A/R days and inventory days sustained at stable levels. We believe its CCC days reflected efficient working-capital management, faster inventory turnover amid robust AI networking demand, strong bargaining power as networking ODM leader, and mature supply chain management.

In terms of DuPont analysis, we expect Accton's ROE to remain high at 45-50% in 2026-28E (Exhibit 48) with continued net margin expansion (Exhibit 49) and lower financial leverage and asset turnover. We view the ROE sustainability as a reflection of a strong balance sheet with retained earnings accumulation and cash build-up.

Exhibit 46: Accton has been in a net cash position and was 2% net cash to market cap in 2Q26, vs. 3% in 1Q26, 2-8% in 2017-25, and 17-51% in 2007-16

BofA GLOBAL RESEARCH

Cashflow analysis: negative OCF in 1H26 for higher working capital; higher capex for global expansion

Accton has generated positive FCF in most of the years since 2007 (Exhibit 50), supported by generally positive OCF and relatively disciplined capex. It had FCF outflow of NT$19.1bn in 1H26, with OCF outflow of NT$15.5bn (for higher working capital) and high capex of NT$3.7bn (for ongoing capacity expansion). We believe the higher working capital in 1H26 was for strategic raw material procurement/preparation amid supply shortage and cost inflation. Historically in 2007-25, its FCF ranged from outflow of NT$1.3bn to inflow of NT$30.0bn, with OCF inflow except 2008 and 2017.

In 2026-28, we expect Accton to generate FCF inflow of NT$38.6-89.7bn, supported by strong profitability, which more than offsets the higher working capital and capex required for global capacity expansion.

Looking at capex, Accton's annual capex has accelerated from 2023, reaching NT$2.2-4.9bn during 2023-2025, vs. NT$112-952mn in 2007-2022 (Exhibit 51). The increase primarily reflects the company's multi-year global capacity expansion plans and R&D efforts. We forecast capex to remain at a historically high NT$6.0-7.0bn annually in 2026-28E, mainly supporting new capacity in Vietnam, Singapore, Malaysia, and Dallas (US), as well as continued expansion/renewals for the existing facilities.

As for financing activities, historically Accton has undertaken limited external financing with only CB issuances. No capital raising or capital reduction was conducted. As of end-2025, no corporate bond was outstanding. We thus assume no capital-raising plan in 2026-28. We believe bank borrowing will be the key method for financing needs.

Exhibit 50: Accton has generated positive FCF in most of the years since 2007; it had FCF outflow of NT$19.1bn in 1H26, vs. outflow of NT$1.3bn to inflow of NT$30.0bn in 2007-25
Accton's OCF, capex, and FCF trend (in NT$bn) in 2007-1H26

BofA GLOBAL RESEARCH

Ongoing capacity expansion in Taiwan and overseas

Accton currently has 4 sites in Taiwan, 3 in US, 1 in Vietnam and 1 in Netherlands (Exhibit 51). The company continues to expand its global manufacturing network to support local demand. Based on our checks, five sites are under expansion now.

In Taiwan, production at Taoyuan facility started ramp-up in 3Q26. Hsinchu site is being converted into a new production line. In August 2026, Accton announced to rent lands in Nanliao (南寮) in Hsinchu with around 30,865.90 pings (or 102,036 square meters). We believe its Taiwan facilities will be more dedicated to high-end AI products.

Overseas, Accton also announced to rent lands and buildings in Vietnam and Singapore. It plans to add the third manufacturing facility in Vietnam, to ramp its Dallas (US) site for rack-level business, and to commence production at new facilities in Singapore and Malaysia. We believe Malaysia will be a key hub for cooling products from 2027, vs. optical/CPO in Singapore.

Exhibit 52: Accton is expanding capacity across Taiwan, Asia, and the US
Accton's global footprint and capacity expansion plan

Location	Site	Main function	Expansion plan
Taiwan	Zhubei	Manufacturing, tech support, RMA, warehouse	
	Zhunan	Manufacturing	
	Hsinchu	R&D, tech support, RMA, warehouse	Warehouse space to be converted for a new production line, starting production in 2027
	Taoyuan	R&D, manufacturing	Small-volume production has commenced; production started ramp-up in 3Q26
China	Shenzhen (JoyTech)	Manufacturing, RMA	
Vietnam	Vinh Phuc	Manufacturing	A third facility is planned to support additional high-end product capacity
Singapore	Singapore	Primarily R&D labs	Expansion planned for 2026-27 to support optical/CPO business
Malaysia	Malaysia	Primarily manufacturing	Expansion planned for 2026-27 to support liquid cooling business
US	San Jose, California	Tech support, R&D, sales	
	Sunnyvale, California	R&D, tech support	
	Irvine, California	Manufacturing, R&D, sales, RMA, warehouse	
	Dallas, Texas	Primarily manufacturing, rack-level integration	Equipment installation expected by end-2026, followed by mass production in 2027
Netherlands	Eindhoven	RMA, warehouse

Company Description

Accton is a leading Taiwan-based networking/switch white-box ODM/JDM/solution provider. Its product offering includes datacenter/server switch, enterprise switch, metro Ethernet switch, smart network interface card, router, 5G gateway, edge-computing server, and wireless networking equipment. Accton is also expanding into high-speed optics, liquid cooling, and rack integration for next-generation AI infrastructure.

Accton was founded on 9 February 1988 and went publicly listed on Taiwan Stock Exchange on 15 November 1995. The company has operations/facilities across Taiwan, US, Southeast Asia, and Europe, with ongoing capacity expansion, and its headquarter is in Zhubei, Taiwan.

Management team

Kuo-Hsiu Huang (黃國修), Chairman

Kuo-Hsiu Huang has served as the Chairman of Accton Technology since 2024 and the Director since 2014. Currently, he also holds key positions in several subsidiaries, including the Chairman of Accton Tech (China) Co., Ltd., E-Direct Corporation, and MuXi Technology (Nanjing) Co., Ltd., as well as the Director of Accton Century Holding (BVI) Co., Ltd., Accton Asia Investments Corp., Accton Investment Corporation, and Edgecore Networks Singapore Pte. Ltd. In addition, he serves as the Chairman of Golden Tengis Co., Ltd. and Kuan Xin Investment Co., Ltd. Previously, he served as an Assistant Manager of Accton Technology. Mr. Huang holds an MBA from Peking University.

Chiu-Hsia Wei (韋秋霞), Vice Chairman

Chiu-Hsia Wei has served as the Vice Chairman of Accton Technology since 2024. Currently, she is also the Director of two subsidiaries, Accton Logistics Corporation and Accton Global Inc. In addition, she serves as the Legal Representative of Kuan Xin Investment Co., Ltd. Previously, she served as the Senior Associate Vice President of Procurement at Accton Technology. Ms. Wei graduated from Shih Chien Junior College.

Jackal (Hsun-Te) Li (李訓德), President

Jackal Li has served as the President of Accton Technology since 2025. Currently, he also serves as the Director of several subsidiaries, including Accton Logistics Corporation, Accton Global, Inc., Vietnam Accton Technology Co., Ltd., and Accton Manufacturing and Service, Inc. Mr. Li holds a Bachelor's Degree in Business Management from Chung Hua University.

Fanny (Fang-I) Chen (陳芳儀), Chief Finance Officer

Fanny Chen has served as the CFO of Accton Technology since 2023. Currently, she also serves as the Supervisor of several subsidiaries, including Edgecore Networks Corporation, E-Direct Corporation, and GoldiLink Technology Corp. Previously, she served as the Accounting Manager and Assistant Manager of Accton Technology. Ms. Chen holds a Bachelor of Science in Finance and Taxation from National Chengchi University.

Edward (Hsing-Hsuan) Lin (林信玄), Corporate Governance Manager

Edward Lin has served as the Corporate Governance Manager of Accton Technology since 2021. Currently, he also serves as the Chief Legal Officer and the Spokesman of the company. Mr. Lin holds a Master of Science in Technology Law from National Yang Ming Chiao Tung University.

Top-10 shareholders and QFII holdings

As of 9 Oct 2026, Accton's top-10 shareholders held a combined 34.21% of its outstanding shares (Exhibit 55). The largest shareholder is Chin Chieh Min Co., Ltd. (金捷敏股份有限公司), chaired by Accton Chairman Kuo-Hsiu Huang, with an 8.04% stake. Rest of the top-10 shareholders are all institutional investors, including Vanguard Group (5.01%), Blackrock (4.52%), New Labor Pension Fund (4.19%), JPMorgan Chase (2.53%), Sheng Yang Investment Consulting (2.31%), Uni-President Asset Management (2.30%), Yuanta Financial Holding (2.11%), Fubon Financial Holding (1.76%), and Norges Bank (1.45%).

Currently, Accton's QFII holding is 56.9% vs. TAIEX's 48.2%. Since IPO, its historically highest QFII holding was 71.8% in Feb-2021 and the lowest at 0.0% in November 1995, vs. TAIEX's lowest/highest level of 50.3%/8.9% in the same period (Exhibit 56).

Exhibit 55: Top-10 shareholders own total 34.2% of Accton's outstanding shares

Appendix

What is leaf-spine architecture?

Leaf-spine is a modern data center network architecture designed to provide high bandwidth, low latency, and predictable performance, especially for workloads that generate heavy server-to-server (east-west) traffic such as AI training, cloud services, and distributed computing. In a leaf-spine design, the network is simplified into two layers: the leaf layer and the spine layer. Every leaf switch connects to every spine switch, creating a full-mesh topology between the two layers (Exhibit 57).

The leaf switches sit at the edge of the network and connect directly to servers, storage systems, and other endpoints. The spine switches act as the backbone, interconnecting all leaf switches but never connecting directly to endpoints. As a result, traffic between any two servers attached to different leaf switches always traverses the same number of hops: Leaf → Spine → Leaf. This predictable path helps maintain consistent latency and simplifies network scaling.

Leaf-spine architecture became popular because traditional three-tier networks (access, distribution, core) were optimized for north-south traffic between users and servers. Modern datacenters, however, generate significant east-west traffic, where servers communicate heavily with one another. AI clusters are a prime example, as GPUs frequently exchange data during model training. A leaf-spine fabric minimizes bottlenecks by enabling multiple equal-cost paths and load-balancing traffic across all available links.

Another major advantage is scalability. As capacity requirements grow, operators can add more leaf switches to connect additional servers, or add more spine switches to increase backbone bandwidth. As every leaf connects to every spine, the architecture scales in a modular and predictable way without requiring a significant redesign. The flexibility serves as one of key reasons behind hyperscale cloud providers and AI infrastructure operators' wide adoption in leaf-spine topologies.

Leaf-spine is particularly important because it drives demand for high-speed Ethernet switching (100G, 400G, 800G and beyond). AI datacenters often dedicate large numbers of spine and leaf switches to provide the massive bandwidth required by GPU clusters, making the leaf-spine fabric a foundational building block of modern AI infrastructure.

Exhibit 57: Leaf-spine is a modern data center network architecture designed to provide high bandwidth, low latency, and predictable performance, especially for workloads that generate heavy server-to-server (east-west) traffic such as AI training, cloud services, and distributed computing
Illustration of leaf-spine architecture and advantages of using leaf-spine architecture in AI

Price objective basis & risk

Accton (XTWOF)
Our PO of NT$3,200 is based on 18x 2028E EPS. We use 18x P/E multiple (around 1SD above historical P/E average since 2008) in view of strong AI uptrend, leading position in AI networking/switch white-box, expanding OPM with sustainable/high GM, and double-digit sales/EPS CAGR in 2026-28E.

Upside risks to our PO are: (1) faster 800G/1.6T deployment by key customers, (2) easing component supply shortage, (3) new customer/project win, (4) accelerating optical/cooling business development, (5) faster capacity expansion progress, (6) favorable FX movement (mainly USD/NTD).

Downside risks to our PO are: (1) AI product/project delay and slower 800G/1.6T adoption, (2) key customers' demand push out due to component supply shortage, (3) higher GM pressure due to component cost inflation, (4) pricing pressure and/or market/order share loss due to peer competition, (5) slower capacity expansion, (6) unfavorable FX movement (mainly USD/NTD) or macro uncertainty.

Analyst Certification

I, Doris Kao, hereby certify that the views expressed in this research report accurately reflect my personal views about the subject securities and issuers. I also certify that no part of my compensation was, is, or will be, directly or indirectly, related to the specific recommendations or view expressed in this research report.

Special Disclosures

Information on securities which are listed on the exchanges where ML Securities (Taiwan) Limited is not permitted to trade or solicit trades for clients is for informational purposes only and is not a recommendation or a solicitation to trade such securities. ML Securities (Taiwan) Limited will not execute transactions for nor accept orders from clients to trade such securities. Foreign investment in Taiwan securities is regulated and restricted. Currently, foreign investment in Taiwan securities is permitted by investment through: (1) global depository receipts, (2) convertible bonds, (3) mutual funds issued offshore of Taiwan, and (4) a special foreign institutional investors (FINIs) and foreign individual investors (FIDIs) program supervised by the Taiwan SFB whereunder FINIs/FIDIs may apply for investment ID to invest in Taiwan securities by registration with Taiwan Stock Exchange. FINIs will additionally need consent from the foreign exchange authority, ie, the Central Bank of China. In addition to the limitations above, various industry-specific percentage-based limitations on foreign ownership of Taiwan companies (and in some cases prohibitions) may apply. Investments are subject to exchange rate and currency conversion restrictions and risks. Dividends and interest earned by foreign investors' Taiwan securities/instruments are generally subject to a 20% withholding tax. Ordinary shares are not available to ML private client accounts in the U.S.

This report is distributed in Taiwan by Merrill Lynch Securities (Taiwan) Limited, which is regulated by the Taiwan SFB.

Enterprise Value / Sales	EV = Current Share Price × Current Shares + Minority Equity + Net Debt + Other LT Liabilities	Sales
EV / EBITDA	Enterprise Value	Basic EBIT + Depreciation + Amortization

iQmethod℠ is the set of BofA Global Research standard measures that serve to maintain global consistency under three broad headings: Business Performance, Quality of Earnings, and validations. The key features of iQmethod are: A consistently structured, detailed, and transparent methodology. Guidelines to maximize the effectiveness of the comparative valuation process, and to identify some common pitfalls.

iQdatabase® is our real-time global research database that is sourced directly from our equity analysts' earnings models and includes forecasted as well as historical data for income statements, balance sheets, and cash flow statements for companies covered by BofA Global Research.

iQprofile℠, *iQmethod℠* are service marks of Bank of America Corporation. *iQdatabase®* is a registered service mark of Bank of America Corporation.

Disclosures

Important Disclosures

Equity Investment Rating Distribution: Technology Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	255	62.04%	Buy	157	61.57%
Hold	82	19.95%	Hold	46	56.10%
Sell	74	18.00%	Sell	31	41.89%

Equity Investment Rating Distribution: Global Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	2057	57.03%	Buy	1386	67.38%
Hold	806	22.35%	Hold	563	69.85%
Sell	744	20.63%	Sell	446	59.95%

[R1] Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster[R2]
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

[R2]Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. *Coverage Cluster* is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

In the US, retail sales and/or distribution of this report may be made only in states where these securities are exempt from registration or have been qualified for sale: Accton.
The country in which this issuer is organized has certain laws or regulations that limit or restrict ownership of the issuer's shares by nationals of other countries: Accton.
BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall profitability of the Bank's sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel expenses from the issuer for such visits.
Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.
The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

General Investment Related Disclosures:

Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.
This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.
Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are not regulated in a manner similar to U.S. securities markets. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.
This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.
BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.
Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.
BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities or digital assets that may have been recommended or discussed in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments recommended or discussed in this report.
BofA Securities, through business units other than BofA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BofA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.
In the event that the recipient received this information pursuant to a contract between the recipient and BofAS for the provision of research services for a separate fee, and in connection therewith BofAS may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BofAS has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BofAS). If such recipient uses the services of BofAS in connection with the sale or purchase of a security referred to herein, BofAS may act as principal for its own account or as agent for another person. BofAS is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

Facts and views presented in this material have not been reviewed by, and may not reflect information known to, professionals in other business areas of BofA Securities, including investment banking personnel. BofA Securities has established information barriers between BofA Global Research and certain business groups. As a result, BofA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BofA Global Research personnel's knowledge of legal proceedings in which any BofA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BofA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BofAS any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BofA Global Research policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.

Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.

Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.

The information herein (other than disclosure information relating to BofA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BofA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website. Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BofA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BofA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.

All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.

Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.

Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.

In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.

Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.

BofA SECURITIES

ASE Technology Holding

3Q26 sales outperformance affirms solid transformation progress

Reiterate Rating: BUY | PO: 900.00 TWD | Price: 762.00 TWD

3Q26 sales beat on LEAP ramp and mature ASP strength

ASE reported 3Q26 sales +28% QoQ better than its guide, driven by stronger IC ATM (+20% QoQ vs. BofAe +13% QoQ) and mild upside in EMS (+42% QoQ vs. BofAe +40% QoQ). We believe IC ATM strength is led by modest mainstream packaging and testing price hike on industry supply tightness, supplemented by LEAP business ramp. EMS also benefited from Apple product seasonal builds and higher component cost pass through. With improving packaging and testing utilization and ASP and rising LEAP mix, we expect its IC ATM GMs to improve 300bps QoQ to 30% (vs. high-20% guide) though consolidated GMs (+180bps QoQ to 23%) could be partially offset by EMS outgrowth.

AI pipeline diversification anchors capex plan in '26-28

We model ASE's 4Q26 IC ATM sales +7-9% QoQ as its LEAP opportunity diversifying from TSMC outsourcing to direct project wins including AMD's Venice CPU, putting sales on track to +42% YoY in '26 (vs. its +35% guide). Its IC ATM GMs could further expand to 31% as LEAP reaching 30% of its sales (vs. 18%/22% in 1H/3Q26). While we expect ASE to spend US$13bn+ annual capex in '27-28 (vs. US$10.5bn in '26), the accelerating IC ATM sales (BofAe +40% CAGR from '26-28) on advanced expansion and mature price uplift, along with the business mix upgrade to cloud AI/HPC projects carrying 35-45% GMs should offset hiking depreciation (BofAe +39% CAGR from '26-28), lifting its IC ATM GM from 29% in '26 to low 30% in '27 and mid 30% in '28 with operating leverage.

Stronger earnings quality unlocks re-rating potential

We lift our '26/27/28E EPS to NT$20/NT$34/NT$50 on strong LEAP outlook. Keep Buy rating and raise POs from NT$800 (US$51) to NT$900 (US$58) still on 20x 2H27-1H28 P/E (vs. its 5-26x range) backed by its structural business transformation with better sales and GMs growth profile as the industry supply further consolidates amid higher tech entry barrier.

Company Sector

Semiconductors

Company Description

Established in 1984 and headquartered in Taiwan, ASE Technology Holding is the no.1 outsourced assembly and testing (OSAT) firm globally, in terms of market share by revenue. ASE acquired Siliconware Precision (SPIL) in 2018, and had acquired USI in 2010, which became its EMS business segment providing synergies in system-level packaging. 2 shares = 1 ADR.

Investment Rationale

We rate ASE Buy, factoring in the company's opportunity in advanced packaging and testing evidenced in TSMC's outsourcing and its own heavy capex investment. The strategy shift should allow the company to capture fast growing addressable market in high performance computing applications and improves its margins. ASE could maintain its leading position in the Outsourced Semiconductor Assembly and Test (OSAT) universe, owing to its well-established footprints and widespread service offerings.

Price objective basis & risk

ASE Technology Holding (XSRIF / ASX)
We value ASE Technology Holding at NT$900 per share (US$58 for ADR), based on 20x 2H27-1H28E P/E, above its historical range of 5-26x, in view of its solidified industry position in AI era. We use P/E ratio to value ASE as the company has been able to maintain healthy profitability through the cycles in the past 20 years due to consolidating industry landscape supporting a more benign supply/demand and keeping pricing and margins less cyclical.

Downside risks to our PO are 1) share loss and/or ASP erosion owing to Chinese players' cannibalization and/or ASE's worsening execution, 2) weakening end demand due to uncontrollable matters, such as macro halt and/or geopolitical tensions, 3) regulatory issues that could hinder ASE from generating synergies and benefit its competitors.

Analyst Certification

I, Haas Liu, hereby certify that the views expressed in this research report accurately reflect my personal views about the subject securities and issuers. I also certify that no part of my compensation was, is, or will be, directly or indirectly, related to the specific recommendations or view expressed in this research report.

Special Disclosures

Information on securities which are listed on the exchanges where ML Securities (Taiwan) Limited is not permitted to trade or solicit trades for clients is for informational purposes only and is not a recommendation or a solicitation to trade such securities. ML Securities (Taiwan) Limited will not execute transactions for nor accept orders from clients to trade such securities. Foreign investment in Taiwan securities is regulated and restricted. Currently, foreign investment in Taiwan securities is permitted by investment through: (1) global depository receipts, (2) convertible bonds, (3) mutual funds issued offshore of Taiwan, and (4) a special foreign institutional investors (FINIs) and foreign individual investors (FIDIs) program supervised by the Taiwan SFB whereunder FINIs/FIDIs may apply for investment ID to invest in Taiwan securities by registration with Taiwan Stock Exchange. FINIs will additionally need consent from the foreign exchange authority, ie, the Central Bank of China. In addition to the limitations above, various industry-specific percentage-based limitations on foreign ownership of Taiwan companies (and in some cases prohibitions) may apply. Investments are subject to exchange rate and currency conversion restrictions and risks. Dividends and interest earned by foreign investors' Taiwan securities/instruments are generally subject to a 20% withholding tax. Ordinary shares are not available to ML private client accounts in the U.S.

This report is distributed in Taiwan by Merrill Lynch Securities (Taiwan) Limited, which is regulated by the Taiwan SFB.

iQmethod℠ is the set of BofA Global Research standard measures that serve to maintain global consistency under three broad headings: Business Performance, Quality of Earnings, and validations. The key features of iQmethod are: A consistently structured, detailed, and transparent methodology. Guidelines to maximize the effectiveness of the comparative valuation process, and to identify some common pitfalls.

iQdatabase® is our real-time global research database that is sourced directly from our equity analysts' earnings models and includes forecasted as well as historical data for income statements, balance sheets, and cash flow statements for companies covered by BofA Global Research.

iQprofile℠, *iQmethod℠* are service marks of Bank of America Corporation. *iQdatabase®* is a registered service mark of Bank of America Corporation.

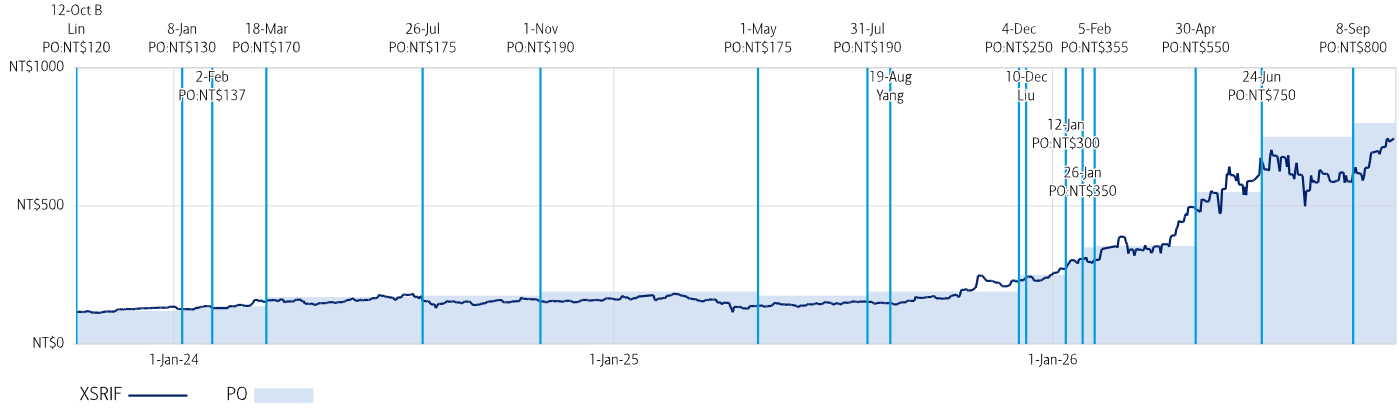
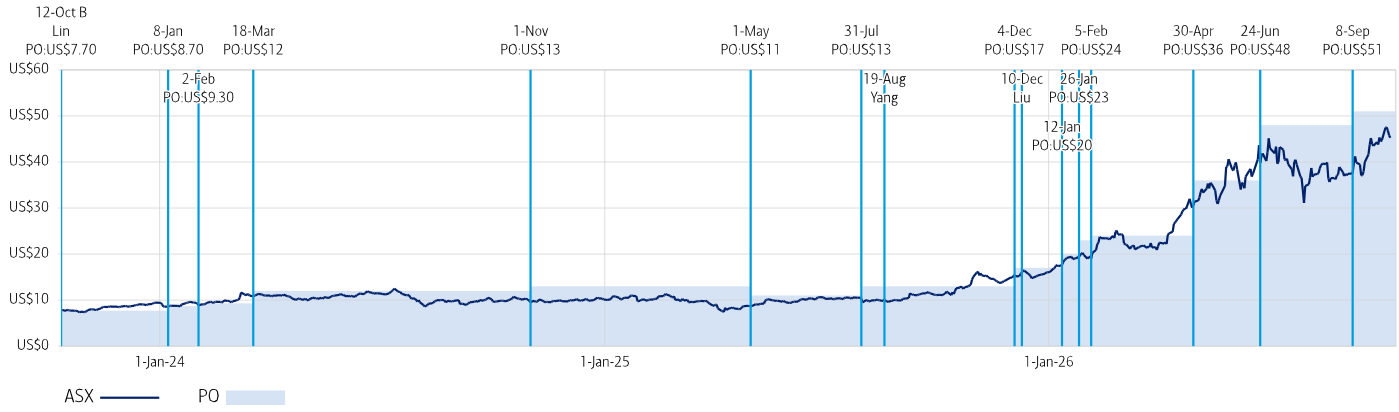
ASE Technology (XSRIF) Price Chart



B: Buy, N: Neutral, U: Underperform, PO: Price Objective, NA: No longer valid, NR: No Rating

The Investment Opinion System is contained at the end of the report under the heading "Fundamental Equity Opinion Key". Dark grey shading indicates the security is restricted with the opinion suspended. Medium grey shading indicates the security is under review with the opinion withdrawn. Light grey shading indicates the security is not covered. Chart is current as of a date no more than one trading day prior to the date of the report.

ASE -ADR (ASX) Price Chart



B: Buy, N: Neutral, U: Underperform, PO: Price Objective, NA: No longer valid, NR: No Rating

The Investment Opinion System is contained at the end of the report under the heading "Fundamental Equity Opinion Key". Dark grey shading indicates the security is restricted with the opinion suspended. Medium grey shading indicates the security is under review with the opinion withdrawn. Light grey shading indicates the security is not covered. Chart is current as of a date no more than one trading day prior to the date of the report.

Equity Investment Rating Distribution: Technology Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	255	62.04%	Buy	157	61.57%
Hold	82	19.95%	Hold	46	56.10%
Sell	74	18.00%	Sell	31	41.89%

Equity Investment Rating Distribution: Global Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	2057	57.03%	Buy	1386	67.38%
Hold	806	22.35%	Hold	563	69.85%
Sell	744	20.63%	Sell	446	59.95%

[R1] Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster[R2]
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

[R2]Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. *Coverage Cluster* is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

Price Charts for the securities referenced in this research report are available on the Price Charts website, or call 1-800-MERRILL to have them mailed.
BofAS or one of its affiliates acts as a market maker for the equity securities recommended in the report: ASE -ADR.
The issuer is or was, within the last 12 months, an investment banking client of BofAS and/or one or more of its affiliates: ASE Technology.
BofAS or an affiliate has received compensation from the issuer for non-investment banking services or products within the past 12 months: ASE Technology.
The issuer is or was, within the last 12 months, a non-securities business client of BofAS and/or one or more of its affiliates: ASE Technology.
BofAS or an affiliate expects to receive or intends to seek compensation for investment banking services from this issuer or an affiliate of the issuer within the next three months: ASE Technology.
The country in which this issuer is organized has certain laws or regulations that limit or restrict ownership of the issuer's shares by nationals of other countries: ASE Technology.
BofAS or one of its affiliates is willing to sell to, or buy from, clients the common equity of the issuer on a principal basis: ASE -ADR.
The issuer is or was, within the last 12 months, a securities business client (non-investment banking) of BofAS and/or one or more of its affiliates: ASE Technology.
BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall profitability of the Bank's sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel expenses from the issuer for such visits.
Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.
The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

Recipients who are not institutional investors or market professionals should seek the advice of their independent financial advisor before considering information in this report in connection with any investment decision, or for a necessary explanation of its contents.
Officers of BofAS or one or more of its affiliates (other than research analysts) may have a financial interest in securities of the issuer(s) or in related investments.
Refer to BofA Global Research policies relating to conflicts of interest.
"BofA Securities" includes BofA Securities, Inc. ("BofAS") and its affiliates. Investors should contact their BofA Securities representative or Merrill Global Wealth Management financial advisor if they have questions concerning this report or concerning the appropriateness of any investment idea described herein for such investor. "BofA Securities" is a global brand for BofA Global Research.

General Investment Related Disclosures:

Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.

This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.

Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are not regulated in a manner similar to U.S. securities markets. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.

BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities or digital assets that may have been recommended or discussed in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments recommended or discussed in this report.

BofA Securities, through business units other than BofA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BofA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.

In the event that the recipient received this information pursuant to a contract between the recipient and BofAS for the provision of research services for a separate fee, and in connection therewith BofAS may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BofAS has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BofAS). If such recipient uses the services of BofAS in connection with the sale or purchase of a security referred to herein, BofAS may act as principal for its own account or as agent for another person. BofAS is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

Facts and views presented in this material have not been reviewed by, and may not reflect information known to, professionals in other business areas of BofA Securities, including investment banking personnel. BofA Securities has established information barriers between BofA Global Research and certain business groups. As a result, BofA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BofA Global Research personnel's knowledge of legal proceedings in which any BofA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BofA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BofAS any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BofA Global Research

policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.
Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.
Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.
The information herein (other than disclosure information relating to BofA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BofA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website. Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BofA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BofA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.
All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.
Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.
Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.
In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.
Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.

Greater China Semiconductors | Global

OCP kick off – Optical, Packaging, Memory and Power in focus

Al infrastructure innovation is shifting toward rack-level co-optimization, creating opportunities in optical interconnects, advanced packaging, memory architectures, and power delivery as agentic Al drives inference demand.

Key Takeaways

- Optical interconnect: CPO is moving toward rack-scale scale-up, while pluggables retain a scale-out advantage.
- Custom ASICs and packaging: MediaTek sees 3.5D gaining traction as 2.5D approaches physical limits
- Memory architecture: SK hynix targets inference capacity and KV-cache bottlenecks through MARS arid HBF.
- Power and cooling: Racks above 200kW accelerate 800V DC, vertical power delivery and liquid cooling.

CPO: Optical scale-up is getting closer to reality. A 64-XPU CPO-enabled compute-rack demonstration highlighted the potential for direct optical links between accelerators. As 200G/lane electrical channels approach physical limitations, optical scale-up will become more important, particularly for customized XPUs. However, pluggagle optics should retain scale-out volume leadership given advantages in serviceability and cost. Packaging yield, fiber alignment, and reliability remain key commercialization challenges.

Advanced packaging: Moving beyond 2.5D. MediaTek highlighted custom ASIC designs approaching 10x reticle size, arguing that 3.5D integration could deliver approximately 10x better die-to-die energy efficiency versus conventional 2.5D interconnects. Management expects increasing adoption over the next 3-5 years. MediaTek also emphasized custom HBM, proprietary die-to-die interconnects, and DTCO optimization. We see structural opportunities for advanced packaging and custom ASIC design services as system complexity increases (link).

Memory: Capacity matters alongside bandwidth. SK hynix introduced its MARS disaggregated memory architecture, demonstrating a 3-5x improvement in time-to-first-token through shared KV-cache access versus recomputation. Meanwhile, HBF targets approximately half of HBM bandwidth but 14x higher capacity, with samples expected in early 2028. Inference workloads will increasingly require heterogeneous memory architectures encompassing HBM, DRAM, and NAND, potentially expanding memory content beyond traditional GPU-attached HBM (link).

Morgan Stanley does and seeks to do business with companies covered in Morgan Stanley Research. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of Morgan Stanley Research. Investors should consider Morgan Stanley Research as only a single factor in making their investment decision.

For analyst certification and other important disclosures, refer to the Disclosure Section, located at the end of this report.

+= Analysts employed by non-U.S. affiliates are not registered with FINRA, may not be associated persons of the member and may not be subject to FINRA restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Power and thermal: The next system-level constraints. Demonstrations of 6kw-class double-sided cold plates vertical power delivery, and advanced microchannel cooling highlighted intensifying thermal challenges. The transition toward 800V DC should reduce conversion losses and improve power density. Meanwhile, AMD's Helion agentic Al rack architecture reinforces incremental CPU demand alongside GPU infrastructure. Power delivery, advanced cooling, and system integration capabilities to become increasingly important differentiators.

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, Vanguard International Semiconductor, WIN Semiconductors Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from ASE Technology Holding Co. Ltd., King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: ASE Technology Holding Co. Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O or Over) - The stock's total return is expected to exceed the total return of the relevant country MSCI Index or the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis over the next 12-18 months.
Equal-weight (E or Equal) - The stock's total return is expected to be in line with the total return of the relevant country MSCI Index or the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis over the next 12-18 months.
Not-Rated (NR) - Currently the analyst does not have adequate conviction about the stock's total return relative to the relevant country MSCI Index or the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U or Under) - The stock's total return is expected to be below the total return of the relevant country MSCI Index or the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the

research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Q3 sales up 243% QoQ on Trainium 3 ramp

Alchip reported September sales of NT$9,979 mn, up 14% MoM and 496% YoY, concluding Q326 sales of NT$26,188 mn for +243% QoQ and 299% YoY, slightly ahead of consensus, although below UBSe as we assumed a higher wafer allocation for the Trainium 3 project, while sales contribution for its Chinese automotive customer and NRE might also have came in lower than our expectation. We now expect Alchip's Q326 GM to arrive at 20.1%, down from 34.8% in Q226 on less favourable mix, leading to OPM of 15.9%. We forecast Q326 EPS to grow 132% QoQ to NT$46.34.

Trainium 3 to sustain longer with potential upside; Trainium 4 tape-out on track

We expect Alchip's Trainium 3 monthly shipment run-rate to retain at current level into H127F, and could extend into H227F with potential better allocation for Alchip with a similar margin profile, subject to the final negotiation with its customer. We think Trainium 3 deployments could stretch a little bit longer with a limited gap (vs prior ~3 months) before the next-generation Trainium 4 launch given the 3nm capacity tightness. We continue to forecast overall Trainium 3 shipments at ~1.8mn units for 2026 and will increase to ~2.8 mn units in 2027E, up 55% YoY, although Alchip's Trainium 3 shipment could outgrow at 80%+ YoY given potential better allocation. For the Trainium 4 project (2nm node), management noted it remains on track for tape-out before year-end and still targets mass production by late-2027 or early 2028. Alchip continues to believe it could enjoy a higher value-add given the increasing design complexity on chiplet and higher wafer pricing for the 2nm node, while GM could retain at a similar level compared with the current N3 project.

Engaging new customers for diversification

Alchip noted it remains in talks with another major CSP customer for potential adoption of COT (customer-owned tooling) business model in the future for further cost saving. We believe Alchip's competitive pricing, strength for faster turnaround, and advanced packaging knowledge put Alchip in a good position to capture this opportunity, if the customer decides to change the business model. Nevertheless, we do not expect meaningful revenue contribution in 2027-28E from the new CSP customer. On the other hand, we believe Alchip is in talks with other HPC customers for mid-size physical design projects and this is likely to become a new revenue stream from 2027E. We estimate it could book US$200-300mn revenue in 2027E from the new HPC customer.

Valuation: Maintain Buy with NT$6,600 price target

We lower our 2026E EPS by 11% primarily on lower Trainium 3 and automotive contribution. We raise 2027E/28E EPS by 2%/5% to reflect revenue contribution from new HPC customer, offset by higher opex. We keep our PT unchanged at NT$6,600, based on the same 30x 2027E EPS (vs. a 15-50x PE range). Stock is trading at ~20x 2027 P/E, below its peers and past five year average of 30x.

Company Description

Alchip was founded in 2002 by a group of Cadence managers with 20+ years of experience in the semiconductor industry. It is an IC design and production service provider, and management believes it can leverage third-party IP to enable customized chipset solutions for customers cost effectively and fast to market. The company was funded by Cisco Investment and Softbank Investment with VC funding in early 2000, then had its IPO on the emerging board in Taiwan in 2010 and the main board in 2014.

Valuation Method and Risk Statement

We value Alchip using PE methodology.
Downside risks include slower-than-expected advanced node project diversification and ramp, and growing competition in advanced projects from other IC design service companies.

Quantitative Research Review

UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of an occurrence of a number of short term factors in a product known as the 'Quantitative Research Review'. The views for this month can be found below. Views contained in this assessment on a particular stock reflect only the views on those short term factors which are a different timeframe to the 12-month timeframe reflected in any equity rating set out in this note. For previous responses please make reference to (i) previous UBS Global Research reports; and (ii) where no applicable research report was published that month, the Quantitative Research Review which can be found at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team on ubs-quant-answers@ubs.com. A consolidated report which contains all responses is also available and again you should contact your UBS sales representative for details and pricing or the Quantitative Research Team on the email above.

Alchip Technologies

Question	**Response**
1. Is the industry structure facing the firm likely to improve or deteriorate over the next six months? Rate on a scale of 1-5 (1 = getting worse, 3 = no change, 5 = getting better, N/A = no view)	3

9. Is there an actual or approximate date for the catalyst?	
10. Is the catalyst date an actual or approximate date?	
11. What is the catalyst?	

Required Disclosures

This document has been prepared by UBS Securities Pte. Ltd., Taipei Branch, an affiliate of UBS AG. UBS AG, its subsidiaries, branches and affiliates, including former Credit Suisse AG and its subsidiaries, branches and affiliates are referred to herein as "UBS".

For information on the ways in which UBS manages conflicts and maintains independence of its UBS Global Research product; historical performance information; certain additional disclosures concerning UBS Global Research recommendations; and terms and conditions for certain third party data used in research report, please visit https://www.ubs.com/disclosures. Unless otherwise indicated, information and data in this report are based on company disclosures including but not limited to annual, interim, quarterly reports and other company announcements. The figures contained in performance charts refer to the past; past performance is not a reliable indicator of future results. Additional information will be made available upon request. UBS Securities Co. Limited is licensed to conduct securities investment consultancy businesses by the China Securities Regulatory Commission. UBS acts or may act as principal in the debt securities (or in related derivatives) that may be the subject of this report. This recommendation was finalized on: 12 October 2026 04:09 PM GMT. UBS has designated certain UBS Global Research department members as Derivatives Research Analysts where those department members publish research principally on the analysis of the price or market for a derivative, and provide information reasonably sufficient upon which to base a decision to enter into a derivatives transaction. Where Derivatives Research Analysts co-author research reports with Equity Research Analysts or Economists, the Derivatives Research Analyst is responsible for the derivatives investment views, forecasts, and/or recommendations. **Quantitative Research Review:** UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of an occurrence of a number of short term factors in a product known as the 'Quantitative Research Review'. Views contained in this assessment on a particular stock reflect only the views on those short term factors which are a different timeframe to the 12-month timeframe reflected in any equity rating set out in this note. For the latest responses, please see the Quantitative Research Review Addendum at the back of this report, where applicable. For previous responses please make reference to (i) previous UBS Global Research reports; and (ii) where no applicable research report was published that month, the Quantitative Research Review which can be found at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team on ubs-quant-answers@ubs.com. A consolidated report which contains all responses is also available and again you should contact your UBS sales representative for details and pricing or the Quantitative Research team on the email above.

Analyst Certification:
Each research analyst primarily responsible for the content of this research report, in whole or in part, certifies that with respect to each security or issuer that the analyst covered in this report: (1) all of the views expressed accurately reflect his or her personal views about those securities or issuers and were prepared in an independent manner, including with respect to UBS, and (2) no part of his or her compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in the research report.

UBS Global Research: Global Equity Rating Definitions

12-Month Rating	Definition	Coverage[1]	IB Services[2]
Buy	FSR is > 6% above the MRA.	55%	24%
Neutral	FSR is between -6% and 6% of the MRA.	39%	20%
Sell	FSR is > 6% below the MRA.	6%	21%

Source: UBS. Rating allocations are as of 30 September 2026.
1:Percentage of companies under coverage globally within the 12-month rating category.
2:Percentage of companies within the 12-month rating category for which investment banking (IB) services were provided within the past 12 months.

KEY DEFINITIONS:Forecast Stock Return (FSR) is defined as expected percentage price appreciation plus gross dividend yield over the next 12 months. In some cases, this yield may be based on accrued dividends. **Market Return Assumption (MRA)** is defined as the one-year local market interest rate plus 5% (a proxy for, and not a forecast of, the equity risk premium). **Under Review (UR)** Stocks may be flagged as UR by the analyst, indicating that the stock's price target and/or rating are subject to possible change in the near term, usually in response to an event that may affect the investment case or valuation. **Equity Price Targets** have an investment horizon of 12 months.

EXCEPTIONS AND SPECIAL CASES:UK and European Investment Fund ratings and definitions are: Buy: Positive on factors such as structure, management, performance record, discount; **Neutral:** Neutral on factors such as structure, management, performance record, discount; **Sell:** Negative on factors such as structure, management, performance record, discount. **Core Banding Exceptions (CBE):** Exceptions to the standard +/-6% bands may be granted by the Investment Review Consultation (IRC). Factors considered by the IRC include the stock's volatility and the credit spread of the respective company's debt. As a result, stocks deemed to be very high or low risk may be subject to higher or lower bands as they relate to the rating. When such exceptions apply, they will be identified in the Company Disclosures table in the relevant research piece.

Research analysts contributing to this report who are employed by any non-US affiliate of UBS Securities LLC are not registered/ qualified as research analysts with FINRA. Such analysts may not be associated persons of UBS Securities LLC and therefore are not subject to the FINRA restrictions on communications with a subject company, public appearances, and trading securities held by a research analyst account. The name of each affiliate and analyst employed by that affiliate contributing to this report, if any, follows.

UBS Securities Pte. Ltd., Taipei Branch: Annie Chen, Jerry Su.

The Disclaimer relevant to Global Wealth Management clients follows the Global Research Disclaimer.

UBS Global Research Disclaimer

This document has been prepared by UBS Securities Pte. Ltd., Taipei Branch, an affiliate of UBS AG. UBS AG, its subsidiaries, branches and affiliates, including former Credit Suisse AG and its subsidiaries, branches and affiliates are referred to herein as "UBS".

Any opinions expressed in this document may change without notice and are only current as of the date of publication. Different areas, groups, and personnel within UBS may produce and distribute separate research products independently of each other. For example, research publications from **UBS CIO** are produced by UBS Global Wealth Management. **UBS Global Research** is produced by UBS Investment Bank. Research methodologies and rating systems of each separate research organization may differ, for example, in terms of investment recommendations, investment horizon, model assumptions, and valuation methods. As a consequence, except for certain economic forecasts (for which UBS CIO and UBS Global Research may collaborate), investment recommendations, ratings, price targets, and valuations provided by each of the separate research organizations may be different, or inconsistent. You should refer to each relevant research product for the details as to their methodologies and rating system. Not all clients may have access to all products from every organization. Each research product is subject to the policies and procedures of the organization that produces it.

This document is provided solely to recipients who are expressly authorized by UBS to receive it. If you are not so authorized you must immediately destroy the document.

UBS Global Research is provided to our clients through UBS Neo, and in certain instances, UBS.com and any other system or distribution method specifically identified in one or more communications distributed through UBS Neo or UBS.com (each a system) as an approved means for distributing UBS Global Research. It may also be made available through third party vendors and distributed by UBS and/or third parties via e-mail or alternative electronic means.

All UBS Global Research is available on UBS Neo. Please contact your UBS sales representative if you wish to discuss your access to UBS Neo. Where UBS Global Research refers to "UBS Evidence Lab Inside" or has made use of data provided by UBS Evidence Lab and you would like to access that data please contact your UBS sales representative. UBS Evidence Lab data is available on UBS Neo. The level and types of services provided by UBS Global Research and UBS Evidence Lab to a client may vary depending upon various factors such as a client's individual preferences as to the frequency and manner of receiving communications, a client's risk profile and investment focus and perspective (e.g., market wide, sector specific, long-term, short-term, etc.), the size and scope of the overall client relationship with UBS Global Research and UBS Evidence Lab and legal and regulatory constraints. UBS HOLT and UBS Pharma Values are offerings of UBS Global Research. HOLT Lens is a corporate performance platform offering that provides an objective accounting-led framework for comparing and valuing companies and is available to clients of UBS Global Research; for further details and pricing please contact your UBS Sales representative. In particular, HOLT has a variety of warranted prices based on the scenario chosen; please mail UBS Securities LLC, 11 Madison Avenue, New York, NY 10010, USA, Attention: Investment Research, if you are interested in the warranted price on a particular company, again subject to commercial considerations. UBS Pharma Values is an analytical tool that involves the creation of a number of individual product net present value calculations, based on published forecasts of sales for pharmaceuticals, and is available to clients of UBS Global Research; for further details and pricing please contact your UBS Sales representative. For all other specific disclaimers, please see https://www.ubs.com/disclosures.

When you receive UBS Global Research through a system, your access and/or use of such UBS Global Research is subject to this UBS Global Research Disclaimer and to the UBS Neo Platform Use Agreement (the "Neo Terms") together with any other relevant terms of use governing the applicable System.

When you receive UBS Global Research via a third party vendor, e-mail or other electronic means, you agree that use shall be subject to this UBS Global Research Disclaimer, the Neo Terms and where applicable the UBS Investment Bank terms of business (https://www.ubs.com/global/en/investment-bank/regulatory.html) and to UBS's Terms of Use/Disclaimer (https://www.ubs.com/global/en/legalinfo2/disclaimer.html). In addition, you consent to UBS processing your personal data and using cookies in accordance with our Privacy Statement (https://www.ubs.com/global/en/legalinfo2/privacy.html) and cookie notice (https://www.ubs.com/global/en/legal/privacy/users.html).

If you receive UBS Global Research, whether through a System or by any other means, you agree that you shall not copy, revise, amend, create a derivative work, provide to any third party, or in any way commercially exploit any UBS research provided via UBS Global Research or otherwise, and that you shall not extract data from any research or estimates provided to you via UBS Global Research or otherwise, without the prior written consent of UBS. You agree not to use UBS Global Research in any artificial intelligence system, without the prior written consent of UBS.

In certain circumstances you may receive UBS Global Research otherwise than in the capacity of a client of UBS and you understand and agree that under these circumstances (i) the UBS Global Research is provided to you for information purposes only; (ii) for the purposes of receiving it you are not intended to be and will not be treated as a "client" of UBS for any legal or regulatory purpose; (iii) the UBS Global Research must not be relied on or acted upon for any purpose; and (iv) such content is subject to the relevant disclaimers that follow.

This document is for distribution only as may be permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement within such jurisdiction.

This document is a general communication and is educational in nature; it is not an advertisement nor is it a solicitation or an offer to buy or sell any financial instruments or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, none of UBS or its representatives has any responsibility or authority to provide or have provided investment advice in a fiduciary capacity or otherwise. Investments involve risks, and investors should exercise prudence and their own judgment in making their investment decisions. None of UBS or its representatives is suggesting that the recipient or any other person take a specific course of action or any action at all. The recipient should carefully read this document in its entirety and not draw inferences or conclusions from the rating alone. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the investment objectives of the recipient. The financial instruments described in the document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, structured derivative products and futures (including OTC derivatives) are not suitable for all investors. Trading in these instruments is considered risky and may be appropriate only for sophisticated investors. Prior to buying or selling an option, and for the complete risks relating to options, you must receive a copy of "The Characteristics and Risks of Standardized Options." You may read the document at https://www.theocc.com/publications/risks/riskchap1.jsp or ask your salesperson for a copy. Various theoretical explanations of the risks associated with these instruments have been published. Supporting documentation for any claims, comparisons, recommendations, statistics or other technical data will be supplied upon request. Past performance is not necessarily indicative of future results. Transaction costs may be significant in option strategies calling for multiple purchases and sales of options, such as spreads and straddles. Because of the importance of tax considerations to many options transactions, the investor considering options should consult with his/her tax advisor as to how taxes affect the outcome of contemplated options transactions.

Mortgage and asset-backed securities may involve a high degree of risk and may be highly volatile in response to fluctuations in interest rates or other market conditions. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related instrument referred to in the document. For investment advice, trade execution or other enquiries, clients should contact their local sales representative.

UBS notes that no globally accepted framework or definition (legal, regulatory or otherwise) currently exists, nor is there a market consensus as to what constitutes an "ESG" (Environmental, Social or Governance) or an equivalent-label, or as to what precise attributes are required for the Information (as defined below) to be defined as ESG or equivalently-labelled. Any information, data or other content including from a third party source contained, referred to herein or used for whatsoever purpose by UBS or a third party ("Information"), in relation to any actual or potential ESG objective, issue or consideration is not intended to be relied upon for ESG classification, regulatory regime or industry initiative purposes ("ESG Regimes"). Nothing in these materials is intended to convey, suggest or indicate that UBS considers or represents any product, service, person or body mentioned in these materials as meeting or qualifying for any ESG classification, labelling or similar standards that may exist under the ESG Regimes. UBS has not conducted any assessment of compliance with ESG Regimes. Parties are reminded to make their own assessments for these purposes.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts any liability for any loss (including investment loss) or damage arising out of the use of all or any of the Information.

Prior to making any investment or financial decisions, any recipient of this document or the information should take steps to understand the risk and return of the investment and seek individualized advice from his or her personal financial, legal, tax and other professional advisors that takes into account all the particular facts and circumstances of his or her investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations for individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices, and any prices do not necessarily reflect UBS's internal books and records or theoretical model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, either expressed or implied, is provided in relation to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a

complete statement or summary of the securities, markets or developments referred to in the document. UBS does not undertake to update or keep current the Information. Any statements contained in this report attributed to a third party represent UBS's interpretation of the data, information and/or opinions provided by that third party either publicly or through a subscription service, and such use and interpretation have not been reviewed by the third party. In no circumstances may this document or any of the Information (including any forecast, value, index or other calculated amount ("Values")) be used for any of the following purposes:

(i) valuation or accounting purposes;

(ii) to determine the amounts due or payable, the price or the value of any financial instrument or financial contract; or

(iii) to measure the performance of any financial instrument including, without limitation, for the purpose of tracking the return or performance of any Value or of defining the asset allocation of portfolio or of computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of the above purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, which include, without limitation, independence policies and permanent information barriers, that are intended, and upon which UBS relies, to manage potential conflicts of interest and control the flow of information within divisions of UBS and among its subsidiaries, branches and affiliates. UBS does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For further information on the ways in which UBS Global Research manages conflicts and maintains independence of its research products, historical performance information and certain additional disclosures concerning UBS Global Research recommendations, please visit https://www.ubs.com/disclosures.

UBS Global Research will initiate, update and cease coverage solely at the discretion of UBS Global Research Management, which will also have sole discretion on the timing and frequency of any published research product. The analysis contained in this document is based on numerous assumptions. All material information in relation to published research reports, such as valuation methodology, risk statements, underlying assumptions (including sensitivity analysis of those assumptions), ratings history etc. as required by the Market Abuse Regulation, can be found on UBS Neo. Different assumptions could result in materially different results.

UBS Global Research may utilise artificial intelligence tools ("AI Tools") in the preparation of this document. Notwithstanding any such use of AI Tools, this document has undergone human review.

The analyst(s) responsible for the preparation of this document may interact with trading desk personnel, sales personnel and other parties for the purpose of gathering, applying and interpreting market information. UBS relies on information barriers to control the flow of information contained in one or more areas within UBS into other areas, units, groups or affiliates of UBS. The compensation of the analyst who prepared this document is determined exclusively by UBS Global Research management and senior management (not including investment banking). Analyst compensation is not based on investment banking revenues; however, compensation may relate to the revenues of UBS and/or its divisions as a whole, of which investment banking, sales and trading are a part, and UBS as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS (excluding UBS Securities LLC) acts as a market maker or liquidity provider (in accordance with the interpretation of these terms under English law or, if not carried out by UBS in the UK the law of the relevant jurisdiction in which UBS determines it carries out the activity) in the financial instruments of the issuer save that where the activity of liquidity provider is carried out in accordance with the definition given to it by the laws and regulations of any other EU jurisdictions, such information is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker save that where this activity is carried out in the US in accordance with the definition given to it by the relevant laws and regulations, such activity will be specifically disclosed in this document. UBS may have issued a warrant the value of which is based on one or more of the financial instruments referred to in the document. UBS and its affiliates and employees may have long or short positions, trade as principal and buy and sell in instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Within the past 12 months UBS may have received or provided investment services and activities or ancillary services as per MiFID II which may have given rise to a payment or promise of a payment in relation to these services from or to this company.

Please note that all transactions conducted by UBS are consistent with sanctions regulations imposed by Switzerland, the European Union, the United Nations, the United Kingdom and the United States, per UBS' global sanctions policy. UBS opinion as to future investment worthiness assumes no new sanctions are imposed.

US persons are prohibited from purchasing or selling securities of certain companies designated as being associated with the Chinese Military in accordance with the amended US Presidential Executive Order 13959.

United Kingdom: This material is distributed by UBS AG, London Branch to persons who are eligible counterparties or professional clients. UBS AG, London Branch is authorised by the Prudential Regulation Authority and subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. **Europe:** Except as otherwise specified herein, these materials are distributed by UBS Europe SE, a subsidiary of UBS AG, to persons who are eligible counterparties or professional clients (as detailed in the Bundesanstalt fur Finanzdienstleistungsaufsicht (BaFin) Rules and according to MIFID) and are only available to such persons. Global Wealth Management Disclaimer

You receive this document in your capacity as a client of UBS Global Wealth Management. This publication has been distributed to you by UBS Switzerland AG (regulated by FINMA in Switzerland) or its affiliates (**"UBS"**) with whom you have a banking relationship with. The full name of the distributing affiliate and its competent authority can be found in the country-specific disclaimer at the end of this document. UBS may utilise artificial intelligence tools ("AI Tools") in the preparation of this document. Notwithstanding any such use of AI Tools, this document has undergone human review.

The date and time of the first dissemination of this publication is the same as the date and time of its publication.

Risk information:

You agree that you shall not copy, revise, amend, create a derivative work, provide to any third party, or in any way commercially exploit any UBS research, and that you shall not extract data from any research or estimates, without the prior written consent of UBS.

This document is for distribution only as may be permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement within such jurisdiction.

This document is **for your information only**; it is not an advertisement nor is it a solicitation or an offer to buy or sell any financial instruments or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, none of UBS or its representatives has any responsibility or authority to provide or have provided investment advice in a fiduciary capacity or otherwise. Investments involve risks, and investors should exercise prudence and their own judgment in making their investment decisions. None of UBS or its representatives is suggesting that the recipient or any other person take a specific course of action or any action at all. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the investment objectives of the recipient. The financial instruments described in the document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, derivative products and futures are not suitable for all investors, and trading in these instruments is considered risky. Mortgage and asset-backed securities may involve a high degree of risk and may be highly volatile in response to fluctuations in interest rates or other market conditions. Foreign currency rates of exchange may

adversely affect the value, price or income of any security or related instrument referred to in the document. For investment advice, trade execution or other enquiries, clients should contact their local sales representative.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts any liability for any loss (including investment loss) or damage arising out of the use of all or any of the information (as defined below).

Prior to making any investment or financial decisions, any recipient of this document or the information should take steps to understand the risk and return of the investment and seek individualized advice from his or her personal financial, legal, tax and other professional advisors that takes into account all the particular facts and circumstances of his or her investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations for individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices, and any prices do not necessarily reflect UBS's internal books and records or theoretical model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, either expressed or implied, is provided in relation to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a complete statement or summary of the securities, markets or developments referred to in the document. UBS does not undertake to update or keep current the Information. Any opinions expressed in this document may change without notice and may differ or be contrary to opinions expressed by other business areas or groups, personnel or other representative of UBS. Any statements contained in this report attributed to a third party represent UBS's interpretation of the data, information and/or opinions provided by that third party either publicly or through a subscription service, and such use and interpretation have not been reviewed by the third party. In no circumstances may this document or any of the Information (including any forecast, value, index or other calculated amount ("Values")) be used for any of the following purposes: (i) valuation or accounting purposes; (ii) to determine the amounts due or payable, the price or the value of any financial instrument or financial contract; or (iii) to measure the performance of any financial instrument including, without limitation, for the purpose of tracking the return or performance of any Value or of defining the asset allocation of portfolio or of computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of the above purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, which include, without limitation, independence policies and permanent information barriers, that are intended, and upon which UBS relies, to manage potential conflicts of interest and control the flow of information within divisions of UBS (including between Global Wealth Management and UBS Global Research) and among its subsidiaries, branches and affiliates. For further information on the ways in which UBS manages conflicts and maintains independence of its research products, historical performance information and certain additional disclosures concerning UBS research recommendations, please visit https://www.ubs.com/research-methodology.

Research will initiate, update and cease coverage solely at the discretion of research management, which will also have sole discretion on the timing and frequency of any published research product. The analysis contained in this document is based on numerous assumptions. Different assumptions could result in materially different results.

The analyst(s) responsible for the preparation of this document may interact with trading desk personnel, sales personnel and other parties for the purpose of gathering, applying and interpreting market information. UBS relies on information barriers to control the flow of information contained in one or more areas within UBS into other areas, units, groups or affiliates of UBS. The compensation of the analyst who prepared this document is determined exclusively by research management and senior management (not including investment banking). Analyst compensation is not based on investment banking revenues; however, compensation may relate to the revenues of UBS and/or its divisions as a whole, of which investment banking, sales and trading are a part, and UBS's subsidiaries, branches and affiliates as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS AG, its affiliates or subsidiaries (excluding UBS Securities LLC) acts as a market maker or liquidity provider (in accordance with the interpretation of these terms in the UK) in the financial instruments of the issuer save that where the activity of liquidity provider is carried out in accordance with the definition given to it by the laws and regulations of any other EU jurisdictions, such information is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker save that where this activity is carried out in the US in accordance with the definition given to it by the relevant laws and regulations, such activity will be specifically disclosed in this document. UBS may have issued a warrant the value of which is based on one or more of the financial instruments referred to in the document. UBS and its affiliates and employees may have long or short positions, trade as principal and buy and sell in instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Options and futures are not suitable for all investors, and trading in these instruments is considered risky and may be appropriate only for sophisticated investors. Prior to buying or selling an option, and for the complete risks relating to options, you must receive a copy of "Characteristics and Risks of Standardized Options". You may read the document at https://www.theocc.com/about/publications/character-risks.jsp or ask your financial advisor for a copy.

Investing in structured investments involves significant risks. For a detailed discussion of the risks involved in investing in any particular structured investment, you must read the relevant offering materials for that investment. Structured investments are unsecured obligations of a particular issuer with returns linked to the performance of an underlying asset. Depending on the terms of the investment, investors could lose all or a substantial portion of their investment based on the performance of the underlying asset. Investors could also lose their entire investment if the issuer becomes insolvent. UBS does not guarantee in any way the obligations or the financial condition of any issuer or the accuracy of any financial information provided by any issuer. Structured investments are not traditional investments and investing in a structured investment is not equivalent to investing directly in the underlying asset. Structured investments may have limited or no liquidity, and investors should be prepared to hold their investment to maturity. The return of structured investments may be limited by a maximum gain, participation rate or other feature. Structured investments may include call features and, if a structured investment is called early, investors would not earn any further return and may not be able to reinvest in similar investments with similar terms. Structured investments include costs and fees which are generally embedded in the price of the investment. The tax treatment of a structured investment may be complex and may differ from a direct investment in the underlying asset. UBS and its employees do not provide tax advice. Investors should consult their own tax advisor about their own tax situation before investing in any securities.

Important Information About Sustainable Investing Strategies: Sustainable investing strategies aim to consider and incorporate environmental, social and governance (ESG) factors into investment process and portfolio construction. Strategies across geographies approach ESG analysis and incorporate the findings in a variety of ways. Incorporating ESG factors or sustainable investing considerations may inhibit the portfolio manager's ability to participate in certain investment opportunities that otherwise would be consistent with its investment objective and other principal investment strategies. The returns on a portfolio incorporating ESG factors or sustainable investing considerations may be lower or higher than portfolios where ESG factors, exclusions, or other sustainability issues are not considered by the portfolio manager, and the investment opportunities available to such portfolios may differ.

Within the past 12 months UBS Switzerland AG, its affiliates or subsidiaries may have received or provided investment services and activities or ancillary services as per MiFID II which may have given rise to a payment or promise of a payment in relation to these services from or to this company.

Disclosures: If you require detailed information on disclosures of interest or conflict of interest as required by Market Abuse Regulation please contact the mailbox MAR_disclosure_twopager@ubs.com. Please note that e-mail communication is unsecured.

External Asset Managers / External Financial Consultants: In case this research or publication is provided to an External Asset Manager or an External Financial Consultant, UBS expressly prohibits that it is redistributed by the External Asset Manager or the External Financial Consultant and is made available to their clients and/or third parties.

Argentina: All securities that will be offered to you by UBS are not authorized by the Argentine Securities and Exchange Commission (CNV) and are not subject to its reporting, periodic information requirements, or oversight. Furthermore, the CNV has not reviewed or endorsed the information provided in any securities offering document, nor the accuracy of any accounting, financial, economic data, or any other information disclosed therein, which remains the sole responsibility of the respective issuer and the other parties involved. **Australia:** This document is provided by UBS Switzerland AG. UBS Switzerland AG does not hold an Australian Financial Services Licence (AFSL) and relies on an exemption to provide financial services to persons in Australia. This document is intended only for distribution to wholesale clients under the Corporations Act 2001 (Cth). UBS Switzerland AG is a related body corporate of UBS AG, Australia Branch and UBS Securities Australia Limited. This document may be distributed to clients by those entities, but it is provided by UBS Switzerland AG and is not provided under any of the other entities' AFSL. The information in this document is general in nature and is not intended to address the objectives, financial situation or needs of any particular individual or entity. Each recipient should consider their own objectives, financial situation or needs before acting on the advice and obtain the relevant Product Disclosure Statement (if required) before making any decision whether to acquire any product. In Australia, UBS entities, other than UBS AG, Australia Branch, are not authorized deposit-taking institutions for the purposes of the Banking Act 1959 (Cth.) and their obligations do not represent deposits or other liabilities of UBS AG, Australia Branch. UBS AG, Australia Branch does not guarantee or otherwise provide assurance in respect of the obligations of such UBS entities or the funds. An investor is exposed to investment risk including possible delays in repayment and loss of income and principal invested, as relevant. If you do not wish to receive marketing materials from UBS, please contact your UBS representative or the contact details listed in the Australia Privacy Notice: https://www.ubs.com/global/en/legal/privacy.html. Your personal data will be processed in accordance with this notice. **Bahrain**: This report is being distributed by UBS AG, Bahrain Branch, duly licensed and regulated by the Central Bank of Bahrain (CBB) as an Investment Business Firm - Category 2 (Branch). Related financial services or products are only made available to Accredited Investors, as defined by the CBB, and are not intended for any other persons. UBS AG, Bahrain Branch is

a Foreign Branch of UBS AG, Zurich/Switzerland and is located on Level 21, East Tower, Bahrain World Trade Centre, Manama, Kingdom of Bahrain. **Brazil**: This report is distributed in Brazil by UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A. or its affiliates ("UBS"). Pursuant to CVM Resolution No. 20/2021, of February 25, 2021, the author(s) of the report hereby certify(ies) that the views expressed in this report solely and exclusively reflect their personal opinions and have been prepared independently, including with respect to UBS. Part of the author(s)'s compensation is based on various factors, including the total revenues of the relevant UBS Group entity of which they are in employment of, but no part of the compensation has been, is, or will be related to the specific recommendations or views expressed in this report. In addition, UBS declares that: UBS has provided, and/or may in the future provide investment banking, brokerage, asset management, commercial banking and other financial services to the subject company/companies or its affiliates, for which they have received or may receive customary fees and commissions, and which constituted or may constitute relevant financial or commercial interests in relation to the subject company/companies or the subject securities. **Canada**: The information contained herein is not, and under no circumstances is to be construed as, a prospectus, an advertisement, a public offering, an offer to sell securities described herein, solicitation of an offer to buy securities described herein, in Canada or any province or territory thereof. Any offer or sale of the securities described herein in Canada will be made only under an exemption from the requirements to file a prospectus with the relevant Canadian securities regulators and only by a dealer properly registered under applicable securities laws or, alternatively, pursuant to an exemption from the dealer registration requirement in the relevant province or territory of Canada in which such offer or sale is made. Under no circumstances is the information contained herein to be construed as investment advice in any province or territory of Canada and is not tailored to the needs of the recipient. To the extent that the information contained herein references securities of an issuer incorporated, formed or created under the laws of Canada or a province or territory of Canada, any trades in such securities must be conducted through a dealer registered in Canada or, alternatively, pursuant to a dealer registration exemption. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon these materials, the information contained herein or the merits of the securities described herein and any representation to the contrary is an offence. In Canada, this publication is distributed by UBS Investment Management Canada Inc. **China**: This report and any offering material such as term sheet, research report, other product or service documentation or any other information (the "Material") sent with this report was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the material erroneously, UBS asks that you kindly delete it and inform UBS immediately. This report is prepared by UBS Switzerland AG or its offshore subsidiary or affiliate (collectively as "UBS Offshore"). UBS Offshore is an entity incorporated out of China and is not licensed, supervised or regulated in China to carry out banking or securities business. The recipient should not contact the analysts or UBS Offshore which produced this report for advice as they are not licensed to provide securities investment advice in China. UBS Investment Bank (including Research) has its own wholly independent research and views which at times may vary from the views of UBS Global Wealth Management. The recipient should not use this document or otherwise rely on any of the information contained in this report in making investment decisions and UBS takes no responsibility in this regard. **Denmark**: This publication is not intended to constitute a public offer under Danish law. It is distributed only for information purposes to clients of UBS Europe SE, Denmark Branch, filial af UBS Europe SE, with place of business at Sankt Annae Plads 13, 1250 Copenhagen, Denmark, registered with the Danish Commerce and Companies Agency, under No. 38 17 24 33. Name of Compliance Officer Mr. Parameshwaran Shivaramakrishnan, Phone: +912261556151, Email: parameshwaran.s@ubs.com, Name of Grievance Officer Parameshwaran Shivaramakrishnan, Phone: +912261556151, Email: ol-ubs-sec-compliance@ubs.com. Registration granted by SEBI, and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. UBS AG, its affiliates or subsidiaries may have debt holdings or positions in the subject Indian company/companies. UBS AG, its affiliates or subsidiaries may have financial interests (e.g. loan/derivative products, rights to or interests in investments, etc.) in the subject Indian company/companies from time to time. Within the past 12 months, UBS AG, its affiliates or subsidiaries may have received compensation for non-investment banking securities-related services and/or non-securities services from the subject Indian company/companies. The subject company/companies may have been a client/clients of UBS AG, its affiliates or subsidiaries during the 12 months preceding the date of distribution of the research report with respect to investment banking and/or non-investment banking securities-related services and/or non-securities services. With regard to information on associates, please refer to the Annual Report at: https://www.ubs.com/global/en/about_ubs/investor_relations/annualreporting.html. The Research Annual Compliance report for UBS Securities India Private Limited is available on www.ubs.com/ubssi under Research tab. **Indonesia**: This communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed without the consent of UBS. None of the Material has been registered or filed under the prevailing laws and with any financial or regulatory authority in your jurisdiction. The Material may not have been approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or products or futures contracts). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including futures contracts) nor is it an offer to buy or to sell any securities or products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Israel**: UBS is a premier global financial firm offering wealth management, asset management and investment banking services from its headquarters in Switzerland and its operations in over 50 countries worldwide to individual, corporate and institutional investors. This publication is intended for information only and is not intended as an offer to buy or solicitation of an offer. Furthermore, this publication is not intended as an investment advice. Nothing contrary to the above, no action has been, or will be, taken in Israel that would permit an offering of the product(s) mentioned in this document or a distribution of this document to the public in Israel. In particular, this document has not been reviewed or approved by the Israeli Securities Authority. The product(s) mentioned in this document is/are being offered to a limited number of sophisticated investors who qualify as one of the investors listed in the first supplement to the Israeli Securities Law, 5728-1968. This document may not be reproduced or used for any other purpose, nor be furnished to any other person other than those to whom copies have been sent. Anyone who purchases the product(s) mentioned herein shall do so for its own benefit and for its own account and not with the aim or intention of distributing or offering the product(s) to other parties. Anyone who purchases the product(s) shall do so in accordance with its own understanding and discretion and after it has received any relevant financial, legal, business, tax or other advice or opinion required by it in connection with such purchase(s). The word "advice" and/or any of its equivalent terms shall be read and construed in conjunction with the definition of the term "investment marketing" as defined under the Israeli Regulation of Investment Advice, Investment Marketing and Portfolio Management Law. The Swiss laws and regulations require a number of mandatory disclosures to be made in independent financial research reports or recommendations. Pursuant to the Swiss Financial Market Infrastructure Act and the Financial Market Infrastructure Ordinance-FINMA, banks must disclose the percentage of voting rights they hold in companies being researched, if these holdings are equal to or exceed the statutory thresholds. In addition, the Directives on the Independence of Financial Research, issued by the Swiss Bankers Association, mandate a number of disclosures, including the disclosure of potential conflicts of interest, the participation within previous 12 months in any securities issues on behalf of the company being researched, as well as the fact that remuneration paid to the financial analysts is based generally upon the performance of (i) the new issues department or investment banking; or (ii) securities trading performance (including proprietary trading) or sales. **Italy**: This publication is not intended to constitute a public offer under Italian law. It is distributed only for information purposes to clients of UBS Europe SE, Succursale Italia, with place of business at Via del Vecchio Politecnico, 3-20121 Milano. UBS Europe SE, Succursale Italia is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Bank of Italy (Banca d'Italia) and the Italian Financial Markets Supervisory Authority (CONSOB - Commissione Nazionale per le Società e la Borsa), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Japan**: This report is solely distributed in Japan by UBS SuMi TRUST Wealth Management Co., Ltd, Financial Instruments Dealer, Director-General of Kanto Local Finance Bureau (Kinsho) No. 3233, a member of the Japan Securities Dealers Association, Financial Futures Association of Japan, Investment Management Association of Japan. UBS SuMi TRUST Wealth Management Co., Ltd will not distribute or

forward this report outside Japan. **Jersey**: UBS AG, Jersey Branch, is regulated and authorized by the Jersey Financial Services Commission for the conduct of banking, funds and investment business. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Portugal**: UBS Switzerland AG is not licensed to conduct banking and financial activities in Portugal nor is UBS Switzerland AG supervised by the portuguese regulators (Bank of Portugal "Banco de Portugal" and Portuguese Securities Exchange Commission "Comissão do Mercado de Valores Mobiliários"). **Qatar**: UBS Qatar LLC is licensed by the Qatar Financial Centre Authority and authorized by the QFC Regulatory Authority, with QFC no. 01169, and has its registered office at Building No. 36, 4th Floor, Abdulla Bin Thani Street, Doha Design District 1, Msheireb Downtown Doha, State of Qatar. This material is strictly intended for Eligible Counterparties and/or Business Customers only as classified under the QFCRA's Customer and Investor Protection Rules 2019. No other person should act upon this material. **Russia**: This document or information contained therein is for information purposes only and constitutes neither a public nor a private offering, is not an invitation to make offers, to sell, exchange or otherwise transfer any financial instruments in the Russian Federation to or for the benefit of any Russian person or entity and does not constitute an advertisement or offering of securities in the Russian Federation within the meaning of Russian securities laws. The information contained herein is not an "individual investment recommendation" as defined in Federal Law of 22 April 1996 No 39-FZ "On Securities Market" (as amended) and the financial instruments and operations specified herein may not be suitable for your investment profile or your investment goals or expectations. The determination of whether or not such financial instruments and operations are in your interests or are suitable for your investment goals, investment horizon or the acceptable risk level is your responsibility. We assume no liability for any losses connected with making any such operations or investing into any such financial instruments and we do not recommend to use such information as the only source of information for making an investment decision. **Saudi Arabia**: This material is for marketing and information purposes by UBS Saudi Arabia only. It has been distributed by UBS Saudi Arabia or reviewed and approved by UBS Saudi Arabia if it was issued by UBS Switzerland AG, by UBS AG, or any of its subsidiaries or branches. UBS Switzerland AG is a public company limited by shares, incorporated in Switzerland with its registered offices at Bahnhofstrasse 45, CH-8001 Zurich. UBS Saudi Arabia (a subsidiary of UBS AG) is a Saudi closed joint stock company incorporated in the Kingdom of Saudi Arabia with a paid capital of 110,000,000 Saudi Riyals under commercial register number 1010257812 having its registered office at Laysen Valley, P.O. Box 75724, Riyadh 11588, Kingdom of Saudi Arabia. UBS Saudi Arabia is authorized and regulated by the Capital Market Authority to conduct securities business under license number 08113-37. This document is distributed only under such circumstances as may be permitted by applicable laws and regulations. The information and – if any - opinions contained in this document have been compiled or arrived at based upon information obtained from sources believed to be reliable and in good faith, but is not guaranteed as being accurate, nor is it a complete statement or summary of the securities, markets or developments referred to in the document. All such information and opinions are subject to changes without notice. Past performance of investments (whether simulated or actual) is not necessarily an indicator of future results. Forward looking data is based on estimates that are subject to changes. Should the currency of a financial product or service not match your reference currency, performance may rise or fall due to currency fluctuations. UBS Switzerland AG and / or other members of the UBS Group may have a position in and may make a purchase and/or sale of any of the securities or other financial instruments mentioned in this document While statements that constitute "forward-looking statements", including, but not limited to, statements relating to our future business development represent UBS judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. This document may not be forwarded, reproduced, redistributed or republished for any purpose without the written permission of UBS Saudi Arabia. Source for all data and charts (if not indicated otherwise) is UBS Switzerland AG. **Singapore**: Where applicable, this material is distributed in Singapore by UBS AG, Singapore Branch, which is licensed by the Monetary Authority of Singapore under the Banking Act 1970 to carry on banking business. UBS AG is incorporated in Switzerland with limited liability. UBS AG has a branch registered in Singapore (UEN S98FC5560C). This material has been prepared and issued for distribution in Singapore to institutional investors, accredited investors and expert investors (each as defined under the Financial Advisers Regulations (the "FAR")) only. By virtue of your status as an institutional investor, accredited investor, or expert investor, UBS AG is exempted from complying with certain requirements under the Financial Advisers Act 2001 (the "FAA"), the FAR and the relevant Notices and Guidelines issued thereunder, in respect of any financial advisory service which UBS AG may provide to you. These include exemptions from complying with: Section 34 of the FAA (pursuant to Regulation 33(1) of the FAR); Section 36 of the FAA (pursuant to Regulation 34(1) of the FAR); and Section 45 of the FAA (pursuant to Regulation 35(1) of the FAR). Singapore recipients and clients of UBS AG, Singapore Branch should contact UBS AG, Singapore Branch for any matters arising from, or in connection with, this material. Where applicable, this communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved or endorsed by any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or products or futures contracts). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Spain:** This report is distributed in Spain by UBS AG, Sucursal en España, authorized under number 1460 in the Register by the Banco de España. **Sweden**: This publication is not intended to constitute a public offer under Swedish law. It is distributed only for information purposes to clients of UBS Europe SE, Sweden Bankfilial, with place of business at Regeringsgatan 38, 11153 Stockholm, Sweden, registered

with the Swedish Companies Registration Office under Reg. No 516406-1011. UBS Europe SE, Sweden Bankfilial is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Swedish supervisory authority (Finansinspektionen), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Taiwan**: This material is provided by UBS AG, Taipei Branch in accordance with laws of Taiwan, in agreement with or at the request of clients/prospects. **Thailand**: This communication and any offering material, term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication were done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Türkiye**: The information in this document is not provided for the purpose of offering, marketing or sale of any capital market instrument or service in the Republic of Türkiye. Therefore, this document may not be considered as an offer made, or to be made, to residents of the Republic of Türkiye in the Republic of Türkiye. UBS Switzerland AG is not licensed by the Capital Markets Board of Türkiye (the CMB) under the provisions of the Capital Market Law (Law No. 6362). Accordingly, neither this document nor any other offering material related to the instrument/service may be utilized in connection with providing any capital market services to persons within the Republic of Türkiye without the prior approval of the CMB. However, according to article 15 (d) (ii) of the Decree No. 32 residents of the Republic of Türkiye are allowed to purchase or sell the financial instruments traded in financial markets outside of the Republic of Türkiye. Further to this, pursuant to article 9 of the Communiqué on Principles Regarding Investment Services, Activities and Ancillary Services No. III-37.1, investment services provided abroad to residents of the Republic of Türkiye based on their own initiative are not restricted. **United Arab Emirates (UAE) / DIFC / Abu Dhabi**: UBS is not licensed in the UAE by the Central Bank of the UAE nor by the Emirates' Securities and Commodities Authority and does not undertake banking activities in the UAE. This document is provided for your information only and does not constitute financial advice. **DIFC**: UBS AG Dubai Branch is regulated by the DFSA in the DIFC. This material is strictly intended for Professional Clients and/or Market Counterparties only as classified under the DFSA rulebook. It should not be distributed to Retail Clients. The Investment Research is provided for information purposes only and is not a recommendation or offer to buy/sell/hold a particular investment. The investment research may be out of date. You should seek investment advice before acting on the basis of the Investment Research. **Abu Dhabi**: UBS AG Abu Dhabi Branch is licensed and regulated by the Financial Services Regulatory Authority ("FSRA") of the Abu Dhabi Global Market. This material is intended solely for professional clients or market counterparties, as defined in the rules of the FSRA. It is not directed at, nor intended for, retail clients or any person who does not meet the criteria of a professional client or market counterparty. **United Kingdom**: This document is issued by UBS Wealth Management, a division of UBS AG which is authorised and regulated by the Financial Market Supervisory Authority in Switzerland. In the United Kingdom, UBS AG is authorised by the Prudential Regulation Authority and is subject to regulation by the Financial Conduct Authority and limited regulation by the Prudential Regulation Authority. Details about the extent of regulation by the Prudential Regulation Authority are available from us on request. A member of the London Stock Exchange. This publication is distributed to retail clients of UBS Wealth Management. **Ukraine**: UBS is a premier global financial services firm offering wealth management services to individual, corporate and institutional investors. UBS is established in Switzerland and operates under Swiss law and in over 50 countries and from all major financial centers. UBS is not registered and licensed as a bank/financial institution under Ukrainian legislation and does not provide banking and other financial services in Ukraine. UBS has not made, and will not make, any offer of the mentioned products to the public in Ukraine. No action has been taken to authorize an offer of the mentioned products to the public in Ukraine and the distribution of this document shall not constitute financial services for the purposes of the Law of Ukraine "On Financial Services and Financial Companies" dated 14 December 2021. Any offer of the mentioned products shall not constitute an investment advice, public offer, circulation, transfer, safekeeping, holding or custody of securities in the territory of Ukraine. Accordingly, nothing in this document or any other document, information or communication related to the mentioned products shall be interpreted as containing an offer, a public offer or invitation to offer or to a public offer, or solicitation of securities in the territory of Ukraine or investment advice under Ukrainian law. Electronic communication must not be considered as an offer to enter into an electronic agreement or other electronic instrument within the meaning of the Law of Ukraine "On Electronic Commerce" dated 3 September 2015. This document is strictly for private use by its holder and may not be passed on to third parties or otherwise publicly distributed. **USA**: Distributed to US persons only by UBS Financial Services Inc. or UBS Securities LLC, subsidiaries of UBS AG. UBS Switzerland AG, UBS Europe SE, UBS Bank, S.A., UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A., UBS Asesores México, S.A. de C.V., UBS SuMi TRUST Wealth Management Co., Ltd., UBS Wealth Management Israel Ltd. and UBS Menkul Degerler AS are affiliates of UBS AG. **UBS Financial Services Inc. accepts responsibility for the content of a report prepared by a non-US affiliate when it distributes reports to US persons. All transactions by a US person in the securities mentioned in this report should be effected through a US-registered broker dealer affiliated with UBS, and not through a non-US affiliate. The contents of this report have not been and will not be approved by any securities or investment authority in the United States or elsewhere. UBS Financial Services Inc. is not acting as a municipal advisor to any municipal entity or obligated person within the meaning of Section 15B of the Securities Exchange Act (the "Municipal Advisor Rule") and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of the Municipal Advisor Rule.** For information on the ways in which UBS Securities LLC manages conflicts and maintains independence of its UBS Global Research product; historical performance information; certain additional disclosures concerning UBS Global Research recommendations; and terms and conditions for certain third party data used in research report, please visit https://www.ubs.com/disclosures.

Sales Trader Commentary: TAIEX 49k Wobble - July De Ja Vu, or Just Pausing Before the Santa Rally? | GSTW

13 October 2026 | 4:11 PM Taiwan Standard Time

Robert Wang
Goldman Sachs (Asia) L.L.C. Taipei Branch
FICC & Equities

Index lost the 49k points threshold and saw the biggest decline on a point basis since the end of July. Market seemed to lose the steam to break through 50k points after the past choppy sessions. Is this July de ja vu or some healthy pullback? Foreigners and domestic investors seem to share different narrative. Check out below for our investor feedback.

Key Investor Feedback and Observations

- **Positioning**. we saw meaningful outflows today from all kinds of investors today, again focusing in ex-TSMC large caps. Today foreigners **net sold US$5.2bn** today, the second largest in the history (simultaneously drove TWD weakness over 32.23 today). Domestic investors, especially retail, on the other hand, anchored the market with the record high margin loan balance (as of 10/12/2026). Local funds remained buyer as well mainly thanks to ETFs inflow.
- **Macro**. CPI headline brought uncertainty and forced global investors to turn cautious, which was exacerbated by high yields and crude. For Taiwan, AI trade is relatively resilient to the Middle Eastern tension and high energy prices. However, at some point, it is going to have a real economic impact either through Fed or some other macro data.
- **Sentiment**. Surprisingly, people are still bullish in Taiwan, though they also acknowledge some choppy trading sessions ahead. Local investor feedback is not calling for capitulation; in fact, most believe this is just another "two-steps forward one-step backward" cadence towards another record high. Nonetheless, some retail start taking chips off the table. This echoes our observation among the foreign investors. Yes, the AI fundamental future is all sunshine, but as we head into the end of year, it is natural for them to protect their great fun thus far this year instead of adding on immediate risk. ***I'd imagine the next few weeks are going to be full of 1) rapid sector rotation; 2) weak or unsustainable momentum before Santa comes into town after the midterm election for our year-end rally Christmas gift.***
- **TSMC Earnings and Others**. We know the numbers are going to be good, and we also know people are going to sell-on-facts after TSMC earnings call; recall most recent one happened right after the meeting that scarred a lot of investors since. Perhaps this time people started trimming ahead (and maybe too early?), which provides some window for a quick rebound into small and mid cap. OCP summit is happening right now, and TPCA Show will start next week. Watch out for single stock movement mentioned in the conferences.

- **Sector**. **1) ABF/CCL** is still the crowded long sectors for both foreign and domestic investor, but echoing on above points, investors need more catalysts to add on risks or drive the re-ratings. **2) Power** is another big issues that data centers need to resolve, power solutions and fuel cells name are also key focus in Taiwan. 3) Let's not forget about **OSATs**. We need more equipment and testing capacity to suffice enlarging demand from both ASIC and GPU.
  - **Key Stocks I Follow**: Unimicron, Kinsus, NYPCB, ZDT, EMC, TUC, Delta, Lite-On, Kaori, ASE, KYEC, All Ring
- **Risk**. Upside looks thin in the short term. Good earnings are not enough - look at Nanya Tech and Memory sector today. Chasing momentum now may get hurt. I also smelled some short unwind today (i.e. funding short names outperformance such as Realtek, Novatek, Shipper, etc) - signs of de-leveraging. Directionless is how I would describe the past few days, but maybe it's time to find some value Buy?

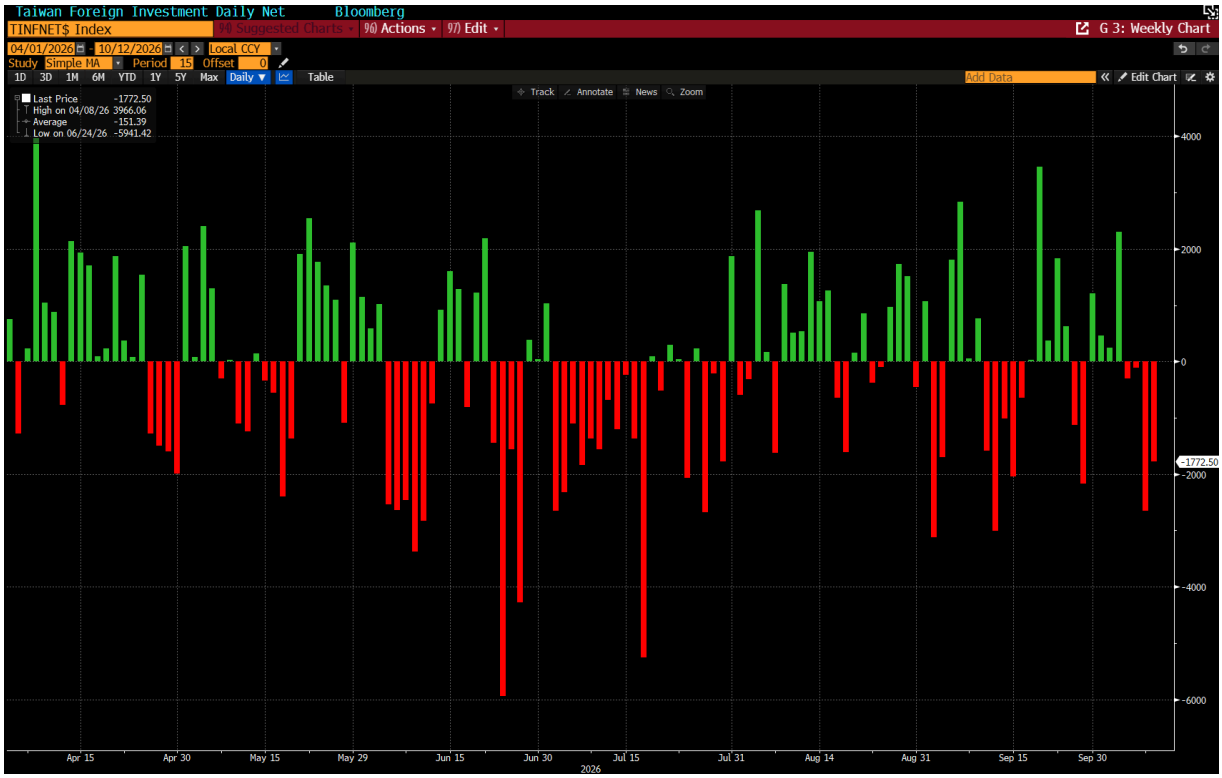

Exhibit 1. Foreign Investors Outflow since 4/1/2026

Additional Disclaimers

Non-Reliance and Risk Disclosure: This material is for the general information of our clients and is a solicitation of derivatives business generally, only for the purposes of, and to the extent it would otherwise be subject to, CFTC Regulations 1.71 and 23.605. This material should not be construed as an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. We are not soliciting any specific action based on this material. For the purposes of U.S. rules and regulations, it does not constitute a recommendation or take into account the particular investment objectives, financial conditions, or needs of individual clients. Before acting on this material, you should consider whether it is suitable for your particular circumstances and, if necessary, seek professional advice. The price and value of the investments referred to in this material and the income from them may go down as well as up, and investors may realize losses on any investments. Past performance is not a guide to future performance. Future returns are not guaranteed, and a loss of original capital may occur. We do not provide tax, accounting, or legal advice to our clients, and all investors are advised to consult with their tax, accounting, or legal advisers regarding any potential investment. The material is based on information that we consider reliable, but we do not represent that it is accurate, complete and/or up to date, and it should not be relied on as such. Opinions expressed are our current opinions as of the date appearing on this material only and only represent the views of the author and not those of Goldman Sachs, unless otherwise expressly noted.

Conflict of Interest Disclosure: We are a full-service, integrated corporate advisory, investment management, and brokerage firm. The professionals who prepared this material are paid in part based on the profitability of The Goldman Sachs Group, Inc., which includes earnings from the firm's trading, capital markets, corporate advisory and other business. They, along with other salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients that reflect opinions that are contrary to the opinions expressed herein or the opinions expressed in research reports issued by our Research Departments, and our market making, investing and lending businesses may make investment decisions that are inconsistent with the views expressed herein. In addition, the professionals who prepared this material may also produce material for, and from time to time, may advise or otherwise be part of our trading desks that trade as principal in the securities mentioned in this material. This material is therefore not independent from our interests, which may conflict with your interests. We and our affiliates, officers, directors, and employees, including persons involved in the preparation or issuance of this material, may from time to time have "long" or "short" positions in, act as principal in, and buy or sell the securities or derivatives (including options) thereof in, and act as market maker or specialist in, and serve as a director of, companies mentioned in this material. In addition, we may have served as manager or co manager of a public offering of securities by any such company within the past three years

Not a Fiduciary: To the extent this material is provided to an employee benefit plan or account subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA") or Section 4975 of the Internal Revenue Code of 1986, as amended (the "Code") (each, a "Benefit Plan Investor"), by accepting this material such Benefit Plan Investor will be deemed to have represented, warranted and acknowledged that (1) the Benefit Plan Investor is represented by a fiduciary that is independent of Goldman Sachs and its affiliates (the "Independent Fiduciary"), (2) the Independent Fiduciary is a bank (as defined in section 202 of the Investment Advisers Act of 1940 (the "Advisers Act")) or a similar institution that is regulated and supervised and subject to periodic examination by a State or Federal agency; an insurance carrier which is qualified under the laws of more than one State to perform the services of managing, acquiring or disposing of assets of a plan; an investment adviser registered under the Advisers Act or, if not registered as an investment adviser under the Advisers Act by reason of paragraph (1) of section 203A, is registered as an investment adviser under the laws of the State in which it maintains its principal office and place of business; a broker-dealer registered under the Securities Exchange Act of 1934; or an Independent Fiduciary that holds or has under management or control total assets of at least $50 Million; (3) the Independent Fiduciary is capable of evaluating investment risks independently, both in general and with regard to the information contained in this material; (4) the Independent Fiduciary is a fiduciary under ERISA and/or the Code with respect to, and is responsible for exercising independent judgment in evaluating, the information contained in this material; (5) neither Goldman Sachs nor its affiliates are undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the information contained in this material or with respect to any Benefit Plan Investor's subsequent investment decisions; and (6) any financial interest of Goldman Sachs and its affiliates is or has been disclosed. To the extent this material is provided to any other recipient, this material is provided solely on the basis that the recipient has the capability to independently evaluate investment risk and is exercising independent judgment in evaluating investment decisions in that its investment decisions will be based on its own independent assessment of the opportunities and risks presented by a potential investment, market factors and other investment considerations.

Not a Municipal Advisor: Except in circumstances where Goldman Sachs expressly agrees otherwise in writing, Goldman Sachs is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice, including within the meaning of Section 15B of the Securities Exchange Act of 1934.

LLC; in Hong Kong by Goldman Sachs(Asia) L.L.C. or by Goldman Sachs Asia Bank Limited, a restricted licence bank; in Japan by Goldman Sachs Japan Co.,Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Singapore by Goldman Sachs(Singapore) Pte. (Company Number: 198602165W), by Goldman Sachs Futures Pte.Ltd (Company Number: 199004153Z) or by J.Aron &Company (Singapore) Pte (Company Number:198902119H); in India by Goldman Sachs (India) Securities Private Limited, Mumbai Branch; in the United Kingdom, Belgium, Denmark, Finland, Ireland, Italy, Liechtenstein and Luxembourg by Goldman Sachs International ("GSI"); in the United Kingdom, Belgium, France, Germany, Ireland, Luxembourg and the Netherlands by Goldman Sachs Bank USA, London Branch (Financial Services Register number 582328); in France by Goldman Sachs Paris Inc. et Cie or GSI Paris branch; in Spain by GSI Madrid branch; in Sweden by GSI Stockholm branch; in all European Economic Area jurisdictions by Goldman Sachs Bank Europe SE, including through its authorised branches ("GSBE"); in Switzerland by GSI; in the Cayman Islands by Goldman Sachs (Cayman) Trust, Limited; in Brazil by Goldman Sachs do Brasil Banco Múltiplo S.A.; in South Africa Goldman Sachs International is operating under an exemption in respect of certain clients in terms of the Financial Advisory and Intermediary Services Act (FAIS), and in the United States of America by Goldman Sachs & Co. LLC (which is a member of FINRA, NYSE and SIPC) and by Goldman Sachs Bank USA. You may obtain information about SIPC, including the SIPC brochure, by contacting SIPC (website: http://www.sipc.org/;phone: 202-371-8300). GSI, which is authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this material in connection with its distribution in the United Kingdom. GSI, whose registered office is at Plumtree Court, 25 Shoe Lane, London EC4A 4AU, appears in the FCA's Register (Registration No.: 142888). GSI is registered as a Private Unlimited Company in England and Wales (Company Number: 2263951) and its VAT registration number is GB 447 2649 28. GSI is subject to the FCA and PRA rules and guidance, details of which can be found on the websites of the FCA and PRA at www.fca.org.uk and www.bankofengland.co.uk/pra.The FCA is located at 12 Endeavour Square, London E20 1JN, and the PRA is located at Bank of England, 20 Moorgate, London EC2R 6DA. GSBE is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism established between those Member States of the European Union whose official currency is the Euro, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank. Unless governing law permits otherwise, you must contact a Goldman Sachs entity in your home jurisdiction if you want to use our services in effecting a transaction in the securities mentioned in this material. This material is not for distribution to retail clients, as that term is defined under The European Union Markets in Financial Instruments Directive(2014/65/EU) (including as implemented in the United Kingdom), and any investments, including derivatives, mentioned in this material will not be made available by us to any such retail client.

Reproduction and Re-Distribution: Without our prior written consent, no part of this material may be (i) copied, photocopied or duplicated in any form by any means or (ii) redistributed. Notwithstanding anything herein to the contrary, and except as required to enable compliance with applicable securities law, you (and each of your employees, representatives and other agents) may disclose to any and all persons the U.S. federal income and state tax treatment and tax structure of the transaction and all materials of any kind (including tax opinions and other tax analyses) that are provided to you relating to such tax treatment and tax structure, without Goldman Sachs imposing any limitation of any kind.

Information Not for Further Dissemination: To the extent this communication contains Goldman Sachs' pricing information, such pricing information is proprietary and/or confidential and is provided solely for the internal use of the intended recipient(s). You are notified that any unauthorized use, dissemination, distribution or copying of this communication or its contents, including pricing information, in whole or in part, is strictly prohibited. Further, unless prohibited by local law, any use, review or acceptance of this information is subject to and manifests your agreement with Goldman Sachs to use such information only in accordance with the terms set forth above. Goldman Sachs has caused its proprietary information to be delivered to you in reliance upon such agreement.

Not a Valuation: Values herein are not customer valuations and should not be used in lieu of a customer valuation statement or account statement. These values may not reflect the value of the positions carried on the books and records of Goldman Sachs or its affiliates and should not be relied upon for the maintenance of your books and records or for any tax, accounting, legal or other purposes. The information provided herein does not supersede any customer statements, confirmations or other similar notifications.

Receipt of Orders: An order sent to Goldman Sachs by email or instant message is not deemed to be received by Goldman Sachs until a Goldman Sachs representative verifies the order details with a phone call to the client or acknowledges receipt of the order via email or instant message to the client. Goldman Sachs does not accept client orders sent via fax or voicemail systems.

Indicative Terms/Pricing Levels: This material may contain indicative terms only, including but not limited to pricing levels. There is no representation that any transaction can or could have been effected at such terms or prices. Proposed terms and conditions are for discussion purposes only. Finalized terms and conditions are subject to further discussion and negotiation.

Special Risk Disclosure related to Exchange-Traded Funds ("ETFs") and Exchange-Traded Notes ("ETNs"): To the extent this communication contains information pertaining to ETFs or ETNs, consider the investment objectives, risks, and charges and expenses of the ETFs and ETNs carefully before investing. Each U.S. Registered ETF and ETN has filed a registration statement (including a prospectus) with the SEC which contains this and other information about the ETF or ETN as applicable. Before you invest in an ETF or ETN, you should obtain and read carefully the prospectus in the registration statement and other documents the issuer has filed with the SEC for more complete information about the product. You may get these documents for free by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, you may obtain a copy of the prospectus for each of the ETFs and ETNs mentioned in these materials by (i)

contacting your Goldman Sachs sales representative, or (ii) sending a request by calling toll-free 1-866-471-2526, or (iii) sending a request by email to Prospectus-ny@ny.email.gs.com, by fax to (212) 902-9316, or by mail to Goldman Sachs, 200 West Street, NY, NY 10282, Attn: Prospectus Department. ETFs are redeemable only in Creation Unit size aggregations and may not be individually redeemed; are redeemable only through Authorized Participants; and are redeemable on an "in-kind" basis. The public trading price of a redeemable lot of the ETFs may be different from its net asset value. These ETFs can trade at a discount or premium to the net asset value. There is always a fundamental risk of declining stock prices, which can cause losses to your investment. Some leveraged and inverse ETFs and ETNs "reset" daily, meaning that they are designed to achieve their stated objectives on a daily basis. They will therefore realize each day a loss or a gain which is a multiple (for leveraged ETFs and ETNs) or the inverse (for inverse ETFs and ETNs) of the performance on that day of their underlying index or benchmark. For this reason, if they are held for a period longer than one day, their performance over such longer periods of time can differ significantly from the stated multiple of the performance (or the inverse of the performance) of their underlying index or benchmark during the same period of time. This effect can be magnified in volatile markets. Prior to entering into a transaction in leveraged or inverse ETFs, you should be aware of the general risks associated with such transactions. You should not enter into leveraged or inverse ETFs transactions unless you understand the nature and extent of your risk exposure. You should also be satisfied that the leveraged or inverse ETFs transaction is appropriate for you in light of your circumstances and financial condition. ETFs and ETNs that are linked to commodity futures do not offer direct exposure to the commodity's spot price, and may perform differently than the spot price for the commodity itself. Performance differential can be magnified if a specific condition persists in the market for a commodity that creates a disparity between near-term future prices and long-term future prices and may lead to unexpected performance results. Other factors, such as roll yield, transaction costs, management fees, and taxes may cause deviation in performance between the spot price of a commodity and commodity futures. You should not assume that an ETF or ETN that is linked to commodity futures will provide an effective hedge because of a negative correlation with equities or other asset classes. You should always be aware of the general risks associated with investing in the commodities market and the futures market before investing in an ETF or ETN that is linked to commodity futures.

Risk Disclosure Regarding futures, options, equity swaps, and other derivatives as well as non-investment-grade securities and ADRs: Please ensure that you have read and understood the current options, futures and security futures disclosure document before entering into any such transactions. Current United States listed options, futures and security futures disclosure documents are available from our sales representatives or at http://www.theocc.com/components/docs/riskstoc.pdf, http://www.goldmansachs.com/disclosures/risk-disclosure-for-futures.pdf and https://www.nfa.futures.org/investors/investor-resources/files/security-futures-disclosure.pdf, respectively. Certain transactions - including those involving futures, options, equity swaps, and other derivatives as well as non-investment-grade securities - give rise to substantial risk and are not available to nor suitable for all investors. If you have any questions about whether you are eligible to enter into these transactions with Goldman Sachs, please contact your sales representative. Foreign-currency-denominated securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of, or income derived from, the investment. In addition, investors in securities such as ADRs, the values of which are influenced by foreign currencies, effectively assume currency risk.

Please refer to https://marquee.gs.com/studio/ for price information of corporate equity securities.

Notice to Australian Investors: When this document is disseminated in Australia by Goldman Sachs & Co. LLC ("GSCO"), Goldman Sachs International ("GSI"), Goldman Sachs (Asia) L.L.C. ("GSALLC"), or Goldman Sachs (Singapore) Pte ("GSSP") (collectively the "GS entities"), this document, and any access to it, is intended only for a person that has first satisfied the GS entities that:
▪ the person is a Sophisticated or Professional Investor for the purposes of section 708 of the Corporations Act of Australia; and
▪ the person is a wholesale client for the purpose of section 761G of the Corporations Act of Australia.
To the extent that the GS entities are providing a financial service in Australia, the GS entities are each exempt from the requirement to hold an Australian financial services licence for the financial services they provide in Australia. Each of the GS entities are regulated by a foreign regulator under foreign laws which differ from Australian laws, specifically:
▪ GSCO is regulated by the US Securities and Exchange Commission under US laws;
▪ GSI is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority, under UK laws;
▪ GSALLC is regulated by the Hong Kong Securities and Futures Commission under Hong Kong laws; and
▪ GSSP is regulated by the Monetary Authority of Singapore under Singapore laws.

Notice to Brazilian Investors

Marquee is not meant for the general public in Brazil. The services or products provided by or through Marquee, at any time, may not be offered or sold to the general public in Brazil. You have received a password granting access to Marquee exclusively due to your existing relationship with a GS business located in Brazil. The selection and engagement with any of the offered services or products through Marquee, at any time, will be carried out directly by you. Before acting to implement any chosen service or products, provided by or through Marquee you should consider, at your sole discretion, whether it is suitable for your particular circumstances and, if necessary, seek professional advice. Any steps necessary in order to implement the chosen service or product, including but not limited to remittance of funds, shall be carried out at your discretion. Accordingly, such services and products have not been and will not be publicly issued, placed, distributed, offered or negotiated in the Brazilian capital markets and, as a result, they have not been and will not be registered with the Brazilian Securities and Exchange Commission (Comissão de Valores Mobiliários), nor have they been submitted to the foregoing agency for approval. Documents relating to such services or products, as well as the information contained therein, may

not be supplied to the general public in Brazil, as the offering of such services or products is not a public offering in Brazil, nor used in connection with any offer for subscription or sale of securities to the general public in Brazil.

The offer of any securities mentioned in this message may not be made to the general public in Brazil. Accordingly, any such securities have not been nor will they be registered with the Brazilian Securities and Exchange Commission (Comissão de Valores Mobiliários) nor has any offer been submitted to the foregoing agency for approval. Documents relating to the offer, as well as the information contained therein, may not be supplied to the public in Brazil, as the offer is not a public offering of securities in Brazil. These terms will apply on every access to Marquee.

Notice to Mexican Investors: Information contained herein is not meant for the general public in Mexico. The services or products provided by or through Goldman Sachs Mexico, Casa de Bolsa, S.A. de C.V. (GS Mexico) may not be offered or sold to the general public in Mexico. You have received information herein exclusively due to your existing relationship with a GS Mexico or any other Goldman Sachs business. The selection and engagement with any of the offered services or products through GS Mexico will be carried out directly by you at your own risk. Before acting to implement any chosen service or product provided by or through GS Mexico you should consider, at your sole discretion, whether it is suitable for your particular circumstances and, if necessary, seek professional advice. Information contained herein related to GS Mexico services or products, as well as any other information, shall not be considered as a product coming from research, nor it contains any recommendation to invest, not to invest, hold or sell any security and may not be supplied to the general public in Mexico.

Notice to New Zealand Investors: When this document is disseminated in New Zealand by Goldman Sachs & Co. LLC ("GSCO") , Goldman Sachs International ("GSI"), Goldman Sachs (Asia) L.L.C. ("GSALLC") or Goldman Sachs (Singapore) Pte ("GSSP") (collectively the "GS entities"), this document, and any access to it, is intended only for a person that has first satisfied; the GS entities that the person is someone:
(i) who is an investment business within the meaning of clause 37 of Schedule 1 of the Financial Markets Conduct Act 2013 (New Zealand) (the "FMC Act");
(ii) who meets the investment activity criteria specified in clause 38 of Schedule 1 of the FMC Act;
(iii) who is large within the meaning of clause 39 of Schedule 1 of the FMC Act; or
(iv) is a government agency within the meaning of clause 40 of Schedule 1 of the FMC Act.
No offer to acquire the interests is being made to you in this document. Any offer will only be made in circumstances where disclosure is not required under the Financial Markets Conducts Act 2013 or the Financial Markets Conduct Regulations 2014.

Notice to Swiss Investors: This is marketing material for financial instruments or services. The information contained in this material is for general informational purposes only and does not constitute an offer, solicitation, invitation or recommendation to buy or sell any financial instruments or to provide any investment advice or service of any kind.

Not all services or products can be made available in Taiwan. Any particular offer of securities may not have been and may not be registered with the Securities and Futures Bureau, Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may therefore not be capable of being sold or publicly offered in Taiwan. The Goldman Sachs companies involved in any such promotion may not maintain any licenses, authorisations or registrations in Taiwan. Therefore, for such securities, any subscriptions into the securities must be received in a currency foreign to, and to an account offshore, Taiwan. Any issue of such securities will not take effect until a valid subscription is received and accepted in accordance with the offering materials, outside Taiwan.

Notice to Investors in Korea: Marquee is made available in Korea by Goldman Sachs (Asia) L.L.C. Seoul Branch.

Please note that none of Goldman Sachs and its affiliates ("Goldman Sachs"), that provides material and information or enters or will enter into the relevant transactions, maintains any licenses, authorisations or registrations in Thailand nor is any of the material and information contained, or the relevant securities or products specified, herein approved or registered in Thailand. Interests in the relevant securities or products are not being offered or sold and may not be offered or sold in Thailand, except as permitted by the relevant laws and regulations. The attached information is intended to be read by the addressee and has been provided at your request for information purposes only and must not be copied or redistributed to any other person without the prior consent of Goldman Sachs and in no way constitutes an offer, solicitation, advertisement or advice of, or in relation to, the relevant securities or products by Goldman Sachs in Thailand.

The information contained in this document does not constitute, and is not intended to constitute, a public offer of securities in the United Arab Emirates in accordance with the Commercial Companies Law (Federal Law no. 2 of 2015), ESCA Board of Directors' Decision no. (9/r.m.) of 2016, ESCA Chairman Decision no 3/r.m. of 2017 concerning promoting and introducing regulations or otherwise under the laws of the United Arab Emirates. Accordingly, the interests in the securities may not be offered to the public in the UAE (including the Dubai International Financial Centre and the Abu Dhabi Global Market). This document has not been approved by, or filed with the Central Bank of the United Arab Emirates, the Securities and Commodities Authority, the Dubai Financial Services Authority, the Financial Services Regulatory Authority or any other relevant licensing authorities in the United Arab Emirates. If you do not understand the contents of this document, you should consult with a financial advisor. This document is provided to the recipient only and should not be provided to or relied on by any other person.

產業更新 – 半導體測試產業

Insertion 4 為 CPO 量產化的「最後一公里」

What's New – CPO 測試流程逐步走向「系統級出貨驗證」

CPO 測試流程逐步從「單體功能驗證」走向「系統級出貨驗證」，測試對象由 PIC / EIC 等單一元件，逐步擴展至 Optical Engine，最終進入完整 CPO 系統的功能、效能與可靠度驗證。Insertion 1–3 的核心目的，是在 CPO 整合程度與元件價值逐步提高的過程中，盡可能提早攔截不良品，為後續 Insertion 4 的系統級出貨驗證建立良率基礎。Insertion 4 之所以重要，在於它是 CPO 從「單體功能驗證」走向「系統級出貨驗證」的最後一道關鍵測試關卡，與前段測試目的大不相同。

Trends/Outlook – In 4 競爭關鍵轉向完整光電測試系統整合

Insertion 4 的測試重點，在於完成 ASIC 與 Optical Engine 整合後，驗證整體 CPO 的光電訊號傳輸是否符合規格。Insertion 4 必須同時確認兩條關鍵路徑：1) ASIC 與 Optical Engine 之間的高速電性互聯。2) Optical Engine 與 FA / FAU 光纖介面之間的光訊號發射(Tx)與接收(Rx)。在測試架構上，In4 可依光學與電性測試的整合程度，分為「光電分開測」與「光電同測」。光電分開測較容易沿用既有的半導體與光學測試設備，但較難在相同條件下直接驗證完整的端到端光電訊號鏈路；光電同測則是在同一測試環境中，同時建立高速電性與光學介面，可更完整掌握 Tx/Rx、BER、訊號品質以及溫度變化對整體系統的影響。

Investment Summary

綜觀 Insertion 4 供應鏈，海內外廠商皆有參與。Advantest 與 Teradyne 皆已將 CPO 最終封裝測試納入光電測試布局。Advantest （6857 JP） 主要以既有 V93000 ATE 平台為核心建立整合式測試架構；Teradyne (TER US) 的 Photon 100 明確定位為矽光與 CPO 的光電自動化量產測試平台。台廠方面，致茂 (2360 TT) 憑藉既有光學對位與量測能力，先切入 In4o 領域，佈局涵蓋自動光學連接、校正清潔與插入損耗量測，將受惠於 CPO 封裝後光學測試需求持續增加；鴻勁 (7769 TT) 則聚焦 Handler 與溫控系統 (ATC)，In4 光電同測設備將從 FY26 進入量產型驗證階段，FY27 將持續隨客戶產品開發進度推進，雖 FY26 CPO 相關營收貢獻仍有限，但將成為中長期成長動能，研究部預期鴻勁於高階 ATC Handler 具領先市場地位，將能受惠於後段測試對精密操作、溫控及自動化整合需求提升。

國泰期貨 國泰證券子公司

Insertion4 為 CPO 量產化的「最後一公里」

CPO 測試流程逐步從「單體功能驗證」走向「系統級出貨驗證」

CPO 測試流程逐步從「單體功能驗證」走向「系統級出貨驗證」，測試對象由 PIC / EIC 等單一元件，逐步擴展至 Optical Engine，最終進入完整 CPO 系統的功能、效能與可靠度驗證。Insertion 4 之所以重要，在於它是 CPO 從「單體功能驗證」走向「系統級出貨驗證」的最後一道關鍵測試關卡，與前段測試目的大不相同。

在進入 Insertion 4 系統級測試之前，CPO 前段主要透過 Insertion 1–3 逐步篩選不良元件並確認光電整合品質。Insertion 1 主要針對尚未整合的 PIC 與 EIC 進行晶圓 / 裸晶層級測試，分別確認光學與電性功能是否符合規格，以篩選 Known Good Die（KGD），避免不良晶粒進入後續高成本封裝。Insertion 2 則發生在 PIC 與 EIC 完成鍵合後，測試重點由單一元件轉向光電整合功能，透過電性探針與光學耦合，同步驗證電轉光（E/O）與光轉電（O/E）訊號是否正常，並檢查鍵合後的高速訊號與光學性能。Insertion 3 則進一步來到 Optical Engine 階段，在晶片切割並完成 FAU / 光纖等光學介面組裝後，針對完整光引擎進行 Tx/Rx、光功率、BER、多通道與高速介面等測試，篩選出 Known Good Optical Engine（KGOE）。因此，Insertion 1–3 的核心目的，是在 CPO 整合程度與元件價值逐步提高的過程中，盡可能提早攔截不良品，為後續 Insertion 4 的系統級出貨驗證建立良率基礎。

表一. Insertion 1/2/3/4 測試重點

測試階段	測試重點	重要性及面對難題	相關廠商
Insertion 1	PIC/EIC 晶圓級單面測試	1. 在 PIC / EIC 尚未整合前先篩選 KGD，避免不良晶粒進入高成本封裝 2. 光學測試為了找出最佳的光耦合點，需要精密設備進行多軸微調，測試時間大幅增加	FormFactor、Advantest、TEL、Teradyne、旺矽
Insertion 2	EPIC 混合鍵合後雙面測試	1. 驗證 PIC 與 EIC 鍵合後的光電整合功能，確認 E/O、O/E 轉換是否正常 2. 光學與電性兩套系統必須同步對位	Teradyne、Advantest、旺矽、ficonTEC+漢測
Insertion 3	Optical Engine 測試	1. 在 Optical Engine 階段篩選 KGOE，避免不良光引擎與高價值 ASIC 整合	Advantest、Teradyne、ficonTEC+漢測、旺矽、致茂
Insertion 4	Module 測試	1. 需同時驗證高速電性互聯、光訊號 Tx/Rx、BER、熱管理與多通道一致性，若失效，報廢成本最高	Advantest、Teradyne、鴻勁、致茂

資料來源：國泰證期研究部整理

Insertion 4 競爭關鍵逐漸由單一設備性能，轉向完整光電測試系統的整合與自動化能力

Insertion 4 的測試重點，在於完成 ASIC 與 Optical Engine 整合後，驗證整體 CPO 的光電訊號傳輸是否符合規格。相較於前段測試著重於個別元件或 Optical Engine，Insertion 4 必須同時確認兩條關鍵路徑：1) ASIC 與 Optical Engine 之間的高速電性互聯。2) Optical Engine 與 FA / FAU 光纖介面之間的光訊號發射（Tx）與接收（Rx）。在 Tx 路徑中，需確認 ASIC 輸出的高速電訊號能否經由 EIC 與 PIC 正確轉換為光訊號並透過光纖送出；Rx 路徑則需驗證外部光訊號能否經由光偵測器與 EIC 轉換回電訊號，再正確傳送至 ASIC。隨著 CPO 傳輸速率與通道數持續提升，測試過程

還需進一步考量 BER、訊號完整性、通道間干擾、功耗及溫度變化等因素，使 I4 從單一元件測試提升至完整光電鏈路的系統級驗證。

在測試架構上，I4 可依光學與電性測試的整合程度，分為「光電分開測」與「光電同測」。光電分開測是將電性與光學測試安排於不同測試步驟或測試站，較容易沿用既有的半導體與光學測試設備，但較難在相同條件下直接驗證完整的端到端光電訊號鏈路；光電同測則是在同一測試環境中，同時建立高速電性與光學介面，直接驗證從 ASIC、Optical Engine 到 Fiber 的訊號傳輸，可更完整掌握 Tx/Rx、BER、訊號品質以及溫度變化對整體系統的影響。

因此，若 In4 朝光電同測發展，其技術門檻將不再只是 Tester 本身的測試能力，而是如何將 Tester、Handler、Test Interface、Optical Interface 與 Thermal Control 整合至同一套量產測試平台。在兼顧測試精度的同時，設備還必須維持穩定的光學耦合、高速電性接觸與溫度控制，並縮短測試時間、提高平行測試能力，以滿足量產所需的 throughput。這使 In4 的競爭關鍵逐漸由單一設備性能，轉向完整光電測試系統的整合與自動化能力。

競爭重點延伸至光學連接自動化、Handler / Interface 整合

綜觀 Insertion 4 供應鏈，海內外廠商皆有參與。Advantest 與 Teradyne 皆已將 CPO 最終封裝測試納入光電測試布局。Advantest 主要以既有 V93000 ATE 平台為核心，透過與光學探針、FAU、Handler 與 Test Interface 生態系夥伴合作，建立可涵蓋 wafer、die 到最終 NPO / CPO package test 的整合式測試架構；Teradyne 的 Photon 100 明確定位為矽光與 CPO 的光電自動化量產測試平台，將光學與電性量測整合進既有 UltraFLEXplus ATE，並可支援 wafer、Optical Engine 以及 co-packaged module 等不同 insertion。整體而言，兩家公司在 I4 的競爭方向，都是從傳統「電性 Tester」走向「光電整合測試單元」，隨 CPO 進入量產，兩家的競爭重點預期將不只在 Tester 規格，而會進一步延伸至光學連接自動化、Handler / Interface 整合、平行測試能力與整體 throughput。

台廠方面，致茂（2360 TT）憑藉既有光學對位與量測能力，先切入 In4o 領域，佈局涵蓋自動光學連接、校正清潔與插入損耗量測，佈局領域完善，將受惠於 CPO 封裝後光學測試需求持續增加；鴻勁（7769 TT）則聚焦 Handler 與溫控系統（ATC），In4 光電同測設備將從 FY26 進入量產型驗證階段，FY27 將持續隨客戶產品開發進度推進，雖 FY26 CPO 相關營收貢獻仍有限，但將成為中長期成長動能，研究部預期鴻勁於高階 ATC Handler 具領先市場地位，將能受惠於後段測試對精密操作、溫控及自動化整合需求提升。

漢磊 3707 TT （電子–半導體）

AI 挹注，終迎春燕

投資與評價

1. AI 需求強勁，2H26 逐步復甦，SiC 競爭壓力減緩，去庫存亦已完成，預估 2026 年營收年增 29.0%。
2. 新增產能陸續開出，應用多點開花，產品價量齊升，預估 2027 年營收年增 23.8%。
3. 預估漢磊 2026/2027 年 EPS 為 0.99/4.77 元，考量整體產業趨勢顯著下，以同業本益比區間中間偏上位置 21 倍為評價基礎(21X FY27E EPS)，目標價 100 元，由中立轉為買進投資建議。

重點更新

2026 年 Si 逐步回溫，化合物半導體需求跳升，預估營收年增 29.0%

根據調研，漢磊在六吋需求與產能利用率均有改善，四、五吋廠過去產能利用率長期偏低，包含原物料取得不易，8 月已停止生產，10 月完成設備與人員轉移，將資源集中於高價值的六吋與八吋產品，在 Si 產品方面，TVS 受惠 AI 伺服器保護電路需求增加及轉單效應，目前產能處於滿載狀態(使用六吋)，推估 2H26 較 1H26 成長約 32%，化合物半導體部分，GaN 亦受惠 AI 資料中心需求，產能滿載，HoH 研究部推估成長 26%，目前客戶需求已達可供應量的兩倍水準，SiC 部分先前因大陸廠商競爭激烈，亦面臨去庫存，產能利用率上半年僅約三成水準，現因其他廠商減產以及去庫存完成，3Q26 已回升至六成，研究部預估 4Q26 將進一步回升至 65%水準，低基期下 2H26 營收 HoH 將成長約 123.5%，整體預估 2026 年營收至年增 29.0%。

AI 帶動 2027 年維持高速成長，預估營收年增 23.8%

TVS 部分由於新增產能陸續開出，加上 AI 伺服器、高速介面及晶片微縮後增加的靜電保護需求，預估 2027 年將成長 19.8%，GaN 應用由消費性快充擴大至 AI 伺服器 PSU、48V / 800V 直流電源轉換架構，考量生產效率以及供應能力，在客戶需求維持強勁下，研究部預估 2027 年成長約 15%水準，至於 SiC 應用由電動車主驅逆變器，延伸至車載充電器，AI 資料中心的高功率 PSU 與固態變壓器部分客戶已在開發相關產品，在基期低下，明年 SiC 營收相較今年將翻倍成長，目前與世界先進合作的八吋的月產能約 1,500 片，漢磊自有六吋 SiC 月產能約 5,000 片，合計約 8,000 片六吋等效月產能。整體 2027 年研究部預估營收將年增 23.75%，達 92.1 億元。

訪談內容

SiC 合作優於預期，需求逐步爬坡

SiC 目前 AI 伺服器功率需求逾 3kW 至 8kW 以上，SiC MOSFET 用於 3kW 以上 PSU，可縮小體積及降低散熱成本，另外太陽能逆變器、儲能與其他高壓系統逐步由 650V、750V 往 1200V、1700V 及更高電壓發展，漢磊客戶已有 3300V 產品，SiC 在價格達到甜蜜點下亦往消費性電子及小家電滲透。

而與世界先進合作的八吋 SiC 設備已全數到位，首批試產片良率優於預期，目標年底前進入小量量產，首波五個客戶準備 Tape-out，預估 4Q26 至 1Q27 陸續推進，漢磊負責客戶與技術平台，將技術導入合作產線，世界先進提供生產線及製造服務，客戶關係及技術仍由漢磊負責。八吋目前預估月產能約 1,500 片，漢磊自有六吋 SiC 月產能約 5,000 片，八吋面積約為六吋的 1.7~1.8 倍，良率也較高，估算八吋 1,500 片約相當於六吋 3,000 片，初期合計約 8,000 片六吋等效月產能，透過較小規模投資，合作八吋產線有機會擴至月產 3,000 片，合計六吋等效月產能可超過 1 萬片。

表一、漢磊 2026 年修正預估與前次預估比較

漢磊 ESG 政策

漢磊主要供應元件及積體電路代工事業：雙載子積體電路(Bipolar IC Service)、高功率場效電晶體(Power MOSFET)、混合型積體電路(邏輯元件)、高壓 CMOS、高壓 BCD、GaN 及 SiC 分離式元件等。產業類別歸類在半導體行業中，依據專門為投資人設計的永續揭露框架 SASB 準則，半導體行業關注重點為下列幾項：**溫室氣體排放、能源管理、水和廢水管理、廢棄物和危險材料管理、員工健康與安全、員工多元化和包容性、產品設計與生命週期管理、材料採購與效率**。因漢磊企業社會責任報告書尚未更新至 2021 年以及 2020 年，相關資訊揭露較少，故從已知資訊作分析。

1. 節省能源消耗政策：

漢磊所使用於辦公室及生產廠區的能源，包含外購電力及各類化石燃料相關統計如下：

a. 天然氣：主要用於有機廢氣吸附及燃燒處理系統與餐廳。

b. 柴油：主要用於緊急發電機，當停電、定期保養及緊急狀況時才啟動，非工廠生產所需直接能源。

c. 外購電力：提供公司內部照明、空調、動力等的系統運作。

因應產品特性，新增 6 吋 SiC 製程產線及車用產品品質要求，2019 年單位用電量較前 2 年增加，但總用電量仍呈現下降趨勢。能源的使用不僅會消耗地球之資源，同時亦會產生二氧化碳，造成溫室效應。漢磊科歷年來持續進行各項節能技術，並進行相關設施之節能改善計畫，節能成效顯著。

圖一、漢磊節能策略

類別	作法
空調	調整無塵室溫度及壓差，達到效能最佳化
	更新空調箱盤管，提升熱交換及冷凍能力系統效能
	冰水主機定期保養維護及管線測漏，維持設備高效率
	循環空調箱加裝變頻器節能控制
照明	逐步將耗能傳統燈具改成T5或LED燈具
CDA	淘換效率不佳機台進而提升效能(如變頻式空壓機、加熱式乾燥機等)
排氣	無塵室排氣抽力調整，降低空調負載
	機台廢熱回收節省能源消耗
泵浦	增設變頻器調整最佳化

資料來源:漢磊、國泰證期研究部整理

2. 水資源管理及水汙染防治：

漢磊用水均來自於自來水廠供應，對水源並無顯著影響。其主要提供製程、空調及民生消耗所需。2019 年因應產品特性，新增 6 吋 SiC 製程產線及車用產品品質要求，單位用水量較前 2 年增，但總用水量仍呈現下降趨勢。受全球氣候變遷影響，漢磊科更積極推動節能減碳活動，除了積極節水外，也持續推動節水專案及引進各方面節水技術，2019 年節水比率逐步成長至 10.19%。漢磊科廠區之用水量除蒸發損耗及綠化用水外，其餘生活廢水及製程循環廢水皆經由適當的污水處理設施處理後，排入污水下水道，流入管理局廢水處理廠。廢水排放水質皆符合主管機關之要求，對生態環境及當地社區無顯著衝擊。

圖二、漢磊節水策略

類別	作法
生產機台節水	製程機台排水回收再利用
	晶舟盒清洗機排水回收再利用
	純水製程回收系統再生廢水回收
	調整機台待機時水流量調整
	回收控制系統優化修改
	UF再生快沖水回收
	研磨機與純水真空泵冷卻水回收
	FAB A L/S 使用微酸性廢水回收
民生用水	廁所馬桶及便斗使用次級用水
開發水源	雨水回收

資料來源:漢磊、國泰證期研究部整理

圖三、漢磊 2017~2019 年用水回收率

	2017年	2018年	2019年	回收率標準
製程用水回收率	69%	69%	73%	>50%
全廠用水回收率	56%	58%	58%	>30%

資料來源:漢磊、國泰證期研究部整理

3. 碳排放管理：

漢磊廠內配合國家溫室氣體減量法推動及相關政策致力於降低溫室氣體的衝擊。依循 CNS 14064-1 及行政院環保署溫室氣體查驗指引、溫室氣體排放量盤查登錄作業指引，並撰寫溫室氣體盤查報告書，對外揭露溫室氣體排放量數據。半導體廠的主要溫室氣體來源為全氟化物（Perfluorocompound, PFC），以≤150mm (六吋)晶圓最佳之技術選擇是製程最佳化（Process Optimization）及取代化學品（Alternative Chemistries）方式進行 PFC 排放減量。另外漢磊之溫室氣體排放主要為使用電力間接排放之溫室氣體約佔總排放量之 58.87%，對溫室氣體減量的努力將著重於用電設備能源效率之提升。2019 年溫室氣體增加主要是因應產能提升需求，採購新機器設備而至用電量增加，故溫室氣體排放量較基準年高。

圖四、溫室氣體統計圖

溫室氣體盤查統計	2016年(基準年)	2019年
溫室氣體排放量(範疇1)(Tons CO2e)	29,136	29,687
溫室氣體排放量(範疇2)(Tons CO2e)	41,593	42,489
範疇1及2所涵蓋之溫室氣體種類及個別排放量	CO_2、CH_4、N_2O、PFCs、HFCs、SF_6、NF_3	

資料來源:漢磊、國泰證期研究部整理

4. 廢棄物管理：

漢磊 2019 年產出廢棄物數量為 566 噸，較 2018 年減少 26 噸，其中回收及再利用廢棄物為 110 噸佔總量 19%；一般事業廢棄物為 199 噸佔總量 35%；有害事業廢棄物為 258 噸佔總量 46%。將廠區廢棄物種類進行分析，2019 年回收及再利用部分較 2018 年減少 13%，一般事業廢棄物則減少 4%，有害事業廢棄物則增加 16%，當中 42%為專管回收有害高濃度氨氮廢液，降低環境廢水的污染，並更有效率的使廢棄物再進入生產鏈的循環中。因應環保理念，漢磊本著永續經營的理念與遵守法規之要求進行廢棄物妥善處理(如.將原本以廢水處理系統處理的含氟廢液，轉為回收及再利用方式處理)，以避免生產活動造成對環境之衝擊。

重要訊息

我們根據近期與管理層的交流，更新對公司營運與展望的看法。

評論及分析

PC/NB 需求不如預期，下修 4Q26 獲利預估。譜瑞-KY 3Q26 營收達 41.8 億元，季減 1.6%、年減 4.4%，低於公司財測，主因：(1) DRAM 價格提升抑制筆電終端需求，使旺季不旺；(2) GPU 供給短缺，進一步壓抑高階與電競筆電需求。根據我們的供應鏈訪查，客戶自 7 月下旬起削減下單，8 月降幅擴大，主要以非 Standard-plus 筆電客戶為主，Standard-plus 需求則大致正常，惟亦有所調整。考量記憶體成本壓力較我們預期嚴峻、客戶拉貨減少，且記憶體價格尚無緩解跡象，我們下修 4Q26 營收預估至 39.8 億元，季減 4.9%、年增 2.4%。

PC/NB 需求疲弱，2027 年成長仰賴非出貨量因素之動能。我們對 PC/NB 需求轉趨保守，主因我們認為 2027 年 DRAM 價格將持續上漲，與管理層預期價格壓力將緩解之看法不同。不過我們預期成長動能將來自：(1) TED/tTED 及其他整合式顯示方案取代獨立方案；(2)新一代 AI PC 平台於 4Q26 進入量產，單機搭載多顆 retimer，帶動 USB4 retimer 滲透率提升；(3)車用 DP hub 於 4Q26 於電動車平台進入量產；(4) ASIC-like 業務預期將於 2H27 開始貢獻營收，但在 2028 年前獲利貢獻較不顯著。此外，由於目前尚無實際客戶，且 2H27 潛在營收能見度仍低，我們並未將資料中心 ACC redriver 之營收貢獻納入財務模型。綜上，為反映 PC/NB 展望轉弱，我們下修 2027 年營收預估至 167 億元，年增 2.0%。

成本提升使 2027 年毛利率回升幅度有限。我們下修 3Q-4Q26 毛利率預估至 40.1%與 40.0%，分別季減 0.1 個百分點，反映封測成本與金價上揚，且各產品與客戶的定價能力不一，成本僅能部分轉嫁。儘管如此，我們預期封測產能持續移往中國，加上選擇性調漲價格，2H26 毛利率仍可維持在 40%以上。展望 2027 年，考量封測成本壓力持續、成熟製程晶圓代工可能漲價，以及成本僅能部分轉嫁，我們下調毛利率預估 0.6 個百分點至 40.2%。隨後段產能持續移往中國，我們預期 2027 年毛利率將逐季回升，但保守看待其改善速度。

投資建議

我們下修 2026-27 年 EPS 預估至 30.38 元與 32.22 元，分別年減 12.0%與年增 6.1%。我們對 PC/NB 展望較先前更為悲觀，但認為中長期主要成長機會仍在 ASIC-like 業務。我們將目標價由 610 元下調至 515 元，基於 16 倍 2027 年 EPS 預估不變換算得出，維持「持有」評等。

投資風險

PC/NB 需求疲弱；高速傳輸介面 IC 競爭加劇。

ESG 圖表定義

項目	定義	說明
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力(公用事業為出售而生產) - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下	
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者(太陽能、風能、水能、生物質能、地熱能)之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源	
再生能源使用率	再生能源占總能源消耗量之比例	
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量(範圍 1 排放量) - 相關氣體：二氧化碳(CO2)、甲烷(CH4)、一氧化二氮(N2O)、氫氟碳化物(HFCS)、全氟化合物(PFCS)、六氟化硫(SF6)、三氟化氮(NF3)	譜瑞-KY 首次於 2020 年 CSR 報告書中揭露該資訊。
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量(公噸)銷售(百萬元)比 - 公司擁有或控制的來源的直接排放量(範圍 1 排放量) - 相關氣體：二氧化碳(CO2)、甲烷(CH4)、一氧化二氮(N2O)、氫氟碳化物(HFCS)、全氟化合物(PFCS)、六氟化硫(SF6)、三氟化氮(NF3)	譜瑞-KY 首次於 2020 年 CSR 報告書中揭露該資訊。
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內	
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物	
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮	
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出	
員工流動率	員工流動率 - 包括任何原因(自願或非自願)離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 = (離開之員工/平均員工人數)*100 - 平均員工人數 = (本年末員工人數 + 去年末員工人數)/2 - 本財年末員工數 = 上個財年末員工數 + 新員工數 - 離開之員工數	
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100	
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100	
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練(如健康與安全、環境、急難事件救援、技能與職業發展) - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作	
每位員工教育訓練時數	平均每年每位員工總教育訓練時數

2026/10/13

電子上游–IC-DRAM 製造　　維持評等

南亞科 (2408 TT)　　增加持股(Overweight)

長約重訂價帶動獲利創高，積極卡位 AI 基礎設施

- **3Q26 毛利率高達 85.7%，歷史新高**
- **資本支出計畫維持不變，規劃在屏東建置 3D 晶圓封測廠**
- **AI 基礎建設營收占比目標在 2029~2030 年提升至 40%~50%**

3Q26 稅後 EPS 為 25.40 元，優於預期：雖然 3Q26 位元出貨量季減中個位數百分比，但在平均銷售單價季增超過六十位數百分比及匯率影響有利低個位數百分比下，季營收增為 1,336.49 億元(QoQ+61.9%，YoY+611.7%)，持續受惠於報價上漲，毛利率由前季 79.5%增為 85.7%，營業利益 1,068.94 億元(QoQ+75.7%，YoY+9,451.3%)，稅前淨利為 1,093.32 億元(QoQ+75.4%，YoY+5,304.6%)，稅後 EPS 為 25.40 元，優於我們預估的 23.69 元。

AI 帶動 DRAM 應用領域持續擴大：對於市況及供需看法方面，公司表示 AI 運算持續主導 DRAM 需求，並使手機、PC 及一般消費性記憶體供給受限，供應商依照 LTA，進行長期產能規劃。供給端庫存水位偏低，新廠建置、設備交期等都需要較長的前置時間。AI 推升更高容量、更高頻寬及客製化記憶體需求，應用也擴大至網路、存儲及系統管理等。公司目前 AI 基礎建設相關占營收比重繼續超過 20%，將持續協助客戶開發客製化 AI/Wafer-to-Wafer 產品。也因 AI 排擠效應，傳統應用因供給不足及漲價影響，導致產品降規及延長生命週期。

2026 年資本支出維持 697 億元(YoY+420%)：1Q26~3Q26 合計資本支出為 276 億元，2026 年維持 697 億元不變(其中生產設備占約 50%)。2026 年位元銷售量目標成長高十位數百分比，預期在 4Q27 新廠投產前，出貨量維持平穩。泰山 5A 新廠長期投資計劃也維持不變(2026~2029 年資本支出預算以不超過 3,466 億元為上限)，新廠在 1Q27 開始裝機，2028 年底月產能 30K，2029 年拉升至 35.9K，全產能目標 2030 年底達 50K。1C 製程預計在 1Q27 客戶驗證，1D/1E/EUV 開發進度如期。

考量公司在長約保護及報價支撐下，2026~2027 年獲利強勁成長態勢不變，故維持增加持股建議，目標價為 652.0 元(2027 年 PERx6.00 倍)。

風險因子：DDR4/DDR5 需求不佳，導致報價開始反轉向下。

集邦預估 4Q26 DRAM 合約價季增 10%~15%：根據市調機構集邦(TrendForce)在 2026 年 9 月底的調查資料(見圖表一)，DRAM 原廠在 4Q26 持續將先進製程投入生產 server 相關應用之高效能記憶體產品，整體維持供不應求格局，惟合約價漲勢放緩，預計 conventional DRAM 合約價將季增 10%~15%。

公司表示 3Q26 公司平均銷售單價季增超過六十位數百分比，主要是反映半年期及一年期長約重新換約生效，貢獻超過 50%，出貨量因為庫存見底，而出現季減中個位數百分比。公司預估 4Q26 報價可望維持逐步往上態勢，2027 年整體市場供需也認為將維持吃緊狀態。公司持續提供客戶多樣產品，如：DDR5、LPDDR5/5X、DDR4、LPDDR4/4X、DDR3 及 LPDDR3。目前產品占營收比重，DDR5 維持占約 10%、DDR4 及 LPDDR4/4X 占超過 60%、其餘為 DDR3/LPDDR3/DDR2 等其他產品。公司目前庫存水位極低，在新廠 4Q27 開出產能前，未來數季度之出貨量將維持平穩，但受惠於正向的 ASP 環境，預期營運成長將具延續性，整體 2026 年位元銷售量年增高十位數百分比。

圖表一、3Q26 及 4Q26 記憶體合約價格預測

	3Q26E	4Q26F
Total DRAM	Conventional DRAM: up 13~18% HBM Blended: up 8~13%	Conventional DRAM: up 10~15% HBM Blended: up 15~20%
Total NAND Flash	up 18~23%	up 15~20%

資料來源：TrendForce

長約涵蓋率 50%~70%，合約期限從季度到長達 3 年：公司表示目前 DDR4 需求仍相當強勁，占全球市場需求仍超過 10%，在公司市占率僅低個位數下，客戶需求穩健，但公司會依照客戶需求，彈性調整切換至生產 DDR5 等產品。關於長約方面，目前長約涵蓋率大約落在 50%~70%，期限從季度合約到 3 年期合約都有，其中 3 年期長約目前已占公司產出 20%以上，正積極依客戶意願擴大長約比例，長約具有雙向法律與商業約束力，公司方面承諾進行資本支出、擴建產能並採購設備，客戶也必須在長期採購提貨方面承擔相對應的擔保與責任。至於策略私募客戶採購方面，主要應用於 eSSD、KV Cache、Switch 及系統管理晶片。公司出貨型態中，Known Good Die 約占 20%、其餘 80%為模組及封裝顆粒。

5A 新廠第一階段月產能目標 35.9K：在 5A 新廠規劃方面，維持與上次法說相同，1Q27 開始裝機，預計 2028 年底前達到月產能 30K，2029 年達 35.9K(總投入以不超過 3,466 億元為上限)。5A 全產能目標為 2030 年底達 50K，包含建築興建、無塵室、設備採購及未來 EUV 導入，預計 2026~2030 年長期整體資本支出預計將高達 160 億美元。

屏東科學園區新廠將以 3D 封測業務為主：規劃將在屏東科學園區建立 3D 晶圓級封裝與測試產能，其中晶圓級加工由公司本身主導，後段晶圓研磨、切割、封裝組裝與成品測試則與福懋科分工合作。目前建廠規劃尚未完全定案，整體

資本支出最高達 100 億美元，預計 2H28 開始進駐設備，希望能滿足客戶在 AI 應用上的強勁需求。至於 Wafer-to-Wafer 進度方面，不只與一家客戶合作，應用從 AI 雲端到邊緣運算及實體 AI 皆有，且目前已有小部分營收貢獻。

CITI'S TAKE

Taiwan technology supply chain concluded a robust 3Q26 revenue. Other than solid momentum in foundry, OSAT and testing interface/equipment, we see accelerating revenue growth for substrate and CCL makers. Server ODMs are also benefiting from new Rubin system and ASIC rack ramping. Heading into 3Q26 earnings season, we expect companies to provide better visibility and outlook into 4Q26 and 2027. We expect TSMC's earnings call to be an important indicator and catalyst for AI supply chain into next year (see our TSMC preview note).

Semiconductor foundry and OSAT- On the back of strong AI compute demand, TSMC and ASEH reported solid 18% and 28% QoQ revenue growth, respectively, in 3Q26. We believe there is a great chance that TSMC beats its full year guidance and delivers mid-40% YoY growth for 2026, and we expect more upside for ASEH's leap business outlook into next year. For trailing edge foundry, we believe the high UTR will support better GM recovery; VIS may see more revenue and GM upside on its interposer business outsourcing from TSMC.

On testing interface and equipment, we expect the rising chip complexity and testing process to persist. Both Chroma and Hon Precision posted stronger than expected Sep and 3Q26 revenue. With smooth capacity ramp for Hon, we see sequential QoQ sales growth momentum into next year. MPI and Winway are also ahead of consensus on 3Q26 revenue while WinWay's MoM decline in Sep was mainly driven by lower probe card revenues as major project shipments have temporarily wrapped up. We expect Rubin Ultra's expandable scale-up CPO rack design to be the next catalyst for CPO testing sector into late 2026/early 2027.

IC fabless - ASIC momentum picking up – Thanks to ARM-based CPU and Trainium 3 momentum pickup respectively at GUC and Alchip, both companies' 3Q26 revenues are ahead of consensus estimate with 35%/243% QoQ growth, respectively. We believe the robust order flow will continue into 4Q26/2027. We see multiple growth on GUC's CPU shipment growth into next year thanks to agentic AI demand and Alchip's Trainium chip ramping up into next year also on track. On Mediatek, 3Q26 revenue is ahead of company's guidance and Street's estimate thanks to its market share gain in smartphone, and we expect TPU to start contributing in 4Q26. We expect Mediatek to further lift its AI ASIC business opportunity thanks to solid product pipeline in the next 2 years (see our recent report on Mediatek).

PCB and substrate- 3Q26 was a strong quarter for substrate and CCL sectors, with demand continuously piling up. Unimicron posted +23% QoQ sales growth in 3Q26, beating Citi/consensus forecasts by 4%/6%. We expect 4Q26E ABF sales momentum to be even stronger vs 3Q considering all the AI chips ramping up together. CCL names also saw strong momentum across the board thanks to enhanced product mix and benefit from price hike in 2Q26. We expect CCL sector to see another round of price hikes from Nov onwards. For PCB, GCE's Sept sales were impacted by flooding in Thailand, which led to logistics disruption, while Tripod posted record monthly sales backed by memory demand and early pull-in before China Golden Week. With TPCA Show coming next week, we think substrate/CCL/PCB sectors might see some event catalysts in the near term. However, from a fundamental perspective, we still prefer substrate (Unimicron>NYPCB>Kinsus) > CCL (EMC>TUC) > PCB.

PC/NB Supply chain - For NB ODMs, overall NB shipments see MoM increase in Sep (+32% MoM) due to the quarter end inventory build; combined 3Q NB shipments were down 17% QoQ due to the early pull-in in 1H. We forecast 4Q26E NB shipments to further decline -7% QoQ/-28% YoY given the muted demand on rising retails prices and the increasing constraint in components procurement, While the price hike effect in the NB products should partially offset shipment decline, we expect increasing margins dilution impact to the NB ODM supply chains.

For lens components - Largan reported relatively muted sales results in Sep at NT$5,779m (+15% MoM/-7% YoY); combined 3Q revenues are below market estimates while Genius' 3Q revenues were slightly better than expectation. Despite the near-term sales performance, we see more upside opportunity coming from their new development in optical business in the longer term. We expect Genius' project with a leading US company on optical connector and ferrule to start shipment in 1H27. For Largan, we expect it to benefit most from FA/FAU for CPO market. We see its current engagement with the leading US client progressing smoothly, as evidenced by its continued new land expansion for future capacity build-out (see our recent report).

Thermal – Sep-26 sales as reported by thermal players (AVC & Auras) were up from Aug at +6% MoM/+42% YoY. While AVC delivered another record month thanks to solid ASIC demand and initial Vera Rubin shipments, Auras experienced MoM decline due to client deferring pull-ins and Thailand flooding. Going forward, we preliminarily expect both companies to see sequential revenue growth in 4Q26E, driven by the AWS Trainium transition from air to liquid cooling, ramp-up of the TPU and Vera Rubin projects.

Power – Delta reported MoM revenue recovery in Sep-26 (+1% MoM/+14% YoY), with power electronics down 4% MoM. 3Q26 revenues were up 8% QoQ but below our and Street's expectation. We expect Delta to regain momentum with double-digit QoQ growth in 4Q26E as ±400V enters the initial transition period, while in the long term, HVDC is still progressing gradually while Delta maintains its technology leadership. **For BBU,** we see Sep sales showing mixed momentum yet resilient BBU demand remains intact. Dynapack's Sep-26 sales declined 34% y/y and 54% m/m to NT$776mn, reflecting 1) weaker PC shipments amid quarter-end inventory adjustments and 2) deferred shipments of one BBU product, broadly consistent with the near-term weakness flagged in our Aug-26 sales note. We expect a meaningful sales rebound from Oct helped by shipments of new higher-power BBU products. Meanwhile, AES maintained solid momentum with Sep-26 sales rising 25% y/y (+1% m/m), suggesting resilient underlying BBU demand. Similarly, STL (4931.TWO; not covered) delivered robust 176% y/y growth, further reinforcing our positive view on the sector. We retain our constructive stance on BBU names, supported by sustained demand and upcoming product ramps

Passive components - Yageo reported trended up monthly sales in Sep-26, as demand in Europe and US recovered after the summer holiday, on top of sustained AI demand. 3Q26 revenues were slightly above cons forecasts. Current quarter top line still beats mgmt.'s "moderate growth" guidance. We believe that growth was again broad-based across commodity and specialty products, and driven by both volume and price. We expect a more visible ASP uplift in 4Q26E as specialty and contract-based business could slow vs the spot and distributor channels.

Appendix A-1

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

IMPORTANT DISCLOSURES

Within the past 12 months, Citigroup Global Markets Inc. or its affiliates has acted as manager or co-manager of an offering of securities of ASUSTeK Computer,Amazon.com, Inc.,Gigabyte Technology,PSMC,Quanta Computer,Unimicron,WT Micro,Wistron,Zhen Ding Technology.

Citigroup Global Markets Inc. or its affiliates has received compensation for investment banking services provided within the past 12 months from ASUSTeK Computer,AUO,Amazon.com, Inc.,Delta Electronics,Gigabyte Technology,Hon Hai Precision,PSMC,Quanta Computer,TSMC,Unimicron,WT Micro,Wistron,Zhen Ding Technology.

Citigroup Global Markets Inc. or its affiliates expects to receive or intends to seek, within the next three months, compensation for investment banking services from ASUSTeK Computer,Gigabyte Technology,Globalwafers Co,Hon Hai Precision,Quanta Computer,Wistron.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from ASE Technology Holding,ASMedia,ASUSTeK Computer,AUO,Accton,Advanced Energy Solution,Alchip,Amazon.com, Inc.,Asia Vital Components,Aspeed Technology,Auras Technology,CHPT,Chipbond Technology,Compal Electronics,Delta Electronics,GUC,GUDENG PRECISION INDUSTRIAL CO., LTD.,Genius Electronic Optical,Gigabyte Technology,Globalwafers Co,Gold Circuit Electronics,Hon Hai Precision,Inventec,KINIK COMPANY,King Yuan Electronics Co,Largan Precision,Lotes ,Mediatek,Micro-Star,NYPCB,Nanya Technology,PSMC,Quanta Computer,Realtek,TSMC,Tripod Technology,Vanguard International Semi.,WT Micro,WinWay Technology,Wistron,Wiwynn,Yageo,Zhen Ding Technology in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as investment banking client(s): ASUSTeK Computer,AUO,Amazon.com, Inc.,Delta Electronics,Gigabyte Technology,Globalwafers Co,Hon Hai Precision,PSMC,Quanta Computer,TSMC,Unimicron,WT Micro,Wistron,Zhen Ding Technology.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: ASE Technology Holding,ASUSTeK Computer,AUO,Accton,Advanced Energy Solution,Amazon.com, Inc.,Asia Vital Components,Aspeed Technology,Auras Technology,CHPT,Chipbond Technology,Compal Electronics,Delta Electronics,GUC,Gigabyte Technology,Globalwafers Co,Gold Circuit Electronics,Hon Hai Precision,Inventec,Lotes ,Mediatek,Micro-Star,NYPCB,Nanya Technology,PSMC,Quanta Computer,Realtek,TSMC,Tripod Technology,WT Micro,WinWay Technology,Wistron,Wiwynn,Yageo,Zhen Ding Technology.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: ASE Technology Holding,ASMedia,ASUSTeK Computer,AUO,Accton,Advanced Energy Solution,Alchip,Amazon.com, Inc.,Asia Vital Components,Aspeed Technology,Auras Technology,CHPT,Chipbond Technology,Compal Electronics,Delta Electronics,GUC,GUDENG PRECISION INDUSTRIAL CO., LTD.,Genius Electronic Optical,Gigabyte Technology,Globalwafers Co,Gold Circuit Electronics,Hon Hai Precision,Inventec,KINIK COMPANY,King Yuan Electronics Co,Largan Precision,Lotes ,Mediatek,Micro-Star,NYPCB,Nanya Technology,PSMC,Quanta Computer,Realtek,TSMC,Tripod Technology,Vanguard International Semi.,WT Micro,WinWay Technology,Wistron,Wiwynn,Yageo,Zhen Ding Technology.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to ASE Technology Holding,ASUSTeK Computer,AUO,Accton,Amazon.com, Inc.,Compal Electronics,Delta Electronics,Globalwafers Co,Hon Hai Precision,Inventec,Mediatek,NYPCB,Quanta Computer,TSMC,Tripod Technology,WT Micro,Wistron,Wiwynn,Yageo. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be

different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Angela Hsu; Jack Chen; Michael Hung; Laura (Chia Yi) Chen; Nicholas Lai

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or

likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the “Order”), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority (“ISA”) and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm’s institutional and retail clients via the Firm’s proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client’s individual preferences as to the frequency and manner of receiving communications from analysts, the client’s risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the online version available on the Firm's proprietary electronic distribution platforms.
Where included in this report, MSCI sourced information is the exclusive property of Morgan Stanley Capital International Inc. (MSCI). Without prior written permission of MSCI, this information and any other MSCI intellectual property may not be

reproduced, redisseminated or used to create any financial products, including any indices. This information is provided on an "as is" basis. The user assumes the entire risk of any use made of this information. 3Q26 results review: favourable ASP likely to continue in 2027

SK Kim
(82) 2 787 9173
sk.kim@kr.daiwacm.com

Summary: Nanya Technology (Nanya) announced its 3Q26 results after market hours on 12 October. Its revenue of TWD133.6m (+62% QoQ, +612% YoY) and operating profit of TWD106.9m (+76% QoQ, +95.5x YoY) were robust. While shipments decreased by a mid-single-digit % QoQ, ASP increased by > 60% QoQ mainly due to renewed LTA contracts. While DDR4 accounted for >60% of revenue, management expects the favourable pricing environment to persist on robust demand and supply constraints. However, due to massive capex (c.USD16bn) on the build-out of a new 50k wpm capacity, management didn't announce an enhanced shareholder return plan or a higher dividend payout.

Key highlights

- **3Q26 results review.** Nanya's 3Q26 revenue of TWD133.6m (+62% QoQ, +612% YoY) and operating profit of TWD106.9m (+76% QoQ, +95.5x YoY) were slightly below our and recent market estimates due to higher employee compensation expenses. Its DRAM ASP increased by >60% QoQ in 3Q26 on LTA price adjustments, while shipments decreased by a mid-single-digit % QoQ. DDR5 accounted for >10% of 3Q26 revenue, while DDR4 accounted for >60%. Management guided for a persistent market shortage and a continued price uptrend in 4Q26, while shipments are expected to remain flat until wafer output from the new fab comes online in 4Q27.

- **Key takeaways from conference call.** Management expects AI infrastructure to keep driving DRAM demand. While AI infrastructure and server applications currently account for >20% of revenue, it expects this exposure to grow to >30% through 2029-30. In particular, DDR4 demand now accounts for 12-14% of total DRAM market demand, maintaining the higher ASP trend on strong demand. With major DRAM players having almost completed their HBM supply negotiations for 2027, management believes it would be hard to increase supply given capacity allocation and longer lead times. Its LTA output portion was >20%, and management expects this to increase going forward. The company announced a new fab construction plan for 30k wpm by the end of 2028 and up to 50k wpm by 2030 to respond to LTA demand from AI infrastructure. Despite the solid 3Q26 earnings, there was no announcement of an increased dividend payout, due to the capex burden (c.USD16bn for 50k wpm). It did not guide for any share buyback.

Recommendation

We have a Buy (1) call on Nanya with a 12M TP of TWD700, based on a 7.4x PER on the 2026-27E EPS. While the robust 3Q26 earnings led by the significant ASP hike was positive, we view the delay in announcing a shareholder return plan as disappointing. Key risk: weaker-than-expected commodity DRAM demand due to delays in data centre build-outs.

Important disclosures, including any required research certifications, are provided on the last three pages of this report.

To see our recent flash note on Nanya, please ***click here***

Robust revenue likely to drive earnings beat

- 3Q26E earnings to beat consensus estimate, led by DRAM prices
- DDR4 supply shortages to persist in 2027E; upcoming dividend policy
- Reaffirming our Buy (1) call and lifting our 12M TP to TWD700

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

Airtac International Group (1590.TW): Sep Monthly revenue -3% vs. GSe; New orders continue to exceed shipments despite low season; Buy

Chao Wang
+886(2)2730-4195 | kuan-chao.wang@gs.com
Goldman Sachs (Asia) L.L.C., Taipei Branch

Yuichiro Isayama
+81(3)4587-9806 | yuichiro.isayama@gs.com
Goldman Sachs Japan Co., Ltd.

Al Wang
+886(2)2730-4081 | al.wang@gs.com
Goldman Sachs (Asia) L.L.C., Taipei Branch

On October 12th, AirTAC reported September revenue of Rmb806mn (+3% MoM, +14% YoY) / NT$3,811mn (+3% MoM, +27% YoY), which was 3% below GSe in Rmb terms.

In September, AirTAC's revenue was 3% below GSe in Rmb terms, up 3% MoM with 2% more working days. This came in slightly below our estimates, primarily due to (1) normal low season effect with daily pneumatic revenue increasing by 1% MoM at Rmb29.4mn (vs. Rmb35.4mn in 2Q26), which is tracking lower than our estimates of Rmb32.1mn and (2) slightly weaker-than-expected linear guide revenue contribution (Rmb64mn slightly missed GSe of Rmb68mn), but the daily average linear guides revenue is higher at Rmb2.7mn (vs. Rmb2.5mn in August).

Moreover, September revenue was up 14% YoY (in Rmb) with 4% less working days vs. September 2025. We believe this solid YoY revenue growth was driven by (1) the strong performance in electronics continues, which accounts for the highest % of revenue with YoY growth of 27%, and (2) continuous improvement in China pneumatic demand environment, as YoY growth across nearly all end-markets reached double digits except for the battery segment.

In 3Q26, AirTAC's revenue was Rmb2,427mn (-7% QoQ, +23% YoY)/NT$11,525mn (-5% QoQ, +40% YoY), which was 3% below GSe in NT$ terms; we believe this miss was mainly driven by the deceleration in YoY growth for the battery segment (Rmb340mn missed GSe of Rmb482mn), offsetting the better than expected contribution from electronics (Rmb671mn beat GSe of Rmb648mn) and energy lighting (Rmb81mn beat GSe of Rmb64mn). We now expect 3Q26 GM/OPM to reach 48.5/14.5%.

In terms of revenue growth by end-market segment for September (see Exhibit 1), the machine tool sector outgrew all other sectors (+35% YoY), followed by energy lighting (+30% YoY), electronics (+27% YoY), general machinery (+12% YoY), packaging (+11% YoY), automotive (+11% YoY), and battery (-10% YoY).

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

Exhibit 1: Strength/weakness in major segments of AirTAC in September
AirTAC's monthly revenue by segment at a glance

End market	% of revenue	YoY (%)
General machinery	5%	12%
Auto	11%	11%
Machine tools	8%	35%
Textiles	5%	25%
Packaging	8%	11%
Electronics	27%	27%
Battery	12%	-10%
Energy lighting	4%	30%

Revenue breakdown represents the contribution by each end-market customer for AirTAC's "direct" sales, which represent more than 80%+ of its total revenue. Breakdown of distribution sales, which are c.20% of total sales, is not included in this data.

Source: Company data

For the month of October 2026, we estimate AirTAC's monthly revenue will decrease to Rmb729mn (-10% MoM, +16% YoY)/NT$3,447mn (-10% MoM, +28% YoY)
We expect October revenue will go down by 10% MoM to Rmb729mn/NT$3,447mn, mainly due to 19% fewer working days in Mainland China. However, we expect to see improvement in daily pneumatic revenue (Rmb32.3mn in Oct vs. Rmb 29.4mn in Sept) as the improvement in daily pneumatic revenue is driven by the strong growth from key customers, including electronics, followed by machine tools and battery, and we further expect demand to improve following the end of low season.

Exhibit 2: We estimate AirTAC's October revenue will increase by 16% YoY

Earnings and TP revisions

We revise down our 2026E earnings estimates by 1% to factor in actual 3Q26 revenue (revise down 2026 revenue by 1%). We revise down our 2027E/2028E earnings estimate by 1%/1% to factor in a more conservative assumption on battery and linear guide business (revise down AirTAC revenue by 1%/1% in 2027E/2028E). We continue to see the company focusing on cost control as well as experiencing a better product mix outlook, but we expect some offset by rising material cost (revise down 2026E/2028E OPM by 0.1/0.1ppt).

Maintain our Buy rating on AirTAC, with a new 12m TP of NT$1,895 (from NT$1,925), based on an unchanged target P/E of 26x on 2027 EPS.

Source: Company data, Goldman Sachs Global Investment Research

Investment view: Accelerating monthly YoY from smaller segments could be a surprise. Maintain positive view on AirTAC

We reiterate our Buy rating on AirTAC as we continue to believe the company is a key beneficiary of the factory automation/industrial automation localization trend in mainland China, and we expect the company will also benefit from the prolonged upcycle supported by the ongoing government stimulus policies. We see multiple key end-segments' performance tracking ahead of the company's 2026 full year guidance of 20%+ YoY growth (see here), with battery/textile/machine tools/electronics delivering 55%/46%/41%/23% YTD YoY growth while total revenue in Rmb is tracking at 23% YTD YoY growth.

We continue to see solid monthly YoY growth from smaller segments, such as energy lighting and textile. However, the battery segment, which is the key growth driver in 2025 (with 89% YoY in 2025), is seeing its first negative monthly YoY growth since Oct 2024, while other major contribution sectors, such as electronics and automotive are seeing decelerating monthly YoY growth. As a result, we remain cautious on the potential of exaggerated orders (including advance or duplicate orders) despite new orders intake continuing to outpace shipments, and we will continue to monitor the underlying end-demand closely.

Maintain Buy on AirTAC with a lower 12m TP of NT$1,895 (from NT$1,925).

Investment Thesis - AirTAC

AirTAC is the 2nd-largest pneumatic supplier in mainland China with 28% market share in 2025, outpacing most local competitors, owing to its low-cost yet high quality product, and service quality reputation in most key cities in mainland China. We forecast its market share will reach 30% in 2026E and expect AirTAC to be the structural winner in a deflationary market, due to its: (1) strong market growth and leadership: AirTAC continues to expand its market share in mainland China driven by competitive pricing that is more than 10% lower vs. international peers (with 45%+ GM / 30-35% OPM) and high demand elasticity among mainland China customers; and (2) superior cost structure and financial health: with best-in-class cash cost and a solid balance sheet, featuring positive net cash over FCF since 2023/2024, we believe AirTAC is well-equipped to weather industry downturns and capitalize on market restructuring.

Overall, we believe AirTAC will see better revenue/profitability in the long term given its share gainer position in the China pneumatic market and potential to gain share in the linear guide market (improved demand in the next 1-2 years). This should lead to strengthened valuation, vs. its recent trading range (trading below its 10-year avg. P/E multiple). We are Buy rated on AirTAC.

Price target risks and methodology - AirTAC

Valuation methodology: Our 12m TP of NT$1,895 is based on a target P/E of 26.0x on our 2027E EPS (0.25x STDV above avg of the last pneumatic upcycle).

Key downside risks: (1) Stronger competition from peers; (2) sharper-than-expected Rmb depreciation, and (3) a longer-than-expected end-market demand downtrend in mainland China.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Disclosures

The rating(s) for Airtac International Group is/are relative to the other companies in its/their coverage universe: AWSC, Airtac International Group, Co-Tech Development Corp., Delta Electronics, Elite Material, GCE, Hiwin Corp., ITEQ Corp, Kinsus, Lotes, NYPCB, Taiwan Union Technology Corp., Unimicron Technology, Win Semiconductors Corp., Yageo Corp., Zhen Ding Technology Holding

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs expects to receive or intends to seek compensation for investment banking services in the next 3 months: Airtac International Group (NT$1,210.00)

Goldman Sachs had an investment banking services client relationship during the past 12 months with: Airtac International Group (NT$1,210.00)

Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such

advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based

in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Nanya Technology

Upbeat 3Q margin/ASP, and 2027 guidance also optimistic: lift PO to NT$800

Reiterate Rating: BUY | PO: 800.00 TWD | Price: 527.00 TWD

3Q results confirm super-cycle even with legacy DRAM

Nanya Tech, a pure DRAM supplier, reported very strong 3Q results (sales: NT$134bn, +62% QoQ / +612% YoY; OPM: 80% - similar to big-3 DRAM makers'; net margin: 66%). The key contributor should be upbeat ASP (up 60%+ QoQ vs consensus of 30-40%). In fact, Nanya Tech had already reported more than doubled 1H ASP (60%+ QoQ for two consecutive quarters). Thus, Street expected limited QoQ price increase in 3Q (vs 1H). According to Nanya Tech President Pei Ing Lee, demand for legacy DRAM products (DDR3 & DDR4) remained strong across IT, industrial, and enterprise applications. Mgmt also said legacy DRAM accounted for 80%+ of 3Q sales (vs 10% range for DDR5). Net-net, the 3Q results confirmed super-cycle even selling mainly legacy/conventional DRAM.

Guidance broadly bullish; no sign of a price cut

Lee provided bullish guidance (earnings call). What we learned: (1) rising 4Q ASP, (2) ongoing shortage of legacy DRAM through 2027 (no immediate demand shift from DDR4 to DDR5), (3) new fab mass production (2027-28), (4) significant FCF generation (with high margin profile) despite large capex spend (NT$70bn in 2026), (5) record-high net cash (NT$270bn in 3Q), (6) new node development (in-house) and migration (1c, 1d, 1e) on track, and (7) new construction plan for 3D wafer packaging/testing facilities in Ping Tung Science Park, Taiwan. Overall, new guidance presents further growth (capacity expansion) and high margin profile (favorable ASP trend).

Lift PO to NT$800 on revisions to 2027/28 EPS estimates

We lift our PO from NT$750 to NT$800 using the same target P/E vs earlier (9x 2027-28E EPS). Thus, our PO revision is mostly based on 7-8% revisions to 2027-28 EPS estimates. We assume 5%/1ppt higher sales/OPM vs our earlier forecasts given more favorable conventional DRAM ASP trend. To be conservative, we assume negative EPS growth for 2028 but it can turn positive if the ASP remains stable. We reiterate Buy.

Company Sector

Semiconductors

Company Description

Nanya Technology is an affiliate of Formosa Plastics Group. The firm manufactures and distributes DRAM chips. Management focuses on non-PC applications such as consumer, mobile, server, autos, etc. Key customers are based in China and Taiwan. Samsung, SK Hynix and Micron are major competitors.

Investment Rationale

Our Buy rating is based on the DRAM industry's supercycle, which should warrant a high-margin profile for Nanya Tech even in the long term. Its 3Q26 results proved record-high revenue (NT$134bn, more than 5x higher than the previous peak cycle) and 80% operating margin. Management focus on long-term contracts, including DDR4 for eSSD or servers, should also act as a catalyst. Significantly rising net cash even after capex hike could also support higher dividend payouts.

Stock Data

Price to Book Value	3.7x

Key charts/tables after 3Q26 results

Exhibit 1: Exceptionally strong 3Q results (sales: NT$134bn; +62% QoQ or +612% YoY; OPM: 80% - similar to big-3 DRAM makers; net margin: 66%). The key contributor should be upbeat ASP (up by 60%+ QoQ vs consensus of 30-40%).

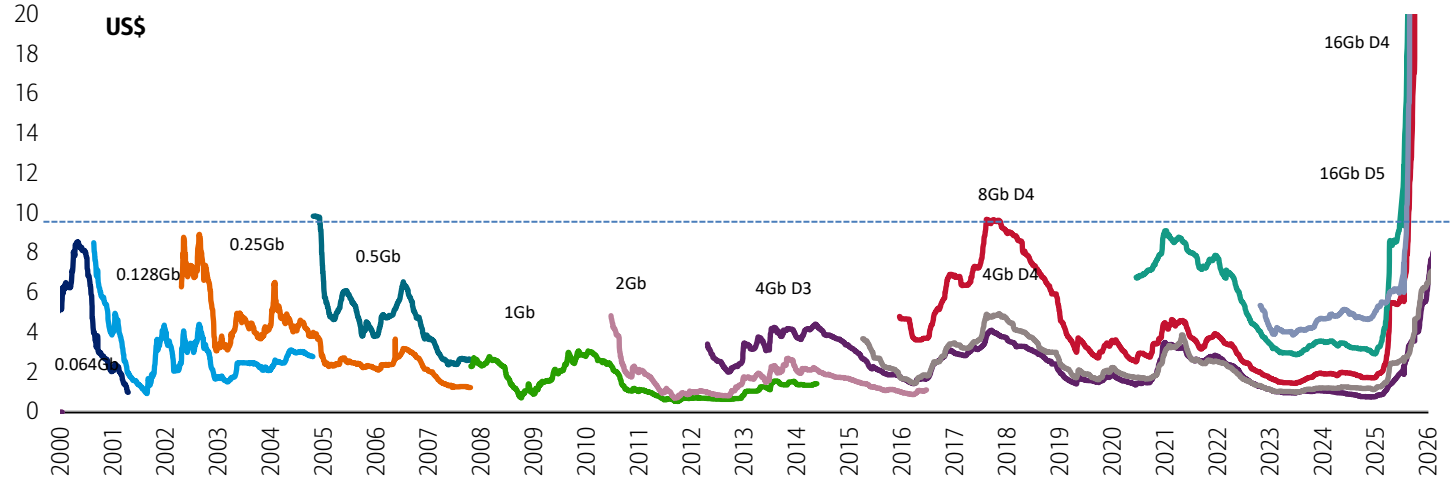
DRAM spot/contract price trend

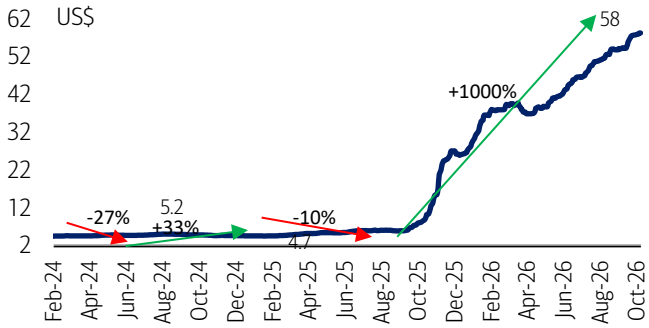
Exhibit 6: DRAM spot prices rebounded gradually through June/July/Aug/Sep, to hit all-time high levels. Prices have reached multi-decade highs, with 16Gb DDR5 (for PC) at ~$58 and DDR4 at ~$85, driven by supply reallocation toward HBM and server DRAM—well above the prior ~$10 peak in Oct-17
DRAM spot price – long-term trend (2000-2026)



Source: DRAMeXchange

BofA GLOBAL RESEARCH

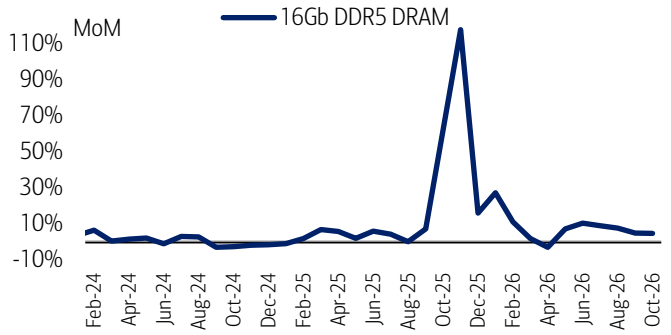
Exhibit 7: Price recovery extended from May to Sep and early-Oct, reaching a record high of $58, driven by sharp gains in Oct (+70%), Nov (+60%), and Jan (+25%), before moderating during Feb–Apr.
16Gb DDR5 spot price – daily, Feb '24 - Oct '26



Source: DRAMeXchange

BofA GLOBAL RESEARCH

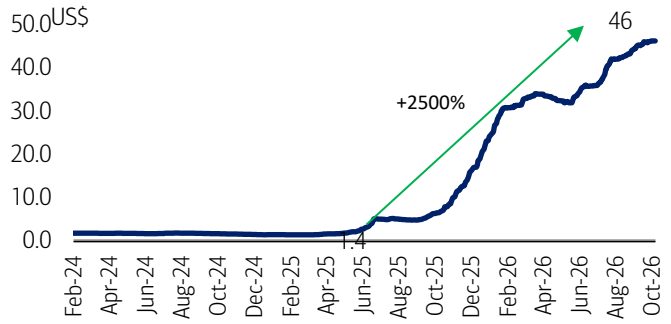
Exhibit 8: Still up 4-5% each in Sep/early-Oct following a modest uptick observed through May/Jun/Jul/Aug (+7-10%)
16Gb DDR5 spot month-average price – MoM change, Feb '24 - Oct '26



Source: DRAMeXchange

BofA GLOBAL RESEARCH

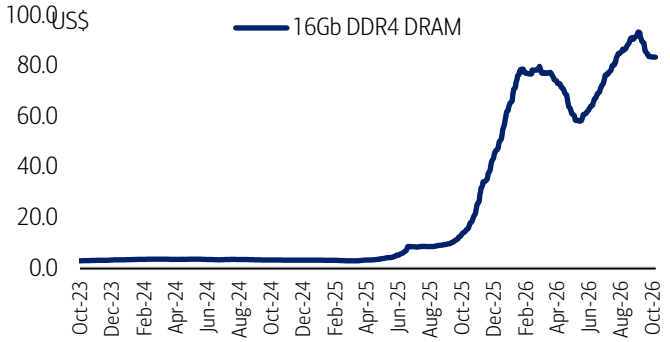
Exhibit 9: 8Gb DDR4 spot prices stable at $45 level, still well above the prior ~$10 peak in October 2017, driven by ongoing supply cuts from major vendors
8Gb DDR4 spot price trend, Feb '24 - Oct '26



Source: DRAMeXchange

BofA GLOBAL RESEARCH

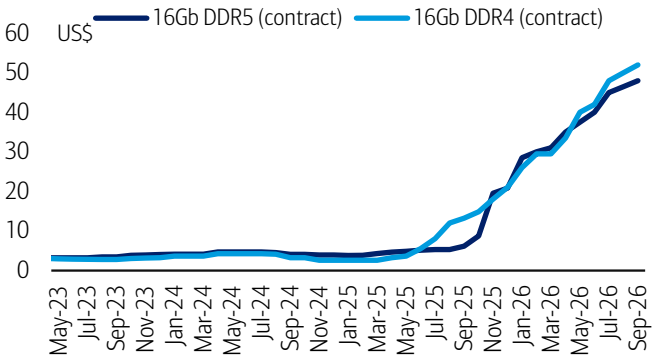
Exhibit 10: Remained flat in early-Oct, but price down 10% after hitting peak in early-Sep, price still ~2000% above the Oct-25 low (~$3)
16Gb DDR4 spot price trend, Oct '23 - Oct '26



Source: DRAMeXchange

BofA GLOBAL RESEARCH

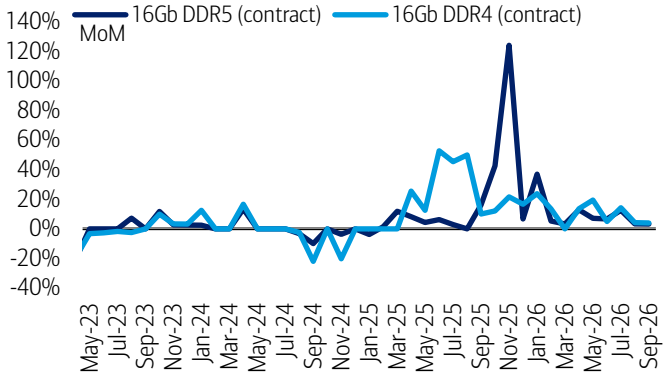
Exhibit 11: DDR4 and DDR5 (16Gb) contract prices are similar at US$50 level – DDR5 price premium no longer exists due to DDR4 shortage
16Gb DDR5 vs 16Gb DDR4 contract price trend, May '23- Sep '26



Source: TrendForce

BofA GLOBAL RESEARCH

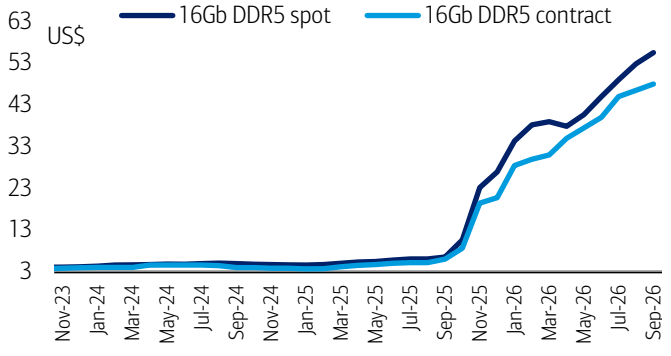
Exhibit 12: DDR5 and DDR4 contract prices up only low-single in Aug/Sep vs +10-15% MoM in July; price strong through 2H25-1H26
16Gb DDR5 vs 16Gb DDR4 contract price change - MoM, May '23- Sep'26



Source: TrendForce

BofA GLOBAL RESEARCH

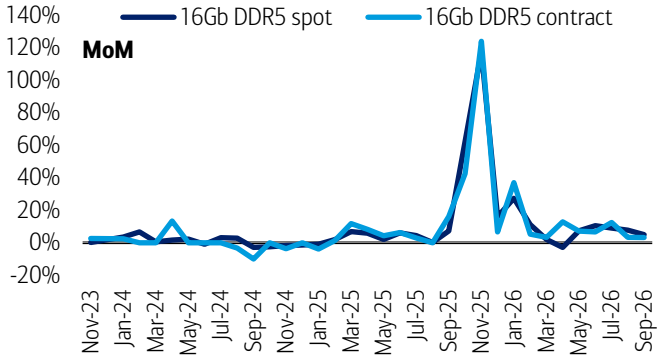
Exhibit 13: 16Gb DDR5 spot and contract prices are in the range of US$50-55 vs historical range of US$3-5
16Gb DDR5 spot vs contract price trend (US$), Nov '23-Sep '26



Source: DRAMeXchange, TrendForce

BofA GLOBAL RESEARCH

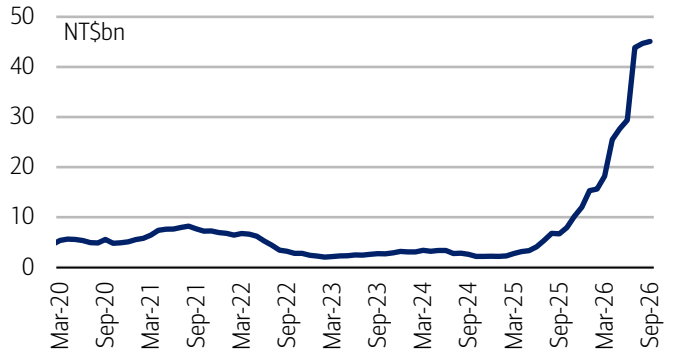
Exhibit 14: Sep price broadly flat following Jun-Aug recovery; prices had witnessed a sharp rally in Oct–Dec'25
16Gb DDR5 spot vs contract price trend – MoM change, Nov '23-Sep '26



Source: DRAMeXchange, TrendForce

BofA GLOBAL RESEARCH

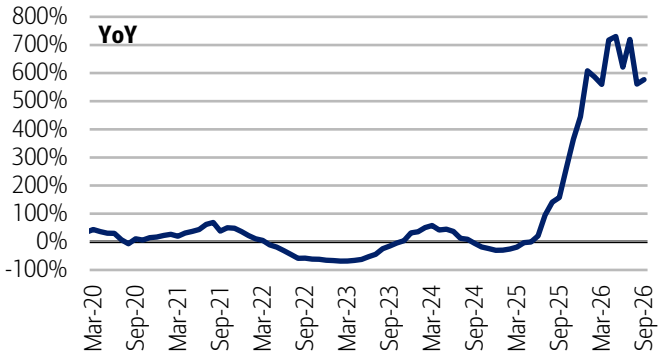
Exhibit 15: Exceptionally strong sales growth continued in 3Q26 (NT$134bn; up 62% QoQ and 612% YoY)
Nanya Tech – Monthly sales trend



Source: Company

BofA GLOBAL RESEARCH

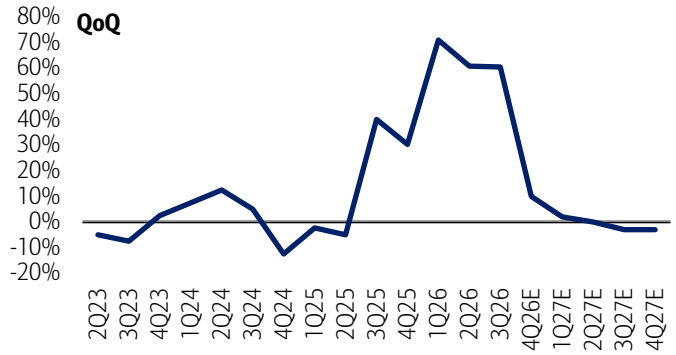
Exhibit 16: YoY monthly sales growth still robust in Sep (up 577%); already 14 consecutive months of triple-digit rebound
Nanya Tech – Monthly sales YoY



Source: Company, BofA Global Research

BofA GLOBAL RESEARCH

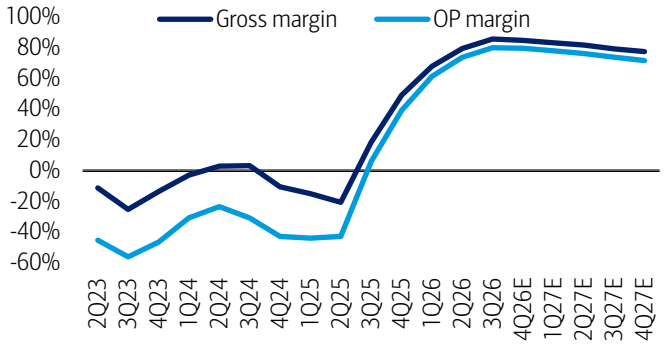
Exhibit 17: Exceptionally strong ASP hike in 3Q (up >60% QoQ); we assume decelerating growth into 4Q (up 10%) and 1H27 (up low-single%) and mild decline in 2H27
Nanya Tech DRAM ASP trend – quarterly; 8Gb equiv.



Source: Company, BofA Global Research estimates

BofA GLOBAL RESEARCH

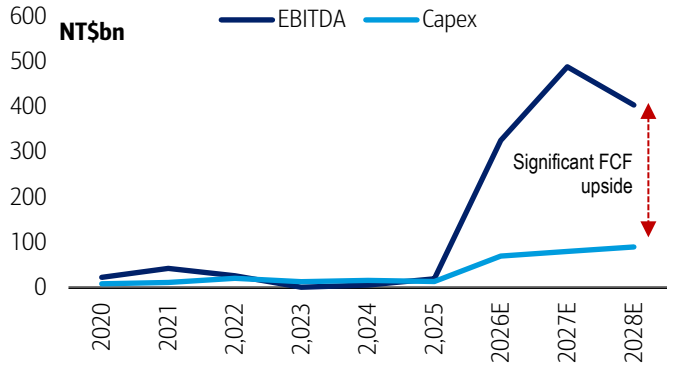
Exhibit 18: We expect robust margins to continue in 4Q26-27 (GM/OPM 70%+); record-high margins well-proved in 3Q (GM 86%, OPM 80%)
Nanya Tech – Gross and OP margin trend



Source: Company, BofA Global Research estimates

BofA GLOBAL RESEARCH

Exhibit 19: Record-high FCF generation well-expected in 2026-28E on the back of much stronger-than-expected commodity DRAM price hike
Nanya Tech – EBITDA vs capex trend



Source: Company, BofA Global Research estimates

BofA GLOBAL RESEARCH

BofA GLOBAL RESEARCH

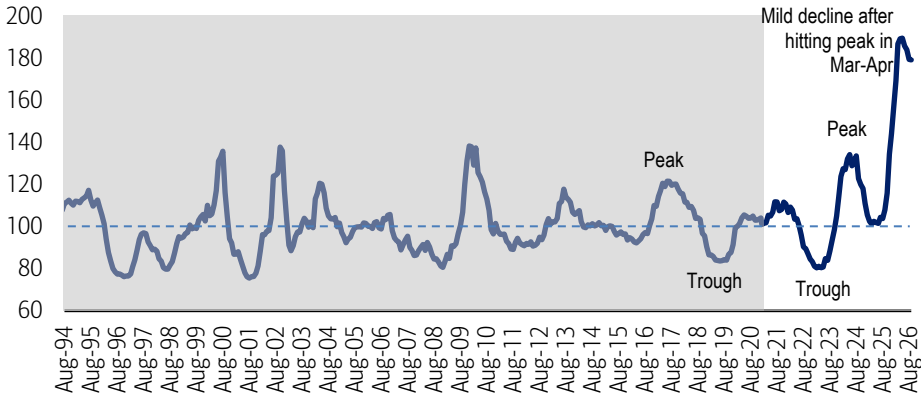
BofA Memory Indicator

Exhibit 25: The BofA Memory Indicator still presents super-cycle – much higher than 2017-18 peak level; of course, it slightly declined to 179 in Aug-26 (due to lower YoY growth) after hitting peak of 190 in Mar/Apr-26, driven by exceptionally strong DRAM/NAND spot pricing, rising ASPs and billings, along with Korea's ~200%+ export growth.

BofA Memory Indicator – back to upturn level since Oct-2025 and hit highest peak in Mar/Apr-26 (back-tested)



Note: Our indicator had previously been capped at ~140, but the recent unprecedented surge—driven by memory spot prices, ASPs, and billings—has led us to raise the ceiling (up to 240 levels) to reflect a more accurate relative comparison. This exceptional strength is further validated by strong earnings from memory chipmakers.

Source: DRAMeXchange, WSTS, MoTIR Korea, BofA Global Research

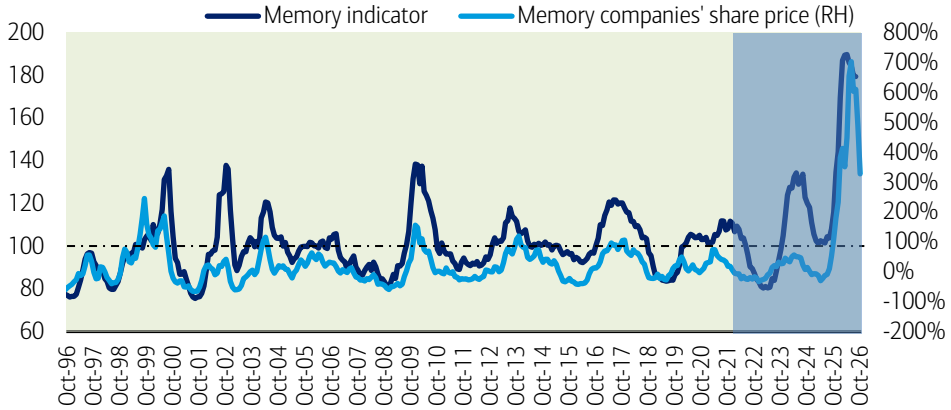
*The shaded area represents back-tested results from January 1991 to March 2021. The unshaded area represents actual performance since April 2021. This performance is back-tested up to March-2021, and does not represent the actual performance of any account or fund. Back-tested performance depicts the theoretical (not actual) performance of a particular strategy over the time period indicated. No representation is being made that any actual portfolio is likely to have achieved returns similar to those shown herein.

Disclaimer: The BofA Memory Indicator is intended to be an indicative metric only and may not be used for reference purposes or as a measure of performance for any financial instrument or contract, or otherwise relied upon by third parties for any other purpose, without the prior written consent of BofA Global Research. This indicator was not created to act as a benchmark. For methodology, see the 5 Aug 2024 Global Memory Tech report.

BofA GLOBAL RESEARCH

Exhibit 26: Sharp correction in memory companies' stock prices in Jul-Aug due to memory peak-out concerns, global uncertainty and AI concerns, but steady recovery seen in Sep-early Oct

BofA Memory Indicator is highly correlated with stock performance (back-tested)



Note: Memory companies share price is average of Samsung, Hynix, Micron, and Nanya share price YoY changes

Source: Bloomberg, BofA Global Research

The light green shaded area represents back-tested results from January 1991 to March 2021. The blue shaded area represents actual data since April 2021. This performance is back-tested and does not represent the actual performance of any account or fund. Back-tested performance depicts the theoretical (not actual) performance of a particular strategy over the time period indicated. No representation is being made that any actual portfolio is likely to have achieved returns similar to those shown herein. For methodology, see the 5 Aug 2024 Global Memory Tech report.

BofA GLOBAL RESEARCH

The analysis of BofA Memory Indicator in this report is back-tested and does not represent the actual performance of any account or fund. Back-tested performance

depicts the hypothetical back-tested performance of a particular strategy over the time period indicated. In future periods, market and economic conditions will differ and the same strategy will not necessarily produce the same results. No representation is being made that any actual portfolio is likely to have achieved returns similar to those shown herein. In fact, there are frequently sharp differences between back-tested returns and the actual results realized in the actual management of a portfolio. Back-tested performance results are created by applying an investment strategy or methodology to historical data and attempts to give an indication as to how a strategy might have performed during a certain period in the past if the product had been in existence during such time. Back-tested results have inherent limitations including the fact that they are calculated with the full benefit of hindsight, which allows the security selection methodology to be adjusted to maximize the returns. Further, the results shown do not reflect actual trading or the impact that material economic and market factors might have had on a portfolio manager's decision-making under actual circumstances. Back-tested returns do not reflect advisory fees, trading costs, or other fees or expenses.

Earnings outlook in 2026-28E

Exhibit 27: Accelerated topline growth well-expected in 2026 (>500% YoY), even after solid growth in 2025 (+95%) on the back of commodity DRAM price recovery/upturn; solid turnaround well-observed in 1Q26 (61%) and we expect further enhancement throughout 2026-27E (75%+ range)

BofA GLOBAL RESEARCH

Price objective basis & risk

Nanya Technology (NNYAF)
Our PO of NT$800 is derived from 9x 2027-28E P/E, which is c.30% below the long-term historical average (13x during 2014-25), but near-50% above the previous upturn period (6x in 2014-18). Memory stocks usually trade at low valuation multiples during peak cycle due to downturn concerns. However, the current DRAM cycle looks structurally much better than ever and we expect 2027-28 earnings to exceed 2026 level due to the AI growth theme. This could lead to a re-rating (e.g., 9x P/E or higher), with solid earnings outlook.

Upside risks: DRAM price increases even after the 1H26 upturn, Big-3 memory chipmakers' significant supply cut for commodity DRAM due to HBM, and Nanya Tech's more successful ramp-up of DDR4 or DDR5 (better cost or margin improvement).

Downside risks: weaker legacy DDR4 demand (quicker shift to DDR5), and China's more successful memory production increase.

Analyst Certification

We, Simon Woo, CFA and Matt Shin, hereby certify that the views each of us has expressed in this research report accurately reflect each of our respective personal views about the subject securities and issuers. We also certify that no part of our respective compensation was, is, or will be, directly or indirectly, related to the specific recommendations or view expressed in this research report.

Special Disclosures

Information on securities which are listed on the exchanges where ML Securities (Taiwan) Limited is not permitted to trade or solicit trades for clients is for informational purposes only and is not a recommendation or a solicitation to trade such securities. ML Securities (Taiwan) Limited will not execute transactions for nor accept orders from clients to trade such securities. Foreign investment in Taiwan securities is regulated and restricted. Currently, foreign investment in Taiwan securities is permitted by investment through: (1) global depository receipts, (2) convertible bonds, (3) mutual funds issued offshore of Taiwan, and (4) a special foreign institutional investors (FINIs) and foreign individual investors (FIDIs) program supervised by the Taiwan SFB whereunder FINIs/FIDIs may apply for investment ID to invest in Taiwan securities by registration with Taiwan Stock Exchange. FINIs will additionally need consent from the foreign exchange authority, ie, the Central Bank of China. In addition to the limitations above, various industry-specific percentage-based limitations on foreign ownership of Taiwan companies (and in some cases prohibitions) may apply. Investments are subject to exchange rate and currency conversion restrictions and risks. Dividends and interest earned by foreign investors' Taiwan securities/instruments are generally subject to a 20% withholding tax. Ordinary shares are not available to ML private client accounts in the U.S.

This report is distributed in Taiwan by Merrill Lynch Securities (Taiwan) Limited, which is regulated by the Taiwan SFB.

iQmethod℠ is the set of BofA Global Research standard measures that serve to maintain global consistency under three broad headings: Business Performance, Quality of Earnings, and validations. The key features of iQmethod are: A consistently structured, detailed, and transparent methodology. Guidelines to maximize the effectiveness of the comparative valuation process, and to identify some common pitfalls.

iQdatabase® is our real-time global research database that is sourced directly from our equity analysts' earnings models and includes forecasted as well as historical data for income statements, balance sheets, and cash flow statements for companies covered by BofA Global Research.

iQprofile℠, *iQmethod℠* are service marks of Bank of America Corporation. *iQdatabase®* is a registered service mark of Bank of America Corporation.

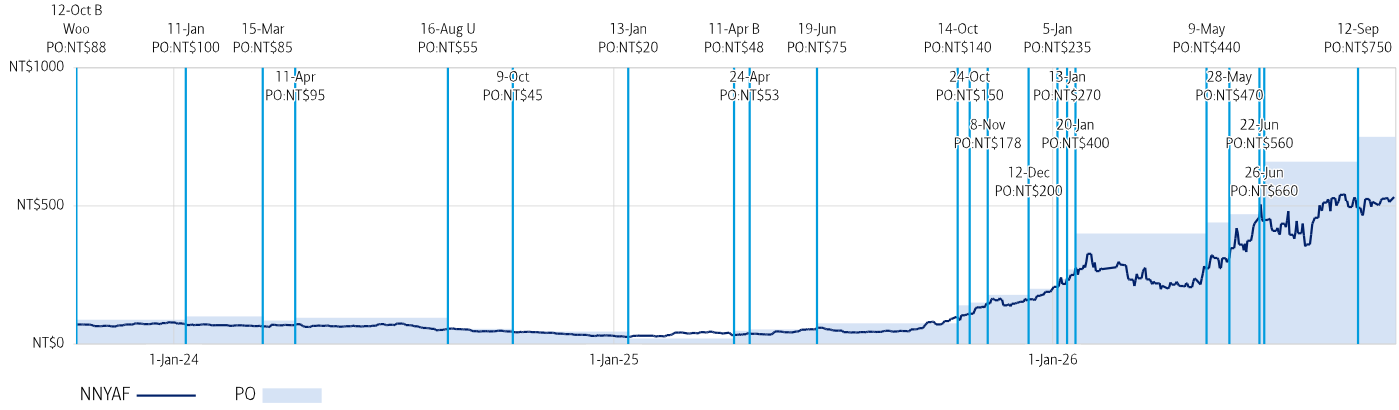
Nanya Tech (NNYAF) Price Chart



B: Buy, N: Neutral, U: Underperform, PO: Price Objective, NA: No longer valid, NR: No Rating

The Investment Opinion System is contained at the end of the report under the heading "Fundamental Equity Opinion Key". Dark grey shading indicates the security is restricted with the opinion suspended. Medium grey shading indicates the security is under review with the opinion withdrawn. Light grey shading indicates the security is not covered. Chart is current as of a date no more than one trading day prior to the date of the report.

Equity Investment Rating Distribution: Technology Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	255	62.04%	Buy	157	61.57%
Hold	82	19.95%	Hold	46	56.10%
Sell	74	18.00%	Sell	31	41.89%

Equity Investment Rating Distribution: Global Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	2057	57.03%	Buy	1386	67.38%
Hold	806	22.35%	Hold	563	69.85%
Sell	744	20.63%	Sell	446	59.95%

[R1] Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster[R2]
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

[R2] Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. *Coverage Cluster* is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

Price Charts for the securities referenced in this research report are available on the Price Charts website, or call 1-800-MERRILL to have them mailed.
The issuer is or was, within the last 12 months, an investment banking client of BofAS and/or one or more of its affiliates: Nanya Tech.
BofAS or an affiliate has received compensation from the issuer for non-investment banking services or products within the past 12 months: Nanya Tech.
The issuer is or was, within the last 12 months, a non-securities business client of BofAS and/or one or more of its affiliates: Nanya Tech.
In the US, retail sales and/or distribution of this report may be made only in states where these securities are exempt from registration or have been qualified for sale: Nanya Tech.
BofAS or an affiliate expects to receive or intends to seek compensation for investment banking services from this issuer or an affiliate of the issuer within the next three months: Nanya Tech.
The country in which this issuer is organized has certain laws or regulations that limit or restrict ownership of the issuer's shares by nationals of other countries: Nanya Tech.
The issuer is or was, within the last 12 months, a securities business client (non-investment banking) of BofAS and/or one or more of its affiliates: Nanya Tech.
BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall

profitability of the Bank's sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel expenses from the issuer for such visits.
Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.
The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

Recipients who are not institutional investors or market professionals should seek the advice of their independent financial advisor before considering information in this report in connection with any investment decision, or for a necessary explanation of its contents.
Officers of BofAS or one or more of its affiliates (other than research analysts) may have a financial interest in securities of the issuer(s) or in related investments.
Refer to BofA Global Research policies relating to conflicts of interest.
"BofA Securities" includes BofA Securities, Inc. ("BofAS") and its affiliates. Investors should contact their BofA Securities representative or Merrill Global Wealth Management financial advisor if they have questions concerning this report or concerning the appropriateness of any investment idea described herein for such investor. "BofA Securities" is a global brand for BofA Global Research.

General Investment Related Disclosures:
Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.
This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.
Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are not regulated in a manner similar to U.S. securities markets. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the

value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.

BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities or digital assets that may have been recommended or discussed in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments recommended or discussed in this report.

BofA Securities, through business units other than BofA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BofA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.

In the event that the recipient received this information pursuant to a contract between the recipient and BofAS for the provision of research services for a separate fee, and in connection therewith BofAS may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BofAS has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BofAS). If such recipient uses the services of BofAS in connection with the sale or purchase of a security referred to herein, BofAS may act as principal for its own account or as agent for another person. BofAS is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

Receipt and review of this information constitutes your agreement not to redistribute, retransmit, or disclose to others the contents, opinions, conclusion, or information contained herein (including any investment recommendations, estimates or price targets) without first obtaining express permission from an authorized officer of BofA Securities.

Materials prepared by BofA Global Research personnel are based on public information. Facts and views presented in this material have not been reviewed by, and may not reflect information known to, professionals in other business areas of BofA Securities, including investment banking personnel. BofA Securities has established information barriers between BofA Global Research and certain business groups. As a result, BofA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BofA Global Research personnel's knowledge of legal proceedings in which any BofA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BofA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BofAS any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BofA Global Research policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.

Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.

Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.

The information herein (other than disclosure information relating to BofA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BofA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website. Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BofA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BofA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.

All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.

Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.

Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.

In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.

Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.

Taiwan Semiconductor Manufacturing Co.

3Q26 earnings preview: steeper 2nm ramp lifting sales upside at resilient margins

Reiterate Rating: BUY | PO: 3,260 TWD | Price: 2,550 TWD

Solid HPC and flagship mobile pipeline solidifies 2H26

TSMC's 3Q26 sales were above street +18% QoQ in NT$ and reached US$46.7bn (vs. its guide of US$44.6-45.8bn) which we believe should be driven by the builds for Apple's mobile SoC and AMD's server CPU on 2nm along with multiple GPU and ASIC product refreshes migrating to 3nm. The mix upgrades could lift 4Q26 sales by +10-15% QoQ, putting it on track to the guidance for 40%+ YoY in '26. While utilization and pricing are favorable, GMs could hold steady in 3Q/4Q26 (BofAe 67.0%/67.8%) rather than expand (recent street 67-68%/68-69%) factoring dilution from 2nm and overseas fab ramps.

Tight supply enables greater value capture and investment

On solid AI demand outlook, TSMC's capex should be on track to its lifted guidance of US$60-64bn in '26 (BofAe US$63bn). The investment could see another surge in '27 (BofAe US$83bn) for further N3, N2, A16 and CoWoS-L expansion and new technologies ramp (e.g. CoPoS and CPO). The tool makers' modest price hike could require TSMC to spend 10% more capex though should be reflected in its value when the capacity starts production in '28 on top of a 5-10% leading edge ASP lift in 1Q27 on supply tightness.

Checkpoints: AI demand, capex & competition/partnership

1) TSMC's view on cloud AI investment amid rate hike + challenging FCF, 2) comment on the market and its growth and capex commitment, 3) update on the competition and collaboration (see Exhibit 29 for our analysis on Terafab/SpaceX) and US investment.

AI-led earnings outlook firmer; valuation should catch up

We lift our 26/27/28 EPS by 2-9% to NT$112/NT$161/NT$203 and keep our Buy rating on TSMC and raise PO to NT$3,260/US$620 on 20x '27E P/E. Its current valuation is undemanding at 16x '27E P/E (vs. its long term 11-21x) backed by its advanced technology leadership.

Company Sector

Semiconductors

Company Description

TSMC was founded in 1987 and is listed in Taiwan (2330TT) and the US (TSM/NYS).TSMC is the largest and global leader in integrated circuit (IC) manufacturing. As a build-to-order foundry, it provides a wide range of value-add activities: IC manufacturing, mask-making, IC design services, turnkey solutions, and process development. We attribute its success to its proven, winning business model, unparalleled scale advantage, optimized execution, and technology scope and depth. 5 shares = 1 ADR.

Investment Rationale

The ongoing semi content growth in mobile, rise of artificial intelligence (AI), and proliferation of Internet of Things (IoT) should result in sustainable upside in aggregate computing power globally. TSMC, as the leading contract manufacturer of semiconductor chips, is in a good position to capitalize. We are structurally positive on TSMC and expect it to sustain over 15% growth with rising FCF from 2026 onwards.

3Q26 sales topped guidance; GMs tracking well but recent street could be too bullish

We profile our expectation for TSMC's 3Q26 earnings on October 15th. 3Q26 sales were reported +18% QoQ in NT$, above BofAe/street expectations of +14%/+13% QoQ. Based on the average FX of NT$31.99/US$ (vs. its NT$32US$ guide), its sales in US$ term would be US$46.7bn, also above its guidance range of US$44.6-45.8bn. we believe the strength is led by strong ramp on 2nm potentially growing to 11% of its sales in 3Q26 (vs. 3% in 2Q26) for Apple's builds for its product launches and surging demand for AMD's Venice server CPU. These growth drivers on the node are supplemented by the incremental inventory stocking from Mediatek and Qualcomm for their flagship smartphone SoCs albeit at a low base and below seasonal due to weak Android demand.

On top of the 2nm scale up, we expect the utilization for 5nm and 3nm to stay above 100% backed by the continued HPC/AI build strength especially with multiple product upgrades including **1) accelerators** (GPUs and ASICs): strong demand for Nvidia's Rubin GPU, AMD's MI400, AWS's Trainium3 ramp and initial ramp for Google's TPUv8t/i more than offsetting a mild wind down in Google's Ironwood TPU, **2) CPUs:** solid demand for general purpose servers and AI data centers as noted in our deep dive report quantifying CPU demand through '30 across x86 (AMD's Turin CPUs) and ARM based CPUs (e.g. Nvidia's Vera CPU, Google's Axion CPU, AWS Graviton CPU along with incremental contribution from Microsoft Cobalt CPU) and **3) networking switch**: more and faster data transmission in the complex AI data centers requires more advanced networking switch solutions from Nvidia/Mellanox, Broadcom and Marvell.

The company's better than expected sales in 3Q26 backed by healthy shipment and pricing trend on the advanced nodes should be supportive to its GMs. However, in contrast to the recent aggressive street expectations of 67-68% GMs in 3Q26, we only model it at the high-end of its guidance of 65-67%, balancing more favorable utilization and gradual 3nm depreciation roll off partially offset by a 3-4% GMs dilution from 2nm ramp which we believe is driver for the incremental sales during the quarter.

Exhibit 7: TSMC 3Q26-4Q26 and 2026-27 estimates BofAe vs. street
We lift our EPS estimates for '26/27 to NT$112.47/NT$161.37

HPC/Apple lifting 4Q26 sales outlook; resilient GM expectation but below street

For 4Q26, based on its slightly above +40% YoY full year sales guide, TSMC's sales could grow 10-15% QoQ (BofAe +11%), better than its 10-year seasonality of 7% QoQ even off a high base from 1Q-3Q26. The blended ASPs strength (BofAe +11% QoQ) should be the key driver for 4Q26 sales as shipment mix continues to shift toward advanced nodes, with revenue from 5nm and below processes representing 75% of the company's sales (vs. 66%/71% in 2Q/3Q26). Specifically, 2nm with 15%+ higher wafer pricing than 3nm could further grow its contribution to 18% of TSMC's sales during the quarter. On the other hand, we model a stable wafer shipment (BofAe +9%/-5% QoQ for advanced/mature nodes), balancing HPC demand strength and Apple's seasonal chipset builds for its new product launches and a modest drop on the specialty process output and effective capacity loss due to equipment movement for the node conversion.

While the blended pricing is even more favorable and utilization on the advanced and mature nodes in general stay healthy, we model a relatively stable GMs only up to ~67.8% levels in 4Q26 (vs. recent street and investors' expectations at 68-69%). The key factors we consider as mildly negative offset would be 1) higher depreciation: +25-30% HoH in 2H26 due to more overseas and 2nm capacity ramp and 2) 2nm still going through yield learning curve and could see more meaningful impact in 4Q26 (vs. its 3-4% GMs dilution guide in 2H26) as the sales contribution grows.

Exhibit 8: Our 2026-28E earnings are 5-15% above consensus as we model a higher sales growth

2026-27 sales and margins outlook solidified by healthy AI demand

Factoring in stronger CPU and AI GPU/ASIC demand outlook as noted in our Semicon Taiwan takeaways report where we updated our industry models, we are lifting our US$ sales expectation for TSMC in '26/'27 to +42%/+40% YoY respectively (vs. BofA prior +41%/+40% YoY). More importantly, with utilization staying tighter for longer along with inflationary cost pass through (e.g. equipment and consumables), TSMC should raise its advanced node and packaging pricing by 5-10% in the beginning of 2027 to reflect its value. This along with a mild 3-5% price hike on the mature nodes where the utilization is back to 90-95% as it optimizes the product mix following the strategic 6"/8" capacity retirement should lift its GMs to 67%/69% in 2026/27 (vs. BofA prior 67%/67%).

Capex on track for lifted guide for 2026 and will grow 20%+ CAGR from '26-28

We lifted our front-end foundry industry capex growth expectation to 19%/26% YoY for '26/27 to US$86bn/US$108bn, supporting a CAGR of 16% from '26-28. This is mostly led by our higher expectation on TSMC's capex on stronger wafer demand on N3 and N2 from GPUs, ASICs, CPUs, networking switches and HBM base dies and initial ramp of A16, along with incremental spending reacceleration from tier 2 foundries.

Separately, we also raised the back-end packaging and testing industry spending estimates from 66%/36% YoY to 82%/21% YoY for '26/27 to US$27bn/US$33bn, supporting a CAGR of 15% from '26-28. The upward revision is driven by our higher expectation of TSMC's more aggressive capacity addition on CoWoS-R/L to accommodate more demand from its customers amid growing level of chipset complexity and reticle size and higher level of capacity readiness of SoIC for higher 3D packaging adoption for logic and memory dies integration and CPO. The more aggressive spending from ASE is set to grow by another 30-50% YoY in 2027 off a high base in 2026 on its own FoCoS capacity ramp and TSMC's CoWoS licensing.

Exhibit 11: Front-end sales, capex, and capital intensity
Front-end capex should reach US$86bn/US$108bn in '26/27

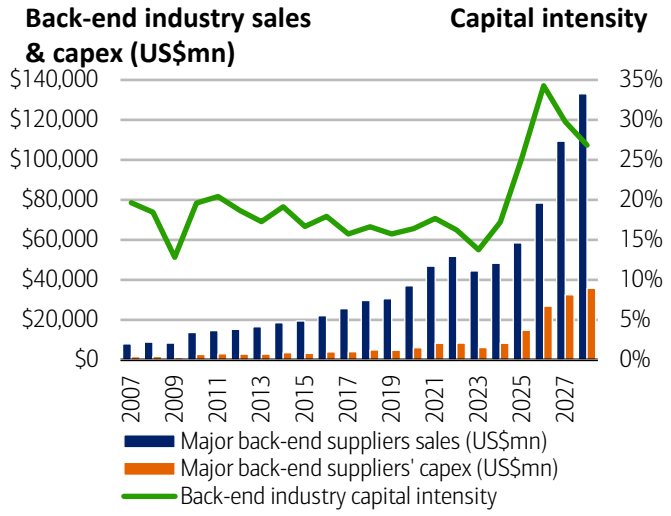
BofA GLOBAL RESEARCH

Exhibit 12: Back-end sales, capex, and capital intensity
Back-end capex should reach US$27bn/US$33bn in '26/27



Source: Company Data, BofA Global Research estimates, Bloomberg

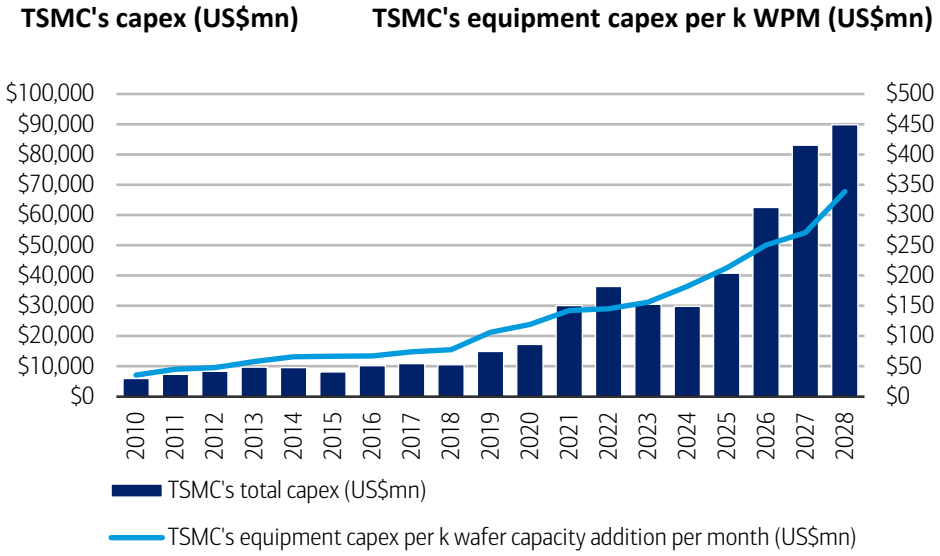
BofA GLOBAL RESEARCH

Specifically on TSMC, based on our bottom up capacity analysis across front-end manufacturing and back-end packaging, TSMC's capex spending is tracking to US$63bn for 2026 (vs. its latest guidance of US$60-64bn) mostly skewed toward advanced front-end manufacturing including 55-60k WPM 3nm capacity addition, 60k WPM 2nm capacity ramp, initial 3-5k WPM A16 capacity installation. The back-end packaging investment should be largely driven by its CoWoS capacity growth while the spending on the equipment pull-in for CPO and CoPoS remains limited as most of the equipment are still under sampling process for qualification and meaningful shipment will be in 2027-28.

In addition to the earlier tool pull-in schedule due to tighter equipment supply with memory makers expanding, the fast-growing capex should reflect the rising cost per 1k WPM on the advanced nodes vs. mature nodes, with the equipment cost per 1k WPM advanced wafer capacity expansion has grown from US$156mn in 2023 to US$241mn in 2025. Even factoring in more common use of equipment on the advanced nodes, the capex/1k WPM advanced capacity could further rise by 20% to US$289mn in 2027 with the technology architecture upgrade.

On top of the investment in the core front-end manufacturing, we expect the company to slightly outspend in the back-end packaging and estimate it is at the upper half of its guidance for 10-20% total capex, mainly for more aggressive capacity expansion to meet its customers' demand amid growing competition from Intel's EMIB-T solution and technology innovation. On the other hand, the maintenance capex could be reduced for specialty technologies as the company gradually retires the equipment.

Exhibit 13: TSMC's total Capex vs. equipment spending per k WPM capacity addition
TSMC spend 1-2x more on 1k WPM expansion due to its shift to advanced nodes in recent years

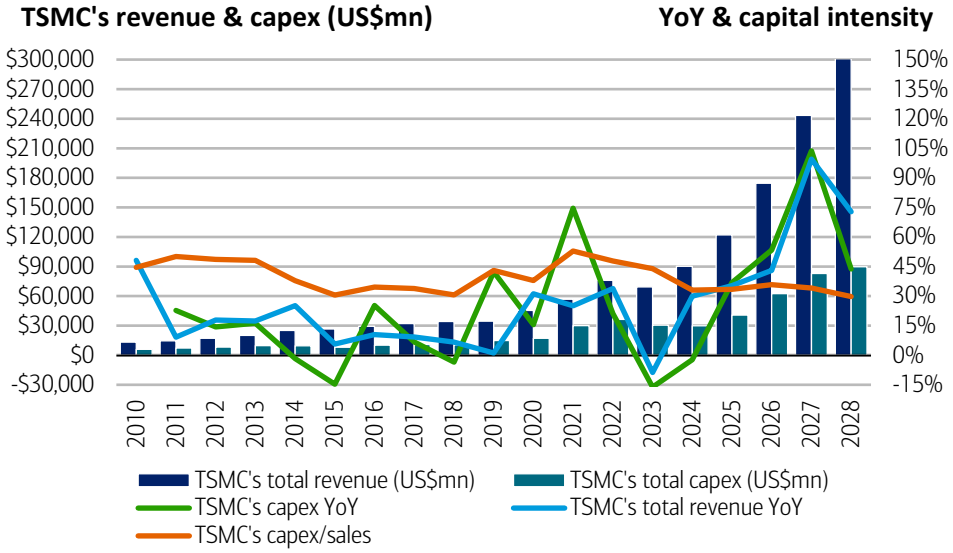


Source: Company Data, BofA Global Research estimates

BofA GLOBAL RESEARCH

Considering the capex required for further 3nm capacity expansion in the additional phases in its Tainan megafab, Arizona and the recently announced 2nd fab in Kumamoto on strong AI/HPC/automotive demand, ramping scale for 2nm family including A16, R&D on A14 supplemented by multiple back-end packaging technologies in progress (e.g. CoWoS, CoPoS, SoIC, WMCM) and lower capex efficiency in its US operation, our bottom up model shows TSMC's capex could be US$83bn/US$90bn in 2027/28 at a CAGR of 20% CAGR from 2026-28.

Exhibit 14: TSMC's revenue and Capex trend
TSMC's sales should still outgrow Capex to keep its capital intensity manageable



Source: Company Data, BofA Global Research estimates

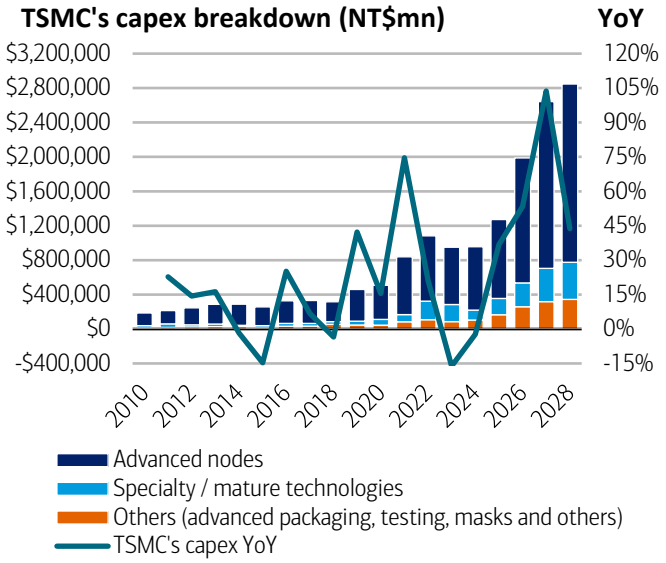
BofA GLOBAL RESEARCH

Beyond the technology upgrades and capacity expansion, we would note the equipment price hike would drive additional spending required by TSMC in the next few years. Our feedback from the tool suppliers noted they plan to hike the price by 10-15% for the front-end manufacturing equipment and 5-10% for the back-end packaging equipment effective from 2027 to reflect higher component and labor cost.

With TSMC's stronger bargaining power against the equipment supply chain vs. its peers, it should be able to fully pass on the ~10% higher nominal capex to its customers by lifting its foundry pricing when the tools are delivered for its production ramp in 2H27, setting up a good start for the pricing outlook in 2028.

While the surge in headline capex hike could lead to concern on accelerating depreciation, we estimate it will only grow at 21% CAGR from 2026-28 due to modestly higher portion of the spending towards facility and clean room with much longer depreciation cycle than equipment. This should keep the depreciation still undergrowing its sales of +32% CAGR, sustaining GMs expansion to 68-69% levels by 2028.

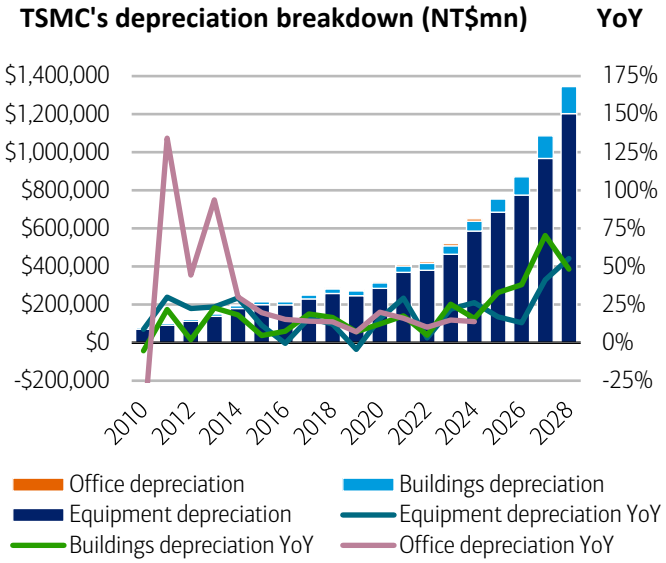
Exhibit 15: TSMC Capex spending breakdown by technology
TSMC spends the most on advanced front-end but packaging is outgrowing



Source: Company Data, BofA Global Research estimates

BofA GLOBAL RESEARCH

Exhibit 16: TSMC's depreciation trend
TSMC's depreciation growth will be led by equipment



Source: Company Data, BofA Global Research estimates

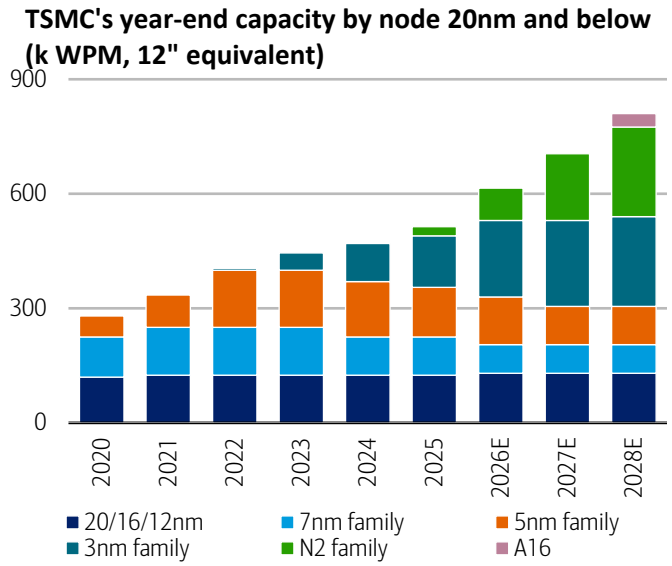
BofA GLOBAL RESEARCH

We keep our Buy rating on TSMC and lift PO from NT$3,100 to NT$3,260 on unchanged 20x '27E P/E and US$ADR PO from $590 to $620. Our EPS for 2026/27/28E are now NT$112/161/203 (vs. NT$110/156/188 prior) as we factor in stronger CPU and AI GPU/ASIC demand outlook. Its current valuation seems undemanding at 16x '27E P/E (vs. its long term P/E average of 11-21x).

Capacity expansion accelerates across advanced front-end and back-end

As TSMC is in the process to retire a portion of its equipment on 6", 8" and mature 12" processes while still adding the capacity on the advanced nodes, we estimate the company's total front-end manufacturing capacity will drop by 2% YoY in 2026.

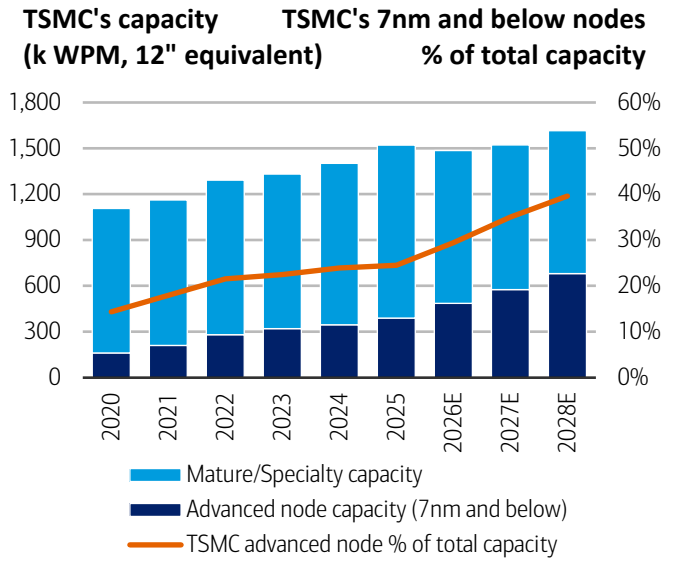
Exhibit 17: TSMC's year-end capacity by node for 20nm and below
TSMC will expand aggressively on 3nm and 2nm through 2027



Source: Company Data, BofA Global Research estimates

BofA GLOBAL RESEARCH

Exhibit 18: TSMC's advanced node capacity as % of its installed base
TSMC's advanced nodes will reach 40% of its total capacity



Source: Company Data, BofA Global Research estimates

BofA GLOBAL RESEARCH

The trend could be more stable into 2027-28 as TSMC strives to optimize its capacity mix and across node conversion to accommodate its customers' demand especially on the leading-edge technologies, with its advanced capacity set to grow by 10% CAGR from 2025-28 balanced by the mature capacity reduction at -8% CAGR.

Based on our estimate, TSMC's capacity for 7nm and below nodes will grow from 320k WPM per month in 2023 to ~700k WPM by 2028 at a 16% CAGR, through expansion and efficient conversion from higher equipment commonality, cross technology planning and AI productivity gains (e.g. tool idle time and chamber cleaning schedule optimization). This will also support the mix of 7nm and below capacity climb toward 40-45% of its total capacity (vs. 24% in 2023). By region, we expect the capacity expansion through 2027 to enable its overseas fabs to account for 17% of TSMC's total capacity by 2028 (vs. 7% in 2020) and similarly for the advanced node capacity (vs. ~0% in 2023), mainly in Arizona and Kumamoto.

Specifically, we believe the company is on track to its target on 25% CAGR capacity expansion for its 5nm and 3nm from '22-27. We model its 3nm capacity will reach 190k/230k WPM by 4Q26/27. On N2 family, TSMC plans to grow capacity by 70% CAGR from '26-28, with 1st year ramp delivering 45% more capacity vs. 3nm as it rolls out 5 fabs at once.

Exhibit 19: TSMC 5nm and below wafer consumption/supply/utilization
Utilization of 5nm and blow to remain high

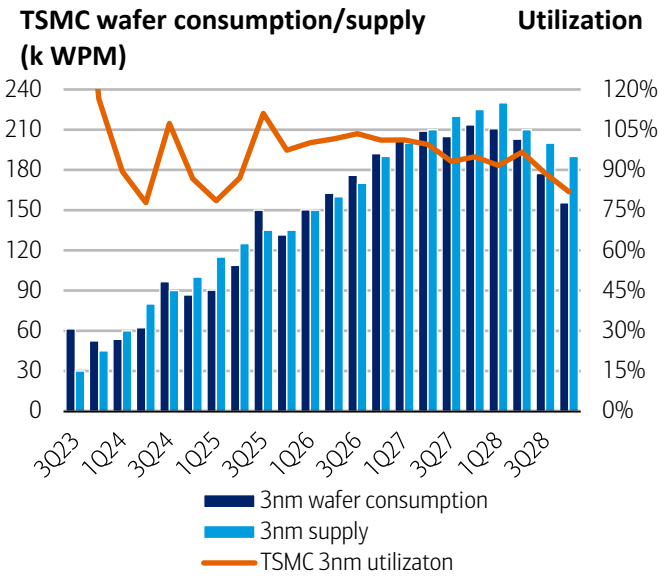
BofA GLOBAL RESEARCH

Exhibit 20: TSMC 3nm wafer consumption/supply/utilization
TSMC 3nm to see utilization staying close to full

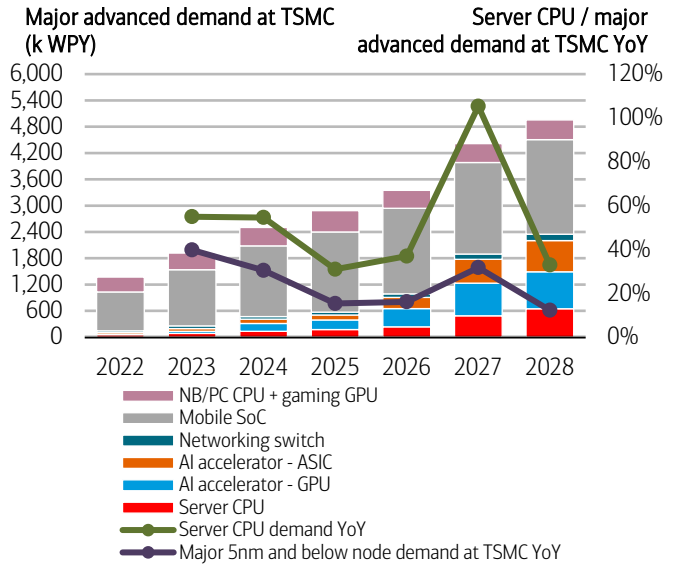


Source: Company Data, BofA Global Research estimates

BofA GLOBAL RESEARCH

On the demand, with 5nm and 3nm generating ~50% of TSMC's revenue in 2025, we analyze the supply and demand landscape through our bottom-up capacity model and wafer consumption by the company's major customers for their major products on these nodes. Based on our estimate, the utilization for 5nm and below nodes could stay high at least 90% if we only consider the effective capacity which is especially important during the period of frequent capacity conversion and new node ramp in the next few years.

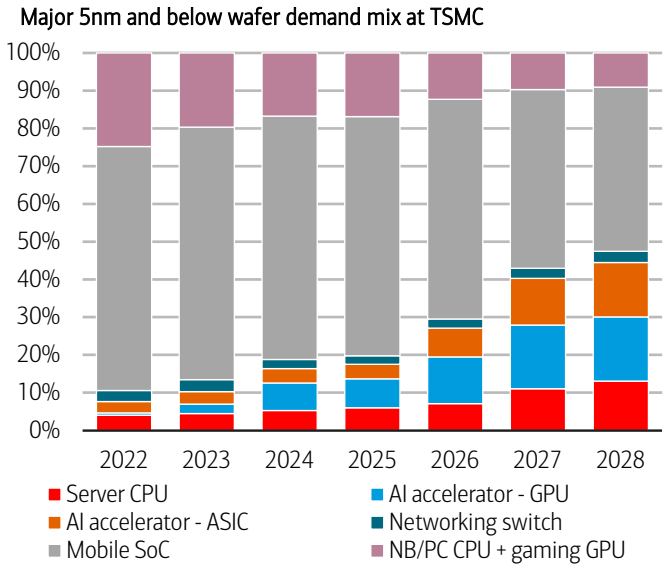
Exhibit 21: Major 5nm and below wafer demand at TSMC
Server CPU demand outgrows overall major advanced chipsets



Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

Exhibit 22: Major 5nm and below wafer demand mix at TSMC
Server CPU accounts for 13% in 2028

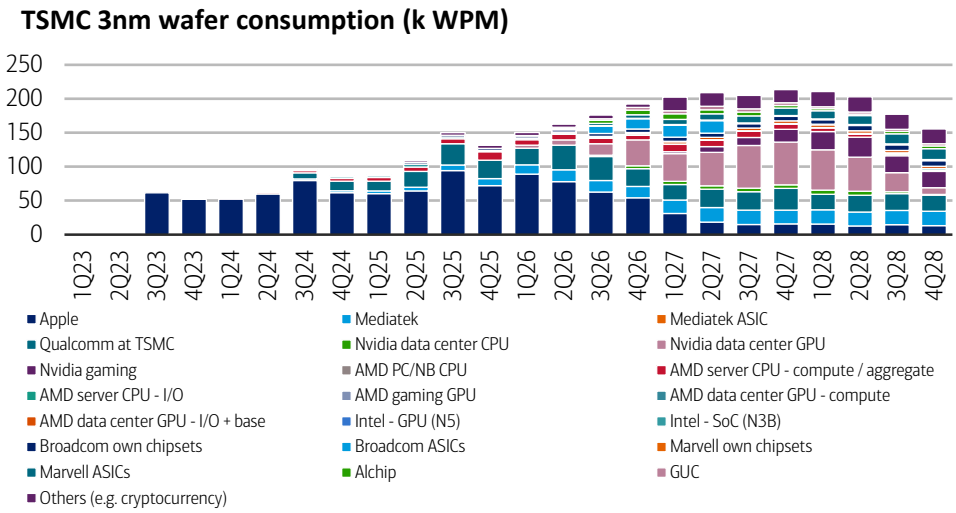


Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

We would note 3nm, as a sweet spot for high performance computing, networking and flagship smartphone chipsets, could see the utilization staying close to full even with continued expansion on strong project pipeline, sustaining continued price hike even in 2027 following the price surge in 2025-26. The node could be even more profitable from 2028-29 when the fixed cost starts rolling off following 5 year depreciation cycle.

Exhibit 23: TSMC 3nm wafer consumption by customers
Mediatek/Qualcomm/Nvidia should remain the largest customers following Apple's migration to 2nm

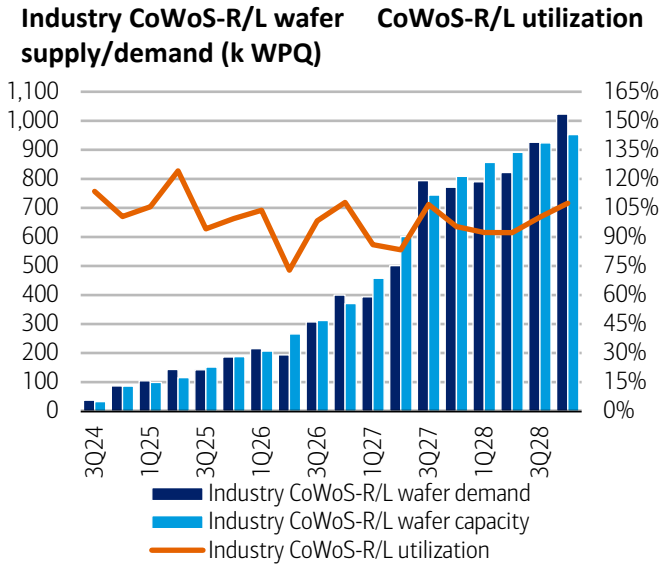


Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

On the back-end packaging, with surging server CPU demand on top of the already strong order backlog for GPUs and ASICs, we estimate the industry's CoWoS supply will need to grow by 52% CAGR from 2026-28. TSMC will still lead the capacity expansion from 120k WPM in 4Q26 to 210k WPM in 4Q27, while the OSATs will also grow their portion of the supply with ASE and Amkor adding capacity to 70-75k+ WPM (vs. 30-35k in 4Q26) and 25-30k WPM (vs. 15-20k by 4Q26) in 4Q27 respectively. Specifically, while TSMC should still lead the supply for complex GPU and ASIC packaging, ASE grows as a major 2nd source with its capacity share growing from 18% of the industry in '26 to 29% in '28 and proven track record as the major CoWoS full process service provider for AMD's Venice server CPU.

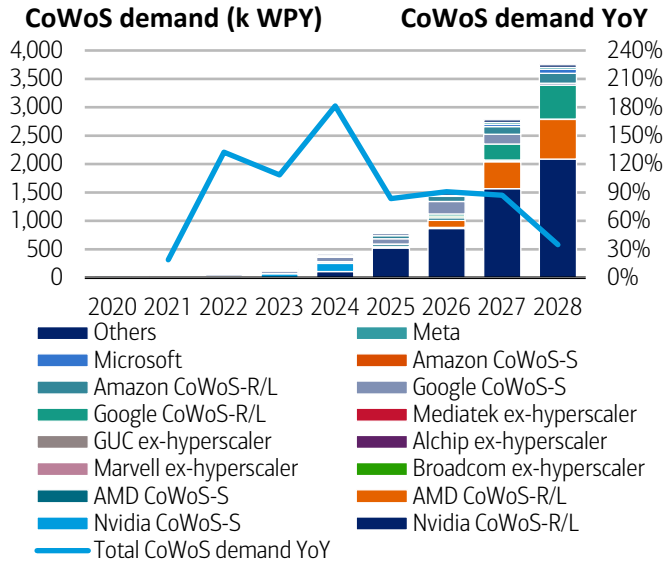
Exhibit 24: Industry CoWoS-R/L supply/demand
CoWoS-R/L utilization should stay at high levels



Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

Exhibit 25: Industry CoWoS demand
CoWoS demand should remain strong through 2028



Source: Global Research estimates

BofA GLOBAL RESEARCH

We estimate TSMC's SoIC capacity will reach 20k WPM by 4Q26 and will need to grow to 35k WPM by 4Q27 and further to 50k WPM by 4Q28 with the applications proliferating from AMD's GPUs to Apple's M-series CPUs in 2026, hyperscalers' customized ARM based server CPUs in 2027 and adoption by Nvidia for its Feynman GPU along with the inflection of CPO penetration in 2028.

Similar to CoWoS, the SoIC technology could be even more important for TSMC going forward and the capacity ramp could be steep given much faster data transmission required for the HPC chipsets across CPUs, GPUs, AI accelerators and networking switches. At full utilization, we estimate SoIC could contribute US$2.9bn annually to TSMC in 2028 (1% of the company's total sales)

Exhibit 26: TSMC SoIC supply/demand trend
TSMC's SoIC capacity will reach 20k WPM by 4Q26 and will need to grow to 35k WPM by 4Q27

BofA GLOBAL RESEARCH

Solid technology roadmap and execution easing competition concern

TSMC is pursuing a dual track strategy for its front-end manufacturing, advancing the solution for both its consumer and HPC customers. The nodes targeted for consumer chipsets requiring cost efficiency and IP reuse will be introduced on an annual basis to match its customers' yearly product launch schedule. For the HPC applications, the company targets to roll out a new node with biennial cadence, supporting major leaps in performance, transistor density, and power density.

Exhibit 27: Front-end manufacturing roadmap comparison
TSMC's advanced node technology roadmap advancing faster vs. Intel and Samsung and has the widest offerings targeted for different applications

Company	End Market / Segment	2023	2024	2025	2026	2027	2028	2029
TSMC	Data Center	N4P & N4X		N3X & N2	N2P & A16	N2X		A12
	High-end consumer/mobile	N3	N3E	N3P & N2	N2P		N2U & A14	A13
	Automotive		N5A		N3A			
	Mainstream		N4P	N4C	N3C		N2U	
Intel Foundry	Data center and high-end client	3	3	3 & 18A		18A-P		14A & 14A-E
	Mature	16	16-E		Intel/UMC 12			
Samsung Foundry	Data Center	SF4P	SF4X				SF2X	SF2Z
	High-end consumer/mobile	SF4P	SF3	SF2	SF2P	SF2P+		SF1.4
	Automotive	SF5A		SF4A		SF2A		
	Mainstream			SF4U				

Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

This is evidenced in its N2 family and below nodes, with N2U ramping in '28 for mobile applications and A13 node in '29 which will be backward compatible to A14. It will also have A12 node in '29 integrated SPR to address power integrity and current delivery constraint suitable for AI/HPC systems. The strategy along with the continued expansion of the derivative offerings for main nodes should position TSMC well to defend its market share with its competitors claiming their progress on the advanced manufacturing.

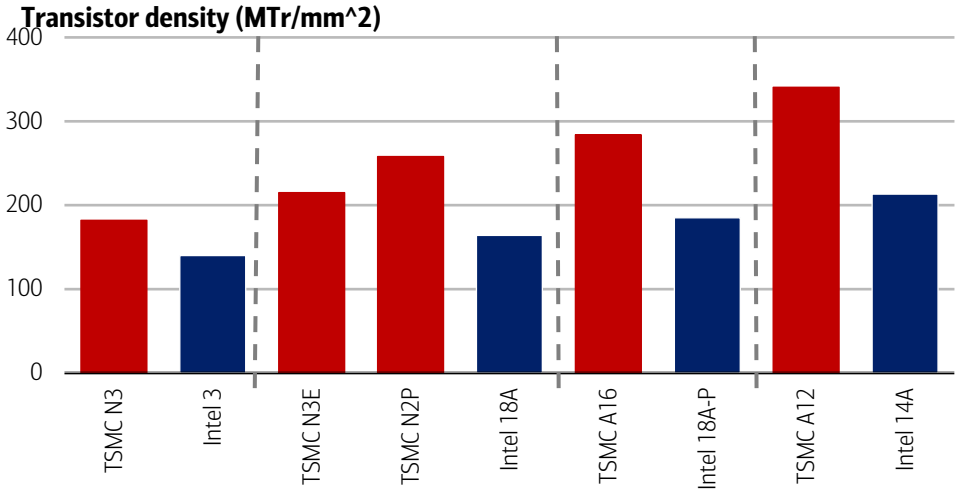
Specifically, Intel's 18A has been in mass production since 4Q25 for its Panther Lake and Clearwater Forest chipsets though yield will not be fully fine tuned until 1Q27 at 25-30k WPM capacity scale in its Oregon and Arizona fabs. The follow on derivative technology, 18A-P, has recently started risk production featuring 9% performance gains though may not enter into mass production until 2027 at the earliest.

Longer term, Intel's next major upgrade will be on 14A which is guided to start risk production in 2028 for commercialization in 2029. It is important to note A14 will be the first major node Intel provides with its external foundry customers and 0.9 PDK is targeted to be shipped in 4Q26.

For Samsung, at its recent SAFE Forum in 2Q26, the company reaffirmed four generations of 2nm roadmap, including SF2 which has been in production since 2025, SF2P in 2026, SF2P+ in 2027-28 and SF2X (no firm date). Notably, the previously announced derivative technologies, including SF2Z featuring backside power for HPC applications and SF2A for automotive applications, were not included in its latest roadmap which should be folded as part of its SF2P+ offerings. With a modest delay for its 2nm progress, the company also pushed out its SF1.4 mass production to 2029 (vs. original 2027).

On the capacity and yield planning for its advanced nodes, Samsung noted its SF2 yield is still at 50-60% levels but confirmed its SF2P+ tooling has been in installation through 2026 for mass production in 2027 in its Taylor fab. Its capacity expansion in the US along with the existing 20k WPM capacity on SF2 in Korea put the company's capacity installed base on the node at 35k WPM by the end of 2027.

Exhibit 28: TSMC's front-end manufacturing transistor density vs. Intel
TSMC is widening its transistor density advantage against Intel as technology advances



Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

Based on the capacity planning and technology roadmap, we believe TSMC retains the leadership through its roadmap and yield execution and scale. Specifically, the company's transistor density has been outperforming by ~30% for its N3/N3E vs. Intel 3/18A. With similar production timing and targeted applications, we estimate the transistor density gap could be even widened to ~50%/~60% for TSMC's upcoming A16/A12 nodes when comparing with Intel 18A-P/14A.

In addition to delivering superior specs on the power, performance and area, TSMC's execution reliability has become self-reinforcing: superior yield and on-time delivery on the leading edge technologies win customer trust. The profitable business opportunity then translates the cash flow funds to the next leg of capex cycle required for further technology and capacity lead. In contrast to TSMC's 150-200k+ WPM capacity scale on every major node at mature yield, Samsung and Intel running their business at 15-20% of the company's scale at 60-70% yield is not sufficient to meet their own demand nor the stringent requirement from the external customers especially as the opportunity cost gets higher on the advanced manufacturing.

On the back-end packaging and testing solutions, TSMC provides its customers with higher complexity of the system level integration across advanced logic dies, CPO components and HBM through its CoWoS and SoIC technologies for the compute density and efficiency optimization. To accommodate larger size package, it is rolling out 5.5-reticle CoWoS in '26 with yield reaching 98%+ and will push the technology to 9.5x/14x reticle limit in '27/'28

Longer term, the company is developing SoW for up to 40-reticle packaging and CoPoS potentially for late '28 / early '29 mass deployment. The company is also upgrading CPO with COUPE solutions from PCB and substrate to interposer for 10x power efficiency uplift and 20x latency reduction though the contribution would still be limited based on our estimate at least through '27 before accelerating to 1% of its sales in '28 with more scale up switch adoption.

While CoPoS mass ramp is toward '29, the CoWoS upgrade at good yield should keep its position vs. Intel's EMIB-T currently at 80-85% pilot yield seeing risk of losing business if it fails to deliver 95%+ mass production yield by mid-'27.

SpaceX could be an anchor customer for TSMC, but not co-owning capacity/tech

On top of the competition risk from the incumbent players, the headline of Elon Musk's aggressiveness to build Terafab targeting long term 1 terawatt equivalent chipset capacity for AI compute deployment in the space term also triggers the investor concerns on TSMC's positioning. We believe the risk is overstated as there could be a delay in the qualification process of Intel's 18A for external customers and 14A due to IP and manufacturing flow issues based on the recent supply chain feedback. In addition, the equipment vendors also noted Terafab is only evaluating on equipment spec and potential procurement rather than placing firm orders. With extending equipment delivery lead time, this could put the company in an unfavorable position to receive tools for the initial production ramp in '29 it scheduled.

In the mid-term, Terafab's applications under Texas's JETI program earlier this year outlined ~US$119bn of planned investment across 4 phases from '26-36, with ~60% of it on tool procurement. The spending in '26-28 would be highly skewed toward facility construction before it starts to pull in US$6-8bn equipment per annum from '29-36.

We estimate the company will need to spend US$600mn+ for every 1k WPM expansion on the advanced nodes it targets in the US. Factoring the investment it targets to spend in the next decade, Terafab could only grow its capacity installed base by ~10k WPM per annum at maximum to 96k WPM front-end manufacturing capacity installed by '36, well below TSMC's scale, even if it can successfully deliver the technology roadmap through its own R&D effort and Intel partnership. This would prevent Terafab's operation from the economies of scale as the node migration continues, keeping TSMC as the major foundry partner for Tesla/SpaceX.

Exhibit 29: Wafer supply/demand analysis on Elon Musk's AI deployment target
With Terafab's near term delay and limited long term scale, TSMC will continue to be critical for Musk's ambitious AI compute deployment plan

Wafer supply/demand analysis on Elon Musk's AI deployment target	
SpaceX's annual orbital AI deployment target in 2028 (GW)	10
SpaceX's annual orbital AI deployment target in 2029 (GW)	100
Musk's long term target to deploy AI compute annual run rate (GW)	1,000
TDP of Nvidia's Feynman GPU (W)	6,000
GPU die output per front-end wafer (units)	55
Wafer demand for Feynman compute die for SpaceX's in '28 (k WPM)	10
Wafer demand for Feynman compute die for SpaceX's in '29 (k WPM)	101
Wafer demand for Feynman compute die to meet Musk's LT target (k WPM)	1,006
TSMC's 3nm and below capacity in 2028 (k WPM)	505

Terafab capacity by 2036 based on its US$119bn investment plan (k WPM)	96

Source: BofA Global Research estimates

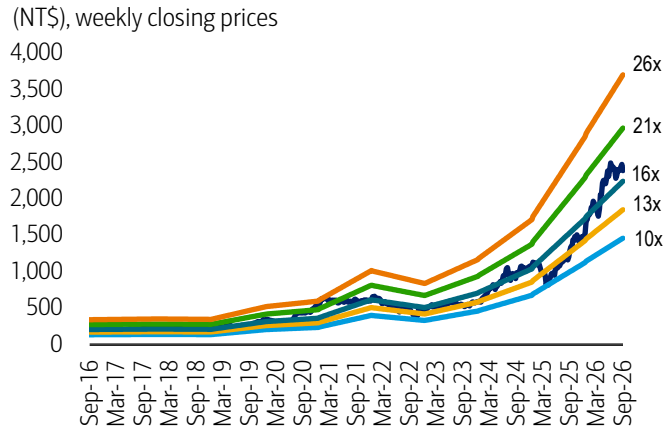
BofA GLOBAL RESEARCH

We also analyze the wafer consumption from SpaceX's annual orbital AI deployment target in '28/'29 of 10GW/100GW and Musk's long term 1TW target. Assuming the compute it plans to deploy in '28-29 is all powered by the most advanced Nvidia's Feynman GPUs delivering 6kW per package, this would drive 1.7mn/16.7mn chipset demand in '28/'29 respectively which requires 10k/101k monthly advanced wafer production. From the supply perspective, as Feynman GPU will be built on TSMC's A16 node, the chipset demand should be fully accommodated. With limited support from Terafab, SpaceX in this scenario could become one of the largest customers for TSMC consuming ~20% of its advanced node capacity in '29 (vs. ~1% in '26 and ~2% in '28).

Longer term, Musk's ambitious target to deploy 1 terawatt AI compute power annually would consume 1mn+ wafers per month on the advanced nodes. To have higher level of the control on capacity sufficiency, Terafab could consider to partner with TSMC though the likelihood of TSMC licensing technology or operating a fab with Terafab holding a meaningful share should be low. Specifically, we would note TSMC's JV fab record is limited only with WaferTech, SSMC, VIS, JASM, ESMC and AVSM mostly on mature nodes and it did not co-own a fab with Apple who contributed ~21% of its revenue from '15-25 mostly on the advanced processes as it keeps full business control and preserves customer neutrality.

TSMC valuation reasonable and has room to re-rate with its HPC customers

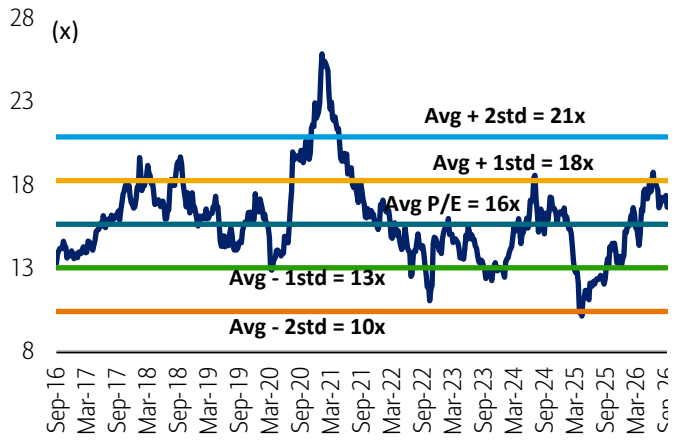
Exhibit 30: TSMC's P/E valuation band
TSMC's share at 16x '27E P/E is undemanding



Source: BofA Global Research estimates, Bloomberg

BofA GLOBAL RESEARCH

Exhibit 31: TSMC's valuation based on BofA estimates
TSMC's valuation of 16x '27E P/E is at the middle of its historical 10-21x range

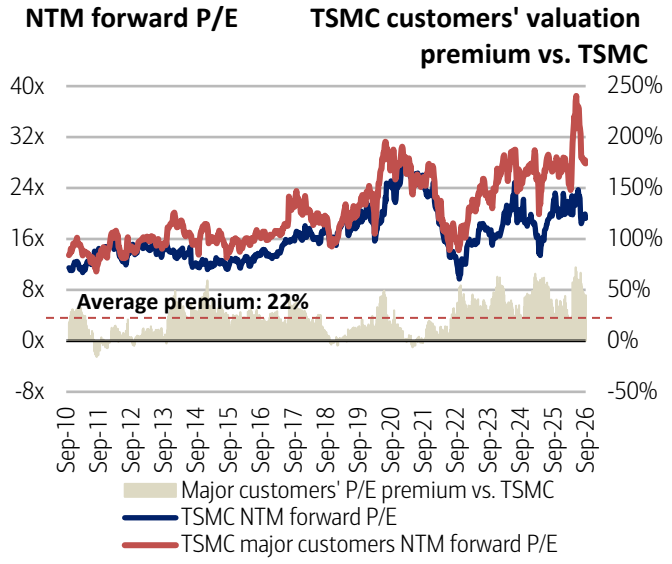


Source: BofA Global Research estimates

BofA GLOBAL RESEARCH

TSMC's current valuation remains well supported when viewed through both its historical context and its relative positioning vs. its customers. In the past decade, TSMC's forward P/E has averaged ~16x with a range of 10-21x through the cycles.

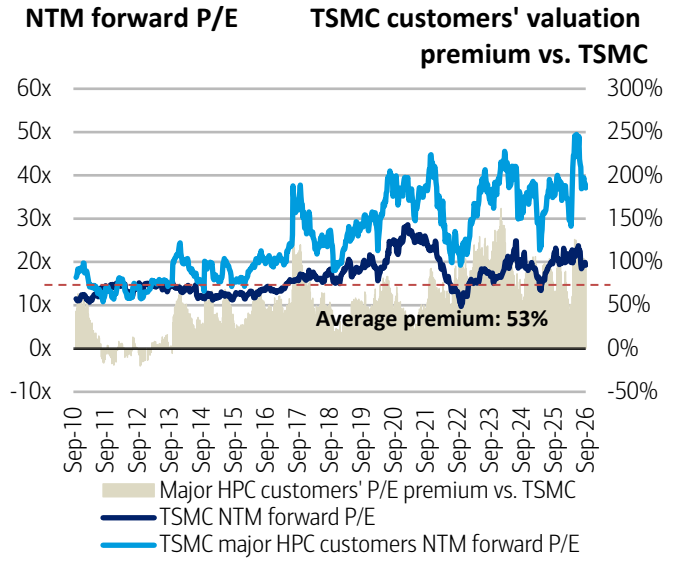
Exhibit 32: TSMC's P/E trend vs. its customers
TSMC customers' P/E is now at 45% premium to TSMC vs. 22% average



Source: BofA Global Research, Bloomberg

BofA GLOBAL RESEARCH

Exhibit 33: TSMC's P/E trend vs. its HPC customers
HPC fabless are the main driver for valuation premium at 100%



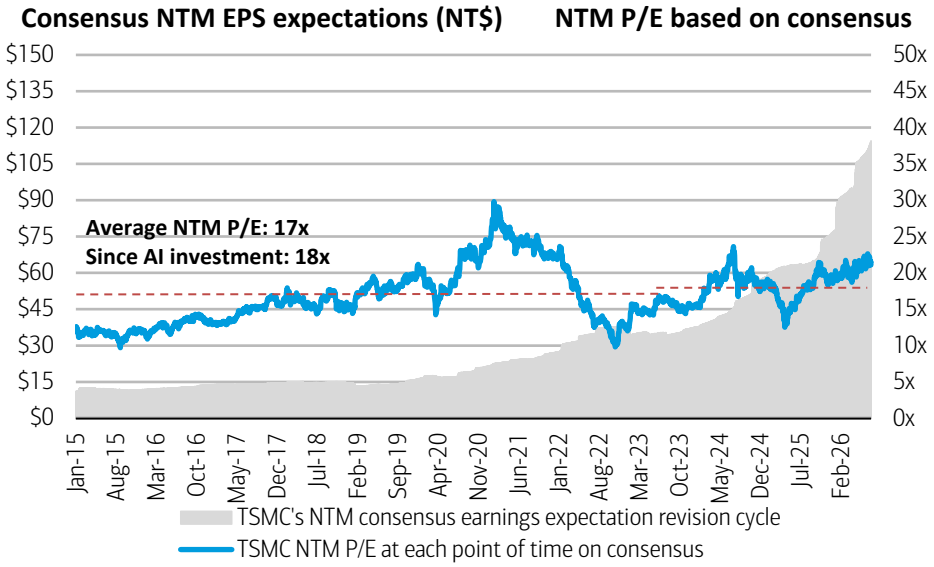
Source: BofA Global Research, Bloomberg

BofA GLOBAL RESEARCH

The relatively more modest valuation improvement for TSMC also contrasts with its customers' more pronounced re-ratings. Based on our analysis of forward P/E spreads, TSMC's major customers usually have a 22% average premium vs. TSMC in the long term though the current level is at 45%, suggesting TSMC's valuation has been lagging.

Specifically, the valuation deviation for TSMC's HPC customers vs. the company has widened with 100-150% valuation premium vs. TSMC at this stage (vs. historical average of 53%). We believe this is driven by a surge in valuation for the direct beneficiaries from AI data center deployment, including the companies designing GPUs, ASICs and networking chipsets.

Exhibit 34: TSMC's consensus earnings vs. P/E trend
TSMC's share price strength only driven by earnings upgrade so far



Source: BofA Global Research, Bloomberg

BofA GLOBAL RESEARCH

It is also noteworthy that, while TSMC's share performance since 2H23 has been solid, it is predominantly driven by the earnings upward revisions rather than multiple expansion. The company's NTM P/E has remained largely stable, only lifted to 18x in the past 2 years vs. its long-term ~17x levels. The company's ADR though has been performing better as it attracts a broader investor base vs. common share, with its premium still at 10% (vs. the long term average 8%) and at 20x 2027 consensus P/E.

With its firmer technology leadership, this should bode well for the company's earnings upgrade cycle and its share should also be re-rated at least 20x NTM P/E (24x P/E for ADR factoring the premium), back closer to its customers and the broader ecosystem.

Glossary of abbreviations/acronyms

Term	Definition
AI	Artificial Intelligence
AMD	Advanced Micro Devices
ASIC	Application Specific Integrated Circuit
AVSM	Advanced Vision Semiconductor Manufacturing
CoPoS	Chip-on-Panel-on-Substrate
CoWoS-L	Chip-on-Wafer-on-Substrate-Local Silicon Bridge
CoWoS-R	Chip-on-Wafer-on-Substrate-Redistribution Layer
CPO	Co-Packaged Optics
CPU	Central Processing Unit
EMIB	Embedded Multi-die Interconnect Bridge
ESMC	European Semiconductor Manufacturing Company
FoCoS	Fan-Out Chip on Substrate
GPU	Graphic Processing Unit
HBM	High Bandwidth Memory
HPC	High-Performance Computing
JASM	Japan Advanced Semiconductor Manufacturing
JV	Joint Venture
SoC	System on Chip
SoIC	System on Integrated Chips
SoW	System-on-Wafer
SPR	Super Power Rail
SSMC	Systems on Silicon Manufacturing Company
TPU	Tensor Processing Unit
VIS	Vanguard
WMCM	Wafer-level-multi-chip-module
WPM	Wafer per month

Price objective basis & risk

Taiwan Semiconductor Manufacturing Co. (TSMWF / TSM)
Our PO for TSMC is NT$3,260 per share (US$620 per ADR), based on 20x 2027E P/E. TSMC's valuation has traded in the range of 10-26x PE from 2017. 20x is in the mid to high end of the historical range, above the average P/E of 16x. We think a PE above the average is justified given TSMC's enhanced industry position and mid-to-high 50% 5-year CAGR in AI should underpin a rerating

Downside risks to our price objective are: (1) greater-than-expected slowdown in global smartphone/consumer electronics demand, (2) Intel's potential insourcing strategy and ambitions in foundry service, (3) execution risks on advanced nodes, and (4) higher than expected tariffs.

Analyst Certification

I, Haas Liu, hereby certify that the views expressed in this research report accurately reflect my personal views about the subject securities and issuers. I also certify that no part of my compensation was, is, or will be, directly or indirectly, related to the specific recommendations or view expressed in this research report.

Special Disclosures

Information on securities which are listed on the exchanges where ML Securities (Taiwan) Limited is not permitted to trade or solicit trades for clients is for informational purposes only and is not a recommendation or a solicitation to trade such securities. ML Securities (Taiwan) Limited will not execute transactions for nor accept orders from clients to trade such securities. Foreign investment in Taiwan securities is regulated and restricted. Currently, foreign investment in Taiwan securities is permitted by investment through: (1) global depository receipts, (2) convertible bonds, (3) mutual funds issued offshore of Taiwan, and (4) a special foreign institutional investors (FINIs) and foreign individual investors (FIDIs) program supervised by the Taiwan SFB whereunder FINIs/FIDIs may apply for investment ID to invest in Taiwan securities by registration with Taiwan Stock Exchange. FINIs will additionally need consent from the foreign exchange authority, ie, the Central Bank of China. In addition to the limitations above, various industry-specific percentage-based limitations on foreign ownership of Taiwan companies (and in some cases prohibitions) may apply. Investments are subject to exchange rate and currency conversion restrictions and risks. Dividends and interest earned by foreign investors' Taiwan securities/instruments are generally subject to a 20% withholding tax. Ordinary shares are not available to ML private client accounts in the U.S.

This report is distributed in Taiwan by Merrill Lynch Securities (Taiwan) Limited, which is regulated by the Taiwan SFB.

iQmethod℠ is the set of BofA Global Research standard measures that serve to maintain global consistency under three broad headings: Business Performance, Quality of Earnings, and validations. The key features of iQmethod are: A consistently structured, detailed, and transparent methodology. Guidelines to maximize the effectiveness of the comparative valuation process, and to identify some common pitfalls.

iQdatabase® is our real-time global research database that is sourced directly from our equity analysts' earnings models and includes forecasted as well as historical data for income statements, balance sheets, and cash flow statements for companies covered by BofA Global Research.

iQprofile℠, *iQmethod℠* are service marks of Bank of America Corporation. *iQdatabase®* is a registered service mark of Bank of America Corporation.

Sell	744	20.63%	Sell	446	59.95%

[R1] Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster[R2]
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

[R2]Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. *Coverage Cluster* is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

Price Charts for the securities referenced in this research report are available on the Price Charts website, or call 1-800-MERRILL to have them mailed.
BofAS or one of its affiliates acts as a market maker for the equity securities recommended in the report: Taiwan Semi Mfg Co.
The issuer is or was, within the last 12 months, an investment banking client of BofAS and/or one or more of its affiliates: Taiwan Semi Mfg Co.
BofAS or an affiliate has received compensation from the issuer for non-investment banking services or products within the past 12 months: Taiwan Semi Mfg Co.
The issuer is or was, within the last 12 months, a non-securities business client of BofAS and/or one or more of its affiliates: Taiwan Semi Mfg Co.
BofAS or an affiliate expects to receive or intends to seek compensation for investment banking services from this issuer or an affiliate of the issuer within the next three months: Taiwan Semi Mfg Co.
The country in which this issuer is organized has certain laws or regulations that limit or restrict ownership of the issuer's shares by nationals of other countries: Taiwan Semi Mfg Co.
BofAS or one of its affiliates is willing to sell to, or buy from, clients the common equity of the issuer on a principal basis: Taiwan Semi Mfg Co.
The issuer is or was, within the last 12 months, a securities business client (non-investment banking) of BofAS and/or one or more of its affiliates: Taiwan Semi Mfg Co.
BofA Global Research personnel (including the analyst(s) responsible for this report) receive compensation based upon, among other factors, the overall profitability of Bank of America Corporation, including profits derived from investment banking. The analyst(s) responsible for this report may also receive compensation based upon, among other factors, the overall profitability of the Bank's sales and trading businesses relating to the class of securities or financial instruments for which such analyst is responsible.

Other Important Disclosures

From time to time research analysts conduct site visits of covered issuers. BofA Global Research policies prohibit research analysts from accepting payment or reimbursement for travel expenses from the issuer for such visits.
Prices are indicative and for information purposes only. Except as otherwise stated in the report, for any recommendation in relation to an equity security, the price referenced is the publicly traded price of the security as of close of business on the day prior to the date of the report or, if the report is published during intraday trading, the price referenced is indicative of the traded price as of the date and time of the report and in relation to a debt security (including equity preferred and CDS), prices are indicative as of the date and time of the report and are from various sources including BofA Securities trading desks.
The date and time of completion of the production of any recommendation in this report shall be the date and time of dissemination of this report as recorded in the report timestamp.

Recipients who are not institutional investors or market professionals should seek the advice of their independent financial advisor before considering information in this report in connection with any investment decision, or for a necessary explanation of its contents.
Officers of BofAS or one or more of its affiliates (other than research analysts) may have a financial interest in securities of the issuer(s) or in related investments.
Refer to BofA Global Research policies relating to conflicts of interest.
"BofA Securities" includes BofA Securities, Inc. ("BofAS") and its affiliates. Investors should contact their BofA Securities representative or Merrill Global Wealth Management financial advisor if they have questions concerning this report or concerning the appropriateness of any investment idea described herein for such investor. "BofA Securities" is a global brand for BofA Global Research.

General Investment Related Disclosures:

Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.

This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.

Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are not regulated in a manner similar to U.S. securities markets. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.

BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities or digital assets that may have been recommended or discussed in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments recommended or discussed in this report.

BofA Securities, through business units other than BofA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BofA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.

In the event that the recipient received this information pursuant to a contract between the recipient and BofAS for the provision of research services for a separate fee, and in connection therewith BofAS may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BofAS has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BofAS). If such recipient uses the services of BofAS in connection with the sale or purchase of a security referred to herein, BofAS may act as principal for its own account or as agent for another person. BofAS is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

As a result, BofA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BofA Global Research personnel's knowledge of legal proceedings in which any BofA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BofA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BofAS any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BofA Global Research

policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.
Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.
Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.
The information herein (other than disclosure information relating to BofA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BofA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website. Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BofA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BofA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.
All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.
Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.
Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.
In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.
Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.

Morgan Stanley | RESEARCH

UPDATE

October 12, 2026 04:24 PM GMT

AirTAC International | Asia Pacific

September Sales Rose 3% MoM, 27% YoY

Here we focus on Airtac's monthly sales, which we believe could be a catalyst for its share price.

What's new:

- September sales came in at NT$3,811mn (+3% MoM/+27% YoY).
- 3Q26 revenue was NT$11,512mn (-5% QoQ/+40% YoY), in line with our estimate of NT$11,586mn (-5% QoQ/+41% YoY) but slightly better than consensus at NT$11,215mn (-8% QoQ/+36% YoY).
- By segment, shipments of machine tool (+35% YoY), energy & lighting (+30% YoY), electronics (+27% YoY) and textiles (+25% YoY) outperformed during the month.

Outlook:

- Both order booking and shipments continued to exceed company expectations in the month.
- Looking ahead, management remains positive on its growth outlook, driven by share gains and stimulus policies, which could help sustain the upcycle at least into 2027.
- We remain OW as current valuation at 18x 2027e P/E is undemanding vs. its mid-cycle average of 25x, though we think Hiwin (2049.TW) might outperform on share price on the back of sequential growth in the top line and potentially GM in 3Q26.

Exhibit 1: AirTAC monthly sales vs. its share price since 2015

Valuation Methodology and Risks

AirTAC International (1590.TW)

Base case, 29x 2027e P/E. We believe this methodology better captures earnings growth momentum for industrial automation component plays (market sentiment moves along with business cycles). As the industry enters an up-cycle, we think applying a near-peak cycle valuation of 29x P/E is reasonable given the stronger business outlook.

Risks to Upside

- Stronger macroeconomic climate in China
- Stronger-than-expected demand from industrial automation

Risks to Downside

- Sharper economic downturn in China
- Miniature linear guideway business development taking more time
- Larger-than-expected investment in new products but weaker-than-expected demand

Hiwin Technologies Corp. (2049.TW)

Base case, P/E. We think this valuation methodology better captures Hiwin's earnings growth momentum, as its valuation tends to move with the business cycle. We apply a target multiple of 38x to our 2027 EPS estimate. We view this multiple as justified by the 47% operating profit CAGR we project for 2025-28.

Risks to Upside

- Stronger industrial automation demand pickup.
- Market share gains.
- Earlier-than-expected revenue contribution from humanoids.

Risks to Downside

- Weaker industrial automation demand.
- More pricing pressure.
- Market share loss.
- More broad-based impact on the global economy from geopolitical risks.

Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.
Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).
If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.
Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.
The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.
With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.
Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.
Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.
To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Automation – Read-across from Preliminary JMTBA September 2026 Orders

In this report, we focus on preliminary JMTBA orders, which we believe could be a catalyst for AirTAC's and Hiwin's share prices.

According to the Japan Machine Tool Builders' Association (JMTBA), headline orders grew 13% MoM and 60% YoY in September 2026 (vs. +2% MoM/+65% YoY in August 2026), to ¥223bn.

- Domestic orders were +24% MoM/+46% YoY (vs. -3% MoM/+62% YoY in August), at ¥64bn.
- Overseas orders were +9% MoM/+67% YoY (vs. +5% MoM/+66% YoY in August), at ¥159bn.

Our view:

- We think the sequential growth in overseas orders was consistent with seasonality, while the strength on a YoY basis continued to point to an upcycle scenario.
- Within overseas orders, we think China and Europe may have outperformed, as manufacturing PMIs held up better (50.1/52.9 for China/Europe in September vs. 49.8/52.7 in August). N.A is likely to be softer compared to other regions, as its manufacturing PMI edged down slightly to 54.5 in September (vs. 54.6 in August).
- We remain OW on both AirTAC (1590.TW) and Hiwin (2049.TW) as we see company-specific drivers on top of the industry recovery trend:
  - Airtac should continue to benefit from its own market share gains, and valuation appears undemanding at 18x 2027e P/E (vs. 25x average since 2020).
  - Hiwin should see margin expansion in the coming quarters, driven by higher utilization and price hikes, which we believe could be share price catalysts. Current valuation of 29x 2027 P/E implies upside vs. peak cycle valuation at 35-40x P/E.

AlphaSignals Catalyst Event Reaction

Company / Catalyst	Date	Impact to thesis	Catalyst versus expectation
AirTAC International 1590.TW			
Preliminary JMTBA September 2026 Orders	12 Oct 2026	Unchanged	In-line
Hiwin Technologies Corp. 2049.TW			
Preliminary JMTBA September 2026 Orders	12 Oct 2026	Unchanged	In-line

Source: Company data, Morgan Stanley Research

Valuation Methodology and Risks

AirTAC International (1590.TW)

Base case, 29x 2027e P/E. We believe this methodology better captures earnings growth momentum for industrial automation component plays (market sentiment moves along with business cycles). As the industry enters an up-cycle, we think applying a near-peak cycle valuation of 29x P/E is reasonable given the stronger business outlook.

Risks to Upside

- Stronger macroeconomic climate in China
- Stronger-than-expected demand from industrial automation

Risks to Downside

- Sharper economic downturn in China
- Miniature linear guideway business development taking more time
- Larger-than-expected investment in new products but weaker-than-expected demand

Hiwin Technologies Corp. (2049.TW)

Base case, P/E. We think this valuation methodology better captures Hiwin's earnings growth momentum, as its valuation tends to move with the business cycle. We apply a target multiple of 38x to our 2027 EPS estimate. We view this multiple as justified by the 47% operating profit CAGR we project for 2025-28.

Risks to Upside

- Stronger industrial automation demand pickup.
- Market share gains.
- Earlier-than-expected revenue contribution from humanoids.

Risks to Downside

- Weaker industrial automation demand.
- More pricing pressure.
- Market share loss.
- More broad-based impact on the global economy from geopolitical risks.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.
Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).
If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.
Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.
The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.
With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.
Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.
Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.
To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

Delta Electronics Inc. | Asia Pacific

Our Thoughts on USITC Investigation No. 337

The near-term impact should be manageable, but we'll closely monitor developments on this matter.

What's new:

- The US International Trade Commission (USITC) formally launched a patent infringement investigation on October 9, 2026, following a complaint by Vicor Corporation, a US-based power electronics company, against 20 entities, including Delta and others across the power supply, server assembly and semiconductor space.
- Vicor alleges that certain imported vertical power delivery systems (used mostly in HPC chips) have infringed US Patent 10,903,734.
- Vicor requested two types of remedy: 1) a Limited Exclusion Order (LEO); and 2) Cease and Desist Orders (CDOs), which could restrict US imports and sales of infringing products if granted.

Our view:

- We note that this is not the first time Delta and Vicor have had legal disputes over patent infringement.
- We will closely monitor any developments in this matter, though we think the impact on Delta's operations should be manageable (the products in dispute account for high single digit % of its total revenue for 2026, based on our estimates).
- We remain OW.

Valuation Methodology and Risks

Delta Electronics Inc. (2308.TW)

Base case: P/E multiple of 30x based on average 2027-28 EPS. We believe our target multiple is justified by the 63% earnings CAGR we estimate for 2025-28, implying a PEG of 0.5, versus the stock's ~23x P/E and 23% earnings CAGR during 2022-25, which implied a PEG of 1.0.

Risks to Upside

- Faster-than-expected global economic growth
- Falling raw material prices
- Margin improvement

Risks to Downside

- Global economic slowdown
- Ongoing component supply tightness
- Rising raw material prices
- Margin contraction as a result of higher operating expenses or faster ASP erosion

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., AirTAC International, Asustek Computer Inc., AU Optronics, Auras Technology Co Ltd, Bizlink, Catcher Technology, Chenbro, Co-Tech Development Corp., Compal Electronics, **Delta Electronics Inc.**, E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, Fositek Corp, Genius Electronic Optical Co. Ltd., Giga-Byte Technology Co. Ltd., Hiwin Technologies Corp., LandMark Optoelectronics Corporation, Largan Precision, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Nan Ya PCB, Quectel Wireless Solutions Co Ltd, Sunny Optical, Suzhou TFC Optical Communication Co Ltd., Taiwan Union Technology Corporation, Unimicron, Visual Photonics Epitaxy Co Ltd, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhejiang Crystal-Optech Co Ltd, Zhen Ding, Zhongji Innolight Co Ltd, ZTE Corporation.

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Asustek Computer Inc., Unimicron, Wistron Corporation, Wiwynn Corp, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from Asustek Computer Inc., Lenovo, Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Zhen Ding, Zhongji Innolight Co Ltd.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, **Delta Electronics Inc.**, E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, **Delta Electronics Inc.**, E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

Delta Electronics Inc. | Asia Pacific

September Sales +1% MoM/ +15% YoY

In this report, we focus on Delta's monthly sales, which we believe could be a catalyst for its share price.

Details:

- September sales were NT$65,400mn (+1% MoM/+15% YoY).
- 3Q26 sales came in at NT$197,059mn (+8% QoQ/+31% YoY), largely in line with our estimate at NT$201,379mn (+10% QoQ/+34% YoY), but slightly below the consensus at NT$208,250mn (+14% QoQ/+39% YoY).

Our view:

- We believe the modest shortfall in 3Q26 revenue vs. the market expectation of ~10% QoQ, is due to some component supply shortages and the customer's pull-in schedule.
- Looking ahead, we expect 4Q26 revenue to grow by double-digit % QoQ on alleviated component supply and solid demand.
- Regarding the USITC Investigation No. 337, we believe near-term impact should be manageable, but we will continue to monitor the developments on this matter (see our report here).
- Stay OW.

Exhibit 1: Delta's monthly sales vs. its share price

Valuation Methodology and Risks

Delta Electronics Inc. (2308.TW)

Base case: P/E multiple of 30x based on average 2027-28 EPS. We believe our target multiple is justified by the 63% earnings CAGR we estimate for 2025-28, implying a PEG of 0.5, versus the stock's ~23x P/E and 23% earnings CAGR during 2022-25, which implied a PEG of 1.0.

Risks to Upside

- Faster-than-expected global economic growth
- Falling raw material prices
- Margin improvement

Risks to Downside

- Global economic slowdown
- Ongoing component supply tightness
- Rising raw material prices
- Margin contraction as a result of higher operating expenses or faster ASP erosion

Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).

If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Higher OE Estimates, Upgrade Largan and Genius

Following our semi team's increase in optical engine (OE) estimates, we raise our fiber array unit (FAU) estimates accordingly and thus upgrade Largan to OW and Genius to EW.

Key Takeaways

- We trim Largan's traditional business value to NT$2,800/share but raise FAU business to NT$6,240/share, from which we derive a new PT of NT$9,040.
- We value Genius's traditional business at NT$600/share and FAU business at NT $470/share, from which we derive a new PT of NT$1,070.
- We are more positive on FAU's TAM but, we think FAU's coupling/matching could be an overhang to our higher OE/FAU shipment estimates in 2027-28.

Raising FAU estimates after upstream semi team's OE estimates changes: Our OE shipment forecasts increase by 128%/52% to 17.73mn/73.87mn in 2027/28 (see full report). As OE and FAU are 1:1, we raise our FAU volume forecasts accordingly, while key other assumptions are unchanged, which resulted in an FAU TAM increase from US$778mn to US$1.773bn in 2027e and from US$4.86bn to US$7.387bn in 2028e. This significant FAU TAM increase leads to the changes below.

We now value Largan at NT$9,040/share, or 36% upside potential: Our analysis suggests that Largan's share price already embeds >30% global market share in FAU before formal production starts in 2H27 or even 2028. But our revised assumptions suggest further upside if Largan successfully ramps up production and gains meaningful market share. To reflect 3Q earnings miss, we trim our intrinsic value estimates from NT$3,000 to NT$2,800 per share for the company's traditional business, while our TAM analysis derives a value of NT$6,240/share for CPO/FAU new business, bringing the price target to NT$9,040. Considering the stronger growth potential in 2028, we upgrade the stock to OW from EW.

We now value Genius at NT$1,070/share, upgrade to EW: Similarly, we believe Genius's share price is also affected by hopes for FAU components. Using a similar approach, we conclude that the aggregate value is NT$1,070/share (NT$600 for existing business and NT$470/share for the FAU component business). We therefore see a more balanced risk/reward and hence move to EW.

Key risks to our call: While upstream semi capacity and yield might have already improved, we believe the yield of FAU coupling/matching will be a key overhang. Any lower-than-expected yield could result in shipment misses for FAU and OE. If the yield is not ideal, key customers are less likely to place large orders despite upstream capacity being ready. On the upside, earlier-than-expected mass production and more rapid volume growth could drive upside to our estimates.

Executive Summary

Higher optical engine shipment assumptions as yields improve

Our semi team has lifted their optical engine shipment assumptions following their latest supply-chain checks. While PIC production remains a bottleneck, improving SoIC yields and downstream assembly yields should support a faster OE ramp. They now expect OE production to reach 2mn/59mn/148mn units in 2026/27/28, with actual OE shipments reaching 0.39mn/17.73mn/73.87mn units, respectively. In particular, they assume the SoIC yield improves from 50% in 2026 to 95% in 2027 onwards, while downstream assembly yield rises from 20% in 2026 to 30%/50% in 2027/28. We believe this provides greater confidence in the CPO volume ramp, although downstream assembly and testing remain key gating factors for how quickly OE shipments can scale.

Exhibit 1: Optical engine assumptions: New vs. Old

Metric	Assumption	2026E	2027E	2028E

Source: Company data, Morgan Stanley Research (E) estimates

Largan: Larger CPO/FAU upside; upgrade to OW

Based on the semi team's assumption revision, we lift our CPO optical engine volume assumptions for 2027-28e while keeping other assumptions unchanged:

1. We forecast CPO optical engine volume to increase from 0.39mn in 2026 to 17.73mn in 2027, with a further surge to 73.87mn in 2028. Consequently, FAU (Fiber Array Units – vital optical interconnect components that align multiple optical fibers with silicon chips, making them critical for Co-Packaged Optics) volumes for CPO also grow from 0.39mn to 73.87mn in the same period;
2. We assume FAU ASP of US$100 in 2026-28 (average market level);
3. We forecast Largan's FAU market share to increase from 0% in 2026 to 5% in 2027 and 40% in 2028.
4. Assuming net margins of 10% in 2027 and 30% in 2028, we forecast FAU earnings of US$9mn in 2027 and US$882mn in 2028.

If we value the FAU business at 35x 2028e P/E (industry peers are at 40-50x P/E, but we use a more conservative multiple to reflect the first year of scalable production), this implies an incremental market cap of US$30.862bn. Discounting this back to 2026 at a 10% rate, we derive a per share positive impact of NT$6,240.

Exhibit 2: Base Case – Potential Positive Impact from FAU New Business for Largan

	2026E	2027E	2028E
Optical Engine Volume (mn)	0.39	17.73	73.87
FAU Volume (mn units)	0.39	17.73	73.87
ASP (USD)	100	100	100
Total TAM (US$ mn)	39	1,773	7,387
Largan's Market Share	0%	5%	40%
FAU Revenue for Largan (US$ mn)	0	89	2,939
Net Margin	n.a.	10%	30%
FAU Earnings for Largan (US$ mn)	n..a	9	882
Assumed Forward P/E			35
Market Cap in USD (mn)			30,862
Market Cap in TWD (mn)			987,578
Per share impact	6,240	6,864	7,550

Source: Morgan Stanley Research (E) estimates.

3Q26 results miss; revising down traditional business estimates. Largan reported 3Q26 revenue of NT$15.65bn, down 11% YoY, with gross margin declining to 42.2% and net income of NT$5.18bn, down 27% YoY. The weaker-than-expected gross margin, mainly due to lower new-product yields and higher structural green-power costs, resulted in a meaningful earnings miss. Together with softer smartphone order momentum, we lower our 2026-28 revenue estimates by 5-6% and gross margin assumptions to 45.8%/44.5%/47.5%, resulting in 12%/16%/9% downward revisions to our 2026-28 earnings estimates, respectively. For more details, please refer to Earnings Estimate Revision section.

We remain positive on Largan's CPO/FAU opportunity given the company's strong track record in high-precision manufacturing relative to most Taiwan peers. Following our semi team's higher optical engine shipment assumptions, we see a meaningfully larger FAU addressable market in 2027-28. More recently, Largan indicated that its first FA project has effectively passed customer verification and that it is expanding from FA into FAU, including coupling and potential FAU-to-carrier assembly, with dedicated capacity expected to support mass production from around mid-2027/2H27. While the current share price already reflects some CPO/FAU expectations, our revised assumptions suggest further upside if Largan successfully ramps production and gains meaningful market share. We set our price target at NT$9,040, comprising NT$2,800 from the traditional business and NT$6,240 from the CPO/FAU business.

Genius: Higher CPO/FAU optionality; upgrade to EW

Similar to Largan, following semi-team's higher assumptions, we also lift our CPO optical engine volume assumptions for 2027-2028e while keeping other assumptions unchanged.

1. We apply the same FAU volume and ASP assumptions as we do for Largan.
2. We expect Genius to be involved in FAU components, rather than overall solutions; therefore, we assume components TAM to be 15% of the FAU TAM.
3. We forecast Genius's market share to increase from 0% in 2026 to 5% in 2027 and 30% in 2028.
4. Assuming net margins of 10% in 2027 and 25% in 2028, we forecast FAU component earnings of US$1mn in 2027 and US$81mn in 2028.

If we value the FAU component business at 25x 2028e P/E (lower multiple than Largan because Genius has smaller scale), it could introduce incremental market cap of US $2,004mn. Discounting it back to 2026 at a 10% discounted rate, we derive a per-share positive impact of NT$470.

Exhibit 3: Base Case – Potential Positive Impact from FAU New Business for Genius

	2026E	2027E	2028E
Optical Engine Volume (mn)	0.39	17.73	73.87
FAU Volume (mn units)	0.39	17.73	73.87
ASP (USD)	100	100	100
Total TAM (US$ mn)	39	1,773	7,387
15% Share of Components TAM	6	266	1,108
Genius's Market Share	0%	5%	30%
FAU Component Revenue for Genius (US$ mn)	0	13	331
Net Margin	n.a.	10%	25%
FAU Component Earnings for Genius (US$ mn)	n..a	1	81
Assumed Forward P/E			25
Market Cap in USD (mn)			2,004
Market Cap in TWD (mn)			64,114
Per share impact	470	517	569

Source: Morgan Stanley Research estimates

Similar to Largan, our residual income model derives an intrinsic value of NT$600/share for the traditional business, while the TAM analysis suggests CPO/FAU-related opportunities could be valued at NT$470/share. Adding these together, we raise our price target materially to NT$1,070.

Given Largan's traditional business has faced margin headwinds in 3Q26 due to the application of green power, it's reasonable to expect that Genius could also face similar customer requirements on green power. However, as Genius has more production capacity in mainland China, we believe it could face less significant cost pressure. We therefore maintain our estimates unchanged at this stage and will monitor margin development in the upcoming quarterly results.

Earnings Estimate Revision

Largan reported 3Q26 revenue of NT$15.65bn (-11% YoY) and net income of NT$5.18bn (-27% YoY), with gross margin declining to 42.2%. Following weaker-than-expected 3Q26 results, softer smartphone order momentum and a lower gross margin outlook due to new-product yield pressure and higher green-power costs, we lower our revenue and GPM estimates for 2026-28, resulting in 9-16% downward earnings revisions over the period.

Exhibit 4: Earnings revisions: New vs. Old

	New			Old			New vs Old		
NT$ mn	2026E	2027E	2028E	2026E	2027E	2028E	2026E	2027E	2028E

Source: Morgan Stanley Research (E) estimates.

Valuation and Price Target Revisions

Largan: For the traditional business, we lower our earnings and medium-term growth rate; as a result, our intrinsic value in our base case scenario is adjusted down to NT$2,800 from NT$3,000. We use RIM valuation methodology for Greater China Hardware Tech companies in our coverage. We apply an unchanged CoE of 8.5%, a medium-term growth rate of 8% (from 7% previously on higher 2026e estimates), and a long-term growth rate of 3% (unchanged). However, we believe the upward revision to optical engine shipment assumptions materially increases the addressable market and earnings potential for Largan's FAU business. Therefore, we add the base case per share positive value from FAU based on the analysis in the previous section. The new SOTP valuation derives a new price target at NT$9,040 (from NT$7,100). We also raise our bull case and bear case values to NT$11,426 (from NT$11,142.80) and NT$4,620 (from NT$3,649.20).

Genius: For the traditional business, we make no earnings and intrinsic value revisions; as a result, our intrinsic value under our base case scenario is unchanged at NT$600. We use RIM valuation methodology for Greater China Hardware Tech companies in our coverage. We apply a CoE of 8.5%, a medium-term growth rate of 4%, and a long-term growth rate of 3%. However, we believe the upward revision to optical engine shipment assumptions increases the potential value of Genius's FAU opportunity, although execution visibility remains lower than for more established suppliers. Therefore, we add the base case per share positive value from FAU based on the analysis in the previous section. The new SOTP valuation derives a new price target at NT$1,070 (from NT$910). We also raise our bull case and bear case values to NT$1,834 (from NT$1,705.20) and NT$658 (from NT $592.40).

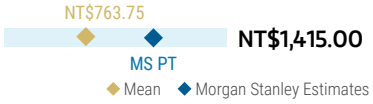
Risk Reward – Genius Electronic Optical Co. Ltd. (3406.TW)

Higher FAU optionality; EW

PRICE TARGET NT$1,070.00

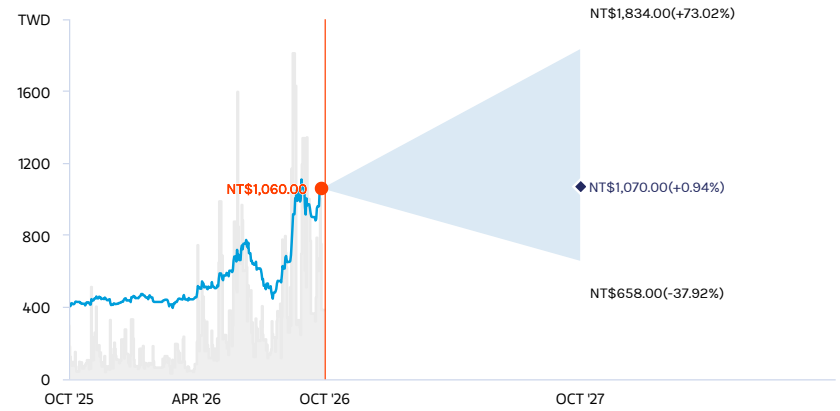
Base case: Our price target is based on an SOTP valuation, comprising the traditional business and potential FAU opportunity. We value the traditional business using a residual income model, consistent with our Greater China Tech coverage, assuming an 8.5% cost of equity, a medium-term net profit CAGR of 4% and a 3% terminal growth rate. We separately value the FAU component opportunity based on our TAM and market-share assumptions.

Consensus Price Target Distribution



Source: Refinitiv, Morgan Stanley Research

RISK REWARD CHART



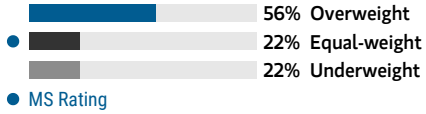
Key: Historical Stock Performance Current Stock Price Price Target

Source: Refinitiv, Morgan Stanley Research

EQUAL-WEIGHT THESIS

- Genius should benefit from iPhone 18 variable-aperture, foldable and periscope camera upgrades as a major Apple optical-lens supplier.
- Higher OE shipment assumptions increase the addressable FAU market and potential value of Genius's FAU component opportunity.
- However, Genius is exposed to only around 15% of the overall FAU TAM, while execution visibility remains lower than for more established suppliers. We therefore see a more balanced risk/reward and hence we are EW.

Consensus Rating Distribution



Source: Refinitiv, Morgan Stanley Research

Risk Reward Themes

Secular Growth: *Positive*

View descriptions of Risk Rewards Themes here

BULL CASE NT$1,834.00

36x 2027E base case EPS

Stronger iPhone demand and faster FAU development: We assume: 1) stronger-than-expected iPhone orders; 2) faster penetration of variable-aperture, foldable and periscope lenses; and 3) faster FAU component adoption and greater market-share gains.

BASE CASE NT$1,070.00

21x 2027E base case EPS

iPhone camera upgrades support the traditional business, with incremental FAU contribution: We assume: 1) benefits from variable-aperture, foldable and periscope upgrades; 2) Genius's FAU component market share reaches 5% in 2027 and 30% in 2028; and 3) FAU components represent 15% of the overall FAU TAM.

BEAR CASE NT$658.00

13x 2027E base case EPS

Weaker iPhone demand and slower FAU development: We assume: 1) weaker-than-expected iPhone demand; 2) slower camera-upgrade penetration and greater pricing pressure; and 3) delays in FAU component commercialization and market-share gains.

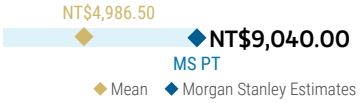
Risk Reward – Largan Precision (3008.TW)

Higher OE estimates expand FAU opportunity; OW

PRICE TARGET NT$9,040.00

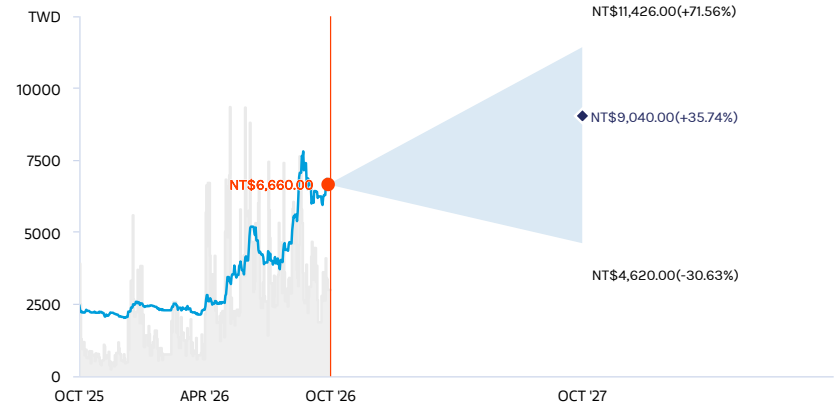
Base case: Our price target is based on an SOTP valuation, comprising the traditional business and potential FAU opportunity. We value the traditional business using a residual income model, consistent with our Greater China Hardware Tech coverage, assuming an 8.5% cost of equity, an 8% net profit CAGR over 2026-36E and a 3% terminal growth rate. We separately value the FAU business, assuming a 40% market share in 2028.

Consensus Price Target Distribution NT$2,330.00



Source: Refinitiv, Morgan Stanley Research

RISK REWARD CHART



Key: Historical Stock Performance Current Stock Price Price Target

Source: Refinitiv, Morgan Stanley Research

OVERWEIGHT THESIS

- Largan should continue to benefit from iPhone camera upgrades, including variable aperture, foldable and periscope opportunities.
- Our semi team's higher OE shipment assumptions materially expand the addressable FAU market, supporting a larger potential contribution from Largan's CPO/FAU business.
- We see further upside if Largan successfully ramps mass production and gains meaningful FAU share, although coupling/matching yield and execution remain key risks.

Consensus Rating Distribution

BULL CASE NT$11,426.00

65x 2027e bull case EPS

Stronger-than-expected client demand and FAU development: We assume: 1) stronger-than-expected iPhone orders; 2) faster penetration of variable-aperture and periscope lenses; 3) faster-than-expected margin recovery; and 4) Largan's FAU market share reaches 45% in 2028.

BASE CASE NT$9,040.00

52x 2027e base case EPS

iPhone upgrades support the traditional business, while FAU provides incremental upside: We assume: 1) Largan benefits from variable-aperture, foldable and periscope camera upgrades; and 2) Largan's FAU market share increases from 0% in 2026 to 5% in 2027 and 40% in 2028, supporting meaningful incremental earnings contribution from the FAU business.

BEAR CASE NT$4,620.00

26x 2027e bear case EPS

Weaker client demand and slower FAU development: We assume: 1) weaker-than-expected iPhone demand; 2) slower penetration of variable-aperture and periscope lenses; 3) weaker-than-expected margin recovery; and 4) delays in FAU mass production and slower market-share gains.

Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Advantech, AirTAC International, Asustek Computer Inc., AU Optronics, Bizlink, Catcher Technology, Chenbro, Compal Electronics, Delta Electronics Inc., E Ink Holdings Inc., Elite Material Co., Ennostar Inc, Eoptolink Technology Inc Ltd, FIT Hon Teng Ltd, Giga-Byte Technology Co. Ltd., Gold Circuit Electronics Ltd., Hon Hai Precision, Innolux, Lenovo, Lens Technology, Lingyi Itech Guangdong Co, Lite-On Technology, Lotes Co. Ltd., Luxshare Precision Industry Co., Ltd., Pegatron Corporation, Q Technology (Group) Company Ltd, Quanta Computer Inc., Shanghai Conant Optical Co Ltd, Shenzhen Transsion Holdings Co Ltd, Suzhou TFC Optical Communication Co Ltd., TCL Corp., Unimicron, Wistron Corporation, Wiwynn Corp, Xiaomi Corp, Yageo Corp., Yangtze Optical Fibre and Cable JSC Ltd, Zhen Ding, Zhongji Innolight Co Ltd.

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: AAC Technologies Holdings, Accton Technology Corporation, Acer Inc., Asustek Computer Inc., AU Optronics, BYD Electronics, Compal Electronics, E Ink Holdings Inc., Eoptolink Technology Inc Ltd, Giga-Byte Technology Co. Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.
Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).
If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.
Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.
The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.
With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.
Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.
Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.
To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. GB200 and GB300 NVL72 Racks in September 2026; Introduce 2027 Rack Forecast

We provide monthly/quarterly rack shipment forecasts for ODMs. Within the major Server ODMs, our order of preference is Wistron > Hon Hai > Quanta, based on upside to PT.

Key Takeaways

- We estimate GB200/300 rack output in September at ~6.5K (-23% m/m).
- Quanta shipped 1.55-1.60K GB200/GB300 racks.
- Wistron shipped 1.25-1.30K GB200/GB300 racks.
- Hon Hai shipped ~2.7K GB200/300 racks.
- We also introduce our 2027 forecast at 90.4K racks (+10% y/y).

We introduce 2027 forecast at 90.4K racks (+10% y/y) vs our 2026 forecast now at 82K racks: This year is a strong one for downstream rack assemblers, with rack shipments up ~209% y/y, but we expect rack shipments to grow another ~10% y/y to reach 90.4K in CY27. For CY27, our forecast implies Hon Hai will be a share gainer with rack share up to 43% (from 37% in CY26), with Quanta staying unchanged at 26% and Wistron's share up slightly to 24% (from 23% in CY26).

Quanta (2382.TW, OW): September revenue was NT$325.3B (-23% m/m, +77% y/y). We attribute the m/m decline mainly to lower GB200/300 rack shipments at 1.55-1.60K racks (-38% m/m), despite being offset slightly by higher NB shipments at 4.2M units (+62% m/m, -9% y/y). In 3Q, Quanta shipped ~6.2K racks (+3% q/q), which came in slightly lower than our forecast of ~6.4K racks. Total 3Q revenue reached ~NT$1,116M (+8% q/q, +125% y/y), which is 15% above MSe but in-line with the Street. For 2026, we forecast Quanta to ship 20.9K racks, and we introduce our preliminary 2027 forecast at 23.5K (+12% y/y).

Wistron (3231.TW, OW): September revenue was NT$380.8B (-17% m/m, +87% y/y). We attribute the m/m decline to: 1) lower GB200/300 server computing tray shipments (1.25-1.30K rack equivalents, by our estimates, down approximately 46% m/m), despite higher Wiwynn revenue at ~NT$172.6B (+20% m/m, +100% y/y) and higher NB shipments at 1.5M units (+7% m/m, -32% y/y), flat DT shipments at 500K (flat m/m, -44% y/y), and higher monitor shipments at 950K (+27% m/m, +6% y/y). In 3Q, Wistron shipped ~4.8K racks (+22% q/q), which came in slightly lower than our forecast of ~5.1K racks. Total 3Q revenue reached ~NT$1,149M (+28% q/q, +102% y/y), which is 10% above MSe and 9% above the Street. For 2026, we forecast Wistron to ship 19.13K racks, and we introduce our preliminary 2027 forecast at 22K (+15% y/y).

Industry View **In-Line**

Morgan Stanley does and seeks to do business with companies covered in Morgan Stanley Research. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of Morgan Stanley Research. Investors should consider Morgan Stanley Research as only a single factor in making their investment decision.

For analyst certification and other important disclosures, refer to the Disclosure Section, located at the end of this report.

+= Analysts employed by non-U.S. affiliates are not registered with FINRA, may not be associated persons of the member and may not be subject to FINRA restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Hon Hai (2317.TW, OW): September revenue was NT$1,158.6B (+26% m/m, +38% y/y), with consumer segment revenue seeing the strongest m/m growth, followed by components and other products, cloud and networking products, and lastly computing. We model HH's GB200/300 rack shipments at 2.7K (+4% m/m). This brings total 3Q rack shipments at 7.8K racks (+1% q/q). For 2026, we forecast Foxconn to ship 30.3K racks, and we introduce our preliminary 2027 forecast at 38.8K (+28% y/y).

NVL72 Exhibits

We believe actual rack deliveries to end-customers are likely lower than these numbers because we include Wistron's computing tray (L10) rack equivalent (without accounting for rack assembly and test times for L11).

Valuation Methodology and Risks

Hon Hai Precision (2317.TW)

Base case scenario value, derived from a residual income valuation model. Our key assumptions include a cost of equity of 8.5%, a medium-term growth rate of 13%, and a terminal growth rate of 3%.

Risks to Upside

- Better-than-expected iPhone sell-through
- Faster progress in AI server business
- Faster EV business development progress
- Any new M&A activity that could improve sentiment

Risks to Downside

- Lower iPhone sell-through
- Smaller profit contribution from AI business
- Slower EV business development progress
- Geopolitical developments that could negatively affect foreign investment

Quanta Computer Inc. (2382.TW)

Base case, residual income model. Key assumptions include a cost of equity of 9.0% (beta of 1.2, equity premium of 6.0% and risk-free rate of 1.5%), an 8.5% medium-term growth rate, and a 3% terminal growth rate.

Risks to Upside

- Stronger-than-expected NB demand
- Stronger-than-expected Apple Watch demand
- Stronger-than-expected server demand
- Faster-than-expected AI server penetration

Risks to Downside

- Weaker-than-expected NB demand
- Softer-than-expected Apple Watch demand
- Weak margin performance owing to rising labor costs and sales shortfalls
- Fierce price competition in the mega data center segment
- Slower-than-expected AI server penetration

Wistron Corporation (3231.TW)

Base case, residual income valuation. Key assumptions: 8.7% cost of equity, 7.0% medium-term growth rate and 3% terminal growth rate.

Risks to Upside

- Faster-than-expected divestiture of consumer electronics business
- Stronger-than-expected NB demand
- Margin expansion from better product mix

- Faster-than-expected AI server penetration

Risks to Downside

- Slower-than-expected divestiture of consumer electronics business
- Weaker-than-expected NB demand
- Margin contraction from sales shortfall and fierce competition
- Slower-than-expected AI server penetration

Ltd., GoerTek Inc, Hon Hai Precision, Innolux, Lenovo, Lingyi Itech Guangdong Co, Quanta Computer Inc., Xiaomi Corp, Yageo Corp., Zhen Ding.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Greater China Semiconductors – DRAM | Asia Pacific

Nanya 3Q beat; CXMT updates

DRAM supply constraints continue. Contract renewals drove Nanya's 3Q beat. CXMT's G5 milestone strengthens its tech roadmap, but yield ramp and customer qualification take time.

Nanya 3Q beat; LTAs in spotlight: Nanya reported 3Q revenue of NT$134bn, +62% Q/Q, +612% Y/Y, 8% above consensus. 3Q gross profit was NT$114bn, +114% Q/Q, 12% above consensus, implying a GM of 85.7%. 3Q net profit was NT$88bn, +75% Q/Q, 9% above consensus, implying a net margin of 65.1%. The 3Q Q/Q revenue growth was driven mainly by ASP increase, which primarily reflects renewal of the one-year and six-month LTAs, which were previously negotiated when ASPs were lower; most expired in 3Q26. Currently LTAs cover 50-70% of output; only 20% of output is covered by three-year contracts; Nanya intends to extend the LTA durations for longer-term supply according to customer demand, and there are discussions on price floors and ceilings for the new contracts.

Nanya management sees continued DRAM shortage in 4Q and expects that ASP may continue to improve: The supply constraint is the long lead time for new capacity, and the undersupply is unlikely to be resolved in the near term. Nanya targets capex of NT$69.7bn in 2026 and NT$346bn for the 35.9kwpm capacity of its new Fab 5A from 2026-29. Management estimates that AI infra currently accounts for ~20% of its revenue mix, but that could increase to 40-50% by 2029/30.

CXMT updates: On September 7 during Q&A, CXMT reiterated expectations for tight DRAM supply in 2H26; its response on Apple expressed openness to global customers without confirming a supply agreement. On September 21, after its G5 mass production announcement, CXMT clarified that G5 sales are not yet at scale, while yield ramp-up and customer qualification would take time. Based on our checks, CXMT's HBM3E yield is already 40%, and DRAM wafer input should ramp to 30kwpm by end-2027.

Constrained DRAM supply is the industry consensus: The 4QF26 earnings call for Micron (covered by Joseph Moore) highlighted that persistent supply constraints are expected through CY2027-28. It cited industry-wide clean room constraints owing to lengthy construction; most of the increase in Micron's F27 capex (vs. its previous plan) is allocated to construction, targeting clean room availability in late CY28 and beyond. Micron also expects rising industry HBM wafer requirements to limit bit growth, forecasting industry DRAM bit shipment growth of low-20s (%) in CY27-28. Samsung (covered by Shawn Kim) also expects HBM to absorb nearly 30% of industry DRAM wafer capacity in 2027, vs ~20% currently.

Stock implications:

- **Nanya Tech (OW):** Price target raised to NT$600; 2026e, 2027e, and 2028e EPS raised 22%, 18%, and 19%, respectively.
- **CXMT (OW):** Base case value/price target unchanged at Rmb88.

Nanya Tech: Estimate Revisions and Quarterly Financials

We raise our EPS estimates 22% for 2026, 18% for 2027, and 19% for 2028: We incorporate 3Q26 actual results, which were driven by ASP increases. We also expect DDR4 pricing to remain elevated into 1H27, helped by the continued industry-wide DRAM supply constraint.

Nanya Tech: Valuation Methodology

We raise our price target (base case scenario value) from NT$580 to NT$600: Our price target reflects a BVPS multiple of 4.11x for 2026 (was 4.77x) versus ROE of 76% for 2026. We lower our target multiple to reflect recent memory segment volatility. Our 2026e BVPS estimates is raised to NT$146.00 from NT$121.52. We expect DDR4 pricing strength and LTAs to drive a re-rating.

We raise our bull and bear case values from NT$1,230 and NT$320 to NT$1,270 and NT $330, respectively, implying 8.70x and 2.26x 2026e BVPS.

Risk Reward – Nanya Technology Corp. (2408.TW)

DDR4 supply-demand becoming more favorable; OW

PRICE TARGET NT$600.00

Base case, P/B. We expect the stock to trade at 4.11x 2026e BVPS, above its average since 2015, justified by 2026e ROE of 76%. We think NTC will benefit from a supply-driven up-cycle as major memory players are exiting the DDR4 market. That should help NTC more than offset the competitive impact from CXMT in the near term.

Consensus Price Target Distribution NT$150.00 — NT$612.67 — NT$800.00

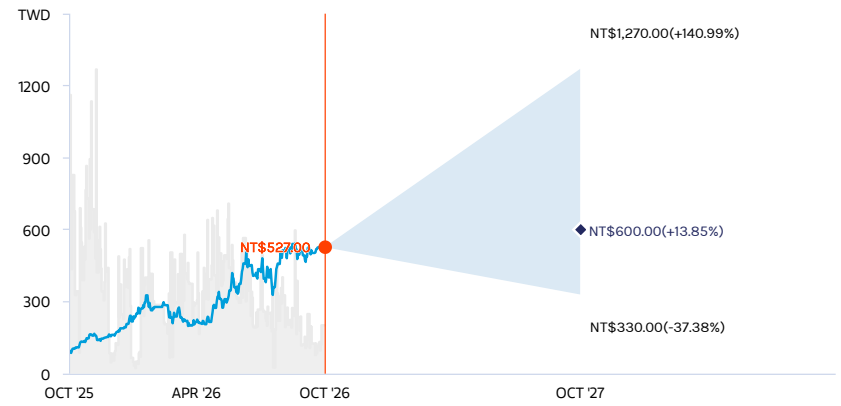
RISK REWARD CHART



Key: Historical Stock Performance ● Current Stock Price ◆ Price Target

Source: Refinitiv, Morgan Stanley Research

OVERWEIGHT THESIS

- Major memory suppliers are gradually exiting the DDR4 market, benefiting existing Taiwanese players, including Nanya Tech.
- We expect DDR4 shortage into 4Q26 to help NTC more than offset the competitive impact from CXMT in the near term. The supply shortage appears set to widen into 1H27.
- Our price target reflects BVPS of 4.11x for 2026e and 2.16x for 2027e, and 1.64x 2028e BVPS. We expect re-rating.

BULL CASE NT$1,270.00

8.70x 2026e BVPS

DRAM prices strong; faster-than-expected 1a/1b nm ramp; competition from Korea and China is a non-factor: DRAM pricing remains elevated in into 1H27 thanks to production cuts and relief of inventory pressure. NTC's utilization rate returns to the 100% level. Korean and Chinese mainstream vendors exit the consumer DRAM market.

BASE CASE NT$600.00

4.11x 2026e BVPS

Strong DRAM cycle: Major DRAM players now plan to exit the DDR4 market, which positions Taiwanese players to benefit. We expect price -hike momentum to continue through 4Q26, with widened supply shortage into 1H27.

BEAR CASE NT$330.00

2.26x 2026e BVPS

Specialty DRAM demand becomes weak in 1H27 with intensifying Chinese competition: Nanya Tech could face more pressure from pricing and technological competition amid a weak cycle. Inventory remains at historical peak levels. SK hynix and Chinese DRAM competitors take all the market share in China. Nanya Tech's utilization rate falls to the 40% level.

Risk Reward – Nanya Technology Corp. (2408.TW)

Source: Refinitiv, FactSet, Morgan Stanley Research; 1 is the highest favored Quintile and 5 is the least favored Quintile

RISKS TO PT/RATING

RISKS TO UPSIDE

- Sustained DRAM prices from more disciplined supply and stronger demand
- Stronger pricing environment, enabling revenue guidance to be beaten
- Faster-than-expected 1a/1b nm ramp-up progress

RISKS TO DOWNSIDE

- Slower-than-expected 1a/1b nm ramp-up
- Less demand for specialty DRAM from 4K2K TVs and smart set-top boxes

CXMT: Estimate Revisions and Quarterly Financials

We raise our EPS estimates 28% for 2026 and 29% for 2027; we keep our 2028 estimate virtually unchanged: This incorporates 2Q26 actual results and the stronger outlook for mainstream DRAM driven by continued supply constraint. We also factor in CXMT's G5 breakthrough, which reduces risks around its technology roadmap.

Exhibit 11: CXMT: Estimate revisions

CXMT: Valuation Methodology

We keep our base case value/price target unchanged: We continue to apply RI methodology to derive our price target. The price target did not change despite our 2026/27 earnings estimate increases because the contribution to calculated value from our RI model comes mostly from the subsequent forecast period and the continuing value. Key RI assumptions remain unchanged, including cost of equity of 9.9%, , intermediate growth rate of 11.0%, terminal growth rate of 3.0%, and cash dividend payout ratio of 51%, .

Our base case value/price target now implies 14.3x 2027e EPS vs. our prior target multiple of 18.4x 2027e BVPS, as we see a stronger DRAM market outlook given the continued supply constraint; we also believe the G5 breakthrough reduces risks around CXMT's technology roadmap.

Our bull case value remains unchanged at Rmb132; it now implies 21.5x our 2027e EPS.

We adjust our bear case value to Rmb40 from Rmb70 to account for recent volatility; it now implies 6.5x 2027e EPS.

Risk Reward – CXMT Corp (688825.SS)

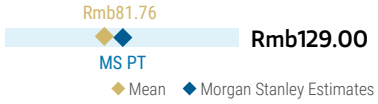
Chinese DRAM Going Mainstream; OW

PRICE TARGET Rmb88.00

Base case, residual income model. Key assumptions:
- 9.9% CoE (1.2 beta, 2.0% risk-free rate, and 6.6% risk premium)
- 51% payout ratio
- 11.0% medium-term growth rate
- 3% terminal growth rate

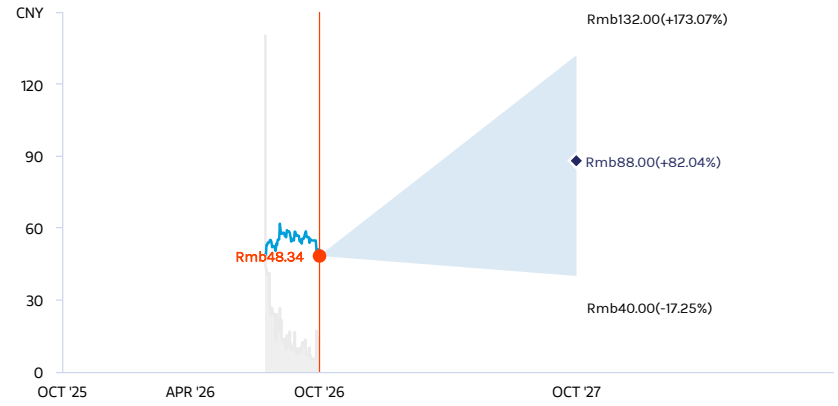
We believe these assumptions are justified, given CXMT's fast growth, capacity expansion, localization tailwinds and AI-memory exposure. Target implies 14.3x 2027e P/E vs global peers' 4.4x 2027e P/E; the premium reflects CXMT's stronger growth profile.

Consensus Price Target Distribution



Source: Refinitiv, Morgan Stanley Research

RISK REWARD CHART



Key: Historical Stock Performance ● Current Stock Price ◆ Price Target

Source: Refinitiv, Morgan Stanley Research

OVERWEIGHT THESIS

- CXMT is now the world's #4 DRAM maker and a key beneficiary of China's memory localization push.
- We forecast that DRAM capacity will rise from 180k wpm in 2025 to 500k by 2028, with G4b, DDR5, LPDDR5/5X, server DRAM and HBM3e/HBM4 improving mix.
- We expect 2025–28E revenue CAGR of 140%+, 2026-28E GM >76%, and OPM of ~70–80%, supported by pricing, scale and higher-value products.
- Our Rmb88 price target is based on a residual income model and implies 14.3x 2027E P/E. We see the premium to global memory peers as justified by CXMT's faster growth, capacity expansion, localization tailwinds, and AI-memory exposure.
- **Risks:** DRAM pricing, capex/depreciation, export controls and migration execution.

Consensus Rating Distribution

Risk Reward Themes

Pricing Power:	*Positive*
Secular Growth:	*Positive*

View descriptions of Risk Rewards Themes here

BULL CASE Rmb132.00

21.5x 2027e P/E

We assume stronger sales/earnings growth, with faster global market share expansion:

(1) 200% revenue CAGR, 2025-28e, as we assume a stronger-than-expected DRAM commodity cycle, supported by AI inference demand moving into 2027 and beyond;

(2) Faster-than-expected HBM and G5 ramp-up;

(3) Gross margin improves to over 90%, driven by economies of scale and CXMT's technology competitiveness;

(4) >800% earnings CAGR, 2025-28e.

BASE CASE Rmb88.00

14.3x 2027e P/E

We forecast strong revenue/earnings growth, with global market share expansion.

(1) 140%+ revenue CAGR, 2025-28e, as we assume DRAM pricing remains strong, supported by AI demand;

(2) Moderate pace of HBM and G5 ramp-up;

(3) 2026-28e gross margin of over 76%, driven by economies of scale and CXMT's technology competitiveness;

(4) ~480% earnings CAGR, 2025-28e

BEAR CASE Rmb40.00

6.5x 2027e P/E

We assume revenue/earnings growth is slower, with slower global market share expansion.

(1) 80% revenue CAGR, 2025-28e, as we assume a period of AI computing digestion in 2028, leading to more aggressive margin erosion for HBM owing to competitors' aggressive capacity expansion and pricing competition, as well as faster DRAM pricing drops with muted demand recovery;

(2) Slower than expected G5 ramp;

(2) Customer bargaining power pushes gross margin below 40%;

(3) 200% earnings CAGR, 2025-28e

Risk Reward – CXMT Corp (688825.SS)

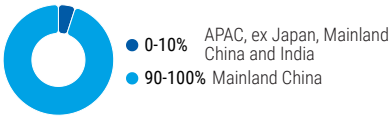
KEY EARNINGS INPUTS

Drivers	Dec 2025	Dec 2026e	Dec 2027e	Dec 2028e
Revenue (Rmb, mn)	180	300	400	500
Gross profit (Rmb, mn)	25,334	382,153	633,871	665,820
EPS (Rmb, mn)	0	4	6	6

INVESTMENT DRIVERS

- Commodity DRAM pricing
- HBM capacity expansion and tech migration
- Demand from major customers

GLOBAL REVENUE EXPOSURE



Source: Morgan Stanley Research Estimate
View explanation of regional hierarchies here

RISKS TO PT/RATING

RISKS TO UPSIDE

- resilient DRAM pricing, supported by AI demand
- faster-than-expected tech migration
- export control relief
- stronger demand from major customers

RISKS TO DOWNSIDE

- earlier-than-expected global DRAM price declines
- CXMT delays in new products, HBM or 3D DRAM development
- tighter restrictions on China's fabs for semi equipment, materials, or servicing
- weaker demand from major China customers

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, Vanguard International Semiconductor, WIN Semiconductors Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., Shenzhen Longsys Electronics Co Ltd, SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from ASE Technology Holding Co. Ltd., King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., Shenzhen Longsys Electronics Co Ltd, SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WinWay Technology Co Ltd, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: ASE Technology Holding Co. Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not

linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures.
For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.
Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.
Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.
Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.
Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).
If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.
Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.
The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.
With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.
Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.
Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.
To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.
