Losses Widen; BMC Growth and Japan Restructuring Remain Key

AlphaSignals Earnings Reaction

Unchanged	**Modest shortfall**	**Modest revision lower**
Impact to our thesis	Financial results versus consensus	Direction of next 12-month consensus EPS

Source: Company data, Morgan Stanley Research

3Q losses widened Q/Q amid lower gross profit, increased opex and reduced non-operating income. Management sees scope for faster BMC growth in 2027, with execution and Japan restructuring critical to delivering earnings growth.

3Q losses widened: Revenue was NT$7.86bn, -1% Q/Q, +8% Y/Y, 3% above our estimate; gross profit was NT$2.9bn, -3% Q/Q, +13% Y/Y, 6% above our forecast; gross margin was 37.4%, -0.6ppt Q/Q, +1.7ppt Y/Y, 1.2ppt above our estimate. Loss per share was NT$1.24, wider Q/Q, Y/Y, and vs. our expectation. Management attributed gross margin weakness to product mix; back-end supply constraints and substantial AI-related R&D left operational progress around 1Q behind plan.

Demand remains mixed: Auto demand has stabilized after prior Y/Y declines, but management sees no clear rebound. PC demand was significantly weaker in 2H26 than in 1H26 with higher content per PC vs. 2025 helping cushion the impact of lower volumes. Memory cost increases have been passed through on memory-bundled MPUs, although some customers began pulling back in 4Q26. MCU repricing reflects foundry and OSAT costs. Most 2027 capacity has been secured but cost pass-through and supply availability do not establish margin expansion.

BMC and Japan remain the key milestones: Management sees scope for 2027 BMC Y/Y growth to exceed 2026's, with existing customers and multiple new customers, including a CSP, contributing. New customer revenue should initially be small with fuller contributions over one to two years. Current-gen products should dominate 2027 shipments; next-gen volumes may start modestly in 2H27. Japan remains the source of losses, making the Tower JV restructuring targeted by management for end-March 2027 central to recovery.

Earnings Estimate Revisions

We factor in the actual 3Q results: 3Q losses widened due to higher opex, lower non-operating income and tax expenses. Uncertainties remain around BMC and Japan, and demand remains mixed, so we do not yet revise our 2027-28 EPS estimates significantly.

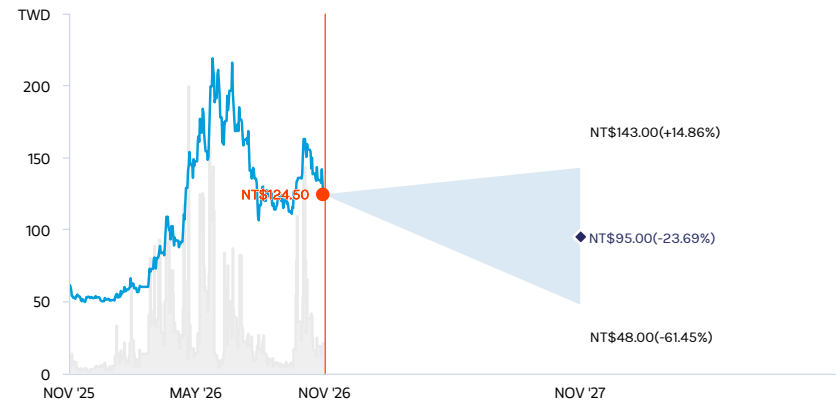
Risk Reward – Nuvoton Technology Corporation (4919.TW)

Awaiting gross margin recovery to turn positive

PRICE TARGET NT$95.00

Base case, residual income model. We assume a 9.2% cost of equity (beta 1.2, risk-free rate 2.0% and risk premium 6.0%), a payout ratio of 55%, a medium-term growth rate of 7.0%, and a terminal growth rate of 3.5%.

RISK REWARD CHART



Key: Historical Stock Performance ● Current Stock Price ◆ Price Target

Source: Refinitiv, Morgan Stanley Research

UNDERWEIGHT THESIS

- Demand in the auto and industrial segments is recovering, but at a mild pace.
- Nuvoton is well positioned to expand MPU share through bundled sales with Winbond's DDR4.
- We also see business opportunities in BMC/BMIC for AI servers.
- We expect the company to remain loss-making in 4Q26 and are awaiting GM recovery before turning more positive on the stock, which we view as overvalued.

Risk Reward Themes

Contrarian:	*Negative*
Electric Vehicles:	*Positive*
Self-help:	*Positive*

View descriptions of Risk Rewards Themes here

BULL CASE NT$143.00

34x 2027e EPS

NTCJ enjoys a 15%+ revenue CAGR over 2025-28. Operating margin improves to 10%, on average, in 2026-28.

BASE CASE NT$95.00

24x 2027e EPS

NTCJ enjoys a 5% revenue CAGR over 2025-28. Operating margin fluctuates during 2025-28 between -4% and +7%, mainly reflecting R&D investment and pricing pressure on gross margin.

BEAR CASE NT$48.00

11x 2027e EPS

NTCJ has no revenue growth in 2025-28. Operating margin ~0% in 2026-28.

Risk Reward – Nuvoton Technology Corporation (4919.TW)

KEY EARNINGS INPUTS

RISKS TO PT/RATING

RISKS TO UPSIDE

- MCU up-cycle is more sustained than expected.
- China's MCU localization is faster than expected.
- Traction from auto and BMC business is greater.
- Margin improvement is more significant.

RISKS TO DOWNSIDE

- MCU up-cycle ends earlier with severe pricing erosion.
- China's MCU localization is slower than expected.
- Traction from auto and BMC business is less.
- Margins contract amid more intensified competition.

Morgan Stanley Research has been published in accordance with our conflict management policy, which is available at www.morganstanley.com/institutional/research/conflictpolicies. A Portuguese version of the policy can be found at www.morganstanley.com.br

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, Vanguard International Semiconductor, WIN Semiconductors Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from ASE Technology Holding Co. Ltd., King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, **Nuvoton Technology Corporation**, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: ASE Technology Holding Co. Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, **Nuvoton Technology Corporation**, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of October 31, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1575	43%	460	49%	29%	742	44%
Equal-weight/Hold	1537	42%	393	42%	26%	720	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	92	10%	16%	218	13%
Total	3,684		946			1681	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). Please use the provided link to review the Terms and Conditions and Most Important Terms and Conditions for Morgan Stanley India Company Private Limited (https://www.morganstanley.com/assets/pdfs/about-us-global-offices/india/Terms_and_conditions.pdf) and the following link to review the audit report (https://ny.matrix.ms.com/eqr/research/webapp/researchdocs/MSICPL_Morgan_Stanley_Research_Audit_Report.pdf).

If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research. Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those

who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

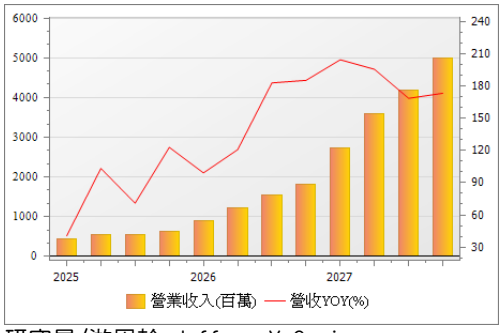
營收走勢圖



研究員/游周翰 Jeffery.Yu@uni-psg.com

研究部維持聯亞買進投資建議，主要考量：(1)3Q26 營收及獲利皆優於市場預期；(2)AI Data Center 矽光需求持續強勁，主要客戶訂單能見度超過 6 個月，4Q26 營收可望續增，1Q27 新增產能開出將帶動營收明顯跳增；(3)管理層維持先前 2027 年產能擴增指引(+150%YoY)，並且確立 2028 年產能擴增速度與 2027 年相當，亦即兩年擴增產能超過 6 倍。惟考量(1)2026 年新增後段產能驗證時間較研究部預期長；(2)3Q26 毛利率及費用率優於預期；(3)2027 年產能增長幅度優於研究部預期，因此調整 2026/2027 年營收分別為 55.2 億元(原估 55.92 億)及 155.6 億元(原估 150.4 億)，EPS 分別為 20.95 元(原估 19.96 元)及 58.76 元(原估 54.06 元)。目標從 3,800 上修至 4,000 元，重申買進投資建議。

重點摘要：

1. **3Q26營收、EPS均優於市場預期，矽光出貨帶動獲利成長：**
   聯亞3Q26營收15.62億元(+27.9%QoQ，+182.6%YoY)，略低研究部預期，主因為後段產能驗證時間較研究部預期長；營收雙增主要還是受惠AI Data Center矽光產品出貨量持續增加。毛利率58.6%(+1.1pts QoQ，+15 pts YoY)，營業利益為7.71億元，營益率達49.4%；營業費用1.43億元(+11%QoQ，+4%YoY)，主因為研發及員工分紅費用增加；稅後淨利6.21億元，EPS 6.12元，優於研究部預期，主因為毛利率及費用控管優於研究部預估。產品組合方面，Data Center占營收80-85%，其中以矽光產品為主；Telecom占5-10%，其他約5%，與上季比重相當。

表一、3Q26 研究部預估與實際差異

單位：百萬元	實際	研究部原估	差異
營業收入	1,562	1,596	-2.1%
營業利益	771	713	+8.1%
稅後淨利	621	575	+8.0%
EPS(元)	6.12	5.65	+8.0%

資料來源： 聯亞財報、統一研究部預估

Taiwan Company Snapshot

2. **4Q26營收持續季增，1Q27新增產能帶動出貨加速：**

展望4Q26，主要客戶目前訂單期間已超過6個月，管理層表示在手訂單金額已超過2026年全年營收規模， 顯現出目前需求仍然十分強勁。管理層預期營收季增幅約與4Q25相當(+16.2%QoQ)，即18.15億元。然而，依照過往管理層給予的指引通常較為保守，且在需求強勁以及新加入的合作夥伴陸續開出後段產能下，研究部預估4Q26營收為18.32億元(+17.3%QoQ，+185.2%YoY)，EPS為6.77元。

展望1Q27，隨相關設備導入及後段委外產能開始量產，管理層預期1Q27產出量將有更明顯增幅。研究部預估1Q27營收為275.2億元(+50.2%QoQ，+204%YoY)，EPS為10.26。

3. **美國客戶四年約加持，2028年產出目標為2026年的6.25倍：**

聯亞8M26與美系Data Center客戶簽訂2027-2030年為期四年的CW Laser供貨長約，客戶並以保證金方式提供資金支持，以確保未來產品供應。為履行長期供貨承諾，公司同步追加近30億元資本支出計畫，使過去一年累計核准資本支出超過80億元，預計2027年產出顆數較2026年增加150%，2028年再較2027年增加150%，相當於2028年產出規模達2026年的6.25倍，其中8月新增資本支出主要貢獻於2028年。此外，為確保擴產後的原料供應，公司亦與兩家日系及一家美系InP基板供應商簽訂長期採購合約，並持續增加台灣及海外後段委外代工夥伴。研究部認為，美系客戶透過長期供貨合約及保證金支持聯亞擴產，顯示客戶對未來CW Laser需求具有高度確定性，亦有助提高新增產能的去化能見度，支撐公司2027-2028年營運成長。

4. **多波長CW Laser具技術及ASP優勢，NPO較CPO先行：**

聯亞800G及1.6T矽光產品已進入量產，分別具備8顆雷射及8至16顆不同波長雷射的解決方案。管理層指出，多波長產品ASP較單波長高出50%以上，且全球具備大規模量產能力的供應商有限，有利公司維持產品競爭優勢。隨未來光通訊傳輸規格持續升級，公司亦積極開發3.2T及NPO/CPO應用所需的高功率CW Laser。其中，管理層預期NPO有望於2H27率先作為過渡方案，目前所接觸客戶以外部光源設計為主；CPO則因光源配置、連接器等相關規格尚未完全定案，大規模導入時程仍有待觀察。

此外，隨NPO/CPO等應用對光源功率要求提高，未來單顆CW Laser功率提升至250-300mW以上。管理層指出，高功率產品因晶粒面積增加及良率下降，相同InP基板產能可產出的晶粒顆數可能減少30-50%，使高功率光源對基板及有效產能的需求增加。研究部認為，短期聯亞仍以既有CW Laser產品擴產及多波長方案出貨成長為主要動能，中長期則隨NPO/CPO逐步導入，高功率光源有望成為新增需求來源，並提高相關產品的製造及供應門檻，將有望成為其技術護城河，維持競爭優勢。

5. Data Center高速PD完成驗證，預計隨新增產能逐步量產：

除CW Laser外，聯亞亦持續布局Data Center高速PD產品。管理層指出，200G以上PD已完成客戶驗證，預計2027年新增產能陸續開出，開始量產Data Center PD產品。惟目前仍以CW Laser為主要生產重心，因此PD產出規模相對有限，但有助於降低產品集中度風險。

表二、研究部預估調整

公司簡介

創意為 IC 設計服務公司，為國內首家專業提供 SoC 設計代工服務，並持續開發矽智財的公司。創意 3Q26 營收結構為 NRE 與 IP11%、量產晶片 89%，公司跟隨台積電腳步重心往 AI 與 HPC 領域挪移，並開發先進封裝製程所需的矽智財與工程服務。

主要客戶：
主要競爭對手：創意、世芯、力旺、円星、ARM、Synopsys 等、

王文雯 wenwen.wang@sinopac.com

創意 (3443 TT)

財報優於預期

永豐觀點

3Q26 獲利優於預期，營運顯著成長。

投資評價與建議

維持買進：由於產能取得狀況優於預期，研究部上修獲利預估值，預估創意 2026 年稅後 EPS 57.89 元(原預估 50.33 元)，2027 年稅後 EPS 183.83 元。考量創意具備 Google CPU 與 Tesla AI5、車載等專案挹注，帶動營運顯著成長，研究部維持創意買進評等，目標價由 5570 元調升至 10,350 元(2027~2028 年 EPS 均值與 45 倍評價)。

ESG 評析

創意企業永續評鑑整體為 A 等，於 SASB 產業永續議題與跨產業五大永續面向平均得分分別為 B+等與 A 等。

SinoPac Securities (SinoPac) is a foreign broker-dealer unregistered in the USA. SinoPac research is prepared by SinoPac Securities Investment Service, whose analysts are not registered in the USA. SinoPac research is distributed in the USA pursuant to Rule 15a-6 of the Securities Exchange Act of 1934 solely by Auerbach Grayson & Company, an SEC registered and FINRA-member broker-dealer.

營運現況與分析

創意為 IC 設計服務公司：創意成立於 01/1998 為台積電轉投資，為國內首家專業提供 SoC 設計代工服務，並持續開發矽智財的公司。創意 3Q26 營收結構為 NRE 與 IP11%、量產晶片 89%，公司跟隨台積電腳步重心往 AI 與 HPC 領域挪移，並開發先進封裝製程所需的矽智財與工程服務。全球矽智財公司包括 ARM、Synopsys 等，而國內相關 IC 設計服務公司包括創意與世芯，矽智財公司則包括力旺、円星等。

3Q26 財報優於預期：創意 3Q26 營收 187.55 億元(+35%QoQ，+118%YoY)，毛利率 20.6%，營業利益率 13.6%，稅後獲利 22.72 億元(+46%QoQ，+162%YoY)，稅後 EPS 16.95 元，財報優於預期，主要是營收(產能取得更多使營收表現更突出)、毛利率與營業費用控管程度優於預期。創意 3Q26 財報細項表現如下：(1) 營收季增 35%，其中 NRE 與 IP 總計 20.8 億元(-10%QoQ，營收佔比 11%)、量產晶片 166.71 億元(+44%QoQ，營收佔比 89%)，量產晶片主要來自 Google CPU 挹注(量產晶片 3nm 以下佔比 59%)。創意 3Q26 產品結構以雲端佔比 86%為重心(2Q26 雲端佔比 79%)，此主要包括 CPU、AI 加速器與 BMC。(2) 毛利率由 2Q26 的 21.5%小降至 20.6%，雖因量產晶片佔比由前季的 83%增至 89%，但毛利率仍超逾 20%水準(僅較 2Q26 下降 0.9%)。(3) 營業費用季減 1%，公司表示公司已屬高薪水位，故整體員工分紅比例將向下調低。

表一：季度財報預估值與實際值差異

百萬元	3Q26(N)	3Q26(O)	差異(%)
營業收入	18,755	15,061	24.5%
營業毛利	3,860	3,286	17.5%
營業利益	2,552	1,750	45.8%
稅前淨利	2,625	1,844	42.3%
稅後淨利	2,272	1,567	45.0%
每股盈餘(元)	16.95	11.69	45.0%
Margin(%)			
營業毛利率	20.6%	21.8%	
營業利益率	13.6%	11.6%	
稅後淨利率	12.1%	10.4%	

資料來源：永豐投顧研究部預估及整理，Oct. 2026

未給予 4Q26 展望：由於時處發行 ECB 緘默期，創意並未給予 4Q26 營運目標值，不過研究部考量雲端廠案件持續挹注，預估創意 4Q26 營收 196.72 億元(+5%QoQ，+59%YoY)，毛利率 19.8%，稅後獲利 22.84 億元(+1%QoQ，+97%YoY)，稅後 EPS 17.04 元。

營運顯著成長：研究部對創意營運正向以待，預期未來營運動能將來自於(1) Google CPU 放量成長，研究部預估 Google CPU 專案今明年挹注營收 10.5 億/38.5 億美元，相當於營收比重 51%/56%，成為營運最大宗的貢獻。(2) Tesla AI5 預計將於 2H27 步入量產階段，研究部以 Tesla 每年出貨量約 170 萬台為基準估算，假設 50%投片於台系龍頭晶圓廠，則將挹注創意明年營收 8.5 億美元，而該客戶專案為 TK1(表示毛利率優於 CPU 專案)，反映公司本身具備技術優勢。(3) 車載案件遍佈中國歐洲與北美，中國(地平線)歐洲客戶均已 tape out，將成為後續量產晶片動能，而地平線已於 4Q26 小量出貨。研究部以地平線預估明年出貨 700 萬台為基準，假設征程 7 系列滲透率 50%，並且參考地平線低中高階晶片的終端售價自 20~500 美元不等，以此反推創意可能的單價計算，則明年營收約貢獻 4.55

億美元。(4) 信驊、微軟均持續挹注訂單。中期亦可觀察 Google 其餘案件是否亦將承成為驅動力，以及長期光通訊與新創公司合作進展。

維持買進建議：由於產能取得狀況優於預期，研究部上修獲利預估值。由於創意營收規模擴大，公司也謹慎控管營業費用，未來應能朝向營運槓桿的方向邁步，故研究部傾向以營業利益率來作為獲利率的呈現。研究部預估創意 2026 年營收 637.72 億元(+87%YoY)，營業利益率 13.5%，稅後獲利 77.57 億元(+105%YoY)，稅後 EPS 57.89 元(原預估 50.33 元)，並且調整 2027 年獲利預估模型，預估 2027 年營收 2142 億元(+236%YoY)，營業利益率 13.5%，稅後獲利 246 億元(+218%YoY)，稅後 EPS 183.83 元。考量創意具備 Google CPU 與 Tesla AI5、車載等專案挹注，帶動營運顯著成長，研究部維持創意買進評等，目標價由 5570 元調升至 10,350 元(由 40X2027~2028 年 EPS 均值，改以 45X 評價)。

Important Disclosures for U.S. Persons
This research report was prepared by SinoPac Securities Corporation (SinoPac), a company authorized to engage in securities activities in Taiwan. SinoPac is not a registered broker-dealer in the United States and, therefore, is not subject to U.S. rules regarding the preparation of research reports and the independence of research analysts. This research report is provided for distribution to "major U.S. institutional investors" in reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act").

Where required, any U.S. recipient of this research report wishing to effect transactions in securities discussed herein may do so through Auerbach Grayson & Company, 20 West 55th Street, New York, NY 10019. Under no circumstances should any recipient of this research report effect any transaction to buy or sell securities or related financial instruments through SinoPac. Auerbach Grayson & Company accepts responsibility for the contents of this research report, subject to the terms set out below, to the extent that it is delivered to a U.S. person other than a major U.S. institutional investor.

The analyst whose name appears in this research report is not registered or qualified as a research analyst with the Financial Industry Regulatory Authority ("FINRA") and may not be an associated person of Auerbach Grayson & Company and, therefore, may not be subject to applicable restrictions under FINRA Rules on communications with a subject company, public appearances and trading securities held by a research analyst account.

Ownership and Material Conflicts of Interest
Auerbach Grayson & Company or its affiliates does not 'beneficially own,' as determined in accordance with Section 13(d) of the Exchange Act, 1% or more of any of the equity securities mentioned in the report. Auerbach Grayson & Company, its affiliates and/or their respective officers, directors or employees may have interests, or long or short positions, and may at any time make purchases or sales as a principal or agent of the securities referred to herein. Auerbach Grayson & Company is not aware of any material conflict of interest as of the date of this publication

Compensation and Investment Banking Activities
Auerbach Grayson & Company or any affiliate has not managed or co-managed a public offering of securities for the subject company in the past 12 months, nor received compensation for investment banking services from the subject company in the past 12 months, neither does it or any affiliate expect to receive, or intends to seek compensation for investment banking services from the subject company in the next 3 months.

SinoPac+ ESG Rating System ranking

SinoPac+ ESG Rating System evaluates corporate sustainability using SASB standards, which focus on financially material issues. Specially designed for listed companies in Taiwan, the rating system contains "Industry-specific" criteria, i.e., material issues within an industry, and "Cross-industry" criteria, which are material issues that cut across the 62 industries in Taiwan, categorized according to SASB's Sustainable Industry Classification System® (SICS®), with reference to other globally recognized sustainability standards.

Rating scale explanation

A+: The company falls in the top 20% of all Taiwan's listed companies in managing and disclosing ESG performance)

A: The company falls in the 21-40% of all Taiwan's listed companies in managing and disclosing ESG performance.

B+: The company falls in the 41-60% of all Taiwan's listed companies in managing and disclosing ESG performance.

B: The company falls in the 61-80% of all Taiwan's listed companies in managing and disclosing ESG performance.

C: The company falls in the 81-100% of all Taiwan's listed companies in managing and disclosing ESG performance.

Notes 1) PricewaterhouseCoopers (PwC) Sustainability Services Company Ltd. provides consulting services regarding designing criteria for the SinoPac+ ESG Rating System. 營收走勢圖

研究員/吳大任 TERRY_WU@uni-psg.com

研究部對創意的投資建議維持強力買進，係因:(1)3Q26 營收、毛利率、營業利益率皆優於預期，(2)4Q26 雖因為 ECB 將送件未給財測，但客戶對 CPU 需求來看仍持續上修，(3)北美車用晶片有望在 2Q27 初導入，中國車用客戶晶片市佔率持續提升，且持續拓展海外客戶，27-28 年貢獻幅度大幅跳升，(4)晶片大廠持續上修 CPU 與加速器的配適性，更有效率的使用 GPU 之效能，(5)不僅 200 系列晶片，CSP 客戶的 300 系列晶片創意也有所著墨。綜合以上，上修創意 26 年 EPS 預估為 63.3 元(原估 54.76 元，+125%YOY)，同步上修 27 年 EPS 預估為 245.9 元(原估 214.5 元，+288.5%YOY)，及上修 28 年 EPS 為 467.7 元(原估 392.6 元，+95.9%YOY，以股本膨脹 3%計算)。考量 27 年下半年創意的成長動能更加明確上修，且費用控管十分優異，客戶從雲端 AI 延伸至終端 AI，CPU、加速器、自駕晶片及 CPO 皆有著墨，故對創意看法更加樂觀，故先前 8600 元目前價到價後，仍維持強力買進投資建議，目標價調升至 9850 元(27 年 EPS*40XPER OR 28 年 EPS*21XPER)。

重點摘要：

1. **3Q26 營收大幅優於預期，OPM 更加優化：**

創意 3Q26 營收達到創新高且優於上修後的預期的 187.5 億元，成長 35%QOQ，成長 117.7%YOY，其中量產營收達到 166.7 億元，成長 44%QOQ，推估來自於 CPU 的貢獻較大，且在 2H26 創意也有新增一些產能支援，且 NRE 也達到預估的區間上緣，僅衰退 11%QOQ。毛利率達到 20.59%，優於研究部預期的 19%，更優於市場預估的 19-20%，推估主要是出貨的晶圓良率更加提升所致。費用控制非常良好，3Q26 費用僅 13.09 億元，低於 2Q26 的 13.18 億元，但營收卻成長 35%QOQ，故使得 OPM 提升至 13.6%，大幅優於先前預估的 11%。稅後淨利達到創新高的 22.73 億元(原估 16.02 億元)，成長 46.1%QOQ，成長 162.1%YOY，EPS 16.96 元(原估 11.96 元)。

2. **因 ECB 將送件，故無 4Q26 財測，但仍正向看待：**

因為創意的 ECB 即將送件，故此次財報後無法給出財測，但研究部仍認為 4Q26 創意營運動能將上修，主要係因先前在上半年所提到的投片保有量外，仍有多爭取的 WAFER，從創意 3Q26 每個月的量產營收就可以觀察到持續增加，單月量產營收已經提升至 65 億元，預估 4Q26 將能持續穩定攀升。另外 NRE 方面，CSP 下一代 CPU 將預估在 4Q26 TAPE OUT，NRE 預

Taiwan Company Snapshot

估將翻倍成長。綜合以上，因為量產營收持續優於預期，故上修 4Q26 營收為 244.2 億元(原估 236 億元)，成長 30.2%QOQ，成長 97%YOY，稅後淨利上修預估為續創新高的 30.1 億元(原估 25.35 億元)，成長 32.5%QOQ，成長 159.6%YOY，EPS 22.46 元(原估 18.92 元)。

3. **CPU在Agentic AI世代重要性持續提升：**

根據INTEL的資料中心與人工智慧白皮書顯示，CPU 容量不足可能造成編排卡頓、工具執行延遲、驗證循環變慢，導致GPU在等待控制平面（代理編排）處理完成時利用率不足。若要將代理型工作負載最佳化，就必須增加 CPU 數量，作為控制與編排層，在兼顧 新式 AI 工作流程分散且多步驟本質的同時，將資料高效提供給加速器。故根據INTEL實測顯示，在模型大小為8B規模時，建議加速器與CPU配比為1.4:1，模型大小擴大到70B時，建議配比為1:1。故在AMD簡報也顯示，2025-2030年CPU產值規模將從260億美元提升至2030年的2200億美元，CAGR達到50%。創意的CSP客戶所ASIC走到第八代後，CPU與TPU的配置從先前1:4確實提升至1:2，並且全數從先前的X86 BASE更改成自家研發的ARM BASE CPU。而CSP客戶第八代產品放量時間點將落在4Q26末，2027年完整貢獻，故從創意量產營收看出，因為配比提升CSP客戶對CPU需求持續增加，故上修CPU26年貢獻創意營收從12億美元上修至13-15億美元。在27年方面，有鑑於客戶對於加速器及CPU的配飾性相對於第七代提升一倍，加上下一代CPU將在4Q26 TAPE OUT，有望在2H27開始貢獻。因為二代產品單價提升，故上修CPU貢獻營收程度從35億美元上修35-40億美元。

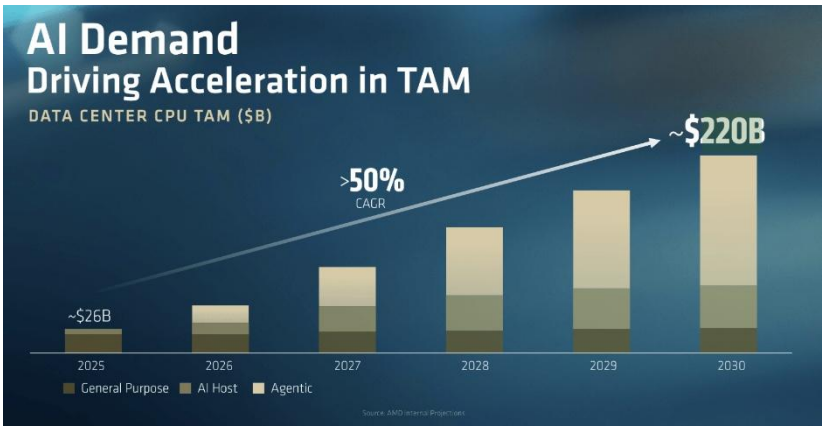
CSP二代CPU將有望在28年完整貢獻，ASP提升幅度較大，且三代CPU目前已經開始著手研發，故研究部認為，CPU對加速器的配置開始往1:1走後，創意目前在客戶需求延續性強，且持續有拿到次世代案件下，28年CPU貢獻幅度將達到50%YOY增長。

圖一、INTEL 資料中心白皮書內容

模型大小 (參數)	量化	變更	範例比例
8B	FP4	需要更多 CPU	1.4:1
70B	FP4	基準	1:1
405B	FP4	需要較少 CPU	0.8:1

資料來源：INTEL，統一研究部整理

圖二、AMD 對 SERVER CPU 產值的預估



資料來源：AMD，統一研究部整理

車用將成為 27 年開始的新成長支柱

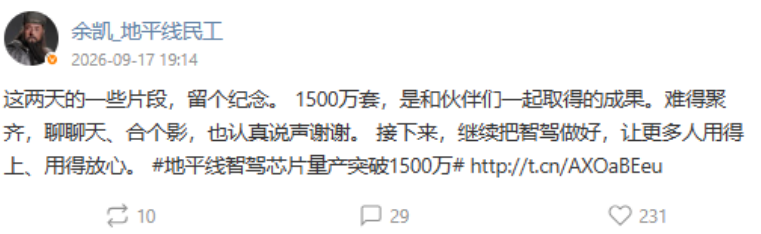
(1) 北美客戶：

根據供應鏈訪查，北美車用客戶晶片量產時間點將落在 2Q26，創意目前在 5 代晶片進度仍優於競爭對手，故以目前規劃的投片量來看，研究部維持先前預估貢獻約 12 億美金營收不變。但根據北美客戶法說，該客戶希望將 5 代晶片在 2027 年 4 月導入機器人使用，故研究部目前僅估算車用的部分，尚未估計機器人，若該客戶順利量產機器人，則貢獻創意營收有望上修。

(2) 中國客戶：

以中國客戶自行揭露的資料來看，全系列征程系列晶片出貨套數已經高達 1000 萬套，在 26 年 9 月，該客戶的 CEO 在社群媒體上表示，公司智駕晶片出貨量已達 1500 萬套。另外客戶給出 26 年征程系列晶片將出貨 500 萬套，27 年將更達到 700 萬套的目標。先前預估 27 年以客戶出貨目標 700 萬套的 50%，350 萬套第 7 代征程晶片做估計，貢獻營收將達到 15-20 億美元，此預估沒有變化，靜待客戶完成年報公告後再行調整。

圖三、中國自駕車晶片公司 CEO 微博



資料來源：WEIBO，統一研究部整理

兩大車用客戶對創意來說，27年僅是開端，首先北美客戶27年才會導入5代晶片，且是機器人及無人計程車皆會導入，附帶一提，先前展示的飛天跑車也是搭載5代晶片，故認為在客戶量產機器人及無人計程車後，晶片需求在28年將會超過翻倍成長。另外在中國客戶方面，除了本土市場外，該公司積極拓展海外市場，7代晶片LIFECYCLE有望比6代更久，28年目前也以翻倍的狀況預估。

4. **CSP客戶三代晶片仍有著墨機會：**

北美另一雲端客戶在10月初表示，200系列加速器已經實現量產，該客戶已經在各地區DATA CENTER部屬200系列晶片，而200系列晶片後段為創意打造，推估LIFE CYCLE出貨量為數十萬顆，貢獻營收約3-5億美元。而在300系列方面，先前市場傳出主要供應商為美國晶片同業，後來研究部訪查，創意在27年亦有BOOKING 2nm產品，而300系列晶片由N2P節點打造，故推估創意亦有部分300系列晶片相關生意，故仍有營收貢獻。而目前推估400系列晶片有望重回創意，挹注28年後的營運動能。

5. **26、27年上修預估，28年持續高度成長：**

創意3Q26營收已經大幅優於預期，加上毛利率擊敗市場預期，另外費用控管得宜，使得3Q26 OPM不減反增，另外4Q26雖然未給財測，但在產能有所支持加上CPU需求持續推升下，營收也略有上修，故上修創意26年營收預估為685.2億元(原估648.6億元)，成長100.7%YOY，稅後淨利上修預估為84.8億元(原估73.28億元)，成長125%YOY，EPS上修預估為63.3元(原估54.76元)。展望27年，CPU貢獻性持續上修，另外也維持車用客戶的預估值，另外本來就有CSP客戶的200系列加速器開始大幅量產，300系列目前有所著墨，故上修27年營收預估為2458.5億元(原估2328億元)，成長258.8%YOY，稅後淨利上修預估為329.5億元(原估287.5億元)，成長288.5%YOY，EPS上修預估為245.9元(原估214.5元)。最後，雖然目前28年投片等尚未確定，不過創意在CSP二代CPU、中國及北美車用晶片，接續世代晶片皆有持續獲得新世代案件，另外在CSP ASIC方面，目前有將從整合封裝能力開始切入，CSP 300/400系列晶片皆有斬獲，故研究部粗估28年創意營收將上修預估為5145.8億元(原估4627.5億元)，成長109.3%YOY，稅後淨利預估上修為645.5億元(原估542億元)，成長95.9%YOY，EPS預估為467.7元(原估392.6元，以膨脹後3%股本計算)。

Goldman Sachs (Asia) L.L.C.

We spoke with Faraday (3035.TW, Not Covered) management recently. Faraday is a leading global ASIC design house / fabless and silicon IP supplier. The company is equipped with comprehensive capabilities across SoC design, in-house IP with customization, SoC development platform and advanced packaging. Overall, management is positive on its growth momentum in 4Q26/ 2027, supported by tape-out of multiple advanced node projects, driving higher AI contribution, and mass production business driven by both MCU and ASIC projects. On the 2nm ASIC projects, management highlights it obtains the design wins with its full design/ packaging and ecosystem coordination capabilities, and expects the first payment to start from 2027E, followed by mass production after 1-2 years to support growth ahead.

Management's positive tone on strong AI demand and advanced node expansion echoes our positive view on the expanding roadmap to support AI growth. We see Gen-AI driving AI server shipment growth and specification upgrades, benefiting the global ecosystem across semis, ODM, optical etc. AI spending is expanding from leading CSPs to NeoCloud / Enterprises, supporting the ongoing AI infrastructure upcycle and rising semis spending, especially on advanced nodes. As we highlighted in Oct (Global Server TAM updates), we raised our global server TAM by 31% / 45% in 2027 / 28E across general servers and AI servers to reflect the ongoing generative AI infrastructure investments and specification upgrades.

Company profile: Faraday (3035.TW, Not Covered) provides ASIC design services (design, turnkey) and Silicon IP (Intellectual property) solution, with headquarters in Hsinchu. The company serves leading semis clients (foundry/ memory/ fabless etc.) and has built a solid design flow, development platform and automation system, along with its in-house IP portfolio. The company has comprehensive IP coverage and is capable of offering IP customization services to meet different clients' requirements.

Key takeaways

1. Mix upgrade towards more advanced nodes: The company has worked with its key clients for years and developed the 14nm platform, with its in-house foundational and functional IP. Faraday is also working on the 12nm platform, and management expects to see growing licensing fee ahead, followed by royalties fee after mass production. The company also continues to work on multiple advanced node tape-outs through 1H27. With its comprehensive IP coverage, management

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

highlights the company could help clients lower integration risk, as well as lower NRE fees with fewer IPs that need outsourcing.

2. 2027 growth outlook: Management is positive on revenue growth in 2027E, supported by growth across IP, NRE and Mass Production businesses, and riding on the growing AI chip trend, which drives its revenue exposure toward advanced nodes and advanced packaging, and drives up revenue per project. On the 2nm ASIC project, management sees higher design complexity driving higher value and margin. The company's full-flow coverage across front-end IP integration, SOC design, DRAM and packaging also enhances its competitive advantages.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Disclosures

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs beneficially owned 1% or more of common equity (excluding positions managed by affiliates and business units not required to be aggregated under US securities law) as of the month end preceding this report: Faraday Technology

Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts,

professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or

anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your

individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

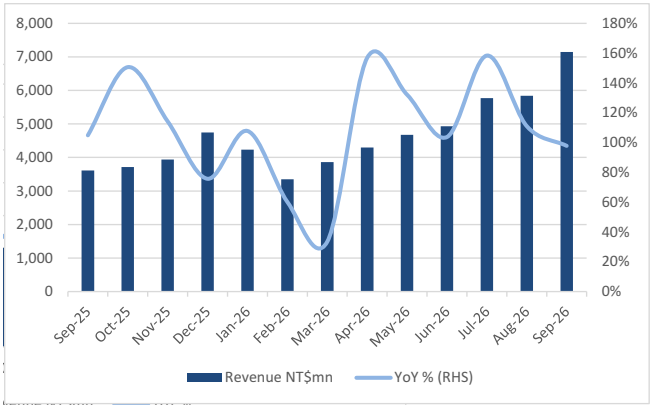
Taiwan Semis: GUC (3443.TW): Mgmt. Call takeaways: Server CPU ramp to sustain momentum into 2027; opportunities across applications

Allen Chang
+852-2978-2930 | allen.k.chang@gs.com
Goldman Sachs (Asia) L.L.C.

Verena Jeng
+852-2978-1681 | verena.jeng@gs.com
Goldman Sachs (Asia) L.L.C.

We talked to GUC (3443.TW, not covered) management recently. The company's Sep revenues were up 22% MoM (vs. +1% MoM in Aug), reflecting its revenues from CPU of a leading US CSP in strong ramp up with more foundry capacity rolling out, and would continue to support the growth in 4Q26 and 2027 per the company. The positive tone echoes our positive view on Global Servers TAM, which we expect leading US cloud service providers (CSPs) in aggregate will grow their capex budgets by 84%/ 52%/ 13% YoY in 2026-28E, with our estimates being raised by 4% / 17% / 22% in 2026-28E to US$1,397bn by 2028E. Revenues in 3Q26 are driven by both NRE and turnkey solutions, with turnkey solutions revenues up 44% QoQ on the CPU ramp up, and despite turnkey solutions up to ~90% of 3Q26 revenues, the GM sustained at 20%+ in 3Q26, thanks to higher-margin NRE milestones. GUC adjusts pricing to reflect rising wafer and memory costs, and management sees memory impact is manageable on its customers' projects. On competition, management highlighted its position as a core partner of TSMC, with in-house IP for 3D stacking as a key differentiator. GUC's strong turnkey pull-in from its CSP customer's server CPU and its focus on IP for TSMC 3D stacking point to continued demand for TSMC's (2330.TW, Buy) advanced nodes and packaging. The positive tone on ASIC demand also echoes our positive view on rising ASIC penetration rate (~60% by 2028E, report link), supported by leading CSPs diversifying thier AI chips platforms and reducing token per second per costs, driving inferencing / training efficiency.

Exhibit 1: GUC last 12 months revenues



Source: Company reports.

Company profile: GUC (3443.TW, not covered) is a ASIC design service company and a TSMC affiliate, providing NRE design services and turnkey production for

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

custom chips manufactured at TSMC. Its customers span cloud (CPUs, AI accelerators, BMCs), automotive and consumer (image sensors, SSD controllers), with 68% of its products under 7nm.

Key takeaways

1. Mass production as the key profit driver: Management noted that the key to profitability lies in converting NRE projects into mass production. With the largest customer's CPU now in volume production, turnkey has become the main growth driver. NRE carries higher GM than turnkey, but as it is recognized by milestone, quarterly NRE margin varies with the mix of projects at different stages.

2. Expanding opportunities across cloud and automotive: GUC continues to open up new opportunities across applications. In cloud, it works with all major US CSPs on projects spanning CPUs and GPUs and also supplies other server projects such as BMCs, while actively pursuing further AI accelerator opportunities. In automotive, it is engaged with both US and Chinese customers at the NRE stage, two of which already plan for mass production.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs expects to receive or intends to seek compensation for investment banking services in the next 3 months: GUC (NT$7,635.00)

Goldman Sachs had an investment banking services client relationship during the past 12 months with: GUC (NT$7,635.00)

Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the

purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption

tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual

clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Ting Song
+852-2978-6466 | ting.song@gs.com
Goldman Sachs (Asia) L.L.C.

MediaTek's 4Q26 guidance was overall in line at NT$210.1bn~ NT$221.8bn (+25%~32% QoQ, vs. our previous estimate at NT$221.8bn), supported by the ramp up of AI accelerators, which partially offsets the weak seasonality of consumer electronics. The company's 3Q26 GM was in line with our estimate at 46.3%, and Opex ratio was better-than-expected, resulting in OP/ NI 11%/ 18% higher than our estimates. Management now expects its AI ASIC revenues to exceed US$2.5bn in 2026E (vs. previously at US$2.0bn) and expects its 2027E AI ASIC market share at 20%, implying US$16bn of AI ASIC revenues in 2027 (vs. US$12bn~US$16bn previously). Mgmt. notes the first AI ASIC project has started shipment in Sep 2026, and the next-Gen AI ASIC project is on track for high volume production in 1Q28. We remain constructive on increasing customer demand given its favorable cost of ownership, deeper cooperation with clients to accumulate experience, and an expanding client base. Maintain Buy with TP raised to NT$7,100 (implied 38x 2027E PE vs. 156% NI YoY in 2027-28E on avg).

AI ASIC continuous ramp up: With gradual revenue contribution from its first AI ASIC project, management notes the company's next-gen AI ASIC project also progresses on track, and the company is also expanding to new clients on AI ASIC products, supported by its strong capability demonstrated by the first project. For the second project, mgmt. notes a couple of dies have already been taped out, which is on track for high volume production in early 2026. We see the company's technology advantages in SerDes IP and advanced packaging, with its 448G SerDes IP in measurement and verification with key clients.

Earnings revision: We factor in MediaTek's 3Q26 results and revise up 2027/ 28E earnings by 1%/ 1%. We revise up revenues by 1% in 2026-28E mainly on higher revenues of AI ASIC projects, with ongoing projects progressing on track. We revise up GM by 0.1ppts in 2026-28E to reflect product mix upgrade.

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

Price Target Risks and Methodology - MediaTek (2454.TW)

Valuation: Our 12m TP of NT$7,100 is based on a target P/E multiple of 25x (1.8 stdv above its 5-year trading average) applied to our 2H27E-1H28E EPS.

Key risks to our views: (1) Weaker-than-expected end demand especially with smartphones, (2) Higher foundry cost impacting its margin outlook, (3) Intensifying competition that would result in reduced profitability, and (4) Slower ramp in ASIC would result in changes in operating leverage

2454.TW	12m Price Target: **NT$7,100.00**	Price: **NT$3,915.00**	Upside: **81.4%**

Reg AC

We, Allen Chang, Verena Jeng and Ting Song, hereby certify that all of the views expressed in this report accurately reflect our personal views about the subject company or companies and its or their securities. We also certify that no part of our compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in this report.

Unless otherwise stated, the individuals listed on the cover page of this report are analysts in Goldman Sachs' Global Investment Research division.

Contributing Authors: Allen Chang Goldman Sachs (Asia) L.L.C., Verena Jeng Goldman Sachs (Asia) L.L.C., Ting Song Goldman Sachs (Asia) L.L.C..

Unless otherwise stated, the individuals listed in the Contributing Authors disclosure of this report are analysts in Goldman Sachs' Global Investment Research division.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in

part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Maintain Buy and TP of TWD5,800

We recently noted that MediaTek's earnings call could prove to be a positive catalyst for its share price, considering a number of unfounded concerns and noises had taken center stage before the call (*Preview: market concerns overdone*). However, we believe some of MTK's messages during earnings call turned out to be even more bullish than we had expected, including: (1) TPU v.8 contribution of USD2.5bn in 4Q26E (vs. *previous guidance of more than USD2bn*, and Street concerns around MTK potentially missing the USD2bn target); (2) management now expects ASIC sales in 2027E to reach the high end (USD16bn) of its prior guidance range (USD14-16bn) vs. our forecast of USD14bn; (3) TPU v.9 schedule is on track for 1Q28E mass production (a powerful clarification vs. Street expectation of 1-2 quarters' delay); (4) management is very confident about v.9 EMIB-T future yield trend after resolving 2-3 key issues (implying no CoWoS back-up plan, vs. Street expectation of a CoWoS-based v.9 project being opened); (5) Mediatek announced that it has secured a 2nd ASIC customer with sales contribution from 2028E; (6) ASIC-driven operating leverage will kick in from 4Q26E (guidance suggesting 19% OPM in 4Q26E, vs our estimate of 18.6% and 3Q26's 16%; and management expects 2027E OPM to be above 20%, vs our estimate of 22%). The only downside surprise might be its 4Q26E sales guidance, which suggests 25%-32% q-q growth vs. our estimate of 34% q-q. We would watch if this is a low bar for MediaTek to beat. GPM guidance of 45%+-1.5% is 1pp lower than previous quarter's range (46%+-1.5%; and 46.3% actual in 3Q26) due to ASIC — in line with our forecast of 45.4%. Overall, we expect the share price to react positively to the earnings call and, thus, reiterate our Buy rating and TWD5,800 TP, based on 25x unchanged 2027-28 EPS estimate. The stock is currently trading at 16.9x.

MediaTek: 3Q26 analysts briefing summary

Below comments are from MediaTek's management, unless otherwise stated :

Results summary

- 3Q26 revenue was TWD168.1bn (+10.4% q-q, +18.3% y-y), above the high end of the TWD152.2–159.8bn guidance.
  - The beat came mainly from better-than-expected customer demand and improving supply.
  - Growth was driven by volume production of several new Smart Edge projects and higher DRAM content in TV SoC.
- GM was 46.3% (+0.1pp q-q, -0.2pp y-y), within the 46% ±1.5pp guidance.
- Opex ratio was 30.2% (vs 31.2% in 2Q26 and 30.9% in 3Q25), within the 31% ±2pp guidance.
- OPM was 16.1% (+1.1pp q-q, +0.5pp y-y).
- Net income was TWD28.2bn (+14.6% q-q, +10.8% y-y). Net margin was 16.8% (+0.6pp q-q, -1.1pp y-y).
- EPS was TWD17.50 (TWD15.28 in 2Q26, TWD15.84 in 3Q25). Non-TIFRS EPS was TWD17.92.
- Average FX was TWD31.99/USD (2Q26: 31.60; guidance assumption: 32).

Prepared remarks

- MediaTek completed a USD3.9bn overseas convertible bond offering in 3Q, with participation from nVidia (NVDA US, Not rated) and Alphabet (GOOGL US, Not rated).
  - This strengthens partnerships with key AI infrastructure players and helps secure capacity for critical components.
- MediaTek continues to make solid progress in both data center and edge devices.
  - Datacenter ASIC
    - Current gen: Demand remains very strong. Initial shipments began in September, and MediaTek is confident of delivering USD2.5bn of revenue in 4Q26.
      - The 4Q upside comes from robust customer demand. MediaTek has worked closely with supply chain partners to secure supply, including substrates.
      - For 2027E, the program is expected to reach the high end of the revenue target range, about USD16bn, or around 20% of the AI accelerator ASIC market. This is underpinned by a solid supply outlook, and MediaTek is working to secure additional capacity to meet demand.
    - Next gen: Development is progressing well and is on track for HVM in 1Q28.
      - The chip is purpose-built for the customer's next-generation AI infrastructure. It delivers multiple times higher performance per watt at a significantly lower TCO.
      - It is expected to strengthen MediaTek's market position and contribute substantially to revenue growth.
    - Technology: Solid progress continues in 448G SerDes, 3.5D advanced packaging, and CPO.
    - Broader customer base: MediaTek is expanding beyond silicon into system and rack solutions. It connects custom xPUs to the NVLink Fusion ecosystem and also supports UALink.
    - MediaTek continues to expand engagements with several customers.
  - Edge
    - The RTX Spark AI PC (N1X), which integrates an nVidia GPU, became commercially available in mid-October through major PC OEMs. Next-gen SoC development is already underway.
    - Dimensity 9500 powers the latest Samsung Galaxy AI tablets. This is the third consecutive generation of Samsung AI tablets using a MediaTek flagship SoC.

- Mobile: -1% q-q, -17% y-y (37% of revenue).
  - Flagship outperformed as customers launched new AI flagship smartphones, including models with MediaTek's first 2nm SoC, the Dimensity 9600.
- Smart Edge: +22% q-q, +63% y-y (58% of revenue).
  - Y-y growth was driven by volume production of new projects: a 5G thin modem for a new smartphone customer, new AI tablets, AI PCs, and automotive cockpits. TV SoC revenue rose on higher DRAM content.
- Power IC: +1% q-q, +18% y-y (5% of revenue).
  - Y-y growth came mainly from share gains in data-center-related business.

4Q26 guidance

- Revenue is guided at TWD210.1–221.8bn (+25–32% q-q, +40–48% y-y), driven by the AI accelerator ramp-up, despite seasonal softness in consumer electronics.
- GM is guided at 45% ±1.5pp.
  - Datacenter business blended GM is still below the corporate average, but OPM becomes accretive from 4Q.
  - Price adjustments for non-DC businesses reflect supply chain cost increases.
- Opex ratio is guided at 26% ±2pp.
  - 4Q marks the starting point of OPM improvement. MediaTek expects 2027E OPM of 20%+.
- FX assumption is TWD31.7/USD.
- Full-year revenue growth is now expected to exceed the previous target of high-single-digit growth in USD.

Q&A

Any changes in ASIC schedule and milestones?

- The 2nd ASIC is on track and on schedule.
  - MediaTek is aware of market noise about the tape-out schedule. The chip has multiple dies, and a couple have already taped out.
  - The large, more complex die will also tape out on schedule, though it takes about three weeks longer than the others.
- 2028 will be another year of strong y-y growth based on the demand profile. No details yet, as the supply chain is still being finalized.

EMIB-T confidence

- MediaTek is working with the US IDM's packaging process and has built a strong in-house manufacturing team led by experienced fab veterans.
- It is working closely with the IDM and substrate suppliers.
- Management has high confidence that yield will improve quickly once two or three key problems are resolved.
  - MediaTek is working with both Taiwanese and Japanese suppliers.
- MediaTek is not dependent on a single supplier.
  - TSMC (2330 TT, Buy) remains its most important partner, and the two work closely across the entire technology chain.

Next-next gen, TAM and contribution

- MediaTek is working very closely with the customer on the next-next generation.
- The customer is aggressive in pushing performance up and TCO down.
- This will be another challenging chip, and the definition will take time to finalize.
- Management will share more when the time is right.

New ASIC client

- A 2nd customer is confirmed, separate from the lead customer.
- The project has kicked off, with first revenue and mass production expected in 2028.
- The customer is not from China.

Vendor financing for LLM customers?

- MediaTek will consider it if necessary and if it is the right customer.
- Returns versus capex have improved over the past six quarters. Management believes capex, whether from CSPs or frontier model companies, will generate enough revenue and cash flow. Some support may be needed during the transition period before cash generation stabilizes.

EMIB-T / HBM5 / technology capability and competition

- The entry barrier is the ability to integrate multiple technologies into manufacturable, scalable products: advanced packaging, HBM5, 448G SerDes, and low power. It is not any single technology.
- Competitors are strong, and MediaTek does not assume it is far ahead. However, it is confident it will win its share of the business.

NVLink Fusion benefits and customer interest

- It is a business model with strong technical content, and it makes it much easier for customers to integrate their own designs.
- The key advantage is much faster time to compute power.
- MediaTek and nVidia are in discussions with several potential customers. Feedback is positive, and MediaTek hopes to announce cases in the near term.

448G

- 448G SerDes has already taped out.
- 448G is a must going forward. It is an N6 design with very stringent power consumption requirements.
- It will not be on the critical path, and MediaTek will improve interoperability to serve a broader customer base.

Appendix A-1

This report has been produced by Nomura International (Hong Kong) Ltd., Taipei Branch (NITB), Taiwan.
See Disclaimers for Nomura Group entity details.

Analyst Certification

We, Aaron Jeng, Vivian Yang and Eric Chen, hereby certify (1) that the views expressed in this Research report accurately reflect our personal views about any or all of the subject securities or issuers referred to in this Research report, (2) no part of our compensation was, is or will be directly or indirectly related to the specific recommendations or views expressed in this Research report and (3) no part of our compensation is tied to any specific investment banking transactions performed by Nomura Securities International, Inc., Nomura International plc or any other Nomura Group company.

Issuer Specific Regulatory Disclosures

The terms "Nomura" and "Nomura Group" used herein refer to Nomura Holdings, Inc. and its affiliates and subsidiaries, including Nomura Securities International, Inc. ('NSI') and Instinet, LLC ('ILLC'), U. S. registered broker dealers and members of SIPC.

Valuation Methodology Our TP of TWD5,800 is based on 25x our 2027-28F average EPS. Our target multiple of 25x is at its high end of historical range. The benchmark index for this stock is TAIEX.
Risks that may impede the achievement of the target price Key downside risks include: 1) fierce price competition from Qualcomm and Spreadtrum; 2) the company's execution (i.e. a continuous rollout of good products in terms of specification, price and cost); 3) smartphone demand, especially in China and emerging markets, where MediaTek has higher revenue exposure; and 4) ASIC execution and competition.

NGFP, NDPI, and NIplc are generally engaged in the trading of swaps and other derivative products, any of which may be the subject of this report.

Distribution of ratings (Nomura Group)

The distribution of all ratings published by Nomura Group Global Equity Research is as follows:
60% have been assigned a Buy rating which, for purposes of mandatory disclosures, are classified as a Buy rating; 34% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services** by the Nomura Group.
38% have been assigned a Neutral rating which, for purposes of mandatory disclosures, is classified as a Hold rating; 57% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services by the Nomura Group
2% have been assigned a Reduce rating which, for purposes of mandatory disclosures, are classified as a Sell rating; 17% of companies with this rating are investment banking clients of the Nomura Group*. 0% of companies (which are admitted to trading on a regulated market in the EEA) with this rating were supplied material services by the Nomura Group.
As at 30 September 2026.
**The Nomura Group as defined in the Disclaimer section at the end of this report.*
*** As defined by the EU Market Abuse Regulation*

Definition of Nomura Group's equity research rating system and sectors

The rating system is a relative system, indicating expected performance against a specific benchmark identified for each individual stock, subject to limited management discretion. An analyst's target price is an assessment of the current intrinsic fair value of the stock based on an appropriate valuation methodology determined by the analyst. Valuation methodologies include, but are not limited to, discounted cash flow analysis, expected return on equity and multiple analysis. Analysts may also indicate expected absolute upside/downside relative to the stated target price, defined as (target price - current price)/current price.

STOCKS

A rating of **'Buy'**, indicates that the analyst expects the stock to outperform the Benchmark over the next 12 months. A rating of **'Neutral'**, indicates that the analyst expects the stock to perform in line with the Benchmark over the next 12 months. A rating of **'Reduce'**, indicates that the analyst expects the stock to underperform the Benchmark over the next 12 months. A rating of **'Suspended'**, indicates that the rating, target price and estimates have been suspended temporarily to comply with applicable regulations and/or firm policies. Securities and/or companies that are labelled as **'Not rated'** or shown as **'No rating'** are not in regular research coverage. Investors should not expect continuing or additional information from Nomura relating to such securities and/or companies. Benchmarks are as follows: **United States/Europe/Asia ex-Japan:** please see valuation methodologies for explanations of relevant benchmarks for stocks, which can be accessed at: http://go.nomuranow.com/research/m/Disclosures; **Global Emerging Markets (ex-Asia):** MSCI Emerging Markets ex-Asia, unless otherwise stated in the valuation methodology; **Japan:** Russell/Nomura Large Cap.

SECTORS

A **'Bullish'** stance, indicates that the analyst expects the sector to outperform the Benchmark during the next 12 months. A **'Neutral'** stance, indicates that the analyst expects the sector to perform in line with the Benchmark during the next 12 months. A **'Bearish'** stance, indicates that the analyst expects the sector to underperform the Benchmark during the next 12 months. Sectors that are labelled as **'Not rated'** or shown as **'N/A'** are not assigned ratings. Benchmarks are as follows: **United States:** S&P 500; **Europe:** Dow Jones STOXX 600; **Global Emerging Markets (ex-Asia):** MSCI Emerging Markets ex-Asia. **Japan/Asia ex-Japan:** Sector ratings are not assigned.

Target Price

A Target Price, if discussed, indicates the analyst's forecast for the share price with a 12-month time horizon, reflecting in part the analyst's estimates for the company's earnings. The achievement of any target price may be impeded by general market and macroeconomic trends, and by other risks related to the company or the market, and may not occur if the company's earnings differ from estimates.

Investors should consider this document as only a single factor in making their investment decision and, as such, the report should not be viewed as identifying or suggesting all risks, direct or indirect, that may be associated with any investment decision. Nomura Group produces a number of different types of research product including, among others, fundamental analysis and quantitative analysis; recommendations contained in one type of research product may differ from recommendations contained in other types of research product, whether as a result of differing time horizons, methodologies or otherwise. The Nomura Group publishes research product in a number of different ways including the posting of product on the Nomura Group portals and/or distribution directly to clients. Different groups of clients may receive different products and services from the research department depending on their individual requirements.
Figures presented herein may refer to past performance or simulations based on past performance which are not reliable indicators of future or likely performance. Where the information contains an expectation, projection or indication of future performance and business prospects, such forecasts may not be a reliable indicator of future or likely performance. Moreover, simulations are based on models and simplifying assumptions which may oversimplify and not reflect the future distribution of returns. Any figure, strategy or index created and published for illustrative purposes within this document is not intended for "use" as a "benchmark" as defined by the European Benchmark Regulation.
Certain securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of, or income derived from, the investment.
With respect to Fixed Income Research: Recommendations fall into two categories: tactical, which typically last up to three months; or strategic, which typically last from 6-12 months. However, trade recommendations may be reviewed at any time as circumstances change. 'Stop loss' levels for trades are also provided; which, if hit, closes the trade recommendation automatically. Prices and yields shown in recommendations are taken at the time of submission for publication and are based on either indicative Bloomberg, LSEG or Nomura prices and yields at that time. The prices and yields shown are not necessarily those at which the trade recommendation can be implemented.
Nomura's research services may utilize artificial intelligence tools, including third-party platforms, to assist with data analysis and other research-related activities. Any AI-generated output is subject to review and oversight by the research analyst(s) primarily responsible for the substance of this report and a qualified supervisor For the avoidance of doubt, the use of AI tools does not constitute investment advice and does not alter the execution-only basis upon which Research Services are provided.

Cloud growth reaffirmed; stronger margins cushion platform delays

Lite-On hosted its investor conference after the close Friday 10/30 and reaffirmed its full year +70% cloud growth guidance. Sales were already reported slightly light at NT $57.4bn, +8.9% slightly below UBS/Street +10.5%/14.3% estimates due to hardware kitting issues and new platform delays. We continue to see strong growth with an expanding customer base and strong ramp of compute but trim 2026/27E sales growth from +31%/38% to +30%/35% to factor in component constraints and 800V DC sidecar ramp more into 2028E due to engineering readiness. With the company increasing its AI mix to 30% in 2026 and >40% in 2027 and ultimately ramping HVDC in 2028, we expect it to sustain its current margin level, and maintain our Buy rating with an unchanged NT$400 PT based on unchanged NT$20 2028E EPS.

Q3 growth constrained; margins expand on improving mix

Lite-On Q3 sales of NT$57.4bn were slightly light with Cloud/AIoT +57% YoY to 59% of group revenue with growth capped by the components shortage, Opto-electro +17% YoY (14% of sales) and IT/CE -6% YoY (27% of sales) softer due to the weakening consumer market more than offsetting the strong SpaceX LEO power supply growth. The group GM/OpM was better at 25.9%/15.1% vs. UBSe/Street 15.2%/13.8% on better mix and operating leverage to lift Q3 EPS to NT$3.27 vs. UBSe/Street NT $2.85/2.97. The company exited Q3 with NT$66bn inventory, +20% QoQ/119% YoY due to the components mismatch and buffer inventory build-ups with LTAs.

Multiple growth drivers to sustain the growth in 2027 before HVDC ramps

Although the industry supply constraints might push the 18.3kW power shelves toward end of Q4, we are seeing the 8.5kW PSU and BBU for AMD servers and ASICs supporting the cloud growth in 2026. With more capacity to come online in H127, we are seeing the 50V power rack to start shipping with BBU to ramp more than 30% YoY in 2027. The company is increasing its 2026 capex from NT$19.7bn vs. prior NT$18bn to meet the substantial cloud demand and expecting even larger spending in 2027, to double their cloud capacity by the end of 2027.

Reiterate Buy rating with unchanged PT of NT$400

Lite-On's shares have corrected 24% from their August peak due to the supply chain concern on platforms delay and component constraints. We trim our 2026-27 sales growth estimates from +31.3%/37.5% to +29.6%/34.8% while expecting it to reaccelerate with the 800VDC power rack ramp in 2028E to support +32% growth. We expect margins to stay on the growth trend and fine-tune our 2026-27 EPS estimates from NT$10.85/NT$16.00 to NT$11.23/NT$15.00 and 2028E EPS unchanged at NT$20.00 with NT$400 PT based on an unchanged 20x 2028E EPS.

Valuation Method and Risk Statement

We value Lite-On Technology using PE methodology. Key risks to our investment thesis:
The principal risk is a slower AI infrastructure deployment cycle. Our industry work shows deployed IT GW is the single-largest determinant of the power TAM, so a meaningful reduction in hyperscaler accelerator deployment would affect all power suppliers.
Customer concentration is a second risk, particularly Lite-On's large custom-ASIC exposure and reliance on a relatively small number of hyperscalers. Program delays or share changes can materially affect annual revenue.
Execution on capacity expansion also matters. Lite-On is investing substantially ahead of forecast demand; if utilization ramps more slowly, depreciation and fixed operating costs could limit expected margin improvement.
Competitive pricing remains a risk as more suppliers qualify for high-power products. We believe the move toward larger, more engineered modules and systems should moderate pure commodity pricing pressure, but it will not eliminate it.
Architecture is another source of uncertainty. A slower transition to external power racks is not particularly damaging to our near-term thesis because 48/54V systems still require substantial power content. Longer term, however, the precise mix between rack-level BBUs, pooled UPS/BESS, ±400V, single-bus 800V and facility-level conversion will determine where value accrues within the supply chain.
Rising competition and slower spec upgrades would impact earnings. Faster progress from Chinese power suppliers, FX movements and weaker legacy IT/consumer demand could create additional earnings variability.
HOLT methodology
The HOLT methodology does not assign ratings or a target price to a security. It is an analytical tool that involves use of a set of proprietary quantitative algorithms and warranted value calculations, collectively called the HOLT valuation model, that are consistently applied to all the companies included in its database. The HOLT valuation model is a discounted cash flow model. Third-party data (including consensus earnings estimates) are systematically translated into a number of default variables and incorporated into the algorithms available in the HOLT valuation model. The source financial statement, pricing, and earnings data provided by outside data vendors are subject to quality control and may also be adjusted to more closely measure the underlying economics of firm performance. These adjustments provide consistency when analyzing a single company across time, or analyzing multiple companies across industries or national borders. The default scenario that is produced by the HOLT valuation model establishes a warranted price that represents the expected mean value for a security based upon empirically derived fade algorithms that forecast a firm's future return on capital and growth rates over an extended period of time. As the third-party data are updated, the warranted price updates automatically. A company's future achieved return on capital or growth rate may differ from HOLT default forecast. Additional information about the HOLT methodology is available upon request.
CFROI, CFROE, HOLT, HOLT Lens, HOLTfolio and "Powered by HOLT" are trademarks or registered trademarks of UBS in the United States and other countries. HOLT is a corporate performance and valuation service of UBS.
HOLT Business Resilience Dashboard (HBRD) Disclaimer
The HOLT Business Resilience Dashboard (HBRD) is constructed by applying systematic processes on publicly available records and third-party data to generate quantitative measures. The HBRD consistently assigns scores using a transparent combination of metrics and weights across financial, environmental and governance inputs. Individual companies can be scored on a global-size and/or region-size relative basis. The HBRD is also translated into five textual assessments (e.g. "Highest" or "Lowest") based on their quintile percentile rank. For further details on the HBRD methodology HOLT Business Resilience Primer please contact UBS Securities LLC, 11 Madison Avenue, New York, NY 10010, USA, Attention: Investment Research. The HBRD does not constitute or imply any endorsement or recommendation of any individual company. UBS has not sought to independently verify information obtained from public and third-party sources and makes no representations or warranties as to accuracy, completeness or reliability of such information due to inconsistent reporting of data by companies. Additionally, as global laws, guidelines and regulations in relation to the tracking and provision of such data are evolving, all such disclosures are made

on a non-reliance basis and are subject to change. Any figures, values or other data published in this report are neither designed nor administered in line with the standards of the IOSCO Principles for Financial Benchmarks or the EU Benchmarks Regulation (EU) 2016/1011 or any other benchmark related regulatory guidelines and as such you are prohibited from using those figures, values or data in a way which would amount to use of a financial benchmark under those regimes (or any equivalent rules or regulations in any global jurisdiction). HOLT transferred to UBS on October 1, 2024 – renamed as UBS HOLT. The UBS HOLT Lens website and materials will be transitioning to UBS branding over time, with expected full redesign to UBS in time.

Quantitative Research Review

UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of an occurrence of a number of short term factors in a product known as the 'Quantitative Research Review'. The views for this month can be found below. Views contained in this assessment on a particular stock reflect only the views on those short term factors which are a different timeframe to the 12-month timeframe reflected in any equity rating set out in this note. For previous responses please make reference to (i) previous UBS Global Research reports; and (ii) where no applicable research report was published that month, the Quantitative Research Review which can be found at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team on ubs-quant-answers@ubs.com. A consolidated report which contains all responses is also available and again you should contact your UBS sales representative for details and pricing or the Quantitative Research Team on the email above.

Lite-On Technology

Question	Response
1. Is the industry structure facing the firm likely to improve or deteriorate over the next six months? Rate on a scale of 1-5 (1 = getting worse, 3 = no change, 5 = getting better, N/A = no view)	4
2. Is the regulatory/government environment facing the firm likely to improve or deteriorate over the next six months? Rate on a scale of 1-5 (1 = getting tougher 3 = no change, 5 = getting better, N/A = no view)	3
3. Over the last 3-6 months in broad terms have things been improving/no change/getting worse for this stock? Rate on a scale of 1-5 (1 = getting a lot worse, 3 = not much change, 5 = getting a lot better, N/A = no view)	5
4. Relative to the current CONSENSUS EPS forecast, is the next company EPS update likely to lead to: (1 = negative surprise vs consensus, 3 = in-line with consensus, 5 = positive surprise vs consensus expectations, N/A = no view)	5
5. What's driving the difference?	
6. Relative to YOUR current earnings forecast, is there relatively greater risk at the next earnings result of:(1 = downside skew risk to earnings, 3 = equal upside or downside risk to earnings, 5 = upside skew risk to earnings, N/A = no view)	5
7. What's driving the difference?	
8. Is there an upcoming catalyst for the company over the next three months?	
9. Is there an actual or approximate date for the catalyst?	
10. Is the catalyst date an actual or approximate date?	
11. What is the catalyst?	

Required Disclosures

This document has been prepared by UBS Securities Pte. Ltd., Taipei Branch, an affiliate of UBS AG. UBS AG, its subsidiaries, branches and affiliates, including former Credit Suisse AG and its subsidiaries, branches and affiliates are referred to herein as "UBS".

For information on how UBS manages conflicts and maintains the independence of its UBS Global Research product; historical performance information; certain additional disclosures concerning UBS Global Research recommendations; and terms and conditions for certain third party data used in research report, please visit https://www.ubs.com/disclosures. Unless otherwise indicated, information and data in this report are based on company disclosures including annual, interim and quarterly reports and other company announcements. Figures in performance charts refer to the past; past performance is not a reliable indicator of future results. Additional information will be made available on request. UBS Securities Co. Limited is licensed by the China Securities Regulatory Commission to conduct securities investment consultancy businesses. UBS acts or may act as principal in the debt securities (or in related derivatives) that may be the subject of this report. This recommendation was finalized on: 30 October 2026 04:38 PM GMT. UBS has designated certain UBS Global Research department members as Derivatives Research Analysts where they publish research principally on the analysis of the price or market for a derivative, and provide information reasonably sufficient on which to base a decision to enter into a derivatives transaction. Where Derivatives Research Analysts co-author research reports with Equity Research Analysts or Economists, the Derivatives Research Analyst is responsible for the derivatives investment views, forecasts, and/or recommendations. **Quantitative Research Review:** UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of a number of short term factors occurring, in a product known as the 'Quantitative Research Review'. Views in this assessment on a particular stock reflect only those short term factors and a timeframe different to the 12-month timeframe reflected in any equity rating set out in this document. For the latest responses, please see the Quantitative Research Review Addendum at the back of this document, where applicable. For previous responses, please refer to: (i) previous UBS Global Research reports and (ii) where no applicable research report was published that month, the Quantitative Research Review at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team at ubs-quant-answers@ubs.com. A consolidated report containing all responses is also available; for details and pricing, please contact your UBS sales representative or the Quantitative Research team at the above email.

Analyst Certification:
Each research analyst primarily responsible for the content of this research report, in whole or in part, certifies that, with respect to each security or issuer that the analyst covered in this report: (1) all views expressed accurately reflect their personal views about those securities or issuers and were prepared independently, including with respect to UBS, and (2) no part of their compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in the research report.

UBS Global Research: Global Equity Rating Definitions

12-Month Rating	Definition	Coverage[1]	IB Services[2]
Buy	FSR is > 6% above the MRA.	55%	24%
Neutral	FSR is between -6% and 6% of the MRA.	39%	20%
Sell	FSR is > 6% below the MRA.	6%	21%

Source: UBS. Rating allocations are as of 30 September 2026.
1:Percentage of companies under coverage globally within the 12-month rating category.
2:Percentage of companies within the 12-month rating category for which investment banking (IB) services were provided within the past 12 months.

KEY DEFINITIONS:Forecast Stock Return (FSR) is expected percentage price appreciation plus gross dividend yield over the next 12 months. In some cases, this yield may be based on accrued dividends. **Market Return Assumption (MRA)** is the one-year local market interest rate plus 5% (a proxy for, and not a forecast of, the equity risk premium). **Under Review (UR)** Stocks may be flagged by the analyst to indicate that the stock's price target and/or rating may change in the near term, usually in response to an event that may affect the investment case or valuation. **Equity Price Targets** have a 12-month investment horizon.

EXCEPTIONS AND SPECIAL CASES:UK and European Investment Fund ratings and definitions are: Buy: Positive on factors such as structure, management, performance record and discount; **Neutral:** Neutral on factors such as structure, management, performance record and discount; **Sell:** Negative on factors such as structure, management, performance record and discount. **Core Banding Exceptions (CBE):** Exceptions to the standard +/-6% bands may be granted by the Investment Review Consultation (IRC). Factors considered by the IRC include the stock's volatility and the credit spread of the respective company's debt. As a result, stocks deemed very high or low risk may be subject to higher or lower bands for rating purposes. Where such exceptions apply, they will be identified in the Company Disclosures table in the relevant research piece.

Research analysts contributing to this report who are employed by a non-US affiliate of UBS Securities LLC are not registered or qualified as research analysts with FINRA. Such analysts may not be associated persons of UBS Securities LLC and therefore are not subject to FINRA restrictions on communications with a subject company, public appearances, and trading securities held by a research analyst account. The name of each affiliate and analyst employed by that affiliate contributing to this report, if any, follows.

UBS Securities Pte. Ltd., Taipei Branch: Irene Chang, Randy Abrams.

UBS Global Research is primarily intended for institutional/professional/wholesale clients, and not for retail clients or private individuals (excluding via any UBS approved distribution channel for such clients), as defined under the governing law and regulation of the relevant client jurisdiction.

This document is provided solely to recipients who are expressly authorized by UBS to receive it. If you are not so authorized you must immediately destroy it.

UBS Global Research is provided to our clients through UBS Neo and, in certain instances, UBS.com and any other system or distribution method specifically identified in one or more communications distributed through UBS Neo or UBS.com (each, a "System") as an approved means of distributing UBS Global Research. It may also be made available through third party vendors and distributed by UBS and/or third parties by e-mail or other electronic means.

All UBS Global Research is available on UBS Neo. Please contact your UBS sales representative if you wish to discuss access to UBS Neo. Where UBS Global Research refers to "UBS Evidence Lab Inside" or uses data provided by UBS Evidence Lab, and you would like access to that data, please contact your UBS sales representative. UBS Evidence Lab data is available on UBS Neo. The level and types of services provided by UBS Global Research and UBS Evidence Lab to a client may vary depending on factors including a client's preferences as to the frequency and manner of receiving communications, risk profile, and investment focus and perspective (e.g., market wide, sector specific, long-term, short-term), the size and scope of the overall client relationship with UBS Global Research and UBS Evidence Lab, and legal and regulatory constraints. UBS HOLT and UBS Pharma Values are offerings of UBS Global Research. HOLT Lens is a corporate performance platform offering that provides an objective accounting-led framework for comparing and valuing companies and is available to clients of UBS Global Research; for details and pricing, please contact your UBS Sales representative. In particular, HOLT has a variety of warranted prices based on the scenario chosen; if you are interested in the warranted price for a particular company, please mail UBS Securities LLC, 11 Madison Avenue, New York, NY 10010, USA, Attention: Investment Research, subject again to commercial considerations. UBS Pharma Values is an analytical tool involving individual product net present value calculations based on published forecasts of pharmaceutical sales, and is available to clients of UBS Global Research; for details and pricing, please contact your UBS Sales representative. For all other specific disclaimers, please see https://www.ubs.com/disclosures.

When you receive UBS Global Research through a System, your access to and/or use of it is subject to this UBS Global Research Disclaimer, the UBS Neo Platform Use Agreement (the "Neo Terms"), and any other relevant terms of use governing the applicable System.

When you receive UBS Global Research via a third party vendor, e-mail or other electronic means, you agree that use shall be subject to this UBS Global Research Disclaimer, the Neo Terms and where applicable the UBS Investment Bank terms of business (https://www.ubs.com/global/en/investment-bank/regulatory.html) and to UBS's Terms of Use/ Disclaimer (https://www.ubs.com/global/en/legalinfo2/disclaimer.html). In addition, you consent to UBS processing your personal data and using cookies in accordance with our Privacy Statement (https://www.ubs.com/global/en/legalinfo2/privacy.html) and Cookie Notice (https://www.ubs.com/global/en/legal/privacy/users.html).

If you receive UBS Global Research, whether through a System or otherwise, you agree not to copy, revise, amend, create derivative works, provide to any third party, or in any way commercially exploit any UBS research provided via UBS Global Research or otherwise, and not to extract data from any research or estimates provided to you via UBS Global Research or otherwise, without UBS's prior written consent. You also agree not to use UBS Global Research in any artificial intelligence system without UBS's prior written consent.

In certain circumstances, you may receive UBS Global Research other than in your capacity as a UBS client and, you understand and agree that in those circumstances: (i) UBS Global Research is provided to you for information purposes only; (ii) for the purpose of receiving it, you are not intended to be and will not be treated as a "client" of UBS for any legal or regulatory purpose; (iii) UBS Global Research must not be relied on or acted upon for any purpose; and (iv) such content is subject to the relevant disclaimers that follow.

This document may be distributed only as permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident of, or located in, any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement in that jurisdiction.

This document is a general communication and educational in nature; it is not an advertisement, solicitation or offer to buy or sell any financial instrument or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, neither UBS nor its representatives has any responsibility or authority to provide, or to have provided, investment advice in a fiduciary or any other capacity. Investments involve risks, and investors should exercise prudence and their own judgment in making investment decisions. Neither UBS nor its representatives is suggesting that the recipient or any other person take a specific course of action, or any action at all. The recipient should read this document carefully and in full and not draw inferences or conclusions from the rating alone. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the recipient's investment objectives. The financial instruments described in this document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, structured derivative products and futures (including OTC derivatives) are not suitable for all investors. Trading in these instruments is risky and may be appropriate only for sophisticated investors. Before buying or selling an option, you must receive a copy of "The Characteristics and Risks of Standardized Options" for a full description of options risks. You may read it at https://www.theocc.com/publications/risks/riskchap1.jsp or ask your salesperson for a copy. Various theoretical explanations of the risks of these instruments have been published. Supporting documentation for any claims, comparisons, recommendations, statistics or other technical data will be supplied on request. Past performance is not necessarily indicative of future results. Transaction costs may be significant in option strategies involving multiple purchases and sales, such as spreads and straddles. As tax considerations are important to many options transactions, investors considering options should consult their tax advisor on how taxes affect the outcome of contemplated options transactions.

Mortgage- and asset-backed securities may involve a high degree of risk and be highly volatile in response to interest rate fluctuations or other market conditions. Foreign currency exchange rates may adversely affect the value, price or income of any security or related instrument referred to in this document. For investment advice, trade execution or other inquiries, clients should contact their local sales representative.

UBS notes that no globally accepted framework or definition (legal, regulatory or otherwise) currently exists, and there is no market consensus, as to what constitutes "ESG" (Environmental, Social or Governance) or an equivalent label, or what precise attributes are required for the Information (as defined below) to be defined as ESG or equivalently labelled. Any information, data or other content, including from third party sources, contained or referred to herein or used by UBS or a third party for any purpose ("Information"), in relation to any actual or potential ESG objective, issue or consideration, is not intended to be relied upon for ESG classification, regulatory regime or industry initiative purposes ("ESG Regimes"). Nothing in this document is intended to convey, suggest or indicate that UBS considers or represents any product, service, person or body mentioned in it to meet or qualify for any ESG classification, labelling or similar standards that may exist under ESG Regimes. UBS has not assessed compliance with ESG Regimes. Parties should make their own assessments for these purposes.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts liability for any loss (including investment loss) or damage arising out of the use of any of the Information.

Before making any investment or financial decision, any recipient of this document or the information should take steps to understand the investment's risk and return and seek individualized advice from their personal financial, legal, tax and other professional advisors, taking into account all relevant facts and circumstances of their investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations of individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices. They do not necessarily reflect UBS's internal books and records or theoretical model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, express or implied, is given as to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a complete statement or summary of the securities, markets or developments referred to in this document. UBS does not undertake to update or keep current the Information. Any statements contained in this document attributed to a third party represent UBS's interpretation of data, information and/or opinions provided by that third party,

publicly or through a subscription service, and such use and interpretation have not been reviewed by that third party. In no circumstances may this document or any Information, including any forecast, value, index or other calculated amount ("Values"), be used for: (i) valuation or accounting purposes; (ii) determining amounts due or payable, or the price or value of any financial instrument or financial contract; or (iii) measuring the performance of any financial instrument, including without limitation tracking the return or performance of any Value, defining the asset allocation of a portfolio or computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of those purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, including without limitation independence policies and permanent information barriers, intended, and relied on by UBS, to manage potential conflicts of interest and control the flow of information within UBS divisions and among its subsidiaries, branches and affiliates. UBS does and seeks to do business with companies covered in its research documents. As a result, investors should be aware that UBS may have a conflict of interest that could affect this document's objectivity. Investors should consider this document as only one factor in making an investment decision. For further information on how UBS Global Research manages conflicts and maintains the independence of its research products, historical performance information and certain additional disclosures concerning UBS Global Research recommendations, please visit https://www.ubs.com/disclosures.

UBS Global Research will initiate, update and cease coverage solely at the discretion of UBS Global Research Management, which also has sole discretion over the timing and frequency of any published research product. The analysis in this document is based on numerous assumptions. All material information relating to published research documents, such as valuation methodology, risk statements, underlying assumptions (including sensitivity analysis of those assumptions), ratings history and other information required by the Market Abuse Regulation, can be found on UBS Neo. Different assumptions could produce materially different results.

UBS Global Research may use artificial intelligence tools in the preparation of this document. Notwithstanding any such use, this document has undergone human review.

The analyst(s) responsible for preparing this document may interact with trading desk personnel, sales personnel and other parties to gather, apply and interpret market information. UBS relies on information barriers to control the flow of information from one or more areas within UBS to other areas, units, groups or affiliates. Compensation of the analyst(s) who prepared this document is determined exclusively by UBS Global Research management and senior management (excluding investment banking). It is not based on investment banking revenues; however, it may relate to the revenues of UBS and/or its divisions as a whole, including investment banking, sales and trading, and UBS as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS (excluding UBS Securities LLC) acts as a market maker or liquidity provider (as those terms are interpreted under English law or, if the activity is not carried out by UBS in the UK, under the law of the relevant jurisdiction in which UBS determines it carries out the activity) in the issuer's financial instruments, except where liquidity provider activity is carried out in accordance with the definition under the laws and regulations of another EU jurisdiction, in which case it is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker, except where that activity is carried out in the US in accordance with the definition under applicable laws and regulations, in which case it will be specifically disclosed in this document. UBS may have issued a warrant whose value is based on one or more financial instruments referred to in this document. UBS and its affiliates and employees may have long or short positions, trade as principal, and buy and sell instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Within the past 12 months, UBS may have received or provided investment services and activities or ancillary services under MiFID II that may have given rise to a payment or promise of payment in relation to those services from or to this company.

Please note that all transactions conducted by UBS are consistent with sanctions imposed by Switzerland, the European Union, the United Nations, the United Kingdom and the United States, in accordance with UBS's global sanctions policy. UBS's opinions as to future investment worthiness assume no new sanctions are imposed.

US persons are prohibited from purchasing or selling securities of certain companies designated as associated with the Chinese Military in accordance with amended US Presidential Executive Order 13959.

United Kingdom: Distributed by UBS AG, London Branch to eligible counterparties or professional clients. UBS AG, London Branch is authorised by the Prudential Regulation Authority ("PRA") and subject to regulation by the Financial Conduct Authority (FCA) and limited regulation by the PRA. **Europe:** Except as otherwise specified, distributed by UBS Europe SE, a subsidiary of UBS AG, to eligible counterparties or professional clients (as defined under the Bundesanstalt fur Finanzdienstleistungsaufsicht ("BaFin") Rules and MIFID II) and are available only to such persons. The information in this document does not apply to, and should not be relied on by, retail clients. UBS Europe SE is authorised by the European Central Bank ("ECB") and regulated by BaFin and the ECB. **Germany, Luxembourg, the Netherlands, Belgium and Ireland:** Where an analyst of UBS Europe SE has contributed to this document, it is also deemed to have been prepared by UBS Europe SE. In all cases, it is distributed by UBS Europe SE and UBS AG, London Branch. **Turkey:** Distributed by UBS AG, London Branch. No information in this document is provided for offering, marketing or sale by any means of any capital market instruments or services in the Republic of Turkey. Therefore, this document may not be considered an offer made or to be made to residents of the Republic of Turkey. UBS AG, London Branch is not licensed by the Turkish Capital Market Board under the Capital Market Law (Law No. 6362). Accordingly, neither this document nor any other offering material related to the instruments/services may be used in connection with providing capital market services to persons within the Republic of Turkey without the prior approval of the Capital Market Board. However, under article 15(d)(ii) of Decree No. 32, there is no restriction on the purchase or sale of securities abroad by residents of the Republic of Turkey. **Poland:** Distributed by UBS Europe SE (spolka z ograniczona odpowiedzialnoscia) Oddzial w Polsce ("UBS Poland"). Where an analyst of UBS Poland has contributed to this document, the document is also deemed to have been prepared by UBS Poland. **Russia:** Prepared and distributed by UBS Bank (OOO). It should not be construed as an individual Investment Recommendation for the purposes of articles 6.1 and 6.2 of Russian Federal Law No. 39-FZ "On the Securities Market". **Switzerland:** Distributed by UBS AG to institutional investors only. UBS AG is regulated by the Swiss Financial Market Supervisory Authority (FINMA). **Italy:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Italy Branch. Where an analyst of UBS Europe SE, Italy Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Italy Branch. **France:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, France Branch. Where an analyst of UBS Europe SE, France Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, France Branch. **Spain:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Spain Branch. Where an analyst of UBS Europe SE, Spain Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Spain Branch. **Sweden:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Sweden Branch. Where an analyst of UBS Europe SE, Sweden Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Sweden Branch. **South Africa:** Distributed by UBS South Africa (Pty) Limited (Registration No. 1995/011140/07), an authorised user of the JSE and an authorised Financial Services Provider (FSP 7328). **Saudi Arabia:** This document has been issued by UBS AG (and/or any of its subsidiaries, branches or affiliates), a public company limited by shares, incorporated in Switzerland with its registered offices at Aeschenvorstadt 1, CH-4051 Basel and Bahnhofstrasse 45, CH-8001 Zurich. This publication has been approved by UBS Saudi Arabia (a subsidiary of UBS AG), a Saudi closed joint stock company incorporated in the Kingdom of Saudi Arabia under commercial register number 1010257812 having its registered office at Tatweer Towers, P.O. Box 75724, Riyadh 11588, Kingdom of Saudi Arabia. UBS Saudi Arabia is authorized and regulated by the Capital Market Authority to conduct securities business under license number 08113-37. **UAE / Dubai:** Information distributed by UBS AG Dubai Branch is only intended for Professional Clients and/or Market Counterparties as classified under the DFSA rulebook. No other person should act on this document/communication. The information is not for further distribution within the United Arab Emirates. UBS AG Dubai Branch is regulated by the DFSA in the DIFC. UBS is not licensed to provide banking services in the UAE, nor by the UAE Securities and Commodities Authority. **Israel:** This document is distributed by UBS AG, London Branch. UBS Securities Israel Ltd is a licensed Investment Marketer supervised by the Israel Securities Authority (ISA). UBS AG, London Branch and its affiliates incorporated outside Israel are not licensed under the Israeli Advisory Law. UBS may engage among others in issuance of Financial Assets or distribution of Financial Assets of other issuers for fees or other benefits. UBS AG, London Branch and its affiliates may prefer various Financial Assets to which they have or may have an Affiliation (as defined under the Israeli Advisory Law). Nothing in this document should be considered investment advice under the Israeli Advisory Law. This document is only issued to and/or directed at persons who are Eligible Clients (within the meaning of the Israeli Advisory Law), and must not be furnished to, relied on or acted upon by any other person. **United States:** Distributed to US persons by UBS Securities LLC or UBS Financial Services Inc., subsidiaries of UBS AG, or by a group, subsidiary or affiliate of UBS AG not registered as a US broker-dealer (a "non-US affiliate") to major US institutional investors only. UBS Securities LLC or UBS Financial Services Inc. accepts responsibility for the content of a report prepared by another non-US affiliate when distributed to US persons by UBS Securities LLC or UBS Financial Services Inc. All transactions by a US person in the securities mentioned in this document must be effected through UBS Securities LLC or UBS Financial Services Inc., and not through a non-US affiliate. UBS Securities LLC is not acting as a municipal advisor to any municipal entity or obligated person within the meaning of Section 15B of the Securities Exchange Act (the "Municipal Advisor Rule"), and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of that rule. **Canada:** Distributed by UBS Securities Canada Inc., a registered investment dealer in Canada and a Member-Canadian Investor Protection Fund, or by another affiliate of UBS AG registered to conduct business in Canada or otherwise exempt from registration. **Brazil:** Except as otherwise specified herein, this document is prepared by UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A. ("UBS BB CCTVM") for eligible investors residing in Brazil who are considered Professional Investors (Investidores Profissionais) under applicable regulation, primarily CVM Resolution No. 30 of 11 May 2021 (which determines the duty to verify the suitability of products, services and transactions to the client's profile). UBS BB CCTVM is a subsidiary of UBS BB Servicos de Assessoria Financeira e Participacoes S.A. ("UBS BB"). UBS BB is an association between UBS AG and Banco do Brasil (through its subsidiary BB Banco de Investimentos S.A.), of which UBS AG is the majority owner, and provides investment banking services and coverage in Brazil, Argentina, Chile, Paraguay, Peru and Uruguay. UBS BB CCTVM is regulated by the Comissao de Valores Mobiliarios (CVM) and the Central Bank of Brazil. Ombudsman: 0800-940-0266 / https://www.ubs.com/br/pt/ubsbb-investment-bank/ombudsman.html**Hong Kong:** Distributed by UBS Securities Asia Limited. Please contact local licensed persons of UBS Securities Asia Limited in respect of any matters arising from, or in connection with, the analysis or document. **Singapore:** Distributed by UBS Securities Pte. Ltd. (Co. Reg. No.: 198500648C] or UBS AG, Singapore Branch. Please contact UBS Securities Pte. Ltd., an exempt

financial adviser under the Singapore Financial Advisers Act (Cap. 110), or UBS AG, Singapore Branch, an exempt financial adviser under the Singapore Financial Advisers Act (Cap. 110) and a wholesale bank licensed under the Singapore Banking Act (Cap. 19) and regulated by the Monetary Authority of Singapore, regarding any matters arising from, or in connection with, the analysis or document. Recipients of this document represent and warrant that they are accredited and institutional investors as defined in the Securities and Futures Act (Cap. 289). **Japan:** Distributed by UBS Securities Japan Co., Ltd. to professional investors (except as otherwise permitted). Where this document has been prepared by UBS Securities Japan Co., Ltd., UBS Securities Japan Co., Ltd. is the author, publisher and distributor of the document. Distributed by UBS AG, Tokyo Branch to professional investors (except as otherwise permitted) in relation to foreign exchange and other banking businesses, where relevant. **Australia:** Recipients through a superannuation fund: Distributed by UBS AG, Australia Branch (ABN 47 088 129 613 and holder of Australian Financial Service Licence No. 231087). For all other recipients: Distributed by UBS Securities Australia Limited (ABN 62 008 586 481 and holder of Australian Financial Services Licence No. 231098). This document contains general information and/or general advice only and does not constitute personal financial product advice. As such, the Information in this document has been prepared without taking into account any investor's objectives, financial situation or needs, and investors should, before acting on the Information, consider the appropriateness of the Information, having regard to their objectives, financial situation and needs. If the Information contained in this document relates to the acquisition, or potential acquisition of a particular financial product by a 'Retail' client as defined by section 761G of the Corporations Act 2001 where a Product Disclosure Statement would be required, the retail client should obtain and consider the Product Disclosure Statement relating to the product before making any decision about whether to acquire the product. **New Zealand:** Distributed by UBS New Zealand Ltd. UBS New Zealand Ltd is not a registered bank in New Zealand. You are being provided with this document because you have indicated to UBS that you are a "wholesale client" within the meaning of clause 4 of schedule 5 of the Financial Markets Conduct Act 2013 of New Zealand ("Permitted Client"). This document is not intended for clients who are not Permitted Clients ("non-Permitted Clients"). If you are a non-Permitted Client, you must not rely on this document. If, despite this warning, you nevertheless rely on it, you hereby: (i) acknowledge that you may not rely on its content and that any recommendations or opinions in it are not made or provided to you; and (ii) to the maximum extent permitted by law, (a) indemnify UBS and its associates or related entities (and their respective directors, officers, agents and advisors) (each a "Relevant Person") for any loss, damage, liability or claim any of them may incur or suffer as a result of, or in connection with, your unauthorised reliance on this document, and (b) waive any rights or remedies you may have against any Relevant Person for any loss, damage, liability or claim you may incur or suffer as a result of, or in connection with, your unauthorised reliance on this publication or document. **Korea:** Distributed in Korea by UBS Securities Pte. Ltd., Seoul Branch. This document may from time to time have been edited or contributed to by affiliates of UBS Securities Pte. Ltd., Seoul Branch. This document is intended for professional/institutional clients only and not for distribution to any retail clients. **Malaysia:** This document is authorized for distribution in Malaysia by UBS Securities Malaysia Sdn. Bhd (Capital Markets Services License No.: CMSL/A0063/2007). Global Wealth Management Disclaimer

You receive this document in your capacity as a client of UBS Global Wealth Management. This publication has been distributed to you by UBS Switzerland AG (regulated by FINMA in Switzerland) or its affiliates (**"UBS"**) with whom you have a banking relationship with. The full name of the distributing affiliate and its competent authority can be found in the country-specific disclaimer at the end of this document. UBS may utilise artificial intelligence tools ("AI Tools") in the preparation of this document. Notwithstanding any such use of AI Tools, this document has undergone human review.

The date and time of the first dissemination of this publication is the same as the date and time of its publication.

Risk information:

You agree that you shall not copy, revise, amend, create a derivative work, provide to any third party, or in any way commercially exploit any UBS research, and that you shall not extract data from any research or estimates, without the prior written consent of UBS.

This document is for distribution only as may be permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement within such jurisdiction.

This document is **for your information only**; it is not an advertisement nor is it a solicitation or an offer to buy or sell any financial instruments or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, none of UBS or its representatives has any responsibility or authority to provide or have provided investment advice in a fiduciary capacity or otherwise. Investments involve risks, and investors should exercise prudence and their own judgment in making their investment decisions. None of UBS or its representatives is suggesting that the recipient or any other person take a specific course of action or any action at all. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the investment objectives of the recipient. The financial instruments described in the document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, derivative products and futures are not suitable for all investors, and trading in these instruments is considered risky. Mortgage and asset-backed securities may involve a high degree of risk and may be highly volatile in response to fluctuations in interest rates or other market conditions. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related instrument referred to in the document. For investment advice, trade execution or other enquiries, clients should contact their local sales representative.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts any liability for any loss (including investment loss) or damage arising out of the use of all or any of the information (as defined below).

Prior to making any investment or financial decisions, any recipient of this document or the information should take steps to understand the risk and return of the investment and seek individualized advice from his or her personal financial, legal, tax and other professional advisors that takes into account all the particular facts and circumstances of his or her investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations for individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices, and any prices do not necessarily reflect UBS's internal books and records or theoretical

model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, either expressed or implied, is provided in relation to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a complete statement or summary of the securities, markets or developments referred to in the document. UBS does not undertake to update or keep current the Information. Any opinions expressed in this document may change without notice and may differ or be contrary to opinions expressed by other business areas or groups, personnel or other representative of UBS. Any statements contained in this report attributed to a third party represent UBS's interpretation of the data, information and/or opinions provided by that third party either publicly or through a subscription service, and such use and interpretation have not been reviewed by the third party. In no circumstances may this document or any of the Information (including any forecast, value, index or other calculated amount ("Values")) be used for any of the following purposes: (i) valuation or accounting purposes; (ii) to determine the amounts due or payable, the price or the value of any financial instrument or financial contract; or (iii) to measure the performance of any financial instrument including, without limitation, for the purpose of tracking the return or performance of any Value or of defining the asset allocation of portfolio or of computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of the above purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, which include, without limitation, independence policies and permanent information barriers, that are intended, and upon which UBS relies, to manage potential conflicts of interest and control the flow of information within divisions of UBS (including between Global Wealth Management and UBS Global Research) and among its subsidiaries, branches and affiliates. For further information on the ways in which UBS manages conflicts and maintains independence of its research products, historical performance information and certain additional disclosures concerning UBS research recommendations, please visit https://www.ubs.com/research-methodology.

Research will initiate, update and cease coverage solely at the discretion of research management, which will also have sole discretion on the timing and frequency of any published research product. The analysis contained in this document is based on numerous assumptions. Different assumptions could result in materially different results.

The analyst(s) responsible for the preparation of this document may interact with trading desk personnel, sales personnel and other parties for the purpose of gathering, applying and interpreting market information. UBS relies on information barriers to control the flow of information contained in one or more areas within UBS into other areas, units, groups or affiliates of UBS. The compensation of the analyst who prepared this document is determined exclusively by research management and senior management (not including investment banking). Analyst compensation is not based on investment banking revenues; however, compensation may relate to the revenues of UBS and/or its divisions as a whole, of which investment banking, sales and trading are a part, and UBS's subsidiaries, branches and affiliates as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS AG, its affiliates or subsidiaries (excluding UBS Securities LLC) acts as a market maker or liquidity provider (in accordance with the interpretation of these terms in the UK) in the financial instruments of the issuer save that where the activity of liquidity provider is carried out in accordance with the definition given to it by the laws and regulations of any other EU jurisdictions, such information is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker save that where this activity is carried out in the US in accordance with the definition given to it by the relevant laws and regulations, such activity will be specifically disclosed in this document. UBS may have issued a warrant the value of which is based on one or more of the financial instruments referred to in the document. UBS and its affiliates and employees may have long or short positions, trade as principal and buy and sell in instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Options and futures are not suitable for all investors, and trading in these instruments is considered risky and may be appropriate only for sophisticated investors. Prior to buying or selling an option, and for the complete risks relating to options, you must receive a copy of "Characteristics and Risks of Standardized Options". You may read the document at https://www.theocc.com/about/publications/character-risks.jsp or ask your financial advisor for a copy.

Investing in structured investments involves significant risks. For a detailed discussion of the risks involved in investing in any particular structured investment, you must read the relevant offering materials for that investment. Structured investments are unsecured obligations of a particular issuer with returns linked to the performance of an underlying asset. Depending on the terms of the investment, investors could lose all or a substantial portion of their investment based on the performance of the underlying asset. Investors could also lose their entire investment if the issuer becomes insolvent. UBS does not guarantee in any way the obligations or the financial condition of any issuer or the accuracy of any financial information provided by any issuer. Structured investments are not traditional investments and investing in a structured investment is not equivalent to investing directly in the underlying asset. Structured investments may have limited or no liquidity, and investors should be prepared to hold their investment to maturity. The return of structured investments may be limited by a maximum gain, participation rate or other feature. Structured investments may include call features and, if a structured investment is called early, investors would not earn any further return and may not be able to reinvest in similar investments with similar terms. Structured investments include costs and fees which are generally embedded in the price of the investment. The tax treatment of a structured investment may be complex and may differ from a direct investment in the underlying asset. UBS and its employees do not provide tax advice. Investors should consult their own tax advisor about their own tax situation before investing in any securities.

Important Information About Sustainable Investing Strategies: This terminology refers to definitions in the UBS Sustainable Investing Framework and does not refer or relate to any product specific regulatory labelling regime or naming conventions. Sustainable investing strategies aim to consider and incorporate environmental, social and governance (ESG) factors into investment process and portfolio construction. Strategies across geographies approach ESG analysis and incorporate the findings in a variety of ways. Incorporating ESG factors or sustainable investing considerations may inhibit the portfolio manager's ability to participate in certain investment opportunities that otherwise would be consistent with its investment objective and other principal investment strategies. The returns on a portfolio incorporating ESG factors or sustainable investing considerations may be lower or higher than portfolios where ESG factors, exclusions, or other sustainability issues are not considered by the portfolio manager, and the investment opportunities available to such portfolios may differ.

Within the past 12 months UBS Switzerland AG, its affiliates or subsidiaries may have received or provided investment services and activities or ancillary services as per MiFID II which may have given rise to a payment or promise of a payment in relation to these services from or to this company.

Disclosures: If you require detailed information on disclosures of interest or conflict of interest as required by Market Abuse Regulation please contact the mailbox MAR_disclosure_twopager@ubs.com. Please note that e-mail communication is unsecured.

External Asset Managers / External Financial Consultants: In case this research or publication is provided to an External Asset Manager or an External Financial Consultant, UBS expressly prohibits that it is redistributed by the External Asset Manager or the External Financial Consultant and is made available to their clients and/or third parties.

Argentina: All securities that will be offered to you by UBS are not authorized by the Argentine Securities and Exchange Commission (CNV) and are not subject to its reporting, periodic information requirements, or oversight. Furthermore, the CNV has not reviewed or endorsed the information provided in any securities offering document, nor the accuracy of any accounting, financial, economic data, or any other information disclosed therein, which remains the sole responsibility of the respective issuer and the other parties involved. **Australia:** This document is provided by UBS Switzerland AG. UBS Switzerland AG does not hold an Australian Financial Services Licence (AFSL) and relies on an exemption to provide financial services to persons in Australia. This document is intended only for distribution to wholesale clients under the Corporations Act 2001 (Cth). UBS Switzerland AG is a related body corporate of UBS AG, Australia Branch and UBS Securities Australia Limited. This document may be distributed to clients by those entities, but it is provided by UBS Switzerland AG and is not provided under any of the other entities' AFSL. The information in this document is general in nature and is not intended to address the objectives, financial situation or needs of any particular individual or entity. Each recipient should consider their own objectives, financial situation or needs before acting on the advice and obtain the relevant Product Disclosure Statement (if required) before making any decision whether to acquire any product. In Australia, UBS entities, other than UBS AG, Australia Branch, are not authorized deposit-taking institutions for the purposes of the Banking Act 1959 (Cth.) and their obligations do not represent deposits or other liabilities of UBS AG, Australia Branch. UBS AG, Australia Branch does not guarantee or otherwise provide assurance in respect of the obligations of such UBS entities or the funds. An investor is exposed to investment risk including possible delays in repayment and loss of income and principal invested, as relevant. If you do not wish to receive marketing materials from UBS, please contact your UBS representative or the contact details listed in the Australia Privacy Notice: https://www.ubs.com/global/en/legal/privacy.html. Your personal data will be processed in accordance with this notice. **Bahrain**: This report is being distributed by UBS AG, Bahrain Branch, duly licensed and regulated by the Central Bank of Bahrain (CBB) as an Investment Business Firm - Category 2 (Branch). Related financial services or products are only made available to Accredited Investors, as defined by the CBB, and are not intended for any other persons. UBS AG, Bahrain Branch is a Foreign Branch of UBS AG, Zurich/Switzerland and is located on Level 21, East Tower, Bahrain World Trade Centre, Manama, Kingdom of Bahrain. **Brazil**: This report is distributed in Brazil by UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A. or its affiliates ("UBS"). Pursuant to CVM Resolution No. 20/2021, of February 25, 2021, the author(s) of the report hereby certify(ies) that the views expressed in this report solely and exclusively reflect their personal opinions and have been prepared independently, including with respect to UBS. Part of the author(s)'s compensation is based on various factors, including the total revenues of the relevant UBS Group entity of which they are in employment of, but no part of the compensation has been, is, or will be related to the specific recommendations or views expressed in this report. In addition, UBS declares that: UBS has provided, and/or may in the future provide investment banking, brokerage, asset management, commercial banking and other financial services to the subject company/companies or its affiliates, for which they have received or may receive customary fees and commissions, and which constituted or may constitute relevant financial or commercial interests in relation to the subject company/companies or the subject securities. **Canada**: This publication is for your information only and is not intended as an offer, or a solicitation of an offer, to buy or sell any investment or other specific product. Although all information and opinions expressed in this publication were obtained from sources believed to be reliable and in good faith, no representation or warranty, express or implied, is made as to its accuracy or

completeness. All information and opinions as well as any figures indicated herein are subject to change without notice. At any time, UBS AG ("UBS") and other companies in the UBS group (or employees thereof) may have a long or short position, or deal as principal or agent, in relevant securities or provide advisory or other services to the issuer of relevant securities or to a company connected with an issuer. Some investments may not be readily realizable since the market in the securities is illiquid and therefore valuing the investment and identifying the risk to which you are exposed may be difficult to quantify. Past performance of investments is not a guarantee of future results, and the value of investments may fluctuate over time. There is no guarantee that investment objectives risk or return targets discussed in this publication will be received or attained. For clients and prospective clients of UBS Bank (Canada), please note that this publication has no regard to the specific investment objectives, financial situation or particular needs of any recipient. Neither UBS Bank (Canada) nor UBS Investment Management Canada Inc. is acting as an adviser or fiduciary to or for any recipient of this report unless otherwise agreed upon in writing. Not all products or services may be available at UBS Bank (Canada). Some products and services may be legally restricted for residents of certain countries. Should you have any questions, please contact UBS Bank (Canada) and ask to speak to a member of our Wealth Management Team. UBS Wealth Management is a registered trade-mark of UBS AG. UBS Bank (Canada) is a subsidiary of UBS AG. Investment advisory and portfolio management services are provided through UBS Investment Management Canada Inc., a wholly-owned subsidiary of UBS Bank (Canada). UBS Investment Management Canada Inc. is a registered portfolio manager and exempt market dealer in all the provinces with the exception of P.E.I. and the territories. This publication may not be reproduced, or copies circulated without prior authority of UBS Bank (Canada). **China**: This report and any offering material such as term sheet, research report, other product or service documentation or any other information (the "Material") sent with this report was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the material erroneously, UBS asks that you kindly delete it and inform UBS immediately. This report is prepared by UBS Switzerland AG or its offshore subsidiary or affiliate (collectively as "UBS Offshore"). UBS Offshore is an entity incorporated out of China and is not licensed, supervised or regulated in China to carry out banking or securities business. The recipient should not contact the analysts or UBS Offshore which produced this report for advice as they are not licensed to provide securities investment advice in China. UBS Investment Bank (including Research) has its own wholly independent research and views which at times may vary from the views of UBS Global Wealth Management. The recipient should not use this document or otherwise rely on any of the information contained in this report in making investment decisions and UBS takes no responsibility in this regard. **Denmark**: This publication is not intended to constitute a public offer under Danish law. It is distributed only for information purposes to clients of UBS Europe SE, Denmark Branch, filial af UBS Europe SE, with place of business at Sankt Annae Plads 13, 1250 Copenhagen, Denmark, registered with the Danish Commerce and Companies Agency, under No. 38 17 24 33. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Egypt**: Securities or other investment products are not being offered or sold by UBS to the public in Egypt and they have not been and will not be registered with the Egyptian Financial Regulatory Authority (FRA). **France**: This publication is not intended to constitute a public offer under French law, it does not constitute a personal recommendation as it is distributed only for information purposes to clients of UBS Europe SE Succursale de France (a branch of UBS Europe SE), having its registered office at 39, rue du Colisée, 75008 Paris, France, registered with the "Registre du Commerce et des Sociétés" of Paris under N°844 425 629. UBS Europe SE Succursale de France is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the French "Autorité de contrôle prudentiel et de résolution" and "Autorité des marchés financiers", to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Germany**: This publication is not intended to constitute a public offer under German law. It is distributed only for information purposes to clients of UBS Europe SE, Germany, with place of business at Bockenheimer Landstrasse 2-4, 60306 Frankfurt am Main. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin") and supervised jointly by the European Central Bank, the German Central Bank (Deutsche Bundesbank) and BaFin, to which this publication has not been submitted for approval. **Hong Kong SAR**: This publication is distributed to clients of UBS AG Hong Kong Branch by UBS AG Hong Kong Branch, a licensed bank under the Hong Kong Banking Ordinance and a registered institution under the Securities and Futures Ordinance. UBS AG Hong Kong Branch is incorporated in Switzerland with limited liability. The contents of this material have not been reviewed by any regulatory authority in Hong Kong. **Indonesia**: This communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including futures contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Israel**: UBS is a premier global financial firm offering wealth management, asset management and investment banking services from its headquarters in Switzerland and its operations in over 50 countries worldwide to individual, corporate and institutional investors. This publication is intended for information only and is not intended as an offer to buy or solicitation of an offer. Furthermore, this publication is not intended as an investment advice. Nothing contrary to the above, no action has been, or will be, taken in Israel that would permit an offering of the product(s) mentioned in this document or a distribution of this document to the public in Israel. In particular, this document has not been reviewed or approved by the Israeli Securities Authority. The product(s) mentioned in this document is/are being offered to a limited number of sophisticated investors who qualify as one of the investors listed in the first supplement to the Israeli Securities Law, 5728-1968. This document may not be reproduced or used for any other purpose, nor be furnished to any other person other than those to whom copies have been sent. Anyone who purchases the product(s) mentioned herein shall do so for its own benefit and for its own account and not with the aim or intention of distributing or offering the product(s) to other parties. Anyone who purchases the product(s) shall do so in accordance with its own understanding and discretion and after it has received any relevant financial, legal, business, tax or other advice or opinion required by it in connection with such purchase(s). The word "advice" and/or any of its equivalent terms shall be read and construed in conjunction with the definition of the term "investment marketing" as defined under the Israeli Regulation of Investment Advice, Investment Marketing and Portfolio Management Law. The Swiss laws and regulations require a number of mandatory disclosures to be made in independent financial research reports or recommendations. Pursuant to the Swiss Financial Market Infrastructure Act and the Financial Market Infrastructure Ordinance-FINMA, banks must disclose the percentage of voting rights they hold in companies being researched, if these holdings are equal to or exceed the statutory thresholds. In addition, the Directives on the Independence of Financial Research, issued by the Swiss Bankers Association, mandate a number of disclosures, including the disclosure of potential conflicts of interest, the participation within previous 12 months in any securities issues on behalf of the company being researched, as well as the fact that remuneration paid to the financial analysts is based generally upon the performance of (i) the new issues department or investment banking; or (ii) securities trading performance (including proprietary trading) or sales. **Italy**: This publication is not intended to constitute a public offer under Italian law. It is distributed only for information purposes to clients of UBS Europe SE, Succursale Italia, with place of business at Via del Vecchio Politecnico, 3-20121 Milano. UBS Europe SE, Succursale Italia is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Bank of Italy (Banca d'Italia) and the Italian Financial Markets Supervisory Authority (CONSOB - Commissione Nazionale per le Società e la Borsa), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Japan**: This report is solely distributed in Japan by UBS SuMi TRUST Wealth Management Co., Ltd, Financial Instruments Dealer, Director-General of Kanto Local Finance Bureau (Kinsho) No. 3233, a member of the Japan Securities Dealers Association, Financial Futures Association of Japan, Investment Management Association of Japan. UBS SuMi TRUST Wealth Management Co., Ltd will not distribute or forward this report outside Japan. **Jersey**: UBS AG, Jersey Branch, is regulated and authorized by the Jersey Financial Services Commission for the conduct of banking, funds and investment business. Where services are provided from outside Jersey, they will not be covered by the Jersey regulatory regime. UBS AG, Jersey Branch is a branch of UBS AG a public company limited by shares, incorporated in Switzerland whose registered offices are at Aeschenvorstadt 1, CH-4051 Basel and Bahnhofstrasse 45, CH 8001 Zurich. UBS AG, Jersey Branch's principal place of business is 1, IFC Jersey, St Helier, Jersey, JE2 3BX. **Luxembourg**: This publication is not intended to constitute a public offer under Luxembourg law. It is distributed only for information purposes to clients of UBS Europe SE, Luxembourg Branch ("UBS Luxembourg"), R.C.S. Luxembourg n° B209123, with registered office at 33A, Avenue J. F. Kennedy, L-1855 Luxembourg. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea (HRB n° 107046), with registered office at Bockenheimer Landstrasse 2-4, D-60306 Frankfurt am Main, Germany, duly authorized by the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin") and subject to the joint prudential supervision of BaFin, the European Central Bank and the central bank of Germany (Deutsche Bundesbank). UBS Luxembourg is furthermore supervised by the Luxembourg prudential supervisory authority (Commission de Surveillance du Secteur Financier), in its role as host member state authority. This publication has not been submitted for approval to any public supervisory authority. **Malaysia**: This communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant

investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Mexico**: This information is distributed by UBS Asesores México, S.A. de C.V. ("UBS Asesores"), an affiliate of UBS Switzerland AG, incorporated as a non-independent investment advisor under the Mexican regulation due to the relation with a Foreign Bank. UBS Asesores is registered under number 30060-001-(14115)-21/06/2016 and subject to the supervision of the Mexican Banking and Securities Commission ("CNBV") exclusively regarding the rendering of (i) portfolio management services, (ii) securities investment advisory services, analysis and issuance of individual investment recommendations, and (iii) anti-money laundering and terrorism financing matters. This UBS publication or any material related thereto is addressed only to Sophisticated or Institutional Investors located in Mexico. Research reports only reflect the views of the analysts responsible for the report. The compensation of the analyst(s) who prepared this report is determined exclusively by research management and senior management of any entity of UBS Group to which such analyst(s) render(s) services. **Monaco**: This document is not intended to constitute a public offering or a comparable solicitation under the Principality of Monaco laws, but might be made available for information purposes to clients of UBS (Monaco) S.A., a regulated bank having its registered office at 2 avenue de Grande Bretagne 98000 Monaco operating under a banking license granted by the "Autorité de Contrôle Prudentiel et de Résolution" (ACPR) and the Monegasque government which authorizes the provision of banking services in Monaco. UBS (Monaco) S.A. is also licensed by the "Commission de Contrôle des Activités Financières" (CCAF) to provide investment services in Monaco. The latter has not approved this publication. **Philippines:** This communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Portugal**: This publication is not intended to constitute a public offer under Portuguese law. It is distributed only for information purposes by UBS Europe SE, Sucursal em Portugal (UBS Portugal), Commercial Register of Lisbon (Conservatoria do Registo comercial de Lisboa) no. 980492491, with registered office at Avenida da Liberdade, n. 0 180-A, 8.0 andar, 1250-146 Lisboa. UBS Portugal is a branch of UBS Europe SE, a credit institution constituted under German law in the form of a Societas Europaea (HRB n° 107046), with registered office at Bockenheimer Landstrasse 2-4, D-60306 Frankfurt am Main, Germany, duly authorized by the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht – "BaFin") and subject to the joint prudential supervision of BaFin, the central bank of Germany (Deutsche Bundesbank) and the European Central Bank. UBS Portugal is furthermore supervised by the Portuguese banking and financial authorities as the "Banco de Portugal" and the "Comissão do Mercado dos Valores Mobiliários" in their role as host member state authority. This publication has not been submitted for approval to any public supervisory authority. **Qatar**: UBS Qatar LLC is licensed by the Qatar Financial Centre Authority and authorized by the QFC Regulatory Authority, with QFC no. 01169, and has its registered office at Lusail - Qatar, 14th Floor, Office No. 5 and 6, Building No. 157, Burj Alfardan, Al Majdami. This material is strictly intended for Eligible Counterparties and/or Business Customers only as classified under the QFCRA's Customer and Investor Protection Rules 2019. No other person should act upon this material. **Russia**: This document or information contained therein is for information purposes only and constitutes neither a public nor a private offering, is not an invitation to make offers, to sell, exchange or otherwise transfer any financial instruments in the Russian Federation to or for the benefit of any Russian person or entity and does not constitute an advertisement or offering of securities in the Russian Federation within the meaning of Russian securities laws. The information contained herein is not an "individual investment recommendation" as defined in Federal Law of 22 April 1996 No 39-FZ "On Securities Market" (as amended) and the financial instruments and operations specified herein may not be suitable for your investment profile or your investment goals or expectations. The determination of whether or not such financial instruments and operations are in your interests or are suitable for your investment goals, investment horizon or the acceptable risk level is your responsibility. We assume no liability for any losses connected with making any such operations or investing into any such financial instruments and we do not recommend to use such information as the only source of information for making an investment decision. **Saudi Arabia**: This material is for marketing and information purposes by UBS Saudi Arabia only. It has been distributed by UBS Saudi Arabia or reviewed and approved by UBS Saudi Arabia if it was issued by UBS Switzerland AG, by UBS AG, or any of its subsidiaries or branches. UBS Switzerland AG is a public company limited by shares, incorporated in Switzerland with its registered offices at Bahnhofstrasse 45, CH-8001 Zurich. UBS Saudi Arabia (a subsidiary of UBS AG) is a Saudi closed joint stock company incorporated in the Kingdom of Saudi Arabia with a paid capital of 110,000,000 Saudi Riyals under commercial register number 1010257812 having its registered office at Laysen Valley, P.O. Box 75724, Riyadh 11588, Kingdom of Saudi Arabia. UBS Saudi Arabia is authorized and regulated by the Capital Market Authority to conduct securities business under license number 08113-37. This document is distributed only under such circumstances as may be permitted by applicable laws and regulations. The information and – if any - opinions contained in this document have been compiled or arrived at based upon information obtained from sources believed to be reliable and in good faith, but is not guaranteed as being accurate, nor is it a complete statement or summary of the securities, markets or developments referred to in the document. All such information and opinions are subject to changes without notice. Past performance of investments (whether simulated or actual) is not necessarily an indicator of future results. Forward looking data is based on estimates that are subject to changes. Should the currency of a financial product or service not match your reference currency, performance may rise or fall due to currency fluctuations. UBS Switzerland AG and / or other members of the UBS Group may have a position in and may make a purchase and/or sale of any of the securities or other financial instruments mentioned in this document While statements that constitute "forward-looking statements", including, but not limited to, statements relating to our future business development represent UBS judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. This document may not be forwarded, reproduced, redistributed or republished for any purpose without the written permission of UBS Saudi Arabia. Source for all data and charts (if not indicated otherwise) is UBS Switzerland AG. **Singapore**: Where applicable, this material is distributed in Singapore by UBS AG, Singapore Branch, which is licensed by the Monetary Authority of Singapore under the Banking Act 1970 to carry on banking business. UBS AG is incorporated in Switzerland with limited liability. UBS AG has a branch registered in Singapore (UEN S98FC5560C). This material has been prepared and issued for distribution in Singapore to institutional investors, accredited investors and expert investors (each as defined under the Financial Advisers Regulations (the "FAR")) only. By virtue of your status as an institutional investor, accredited investor, or expert investor, UBS AG is exempted from complying with certain requirements under the Financial Advisers Act 2001 (the "FAA"), the FAR and the relevant Notices and Guidelines issued thereunder, in respect of any financial advisory service which UBS AG may provide to you. These include exemptions from complying with: Section 34 of the FAA (pursuant to Regulation 33(1) of the FAR); Section 36 of the FAA (pursuant to Regulation 34(1) of the FAR); and Section 45 of the FAA (pursuant to Regulation 35(1) of the FAR). Singapore recipients and clients of UBS AG, Singapore Branch should contact UBS AG, Singapore Branch for any matters arising from, or in connection with, this material. Where applicable, this communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved or endorsed by any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or products or futures contracts). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Spain:** This report is distributed in Spain by UBS AG, Sucursal en España, authorized under number 1460 in the Register by the Banco de España. **Sweden**: This publication is not intended to constitute a public offer under Swedish law. It is distributed only for information purposes to clients of UBS Europe SE, Sweden Bankfilial, with place of business at Regeringsgatan 38, 11153 Stockholm, Sweden, registered with the Swedish Companies Registration Office under Reg. No 516406-1011. UBS Europe SE, Sweden Bankfilial is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Swedish supervisory authority (Finansinspektionen), to which this publication has not been submitted for approval. 2026 年 10 月 29 日

台達電(2308 TT)公布 3Q26 營收為 1,970.59 億元、QoQ+7.5%；因提列庫存跌價損失影響，毛利率降至 34.1%，營業利益率為 16.6%；稅後淨利為 234.95 億元、QoQ-6.5%，稅後 EPS 為 9.04 元。隨缺料情況改善、Vera Rubin 產品量產出貨，預期 4Q26 營運將有顯著提升。受惠於 AI、Data Center 領域需求成長，營收與獲利維持成長趨勢，投資評等為 Buy。

研究員：王美珍
iris.wang@capital.com.tw

3Q26 稅後 EPS 為 9.04 元：

台達電公布 3Q26 營收為 1,970.59 億元、QoQ+7.5%；因提列庫存跌價損失影響，毛利率降至 34.1%，營業利益率為 16.6%；稅後淨利為 234.95 億元、QoQ-6.5%，稅後 EPS 為 9.04 元，低於預期。

產品規格提升，電源類產品展望佳：

台達電為 AI 伺服器電源解決方案主要供應商，受惠於 AI 需求提升，帶動 AC/DC 電源大幅成長外，CSP 客戶在新一代 ASIC 伺服器平台採用 DC/DC 電源模組，亦成為另一成長動能。800 VDC 與±400VDC 預計於 4Q26 出貨，2026 年營收比重約 1%，預期 2H27 營收貢獻較顯著。

水冷散熱 2026 年營收維持成長趨勢：

水冷散熱產品有水冷板、Manifold、CDU、Sidecar。目前出貨以系統類的 Sidecar 為主，歸類於基礎建設；CDU 則歸類於電源類與零組件。水冷散熱 2025 年營收比重為 9%，台達電 Sidecar 產品 2025 年市佔率極高，雖有競爭者加入，但整體市場需求持續增長，2026 年 Sidecar 營收仍將維持成長趨勢，預估 2026 年水冷散熱營收比重為 12%。

固態變壓器為長期成長動能：

SST(固態變壓器)目前已少量出貨，客戶為中系 CSP、800V 高壓直流電動車充電站，亦出貨給美系客戶測試。SST 導入需從資料中心設計初期即納入規劃，預期 2~3 年後會產生顯著的營收貢獻，仍持續改良產品規格中。

投資建議：

隨缺料情況改善、Vera Rubin 產品量產出貨，預期 4Q26 營運將有顯著提升。受惠於 AI、Data Center 領域需求成長，營收與獲利維持成長趨勢，投資評等為 Buy。

【投資評等說明】

評等	定義
強力買進(Strong Buy)	首次評等潛在上漲空間≥35%
買進(Buy)	15%≤首次評等潛在上漲空間<35%
區間操作(Trading Buy)	5%≤首次評等潛在上漲空間<15%
中立(Neutral)	無法由基本面給予投資評等 預期近期股價將處於盤整 建議降低持股

【投資評等調整機制】

投資評等係「首次」給予特定個股投資評等時，其前一日收盤價相較 3 個月目標價之潛在上漲空間計算而得。個股投資評等分為四個等級，定義如上。爾後的投資評等係依循「首次評等」，直到停止推薦。

「強力買進」、「買進」及「區間操作」均有 upside 目標價。差別僅在於，首次評等時潛在報酬率不同。「中立」則無目標價。

一旦我們給予特定個股「強力買進」、「買進」或「區間操作」之投資評等，就是責任的開始，爾後將透過各式研究報告作定期性、持續性追蹤基本面及股價變化，直到停止推薦。

停止推薦情境：

1. 達目標價。
2. 雖未達原訂目標價，但檢視基本面、訊息面、籌碼面等多方訊息，研判股價上漲空間已然有限，將適時出具降評報告。
3. 推薦後股價不漲反跌。

【免責聲明】

Hon Hai Precision (2317.TW)

Hon Hai Tech Day 2026 - Moving up the AI infrastructure value chain

CITI'S TAKE

At Hon Hai Tech Day 2026, it highlighted its transformation from a traditional EMS provider into an end-to-end AI infrastructure and technology manufacturing platform. Its partnership with NVIDIA has expanded beyond GPU server assembly into complete Vera Rubin rack-scale systems, networking, power delivery, cooling and AI factory deployment. The company demonstrated vertical integration spanning L1 – L3 precision components, L5 mechanical assemblies, L6 PCB and power modules, L10 compute and switch trays, L11 rack integration and L12 SuperPOD/data hall deployment. Hon Hai emphasized its global manufacturing footprint and co-development capabilities. We believe the strategic significance lies in expanding Hon Hai's addressable market beyond server assembly toward higher-value system integration, infrastructure engineering and deployment services, potentially increasing content per AI project and strengthening customer relationships.

Buy

michael.hung@citi.com

- **Hon Hai's partnership with NVIDIA is extending across GPU, CPUs, LPU, DPUs, networking and integrated compute systems.** Management highlighted more than ten dedicated manufacturing facilities supporting Vera Rubin production, underscoring the scale of its preparation. A notable engineering breakthrough is the redesign of compute trays to eliminate conventional cables, liquid-cooling hoses and fans, simplifying assembly, improving reliability and enabling greater automation. Hon Hai also showcased its work on robotic assembly, leveraging Omniverse digital twins, computer vision and physical AI models to automate complex operations previously requiring manual precision. These include busbar installation and high-density connector insertion. We believe deeper design-for-manufacturing and design-for-automation capabilities should help Hon Hai accelerate production ramps, improve manufacturing yields and as AI systems become increasingly complex. We also believe this will be the core competence for Hon Hai to secure next-generation rack-scale systems, where manufacturing complexity and system-level validation increasingly differentiate suppliers.

- **NVIDIA DSX POD, a factory-integrated, pre-validated modular AI infrastructure solution, provided by Hon Hai.** Each POD contains seven Vera Rubin NVL72 and three Spectrum-6 SPX racks, and incorporating more than 10 million components. By completing rack integration, cabling, liquid-cooling connections and functional testing before shipment, the solution aims to reduce onsite deployment from approximately six months to as little as 14 days. **NVIDIA expects its partner ecosystem to deliver these solutions beginning in early 2027.** Hon Hai is also collaborating with

See Appendix A-1 for Analyst Certification, Important Disclosures and Research Analyst Affiliations

TECO on modular data centers that integrate IT systems, power distribution and cooling within 40-foot containers, with more than 80% of modular assembly completed at the factory. We believe this model could meaningfully expand Hon Hai's revenue opportunity beyond rack assembly into fully integrated infrastructure, while accelerating time to first revenue-generating AI tokens.

- Hon Hai highlighted its expanding role in next-generation AI networking, including NVIDIA's Spectrum-6 SN6800 CPO switch, delivering 409.6Tbps aggregate bandwidth through 512 ports at 800Gbps. Hon Hai showcased capabilities spanning CPO optical components, ELSFP modules, high-speed connectivity and complete switch-tray integration, positioning itself to capture additional networking content as optical interconnect adoption accelerates. **Next, we expect the scale-up CPO with NVL576 to be announced with VRU next year; Hon Hai will remain the sole supplier, and in our view, its first-mover advantage will be supported for further revenue and earnings upside.**

- Other than VR200 system, **Hon Hai also demonstrated Nvidia's LPUs, integrated into its Vera Rubin ecosystem through LPX inference racks containing 256 LPUs.** Unlike GPUs optimized for parallel computation, LPUs accelerate latency-sensitive token generation, particularly feed-forward and mixture-of-experts execution, complementing Rubin GPUs handling prefill and attention workloads. We believe the heterogeneous GPU-LPU computing could expand Hon Hai's addressable market in AI infrastructure integration.

- Beyond AI Data Centers: Hon Hai highlighted progress in EV, autonomous mobility, robotics and smart healthcare. **In EVs,** it introduced the affordable Model A multi-purpose vehicle, targeting Japan and Southeast Asia. Its CDMS strategy focuses on shortening development cycles and improving cost competitiveness. **In robotics**, Hon Hai demonstrated physical AI, humanoid robots and digital-twin-enabled manufacturing automation, supported by its collaboration with NVIDIA and ABB Robotics. The company also showcased emerging capabilities in **SiC semiconductors, low-Earth-orbit satellites** and FoxBrain AI models. We believe these initiatives reinforce Hon Hai's longer-term transformation into a diversified technology manufacturing platform.

Hon Hai Precision

Valuation

Our target price of NT$400 is based on 18x average 2026E-27E EPS, which is at the higher end of the historical trading range. We believe this multiple is justified by the company's enhanced sales growth and profit margin outlook, as well as new endeavors into AI server, EV, digital health and robotics. Hon Hai has been able to generate positive earnings streams, and thus we believe a P/E valuation methodology is appropriate.

Risks

Downside risks that could impede the stock from reaching our target price include: 1) slower-than-expected iPhone demand; 2) intensified peer competition; 3) weaker-than-expected execution on new business progress; and 4) higher-than-expected impact of COVID-19 or other macro factors.

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Rating/target price changes above reflect Eastern Time

Citigroup Global Markets Inc. or its affiliates has received compensation for investment banking services provided within the past 12 months from Hon Hai Precision.

Citigroup Global Markets Inc. or its affiliates expects to receive or intends to seek, within the next three months, compensation for investment banking services from Hon Hai Precision.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Hon Hai Precision in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as investment banking client(s): Hon Hai Precision.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Hon Hai Precision.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Hon Hai Precision.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to Hon Hai Precision. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Guide to Citi Research Fundamental Research Investment Ratings:

Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks. **Risk rating** takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.

Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and

investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:

Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Michael Hung; Laura (Chia Yi) Chen

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in

the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.

Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a

subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the online version available on the Firm's proprietary electronic distribution platforms.

Mediatek (2454.TW)

Solid AI ASIC momentum; Structural OPM expansion ahead

CITI'S TAKE

Mediatek's 3Q26 earnings of NT$27.9bn (up 15% QoQ, 11% YoY) with GM/OPM of 46.3%/16.1% beat market expectation but were lower than our estimate. We see MediaTek entering a structural growth phase, driven by accelerating AI ASIC adoption, expanding customer engagement and strengthening technology capabilities. The sharp revenue ramp in 4Q26 and management's confidence in achieving the high end of its 2027 AI ASIC revenue target highlight strong demand visibility. Despite near-term gross margin dilution, improving operating leverage should support operating margin expansion beyond 20% in 2027. Looking ahead, second-generation ASIC production and additional customer wins in 2028, alongside NVIDIA NVLink Fusion and advanced packaging capabilities, should reinforce MediaTek's competitive positioning and sustain earnings growth.

Better AI ASIC revenue in 4Q26 — MediaTek expects significant revenue acceleration in 4Q26, guiding sales of NT$210.1–221.8bn, representing 25–32% QoQ and 40–48% YoY growth. Management raised its 2026 data center revenue to approximately US$2.5bn from US$2bn, with most of the contribution concentrated in 4Q26. The upward revision reflects stronger customer demand and successful coordination with supply chain partners to secure additional capacity. 4Q GM/Opex is guided at 45% ±1.5ppt/26% ± 2ppt, reflecting the increasing contribution from AI ASICs, in line with our estimates.

Second-generation ASIC on track for 1Q28 production, with a second customer confirmed — Management reiterated that its second AI accelerator project remains on schedule for high-volume production in 1Q28, despite market concerns regarding design complexity, advanced packaging yields and potential delays. Importantly, MediaTek also confirmed a separate design win with a second, non-Chinese data center customer, with initial revenue expected in 2028. The company is already collaborating with its existing customer on subsequent-generation products, although specifications are still being finalized. Management expects another year of strong revenue growth in 2028 but raised its 2027E AI ASIC revenue to US$16bn (vs previous US$12-16bn and our estimate of US$18bn).

Structural OPM upward trend — Management expects 4Q26 to mark the beginning of a structural improvement in OPM, supported by rapidly scaling data center ASIC revenue and operating leverage. Management indicated that the OPM could exceed 20% in 2027. Meanwhile, selective pricing adjustments across traditional businesses should help offset rising supply chain costs. Beyond data centers, Smart Edge should benefit from new AI PCs, AI tablets, automotive platforms and networking applications, including continued collaboration with NVIDIA on next-generation AI computing products. While smartphone demand remains relatively subdued, management expects the expanding AI business to increasingly dominate MediaTek's overall growth and earnings trajectory.

Second-Generation ASIC on Track for 1Q28 Production, with a Second Customer

Management expressed increasing confidence in achieving the upper end of its 15–20% market share target for the estimated US$80bn data center AI accelerator ASIC market in 2027, implying approximately US$16bn in potential revenue. This represents a substantial increase from the revised US$2.5bn target for 2026, supported by strong demand visibility and continued supply chain expansion. Management emphasized that securing adequate foundry, packaging and other critical component capacity remains essential to meeting customer requirements. Importantly, the revenue opportunity reflects MediaTek's increasing participation in the value chain, encompassing advanced process technologies, packaging, high-speed interconnects and custom silicon integration. Despite recent market concerns over AI infrastructure financing and CSP capital expenditure sustainability, management remains confident that AI compute demand will continue growing over the next several years, particularly for customized accelerators offering superior performance per watt and total cost of ownership.

Source: Citi Research, Bloomberg

Management reiterated that its second AI accelerator project remains on schedule for high-volume production in 1Q28, despite market concerns regarding design complexity, advanced packaging yields and potential delays. The new accelerator is expected to deliver multiple times the performance per watt of the first-generation product, significantly improving customer TCO and strengthening MediaTek's competitive positioning. Management acknowledged manufacturing challenges associated with its U.S. IDM packaging partner but highlighted progress in identifying key yield constraints and implementing corrective measures, expressing high confidence in further yield improvements. Importantly, MediaTek also confirmed a separate design win with a second, non-Chinese data center

customer, with initial revenue expected in 2028. The company is already collaborating with its existing customer on subsequent-generation products, although specifications are still being finalized. Management expects another year of strong revenue growth in 2028 but declined to provide specific revenue guidance or customer contribution estimates.

Expanding competitive advantages through advanced node design/packaging, SerDes and NVIDIA NVLink Fusion

MediaTek continues investing in advanced technology capabilities, including 448G SerDes, advanced packaging, HBM integration and co-packaged optics (CPO), to establish a competitive advantage in increasingly complex AI infrastructure designs. Management emphasized that its differentiation comes not from individual technologies but from integrating them into high-performance, power-efficient and commercially viable solutions. More importantly, its partnership with NVIDIA through NVLink Fusion enables customers to integrate custom XPUs into NVIDIA's rack-scale ecosystem, while its support for UALink and Ethernet-based architectures provides greater deployment flexibility. MediaTek is expanding beyond individual silicon components toward subsystems and rack-level solutions, shortening customers' development cycles and accelerating time to revenue. Management indicated encouraging engagement with multiple potential customers and expects broader adoption opportunities. The 448G SerDes development is progressing well and is expected to support both existing accelerator programs and future customers, with management not anticipating it to become a critical schedule bottleneck.

Structural OPM expansion trend; Reiterate Buy

Management expects 4Q26 to mark the beginning of a structural improvement in operating profitability, supported by rapidly scaling data center ASIC revenue and operating leverage. Although ASIC gross margins are expected to remain below MediaTek's traditional corporate average, the significantly larger revenue contribution and more favorable operating expense leverage should drive meaningful operating margin expansion. Management indicated that the operating margin could exceed 20% in 2027, potentially somewhat higher, compared with its historical mid-teen level. Meanwhile, selective pricing adjustments across traditional businesses should help offset rising supply chain costs, although these increases are primarily intended to preserve profitability rather than expand gross margins. Beyond data centers, Smart Edge should benefit from new AI PCs, AI tablets, automotive platforms and networking applications, including continued collaboration with NVIDIA on next-generation AI computing products. While smartphone demand remains relatively subdued, management expects the expanding AI business to increasingly dominate MediaTek's overall growth and earnings trajectory.

Given MediaTek's better operating leverage, we lift our earnings projection for 2027/2028 5%/5%, mainly reflecting better OPM. We maintain our Buy rating with an unchanged TP of NT$6,800, implying 29x our 2027/28 EPS estimates.

Adding Upside 90-Day Short-Term View on Mediatek (2454.TW)

Direction:	**Upside**
Duration:	Within 90 Days
Category:	Thematic driven

We see Mediatek's comments on its AI ASIC development to support its share price performance in the coming months.

Bull/Bear: Mediatek (2454.TW)

NT$ 7,000.00	NT$ 6,800.00	NT$ 3,500.00
▲79% Upside	▲74% Upside	▼11% Downside

Spread 89pp
Current Price and expected returns (upside/downside) as of 30 Oct 2026

BULL Assumptions

- Higher than expected AI ASIC development
- Stronger than expected margins expansion
- Bull case TP is based on its peak cycle valuation of 32x PER to 2027/28E EPS

BASE Assumptions

- 2027/28E GM of >44%
- 2027/28E OPM of >16%

BEAR Assumptions

- Lower than AI ASIC development
- Worse than expected margins declines
- Bear case TP is based on 16x PER (the mid-point of its historical valuation) to 2027/28E EPS

Mediatek

Company description

Mediatek (MTK) is a fabless IC company that designs SoC for smartphone, smart TV, and digital media devices. It also develops chips for connectivity, networking, smart home gadgets, and automotive sectors. It was founded in 1997, is listed on the Taiwan Stock Exchange, and is headquartered in Taiwan. It has sales and research subsidiaries in mainland China, Singapore, India, the US, Japan, Korea, Denmark, and England. It primarily sells its products in China and other emerging-market countries.

Investment strategy

We rate Mediatek shares as Buy. We expect Mediatek to ride on 5G migration in emerging markets and market share gain of its high-end Dimensity series in China market as well. In particular, we see strong growth potential from its AI ASIC, NTN-satellite business in the long term. We believe solid fundamentals and strong operating leverage will support Mediatek's margins outlook.

Valuation

Our NT$6,800 target price (rounded) for Mediatek is based on 29x P/E to 2027/2028 EPS, which is 1-std above its five-year average forward P/E given the promising outlook from its AI ASIC business starting from 2H26. We believe our target PE is also justified by Mediatek's global and regional peers' trading at an average of c32x PER. AI ASIC development with CSPs should provide more upside from 2027 onwards. We also see Mediatek as well prepared for 6G and 6G+NTN Satellite communication. Despite lukewarm smartphone overall deamand, we expect Mediatek to benefit from 5G migration in emerging markets and its Dimensity series should also gain shares in flagship models. Non-smartphone business is also seeing stabilizing TV and IoT demand with Mediatek outgrowing the overall market on its better technology in WiFi 7 and connectivity.

Risks

Key downside risks that could prevent the shares from reaching our target price include: 1) weaker-than-expected growth from AI ASIC business; 2) more severe competition in the smartphone segment; 3) slower overall demand related to macroeconomic risks, especially for smartphone demand; and 4) further price hikes from foundries.

Appendix A-1

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Rating/target price changes above reflect Eastern Time

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Mediatek in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Mediatek.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Mediatek.

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks. **Risk rating** takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.

Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:
The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES
The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Jack Chen; Laura (Chia Yi) Chen; Nicholas Lai

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates

multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

The Product is made available in **United States** and **Canada** by Citigroup Global Markets Inc., which is a member of FINRA and registered with the US Securities and Exchange Commission. 388 Greenwich Street, New York, NY 10013.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Summary: Kinsus reported 3Q26 results on 30 October. Net income came in at TWD2.39bn (EPS: TWD4.68), 8% below our estimate (TWD2.59bn) but 13% above the Bloomberg consensus (TWD2.12bn). Operating results were stronger than expected, driven mainly by an improving product mix, including a rising contribution from Nvidia CPU-related products. While 3Q26 revenue of TWD14.54bn (up 16% QoQ and 40% YoY) was largely in line with expectations, gross margin reached 33.9%, 0.7ppt/0.9ppt above our estimate/the Bloomberg consensus. Operating margin reached 22.1%, versus our 20.5% estimate and the street's 19.4%, on gross-margin expansion and higher operating leverage. However, weaker-than-expected non-operating profit and a higher minority interest (TWD373m) versus our estimate (TWD311m) resulted in the 8% net-profit miss (vs. our expectations).

Looking ahead, we expect 4Q26 revenue to increase 10% QoQ, driven mainly by ongoing price increases and product-mix optimisation, with further gross-margin expansion. We believe AMD's new CPU platform (i.e., Venice) and BT substrates for optical transceivers could be the next growth drivers for Kinsus in 2027. Separately, Kinsus's board approved an additional c.TWD60bn project budget for capacity expansion on 30 October, which we view as further evidence of tight supply conditions and improving demand visibility. We have a Buy (1) rating on Kinsus with a 12M TP of TWD1,580, based on 36x our 1-year-forward EPS forecast. Key downside risks: weaker-than-expected demand for memory, PCs, gaming GPUs or AI servers.

Kinsus's 3Q26 results highlights

(TWDm)	Actual	QoQ%	YoY%	Daiwa	Diff %	Consensus	Diff %
Revenue	14,540	16%	40%	14,539	0%	14,468	0%
Gross profit	4,935	51%	151%	4,824	2%	4,779	3%
Gross margin (%)	33.9%			33.2%		33.0%	
Operating profit	3,216	92%	412%	2,983	8%	2,812	14%
Operating margin (%)	22.1%			20.5%		19.4%	
Pre-tax profit	3,252	82%	356%	3,071	6%	2,938	11%
Net profit	2,388	82%	604%	2,586	-8%	2,115	13%
EPS (TWD)	4.68	82%	604%	5.07	-8%	4.15	13%

Source: Company data, Daiwa forecasts, Bloomberg

What's the impact:

Below is our first take on Kinsus's 3Q26 results, released on 30 October.

- **3Q26 operating results beat expectations; net profit missed our estimate.** Net income came in at TWD2.39bn (EPS: TWD4.68), 8% below our estimate (TWD2.59bn) but 13% above the Bloomberg consensus (TWD2.12bn). Operating results were stronger than expected, driven mainly by an improving product mix, including a rising contribution from Nvidia CPU-related products. While 3Q26 revenue of TWD14.54bn (up 16% QoQ and 40% YoY) was largely in line with expectations, gross margin reached 33.9%, 0.7ppt/0.9ppt above our estimate/the Bloomberg consensus. Operating margin reached 22.1%, versus our 20.5% estimate and the street's 19.4%, on gross-margin expansion and higher operating leverage. However, non-operating profit of TWD36m was 59%/72% below our/Bloomberg consensus forecasts, while higher-than-expected minority interest of TWD373m (vs. our TWD311m estimate) resulted in the 8% net-profit miss (vs. our expectations).

Important disclosures, including any required research certifications, are provided on the last three pages of this report.

- **Business outlook.** Looking ahead, we expect 4Q26 revenue to increase 10% QoQ, driven mainly by ongoing price increases and product-mix optimisation. We expect gross margin to expand further on continued product-mix improvement. We believe AMD's new CPU platform (i.e., Venice) and BT substrates for optical transceivers could be the next growth drivers for Kinsus in 2027. Separately, Kinsus's board approved an additional c.TWD59.8bn project budget for capacity expansion on 30 October. This follows two project budgets of TWD23.5bn and TWD19.6bn announced in January and July 2026, respectively. The three projects would represent an aggregate approved budget of c.TWD102.9bn. We view the latest expansion plan as further evidence of tight supply conditions and stronger demand visibility.

What we recommend:

We have a Buy (1) rating on Kinsus with a 12M TP of TWD1,580, based on a target PER of 36x applied to our 1-year-forward EPS forecast. Key downside risk: weaker-than-expected demand for memory, PCs, gaming GPUs or AI servers.

In the interests of timeliness, this document has not been edited.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.

- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

Sam Weng
(886) 2 8758 6255
sam.weng@daiwacm-cathay.com.tw

What's new: MediaTek (MTK) disclosed on 30 October a strong set of quarterly results and guidance both beating market expectations, thanks to a faster-than-expected ramp in its first AI accelerator project. We walked away from today's call with a firmer view on its AI business - a faster ramp for the first project and a broadened customer base for a new project. We raise our forecasts and 12M TP, reiterate our Buy (1) call and suggest that investors take advantage of the recent stock pullbacks for bargain-hunting.

What's the impact: **Results and guidance all beat.** MTK released 3Q26 net profit of c.TWD28bn, beating our/consensus estimates by 11%/9% thanks to a better topline, lower opex ratio and higher non-operating gains (table on p.2). 3Q26 revenue finished 6%/4% above our/consensus estimates and topped guidance (TWD152-160bn), thanks to an earlier ramp of its first AI accelerators on some easing of the substrate supply constraint. Guidance calls for 4Q26 revenue of TWD216bn, at the midpoint of the range that beat our previous/consensus forecasts by 7%/3%, driven by the stronger ramp of the AI accelerator project which will more than offset muted consumer demand weakness associated with mobile phones. We raise our 2026-28E EPS by 1-6% and expect its AI revenue to reach USD16bn in 2027 and USD26bn in 2028, from USD2.7bn this year.

AI appears to be running ahead. At today's call, management centred elaboration on its AI business progress. 1) It raised this year's initial revenue contribution of the first AI accelerators to USD2.5bn for 4Q26, above its previous target of USD2bn. 2) While management keeps its AI accelerator (ex-HBM) addressable market unchanged at USD80bn for 2027, it now aims for a 20% market share (previous: 15-20%), meaning USD16bn revenue contribution, vs. our *previous forecast* of USD15bn. 3) It expects revenue contribution in 2028 from the second AI customer (not from China), which supports our view depicted in our *Global Tech report* issued on 27 August, where we lifted MTK's 2028 forecasts on the second customer ramp. 4) MTK aims to kick off 4Q26 with a new journey for its operating margin, expanding all the way into 2027 for more than 20% on average, echoing its previous comments that, although the AI accelerator business is gross-margin dilutive, it is operating-margin accretive.

What we recommend: Given our forecast revisions, we finetune our 12M TP for MTK to TWD5,500 (previous: TWD5,200), based on our unchanged 4-quarter forward PER of 36x. We reiterate our Buy (1) rating with key downside risk of any AI accelerator ramps below our expectation.

How we differ: Our 2026-27E EPS are 6-8% above the consensus forecasts as we believe the street has yet to factor in its better AI ramp.

Company profile

Ranked No.5 in the world by 2023 fabless semiconductor revenue, MediaTek (MTK) offers diverse products across optical storage, digital home, smartphone, PC, ASIC, automotive and other IoT applications. MTK has successfully captured the industry demand cycles from optical disk drives to feature phones to smartphones, and now positions itself well as a platform provider to capitalise on the next demand cycle of the BigData/AI to help facilitate digital transformation in human lives.

ESG analysis

ESG risks

Risks		Management	Analyst comments
G	Executive/board quality	2	MTK's Board of Directors (BoD) has 8 members with diverse backgrounds in foundry, IC design and electronics. Among its BoD, 4 members are independent directors, representing 50% of total directors. Its Chairman and CEO are not the same person, but its CEO is also one of the directors. MTK conducts internal annual performance evaluation of the BoD, individual directors and functional committees. The board currently includes only one female director out of eight members, which represents 12.5% of the total. The company recognizes this gender imbalance and is actively working toward a more inclusive and balanced board composition
	Capital management	2	MTK's dividend payout ratios in the past 5 years were above 60% with increasing cash dividend in the past 3 years in dollar amount. In addition, MTK is committed to paying a special dividend of TWD16/share over 2021-24 on top of its regular annual dividend. MTK is one of the leading fabless chipmakers in the world with continued efforts in new product development for diversified applications; therefore, it will continue to invest in its research & development. We see its dividend payout as appropriate.
	Related party & transaction	1	MTK's revenue from related parties was less than 1% of its total revenue in 2024 and transaction terms were not abnormal compared to other customers. It also had related-party transactions with King Yuan Electronics Co., Ltd. and King Long Tech (Suzhou) Ltd for IC testing, experimental services, and manufacturing technology services in 2021. The purchase amount from related parties was less than 7% of its total cost of goods sold/purchases in 2024. Thus, we do not see meaningful impact on its business operation.
S	Supply chain management	2	MTK has established its "Supplier Code of Conduct", which covers areas such as labour and human rights, health and safety, environmental protection, code of ethics, and management. It requires all suppliers to sign a guarantee to comply with this code of conduct. MTK implements an annual review to continuously track the actual compliance of suppliers. We believe these measures can help MTK reduce supply chain risk.
E	Water & wastewater management	1	As a fabless without manufacturing plants, MTK does not produce much wastewater compared to manufacturing companies, and thus has relatively limited impact on the environment. MTK has initiated water conservation methods, including efficient enhancement of using water-saving apparatuses, installing rainwater recycling tanks and using recycled water in cooling towers.
E	Waste & hazardous materials management	1	MTK prioritises waste reduction, classification for reuse, adherence to recycling, and reutilisation to manage waste efficiently and maximise the benefits of recycling. Also, it chooses only qualified partners for waste disposal and recycling, and also audits the waste processes regularly to ensure legal disposal of its waste and to fulfil its responsibility in waste management supervision.
E	GHG emissions	1	The main source for MTK's GHG emissions is externally purchased electricity, which accounts for over 90% of its total emissions. To enhance energy efficiency and reduce emissions, the company implemented several measures, including ongoing improvements to data center efficiency, full adoption of LED lighting in offices, and optimized operation of chiller units. MediaTek continued advancing its renewable energy strategy and alignment with global climate initiatives such as SBT and RE100. In early 2025, the Company passed the SBTi review and set targets based on a 2020 baseline, including a 40% reduction in Scope 1 and 2 emissions by 2030, net zero by 2050, and achieving 100% renewable energy use across global offices (excluding data centers) by 2030.

Note: Management score represents a company's ability to manage/benefit from certain ESG topics. The scores range from 1 to 3, with 1 being the strongest.

Bahrain

This research material is distributed in Bahrain by Daiwa Capital Markets Europe Limited, Bahrain Branch, regulated by The Central Bank of Bahrain and holds Investment Business Firm – Category 2 license and having its official place of business at the Bahrain World Trade Centre, South Tower, 7th floor, P.O. Box 30069, Manama, Kingdom of Bahrain. Tel No. +973 17534452 Fax No. +973 535113

United States

This research is distributed into the United States directly by Daiwa Capital Markets Hong Kong Limited (DCMHK) and in certain cases indirectly by Daiwa Capital Markets America Inc. (DCMA), a U.S. Securities and Exchange Commission registered broker-dealer and FINRA member firm, exclusively to "major U.S. institutional investors", as defined under Rule 15a-6 promulgated under the U.S. Securities Exchange Act of 1934, as amended, and as interpreted by the staff of the U.S. Securities and Exchange Commission (SEC). Where this is co-branded research published by Daiwa's partners in collaboration with other parties not affiliated with Daiwa, this research is distributed in the United States by DCMHK only. This report is not an offer to sell or the solicitation of any offer to buy securities. U.S. customers wishing to effect transactions in any designated investment discussed in this report should do so through a qualified salesperson of DCMA. Non-U.S. customers wishing to effect transactions in any designated investment discussed in this report should contact a Daiwa entity in their local jurisdiction. The securities or other investment products discussed in this report may not be eligible for sale in some jurisdictions.

Analysts employed outside the U.S., as specifically indicated elsewhere in this report, are not registered as research analysts with FINRA. These analysts may not be associated persons of DCMA, and therefore may not be subject to FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

What surprised us

AirTAC reported 3Q26 results today (October 29th). 3Q OP was in line with our estimates, but was 5% higher than BBG consensus. OPM was 33.9% in 3Q26, largely in line with our estimates; although GM of 49.4% was higher than our estimates by 0.9ppt, it was offset by higher opex (NT$1,778mn vs. GSe of NT$1,669mn). Total revenue was largely in line with GSe but was 4% above consensus, as the company enjoyed solid demand from the electronics industry (33% YoY in 3Q26 vs. 20% YoY in 2Q26, which accounted for 28% of total 3Q26 revenue).

What surprised us the most during the results call was the company's solid guidance on industry growth (mentioned low single to mid single digit % YoY growth is sustainable for the longer term for the China pneumatic market) and the company further mentioned that it could outgrow the market by 10ppt YoY in 2027. Moreover, the company expects all electronics/automotive/machine tools/general machinery/textile/packaging to see double digit YoY growth in both 2026/27, thanks to the China government's ongoing stimulus policies. Management reiterated 2026 revenue guidance in Rmb terms to reach 20%+ YoY growth (could reach higher YoY in NT$ terms), and maintained 2026 OPM guidance of 34%.

The company reiterated its utilization rate target for its linear guide business to reach 50% by 2026 end (vs. 40%+ in 3Q26). The company continues to see peers raise prices for their linear guide products, and management thinks the company is well-positioned to gain market share with its stable pricing and shorter product lead time (less than a month vs. a key competitor at 4 months, see here).

Going into 4Q26, we expect revenue to reach NT$11,425mn (-1% QoQ,+26% YoY), as we expect solid YoY across nearly all end markets. Rising raw material cost remains a key risk, while the

Source: Company data, Goldman Sachs Research estimates.

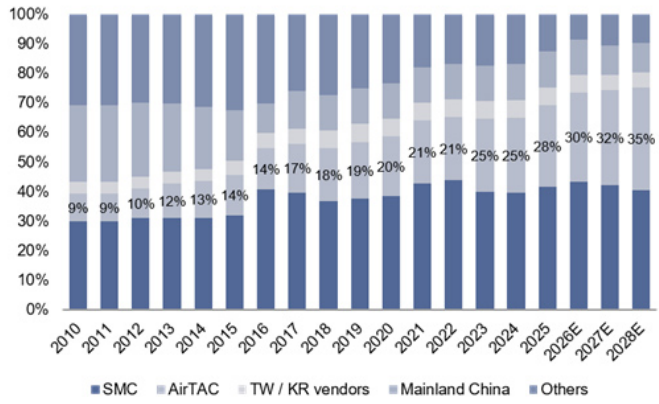
company continues to maintain a stable pricing strategy within the China market (which accounts for 90%+ of total revenue); thus we expect GM to slightly decline to 48.7% (-0.7ppt QoQ and +1.2ppt YoY). We continue to see the company's ongoing effort in improving internal efficiency, which could partially offset the negative impact from rising material cost.

We hold our conservative though optimistic view on the pneumatic industry outlook, as we continue to see downside risk in consumer electronics shipments (smartphone, etc) and the negative impact from rising raw material cost to persist over the coming quarters. We expect the company to continue to gain share in the China pneumatic market with its stable pricing strategy as well as its shift towards higher-quality pneumatic products.

Exhibit 1: We expect AirTAC's China pneumatic market share will continue to expand in the long term



Source: Company data, Goldman Sachs Global Investment Research

Investment view

We reiterate our Buy rating on AirTAC as we expect the company will continue to outperform the overall pneumatic market. We are positive on the company's latest comment that the overall China pneumatic market YoY growth could be sustained at low single to mid single digit for a longer period, and management further mentioned that the company will outperform the market by 10ppt in 2027. This is mainly driven by the company's latest guidance that nearly all end markets could see double digit YoY growth in 2027. While the company did mention the risk of decelerating YoY growth for the battery industry (which has seen solid YoY growth over the past two years), we expect solid growth from smaller segments, including machine tool/general machinery/textile/packaging, could offset the risk (we expect the 4 segments to account for 24% of total 2027E revenue vs. battery at 13%).

We believe AirTAC is well positioned to overcome potential industry demand risks with its strong B/S and healthy cash flow position, which could further support market share gains during industry downturns (historically, AirTAC has accelerated its market share gains during industry downcycles, supported by its solid B/S and cash flow management). We also expect the company's ROE to continue to improve in the coming years (ROE should improve to 26.2% in 2028E per GSe vs. 16%-17% in 2022-25) supporting a high dividend payout ratio (50%-60%+ per year per GSe).

As a result, we maintain our Buy rating on AirTAC with unchanged 12m TP of NT$1,895.

Earnings and TP revisions

We revise up our 2027/28E revenue estimates by 1/1% to factor in the better-than-expected growth in the China pneumatic market. We revise up our 2026E OPM by 0.3ppt to factor in actual 3Q26 results and revise up our 2027/28E OPM by 0.3/0.1ppt as we continue to expect the company to focus on enhancing internal efficiency. We revise down our 2026E EPS estimates by 4% after factoring in a higher tax rate in 2H26.

Also, we introduce our 2029E earnings estimates in this report.

Maintain our Buy rating and 12m TP of NT$1,895, which is based on unchanged P/E of 26x on our 2027E EPS, as we believe the company could trade at 0.25x STDV above the average PE multiple during the previous pneumatic upcycle.

Investment Thesis - AirTAC

AirTAC is the 2nd-largest pneumatic supplier in mainland China with 28% market share in 2025, outpacing most local competitors, owing to its low-cost yet high quality product, and service quality reputation in most key cities in mainland China. We forecast its market share will reach 30% in 2026E and expect AirTAC to be the structural winner in a deflationary market, due to its: (1) strong market growth and leadership: AirTAC continues to expand its market share in mainland China driven by competitive pricing that is more than 10% lower vs. international peers (with 45%+ GM / 30-35% OPM) and high demand elasticity among mainland China customers; and (2) superior cost structure and financial health: with best-in-class cash cost and a solid balance sheet, featuring positive net cash over FCF since 2023/2024, we believe AirTAC is well-equipped to weather industry downturns and capitalize on market restructuring.

Overall, we believe AirTAC will see better revenue/profitability in the long term given its share gainer position in the China pneumatic market and potential to gain share in the linear guide market (improved demand in the next 1-2 years). This should lead to strengthened valuation, vs. its recent trading range (trading below its 10-year avg. P/E multiple). We are Buy rated on AirTAC.

Price target risks and methodology - AirTAC

Valuation methodology: Our 12m TP of NT$1,895 is based on a target P/E of 26.0x on our 2027E EPS (0.25x STDV above avg of the last pneumatic upcycle).

Key downside risks: (1) Stronger competition from peers; (2) sharper-than-expected Rmb depreciation, and (3) a longer-than-expected end-market demand downtrend in mainland China.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Disclosures

The rating(s) for Airtac International Group is/are relative to the other companies in its/their coverage universe: AVC, AWSC, Airtac International Group, Asus, Auras, Chenbro, Co-Tech Development Corp., Compal, Delta Electronics, E Ink, Elite Material, Fositek, GCE, Gigabyte, HTC Corp., Hiwin Corp., ITEQ Corp, Inventec, Kinsus, Lotes, NYPCB, Pegatron, Quanta, Shengyi Tech, Shennan Circuits, Taiwan Union Technology Corp., Unimicron Technology, Victory Giant, WNC, WUS, Win Semiconductors Corp., Yageo Corp., Zhen Ding Technology Holding

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs expects to receive or intends to seek compensation for investment banking services in the next 3 months: Airtac International Group (NT$1,150.00)

Goldman Sachs had an investment banking services client relationship during the past 12 months with: Airtac International Group (NT$1,150.00)

Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such

advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based

in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

MediaTek

TPU wins on track for steep ramp through '28 joined by further CSP/AI lab potential

Reiterate Rating: BUY | PO: 6,200 TWD | Price: 3,915 TWD

3Q26 beat on consumer builds; 4Q26 lifted by TPU ramp

3Q26 sales were +10% QoQ on its flagship mobile SoC launch and customers' pre-builds ahead of its chipset price hike on rising manufacturing cost. On higher sales and better mix, GM/OpM edged up to 46%/16%, taking 3Q26 EPS to NT$17.5 above BofAe/street. 4Q26 sales was guided +25-32% QoQ, in line with BofA preview, as steep TPUv8t ramp now tracking to US$2.5bn (vs. US$2bn guide before) partially balanced by soft demand elsewhere (-15-22% QoQ vs. 5-year seasonal +1%) following the early pull-in. Despite TPUv8t growing to ~35% of its sales at lower margins, GMs is guided resiliently at 45% in 4Q26, implying better margins for its merchant business at 47%. Fast sales scale-up and stable GMs should lift operating leverage with OpMs guided for 19% at midpoint.

ASIC pipeline spanning across CSPs and frontier AI labs

Mediatek sees TPUv8t ramping to US$16bn+ revenue in '27, lifting OpM to 20%+, with upside if it could secure more capacity. The follow on TPUv9 is tracking for a meaningful production potential in '28. Importantly, it confirmed a 2nd ASIC customer win in design now and production contribution set to kick off in '28. We believe this new project would require Mediatek's component sourcing and supply chain management at a much higher dollar content. This along with potential Bytedance win could add upside to our base case for its data center revenue of US$19bn/US$53bn in '27/'28 with xAI ASIC revenue joined from 2H28 to supplement Google TPU upgrades.

AI project diversification supports earnings and valuation

As ASIC business inflects, we lift our 2026 EPS to NT$74.13 and keep '27/28 EPS at NT$168.93/404.32. Keep our Buy rating and NT$6,200 PO on 24x 2H27-1H28E P/E (implied 30x ASIC EPS + 10x merchant EPS), backed by sales/EPS 90%/134% CAGR. Growing AI project wins should alleviate the concerns on customer concentration and TPU competition debate with share downside protected by 23x/10x '27/28 straight P/E.

Company Sector

Semiconductors

Company Description

MediaTek is a fabless IC design company supplying to wireless communications and digital consumer markets. Before taking leadership in mobile SoC area, it had built solid ground in the TV SoC and optical disk drive markets. The firm invests heavily in R&D to seek better positioning in the 5G cycle, and has a complete offering including ASIC, Wi-Fi, PMIC etc. to address applications beyond smartphone, such as IoT and auto.

Investment Rationale

We have Buy rating on MediaTek as we think MediaTek is ready and has the strength to brace for the upcoming proliferation of IoT devices and opportunities in growing markets like ASIC, ARM-based PC, auto, and etc., and we believe its solid balance sheet and cashflow could provide downside support to the share price. Meanwhile, we expect 5G smartphone penetration to be a multi-year theme for the company, with its better competitive landscape in duopoly 5G era and an improved margin profile.

BofA GLOBAL RESEARCH

Price objective basis & risk

MediaTek (MDTKF)
Our PO of NT$6,200 is based on 24x 2H27-1H28 P/E. which is towards the higher end of its historical P/E range of 8-25x, as we believe the company's broadening ASIC pipeline could drive an earnings upgrade cycle.

Upside risks to our PO are: (1) better than expected smartphone demand, especially in China, (2) a better pricing in mobile communication segment thanks to alleviated competition and rising exposure to high-end/flagship market, and (3) an even more superior investment return on non-op side to uplift its net cash position. (4) Unexpected collaboration with global technology leaders leads to higher than expected margins/profits

Downside risks to our PO are: (1) weaker-than-expected end-market situation in consumer-related smartphone/TV space, (2) macro challenges including inflation/policy-related pressures, (3) rising competition from existing players and/or newcomers in smartphone/TV SoC (system on chip) space, and (4) ASP/margin pressure caused by each or all of the above and/or rising foundry costs. (4) Bidding process for Meta Inference ASIC is slower than expected.

Analyst Certification

I, Haas Liu, hereby certify that the views expressed in this research report accurately reflect my personal views about the subject securities and issuers. I also certify that no part of my compensation was, is, or will be, directly or indirectly, related to the specific recommendations or view expressed in this research report.

Special Disclosures

Information on securities which are listed on the exchanges where ML Securities (Taiwan) Limited is not permitted to trade or solicit trades for clients is for informational purposes only and is not a recommendation or a solicitation to trade such securities. ML Securities (Taiwan) Limited will not execute transactions for nor accept orders from clients to trade such securities. Foreign investment in Taiwan securities is regulated and restricted. Currently, foreign investment in Taiwan securities is permitted by investment through: (1) global depository receipts, (2) convertible bonds, (3) mutual funds issued offshore of Taiwan, and (4) a special foreign institutional investors (FINIs) and foreign individual investors (FIDIs) program supervised by the Taiwan SFB whereunder FINIs/FIDIs may apply for investment ID to invest in Taiwan securities by registration with Taiwan Stock Exchange. FINIs will additionally need consent from the foreign exchange authority, ie, the Central Bank of China. In addition to the limitations above, various industry-specific percentage-based limitations on foreign ownership of Taiwan companies (and in some cases prohibitions) may apply. Investments are subject to exchange rate and currency conversion restrictions and risks. Dividends and interest earned by foreign investors' Taiwan securities/instruments are generally subject to a 20% withholding tax. Ordinary shares are not available to ML private client accounts in the U.S.

This report is distributed in Taiwan by Merrill Lynch Securities (Taiwan) Limited, which is regulated by the Taiwan SFB.

B: Buy, N: Neutral, U: Underperform, PO: Price Objective, NA: No longer valid, NR: No Rating

The Investment Opinion System is contained at the end of the report under the heading "Fundamental Equity Opinion Key". Dark grey shading indicates the security is restricted with the opinion suspended. Medium grey shading indicates the security is under review with the opinion withdrawn. Light grey shading indicates the security is not covered. Chart is current as of a date no more than one trading day prior to the date of the report.

Equity Investment Rating Distribution: Technology Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	255	62.04%	Buy	157	61.57%
Hold	82	19.95%	Hold	46	56.10%
Sell	74	18.00%	Sell	31	41.89%

Equity Investment Rating Distribution: Global Group (as of 30 Sep 2026)

Coverage Universe	Count	Percent	Inv. Banking Relationships [R1]	Count	Percent
Buy	2057	57.03%	Buy	1386	67.38%
Hold	806	22.35%	Hold	563	69.85%
Sell	744	20.63%	Sell	446	59.95%

[R1] Issuers that were investment banking clients of BofA Securities or one of its affiliates within the past 12 months. For purposes of this Investment Rating Distribution, the coverage universe includes only stocks. A stock rated Neutral is included as a Hold, and a stock rated Underperform is included as a Sell.

FUNDAMENTAL EQUITY OPINION KEY: Opinions include a Volatility Risk Rating, an Investment Rating and an Income Rating. VOLATILITY RISK RATINGS, indicators of potential price fluctuation, are: A - Low, B - Medium and C - High. INVESTMENT RATINGS reflect the analyst's assessment of both a stock's absolute total return potential as well as its attractiveness for investment relative to other stocks within its Coverage Cluster (defined below). Our investment ratings are: 1 - Buy stocks are expected to have a total return of at least 10% and are the most attractive stocks in the coverage cluster; 2 - Neutral stocks are expected to remain flat or increase in value and are less attractive than Buy rated stocks and 3 - Underperform stocks are the least attractive stocks in a coverage cluster. An investment rating of 6 (No Rating) indicates that a stock is no longer trading on the basis of fundamentals. Analysts assign investment ratings considering, among other things, the 0-12 month total return expectation for a stock and the firm's guidelines for ratings dispersions (shown in the table below). The current price objective for a stock should be referenced to better understand the total return expectation at any given time. The price objective reflects the analyst's view of the potential price appreciation (depreciation).

Investment rating	Total return expectation (within 12-month period of date of initial rating)	Ratings dispersion guidelines for coverage cluster[R2]
Buy	≥ 10%	≤ 70%
Neutral	≥ 0%	≤ 30%
Underperform	N/A	≥ 20%

[R2] Ratings dispersions may vary from time to time where BofA Global Research believes it better reflects the investment prospects of stocks in a Coverage Cluster.

INCOME RATINGS, indicators of potential cash dividends, are: 7 - same/higher (dividend considered to be secure), 8 - same/lower (dividend not considered to be secure) and 9 - pays no cash dividend. *Coverage Cluster* is comprised of stocks covered by a single analyst or two or more analysts sharing a common industry, sector, region or other classification(s). A stock's coverage cluster is included in the most recent BofA Global Research report referencing the stock.

General Investment Related Disclosures:
Taiwan Readers: Neither the information nor any opinion expressed herein constitutes an offer or a solicitation of an offer to transact in any securities or other financial instrument. No part of this report may be used or reproduced or quoted in any manner whatsoever in Taiwan by the press or any other person without the express written consent of BofA Securities.
This document provides general information only, and has been prepared for, and is intended for general distribution to, BofA Securities clients. Neither the information nor any opinion expressed constitutes an offer or an invitation to make an offer, to buy or sell any securities or other financial instrument or any derivative related to such securities or instruments (e.g., options, futures, warrants, and contracts for differences). This document is not intended to provide personal investment advice and it does not take into account the specific investment objectives, financial situation and the particular needs of, and is not directed to, any specific person(s). This document and its content do not constitute, and should not be considered to constitute, investment advice for purposes of ERISA, the US tax code, the Investment Advisers Act or otherwise. Investors should seek financial advice regarding the appropriateness of investing in financial instruments and implementing investment strategies discussed or recommended in this document and should understand that statements regarding future prospects may not be realized. Any decision to purchase or subscribe for securities in any offering must be based solely on existing public information on such security or the information in the prospectus or other offering document issued in connection with such offering, and not on this document.
Securities and other financial instruments referred to herein, or recommended, offered or sold by BofA Securities, are not insured by the Federal Deposit Insurance Corporation and are not deposits or other obligations of any insured depository institution (including, Bank of America, N.A.). Investments in general and, derivatives, in particular, involve numerous risks, including, among others, market risk, counterparty default risk and liquidity risk. No security, financial instrument or derivative is suitable for all investors. Digital assets are extremely speculative, volatile and are not regulated in a manner similar to U.S. securities markets. In some cases, securities and other financial instruments may be difficult to value or sell and reliable information about the

value or risks related to the security or financial instrument may be difficult to obtain. Investors should note that income from such securities and other financial instruments, if any, may fluctuate and that price or value of such securities and instruments may rise or fall and, in some cases, investors may lose their entire principal investment. Past performance is not necessarily a guide to future performance. Levels and basis for taxation may change.

This report may contain a short-term trading idea or recommendation, which highlights a specific near-term catalyst or event impacting the issuer or the market that is anticipated to have a short-term price impact on the equity securities of the issuer. Short-term trading ideas and recommendations are different from and do not affect a stock's fundamental equity rating, which reflects both a longer term total return expectation and attractiveness for investment relative to other stocks within its Coverage Cluster. Short-term trading ideas and recommendations may be more or less positive than a stock's fundamental equity rating.

BofA Securities is aware that the implementation of the ideas expressed in this report may depend upon an investor's ability to "short" securities or other financial instruments and that such action may be limited by regulations prohibiting or restricting "shortselling" in many jurisdictions. Investors are urged to seek advice regarding the applicability of such regulations prior to executing any short idea contained in this report.

Foreign currency rates of exchange may adversely affect the value, price or income of any security or financial instrument mentioned herein. Investors in such securities and instruments, including ADRs, effectively assume currency risk.

BofAS or one of its affiliates is a regular issuer of traded financial instruments linked to securities or digital assets that may have been recommended or discussed in this report. BofAS or one of its affiliates may, at any time, hold a trading position (long or short) in the securities and financial instruments recommended or discussed in this report.

BofA Securities, through business units other than BofA Global Research, may have issued and may in the future issue trading ideas or recommendations that are inconsistent with, and reach different conclusions from, the information presented herein. Such ideas or recommendations may reflect different time frames, assumptions, views and analytical methods of the persons who prepared them, and BofA Securities is under no obligation to ensure that such other trading ideas or recommendations are brought to the attention of any recipient of this information.

In the event that the recipient received this information pursuant to a contract between the recipient and BofAS for the provision of research services for a separate fee, and in connection therewith BofAS may be deemed to be acting as an investment adviser, such status relates, if at all, solely to the person with whom BofAS has contracted directly and does not extend beyond the delivery of this report (unless otherwise agreed specifically in writing by BofAS). If such recipient uses the services of BofAS in connection with the sale or purchase of a security referred to herein, BofAS may act as principal for its own account or as agent for another person. BofAS is and continues to act solely as a broker-dealer in connection with the execution of any transactions, including transactions in any securities referred to herein.

BofA Global Research utilizes AI, including machine learning and other technologies, to enhance the services we provide to our clients. These technologies assist our analysts in various aspects of their work, including but not limited to data analysis, content extraction, content creation, data aggregation and summarization and identifying relevant information from diverse sources. All AI-driven processes are subject to review by BofA Global Research employees. BofA Global Research information is distributed simultaneously to internal and client websites and other portals by BofA Securities and is not publicly-available material. Any unauthorized use or disclosure is prohibited. Receipt and review of this information constitutes your agreement not to redistribute, retransmit, or disclose to others the contents, opinions, conclusion, or information contained herein (including any investment recommendations, estimates or price targets) without first obtaining express permission from an authorized officer of BofA Securities.

Materials prepared by BofA Global Research personnel are based on public information. Facts and views presented in this material have not been reviewed by, and may not reflect information known to, professionals in other business areas of BofA Securities, including investment banking personnel. BofA Securities has established information barriers between BofA Global Research and certain business groups. As a result, BofA Securities does not disclose certain client relationships with, or compensation received from, such issuers. To the extent this material discusses any legal proceeding or issues, it has not been prepared as nor is it intended to express any legal conclusion, opinion or advice. Investors should consult their own legal advisers as to issues of law relating to the subject matter of this material. BofA Global Research personnel's knowledge of legal proceedings in which any BofA Securities entity and/or its directors, officers and employees may be plaintiffs, defendants, co-defendants or co-plaintiffs with or involving issuers mentioned in this material is based on public information. Facts and views presented in this material that relate to any such proceedings have not been reviewed by, discussed with, and may not reflect information known to, professionals in other business areas of BofA Securities in connection with the legal proceedings or matters relevant to such proceedings.

This information has been prepared independently of any issuer of securities mentioned herein and not in connection with any proposed offering of securities or as agent of any issuer of any securities. None of BofAS any of its affiliates or their research analysts has any authority whatsoever to make any representation or warranty on behalf of the issuer(s). BofA Global Research policy prohibits research personnel from disclosing a recommendation, investment rating, or investment thesis for review by an issuer prior to the publication of a research report containing such rating, recommendation or investment thesis.

Any information relating to sustainability in this material is limited as discussed herein and is not intended to provide a comprehensive view on any sustainability claim with respect to any issuer or security.

Any information relating to the tax status of financial instruments discussed herein is not intended to provide tax advice or to be used by anyone to provide tax advice. Investors are urged to seek tax advice based on their particular circumstances from an independent tax professional.

The information herein (other than disclosure information relating to BofA Securities and its affiliates) was obtained from various sources and we do not guarantee its accuracy. This information may contain links to third-party websites. BofA Securities is not responsible for the content of any third-party website or any linked content contained in a third-party website. Content contained on such third-party websites is not part of this information and is not incorporated by reference. The inclusion of a link does not imply any endorsement by or any affiliation with BofA Securities. Access to any third-party website is at your own risk, and you should always review the terms and privacy policies at third-party websites before submitting any personal information to them. BofA Securities is not responsible for such terms and privacy policies and expressly disclaims any liability for them.

All opinions, projections and estimates constitute the judgment of the author as of the date of publication and are subject to change without notice. Prices also are subject to change without notice. BofA Securities is under no obligation to update this information and BofA Securities ability to publish information on the subject issuer(s) in the future is subject to applicable quiet periods. You should therefore assume that BofA Securities will not update any fact, circumstance or opinion contained herein.

Subject to the quiet period applicable under laws of the various jurisdictions in which we distribute research reports and other legal and BofA Securities policy-related restrictions on the publication of research reports, fundamental equity reports are produced on a regular basis as necessary to keep the investment recommendation current.

Certain outstanding reports or investment opinions relating to securities, financial instruments and/or issuers may no longer be current. Always refer to the most recent research report relating to an issuer prior to making an investment decision.

In some cases, an issuer may be classified as Restricted or may be Under Review or Extended Review. In each case, investors should consider any investment opinion relating to such issuer (or its security and/or financial instruments) to be suspended or withdrawn and should not rely on the analyses and investment opinion(s) pertaining to such issuer (or its securities and/or financial instruments) nor should the analyses or opinion(s) be considered a solicitation of any kind. Sales persons and financial advisors affiliated with BofAS or any of its affiliates may not solicit purchases of securities or financial instruments that are Restricted or Under Review and may only solicit securities under Extended Review in accordance with firm policies.

Neither BofA Securities nor any officer or employee of BofA Securities accepts any liability whatsoever for any direct, indirect or consequential damages or losses arising from any use of this information.

MediaTek | Asia Pacific

Positive news on AI ASIC execution and project win; reiterate OW

AlphaSignals Earnings Reaction

Strengthens our thesis	— In-line	— Largely unchanged
Impact to our thesis	Financial results versus consensus	Direction of next 12-month consensus EPS

Source: Company data, Morgan Stanley Research

We expect the stock to react positively to the AI ASIC developments; OW: 1) TPU v9 on schedule, 2) confidence in Intel EMIB-T substrate yield improvement, and 3) second customer win. We maintain our PT of NT$6,188 and Top Pick.

What's new? MediaTek confirms second customer win: In our preview note, we had expected some discussion on a potential second customer. Today, management confirmed the win, and indicated it is not a China CSP customer, hence, we think it could be a US CSP customer. We are modeling US$2.5bn revenue from the second customer in 2028, but management thinks the demand should be higher than that.

Status of major TPU projects - on track: TPU v8 expected to contribute US$2.5bn revenue in 4Q26 (vs. prior guidance of >US$2bn). Major AI ASIC customer's TPU v9 is expected to tape out on time and starts mass production in 1Q28, dismissing recent delay concerns. While TPU v9 volume highly depends on Intel EMIB-T substrate supply, management has confidence in EMIB-T yield improvement. The company is also working closely with the customer on the third generation (TPUv10) and will disclose more details at the appropriate time.

Our key question to management: Will both major CSP customers prioritize GPU or ASIC, if/when we see cloud capex budget shrinkage? Management responded that, while not every ASIC in the industry can compete with GPU, the ASICs they help to design (TPUv8 and v9) enjoy very competitive TCO (total cost of ownership). Thus, we believe MediaTek's AI ASIC revenue can track our forecast, if the substrate supply is sufficient.

4Q26 revenue to grow 25-32% Q/Q, with operating margin improvement thanks to AI ASIC: Gross margin guidance of 45% is slightly better than our 44%-45%, given some price hikes for smartphone and smart-edge products. After deducting the US$2.5bn revenue contribution from the AI ASIC in the quarter, the non-AI business should be down 17% Q/Q.

We think the implied AI ASIC operating margin could be 25%-30% at scale: This assumes AI ASIC is 35% of 4Q26 revenue and the company improves its 4Q26 operating margin to 19% (up from 16.1% in 3Q26),

Valuation Methodology and Risks

MediaTek (2454.TW)

Base case, residual income model. Key assumptions: cost of equity 9.2%, intermediate growth rate 12.0%, terminal growth rate 3.0%.

Risks to Upside

- Edge AI proliferates smartphone replacement cycle.
- Smartphone demand rises in China and other EMs.
- New products attract high demand, resulting in market share gains.
- Google's TPU spurs demand.

Risks to Downside

- Smartphone demand deteriorates in China and other EMs.
- Competition heats up, resulting in pricing competition.
- New products attract low demand, causing market share loss.
- Margin dilution is more severe.

Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, **MediaTek**, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

The Ramp Arrives; Next-Gen on Track, More to Come

- In line 3Q print and moderate 4Q beat. ASIC delivery confirmed. MTK has begun shipping its TPUv8t (Zebrafish) and guides 4Q accelerator revenue of US$2.5bn, in line with our forecast and above both Street and prior guidance of US$2bn. It also reaffirmed 1Q28 HVM for TPUv9t (Humufish) and confirmed a second customer (we believe Meta), with first revenue from 2028E. Management targets c.US$16bn of 2027E revenue from TPUv8t (the top end of the prior US$12–16bn range). We see upside towards US$20bn as more substrate supply is secured, which management sounded confident about. The accelerator business turns OPM-accretive from 4Q26, setting up further OPM expansion. We remain constructive on MTK's ASIC transformation and reiterate BUY with a TP of NT$6,500.

- **3Q results in line with us, ahead of Street**. Revenue of NT$168bn (+10% QoQ, +18% YoY), GM of 46.3%, OPM of 16.1% and EPS of NT$17.5 (in line with us but 13% above Street). Smart Edge led growth (+20% QoQ; 58% of sales) on new modem, AI tablet, AI PC and automotive programs, plus higher DRAM content and pricing in TV SoCs. Handsets -1% QoQ (37% of sales) despite flagship strength, while PMIC +1% (5% of sales). GM was broadly flat (+10bps QoQ), which we partly attribute to cost pass-through pricing that CEO said began in 3Q. OPM +110bps QoQ as revenue growth outpaced opex (+7%) despite higher R&D.

- **4Q outlook above Street on a stronger accelerator outlook**. The revenue guidance midpoint of NT$216.0bn (+28% QoQ) is 4% above Street but 15% below us, mainly reflecting our higher non-accelerator business assumption. 4Q revenue growth is driven by the US$2.5bn TPUv8t ramp (in line with our forecast and above prior guidance and Street of US$2bn), backed by strong demand and improved supply, including substrates, and partly offset by seasonal consumer softness. The 45% GM guidance midpoint implies a 130bps QoQ decline, as datacenter accelerator margins are below the group average; pricing adjustments on non-datacenter products partly offset supply-chain cost inflation. OPM is guided at 19% (+290bps QoQ, in line with us but above Street by ~1pts) as the ASIC ramp and pricing lift operating leverage. For 2027E, management expects OPM above 20% (vs. our 23.4%) and noted that the ASIC segment will be OPM-accretive from 4Q26.

- **TPUv9 on track; volume upside remains supply dependent**. Management reaffirmed 1Q28 HVM for its second accelerator, which we identify as TPUv9t. The SerDes die and sub-die have taped out, and the larger, more complex compute die is due to follow within two to three weeks, in line with the plan. Management expects packaging/substrate yields to improve but did not provide updated yield figures or a 2028 revenue target. This supports our modelled initial 1H28 shipments and stronger 2H28 ramp. Work on the third generation (TPUv10) is ongoing, but neither an award nor a production schedule has been confirmed.

- **Second customer confirmed, scheduled for 2028 contribution**. Management said the second customer is based outside China and will generate first revenue in 2028E. We believe this refers to Meta's ASIC project (MTIA700 Apollo), which we expect to contribute mainly from late 2028E, following capacity support from MTK. NVLink Fusion engagements have received positive feedback and could lead to customer announcements, supporting our view that networking and rack integration will expand MTK's addressable market.

TPU v9 on track to ramp from early 2028

Amid market skepticism on TPU execution, MediaTek delivered better outlook for Q4 and Cloud ASICs, as we previewed. Management raised TPU sales guidance from >US $2bn to US$2.5bn for 2026, and from US$12-16bn to US$16bn for 2027. This reflects the steady Google demand for v8t for training, critical to accelerate the new Gemini LLM development. Importantly, for TPU v9, MediaTek re-affirmed it is on track for high volume manufacturing in Q128, which clarified recent noises around delayed tape out. Our latest understanding is there may be two versions of MediaTek's TPU v9: the first version with 336G SerDes should be tape out soon in Nov 2026. There's a second tape out which is on track for delivery in Feb 2027. The second version features flexible SerDes switch between 224G/336G for greater supply flexibility for the whole system. Conclusion is, we think MediaTek is on good track to scale TPU sales to our estimates of US$44bn/53bn in 2028/29 with upside. See Figure 1 for our TPU financial analysis.

Thoughts on the second Cloud ASIC client

MediaTek announced the 2nd Cloud ASIC client, which should contribute to revenue in 2028. MediaTek clarified it's not a Chinese customer. We believe there are 2 higher possibilities as what we flagged recently. 1) Tesla's AI6 using Intel 14A, produced at Terafab ramping in H228. Potential revenue opportunity on full year basis could be ~US $2bn if MediaTek could ramp 1m units. Margin profile could be lower than TPU's 42% GM given simpler design. 2) SpaceX/xAI's Dojo3. MediaTek should be partnering with Nvidia to offer NVLink Fusion for faster time to market. Question is SpaceX/xAI's own engineering resource and capability for Dojo3 after team reshuffle. If secured, our initial estimate is revenue opportunity a year could be US$4-9bn, assuming good volume. Margin profile may be similar or higher than TPU, in our view.

Meaningful operating margin expansion ahead

Q4 sales are guided to grow 28% QoQ at the mid point, beating consensus of 25%, even with higher base from Q3. GM is guided to edge down to 45.0% at mid point, with OPM meaningfully rising to 19.0% from 16.1% in Q3. As MediaTek starts ramping TPU substantially into 2027, the key focus for profitability should shift from GM to OPM due to different business model vs consumer electronics, and our sense is the market still under appreciates the structural shift and the stronger earnings power. We forecast MediaTek's OPM to rise to 25.2%/30.9% in 2027/28 vs consensus of 21.8%/24.2%. Our 2027/28E EPS estimates are 23%/29% above consensus pre earnings.

Valuation: maintain Key Call Buy and target of NT$7,300

Among our coverage, MediaTek remains the one that we believe the market most underestimates its execution and opportunity in Cloud AI. We raise 2026E EPS by 5% and fine tune 2027/28E EPS by 1-2%. Maintain Key Call Buy. Our target of NT$7,300 is based on 27x 2027-28E PE.

Company Description

MediaTek is a leading integrated circuit (IC) design company in Taiwan, focusing on solutions from the edge to the cloud, applications for its product offerings range from smartphones, smart homes and AI PCs to high-performance computing, automotive, and AI data centers.

Valuation Method and Risk Statement

Our price target for MediaTek is based on a target PE methodology.
Fabless integrated circuit (IC) design houses face a variety of uncertainties, including rapidly changing technology, end-market demand, competition, employee turnover and foundry wafer costs. They are also vulnerable to legal disputes over intellectual property rights. In addition, MediaTek is exposed to potential price competition in handset SoC, TV SoC, etc. Downside risks include slower-than-expected market share gains and a weaker-than-expected demand recovery.

Quantitative Research Review

UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of an occurrence of a number of short term factors in a product known as the 'Quantitative Research Review'. The views for this month can be found below. Views contained in this assessment on a particular stock reflect only the views on those short term factors which are a different timeframe to the 12-month timeframe reflected in any equity rating set out in this note. For previous responses please make reference to (i) previous UBS Global Research reports; and (ii) where no applicable research report was published that month, the Quantitative Research Review which can be found at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team on ubs-quant-answers@ubs.com. A consolidated report which contains all responses is also available and again you should contact your UBS sales representative for details and pricing or the Quantitative Research Team on the email above.

MediaTek Inc.

Question	Response
1. Is the industry structure facing the firm likely to improve or deteriorate over the next six months? Rate on a scale of 1-5 (1 = getting worse, 3 = no change, 5 = getting better, N/A = no view)	4
2. Is the regulatory/government environment facing the firm likely to improve or deteriorate over the next six months? Rate on a scale of 1-5 (1 = getting tougher 3 = no change, 5 = getting better, N/A = no view)	3
3. Over the last 3-6 months in broad terms have things been improving/no change/getting worse for this stock? Rate on a scale of 1-5 (1 = getting a lot worse, 3 = not much change, 5 = getting a lot better, N/A = no view)	4
4. Relative to the current CONSENSUS EPS forecast, is the next company EPS update likely to lead to: (1 = negative surprise vs consensus, 3 = in-line with consensus, 5 = positive surprise vs consensus expectations, N/A = no view)	4
5. What's driving the difference?	
6. Relative to YOUR current earnings forecast, is there relatively greater risk at the next earnings result of:(1 = downside skew risk to earnings, 3 = equal upside or downside risk to earnings, 5 = upside skew risk to earnings, N/A = no view)	4
7. What's driving the difference?	
8. Is there an upcoming catalyst for the company over the next three months?	Positive Catalyst
9. Is there an actual or approximate date for the catalyst?	
10. Is the catalyst date an actual or approximate date?	
11. What is the catalyst?	

Required Disclosures

This document has been prepared by UBS Securities Pte. Ltd., Taipei Branch, an affiliate of UBS AG. UBS AG, its subsidiaries, branches and affiliates, including former Credit Suisse AG and its subsidiaries, branches and affiliates are referred to herein as "UBS".

For information on how UBS manages conflicts and maintains the independence of its UBS Global Research product; historical performance information; certain additional disclosures concerning UBS Global Research recommendations; and terms and conditions for certain third party data used in research report, please visit https://www.ubs.com/disclosures. Unless otherwise indicated, information and data in this report are based on company disclosures including annual, interim and quarterly reports and other company announcements. Figures in performance charts refer to the past; past performance is not a reliable indicator of future results. Additional information will be made available on request. UBS Securities Co. Limited is licensed by the China Securities Regulatory Commission to conduct securities investment consultancy businesses. UBS acts or may act as principal in the debt securities (or in related derivatives) that may be the subject of this report. This recommendation was finalized on: 30 October 2026 12:42 PM GMT. UBS has designated certain UBS Global Research department members as Derivatives Research Analysts where they publish research principally on the analysis of the price or market for a derivative, and provide information reasonably sufficient on which to base a decision to enter into a derivatives transaction. Where Derivatives Research Analysts co-author research reports with Equity Research Analysts or Economists, the Derivatives Research Analyst is responsible for the derivatives investment views, forecasts, and/or recommendations. **Quantitative Research Review:** UBS Global Research publishes a quantitative assessment of its analysts' responses to certain questions about the likelihood of a number of short term factors occurring, in a product known as the 'Quantitative Research Review'. Views in this assessment on a particular stock reflect only those short term factors and a timeframe different to the 12-month timeframe reflected in any equity rating set out in this document. For the latest responses, please see the Quantitative Research Review Addendum at the back of this document, where applicable. For previous responses, please refer to: (i) previous UBS Global Research reports and (ii) where no applicable research report was published that month, the Quantitative Research Review at https://neo.ubs.com/quantitative, or contact your UBS sales representative for access to the report or the Quantitative Research Team at ubs-quant-answers@ubs.com. A consolidated report containing all responses is also available; for details and pricing, please contact your UBS sales representative or the Quantitative Research team at the above email.

Analyst Certification:
Each research analyst primarily responsible for the content of this research report, in whole or in part, certifies that, with respect to each security or issuer that the analyst covered in this report: (1) all views expressed accurately reflect their personal views about those securities or issuers and were prepared independently, including with respect to UBS, and (2) no part of their compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in the research report.

UBS Global Research: Global Equity Rating Definitions

12-Month Rating	Definition	Coverage[1]	IB Services[2]
Buy	FSR is > 6% above the MRA.	55%	24%
Neutral	FSR is between -6% and 6% of the MRA.	39%	20%
Sell	FSR is > 6% below the MRA.	6%	21%

Source: UBS. Rating allocations are as of 30 September 2026.
1:Percentage of companies under coverage globally within the 12-month rating category.
2:Percentage of companies within the 12-month rating category for which investment banking (IB) services were provided within the past 12 months.

KEY DEFINITIONS:Forecast Stock Return (FSR) is expected percentage price appreciation plus gross dividend yield over the next 12 months. In some cases, this yield may be based on accrued dividends. **Market Return Assumption (MRA)** is the one-year local market interest rate plus 5% (a proxy for, and not a forecast of, the equity risk premium). **Under Review (UR)** Stocks may be flagged by the analyst to indicate that the stock's price target and/or rating may change in the near term, usually in response to an event that may affect the investment case or valuation. **Equity Price Targets** have a 12-month investment horizon.

EXCEPTIONS AND SPECIAL CASES:UK and European Investment Fund ratings and definitions are: Buy: Positive on factors such as structure, management, performance record and discount; **Neutral:** Neutral on factors such as structure, management, performance record and discount; **Sell:** Negative on factors such as structure, management, performance record and discount. **Core Banding Exceptions (CBE):** Exceptions to the standard +/-6% bands may be granted by the Investment Review Consultation (IRC). Factors considered by the IRC include the stock's volatility and the credit spread of the respective company's debt. As a result, stocks deemed very high or low risk may be subject to higher or lower bands for rating purposes. Where such exceptions apply, they will be identified in the Company Disclosures table in the relevant research piece.

Research analysts contributing to this report who are employed by a non-US affiliate of UBS Securities LLC are not registered or qualified as research analysts with FINRA. Such analysts may not be associated persons of UBS Securities LLC and therefore are not subject to FINRA restrictions on communications with a subject company, public appearances, and trading securities held by a research analyst account. The name of each affiliate and analyst employed by that affiliate contributing to this report, if any, follows.

UBS Securities Pte. Ltd., Taipei Branch: Christine Chen, CFA, Ryan Sun, Sunny Lin.

The Disclaimer relevant to Global Wealth Management clients follows the Global Research Disclaimer.

UBS Global Research Disclaimer

This document has been prepared by UBS Securities Pte. Ltd., Taipei Branch, an affiliate of UBS AG. UBS AG, its subsidiaries, branches and affiliates, including former Credit Suisse AG and its subsidiaries, branches and affiliates are referred to herein as "UBS".

Any opinions in this document may change without notice and are current only as of the publication date. Different areas, groups, and personnel within UBS may independently produce and distribute separate research products. For example, research publications from **UBS CIO** are produced by UBS Global Wealth Management. **UBS Global Research** is produced by UBS Investment Bank. Each research organization may use different methodologies and rating systems, including investment recommendations, investment horizon, model assumptions, and valuation methods. Accordingly, except for certain economic forecasts on which UBS CIO and UBS Global Research may collaborate, investment recommendations, ratings, price targets, and valuations from those research organizations may differ or be inconsistent. You should refer to each relevant research product for details of its methodology and rating system. Not all clients may have access to all products from every organization. Each research product is subject to the policies and procedures of the organization that produces it.

UBS Global Research is primarily intended for institutional/professional/wholesale clients, and not for retail clients or private individuals (excluding via any UBS approved distribution channel for such clients), as defined under the governing law and regulation of the relevant client jurisdiction.

This document is provided solely to recipients who are expressly authorized by UBS to receive it. If you are not so authorized you must immediately destroy it.

UBS Global Research is provided to our clients through UBS Neo and, in certain instances, UBS.com and any other system or distribution method specifically identified in one or more communications distributed through UBS Neo or UBS.com (each, a "System") as an approved means of distributing UBS Global Research. It may also be made available through third party vendors and distributed by UBS and/or third parties by e-mail or other electronic means.

All UBS Global Research is available on UBS Neo. Please contact your UBS sales representative if you wish to discuss access to UBS Neo. Where UBS Global Research refers to "UBS Evidence Lab Inside" or uses data provided by UBS Evidence Lab, and you would like access to that data, please contact your UBS sales representative. UBS Evidence Lab data is available on UBS Neo. The level and types of services provided by UBS Global Research and UBS Evidence Lab to a client may vary depending on factors including a client's preferences as to the frequency and manner of receiving communications, risk profile, and investment focus and perspective (e.g., market wide, sector specific, long-term, short-term), the size and scope of the overall client relationship with UBS Global Research and UBS Evidence Lab, and legal and regulatory constraints. UBS HOLT and UBS Pharma Values are offerings of UBS Global Research. HOLT Lens is a corporate performance platform offering that provides an objective accounting-led framework for comparing and valuing companies and is available to clients of UBS Global Research; for details and pricing, please contact your UBS Sales representative. In particular, HOLT has a variety of warranted prices based on the scenario chosen; if you are interested in the warranted price for a particular company, please mail UBS Securities LLC, 11 Madison Avenue, New York, NY 10010, USA, Attention: Investment Research, subject again to commercial considerations. UBS Pharma Values is an analytical tool involving individual product net present value calculations based on published forecasts of pharmaceutical sales, and is available to clients of UBS Global Research; for details and pricing, please contact your UBS Sales representative. For all other specific disclaimers, please see https://www.ubs.com/disclosures.

When you receive UBS Global Research through a System, your access to and/or use of it is subject to this UBS Global Research Disclaimer, the UBS Neo Platform Use Agreement (the "Neo Terms"), and any other relevant terms of use governing the applicable System.

When you receive UBS Global Research via a third party vendor, e-mail or other electronic means, you agree that use shall be subject to this UBS Global Research Disclaimer, the Neo Terms and where applicable the UBS Investment Bank terms of business (https://www.ubs.com/global/en/investment-bank/regulatory.html) and to UBS's Terms of Use/ Disclaimer (https://www.ubs.com/global/en/legalinfo2/disclaimer.html). In addition, you consent to UBS processing your personal data and using cookies in accordance with our Privacy Statement (https://www.ubs.com/global/en/legalinfo2/privacy.html) and Cookie Notice (https://www.ubs.com/global/en/legal/privacy/users.html).

If you receive UBS Global Research, whether through a System or otherwise, you agree not to copy, revise, amend, create derivative works, provide to any third party, or in any way commercially exploit any UBS research provided via UBS Global Research or otherwise, and not to extract data from any research or estimates provided to you via UBS Global Research or otherwise, without UBS's prior written consent. You also agree not to use UBS Global Research in any artificial intelligence system without UBS's prior written consent.

In certain circumstances, you may receive UBS Global Research other than in your capacity as a UBS client and, you understand and agree that in those circumstances: (i) UBS Global Research is provided to you for information purposes only; (ii) for the purpose of receiving it, you are not intended to be and will not be treated as a "client" of UBS for any legal or regulatory purpose; (iii) UBS Global Research must not be relied on or acted upon for any purpose; and (iv) such content is subject to the relevant disclaimers that follow.

This document may be distributed only as permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident of, or located in, any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement in that jurisdiction.

This document is a general communication and educational in nature; it is not an advertisement, solicitation or offer to buy or sell any financial instrument or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, neither UBS nor its representatives has any responsibility or authority to provide, or to have provided, investment advice in a fiduciary or any other capacity. Investments involve risks, and investors should exercise prudence and their own judgment in making investment decisions. Neither UBS nor its representatives is suggesting that the recipient or any other person take a specific course of action, or any action at all. The recipient should read this document carefully and in full and not draw inferences or conclusions from the rating alone. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the recipient's investment objectives. The financial instruments described in this document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, structured derivative products and futures (including OTC derivatives) are not suitable for all investors. Trading in these instruments is risky and may be appropriate only for sophisticated investors. Before buying or selling an option, you must receive a copy of "The Characteristics and Risks of Standardized Options" for a full description of options risks. You may read it at https://www.theocc.com/publications/risks/riskchap1.jsp or ask your salesperson for a copy. Various theoretical explanations of the risks of these instruments have been published. Supporting documentation for any claims, comparisons, recommendations, statistics or other technical data will be supplied on request. Past performance is not necessarily indicative of future results. Transaction costs may be significant in option strategies involving multiple purchases and sales, such as spreads and straddles. As tax considerations are important to many options transactions, investors considering options should consult their tax advisor on how taxes affect the outcome of contemplated options transactions.

Mortgage- and asset-backed securities may involve a high degree of risk and be highly volatile in response to interest rate fluctuations or other market conditions. Foreign currency exchange rates may adversely affect the value, price or income of any security or related instrument referred to in this document. For investment advice, trade execution or other inquiries, clients should contact their local sales representative.

UBS notes that no globally accepted framework or definition (legal, regulatory or otherwise) currently exists, and there is no market consensus, as to what constitutes "ESG" (Environmental, Social or Governance) or an equivalent label, or what precise attributes are required for the Information (as defined below) to be defined as ESG or equivalently labelled. Any information, data or other content, including from third party sources, contained or referred to herein or used by UBS or a third party for any purpose ("Information"), in relation to any actual or potential ESG objective, issue or consideration, is not intended to be relied upon for ESG classification, regulatory regime or industry initiative purposes ("ESG Regimes"). Nothing in this document is intended to convey, suggest or indicate that UBS considers or represents any product, service, person or body mentioned in it to meet or qualify for any ESG classification, labelling or similar standards that may exist under ESG Regimes. UBS has not assessed compliance with ESG Regimes. Parties should make their own assessments for these purposes.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts liability for any loss (including investment loss) or damage arising out of the use of any of the Information.

Before making any investment or financial decision, any recipient of this document or the information should take steps to understand the investment's risk and return and seek individualized advice from their personal financial, legal, tax and other professional advisors, taking into account all relevant facts and circumstances of their investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations of individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices. They do not necessarily reflect UBS's internal books and records or theoretical model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, express or implied, is given as to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a complete statement or summary of the securities, markets or developments referred to in this document. UBS does not undertake to update or keep current the Information. Any statements contained in this document attributed to a third party represent UBS's interpretation of data, information and/or opinions provided by that third party,

publicly or through a subscription service, and such use and interpretation have not been reviewed by that third party. In no circumstances may this document or any Information, including any forecast, value, index or other calculated amount ("Values"), be used for: (i) valuation or accounting purposes; (ii) determining amounts due or payable, or the price or value of any financial instrument or financial contract; or (iii) measuring the performance of any financial instrument, including without limitation tracking the return or performance of any Value, defining the asset allocation of a portfolio or computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of those purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, including without limitation independence policies and permanent information barriers, intended, and relied on by UBS, to manage potential conflicts of interest and control the flow of information within UBS divisions and among its subsidiaries, branches and affiliates. UBS does and seeks to do business with companies covered in its research documents. As a result, investors should be aware that UBS may have a conflict of interest that could affect this document's objectivity. Investors should consider this document as only one factor in making an investment decision. For further information on how UBS Global Research manages conflicts and maintains the independence of its research products, historical performance information and certain additional disclosures concerning UBS Global Research recommendations, please visit https://www.ubs.com/disclosures.

UBS Global Research will initiate, update and cease coverage solely at the discretion of UBS Global Research Management, which also has sole discretion over the timing and frequency of any published research product. The analysis in this document is based on numerous assumptions. All material information relating to published research documents, such as valuation methodology, risk statements, underlying assumptions (including sensitivity analysis of those assumptions), ratings history and other information required by the Market Abuse Regulation, can be found on UBS Neo. Different assumptions could produce materially different results.

UBS Global Research may use artificial intelligence tools in the preparation of this document. Notwithstanding any such use, this document has undergone human review.

The analyst(s) responsible for preparing this document may interact with trading desk personnel, sales personnel and other parties to gather, apply and interpret market information. UBS relies on information barriers to control the flow of information from one or more areas within UBS to other areas, units, groups or affiliates. Compensation of the analyst(s) who prepared this document is determined exclusively by UBS Global Research management and senior management (excluding investment banking). It is not based on investment banking revenues; however, it may relate to the revenues of UBS and/or its divisions as a whole, including investment banking, sales and trading, and UBS as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS (excluding UBS Securities LLC) acts as a market maker or liquidity provider (as those terms are interpreted under English law or, if the activity is not carried out by UBS in the UK, under the law of the relevant jurisdiction in which UBS determines it carries out the activity) in the issuer's financial instruments, except where liquidity provider activity is carried out in accordance with the definition under the laws and regulations of another EU jurisdiction, in which case it is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker, except where that activity is carried out in the US in accordance with the definition under applicable laws and regulations, in which case it will be specifically disclosed in this document. UBS may have issued a warrant whose value is based on one or more financial instruments referred to in this document. UBS and its affiliates and employees may have long or short positions, trade as principal, and buy and sell instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Within the past 12 months, UBS may have received or provided investment services and activities or ancillary services under MiFID II that may have given rise to a payment or promise of payment in relation to those services from or to this company.

Please note that all transactions conducted by UBS are consistent with sanctions imposed by Switzerland, the European Union, the United Nations, the United Kingdom and the United States, in accordance with UBS's global sanctions policy. UBS's opinions as to future investment worthiness assume no new sanctions are imposed.

US persons are prohibited from purchasing or selling securities of certain companies designated as associated with the Chinese Military in accordance with amended US Presidential Executive Order 13959.

United Kingdom: Distributed by UBS AG, London Branch to eligible counterparties or professional clients. UBS AG, London Branch is authorised by the Prudential Regulation Authority ("PRA") and subject to regulation by the Financial Conduct Authority (FCA) and limited regulation by the PRA. **Europe:** Except as otherwise specified, distributed by UBS Europe SE, a subsidiary of UBS AG, to eligible counterparties or professional clients (as defined under the Bundesanstalt fur Finanzdienstleistungsaufsicht ("BaFin") Rules and MIFID II) and are available only to such persons. The information in this document does not apply to, and should not be relied on by, retail clients. UBS Europe SE is authorised by the European Central Bank ("ECB") and regulated by BaFin and the ECB. **Germany, Luxembourg, the Netherlands, Belgium and Ireland:** Where an analyst of UBS Europe SE has contributed to this document, it is also deemed to have been prepared by UBS Europe SE. In all cases, it is distributed by UBS Europe SE and UBS AG, London Branch. **Turkey:** Distributed by UBS AG, London Branch. No information in this document is provided for offering, marketing or sale by any means of any capital market instruments or services in the Republic of Turkey. Therefore, this document may not be considered an offer made or to be made to residents of the Republic of Turkey. UBS AG, London Branch is not licensed by the Turkish Capital Market Board under the Capital Market Law (Law No. 6362). Accordingly, neither this document nor any other offering material related to the instruments/services may be used in connection with providing capital market services to persons within the Republic of Turkey without the prior approval of the Capital Market Board. However, under article 15(d)(ii) of Decree No. 32, there is no restriction on the purchase or sale of securities abroad by residents of the Republic of Turkey. **Poland:** Distributed by UBS Europe SE (spolka z ograniczona odpowiedzialnoscia) Oddzial w Polsce ("UBS Poland"). Where an analyst of UBS Poland has contributed to this document, the document is also deemed to have been prepared by UBS Poland. **Russia:** Prepared and distributed by UBS Bank (OOO). It should not be construed as an individual Investment Recommendation for the purposes of articles 6.1 and 6.2 of Russian Federal Law No. 39-FZ "On the Securities Market". **Switzerland:** Distributed by UBS AG to institutional investors only. UBS AG is regulated by the Swiss Financial Market Supervisory Authority (FINMA). **Italy:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Italy Branch. Where an analyst of UBS Europe SE, Italy Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Italy Branch. **France:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, France Branch. Where an analyst of UBS Europe SE, France Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, France Branch. **Spain:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Spain Branch. Where an analyst of UBS Europe SE, Spain Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Spain Branch. **Sweden:** Prepared by UBS Europe SE and distributed by UBS Europe SE and UBS Europe SE, Sweden Branch. Where an analyst of UBS Europe SE, Sweden Branch has contributed to this document, it is also deemed to have been prepared by UBS Europe SE, Sweden Branch. **South Africa:** Distributed by UBS South Africa (Pty) Limited (Registration No. 1995/011140/07), an authorised user of the JSE and an authorised Financial Services Provider (FSP 7328). **Saudi Arabia:** This document has been issued by UBS AG (and/or any of its subsidiaries, branches or affiliates), a public company limited by shares, incorporated in Switzerland with its registered offices at Aeschenvorstadt 1, CH-4051 Basel and Bahnhofstrasse 45, CH-8001 Zurich. This publication has been approved by UBS Saudi Arabia (a subsidiary of UBS AG), a Saudi closed joint stock company incorporated in the Kingdom of Saudi Arabia under commercial register number 1010257812 having its registered office at Tatweer Towers, P.O. Box 75724, Riyadh 11588, Kingdom of Saudi Arabia. UBS Saudi Arabia is authorized and regulated by the Capital Market Authority to conduct securities business under license number 08113-37. **UAE / Dubai:** Information distributed by UBS AG Dubai Branch is only intended for Professional Clients and/or Market Counterparties as classified under the DFSA rulebook. No other person should act on this document/communication. The information is not for further distribution within the United Arab Emirates. UBS AG Dubai Branch is regulated by the DFSA in the DIFC. UBS is not licensed to provide banking services in the UAE, nor by the UAE Securities and Commodities Authority. **Israel:** This document is distributed by UBS AG, London Branch. UBS Securities Israel Ltd is a licensed Investment Marketer supervised by the Israel Securities Authority (ISA). UBS AG, London Branch and its affiliates incorporated outside Israel are not licensed under the Israeli Advisory Law. UBS may engage among others in issuance of Financial Assets or distribution of Financial Assets of other issuers for fees or other benefits. UBS AG, London Branch and its affiliates may prefer various Financial Assets to which they have or may have an Affiliation (as defined under the Israeli Advisory Law). Nothing in this document should be considered investment advice under the Israeli Advisory Law. This document is only issued to and/or directed at persons who are Eligible Clients (within the meaning of the Israeli Advisory Law), and must not be furnished to, relied on or acted upon by any other person. **United States:** Distributed to US persons by UBS Securities LLC or UBS Financial Services Inc., subsidiaries of UBS AG, or by a group, subsidiary or affiliate of UBS AG not registered as a US broker-dealer (a "non-US affiliate") to major US institutional investors only. UBS Securities LLC or UBS Financial Services Inc. accepts responsibility for the content of a report prepared by another non-US affiliate when distributed to US persons by UBS Securities LLC or UBS Financial Services Inc. All transactions by a US person in the securities mentioned in this document must be effected through UBS Securities LLC or UBS Financial Services Inc., and not through a non-US affiliate. UBS Securities LLC is not acting as a municipal advisor to any municipal entity or obligated person within the meaning of Section 15B of the Securities Exchange Act (the "Municipal Advisor Rule"), and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of that rule. **Canada:** Distributed by UBS Securities Canada Inc., a registered investment dealer in Canada and a Member-Canadian Investor Protection Fund, or by another affiliate of UBS AG registered to conduct business in Canada or otherwise exempt from registration. **Brazil:** Except as otherwise specified herein, this document is prepared by UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A. ("UBS BB CCTVM") for eligible investors residing in Brazil who are considered Professional Investors (Investidores Profissionais) under applicable regulation, primarily CVM Resolution No. 30 of 11 May 2021 (which determines the duty to verify the suitability of products, services and transactions to the client's profile). UBS BB CCTVM is a subsidiary of UBS BB Servicos de Assessoria Financeira e Participacoes S.A. ("UBS BB"). UBS BB is an association between UBS AG and Banco do Brasil (through its subsidiary BB Banco de Investimentos S.A.), of which UBS AG is the majority owner, and provides investment banking services and coverage in Brazil, Argentina, Chile, Paraguay, Peru and Uruguay. UBS BB CCTVM is regulated by the Comissao de Valores Mobiliarios (CVM) and the Central Bank of Brazil. Ombudsman: 0800-940-0266 / https://www.ubs.com/br/pt/ubsbb-investment-bank/ombudsman.html**Hong Kong:** Distributed by UBS Securities Asia Limited. Please contact local licensed persons of UBS Securities Asia Limited in respect of any matters arising from, or in connection with, the analysis or document. **Singapore:** Distributed by UBS Securities Pte. Ltd. (Co. Reg. No.: 198500648C] or UBS AG, Singapore Branch. Please contact UBS Securities Pte. Ltd., an exempt

financial adviser under the Singapore Financial Advisers Act (Cap. 110), or UBS AG, Singapore Branch, an exempt financial adviser under the Singapore Financial Advisers Act (Cap. 110) and a wholesale bank licensed under the Singapore Banking Act (Cap. 19) and regulated by the Monetary Authority of Singapore, regarding any matters arising from, or in connection with, the analysis or document. Recipients of this document represent and warrant that they are accredited and institutional investors as defined in the Securities and Futures Act (Cap. 289). **Japan:** Distributed by UBS Securities Japan Co., Ltd. to professional investors (except as otherwise permitted). Where this document has been prepared by UBS Securities Japan Co., Ltd., UBS Securities Japan Co., Ltd. is the author, publisher and distributor of the document. Distributed by UBS AG, Tokyo Branch to professional investors (except as otherwise permitted) in relation to foreign exchange and other banking businesses, where relevant. **Australia:** Recipients through a superannuation fund: Distributed by UBS AG, Australia Branch (ABN 47 088 129 613 and holder of Australian Financial Service Licence No. 231087). For all other recipients: Distributed by UBS Securities Australia Limited (ABN 62 008 586 481 and holder of Australian Financial Services Licence No. 231098). This document contains general information and/or general advice only and does not constitute personal financial product advice. As such, the Information in this document has been prepared without taking into account any investor's objectives, financial situation or needs, and investors should, before acting on the Information, consider the appropriateness of the Information, having regard to their objectives, financial situation and needs. If the Information contained in this document relates to the acquisition, or potential acquisition of a particular financial product by a 'Retail' client as defined by section 761G of the Corporations Act 2001 where a Product Disclosure Statement would be required, the retail client should obtain and consider the Product Disclosure Statement relating to the product before making any decision about whether to acquire the product. **New Zealand:** Distributed by UBS New Zealand Ltd. UBS New Zealand Ltd is not a registered bank in New Zealand. You are being provided with this document because you have indicated to UBS that you are a "wholesale client" within the meaning of clause 4 of schedule 5 of the Financial Markets Conduct Act 2013 of New Zealand ("Permitted Client"). This document is not intended for clients who are not Permitted Clients ("non-Permitted Clients"). If you are a non-Permitted Client, you must not rely on this document. If, despite this warning, you nevertheless rely on it, you hereby: (i) acknowledge that you may not rely on its content and that any recommendations or opinions in it are not made or provided to you; and (ii) to the maximum extent permitted by law, (a) indemnify UBS and its associates or related entities (and their respective directors, officers, agents and advisors) (each a "Relevant Person") for any loss, damage, liability or claim any of them may incur or suffer as a result of, or in connection with, your unauthorised reliance on this document, and (b) waive any rights or remedies you may have against any Relevant Person for any loss, damage, liability or claim you may incur or suffer as a result of, or in connection with, your unauthorised reliance on this publication or document. **Korea:** Distributed in Korea by UBS Securities Pte. Ltd., Seoul Branch. This document may from time to time have been edited or contributed to by affiliates of UBS Securities Pte. Ltd., Seoul Branch. This document is intended for professional/institutional clients only and not for distribution to any retail clients. **Malaysia:** This document is authorized for distribution in Malaysia by UBS Securities Malaysia Sdn. Bhd (Capital Markets Services License No.: CMSL/A0063/2007). This document is intended for professional/institutional clients only and not for distribution to any retail clients. **India:** Distributed by UBS Securities India Private Ltd. Risk information:

You agree that you shall not copy, revise, amend, create a derivative work, provide to any third party, or in any way commercially exploit any UBS research, and that you shall not extract data from any research or estimates, without the prior written consent of UBS.

This document is for distribution only as may be permitted by law. It is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation or would subject UBS to any registration or licensing requirement within such jurisdiction.

This document is **for your information only**; it is not an advertisement nor is it a solicitation or an offer to buy or sell any financial instruments or to participate in any particular trading strategy. Nothing in this document constitutes a representation that any investment strategy or recommendation is suitable or appropriate to an investor's individual circumstances or otherwise constitutes a personal recommendation. By providing this document, none of UBS or its representatives has any responsibility or authority to provide or have provided investment advice in a fiduciary capacity or otherwise. Investments involve risks, and investors should exercise prudence and their own judgment in making their investment decisions. None of UBS or its representatives is suggesting that the recipient or any other person take a specific course of action or any action at all. By receiving this document, the recipient acknowledges and agrees with the intended purpose described above and further disclaims any expectation or belief that the information constitutes investment advice to the recipient or otherwise purports to meet the investment objectives of the recipient. The financial instruments described in the document may not be eligible for sale in all jurisdictions or to certain categories of investors.

Options, derivative products and futures are not suitable for all investors, and trading in these instruments is considered risky. Mortgage and asset-backed securities may involve a high degree of risk and may be highly volatile in response to fluctuations in interest rates or other market conditions. Foreign currency rates of exchange may adversely affect the value, price or income of any security or related instrument referred to in the document. For investment advice, trade execution or other enquiries, clients should contact their local sales representative.

The value of any investment or income may go down as well as up, and investors may not get back the full (or any) amount invested. Past performance is not necessarily a guide to future performance. Neither UBS nor any of its directors, employees or agents accepts any liability for any loss (including investment loss) or damage arising out of the use of all or any of the information (as defined below).

Prior to making any investment or financial decisions, any recipient of this document or the information should take steps to understand the risk and return of the investment and seek individualized advice from his or her personal financial, legal, tax and other professional advisors that takes into account all the particular facts and circumstances of his or her investment objectives.

Any prices stated in this document are for information purposes only and do not represent valuations for individual securities or other financial instruments. There is no representation that any transaction can or could have been effected at those prices, and any prices do not necessarily reflect UBS's internal books and records or theoretical

model-based valuations and may be based on certain assumptions. Different assumptions by UBS or any other source may yield substantially different results.

No representation or warranty, either expressed or implied, is provided in relation to the accuracy, completeness or reliability of the information contained in any materials to which this document relates (the "Information"), except with respect to Information concerning UBS. The Information is not intended to be a complete statement or summary of the securities, markets or developments referred to in the document. UBS does not undertake to update or keep current the Information. Any opinions expressed in this document may change without notice and may differ or be contrary to opinions expressed by other business areas or groups, personnel or other representative of UBS. Any statements contained in this report attributed to a third party represent UBS's interpretation of the data, information and/or opinions provided by that third party either publicly or through a subscription service, and such use and interpretation have not been reviewed by the third party. In no circumstances may this document or any of the Information (including any forecast, value, index or other calculated amount ("Values")) be used for any of the following purposes: (i) valuation or accounting purposes; (ii) to determine the amounts due or payable, the price or the value of any financial instrument or financial contract; or (iii) to measure the performance of any financial instrument including, without limitation, for the purpose of tracking the return or performance of any Value or of defining the asset allocation of portfolio or of computing performance fees.

By receiving this document and the Information you will be deemed to represent and warrant to UBS that you will not use this document or any of the Information for any of the above purposes or otherwise rely upon this document or any of the Information.

UBS has policies and procedures, which include, without limitation, independence policies and permanent information barriers, that are intended, and upon which UBS relies, to manage potential conflicts of interest and control the flow of information within divisions of UBS (including between Global Wealth Management and UBS Global Research) and among its subsidiaries, branches and affiliates. For further information on the ways in which UBS manages conflicts and maintains independence of its research products, historical performance information and certain additional disclosures concerning UBS research recommendations, please visit https://www.ubs.com/research-methodology.

Research will initiate, update and cease coverage solely at the discretion of research management, which will also have sole discretion on the timing and frequency of any published research product. The analysis contained in this document is based on numerous assumptions. Different assumptions could result in materially different results.

The analyst(s) responsible for the preparation of this document may interact with trading desk personnel, sales personnel and other parties for the purpose of gathering, applying and interpreting market information. UBS relies on information barriers to control the flow of information contained in one or more areas within UBS into other areas, units, groups or affiliates of UBS. The compensation of the analyst who prepared this document is determined exclusively by research management and senior management (not including investment banking). Analyst compensation is not based on investment banking revenues; however, compensation may relate to the revenues of UBS and/or its divisions as a whole, of which investment banking, sales and trading are a part, and UBS's subsidiaries, branches and affiliates as a whole.

For financial instruments admitted to trading on an EU regulated market: UBS AG, its affiliates or subsidiaries (excluding UBS Securities LLC) acts as a market maker or liquidity provider (in accordance with the interpretation of these terms in the UK) in the financial instruments of the issuer save that where the activity of liquidity provider is carried out in accordance with the definition given to it by the laws and regulations of any other EU jurisdictions, such information is separately disclosed in this document. For financial instruments admitted to trading on a non-EU regulated market: UBS may act as a market maker save that where this activity is carried out in the US in accordance with the definition given to it by the relevant laws and regulations, such activity will be specifically disclosed in this document. UBS may have issued a warrant the value of which is based on one or more of the financial instruments referred to in the document. UBS and its affiliates and employees may have long or short positions, trade as principal and buy and sell in instruments or derivatives identified herein; such transactions or positions may be inconsistent with the opinions expressed in this document.

Options and futures are not suitable for all investors, and trading in these instruments is considered risky and may be appropriate only for sophisticated investors. Prior to buying or selling an option, and for the complete risks relating to options, you must receive a copy of "Characteristics and Risks of Standardized Options". You may read the document at https://www.theocc.com/about/publications/character-risks.jsp or ask your financial advisor for a copy.

Investing in structured investments involves significant risks. For a detailed discussion of the risks involved in investing in any particular structured investment, you must read the relevant offering materials for that investment. Structured investments are unsecured obligations of a particular issuer with returns linked to the performance of an underlying asset. Depending on the terms of the investment, investors could lose all or a substantial portion of their investment based on the performance of the underlying asset. Investors could also lose their entire investment if the issuer becomes insolvent. UBS does not guarantee in any way the obligations or the financial condition of any issuer or the accuracy of any financial information provided by any issuer. Structured investments are not traditional investments and investing in a structured investment is not equivalent to investing directly in the underlying asset. Structured investments may have limited or no liquidity, and investors should be prepared to hold their investment to maturity. The return of structured investments may be limited by a maximum gain, participation rate or other feature. Structured investments may include call features and, if a structured investment is called early, investors would not earn any further return and may not be able to reinvest in similar investments with similar terms. Structured investments include costs and fees which are generally embedded in the price of the investment. The tax treatment of a structured investment may be complex and may differ from a direct investment in the underlying asset. UBS and its employees do not provide tax advice. Investors should consult their own tax advisor about their own tax situation before investing in any securities.

Important Information About Sustainable Investing Strategies: This terminology refers to definitions in the UBS Sustainable Investing Framework and does not refer or relate to any product specific regulatory labelling regime or naming conventions. Sustainable investing strategies aim to consider and incorporate environmental, social and governance (ESG) factors into investment process and portfolio construction. Strategies across geographies approach ESG analysis and incorporate the findings in a variety of ways. Incorporating ESG factors or sustainable investing considerations may inhibit the portfolio manager's ability to participate in certain investment opportunities that otherwise would be consistent with its investment objective and other principal investment strategies. The returns on a portfolio incorporating ESG factors or sustainable investing considerations may be lower or higher than portfolios where ESG factors, exclusions, or other sustainability issues are not considered by the portfolio manager, and the investment opportunities available to such portfolios may differ.

Within the past 12 months UBS Switzerland AG, its affiliates or subsidiaries may have received or provided investment services and activities or ancillary services as per MiFID II which may have given rise to a payment or promise of a payment in relation to these services from or to this company.

Disclosures: If you require detailed information on disclosures of interest or conflict of interest as required by Market Abuse Regulation please contact the mailbox MAR_disclosure_twopager@ubs.com. Please note that e-mail communication is unsecured.

External Asset Managers / External Financial Consultants: In case this research or publication is provided to an External Asset Manager or an External Financial Consultant, UBS expressly prohibits that it is redistributed by the External Asset Manager or the External Financial Consultant and is made available to their clients and/or third parties.

Argentina: All securities that will be offered to you by UBS are not authorized by the Argentine Securities and Exchange Commission (CNV) and are not subject to its reporting, periodic information requirements, or oversight. Furthermore, the CNV has not reviewed or endorsed the information provided in any securities offering document, nor the accuracy of any accounting, financial, economic data, or any other information disclosed therein, which remains the sole responsibility of the respective issuer and the other parties involved. **Australia:** This document is provided by UBS Switzerland AG. UBS Switzerland AG does not hold an Australian Financial Services Licence (AFSL) and relies on an exemption to provide financial services to persons in Australia. This document is intended only for distribution to wholesale clients under the Corporations Act 2001 (Cth). UBS Switzerland AG is a related body corporate of UBS AG, Australia Branch and UBS Securities Australia Limited. This document may be distributed to clients by those entities, but it is provided by UBS Switzerland AG and is not provided under any of the other entities' AFSL. The information in this document is general in nature and is not intended to address the objectives, financial situation or needs of any particular individual or entity. Each recipient should consider their own objectives, financial situation or needs before acting on the advice and obtain the relevant Product Disclosure Statement (if required) before making any decision whether to acquire any product. In Australia, UBS entities, other than UBS AG, Australia Branch, are not authorized deposit-taking institutions for the purposes of the Banking Act 1959 (Cth.) and their obligations do not represent deposits or other liabilities of UBS AG, Australia Branch. UBS AG, Australia Branch does not guarantee or otherwise provide assurance in respect of the obligations of such UBS entities or the funds. An investor is exposed to investment risk including possible delays in repayment and loss of income and principal invested, as relevant. If you do not wish to receive marketing materials from UBS, please contact your UBS representative or the contact details listed in the Australia Privacy Notice: https://www.ubs.com/global/en/legal/privacy.html. Your personal data will be processed in accordance with this notice. **Bahrain**: This report is being distributed by UBS AG, Bahrain Branch, duly licensed and regulated by the Central Bank of Bahrain (CBB) as an Investment Business Firm - Category 2 (Branch). Related financial services or products are only made available to Accredited Investors, as defined by the CBB, and are not intended for any other persons. UBS AG, Bahrain Branch is a Foreign Branch of UBS AG, Zurich/Switzerland and is located on Level 21, East Tower, Bahrain World Trade Centre, Manama, Kingdom of Bahrain. **Brazil**: This report is distributed in Brazil by UBS BB Corretora de Câmbio, Títulos e Valores Mobiliários S.A. or its affiliates ("UBS"). Pursuant to CVM Resolution No. 20/2021, of February 25, 2021, the author(s) of the report hereby certify(ies) that the views expressed in this report solely and exclusively reflect their personal opinions and have been prepared independently, including with respect to UBS. Part of the author(s)'s compensation is based on various factors, including the total revenues of the relevant UBS Group entity of which they are in employment of, but no part of the compensation has been, is, or will be related to the specific recommendations or views expressed in this report. In addition, UBS declares that: UBS has provided, and/or may in the future provide investment banking, brokerage, asset management, commercial banking and other financial services to the subject company/companies or its affiliates, for which they have received or may receive customary fees and commissions, and which constituted or may constitute relevant financial or commercial interests in relation to the subject company/companies or the subject securities. **Canada**: This publication is for your information only and is not intended as an offer, or a solicitation of an offer, to buy or sell any investment or other specific product. Although all information and opinions expressed in this publication were obtained from sources believed to be reliable and in good faith, no representation or warranty, express or implied, is made as to its accuracy or

completeness. All information and opinions as well as any figures indicated herein are subject to change without notice. At any time, UBS AG ("UBS") and other companies in the UBS group (or employees thereof) may have a long or short position, or deal as principal or agent, in relevant securities or provide advisory or other services to the issuer of relevant securities or to a company connected with an issuer. Some investments may not be readily realizable since the market in the securities is illiquid and therefore valuing the investment and identifying the risk to which you are exposed may be difficult to quantify. Past performance of investments is not a guarantee of future results, and the value of investments may fluctuate over time. There is no guarantee that investment objectives risk or return targets discussed in this publication will be received or attained. For clients and prospective clients of UBS Bank (Canada), please note that this publication has no regard to the specific investment objectives, financial situation or particular needs of any recipient. Neither UBS Bank (Canada) nor UBS Investment Management Canada Inc. is acting as an adviser or fiduciary to or for any recipient of this report unless otherwise agreed upon in writing. Not all products or services may be available at UBS Bank (Canada). Some products and services may be legally restricted for residents of certain countries. Should you have any questions, please contact UBS Bank (Canada) and ask to speak to a member of our Wealth Management Team. UBS Wealth Management is a registered trade-mark of UBS AG. UBS Bank (Canada) is a subsidiary of UBS AG. Investment advisory and portfolio management services are provided through UBS Investment Management Canada Inc., a wholly-owned subsidiary of UBS Bank (Canada). UBS Investment Management Canada Inc. is a registered portfolio manager and exempt market dealer in all the provinces with the exception of P.E.I. and the territories. This publication may not be reproduced, or copies circulated without prior authority of UBS Bank (Canada). **China**: This report and any offering material such as term sheet, research report, other product or service documentation or any other information (the "Material") sent with this report was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the material erroneously, UBS asks that you kindly delete it and inform UBS immediately. This report is prepared by UBS Switzerland AG or its offshore subsidiary or affiliate (collectively as "UBS Offshore"). UBS Offshore is an entity incorporated out of China and is not licensed, supervised or regulated in China to carry out banking or securities business. The recipient should not contact the analysts or UBS Offshore which produced this report for advice as they are not licensed to provide securities investment advice in China. UBS Investment Bank (including Research) has its own wholly independent research and views which at times may vary from the views of UBS Global Wealth Management. The recipient should not use this document or otherwise rely on any of the information contained in this report in making investment decisions and UBS takes no responsibility in this regard. **Denmark**: This publication is not intended to constitute a public offer under Danish law. It is distributed only for information purposes to clients of UBS Europe SE, Denmark Branch, filial af UBS Europe SE, with place of business at Sankt Annae Plads 13, 1250 Copenhagen, Denmark, registered with the Danish Commerce and Companies Agency, under No. 38 17 24 33. UBS Europe SE, Denmark Branch, filial af UBS Europe SE is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Danish Financial Supervisory Authority (Finanstilsynet), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Egypt**: Securities or other investment products are not being offered or sold by UBS to the public in Egypt and they have not been and will not be registered with the Egyptian Financial Regulatory Authority (FRA). **France**: This publication is not intended to constitute a public offer under French law, it does not constitute a personal recommendation as it is distributed only for information purposes to clients of UBS Europe SE Succursale de France (a branch of UBS Europe SE), having its registered office at 39, rue du Colisée, 75008 Paris, France, registered with the "Registre du Commerce et des Sociétés" of Paris under N°844 425 629. UBS Europe SE Succursale de France is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the French "Autorité de contrôle prudentiel et de résolution" and "Autorité des marchés financiers", to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Germany**: This publication is not intended to constitute a public offer under German law. It is distributed only for information purposes to clients of UBS Europe SE, Germany, with place of business at Bockenheimer Landstrasse 2-4, 60306 Frankfurt am Main. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin") and supervised jointly by the European Central Bank, the German Central Bank (Deutsche Bundesbank) and BaFin, to which this publication has not been submitted for approval. **Hong Kong SAR**: This publication is distributed to clients of UBS AG Hong Kong Branch by UBS AG Hong Kong Branch, a licensed bank under the Hong Kong Banking Ordinance and a registered institution under the Securities and Futures Ordinance. UBS AG Hong Kong Branch is incorporated in Switzerland with limited liability. The contents of this material have not been reviewed by any regulatory authority in Hong Kong. **Indonesia**: This communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including futures contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Israel**: UBS is a premier global financial firm offering wealth management, asset management and investment banking services from its headquarters in Switzerland and its operations in over 50 countries worldwide to individual, corporate and institutional investors. This publication is intended for information only and is not intended as an offer to buy or solicitation of an offer. Furthermore, this publication is not intended as an investment advice. Nothing contrary to the above, no action has been, or will be, taken in Israel that would permit an offering of the product(s) mentioned in this document or a distribution of this document to the public in Israel. In particular, this document has not been reviewed or approved by the Israeli Securities Authority. The product(s) mentioned in this document is/are being offered to a limited number of sophisticated investors who qualify as one of the investors listed in the first supplement to the Israeli Securities Law, 5728-1968. This document may not be reproduced or used for any other purpose, nor be furnished to any other person other than those to whom copies have been sent. Anyone who purchases the product(s) mentioned herein shall do so for its own benefit and for its own account and not with the aim or intention of distributing or offering the product(s) to other parties. Anyone who purchases the product(s) shall do so in accordance with its own understanding and discretion and after it has received any relevant financial, legal, business, tax or other advice or opinion required by it in connection with such purchase(s). The word "advice" and/or any of its equivalent terms shall be read and construed in conjunction with the definition of the term "investment marketing" as defined under the Israeli Regulation of Investment Advice, Investment Marketing and Portfolio Management Law. The Swiss laws and regulations require a number of mandatory disclosures to be made in independent financial research reports or recommendations. Pursuant to the Swiss Financial Market Infrastructure Act and the Financial Market Infrastructure Ordinance-FINMA, banks must disclose the percentage of voting rights they hold in companies being researched, if these holdings are equal to or exceed the statutory thresholds. In addition, the Directives on the Independence of Financial Research, issued by the Swiss Bankers Association, mandate a number of disclosures, including the disclosure of potential conflicts of interest, the participation within previous 12 months in any securities issues on behalf of the company being researched, as well as the fact that remuneration paid to the financial analysts is based generally upon the performance of (i) the new issues department or investment banking; or (ii) securities trading performance (including proprietary trading) or sales. **Italy**: This publication is not intended to constitute a public offer under Italian law. It is distributed only for information purposes to clients of UBS Europe SE, Succursale Italia, with place of business at Via del Vecchio Politecnico, 3-20121 Milano. UBS Europe SE, Succursale Italia is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Bank of Italy (Banca d'Italia) and the Italian Financial Markets Supervisory Authority (CONSOB - Commissione Nazionale per le Società e la Borsa), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Japan**: This report is solely distributed in Japan by UBS SuMi TRUST Wealth Management Co., Ltd, Financial Instruments Dealer, Director-General of Kanto Local Finance Bureau (Kinsho) No. 3233, a member of the Japan Securities Dealers Association, Financial Futures Association of Japan, Investment Management Association of Japan. UBS SuMi TRUST Wealth Management Co., Ltd will not distribute or forward this report outside Japan. **Jersey**: UBS AG, Jersey Branch, is regulated and authorized by the Jersey Financial Services Commission for the conduct of banking, funds and investment business. Where services are provided from outside Jersey, they will not be covered by the Jersey regulatory regime. UBS AG, Jersey Branch is a branch of UBS AG a public company limited by shares, incorporated in Switzerland whose registered offices are at Aeschenvorstadt 1, CH-4051 Basel and Bahnhofstrasse 45, CH 8001 Zurich. UBS AG, Jersey Branch's principal place of business is 1, IFC Jersey, St Helier, Jersey, JE2 3BX. **Luxembourg**: This publication is not intended to constitute a public offer under Luxembourg law. It is distributed only for information purposes to clients of UBS Europe SE, Luxembourg Branch ("UBS Luxembourg"), R.C.S. Luxembourg n° B209123, with registered office at 33A, Avenue J. F. Kennedy, L-1855 Luxembourg. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea (HRB n° 107046), with registered office at Bockenheimer Landstrasse 2-4, D-60306 Frankfurt am Main, Germany, duly authorized by the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin") and subject to the joint prudential supervision of BaFin, the European Central Bank and the central bank of Germany (Deutsche Bundesbank). UBS Luxembourg is furthermore supervised by the Luxembourg prudential supervisory authority (Commission de Surveillance du Secteur Financier), in its role as host member state authority. This publication has not been submitted for approval to any public supervisory authority. **Malaysia**: This communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant

investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Mexico**: This information is distributed by UBS Asesores México, S.A. de C.V. ("UBS Asesores"), an affiliate of UBS Switzerland AG, incorporated as a non-independent investment advisor under the Mexican regulation due to the relation with a Foreign Bank. UBS Asesores is registered under number 30060-001-(14115)-21/06/2016 and subject to the supervision of the Mexican Banking and Securities Commission ("CNBV") exclusively regarding the rendering of (i) portfolio management services, (ii) securities investment advisory services, analysis and issuance of individual investment recommendations, and (iii) anti-money laundering and terrorism financing matters. This UBS publication or any material related thereto is addressed only to Sophisticated or Institutional Investors located in Mexico. Research reports only reflect the views of the analysts responsible for the report. The compensation of the analyst(s) who prepared this report is determined exclusively by research management and senior management of any entity of UBS Group to which such analyst(s) render(s) services. **Monaco**: This document is not intended to constitute a public offering or a comparable solicitation under the Principality of Monaco laws, but might be made available for information purposes to clients of UBS (Monaco) S.A., a regulated bank having its registered office at 2 avenue de Grande Bretagne 98000 Monaco operating under a banking license granted by the "Autorité de Contrôle Prudentiel et de Résolution" (ACPR) and the Monegasque government which authorizes the provision of banking services in Monaco. UBS (Monaco) S.A. is also licensed by the "Commission de Contrôle des Activités Financières" (CCAF) to provide investment services in Monaco. The latter has not approved this publication. **Philippines:** This communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved, endorsed, registered or filed with any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or derivatives products). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or derivatives products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Portugal**: This publication is not intended to constitute a public offer under Portuguese law. It is distributed only for information purposes by UBS Europe SE, Sucursal em Portugal (UBS Portugal), Commercial Register of Lisbon (Conservatoria do Registo comercial de Lisboa) no. 980492491, with registered office at Avenida da Liberdade, n. 0 180-A, 8.0 andar, 1250-146 Lisboa. UBS Portugal is a branch of UBS Europe SE, a credit institution constituted under German law in the form of a Societas Europaea (HRB n° 107046), with registered office at Bockenheimer Landstrasse 2-4, D-60306 Frankfurt am Main, Germany, duly authorized by the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht – "BaFin") and subject to the joint prudential supervision of BaFin, the central bank of Germany (Deutsche Bundesbank) and the European Central Bank. UBS Portugal is furthermore supervised by the Portuguese banking and financial authorities as the "Banco de Portugal" and the "Comissão do Mercado dos Valores Mobiliários" in their role as host member state authority. This publication has not been submitted for approval to any public supervisory authority. **Qatar**: UBS Qatar LLC is licensed by the Qatar Financial Centre Authority and authorized by the QFC Regulatory Authority, with QFC no. 01169, and has its registered office at Lusail - Qatar, 14th Floor, Office No. 5 and 6, Building No. 157, Burj Alfardan, Al Majdami. This material is strictly intended for Eligible Counterparties and/or Business Customers only as classified under the QFCRA's Customer and Investor Protection Rules 2019. No other person should act upon this material. **Russia**: This document or information contained therein is for information purposes only and constitutes neither a public nor a private offering, is not an invitation to make offers, to sell, exchange or otherwise transfer any financial instruments in the Russian Federation to or for the benefit of any Russian person or entity and does not constitute an advertisement or offering of securities in the Russian Federation within the meaning of Russian securities laws. The information contained herein is not an "individual investment recommendation" as defined in Federal Law of 22 April 1996 No 39-FZ "On Securities Market" (as amended) and the financial instruments and operations specified herein may not be suitable for your investment profile or your investment goals or expectations. The determination of whether or not such financial instruments and operations are in your interests or are suitable for your investment goals, investment horizon or the acceptable risk level is your responsibility. We assume no liability for any losses connected with making any such operations or investing into any such financial instruments and we do not recommend to use such information as the only source of information for making an investment decision. **Saudi Arabia**: This material is for marketing and information purposes by UBS Saudi Arabia only. It has been distributed by UBS Saudi Arabia or reviewed and approved by UBS Saudi Arabia if it was issued by UBS Switzerland AG, by UBS AG, or any of its subsidiaries or branches. UBS Switzerland AG is a public company limited by shares, incorporated in Switzerland with its registered offices at Bahnhofstrasse 45, CH-8001 Zurich. UBS Saudi Arabia (a subsidiary of UBS AG) is a Saudi closed joint stock company incorporated in the Kingdom of Saudi Arabia with a paid capital of 110,000,000 Saudi Riyals under commercial register number 1010257812 having its registered office at Laysen Valley, P.O. Box 75724, Riyadh 11588, Kingdom of Saudi Arabia. UBS Saudi Arabia is authorized and regulated by the Capital Market Authority to conduct securities business under license number 08113-37. This document is distributed only under such circumstances as may be permitted by applicable laws and regulations. The information and – if any - opinions contained in this document have been compiled or arrived at based upon information obtained from sources believed to be reliable and in good faith, but is not guaranteed as being accurate, nor is it a complete statement or summary of the securities, markets or developments referred to in the document. All such information and opinions are subject to changes without notice. Past performance of investments (whether simulated or actual) is not necessarily an indicator of future results. Forward looking data is based on estimates that are subject to changes. Should the currency of a financial product or service not match your reference currency, performance may rise or fall due to currency fluctuations. UBS Switzerland AG and / or other members of the UBS Group may have a position in and may make a purchase and/or sale of any of the securities or other financial instruments mentioned in this document While statements that constitute "forward-looking statements", including, but not limited to, statements relating to our future business development represent UBS judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. This document may not be forwarded, reproduced, redistributed or republished for any purpose without the written permission of UBS Saudi Arabia. Source for all data and charts (if not indicated otherwise) is UBS Switzerland AG. **Singapore**: Where applicable, this material is distributed in Singapore by UBS AG, Singapore Branch, which is licensed by the Monetary Authority of Singapore under the Banking Act 1970 to carry on banking business. UBS AG is incorporated in Switzerland with limited liability. UBS AG has a branch registered in Singapore (UEN S98FC5560C). This material has been prepared and issued for distribution in Singapore to institutional investors, accredited investors and expert investors (each as defined under the Financial Advisers Regulations (the "FAR")) only. By virtue of your status as an institutional investor, accredited investor, or expert investor, UBS AG is exempted from complying with certain requirements under the Financial Advisers Act 2001 (the "FAA"), the FAR and the relevant Notices and Guidelines issued thereunder, in respect of any financial advisory service which UBS AG may provide to you. These include exemptions from complying with: Section 34 of the FAA (pursuant to Regulation 33(1) of the FAR); Section 36 of the FAA (pursuant to Regulation 34(1) of the FAR); and Section 45 of the FAA (pursuant to Regulation 35(1) of the FAR). Singapore recipients and clients of UBS AG, Singapore Branch should contact UBS AG, Singapore Branch for any matters arising from, or in connection with, this material. Where applicable, this communication and any offering material term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication was done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. Should you have received the Material erroneously, UBS asks that you kindly delete/destroy the communication and Material and inform UBS immediately. The Material, where provided, was provided for your information only and is not to be further distributed in whole or in part in or into your jurisdiction without the consent of UBS. The Material may not have been reviewed, approved, disapproved or endorsed by any financial or regulatory authority in your jurisdiction. UBS has not, by virtue of the Material, made available, issued any invitation to subscribe for or to purchase any investment (including securities or products or futures contracts). The Material is neither an offer nor a solicitation to enter into any transaction or contract (including future contracts) nor is it an offer to buy or to sell any securities or products. The relevant investments will be subject to restrictions and obligations on transfer as set forth in the Material, and by receiving the Material you undertake to comply fully with such restrictions and obligations. You should carefully study and ensure that you understand and exercise due care and discretion in considering your investment objective, risk appetite and personal circumstances against the risk of the investment. You are advised to seek independent professional advice in case of doubt. Any and all advice provided on and/or trades executed by UBS pursuant to the Material will only have been provided upon your specific request or executed upon your specific instructions, as the case may be, and may be deemed as such by UBS and you. **Spain:** This report is distributed in Spain by UBS AG, Sucursal en España, authorized under number 1460 in the Register by the Banco de España. **Sweden**: This publication is not intended to constitute a public offer under Swedish law. It is distributed only for information purposes to clients of UBS Europe SE, Sweden Bankfilial, with place of business at Regeringsgatan 38, 11153 Stockholm, Sweden, registered with the Swedish Companies Registration Office under Reg. No 516406-1011. UBS Europe SE, Sweden Bankfilial is subject to the joint supervision of the European Central Bank, the German Central Bank (Deutsche Bundesbank), the German Federal Financial Services Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, "BaFin"), as well as of the Swedish supervisory authority (Finansinspektionen), to which this publication has not been submitted for approval. UBS Europe SE is a credit institution constituted under German law in the form of a Societas Europaea, duly authorized by BaFin. **Taiwan**: This material is provided by UBS AG, Taipei Branch in accordance with laws of Taiwan, in agreement with or at the request of clients/prospects. **Thailand**: This communication and any offering material, term sheet, research report, other product or service documentation or any other information (the "Material") sent with this communication were done so as a result of a request received by UBS from you and/or persons entitled to make the request on your behalf. 投資評價與建議

受惠CW Laser出貨量持續增加、新購顯影設備逐步進駐以及後段代工廠產能開出，預估稅後EPS為21.01/49.3/97.15元，考量NPO和CPO技術逐步成熟且聯亞具備多波長雷射領先技術，從2028年獲利評價，給予40倍本益比。

重點評論分析

矽光產品出貨增加，3Q26營收成長，主要客戶已下長期訂單，4Q26營收攀升：3Q26營收季增27.9%至15.6億元，係因矽光產品出貨增加，毛利率因營收規模擴大上升1.11ppts至58.6%，營業費用較2Q26增加約1,400萬元至1.43億元，主要來自研發費用以及隨獲利增加按比例提列之員工分紅費用，稅後EPS為6.12元。4Q26矽光產品需求持續強勁，主要客戶皆已開始下6個月以上的長期訂單，訂單能見度佳，隨公司本身與下游代工廠產能逐步開出，預期矽光產品出貨量逐季成長，預估4Q26營收季增23.5%至19.3億元，稅後EPS為7.19元。

設備與後段代工產能開出，2027和2028年總產量連續兩年皆年增150%：展望2027~2028年，1.6T矽光產品已量產，3.2T與NPO/CPO應用之更高功率矽光產品則和客戶持續合作開發和驗證中，針對特定客戶之資料中心200G PD已完成驗證且磊晶產能已規劃，預計未來數月將開始量產。目前E-Beam、奈米壓印技術與DUV深紫外光微影三種技術皆同步進行擴產，隨更多E-Beam投產，1Q27產能將明顯增加，奈米壓印設備預計於2026年底進廠。

投資風險

設備與後段產能開出進度不如預期。

營運概況

矽光產品出貨持續增加與後段產能開出，3Q26營收成長，主要客戶已下長期訂單，4Q26營收持續攀升：3Q26營收季增27.9%至15.6億元，係因矽光產品出貨量增加，毛利率因營收規模擴大上升1.11ppts至58.6%，營業利益為7.71億元，營業利益率為49.4%，營業費用較2Q26增加約1,400萬元至1.43億元，主要來自研發費用以及隨獲利增加按比例提列之員工分紅費用，折舊費用較2Q26增加160萬元至7,660萬元，稅後淨利為6.21億元，稅後EPS為6.12元。4Q26矽光產品需求持續強勁，主要客戶皆已開始下6個月以上的長期訂單，訂單能見度佳，隨公司本身與下游代工廠產能逐步開出，預期矽光產品出貨量逐季成長，預估4Q26營收季增23.5%至19.3億元，稅後EPS為7.19元。影響毛利率因素有三：整體營收與產出、匯率變化以及成本。管理層預期營收於接下來幾季將逐季成長，惟3Q26前半段台幣升值，隨後9月底台幣轉貶值，匯率變化對3Q26毛利率產生些許不利影響，加上更多人員召募以及設備折舊成本逐步反映，且產品訂價方面，聯亞僅維持賺取合理利潤，將無法持續大幅漲價，導致毛利率於接下來幾季成長幅度將趨緩。

設備與後段代工產能開出，2027 和 2028 年總產量連續兩年皆年增 150%：展望 2027~2028 年，聯亞 1.6T 矽光產品已經開始量產，3.2T 與 NPO/CPO 應用之更高功率矽光產品則和客戶持續合作開發和驗證中，另外過去受限產能，公司設備主要用於生產 LD，自 2027 年開始，針對特定客戶之資料中心 200G 以上規格之 PD 已完成驗證，並已規劃相對應磊晶產能，將於未來數月將開始量產，惟出貨量仍遠小於 LD。2026 年 8 月董事會決議與 1 美系資料中心客戶簽訂為期 4 年之長期供貨合約，為滿足該客戶之需求，公司追加約 30 億元資本支出，該資本支出購置之設備可帶動 2027 和 2028 年總產量連續兩年皆年增 150%，另外因應磷化銦基板缺料問題，聯亞目前與 2 家日本主要供應商與 1 家美國主要供應商達成未來數年的長期供貨合約，且美系客戶亦提供部分資金，協助確保後續大規模量產之基板供應無虞。因應產能不足，聯亞持續新增後段外包合作夥伴位，台灣地區增加數家大型集團作為合作夥伴，該集團在光通訊領域投入意願高，其資本支出承諾與實力遠高於早期合作夥伴，有助於與聯亞共同爭取國際 AI 訂單。曝光顯影製程方面，目前 E-Beam、奈米壓印技術與 DUV 深紫外光微影三種技術皆同步進行擴產，首部新購置之 E-Beam 設備已於 2026 年 7 月開始量產，帶動 7 月營收大幅躍升，隨更多 E-Beam 與 MOCVD 設備投產，1Q27 產能將有明顯增加且未來 8 個季度產能將逐步增加，奈米壓印設備預計於 2026 年底進場，DUV 深紫外光微影設備則於 2027 年以後加入生產。綜上所述，預估 2026/2027/2028 年營收年增 155%/130%/86%至 56.2/129.1/239.5 億元，稅後 EPS 為 21.01/49.3/97.15 元。

Goldman Sachs (Asia) L.L.C. Taipei Branch
FICC & Equities

Short week but busy for Taiwan in terms of earnings. Index is only down 1.8% WTD, though multiple large caps saw over 10% drawdown in this week alone. The elevated level in Taiwan vs other regional markets still attracted much short interest without much buying interest except from retail. Overall sentiment is not bearish, though investors have turned much more defensive and hiding in sectors such as Financials, Telecom, and TSMC.

For earnings, winners' momentum was short lived; instead of chasing into the beat, many chose to further profit take on the strength (Unimicron, EMC/TUC, Landmark on open right after their earnings). Companies that missed the results were definitely punished (i.e. Chroma, Delta, UMC). Echoing back to my previous note, range bound trade seems to be the safest way to stay afloat.

See below for my single stock takeaway:

Mediatek (2454 TT)

Financial Highlights:

- 3Q26 revenue reached NT$168.06bn (+10% QoQ and +18% YoY) with EPS at NT$17.5 (+15% QoQ and +11% YoY) vs cons. NT$15.95. GM came in at 46.3% (+11ppt QoQ and 18ppt YoY) vs cons. 46.2%.
- 3Q26 outperformance was mainly from stronger-than-expected customer demand and improved supply chain yield. First ASIC already started shipping since Sep'26.

Operational Outlook:

- Revenue outlook for 4Q26 is NT$210 - NT$222bn, translating to a 29% sequential growth. 2027 revenue growth will likely grow by high single digits yoy. GM will be around 45% with +/-1.5%, and OPM is expected to be at 26% +/-2%.
- ASIC chip sales for 2026 will be around US$2.5bn, higher than previous guidance, and it will reach US$16bn in 2027, around 20% of ASIC TAM and at the higher end of the company guidance. Next gen chip's tape out is on track and targeted to enter mass production in 1Q28.

Delta Electronics (2308 TT)

Financial Highlights:

- 3Q26 revenue reached NT$197.1bn (+8% QoQ / +31% YoY), while EPS registered at NT$9.05. GM declined to 34.1% (down 1.5ppt QoQ), impacted by a NT$3.9bn inventory write-down (~1.7% of revenue) mostly in Power Electronics.
- Operating profit rose +7% QoQ (+31% YoY) backed by operating leverage, keeping OPM resilient at 16.6% flat QoQ. Net profit was NT$23.5bn (-7% QoQ / +26% YoY) due to lower non-operating investment gains.

Operational Outlook:

- Management expects 4Q26 revenue to grow sequentially with gross margins unlikely to deteriorate, aided by inventory normalization and potential price adjustments to offset ~2% YTD material cost inflation.
- AI-related exposure approaches 50% of total revenue (liquid cooling at ~13%), and management remains confident in AI infrastructure demand through 2030 despite near-term bottlenecks.

Key Q&A:

- Inventory Write-down & Normalization: The NT$3.9bn write-down stemmed from component mismatches and slower customer ramp-ups of newer platforms (e.g., 18.5kW vs. 5.5kW platforms); management expects affected inventory to be progressively consumed by 1Q27.
- HVDC Adoption & Vicor Litigation: While 400V products saw partial shipments in 3Q26, 800V adoption is slower and primarily NVIDIA-driven. On the Vicor VPD patent dispute, management expects no near-term impact on customer relationships or shipments, with an initial ITC determination unlikely until 2027.

ASE Technology Holding (3711 TT)

Financial Highlights:

- 3Q26 consolidated revenue reached NT$244.16bn, with a GM of 22.1% and EPS of NT$5.84, all outperforming market expectations.
- ATM (Advanced Semiconductor Engineering, Test and Materials) GM hit 30.6%, breaking past previous structural highs; the company announced 30% as its baseline gross margin for the future.

Operational Outlook:

- 4Q26 consolidated revenue is projected to grow 6%–8% QoQ, with GM between 23.0%–24.0% and OPM between 14.5%–15.5%.
- CPO is set to enter mass production in 4Q26, with related revenue expected to contribute over US$500mn in 2027; the full-year LEAP revenue target has been revised upward to over US$4bn.

Key Q&A:

- Capex Upward Revision: Due to strong demand for LEAP and mainstream advanced packaging, full-year 2026 capex was raised from US$10.5bn to US$11.5bn (60% allocated to LEAP, 40% to mainstream packaging), with 2027 capex expected to be even higher.
- Capacity Bottlenecks & Expansion: Factory floor space is currently the primary constraint on near-term growth. The company is actively searching for and acquiring existing facilities to shorten setup timelines, prioritizing resource allocation toward packaging and wafer sort.

Elite Material (2383 TT)

Financial Highlights:

- Driven by strong demand, actual 3Q26 revenue grew 29% QoQ, comfortably beating prior conservative expectations.
- GM outperformed expectations, hitting 37.7% for the quarter.

Operational Outlook:

- 4Q26 revenue growth is conservatively estimated to be at least 15%–20% QoQ, with gross margins expanding further to 38.0%–39.5%.
- Proactive capacity expansion plans (targeting 15.25 million sheets/month by end-2030 vs. 5.85 million sheets/month currently) are still insufficient to support all signed Long-Term Agreements (LTAs) for the next 4 years, pointing to a severe supply-demand gap and zero oversupply risk.

Key Q&A:

- CCL Pricing & Substrate Expansion: EMC is executing its second round of high-end CCL (M7+) price hikes this year (5%–20% increases covering M7/M8 and M8+/M9 grades). Furthermore, it is rapidly expanding high-end ABF substrate core-layer CCL capacity from 300k sheets/month to at least 1.2 million sheets/month by end-2027, targeting commercial shipments starting in 4Q27.
- Competition & Market Share: While AI customers are qualifying second or third sources to secure supply chains, EMC maintains its long-term target of holding a 50% AI CCL market share, supported by best-in-class product quality and deep CSP/PCB collaboration.

Yageo Corporation (2327 TT)

Financial Highlights:

- 3Q26 revenue reached NT$49.53bn (+11.4% QoQ, +49.7% YoY), with a GM of 41% and EPS of NT$5.83.
- Free cash flow surged to NT$9.236 billion, while the net financial debt-to-EBITDA ratio dropped from 59% in 4Q25 to 24% in 3Q26, reflecting a continuously improving financial structure and robust cash generation.

Operational Outlook:

- 4Q26 revenue, GM, and OPM are all expected to edge up sequentially, defying typical seasonal flat-to-down trends for the fourth quarter.
- AI demand remains solid, with its contribution to total revenue expanding from 15% in 1Q26 and 16% in 2Q26 to approximately 20% in 3Q26.

Key Q&A:

- Capacity & Expansion Plans: Capacity utilization rates stood at 95% in 3Q26 and are expected to exceed 95% in 4Q26, surpassing the healthy range of 85%–90%. Total capacity for tantalum capacitors and MLCCs is planned to expand by 10%–15% in 2027, with portions coming online starting in the second quarter.
- Order Momentum & B/B Ratio: The overall book-to-bill (B/B) ratio in 3Q26 remained close to 2.0, with AI-related tantalum capacitors and MLCCs seeing particularly robust orders, while LTAs with core customers continue to underpin future shipments.

Nan Ya Plastics (1303 TT)

Financial Highlights:

- 3Q26 revenue rose to NT$95.6bn (+14.3% QoQ), with electronic materials expanding to 58.1% of total sales. Operating profit surged 61.2% QoQ to NT$18.31bn, of which electronic materials contributed 93.8%.
- EPS hit a record NT$4.90, bringing 9M26 EPS to a record NT$10.07, supported by electronic material profitability and investment income from Nanya Technology.

Operational Outlook:

- CCL has surpassed NYPCB as the segment's primary revenue driver (31% of electronic materials) with segment OPM scaling to 30.9% (up from 19.9% in 2Q26).
- Management guided for fiberglass fabrics and CCL price hikes to continue at a 5–10% MoM increase pace through early 2027, alongside a notable product mix shift toward M7/M8 in 1Q27.

Key Q&A:

- CCL Pricing and M-Series Mix: CCL and fiberglass-cloth pricing remains firm into early 2027 with monthly 5–10% increases. M-series products reached ~30% of CCL revenue in September, with management expecting further mix improvement toward M7/M8 as CSP projects lock in.
- Capacity Expansion and M10 Development: Monthly CCL capacity is projected to expand from 6.18m to 6.48m sheets by year-end. For M9/M10, Nan Ya is independently formulating hydrocarbon resins and fiberglass incorporating low-dielectric and quartz materials with solid sampling progress.

TUC (6274 TT)

Financial Highlights:

- 3Q26 financial results beat market consensus, reporting revenue of NT17.95bn, GM of 36.9%, operating margin of 31.0%, and EPS of NT$12.88, outperforming consensus estimates by 29% to 35%.
- The earnings beat was driven by continuous growth in high-end product revenue and a return to profitability for the Thailand plant, which successfully offset earlier first-half losses.

Operational Outlook:

- For 4Q26, high-end product pricing is initiating upward adjustments. With the Thailand plant adding another 100k sheets of capacity and all series of CCL seeing price hike opportunities (especially high-end M7/M8 catch-up price increases alongside tightening mid-to-low-end fiberglass cloth supply), product mix and profitability are set to improve further.
- ASIC AI servers are emerging as a core growth engine, alongside long-term opportunities from satellite and space data centers. TUC is adding several large ASIC customers (some already in sampling/board qualification stages) and expanding its customer base in 400G, 800G, and 1.6T switches.

Key Q&A / Detailed Highlights:

- ASIC & Switch Expansion: AI servers will serve as the primary growth driver, with multiple major ASIC clients entering the board-maker certification stage; meanwhile, existing 400G switch customers are rapidly accelerating 800G and 1.6T switch certifications, with some expecting 1.6T demand to outpace 800G by 2027.
- Satellite and PTFE Solutions: Space satellite PCBs utilizing M8+ materials are slated to begin contribution in 1H27, with long-term customer demand forecasts already extended through 2032. For PTFE, TUC boasts ~5–6 years of R&D foundation rather than being a newcomer, though external partnerships may be pursued to bypass special high-temperature press machine capacity limitations

Win Semiconductors (3105 TT)

Financial Highlights:

- 3Q26 revenue reached NT$5.86bn (+11.5% QoQ / +31% YoY) with capacity utilization improving to 75%. GM expanded significantly by 9.2ppts QoQ to an 18-quarter high of 37.4% (standalone GM reached 40.7%), while OPM rose to 24.2% and EPS reached NT$4.55.
- Margin expansion was primarily driven by a favorable product mix shift toward higher-margin Infrastructure and Optical products rather than utilization gains alone.

Operational Outlook:

- Management guided 4Q26 revenue for low-single-digit QoQ growth—beating normal smartphone seasonality—with gross margins sustaining in the high-30% range.
- Moving into FY27, photodetector (PD) production is expected to ramp materially, while CW Laser and EML are anticipated to contribute more meaningfully starting in FY28[cite: 388].

Key Q&A:

- Infrastructure and Satellite Growth: Infrastructure became WIN's largest revenue contributor at 35–40% in 3Q26, driven by LEO satellites, aerospace, and long-distance communications; demand is expected to stay robust into FY27.
- Optical and PD Production Timeline: Optical revenue rose QoQ on initial PD mass production; PD will see significantly higher full-year shipment volumes in FY27, while CW Laser and EML will generate limited initial revenue before a FY28 volume ramp.

Please feel free to reach out to your GS representative to discuss any ideas.

GSI is subject to the FCA and PRA rules and guidance, details of which can be found on the websites of the FCA and PRA at www.fca.org.uk and www.bankofengland.co.uk/pra.The FCA is located at 12 Endeavour Square, London E20 1JN, and the PRA is located at Bank of England, 20 Moorgate, London EC2R 6DA. GSBE is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism established between those Member States of the European Union whose official currency is the Euro, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank. Unless governing law permits otherwise, you must contact a Goldman Sachs entity in your home jurisdiction if you want to use our services in effecting a transaction in the securities mentioned in this material. This material is not for distribution to retail clients, as that term is defined under The European Union Markets in Financial Instruments Directive(2014/65/EU) (including as implemented in the United Kingdom), and any investments, including derivatives, mentioned in this material will not be made available by us to any such retail client.

Reproduction and Re-Distribution: Without our prior written consent, no part of this material may be (i) copied, photocopied or duplicated in any form by any means or (ii) redistributed. Notwithstanding anything herein to the contrary, and except as required to enable compliance with applicable securities law, you (and each of your employees, representatives and other agents) may disclose to any and all persons the U.S. federal income and state tax treatment and tax structure of the transaction and all materials of any kind (including tax opinions and other tax analyses) that are provided to you relating to such tax treatment and tax structure, without Goldman Sachs imposing any limitation of any kind.

Information Not for Further Dissemination: To the extent this communication contains Goldman Sachs' pricing information, such pricing information is proprietary and/or confidential and is provided solely for the internal use of the intended recipient(s). You are notified that any unauthorized use, dissemination, distribution or copying of this communication or its contents, including pricing information, in whole or in part, is strictly prohibited. Further, unless prohibited by local law, any use, review or acceptance of this information is subject to and manifests your agreement with Goldman Sachs to use such information only in accordance with the terms set forth above. Goldman Sachs has caused its proprietary information to be delivered to you in reliance upon such agreement.

Not a Valuation: Values herein are not customer valuations and should not be used in lieu of a customer valuation statement or account statement. These values may not reflect the value of the positions carried on the books and records of Goldman Sachs or its affiliates and should not be relied upon for the maintenance of your books and records or for any tax, accounting, legal or other purposes. The information provided herein does not supersede any customer statements, confirmations or other similar notifications.

Receipt of Orders: An order sent to Goldman Sachs by email or instant message is not deemed to be received by Goldman Sachs until a Goldman Sachs representative verifies the order details with a phone call to the client or acknowledges receipt of the order via email or instant message to the client. Goldman Sachs does not accept client orders sent via fax or voicemail systems.

Indicative Terms/Pricing Levels: This material may contain indicative terms only, including but not limited to pricing levels. There is no representation that any transaction can or could have been effected at such terms or prices. Proposed terms and conditions are for discussion purposes only. Finalized terms and conditions are subject to further discussion and negotiation.

Special Risk Disclosure related to Exchange-Traded Funds ("ETFs") and Exchange-Traded Notes ("ETNs"): To the extent this communication contains information pertaining to ETFs or ETNs, consider the investment objectives, risks, and charges and expenses of the ETFs and ETNs carefully before investing. Each U.S. Registered ETF and ETN has filed a registration statement (including a prospectus) with the SEC which contains this and other information about the ETF or ETN as applicable. Before you invest in an ETF or ETN, you should obtain and read carefully the prospectus in the registration statement and other documents the issuer has filed with the SEC for more complete information about the product. You may get these documents for free by visiting EDGAR on the SEC website at www.sec.gov. Alternatively, you may obtain a copy of the prospectus for each of the ETFs and ETNs mentioned in these materials by (i)

contacting your Goldman Sachs sales representative, or (ii) sending a request by calling toll-free 1-866-471-2526, or (iii) sending a request by email to Prospectus-ny@ny.email.gs.com, by fax to (212) 902-9316, or by mail to Goldman Sachs, 200 West Street, NY, NY 10282, Attn: Prospectus Department. ETFs are redeemable only in Creation Unit size aggregations and may not be individually redeemed; are redeemable only through Authorized Participants; and are redeemable on an "in-kind" basis. The public trading price of a redeemable lot of the ETFs may be different from its net asset value. These ETFs can trade at a discount or premium to the net asset value. There is always a fundamental risk of declining stock prices, which can cause losses to your investment. Some leveraged and inverse ETFs and ETNs "reset" daily, meaning that they are designed to achieve their stated objectives on a daily basis. They will therefore realize each day a loss or a gain which is a multiple (for leveraged ETFs and ETNs) or the inverse (for inverse ETFs and ETNs) of the performance on that day of their underlying index or benchmark. For this reason, if they are held for a period longer than one day, their performance over such longer periods of time can differ significantly from the stated multiple of the performance (or the inverse of the performance) of their underlying index or benchmark during the same period of time. This effect can be magnified in volatile markets. Prior to entering into a transaction in leveraged or inverse ETFs, you should be aware of the general risks associated with such transactions. You should not enter into leveraged or inverse ETFs transactions unless you understand the nature and extent of your risk exposure. You should also be satisfied that the leveraged or inverse ETFs transaction is appropriate for you in light of your circumstances and financial condition. ETFs and ETNs that are linked to commodity futures do not offer direct exposure to the commodity's spot price, and may perform differently than the spot price for the commodity itself. Performance differential can be magnified if a specific condition persists in the market for a commodity that creates a disparity between near-term future prices and long-term future prices and may lead to unexpected performance results. Other factors, such as roll yield, transaction costs, management fees, and taxes may cause deviation in performance between the spot price of a commodity and commodity futures. You should not assume that an ETF or ETN that is linked to commodity futures will provide an effective hedge because of a negative correlation with equities or other asset classes. You should always be aware of the general risks associated with investing in the commodities market and the futures market before investing in an ETF or ETN that is linked to commodity futures.

Risk Disclosure Regarding futures, options, equity swaps, and other derivatives as well as non-investment-grade securities and ADRs: Please ensure that you have read and understood the current options, futures and security futures disclosure document before entering into any such transactions. Current United States listed options, futures and security futures disclosure documents are available from our sales representatives or at http://www.theocc.com/components/docs/riskstoc.pdf, http://www.goldmansachs.com/disclosures/risk-disclosure-for-futures.pdf and https://www.nfa.futures.org/investors/investor-resources/files/security-futures-disclosure.pdf, respectively. Certain transactions - including those involving futures, options, equity swaps, and other derivatives as well as non-investment-grade securities - give rise to substantial risk and are not available to nor suitable for all investors. If you have any questions about whether you are eligible to enter into these transactions with Goldman Sachs, please contact your sales representative. Foreign-currency-denominated securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of, or income derived from, the investment. In addition, investors in securities such as ADRs, the values of which are influenced by foreign currencies, effectively assume currency risk.

Notice to Australian Investors: When this document is disseminated in Australia by Goldman Sachs & Co. LLC ("GSCO"), Goldman Sachs International ("GSI"), Goldman Sachs (Asia) L.L.C. ("GSALLC"), or Goldman Sachs (Singapore) Pte ("GSSP") (collectively the "GS entities"), this document, and any access to it, is intended only for a person that has first satisfied the GS entities that:
▪ the person is a Sophisticated or Professional Investor for the purposes of section 708 of the Corporations Act of Australia; and
▪ the person is a wholesale client for the purpose of section 761G of the Corporations Act of Australia.
To the extent that the GS entities are providing a financial service in Australia, the GS entities are each exempt from the requirement to hold an Australian financial services licence for the financial services they provide in Australia. Each of the GS entities are regulated by a foreign regulator under foreign laws which differ from Australian laws, specifically:
▪ GSCO is regulated by the US Securities and Exchange Commission under US laws;
▪ GSI is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority, under UK laws;
▪ GSALLC is regulated by the Hong Kong Securities and Futures Commission under Hong Kong laws; and
▪ GSSP is regulated by the Monetary Authority of Singapore under Singapore laws.

Notice to Brazilian Investors

Marquee is not meant for the general public in Brazil. The services or products provided by or through Marquee, at any time, may not be offered or sold to the general public in Brazil. You have received a password granting access to Marquee exclusively due to your existing relationship with a GS business located in Brazil. The selection and engagement with any of the offered services or products through Marquee, at any time, will be carried out directly by you. Before acting to implement any chosen service or products, provided by or through Marquee you should consider, at your sole discretion, whether it is suitable for your particular circumstances and, if necessary, seek professional advice. Any steps necessary in order to implement the chosen service or product, including but not limited to remittance of funds, shall be carried out at your discretion. Accordingly, such services and products have not been and will not be publicly issued, placed, distributed, offered or negotiated in the Brazilian capital markets and, as a result, they have not been and will not be registered with the Brazilian Securities and Exchange Commission (Comissão de Valores Mobiliários), nor have they been submitted to the foregoing agency for approval. Documents relating to such services or products, as well as the information contained therein, may

not be supplied to the general public in Brazil, as the offering of such services or products is not a public offering in Brazil, nor used in connection with any offer for subscription or sale of securities to the general public in Brazil.

The offer of any securities mentioned in this message may not be made to the general public in Brazil. Accordingly, any such securities have not been nor will they be registered with the Brazilian Securities and Exchange Commission (Comissão de Valores Mobiliários) nor has any offer been submitted to the foregoing agency for approval. Documents relating to the offer, as well as the information contained therein, may not be supplied to the public in Brazil, as the offer is not a public offering of securities in Brazil. These terms will apply on every access to Marquee.

Notice to Mexican Investors: Information contained herein is not meant for the general public in Mexico. The services or products provided by or through Goldman Sachs Mexico, Casa de Bolsa, S.A. de C.V. (GS Mexico) may not be offered or sold to the general public in Mexico. You have received information herein exclusively due to your existing relationship with a GS Mexico or any other Goldman Sachs business. The selection and engagement with any of the offered services or products through GS Mexico will be carried out directly by you at your own risk. Before acting to implement any chosen service or product provided by or through GS Mexico you should consider, at your sole discretion, whether it is suitable for your particular circumstances and, if necessary, seek professional advice. Information contained herein related to GS Mexico services or products, as well as any other information, shall not be considered as a product coming from research, nor it contains any recommendation to invest, not to invest, hold or sell any security and may not be supplied to the general public in Mexico.

Notice to New Zealand Investors: When this document is disseminated in New Zealand by Goldman Sachs & Co. LLC ("GSCO") , Goldman Sachs International ("GSI"), Goldman Sachs (Asia) L.L.C. ("GSALLC") or Goldman Sachs (Singapore) Pte ("GSSP") (collectively the "GS entities"), this document, and any access to it, is intended only for a person that has first satisfied; the GS entities that the person is someone:
(i) who is an investment business within the meaning of clause 37 of Schedule 1 of the Financial Markets Conduct Act 2013 (New Zealand) (the "FMC Act");
(ii) who meets the investment activity criteria specified in clause 38 of Schedule 1 of the FMC Act;
(iii) who is large within the meaning of clause 39 of Schedule 1 of the FMC Act; or
(iv) is a government agency within the meaning of clause 40 of Schedule 1 of the FMC Act.
No offer to acquire the interests is being made to you in this document. Any offer will only be made in circumstances where disclosure is not required under the Financial Markets Conducts Act 2013 or the Financial Markets Conduct Regulations 2014.

Notice to Swiss Investors: This is marketing material for financial instruments or services. The information contained in this material is for general informational purposes only and does not constitute an offer, solicitation, invitation or recommendation to buy or sell any financial instruments or to provide any investment advice or service of any kind.

Not all services or products can be made available in Taiwan. Any particular offer of securities may not have been and may not be registered with the Securities and Futures Bureau, Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may therefore not be capable of being sold or publicly offered in Taiwan. The Goldman Sachs companies involved in any such promotion may not maintain any licenses, authorisations or registrations in Taiwan. Therefore, for such securities, any subscriptions into the securities must be received in a currency foreign to, and to an account offshore, Taiwan. Any issue of such securities will not take effect until a valid subscription is received and accepted in accordance with the offering materials, outside Taiwan.

Notice to Investors in Korea: Marquee is made available in Korea by Goldman Sachs (Asia) L.L.C. Seoul Branch.

Please note that none of Goldman Sachs and its affiliates ("Goldman Sachs"), that provides material and information or enters or will enter into the relevant transactions, maintains any licenses, authorisations or registrations in Thailand nor is any of the material and information contained, or the relevant securities or products specified, herein approved or registered in Thailand. Interests in the relevant securities or products are not being offered or sold and may not be offered or sold in Thailand, except as permitted by the relevant laws and regulations. The attached information is intended to be read by the addressee and has been provided at your request for information purposes only and must not be copied or redistributed to any other person without the prior consent of Goldman Sachs and in no way constitutes an offer, solicitation, advertisement or advice of, or in relation to, the relevant securities or products by Goldman Sachs in Thailand.

The information contained in this document does not constitute, and is not intended to constitute, a public offer of securities in the United Arab Emirates in accordance with the Commercial Companies Law (Federal Law no. 2 of 2015), ESCA Board of Directors' Decision no. (9/r.m.) of 2016, ESCA Chairman Decision no 3/r.m. of 2017 concerning promoting and introducing regulations or otherwise under the laws of the United Arab Emirates. Accordingly, the interests in the securities may not be offered to the public in the UAE (including the Dubai International Financial Centre and the Abu Dhabi Global Market). This document has not been approved by, or filed with the Central Bank of the United Arab Emirates, the Securities and Commodities Authority, the Dubai Financial Services Authority, the Financial Services Regulatory Authority or any other relevant licensing authorities in the United Arab Emirates. If you do not understand the contents of this document, you should consult with a financial advisor. Jenny.wang@ctbcsis.com

前三季營收年增 33%，4Q26 營運有望優於季節性：亞德客 3Q26 營收 115.12 億元(QoQ-5%、YoY+40%)，毛利率 49.36%，營益率 33.92%，稅後淨利 28.47 億元(YoY+36%)，EPS 14.23 元。累計前三季營收 336.90 億元(YoY+33%)，EPS 44.14 元。受惠中國自動化需求回升、生產效率改善及規模經濟效益，營收與獲利同步成長，惟 3Q26 有效稅率升至 28.1%，主因提高現金股利配發率，須針對中國子公司盈餘匯出提列 10%扣繳稅，且 2027 年有意進一步提高配發率，使下半年稅率偏高。公司維持全年人民幣營收年增 20%以上、營益率 34%的指引。

3Q26 電子及工具機需求強勁，新產品成長動能延續：亞德客 3Q26 電子、電池、汽車及工具機營收占比為 28%、14%、10%、8%，營收年增 33%、25%、16%、35%，其中電子受惠 AI 設備投資及智慧型手機規格升級，預期 2027 年仍可維持雙位數成長；汽車業務市占率約 10%，仍具成長空間。傳統機械受惠中國十五五規劃推動智能製造及設備更新，惟電池產業受擴產政策限制，短期需求仍待觀察。線性滑軌 3Q26 營收年增 27%，稼動率由 2025 年 20%以上提升至目前 40%以上，預計年底達 50%，毛利率可望提升至 30%，2027 年營收預期成長 20%以上。電控產品 2025 年營收人民幣 4 億元，2026 年至今成長逾 20%，毛利率約 60%，年底前再推出三個新品系列；半導體相關產品月營收由人民幣 500 萬元增至 1,300 萬元，部分新品提前於 4Q26 上市，毛利率約 70%，2027 年逐步貢獻營收。

2027 年產品組合優化，營運穩健成長：展望 2027 年，公司預期中國氣動元件產業維持低至中個位數成長，亞德客透過市占率提升及新產品貢獻，目標營收成長率高於產業 10 個百分點，毛利率有望達 50%，營益率高於 34%。考量電子及傳統機械需求持續成長、線性滑軌稼動率提升，以及電控與半導體新品逐步放量，我們預估亞德客 2026/2027 年 EPS 分別為 57.6/68.3 元，維持「買進」評等，目標價 1,707 元(2027 年 EPSx25 倍)。**風險因子：**中國景氣復甦放緩、人民幣貶值。

在供應鏈逆風環境下，3Q26 獲利仍優於預期

重要訊息

光寶科公告 3Q26 EPS 3.27 元，高於市場共識 13%。雖受消費性需求疲弱及資料中心供應鏈限制影響，3Q26 營收低於市場預期 5% (季增 9%)，但產品組合轉佳且費用控管得宜，營益率 15.1%優於市場預期 1.5ppts。3Q26 雲端業務營收年增逾 70%，占比達 46%；光電業務受惠於車用電子出貨增加，營收年增 17%，抵銷 IT 業務弱於季節性之表現 (季減 2%)。

評論及分析

預期 2027 年 AI 營收占比將超過 40%。光寶科表示 AI 基礎建設需求強勁，但資料中心供應鏈供給緊張情況仍未緩解，恐導致未來營收成長動能出現較大波動，呼應近期主要同業觀點。為因應客戶持續變動的提前拉貨時程，公司已增加原物料及製成品庫存，並預期潛在存貨跌價損失影響有限。8.5kW PSU 及 BBU 已成為美系主要 CSP 客戶 Gen 3 ASIC 機櫃主流規格，管理層預期自 2H27 起應用於 Gen 4 ASIC 平台之 800V DC 電源櫃出貨將開始放量。此外，公司已與新美系 CSP 客戶展開合作，預期 2028 年起將有明顯貢獻。

持續擴大資本支出及研發投入。光寶科再次將 2026 年資本支出預算由 180 億元上調至 197 億元，並預期 2027 年將進一步增加。公司持續擴充台灣、美國及越南等非中國產能以因應未來 3-5 年強勁 AI 需求。管理層展望中期營業費用率將維持 11-12%水準，並計畫將研發費用率由目前的 5.0-5.5%提高至 6%以上，主要用於散熱解決方案、DC-DC 轉換器、光通訊產品及固態變壓器（SST）等新技術開發。

上調 2026-27 年 EPS 預估 6%、5%。我們對未來幾季車用電子及低軌衛星 (LEO) 電源的需求展望轉趨樂觀，但下修消費性業務相關假設。我們預估 2026-28 年雲端業務營收占比分別為 46%、60%、69%，並上調 2027 年毛利率預估 1.1ppts 至 27.2%。預期 4Q26 營收季增 2%，毛利率 25.9%則與上季持平。

投資建議

凱基維持「增加持股」評等及 12 個月目標價 295 元，係基於 2027 年 EPS 預估的 20 倍，對比歷史本益比區間 8-24 倍。

投資風險

供應鏈瓶頸延續。

圖 11：光寶科最新推出之 800V 660kW 電源櫃

1 Power shelf

- 110kW with 3RU height

2 PSU

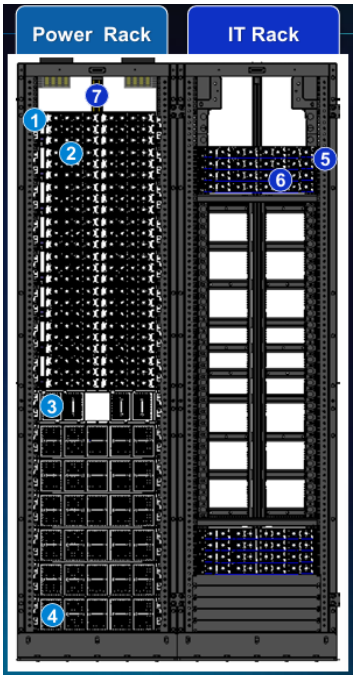
- 346 VAC - 480 VAC input 18.3kW 1RU height
- 800 VDC output

3 DC PDU

- Include 250A fuse/contactor box
- 250A output connector (4 counts)
- 3RU height

4 BBS w/ BBU

- 110kW power / Shelf
- 5 BBUs config with 3RU height
- BBU – 22kW design
- 10 years life time



5 DC/DC power shelf

- Convert 800 VDC to 50 VDC
- 180kW spec
- 19” 2RU design

6 DC/DC PSU

- 22.5kW power rating
- 1RU height

7 Power rack bus bar

- 1500A/ 800 VDC rating
- Touch-proof design

Power Rack Configuration

- 660kW 4 to make 3 configuration
- Config 8*110kW power shelves
- AC input count - 8 (200A per each)
- 800 VDC cable for power and IT rack connection

ESG 圖表定義

項目	定義	說明
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力（公用事業為出售而生產） - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下	
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者（太陽能、風能、水能、生物質能、地熱能）之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源	
再生能源使用率	再生能源占總能源消耗量之比例	
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)	
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量（公噸）銷售（百萬元）比 - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)	
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內	
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物	
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮	
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出	
員工流動率	員工流動率 - 包括任何原因（自願或非自願）離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 =（離開之員工/平均員工人數）*100 - 平均員工人數 =（本年末員工人數 + 去年末員工人數）/2 - 本財年末員工數 =上個財年末員工數 + 新員工數 - 離開之員工數	
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100	
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100	
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練（如健康與安全、環境、急難事件救援、技能與職業發展） - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作	
每位員工教育訓練時數	平均每年每位員工總教育訓練時數

股價說明

等級	定義
增加持股 (OP)	對個股持正面看法，預期個股未來十二個月的表現超越凱基證券集團所追蹤的相關市場的總報酬。
持有 (N)	對個股持中性看法，預期個股未來十二個月的表現符合凱基證券集團所追蹤的相關市場的總報酬。
降低持股 (U)	對個股持負面看法，預期個股未來十二個月的表現低於凱基證券集團所追蹤的相關市場的總報酬。
未評等 (NR)	凱基證券未對該個股加以評等。
受法規限制未評等 (R)	受凱基證券集團內部政策和/或相關法令限制使凱基證券集團無法進行某些形式的資訊交流，其中包括提供評等給投資人參考。
	*總報酬 = (十二個月目標價-現價)/現價

ASP 調漲及營運槓桿效益提供了上修空間

重要訊息

聯發科 3Q26 財報符合預期，4Q26 營益率展望大幅優於預期。

評論及分析

3Q26 財報符合預期。聯發科 3Q26 營收 1,680 億元，季增 10%，毛利率 46%、營益率 16%，均優於市場共識，但符合我們修正後的預估。

2026-27 年 AI ASIC 營收目標不變，營益率展望大幅優於預期。儘管近期有生產雜音，聯發科仍重申 2026 年及 2027 年 AI ASIC 營收目標分別為 25 億及 160 億美元，後者接近公司目標市占率指引的高標(20%)。聯發科 2026 年 AI ASIC 營收指引 25 億美元，高於我們近期下修後預估的 18-19 億美元，差異主要來自公司於 3Q26 調漲 AI ASIC 價格，以反映成本上升及產品價值。4Q26 毛利率稀釋幅度僅 1 個百分點，優於原先市場擔憂，亦印證差異主要來自 ASP 調漲。4Q26 財測最大的驚喜在於費用率中位數僅 26%，意味著：(1) 營益率將季增 3 個百分點至 19%；(2) 儘管 AI ASIC 毛利率低於公司平均，營益率卻較非 AI 業務高出 9-10%。此外，管理層表示 4Q26 營益率將成為未來的新基準，2027 年營益率可望突破 20%。

非 AI 業務弱於預期，AI ASIC 專案進度如期。聯發科 4Q26 營收指引為 2,101-2,218 億台幣，以中位數計季增 28.5%。儘管 AI ASIC 營收表現優於我們近期修正後的預估，營收財測高標仍低於我們的預估 2%。若扣除 25 億美元的 AI ASIC 營收，非 AI ASIC 業務營收為季減 16%，低於預期。聯發科強調第二代 AI ASIC 開發進度如期，部分晶粒已完成 tape-out。然而，由於產品採用多晶粒架構，複雜度較過往更高，部分晶粒的 tape-out 時程將延長數週。我們並不擔憂 tape-out 進度，而是認為 IC 載板供應及 EMIB-T 產能爬升可能成為產品組合的限制因素。考量 ASP 優於預期及營運槓桿效益顯著提升，我們分別上修 2027 年及 2028 年 EPS 預估 30.8%及 15.7%，但維持出貨量假設不變。整體而言，我們預估 2027 年及 2028 年 AI ASIC 營收分別達 170 億美元 (營收占比 42%) 及 390 億美元 (營收占比 59%)，我們預估上修全數來自 ASP 調漲，而非出貨量調升。

投資建議

考量營益率顯著提升帶動獲利預估上修，我們將聯發科目標價上調至 6,250 元，仍以 2028 年 EPS 的 25 倍本益比 (景氣循環高峰) 評價。聯發科仍為我們半導體產業首選之一，維持增加持股評等。

投資風險

智慧型手機出貨衰退；AI 晶片進展放緩。

ESG 圖表定義

項目	定義	說明
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力(公用事業為出售而生產) - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下	
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者(太陽能、風能、水能、生物質能、地熱能)之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源	聯發科對其辦公大樓與內部管理流程進行了碳足跡驗證。
再生能源使用率	再生能源占總能源消耗量之比例	
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量(範圍 1 排放量) - 相關氣體：二氧化碳(CO2)、甲烷(CH4)、一氧化二氮(N2O)、氫氟碳化物(HFCS)、全氟化合物(PFCS)、六氟化硫(SF6)、三氟化氮(NF3)	
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量(公噸)銷售(百萬元)比 - 公司擁有或控制的來源的直接排放量(範圍 1 排放量) - 相關氣體：二氧化碳(CO2)、甲烷(CH4)、一氧化二氮(N2O)、氫氟碳化物(HFCS)、全氟化合物(PFCS)、六氟化硫(SF6)、三氟化氮(NF3)	
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內	
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物	
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮	
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出	
員工流動率	員工流動率 - 包括任何原因(自願或非自願)離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 = (離開之員工/平均員工人數)*100 - 平均員工人數 = (本年末員工人數 + 去年末員工人數)/2 - 本財年末員工數 = 上個財年末員工數 + 新員工數 - 離開之員工數	公司已揭露 2019-20 年留任率，且人力資源部推出薪酬更優渥之創新計劃以留住人才。
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100	
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100	
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練(如健康與安全、環境、急難事件救援、技能與職業發展) - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作	
每位員工教育訓練時數	平均每年每位員工總教育訓練時數

2026/10/30

面板及零組件　　維持評等

友達 (2409 TT)　　中立(Neutral)

面板需求持續下滑，本業虧損擴大

- **三大業務獲利顯著衰退**
- **營運展望承壓，面板需求持續下滑**
- **公司持續推動轉型，押注非面板前瞻技術**

3Q26 毛利率下滑，受產品組合及消費性需求疲弱：公司於 2026 年 10 月 30 日舉行法說會，公告 3Q26 財務數據，營收 669 億元(QoQ-5.7%，YoY-4.3%)，毛利率 10.1%(QoQ-2.9ppts，YoY+0.5ppts)，營業淨利率 -3.5%(QoQ-3.8ppts，YoY-0.9ppts)，營業外利益 3.65 億元，單季 EPS -0.33 元。3Q26 Display、Mobility 及 Vertical 業務營收占比分別為 46%、30%、20%，主要衰退來自 Display 業務，因品牌廠上半年提前拉貨結束，且 Monitor/NB 持續受記憶體與 IC 缺貨影響，需求持續放緩，客戶拉貨持續持保守態度，Mobility Solutions 及 Vertical Solutions 業務表現相對持穩。整體營收規模下滑，三大業務獲利表現均較前季顯著下滑，且公司持續在車用及新技術開發投入研究，使營業費用高於預期，本業虧損擴大。

4Q26 面板需求持續下滑，預期 Display 業務仍衰退：公司指引 4Q26 三大業務，Mobility Solutions 呈季持平，雖車市受零組件短缺及中國內需市場保守並轉趨出口導向影響歐洲車廠，但公司車用業務仍相對穩健；Vertical Solutions 若未考慮能源事業併表影響下，季減低個位數百分比；Display 業務延續 IT 產品需求疲弱，客戶採購保守，短期內記憶體及零組件缺貨影響無法緩解，預期仍呈現營收下滑。受面板業務持續下滑影響，我們預期 4Q26 營收 638 億元(QoQ-4.59%)，毛利率 10.46%(QoQ+0.06ppts)。

推動轉型，友達成立創新研究院，聚焦前瞻技術：友達組織結構調整，新設創新研究院，將著重在 MicroLED、光通訊、玻璃基板、AR 光波導及低軌衛星通訊天線。在短中長距離傳輸應用上，友達開發的光引擎可依客戶需求提供 MicroLED 或 Micro VCSEL 技術方案，目前已與客戶進行規格討論，並建置小量研發線，預計量產投資在一到兩年後技術成熟時大規模展開。而在玻璃基板方面，公司在鍍銅、RDL 佈線及 TGV 皆有技術佈局，玻璃尺寸包含 510x515mm、310x310mm 等規格，並持續開發相關技術。

公司在 Micro LED 光通訊應用及玻璃基板相關技術開發仍屬初期階段，短期尚無實質營收貢獻，我們預估 2026-27 年 EPS 為-0.47、-0.34 元，公司過往 PBR 區間約為 0.6x~1.5x，我們基於 2027 年預估之每股淨值 x1.2 倍 PBR，目標價為 22.4 元，維持中立之投資評等建議。**風險因子：**面板報價出貨不如預期、消費性電子需求不如預期。

買進(Buy)

沒有電力就沒有算力

- **3Q26 營收創新高，但毛利率受專案延遲與存貨跌價壓抑**
- **AI 公司資本支出擴大，資料中心建置需求強**
- **400V/800V HVDC 跨步出貨，未來滲透率可期**

3Q26 營收創單季新高，但毛利率下滑:3Q26 合併營收 1,971 億元(QoQ+7.5%，YoY+31%)，雖受泰國廠淹水影響，仍創下單季歷史新高，但是略低於管理層原先預期，毛利率由前季的 35.6%降至 34.1%，營業利益為 326 億元(QoQ+7%，YoY+31%)，稅前淨利為 337 億元(QoQ -4%，YoY+25%)，稅後 EPS 為 9.04 元。

預期 4Q26 毛利率可望改善：3Q26 毛利率主要受到(1)供應鏈長短料、部分材料成本提升以及客戶端 AI 專案/資料中心建置延遲影響，導致部分產品出貨遞延、存貨增加。(2)台達電旗下持股約 60%的泰國子公司泰達電(DET)雖營收創新高，但因部分客戶拉貨節奏放緩，提列約 18 億泰銖的存貨跌價損失，導致泰達電毛利率由 29.9%降至 27.5%，進而稀釋母公司整體獲利。公司預估 4Q26 營收與毛利率將優於 3Q26，4Q26 起庫存也將逐步去化以及原物料成本轉嫁。2026 年以來原物料成本約上升 2%，目前持續與客戶協商價格調整，預期 4Q26 開始反映部分漲價，相關效果可能延續至 1Q27。

400V/800V HVDC 與 SOFC 新能源雙軌推進:導入高壓直流(HVDC)方面，400VDC 系統進展較快，3Q26 已開始部分出貨；800VDC 主要由 NVIDIA 推動，目前發展速度相對較慢，但隨著產業標準逐步建立，預期採用程度將持續提高。台達電預計於 2027 年量產固態氧化物燃料電池(SOFC)，目前已完成第一條量產線架設，產能約 100 多 MW，並已開始向海外大型客戶送樣及驗證。

AI 資料中心仍是台達電目前主要成長動能:我們認為在 CSP 巨頭資本支出持續擴大，資料中心建置需求持續下，將挹注台達電的 AI 高功率伺服器電源與液冷散熱解決方案訂單延續至 2030 年，長線 AI 電力架構升級與訂單延續性可期，故給予「買進」評等，目標價為 2,115 元(2027 EPS 62.21 元 x34 倍 PER)。

風險因子:大客戶資本之不如預期，HVDC 放量時程遞延導致滲透率不如預期。

公司背景：台達電成立於 1971 年，總部位於台灣桃園，於 1988 年在台灣證券交易所掛牌上市。早期以電視偏向線圈及電子線圈等基礎電子零組件起家，隨後跨入開關電源供應器。現為全球電源管理與散熱解決方案的領導廠商。以 2026 年最新營收結構預估來看，高階伺服器與電力基礎設施解決方案占比約已超越 40%，為公司主要獲利來源。每年投入年營收的 8%~9%作為 R&D 費用。目前在全球擁有 50 多個生產基地及超過 70 個研發中心。業務橫跨電源及零組件(Power Electronics)、基礎設施(Infrastructure)、自動化(Automation)及交通(Mobility)四大事業群。

全球廠區與產能：面對 AI 算力需求與地緣政治變化，台達電積極在台灣、泰國、中國、美國與印度建置 AI 與綠能產能。目前全球生產產能分布為中國大陸約佔 45%、泰國約佔 30%、台灣約佔 10%以上，其餘則分布於印度、美國、斯洛伐克及南美洲等地。

中國大陸廠區的部分，重慶新廠已落成，協助承接華中、華南挪出的產能空間；同時於蘇州、蕪湖及郴州持續擴建新廠。

泰國廠區為最大的 AI 海外生產基地，台達電大舉擴充泰國 D16 至 D18 廠區，專門承接微軟、Google 等北美 CSP 的高毛利 AI 伺服器電源、DC-DC 變壓模組與液冷 CDU(冷卻分配總成)，為目前海外產能增長最快的廠區。

台灣廠區為研發與高階重電中樞，持續擴大中科、南科及桃園廠區，以研發高端 AI 工廠電源、±400V/800V HVDC(高壓直流電系統)與氫能 SOFC、SOEC 測試產線為主。觀音廠主攻固態燃料電池(Fuel Cell)量產線，預計 2027 年底至 2028 年投產。桃園一廠已著手改建為研發中心。台南廠設置燃料電池試產線。

印度廠專注於當地的通訊電源、工業自動化以及新型 EV 充電樁技術。

美國廠區投資於德州普萊諾(Plano, Texas)興建全新製造、研發實驗室與大型基礎設施中心，主要鎖定北美綠能微電網儲能、汽車動力及本地資料中心。

四大事業部門

電源及零組件(Power Electronics)：(1)Server (伺服器電源):本業務主要的營收來源。AI 伺服器電源主要為高瓦數的 PSU(電源供應器)。DC-DC 模組為負責在晶片旁邊進行最關鍵的板端降壓。(2)Fans&Therma(風扇與氣冷散熱元件):提供伺服器與桌機內部的高密度直流無刷風扇(DC Brushless Fans)與散熱片模組。(3)Passive Components(被動元件/乾坤科技 Cyntec)，台達電 100%持股的乾坤科技是晶片旁必要的電感(Inductor，如大電流 TLVR 電感)與微型一體成型電感(Choke)的龍頭。(4)Notebook&Desktop(PC/筆電與桌機電源)主要為傳統消費型電子(如 Apple、HP、Dell、ASUS)提供客製化變壓器與內建電源適配器(Adapter)。

Infrastructure(基礎設施)：(1)Telecom(電信基礎設施/挪威 Eltek):挪威 Eltek 有電信機地台高效率電源技術(高達 98%轉換效率)，在 5G、6G 基地台和邊緣運算(Edge Computing)建置中的電力核心。(2)Datacenter (資料中心解決方案/液冷與 HVDC 機櫃)為成長主因。液冷系統(Liquid Cooling)包含冰水主機、CDU(冷卻分配總成)與冷卻板。高壓直流電(HVDC)為推動次世代資料中心 400V/800V 的高壓直流配電系統，大幅減少電力轉換過程中的能源損耗。(3)Networks(網路基礎設施)為資料中心與 AI 工廠內部專用的 800G 超高速乙

太網路交換器(Ethernet Switches)與通訊濾波器，確保巨量 LLM 數據傳輸。(4)EV Charging (電動車充電基礎設施)含 UFC 500 高速充電樁、微電網儲能系統(BESS)、EMS 系統。(5)Solar 含高效率光伏逆變器(轉換率高達 99.2%)、光儲一體化系統，為解決大發電端的綠能調度方案。

自動化(Automation)：(1)IA(Industrial Automation /工業自動化)具備研發馬達驅動器(變頻器)、伺服驅動系統、可程式控制器(PLC)與高階 CNC 控制器的自主技術，打造智慧無人工廠。在近期大型自動化展中推出具備 AI 視覺與數位雙生(Digital Twin)的雙臂機器人平台，將生成式 AI 視覺辨識導入智慧工廠手臂。(2)BA (Building Automation /樓宇自動化)透過收購挪威 LOYTEC 與加拿大 Delta Controls，掌握智慧照明控制與物聯網大樓中央監控軟體技術。提供大型摩天大樓、跨國總部、醫院與飯店的智慧空調通風(HVAC)與能源調度管理系統。全球淨零碳排與綠建築認證(如:LEED)已轉為法規，BA 業務能協助企業減碳 20%~30%，也能整合至自身的次世代 AI 貨櫃資料中心內部。

智慧交通(Mobility)：台達電為特斯拉動力與車電系統的重要供應鏈。雖然全球電動車(EV)市場目前因歐美取消補貼、車廠延後電動化而短期成長趨緩，部分專案延後導致部門暫時虧損，但車用電子壁壘高(需 3~5 年的安全驗證且切入後難以更換)，長線車輛電動化趨勢未變。

電源及零組件與基礎設施兩事業群仍為核心的營收來源:電源及零組件(Power Electronics)在 AI 高功率伺服器電源拉貨強勁帶動下，3Q26 營收 1,059.3 億元(QoQ+10%，YoY+40%)，營收占比 54%，部門獲利達 199.2 億元(QoQ+22%，YoY-1%)；基礎設施(Infrastructure)也受惠於雲端大廠擴建資料中心及液冷散熱系統放量，單季營收達 658.8 億元(QoQ+5%，YoY+25%)，營收占比 33%，部門獲利為 120.7 億元(QoQ+7%，YoY+40%)。自動化(Automation)營收為 159 億元(QoQ+2%，YoY+19%)，營收占比 8%，受惠於工業自動化及樓宇自動化的市況回溫與先前嚴重的缺料情況改善，部門獲利達 7.7 億元，順利由虧轉盈；交通(Mobility)營收 90.7 億元(QoQ+10%，YoY+7%)，營收占比 5%，儘管全球電動車市場面臨逆風，但在出貨回穩下部門僅小虧 1.4 億元，虧損幅度持續顯著收斂。

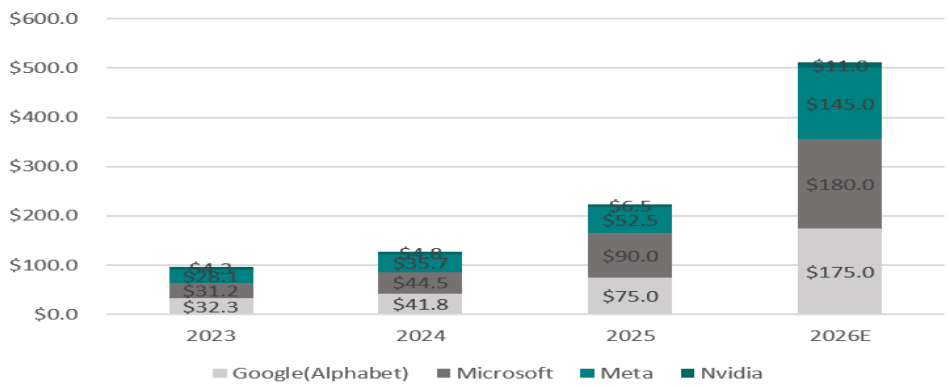
產業前景

AI 資料中心：隨著生成式 AI 與大語言模型(LLM)普及，新一代 AI 晶片功耗已正式跨越千瓦(kW)大關，帶動全球高密度算力機房大舉擴建。四大 CSP 年度資本支出年增率超過 60%，推動伺服器電源密度與散熱需求的高成長。由於傳統 12V/48V 配電架構與氣冷散熱已面臨物理極限，高壓直流系統(HVDC+/-400V/800V)與液冷 CDU/Sidecar 水冷機櫃成為 AI 資料中心的標準配置。面對 AI 資料中心從晶片端延伸至廠區電網端的趨勢，台達電從板端 DC-DC 模組、伺服器電源櫃(Power Shelf)、液冷散熱系統(Liquid Cooling)到微電網與固態燃料電池(SOFC)的產品線，並針對高壓直流(HVDC)與 260kW 高階 Sidecar 水冷箱進行大規模產能布署。

雲端巨頭(CSP)資本支出上修，電力基礎設施直接受惠:台達電的客戶以全球超大型雲端服務供應商(Hyperscalers)與 AI 半導體巨頭為主，含微軟(Microsoft Azure)、Google、Meta 與輝達。受惠 AI 伺服器與大規模重電集群需求強勁，主要客戶持續增加資本支出，在 2026 年合計資本支出增至 7,310 億美元。

圖表二、CSP 與輝達資本支出預估



資料來源：中信投顧整理

微軟與 Google 為前兩大美系客戶，Meta 與輝達的營收貢獻則自 2H26 起隨 Blackwell 架構出貨而提升。這些客戶的訂單主要分佈於電源及零組件與基礎設施兩大事業群。在電源及零組件事業部中，輝達直接採購最新晶片周邊的客製化微型 DC-DC 電源模組；微軟、Google、Meta 則採購伺服器內部電源，並包含 Google 與 Meta 自研 ASIC AI 晶片平台所需的客製化電源。在基礎設施事業部部分，輝達將台達電納入機櫃級電源與液冷認證夥伴；微軟、Google、Meta 等雲端服務供應商在布署整機櫃 AI 伺服器時，其底層電力架構與整櫃液冷系統皆由該事業部直接對接與客製化供應。

AI 伺服器電源與板載 DC-DC 模組，從零組件升級為整櫃系統帶動 ASP 上升:台達電在 AI 伺服器電源市場的全球市占率超過 50%，在高階 DC-DC 轉換器市占率更達 75%。這個板塊的爆發力來自於產品規格升級與 ASP 上升。隨輝達架構從舊世代移轉到 GB200/GB300 系列，台達電主流出貨改為 5.5kW(取代傳統的 3.3kW 電源)、甚至即將放量 12kW 至 18kW 的超高功率電源供應器(PSU)。以下分兩部分說明 ASP 提升：

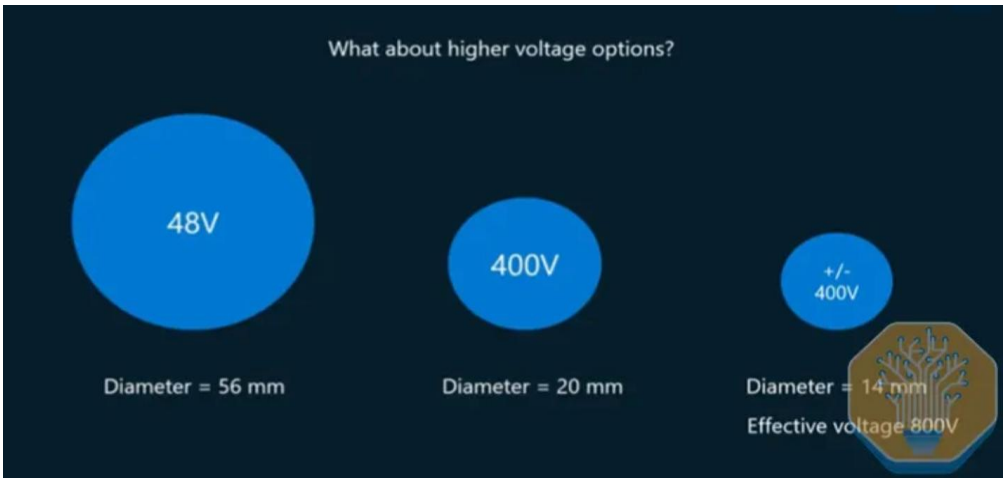
晶片端高階 DC-DC 變壓模組 ASP 提升:台達電的核心技術在於將高階 AI 專用 DC-DC 微型變壓模組(含多相控制)直接焊接在晶片的正下方或外圍 1 毫米(mm)處，使電力傳輸路徑趨近於零以消除高頻切換噪訊並大幅降低阻抗損耗。高階 AI 專用 DC-DC 模組每套出廠的高階 ASP 落在 250～400 美元。相

較之下，傳統 PC/NB 主機板上的低壓降壓零件低階 ASP 僅有 0.5～3 美元。隨著高階 AI 加速卡(如 OAM 載板)對多相/分流傳輸(Multiphase)需求上升、單卡採購之高階模組數量增加，帶動台達電該單項模組營收快速成長。

伺服器電源 ASP 提升:從板端模組延伸至整櫃系統，結合了 Power Shelf(電源機架)、電池備援模組(BBU)與高階匯流排後，每台伺服器的電源產值從 GB200 的 4.3 萬美元拉高至 GB300 的 9.6 萬美元，未來 Rubin 世代甚至預估高於 17 萬美元。即使面臨美商 Vicor 發起的 337 條款專利調查，我們預估此事件僅為權利金索求，且台達電具備強大的電路設計繞道實力。

台達電 HVDC 解決 AI 功耗與空間問題:AI 機櫃功耗大增(600kW~1MW)，傳統低電壓會導致導線太粗放不下，須透過提高電壓來縮小導線體積。傳統(48V):電流高達 11,000 安培，導線直徑 5.6 公分過粗，物理上塞不進機櫃。目前過渡方案(400V):電壓提高約 8.3 倍，電流下降，導線直徑縮小到 2.0 公分 並釋出部分空間。未來高密度方案(800V):採用雙軌正負高壓直流(+/- 400V)，電壓拉高至 800V，電流驟降近 15 倍，導線直徑僅剩 1.4 公分大幅縮減體積，高密度 AI 機架才具備物理可行性。

圖表三、各電壓下導線直徑比較圖



資料來源：semianalysis，中信投顧整理

400VDC 優先在 2026 年放量，800VDC 則在同年出小量做初期驗證，並將大量出貨時程定在 2027~2028 年。輝達目前的 Vera Rubin 平台(NVL72 機櫃)功耗約在 180kW 至 220kW 之間。透過高階三相交流電(AC)加上外掛 HVDC 電力機架(Sidecar)進行局部改裝，依然可以勉強支應。隨著輝達規劃於 2H27 量產次世代 Kyber 級別的原生 800VDC 算力集群(單機架功耗>600kW 甚至達到 1MW)。當單機架功耗破 600kW 時，傳統 AC 交流電在物理上無法從機櫃入口送電，客戶將需要 HVDC 來運行最新 AI 晶片。

全球資料中心將經歷從局部改裝走向原生重構:2027 年預計市場將大量導入 Sidecar 進行舊機房局部改裝，滲透率跳升至 40%，並於 2028 年達到近 60%峰值。隨後因單櫃功耗逼近物理極限，且輝達次世代原生 800VDC 晶片平台大量投產，Sidecar 滲透率開始下滑，市場轉向跨入原生廠房級高壓直流(Facility-level)。預估 2030 年原生廠房級高壓直流滲透率將達 80%。新建資料中心從變電站、不斷電系統(UPS)到最內層的伺服器，將全數採用 800VDC 架構，帶動 HVDC 的大量需求。

圖表四、800VDC 在資料中心產能中的滲透率預估

被動元件　　維持評等

國巨*(2327 TT)　　買進(Buy)

3Q26 獲利優於預期，4Q26 可望擺脫過往淡季

- **3Q26 毛利率略優於市場預期，4Q26 有望再季增**
- **B/B ratio 仍維持 2.0，AI 應用佔比持續擴張**
- **產能利用率維持滿載，預期 2Q27 仍有新產能開出**

3Q26 營收獲利符合預期，4Q26 成長動能延續：國巨 3Q26 營收達 495.31 億元，季增 11.4%，年增 49.7%，符合我們與市場預期，主要受惠 AI 需求持續升溫，帶動各產品線及區域營收同步成長。毛利率達 41%，季增 2.5 個百分點，略優於市場預期 1~2 個百分點，主要受惠價格調整效益及高毛利 AI 產品占比提升，EPS 為 5.83 元。展望 4Q26，考量 AI 需求延續、特殊品接單動能優於標準品，加上價格調整效益與產品組合持續優化，預期營收及獲利率將同步季增，淡季表現可望優於往年，我們預估 4Q26 營收將季增約 5.18%至 521 億元。

B/B ratio 維持 2.0 高檔，AI 應用佔比擴至 20%：國巨 3Q26 接單動能維持強勁，整體 B/B ratio 接近 2.0，其中 AI 相關鉭質電容與 MLCC 需求最為旺盛，部分產品線更超過 2.0。儘管 B/B ratio 較前季略降，主因營收成長帶動出貨增加，並非接單動能轉弱。AI 已成為主要成長動能，營收占比由 1Q26 的 15%提升至 3Q26 約 20%，且成長趨勢逐步擴及電阻、電感及電源相關電容。供給方面，3Q26 標準品與特殊品產能利用率均約 95%，管理層預期 4Q26 將進一步提升。

產能利用率逼近滿載，2Q27 新產能開出：在產能利用率已達高檔下，國巨規劃擴充鉭質電容與 MLCC 產能，預計總產能增加 10%~15%，但新產能須至 2Q27 起才分階段開出，短期供給彈性有限。通路方面，全球經銷商庫存已由約 5 個月降至 4 個月，大中華區更低於 2 個月，後續仍有補庫存需求。在 AI 需求成長與供給擴張存在時間差的情況下，國巨短期有望受惠供需緊俏帶來的報價調整機會，後續獲利成長則取決於漲價落實程度及 AI 高附加價值產品比重提升幅度。

考量國際主要被動元件大廠本益比已回落至約 25 倍，市場對產業成長的評價趨於審慎，國巨原先 35 倍的成長溢價已較難維持。因此，本次將目標本益比由 35 倍下修至 25 倍，使評價回歸國際同業水準，並以 2027 年 EPS 為基礎，目標價為 841 元，建議買進。

風險因子：AI 需求放緩、競爭者加速擴產。

日韓擴產難解高階缺口，國巨有望迎來一般品漲價與產品組合優化紅利：從三星電機 10/29 法說會及村田製作所的投資動向來看，AI 伺服器對高容值 MLCC 的需求快速攀升，三星預估部分產品 2027 年需求將達 2026 年的 8 倍；村田 10 月中表示原定投入的 800 億日圓擴產計畫亦已不足以滿足需求，目前正評估追加投資。由於日韓大廠持續將資源集中於高階產品，一般品供給彈性可能受到壓縮，有助於改善部分產品的供需結構，並帶動報價回升。對國巨而言，受惠不僅來自 AI 相關鉭質電容、電阻及電感等產品的需求成長，也包括一般品報價調整的潛在機會。在產能利用率已處高檔的情況下，若漲價效益逐步反映於出貨，加上高附加價值產品比重提升，將有助於推升毛利率與獲利；惟目前消費性電子終端需求尚未明顯復甦，後續仍須觀察轉單規模、一般品實際漲價幅度，以及日韓大廠產能調整對市場供給的實質影響。

封測

日月光(3711 TT)　　法說/座談摘要

前日收盤價　683.00 元

洪士勛
chris.hong@ctbcsis.com

3Q26 財報表現亮眼，營收與毛利率皆優於市場預期

- **打線與傳統先進封裝供給持續吃緊，定價能力強**
- **LEAP 營收目標上修，2027 年達 10 億美元以上**
- **CPO 將於 4Q26 量產，2027 年業務營收貢獻超過 5 億美元。**

結論：3Q26 財報表現亮眼，合併營收達 2,441.61 億元，毛利率 22.1%，稅後 EPS 為 5.84 元，皆優於市場預期。3Q26 ATM 毛利率達 30.6%突破過往上限，公司表示將以 30%作為未來的毛利率基礎。LEAP(Leading-Edge Advanced Packaging)與一般傳統封測業務均呈現強勁成長，打線與傳統先進封裝產能供給持續吃緊，市場整體處於友善之定價環境。展望 4Q26 營運，預估合併營收季增 6%~8%，毛利率 23.0%~24.0%，營業利益率 14.5%~15.5%。因持續積極佈局 LEAP 與主流先進封測，將 2026 年全年資本支出由 105 億美元追加至 115 億美元，公司也正向看待未來除了 AI 資料中心外長遠的前瞻應用需求。整體而言，我們持續看好公司未來在先進封裝業務之成長表現。

一、3Q26 財報概況：

1.合併營收 2,441.61 億元(QoQ+27.8%，YoY+44.8%)，毛利率 22.1%(QoQ+1.1ppts，YoY+5.0ppts)。

2.營業利益 331.42 億元(QoQ+56.9%，YoY+151.1%)；營業利益率 13.6%(QoQ+2.5ppts，YoY+5.8ppts)。

3.稅後淨利 269.96 億元(QoQ+28.2%，YoY+148.4%)，稅後淨利率 11.1%。

4.稀釋後每股盈餘 5.84 元。

二、3Q26 營運概況：

1.ATM(半導體封測)營收 1,514.85 億元(QoQ+20%，YoY+51%)，毛利率 30.6%(QoQ+3.3ppts)，突破過去的上限，公司也宣布以 30%作為未來毛利率基底，營業淨利率 20.0%。依封測業務產品別比重為，Bump/FC/WLP/SiP 占 51%(QoQ+2ppts)、打線封裝占 24%、測試占 17%(QoQ-2ppts)、材料占 2%、其它占 6%。

2.EMS(電子代工服務)營收 934.69 億元(QoQ+42%，YoY+35%)，EMS 毛利率 8.3%(QoQ-0.6ppts)，營業淨利率 3.3%(QoQ+0.9ppts)，因高單價零組件(如記憶體)上漲墊高營收分母影響毛利率，但受惠於消費性電子季節性旺季與 AI 加速器電腦業務帶動營收規模擴大，營業淨利率提升。

3.營收比重(依產品類別):

ATM:通訊占 38%(QoQ-3ppts)、電腦占 34%(QoQ+4ppts，受 AI 與 LEAP 帶動)、汽車/消費性電子及其它占 28%(QoQ-1ppts)。

EMS:消費性電子占 41%(QoQ+5ppts)、電腦占 21%(QoQ+5ppts，受 AI 加速器業務帶動)、通訊占 19%(QoQ-3ppts)、工業用占 12%(QoQ-4ppts)、汽車電子占 6%(QoQ-2ppts)、其它占 1%(QoQ-1ppts)。

4.資本支出：前三季累計資本支出達 80 億美元(其中設備 48 億美元，設施 32 億美元)；3Q26 單季機器設備支出 21.04 億美元、廠房設施 18 億美元。2026 全年資本支出由 105 億美元追加至 115 億美元(其中設備與設施各加 5 億美元，新增設備 60%用於 LEAP、40%用於主流封測)。

三、營運展望：

1.4Q26 財務指引(以 1 美金兌換 31.9 元新台幣假設):

投控合併：以台幣計價，季營收 QoQ +6%~+8%，毛利率介於 23.0%~24.0%，營業利益率介於 14.5%~15.5%。

半導體封測事業：以台幣計價，季營收 QoQ+11%~+13%，毛利率 QoQ+1.0~+2.0ppts。

電子代工服務：以台幣計價，季營收季對季持平，營業利益率約為 2.0%。

2.CPO 業務：公司表示 CPO 部分將於 4Q26 正式進入量產階段，預計 2027 年 CPO 相關業務營收貢獻將超過 5 億美元。公司認為 CPO 與 NPO 在未來將並存發展。CPO 將主要解決晶片在極限頻寬、散熱與高功耗下的關鍵瓶頸。

3.LEAP 業務：2026 全年 LEAP 營收目標由 37 億美元上修至 40 億美元以上，並維持 2027 年營收翻倍目標其中 Full Process 先進封裝預計 2026 年貢獻 3 億美元，2027 年達 10 億美元以上。

4.2027 年資本支出：公司預期 2027 年資本支出金額將比 2026 年更高，並表示不吝於進行必要投資，以滿足客戶強勁需求並鞏固市場絕對領先地位。

四、公司/產業看法：

1.硬體基礎設施成新瓶頸：過去半導體瓶頸多在晶片設計或特定製程，但當前 AI 對硬體尺寸與複雜度的極限要求，導致目前硬體基礎設施成為全產業最嚴重的限制因素，3Q26 封測產能接近滿載運作，目前短期成長的最大限制主要來自廠房空間與機器設備的安裝交付進度。

2.CPO 與 NPO 的未來：公司認為 CPO 與 NPO 未來將會並存，兩者主要差異在於整體封裝效能表現，且公司與領先的晶圓代工夥伴及主要客戶保持深度合作，若未來 NPO 出現明確市場需求，同樣能發揮技術優勢成為主要參與者。

3.下一代終端設備的微型化與系統化轉型：長遠來看，電子產品正在經歷在晶片層級實現系統化與微型化的演進。未來的終端應用(包含 Agentic AI、實體 AI/人形機器人等)將整合更多感測器、類比與混合訊號晶片，這些技術轉型將為傳統與先進封裝帶來長期穩健的結構性需求。

4.車用與工業用市場復甦:儘管智慧型手機與 PC 等傳統終端消費產品受到零組件價格偏高影響而處於較平緩的階段，但車用與工業用市場的需求已展現復甦與成長動能。

五、Q&A：

Q:2026 年資本支出為何再次追加至 115 億美元？目前最大瓶頸為何？2027 年投資方向？

A:因應 LEAP 及傳統先進封測需求殷切，2026 全年資本支出由 105 億美元再次上修至 115 億美元，設備與廠房設施各增加 5 億美元，新增設備中，60%用於 LEAP，40%用於主流封測。上修資本支出是考量目前短期成長的最大限制為廠房空間，可以預期 2027 年資本支出規模將比 2026 年更大，面對目前的市場機會，公司不會因為短期資金需求而猶豫必要的投資。

Q:隨 LEAP 業務重要性提高及產能加速擴張，2027 年 LEAP 營收展望是否有更新？另外，Full Process、Substrate Outsourcing 及 Test 等業務的營收組合預期如何變化？

A:目前維持先前對 2027 年的展望，預期 2027 年 LEAP 營收將較 2026 年倍增。

Q:隨 LEAP 占比提高、毛利率已超越過去結構性上限，未來幾年的合理毛利率區間應如何看待？

A:隨 LEAP 業務持續放量，公司預期 4Q26 毛利率將進一步提升，相關趨勢也將有望可延續至 2027 年。由於目前公司業務結構正快速改變，尤其 LEAP 占比顯著提高，過去所謂的結構性毛利率上限已不再適用。過去的結構性毛利率上限已成為未來毛利率的基礎水準而 LEAP 持續成長將推動毛利率上限進一步提高。

Q:2027 年 Full Process 營收預估超過 US$1bn，考量 2026 年首年量產便可達 US$300mn，這項預估是否偏保守？目前 Full Process 客戶合作進展如何？

A:目前 Full Process 已有多個客戶合作計畫，且客戶需求相當強勁，但公司現階段最大的限制仍是產能不足，因此正積極加快擴產速度。廠房空間是目前最主要的瓶頸之一，即使需求已經存在，公司仍需要時間完成廠房建置、設備安裝及產能擴充。

Q:2026 年資本支出預算已經兩度上修，展望 2027 年，公司是否考慮收購既有廠房，以加快產能擴張及設備採購？

A:廠房空間仍是目前產能擴張的主要限制之一，因此公司正積極尋找適合收購的既有廠房，希望透過取得現有設施縮短產能建置時間。不過目前市場競爭相當激烈，符合公司需求且可供收購的廠房並不多。

Q:2027 年 Test 業務的成長展望如何？Final Test 與 Wafer Probing 之間，哪一項業務將優先擴張？相較封裝，測試業務的產能限制是否更加嚴重？

A:由於目前可用資源有限，封裝業務成長速度預期仍將超過測試。公司將優先把投資資源配置於 Wafer Probe 和 Wafer Sort，而非 Final Test。目前主要限制仍來自廠房空間。相較測試，封裝業務目前對空間的使用效率更高，因此在廠房資源有限的情況下，公司會優先配置產能給封裝，而測試則以 Wafer Sort 為主要投資方向。

Q:主要客戶近期提到未來幾年將大幅擴張 CPO 產能，公司在 CPO 封裝與測試中的具體角色為何？相關資本支出及未來幾年營收貢獻如何估算？

A:公司不便評論特定客戶或特定產品的合作細節，也不會進一步揭露個別客戶的 CPO 投資規模。不過公司強調，日月光是整體 CPO 發展過程中最積極的參與者之一，目前正與晶圓代工合作夥伴及終端客戶共同推動相關技術與量產。根據目前客戶提供的業務需求及公司掌握的訂單展望，預期 2027 年 CPO 營收將超過 US$500mn。

維持評等

中立(Neutral)

4Q26 展望優於市場共識

- **3Q26 財報符合預期，4Q26 淡季不淡**
- **HPC & Edge AI 中長期營收占比目標 30%**
- **PC 市場持續疲弱，網通/車用/IoT 穩健成長**

3Q26 財報符合預期，4Q26 淡季不淡：瑞昱 3Q26 營收 377.3 億元(QoQ+0%，YoY+28%)，毛利率 47.5%(QoQ+0.5ppts)，低於市場共識 47.8%，因價格調整與產品組合優化使毛利率回升，EPS 8.05 元大致符合市場共識 8.09 元。公司認為 4Q 雖為傳統淡季，但產品組合與價格調整，營收未必會有季節性衰退，相較於市場共識衰退中個位數百分比，公司展望較為樂觀，2027 年則預期維持穩定成長，並預期毛利率於 2H26 逐步復甦。

HPC & Edge AI 中長期營收占比目標 30%：公司於伺服器與資料中心領域取得具體進展，產品涵蓋乙太網路、交換器、xPON、SSD 控制器與 USB Hub 等，並進一步研發高速 SerDes 以布局 SmartNIC、PCIe Retimer、光學控制器與 AOC 等市場。其中 100G 光學 PHY 驗證中，預期 2027 年顯著貢獻，400G/800G DSP 則於 2H27 推出。目前 HPC 與 Edge AI(包含車用、機器人等)營收佔比為高個位數，目標 2030 年提升至 30%以上。

PC 市場持續疲弱：3Q26 PC 解決方案持續季減，主因記憶體與 CPU 漲價壓抑需求，客戶並於 4Q26 進行年末庫存調整。研調機構預估 2027 年 PC 出貨量將持續衰退 4%，因此公司保守看待 PC 市場。然公司預期將透過乙太網路、音訊編解碼器、AI 攝影機控制器等產品提升單機價值，表現將優於 PC 整體市場。

網通、車用、IoT 穩健成長：網通業務受惠管理型交換器市佔提升與 Wi-Fi 7 滲透率擴大，營收維持穩定；Wi-Fi 8 預期於 2H27 量產。車用業務受惠乙太網路滲透率提升，帶動營收穩健成長。IoT 方案整合 AI、Wi-Fi、音訊與影像，推動營收呈現季增與年增。電視與遊戲機則受市場環境影響需求放緩。

評價：我們認為公司展望雖優於預期，然部分受惠產品漲價影響，維持「中立」建議，目標價 850 元(2027 年 EPS x 22 倍 PER)。

風險因子：PC 市場需求不如預期。

透過增加高附加價值產品比重提升競爭力

- **3Q26 營收與獲利符合我們與市場預期**
- **觸控與馬達產品出貨量提升帶動 3Q26 營收季增 9%**
- **產品再調漲空間有限，力求毛利率維持在 40%**

3Q26 營收持續成長，創 2023 年以來新高：盛群 3Q26 營收為 10.7 億元(YoY+42%，QoQ+9%)。營業毛利為 4.5 億元(YoY+57%，QoQ+2%)，毛利率從 2Q26 的 44.7%下滑至 41.8%，毛利率降低主要因 3Q26 並無一次性退款，整體產品毛利率變化不大。營業費用為 3.1 億元(YoY+10%，QoQ+5%)，費用提高主要來自隨業績成長的分紅增加；營業利益為 1.4 億元。歸屬母公司淨利為 1.4 億元。單季 EPS 為 0.61 元。

3Q26 營收成長主要來自於觸控與馬達產品出貨量提升：3Q26 MCU 營收為 8 億元(YoY+40%，QoQ+8%)，佔整體營收 75%。MCU 總出貨量為 132KK(YoY+27%，QoQ+4%)。營業比重整體變化不大，以安防產品和小型家電比重最高皆達 18%，健康保健產品為 13%。Touch MCU 出貨量為 25KK (YoY+54%，QoQ+21%)，成長主要來自中國客戶訂單持續回流。安防產品出貨量為 20KK(YoY+58%，QoQ+1%)。健康保健產品出貨量為 16KK(YoY+11%，QoQ+4%)。馬達(BLDC)產品出貨量為 6.2KK(YoY+57%，QoQ+73%)，季增幅度較高主要因部分客戶今年下單較晚，在 3Q26 才開始陸續交貨。RF 產品出貨量為 4.5KK(YoY+26%，QoQ+24%)。電動車產品出貨量為 3.4KK(YoY+30%，QoQ+26%)。

減少消費性產品比重，朝向高附加價值產品發展：7 月已公告調漲產品售價，多數客戶可接受漲價結果，預估 4Q27 MCU 營收比重增加，整體營收在產能受限下與 3Q26 相近，主要成長將來自於安防產品。2027 年受限於產業競爭態勢，再調漲產品售價的空間有限，2027 年晶圓廠將優先供應 AI 相關產品，公司希望在保有目前投片量的前提下爭取更多產能，因應產能限制，公司將增加高毛利 MCU 產品的比重，減少高度價格敏感的消費性產品，力求將整體毛利率維持在約 40%的水準。

我們考量目前 MCU 市場競爭激烈加上消費性電子需求疲弱，評價 PER 倍數從 20 倍下調至 17 倍，根據 2027 年的預估 EPS 3.5 元*17 倍 PER，目標價從 69 元下修至 60 元，仍維持增加持股評等。**風險因子:**晶圓廠產能、MCU 終端需求。

公司簡介：盛群半導體(Holtek Semiconductor) 為專業微控制器(MCU)IC 設計領導廠商，產品主要包括 8 位元與 32 位元 MCU IC 及其週邊元件之設計、研發與銷售，總部位於新竹科學園區。自 1998 年成立以來，盛群憑藉其在 8 位元與 32 位元 MCU 領域的深厚技術，已成為全球工業控制、家電、醫療與安全防護等應用的關鍵供應商。

光通訊相關布局

公司已布局光通訊模組 ELS 監測，主要搭配 NPO、CPO 量產進度，目前尚無大量生產。光通相關 SAN(存儲陣列網路)客戶在 4M27 會導入量產，出貨量約 1KK，未來發展方向會更朝向 SAN。

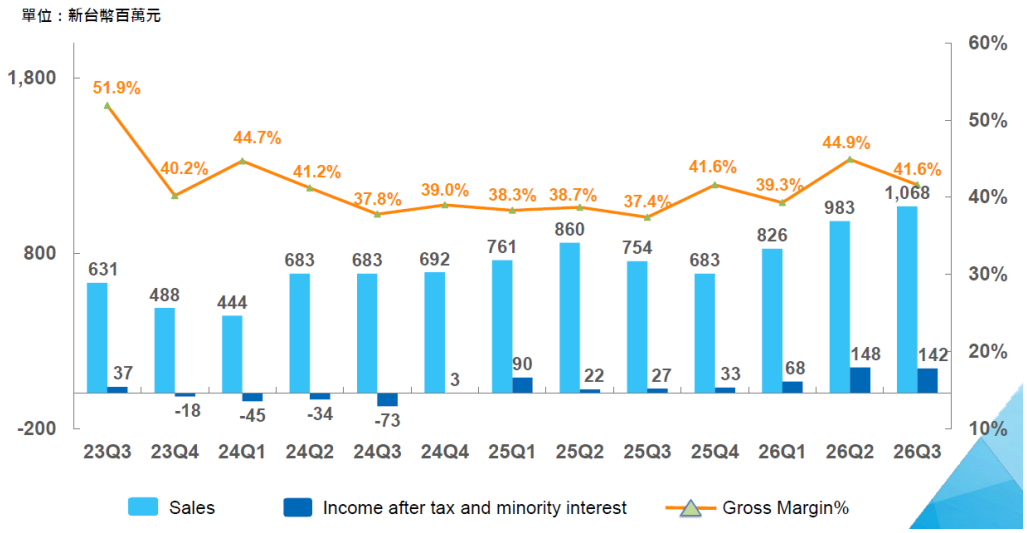
Edge AI 與工控

針對 Edge AI，公司在 2026 年已有展示指紋辨識、離線語音識別功能產品，語音可辨識 150 個指令，並導入 AI 演算法，可透過平台直接訓練 AI，訓練完成後可下載到 MCU 直接使用。針對工控布局，公司推出絕對編碼器，可加快進行機械手臂定位，提升工廠運作效率。

電磁爐產品

受中東戰爭帶動電磁爐需求，2026 年電磁爐出貨數翻倍至 18KK，雖在中國和印度市場衰退，但公司電磁爐產品主要市場為歐美，目前總訂單沒有減少，最大客戶美的持續有在下單，2027 年應可維持 2026 年水準。

圖表一、各季度營運表現



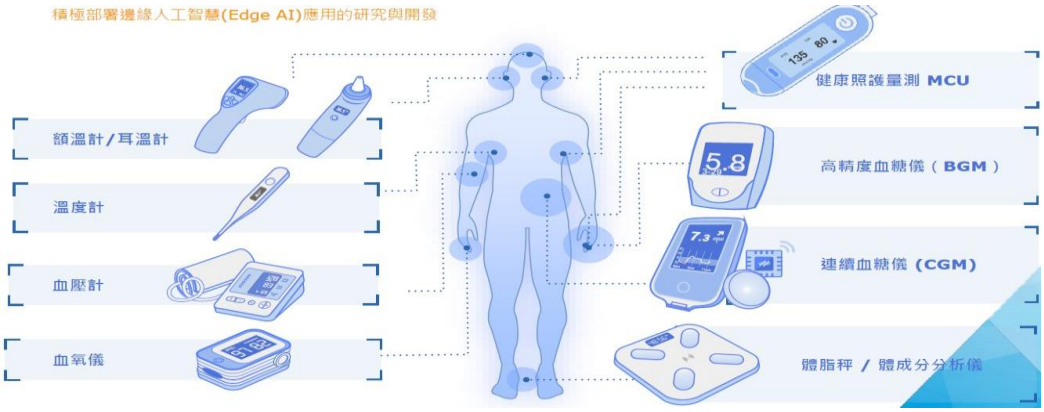
資料來源:盛群，中信投顧整理

圖表二、安全防護市場應用

資料來源:盛群，中信投顧整理

安防產品訂單能見度最高，客戶已下單至 3Q27，持續有新的方案導入與新的客戶加入。

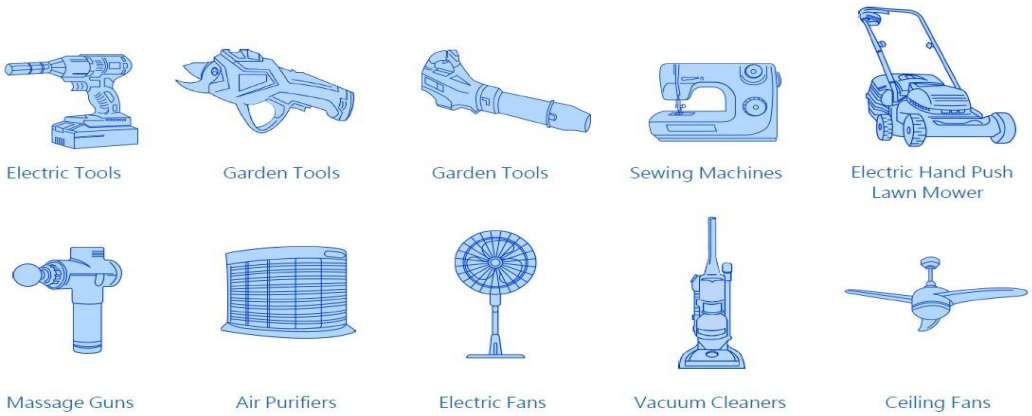
圖表三、健康保健市場應用



資料來源:盛群，中信投顧整理

健康產品能見度到 2Q27，每季出貨數約穩定在 15KK。

圖表四、馬達市場應用



資料來源:盛群，中信投顧整理

3Q26 馬達(BLDC)季增幅度較高主要因部分客戶今年下單較晚，於 3Q26 才開始陸續交貨，預估馬達營收 4Q26 會較 3Q26 降低一些。馬達目前主要出貨產品為電動工具和園林工具，其餘多為小家電，整體單價較低。馬達產品在印度市場成長性良好，產品主要為低壓吊扇。公司已成功切入伺服器散熱風扇，預估 1H27 訂單出貨量約 1.8KK，單價與毛利率高於一般產品，目前出貨給單一個客戶，公司與該客戶有其他案件正在進行，也有其他客戶正在洽談。除開發低壓吊扇、伺服器散熱風扇，公司也有在開發水冷散熱風扇，目前進度仍在早期階段，實際貢獻要等到 2028 年。

圖表五、智慧物聯網應用

Advantech (2395.TW)

3Q26 First Take: Strong Earnings Beat but Cost Pressures Persist

CITI'S TAKE

Advantech reported 3Q26 net profits of NT$6.2bn (+38% q/q and +125% y/y), beating our/BBG est by 35%/28%, driven by stronger sales, op leverage and higher non-op income. While GPM declined further q/q on component inflation, robust sales growth supported OPM expansion. A BB ratio of 1.6x also points to healthy near-term momentum. We maintain Neutral as rich valuation already reflects much of the improving demand outlook, while material/component price inflation and gradual cost pas through remain margin risks. Advantech will host its results call on Nov 4th. We will provide further color and update our forecasts accordingly.

Neutral

Price (29 Oct 26 13:30)	NT$673.00
Target price	NT$670.00
Expected share price return	-0.4%

Angela Hsu[AC]
+886-2-8726-9083
angela.hc.hsu@citi.com

3Q recap - strong op leverage offset GPM pressure — 3Q26 net profits (+125% y/y) topped our/BBG estimates 35%/28% respectively owing mostly to stronger sales and larger degree of op leverage. Sales reached a record NT$32.4bn (+24% q/q and +83% y/y), 23%/12% above Citi/BBG estimate, which can be attributable to strong demand in edge AI, semi equipment and smart healthcare applications. GPM fell to 36.7% (-1ppt q/q and -2.2ppt y/y) below Citi/BBG estimates of 38.0%/37.6%, reflecting higher component prices. Nevertheless, OPM expanded to 20.9%, underpinned by strong op leverage on higher sales scale. OP profits +151% y/y beat Citi/BBG forecast 33%/21%, the key driver to the earnings beat.

Implications — Strong order intake is encouraging with 3Q BB ratio reaching 1.6x and NA particularly robust at 2.1x. However, we believe the stock's rich valuation limits further re-rating potential, particularly as a higher comparison base could moderate growth in 2027E. Continued GPM compression also reinforces our concerns over material/component inflation and the timing of price increases to offset higher costs. Advantech will host 3Q26 results call on Nov 4th. We will revisit our numbers and share key takeaways following management's updates.

Advantech

Valuation

Our target price of NT$670 is based on 35x 2H26-1H27E EPS, at the high-cycle of the stock's valuation range between 20-35x since 2020, reflecting solid BB ratio, improving margin profile and ROE.

Risks

Key upside risks that could cause Advantech's shares to trade above our target price include: 1) better-than-expected marcoeconomic outlook; and 2) better-than-expected demand and margin profile. Key downside risks would include: 1) slower-than-expected demand recovery, especially the China market; and 2) further deterioration of demand in US and EU markets.

If you are visually impaired and would like to speak to a Citi representative regarding the details of the graphics in this document, please call USA 1-888-500-5008 (TTY: 711), from outside the US +1-210-677-3788

Appendix A-1

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Rating/target price changes above reflect Eastern Time

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Advantech in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Advantech.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Advantech.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to Advantech. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks. **Risk rating** takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside

call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Angela Hsu

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the

restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

ASE Technology Holding (3711.TW)

LEAP growth to drive margin expansion. Significant CPO ramp in 2027

CITI'S TAKE

ASEH reported an upbeat 3Q26 result with NP reach NT$27bn (up 28% QoQ and 148% YoY) thanks to stronger UTR, and across traditional packaging and testing and a richer product mix as LEAP ramps. Management attributed the latest improvement mainly to LEAP growth and broader utilization gains, with a supportive pricing environment. It expects sequential margin expansion to continue into 2027 and described the previous structural margin ceiling 30% as a new baseline for IC ATM. For 4Q26, consolidated GM is guided to 23–24% (vs 3Q26 22.1%); Looking into 2027, management expects LEAP revenue to double, with further GM expansion. As demand remains ahead of available capacity, we reiterate our positive view on ASEH with higher TP of NT$908.

LEAP, CPO and full-process services — Management now expect its 2026 LEAP revenue to be more than US$4bn and reiterated its expectation for LEAP revenue to double in 2027. Demand is strong across assembly and test, but capacity constraints are limiting how quickly ASEH can meet customer needs. Full-process revenue is expected to reach about US$300m in 2026 and exceed US$1bn in 2027, supported by multiple customer engagements. ASEH expects more than US$500m of CPO revenue in 2027, which would be included within LEAP, with mass production to begin in 4Q26. As Nvidia previously announced the engagement with SPIL (Taiwan News 22 Oct) with aggressive capacity expansion, we see more structural upside for its CPO revenue into 2028 onward.

Capacity expansion and capex go higher — ASEH raised its 2026 capex outlook to US$11.5bn, and expects 2027 capex to be higher than 2026 as it expands capacity and continues its R&D investment; funding may include multiple sources, including customer trade-finance arrangements. ASEH has 22 building projects underway in Taiwan, more than half are expected to begin contributing some revenue by the end of 2027. Management said assembly growth should outpace testing growth next year, with investment priorities favoring assembly and wafer probing over final test under current resource constraints.

Maintaining Buy on positive long term outlook — On the back of its structural GM upside and more LEAP revenue contribution, we lift our 2026/2027/2028 earnings projection by 12%/18%/16%. We maintain Buy with TP NT$908, based on an unchanged 25x 2027 EPS.

Stable traditional businesses and EMS outlook — Traditional packaging and test demand is improving, supported by utilization gains and a recovery in automotive and industrial, as well as AI-adjacent chips. Management expects general-market business to grow again in 2027, despite softer smartphone and PC demand. For 2027, ASEH expects further EMS growth, led by high-performance computing, and is pursuing system-level solutions that combine EMS capabilities with ATM technologies.

LEAP upside intact; GM upward trend structural

Following the solid 3Q26 result, it expects 4Q26 consolidated revenue to grow 6–8% QoQ, with gross margin of 23–24% and operating margin of 14.5–15.5%. ATM revenue is forecast to increase 11–13% QoQ, with GM improving 100–200 bps. EMS revenue is expected to be flat QoQ, with an operating margin of about 2%.

Looking into 2027, management expects LEAP revenue to double, with further GM improvement as LEAP ramps and utilization rises across traditional packaging and test. Demand remains ahead of available capacity: assembly is expected to grow faster than test, with investment prioritizing assembly and wafer probing. Full-process revenue is projected to exceed US$1bn in 2027, while CPO is expected to contribute more than US$500m. Capacity and facility space remain key constraints; ASE plans to increase capex to US$11.5bn in 2027 given its raised 2026 outlook. It also expects traditional-market growth to continue, supported by automotive, industrial and AI-adjacent demand, despite softer smartphone and PC markets.

On the back of its structural GM upside and more LEAP revenue contribution, we lift our 2026/2027/2028 earnings projection by 12%/18%/16%. We maintain Buy with TP NT$908, based on an unchanged 25x 2027 EPS.

Adding Upside 90-Day Short-Term View on ASE Technology Holding (3711.TW)

Direction:	**Upside**
Duration:	Within 90 Days
Category:	Thematic driven

We see its structural GM upside and more LEAP revenue contribution to support its share price performance in the coming months.

Bull/Bear: ASE Technology Holding (3711.TW)

NT$ 1,000.00 ▲46% Upside | NT$ 908.00 ▲33% Upside | NT$ 500.00 ▼27% Downside

Spread 73pp
Current Price and expected returns (upside/downside) as of 29 Oct 2026

BULL Assumptions

- Stonger-than-expected margin expansion
- Higher-than-expected utilization rate

BASE Assumptions

- Solid development in LEAP business
- Long-term operating margin maintained at >12%

BEAR Assumptions

- Muted revenue growth with margin contraction
- Lower-than-expected utilization rate

ASE Technology Holding

Company description

Advanced Semiconductor Engineering (ASE), incorporated in 1984 and listed at the TWSE in 1989, is one of the world's leading companies in the semiconductor packaging and testing sector. In June 2016, ASE entered into a Joint Share Exchange Agreement with SPIL under which ASE Industrial was eventually to be formed as a holding company with 100% equity interests in both ASE and SPIL. ASE Industrial was listed on Taiwan's main board on April 30, 2018, the same day on which ASE and SPIL were delisted.

Investment strategy

We have a Buy rating on ASE Holding. The combined ASE-SPIL entity is the highest-quality OSAT worldwide, in our view, with its market share leadership, superior operations, economies of scale, and customer/product diversification. Conditions imposed by the Chinese government on the ASE-SPIL merger, which required them to operate independently, were lifted in 2020. Consequently, we believe ASE Holding will benefit from further revenue and operating synergies as well as the trend for advanced packaging.

Valuation

Our target price of NT$908 is based on 25x 2027 EPS average. Our PER is higher than its five-year range as we expect ASEH to see accelerating earnings growth in the coming years with GM at upward expansion trend, mainly driven by its promising outlook in LEAP business and strong expansion for long-term AI demand. At our target price, the shares would trade at a 2026/27E P/B of 10x/8x.

Risks

Key downside risks that could prevent ASE shares from reaching our target price include: 1) poor efficiency and less synergy created from merger with SPIL; 2) failure to gain market share in advanced packaging; 3) industry oversupply due to aggressive capacity expansion; 4) severe pricing erosion due to competition; and 5) a longer-than-expected semiconductor inventory correction.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from ASE Technology Holding in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: ASE Technology Holding.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: ASE Technology Holding.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to ASE Technology Holding. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between

institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign “Rating Suspended” status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as “—“ and “-“ respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned “Under Review” status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views (“STV”) Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock’s fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned

to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Jack Chen; Laura (Chia Yi) Chen; Nicholas Lai

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be

deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or

recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

securities which are not allowed to be offered or traded in the Republic of China (Taiwan), neither the Product nor any information contained in the Product shall be considered as advertising the securities or making recommendation of the securities in the Republic of China (Taiwan). The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security or financial products. Any decision to purchase securities or financial products mentioned in the Product must take into account existing public information on such security or the financial products or any registered prospectus.

The Product is made available in **Thailand** through Citicorp Securities (Thailand) Ltd., which is regulated by the Securities and Exchange Commission of Thailand. 399 Interchange 21 Building, 18th Floor, Sukhumvit Road, Klongtoey Nua, Wattana ,Bangkok 10110, Thailand.

Disclosure for investors in the Republic of Turkey: The Product is made available in **Turkey** through Citibank AS which is regulated by Capital Markets Board. Tekfen Tower, Eski Buyukdere Caddesi # 209 Kat 2B, 23294 Levent, Istanbul, Turkey. Under Capital Markets Law of Turkey (Law No: 6362), the investment information, comments and recommendations stated here, are not within the scope of investment advisory activity. Comments and recommendations stated here rely on the individual opinions of the ones providing these comments and recommendations. These opinions may not fit to your financial status, risk and return preferences. For this reason, to make an investment decision by relying solely to this information stated here may not bring about outcomes that fit your expectations. Furthermore, Citi Research is a division of Citigroup Global Markets Inc. (the "Firm"), which does and seeks to do business with companies and/or trades on securities covered in this research reports. As a result, investors should be aware that the Firm may have a conflict of interest that could affect the objectivity of this report, however investors should also note that the Firm has in place organisational and administrative arrangements to manage potential conflicts of interest of this nature.

In the **U.A.E**, these materials (the "Materials") are communicated byCitigroup Global Markets Limited, DIFC branch ("CGML"), an entityregistered in the Dubai International Financial Center ("DIFC") andlicensed and regulated by the Dubai Financial Services Authority ("DFSA",license #CL0221) to Professional Clients and Market Counterparties, as definedin DFSA regulations, only and should not be relied upon or distributed toRetail Clients. Financial products and/or services to which the Materialsrelate will only be made available to Professional Clients and MarketCounterparties. Citigroup Global Markets Limited DIFC Branch registered addressis Level 3, Gate District Building 02, Dubai International Financial Centre andcan be contacted on +971 4 509 97 90.

The Product is made available in **United Kingdom** by Citigroup Global Markets Limited, which is authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA. This material may relate to investments or services of a person outside of the UK or to other matters which are not authorised by the PRA nor regulated by the FCA and the PRA and further details as to where this may be the case are available upon request in respect of this material. Citigroup Centre, Canada Square, Canary Wharf, London, E14 5LB.

The Product is made available in **United States** and **Canada** by Citigroup Global Markets Inc., which is a member of FINRA and registered with the US Securities and Exchange Commission. 388 Greenwich Street, New York, NY 10013.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a

subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the online version available on the Firm's proprietary electronic distribution platforms.

Chroma ATE (2360.TW)

3Q26 Mix Weighed on Margins; Robust Growth Outlook Intact

CITI'S TAKE

We maintain Buy on Chroma ATE and lift our TP to NT$2,900 (from NT$2,500) on 40x 2027E raised earnings. While 3Q26 GPM slipped 3ppt QoQ, we view the dip as a temporary product mix shift (China ESS battery) and should return to normalized 60%+ level over time. Net profit still beat expectations on strong revenue growth and operating leverage. We see robust structural growth ahead across AI power, SLT, photonics, with CPO offering significant upside potential as scale-out product enters mass production next year, driving 4-5x testing tool demand. We stay positive on Chroma.

3Q26 GPM missed on product mix, profit beat — Revenue (pre-announced) grew 180% YoY (+33% QoQ) to another record-high of NT$17.9bn driven by strong AI server power testing (ATS: +147% YoY) and semi/photonics (nearly 3x YoY). GPM fell 3ppts QoQ to 57.5% (below Street/Citi est. of 61.8%/61.2%) largely due to China ESS battery bulk delivery, while like-on-like GPM remained stable. Opex grew 58% YoY on expanded scale and employee bonuses. Net profit 3x YoY to NT$5.6bn, at 8%/15% above Street/Citi est.

Outlook remains strong, CPO offers significant growth potential — CPO customer intends to complete pilot phase by end-2026. Chroma already received 1Q27 PO for Spectrum mass production. Tester demand for Insertion 3 could be 4-5x entering mass production (vs. pilot run) and expand by multiple times for future Quantum.

SLT growth broadening across customers — SLT revenue already doubled YoY this year. Looking ahead, mgmt. sees increasing SLT adoption at new customers. New inference capacity build (CPU, LPU, ASIC) could drive SLT demand 4Q26-1H27.

New products for additional growth — ATC handlers have obtained qualifications at HPC and CSP customers, with revenue expected in 2027 given the orders on hand. Burn-in has an initial CSP customer, with new HPC customer expected next year. Mgmt. sees industry trend from wafer burn-in towards die burn-in.

Raise forecast & TP; Buy — We view the 3Q26 GPM dip a temporary hiccup due to product mix shift, which should bounce back as ESS battery contribution falls in 4Q. Overall growth outlook remains robust, with CPO ramp drives upside potential. We lift our 2027E/28E EPS forecast to NT$72/90 to reflect the strong growth outlook. Our new TP of NT2,900 is based on an unchanged 40x 2027E P/E.

Chroma ATE

Company description

Chroma ATE is a leading supplier of testing and instrumentation equipment, automated testing systems (ATS), and turnkey solutions. Its products are used for testing power electronics, semiconductor, IC, EV component, display, and other electronics applications.

Investment strategy

We rate Chroma Buy as we expect structural and robust growth ahead, driven by: 1) strong power tester demand for AI data center/servers; 2) expanding SLT (system level testing) demand driven by new generation model launch and new customers ramp-up; 3) strong metrology growth from increasing foundry capex investment in advanced packaging; and 4) solid silicon photonics equipment demand, with CPO a key incremental upside.

Valuation

Our target price of NT$2,900 is based on 40x 2027E P/E, at close to 1x PEG. Chroma shares have re-rated above its historical range as its growth outlook is now strongly tied to AI infrastructure build out. We estimate 60%+ of its revenue are now AI-related, with strong growth across product segments including power testers, SLT, metrology, and photonics. Chroma has a commanding market share in most of these segments and well positioned to capitalized on the global AI expansion.

Risks

Downside risks to achieving our target price include: 1) softer AI/CPO growth expectation due to changes in capex outlook or production bottleneck; 2) fewer SLT needed as a result of shortened cycle time as GPU yield rate improves; 3) disappointing metrology shipment due to changes at ramp-up schedule; 4) testing process change leading to loss in market share; 5) FX risks (50-60% of Chroma's sales are in US$, 10-20% in Rmb).

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than (a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each

issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Rating/target price changes above reflect Eastern Time

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign “Rating Suspended” status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as “—“ and “-“ respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned “Under Review” status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views (“STV”) Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock’s fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:
The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies (“private companies”) referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are

not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Asia Limited	Karen Huang; Kevin Chen; Kyna Wong; Yiming Li, CFA

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel,

this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the

Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

Citigroup Centre, Canada Square, Canary Wharf, London, E14 5LB.

The Product is made available in **United States** and **Canada** by Citigroup Global Markets Inc., which is a member of FINRA and registered with the US Securities and Exchange Commission. 388 Greenwich Street, New York, NY 10013.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Delta Electronics (2308.TW)

Inventory provisions weighed on 3Q26 margins; Sequential recovery expected in 4Q26

CITI'S TAKE

Delta's 3Q26 earnings were below market expectations due to component shortages and delays in AI data center deployment. GM down 1.6ppts QoQ to 34.1%, reflecting inventory provisions equivalent to 1.7% of revenue, while OPM remained resilient at 16.6% on operating leverage. AI-related businesses now account for approximately 50% of revenue. Management attributed elevated inventory to mismatches between component availability and customer shipment schedules. As shipments resume and inventories normalize, Delta expects revenue to grow sequentially in 4Q26, with GM unlikely to deteriorate further. Despite near-term supply chain volatility, we see the structural power content value upward trend intact. Maintaining Buy with NT$1,715.

Higher power density to drive content growth — The migration toward higher-power server architectures requires increasingly sophisticated power conversion, distribution, and thermal management solutions, supporting higher power content per rack. Management views Delta favorably to capture these opportunities. Nevertheless, rapid product transitions and uneven component availability could create temporary inventory mismatches, particularly as suppliers prioritize higher-margin products at the expense of legacy components. In our view, given higher density GPU/ASIC rack shipment ready in bigger volume into next year, we expect a sequential growth outlook ahead.

HVDC transition ongoing, but big volume ramp could be more 2H27 onward — Delta already began shipping ±400V HVDC solutions in 3Q26. Management expects HVDC adoption to expand significantly over time, given its advantages in power conversion efficiency, distribution losses, and overall energy management. However, shortages of qualified electricians, particularly in the US, could delay installations. We expect more penetration of 800V HVDC with Rubin Ultra NVL576 ramping into late 2027.

Lower TP, maintaining Buy on long term growth trend — Lower earnings projection on power shortages, labor constraints, financing conditions, and regulatory uncertainties could create quarterly shipment volatility, but we believe multiyear AI infrastructure growth cycle remains intact. We maintain Buy with TP NT$1,715 (based on lower PER of 35x of 2027 EPS, from 40x previously).

3Q Result Miss, Expecting Recovery in 4Q26

Delta's 3Q earnings and GM were below expectation due to component shortages and delays in data center deployment. GM declined 1.6ppts QoQ to 34.1%, primarily reflecting inventory provisions equivalent to 1.7% of revenue, driven by supply chain mismatches, customer delivery postponements, and product specification adjustments. Nevertheless, OPM remained resilient at 16.6%, broadly flat QoQ and YoY, supported by operating leverage.

Management indicated that AI-related businesses across its four divisions now account for approximately 50% of consolidated revenue, highlighting Delta's increasing exposure to AI infrastructure investment. Management remains confident in Delta's competitive positioning, particularly its integrated capabilities spanning power conversion, power distribution, thermal management, and infrastructure solutions. Although the industry continues to face component shortages, especially for certain power semiconductor devices, Delta believes its supply chain management capabilities compare favorably to competitors. The company also plans to establish a major manufacturing facility in Penang, Malaysia, leveraging the region's established infrastructure supply chain and engineering talent.

HVDC Adoption and SOFC Commercialization Create Additional Long-Term Growth Opportunities

Delta expects the transition toward high-voltage DC power architecture to accelerate as AI rack power density continues to increase. The company began shipping ±400V HVDC solutions in 3Q26, while NVIDIA is promoting 800VDC architectures for next-generation AI infrastructure. Management believes HVDC adoption will eventually become widespread given its potential to improve power conversion efficiency and reduce distribution losses, although standardization, installation requirements, and shortages of qualified electrical workers could constrain the near-term rollout. Beyond power conversion, Delta is developing solid oxide fuel cell (SOFC) solutions to address growing demand for distributed power generation. The company plans to begin commercial production in 2027, with an initial manufacturing line providing approximately 100MW of annual capacity, primarily supporting customer qualification and pilot installations. Initial

customers include domestic utility and industrial users, alongside several overseas customers. Management emphasized that SOFC shipments will remain limited initially as the company prioritizes product reliability and qualification.

4Q26 Recovery Expected as Inventory Normalizes, with Positive Growth Outlook for 2027

Management expects revenue to increase sequentially in 4Q26 as delayed customer deliveries resume and inventory begins to normalize. Gross margin should improve from 3Q26 levels, although management remained cautious given potential year-end inventory adjustments. The 3Q26 inventory provisions largely reflected customer-specific products rather than structural obsolescence, and some provisions could potentially be reversed following successful deliveries. Nevertheless, management acknowledged that inventory buffers will likely remain structurally higher than historical levels to accommodate volatile AI infrastructure deployment schedules. Raw material costs have increased approximately 2% year-to-date, prompting ongoing pricing negotiations with customers, with limited recovery expected in 4Q26 and a more meaningful impact in 2027. Operating expenses will continue increasing in absolute terms to support R&D and capacity expansion. Management remains positive on 2027 revenue growth, although it did not provide quantitative guidance. Separately, management expects no near-term shipment disruption from the ongoing Vicor intellectual property litigation.

We lower earnings projection on power shortages, labor constraints, financing conditions, and regulatory uncertainties could create quarterly shipment volatility, but we believe its multiyear AI infrastructure growth cycle intact. We maintain Buy with TP NT$1,715 (based on lower PER of 35x of 2027 EPS, from 40x previously)

Delta Electronics

Company description

Delta was established in 1975 and is the world's leading computer switching power supply manufacturer. Its business is divided into: 1) Power Electronics (59% of 2022 revenue), including Switching Power Supply, Components, Display and EV Solution; 2) Infrastructure (27% of revenue), including Wind power, Telecom power, UPS, EV Infrastructure, Networking; 3) Automation (14% of revenue), including Industrial Automation (IA), Building Automation; and 4) Others (<1% of revenue).

Investment strategy

We rate Delta Electronics shares as Buy due to its strong execution and the ability to expand margin through favorable product mix shift to AI power and thermal solutions. We believe EV business slowdown is in the price, and we expect margins to improve driven by AI solution spec upgrades and expanding business scale. Delta is now positioning itself as an infrastructurer enabler rather than a pure component supplier, which deepens its key position in the AI supply chain.

Valuation

Our target price for Delta Electronics of NT$1,715 is based on 35x 2027E EPS estimate. Our target multiple is set at the higher end of its trading range since 2023, which we believe is warranted by Delta's strong earnings growth and better product mix prospects. We also believe the company's leading industry position, long product development cycle, and strong engagement with customers should translate into high orders/earnings visibility.

Risks

Key downside risks that could impede the stock from reaching our target price are: 1) lower contribution from non-PC businesses; 2) products in the new businesses (LED lighting, electric vehicle, and Voice) growing more slowly than expected; and 3) PC power supply losing market share.

Citigroup Global Markets Inc. or its affiliates has received compensation for investment banking services provided within the past 12 months from Delta Electronics.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Delta Electronics in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as investment banking client(s): Delta Electronics.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Delta Electronics.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Delta Electronics.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to Delta Electronics. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds

15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Jack Chen; Michael Hung; Laura (Chia Yi) Chen; Nicholas Lai

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain

prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the “Order”), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority (“ISA”) and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm’s institutional and retail clients via the Firm’s proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client’s individual preferences as to the frequency and manner of receiving communications from analysts, the client’s risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the

restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.

Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information

confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the online version available on the Firm's proprietary electronic distribution platforms.

Realtek (2379.TW)

Positive outlook on resilient specs migration demand

CITI'S TAKE

Realtek reported a solid 3Q26 result with net profit at NT$4,126m, which grew 8% QoQ and 20% YoY. It was better than our estimates and largely in line with Street's (Bloomberg) as GM/OPM has shown recovery to reach 47.4%/11.0% (vs. 47.0%/9.9% in 2Q26). The management expects 2Q26 to mark the margins trough; with its price hike initiative from 3Q, we expect more meaningful GM improvement in 4Q and GM should hold up well at c50% level for 2027. For revenues, the company is guiding for 0-5% QoQ growth in 4Q driven by strength in networking and automotive with upside potential if it can secure more upstream capacity. And early glance into next year suggest at least double digit sales growth supported by ongoing infrastructure upgrades and high-bandwidth. Given improving outlook and emerging AI angle, we reiterate our Buy rating and raise TP to NT$900.

Steady specs upgrade trend to drive margin and sales outlook— We are seeing continued specs upgrade for multi-gig, 10G PON and rising penetration of Wi-Fi 7, alongside continued ramping of managed switches to lead to Realtek's outperformance in the industry. Specifically managed switches continue to gain share across telecom/enterprise clients. Wi-Fi 7 penetration in PCs and routers would reach 30% in 2026 and would further rise to c40% in 2027 with new customer platform launches. Company also targets Wi-Fi 8 products to ramp by 2H27.

increasing AI exposure — Realtek has defined its AI exposure to include HPC (server application) and edge AI (autonomous vehicles, humanoid robotics and personal supercomputer application). Its AI sales now contribute HSD% of overall sales and the management is expecting it to grow to >30% contribution in the mid-to long-term. We believe the company is targeting this market through its offering in Ethernet switch, SmartNICs, PCIe Retimers/Redrivers, optical controllers, etc. to further expand its content value in the AI supply chain. Additionally, we also acknowledge its AI ASIC engagements are in early customer discussions leveraging its high-speed connectivity and interface IP.

Maintain Buy and raise TP to NT$900 — we raise our 2027/28E EPS by 15%/15% as we see more solid growth outlook and share gains potential in its networking segment. As we see its specs upgrade cycle to continue support its sales and margin outlook, we are raise our target PER to 20x (from17x), which is slightly higher than its 3-year PER average, and move forward our valuation base year to 2027. We reiterate Buy and raise TP to NT$900 (20x 2027 EPS).

Earnings Summary

Year to 31 Dec	Net Profit (NT$M)	Diluted EPS (NT$)	EPS growth (%)	P/E (x)	P/B (x)	ROE (%)	Yield (%)

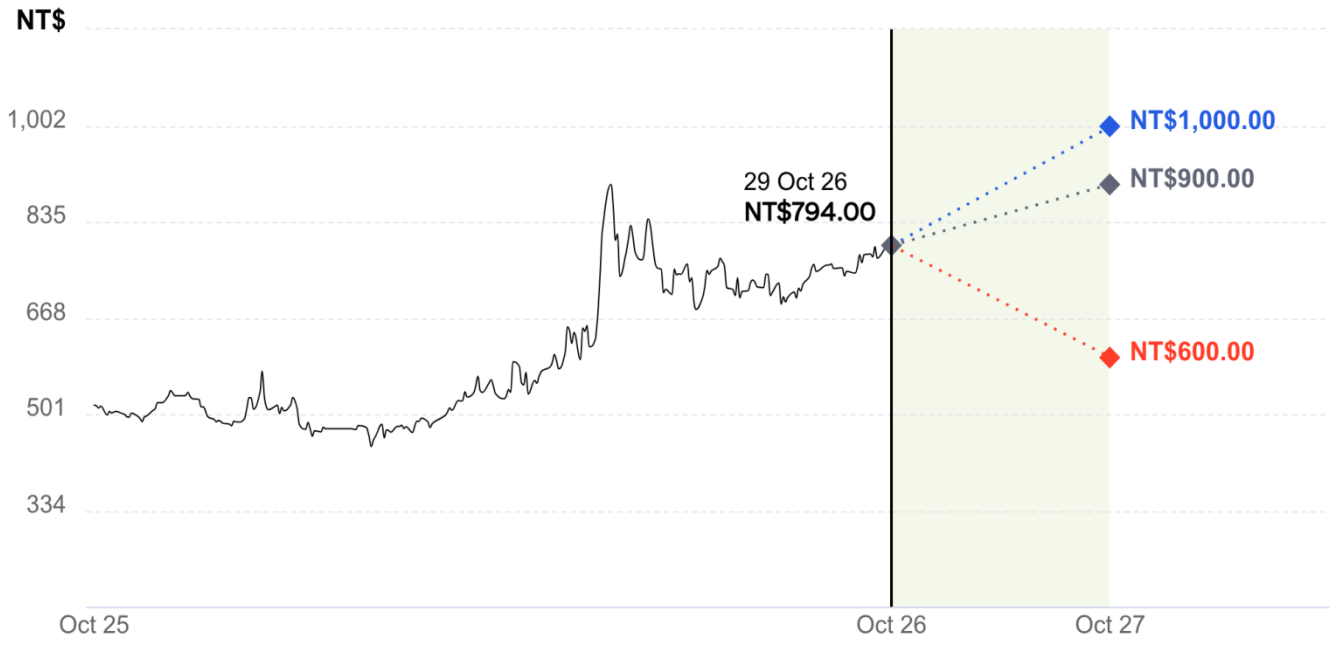
Bull/Bear: Realtek (2379.TW)

NT$ 1,000.00 ▲26% Upside

NT$ 900.00 ▲13% Upside

NT$ 600.00 ▼24% Downside



Spread 50pp
Current Price and expected returns (upside/downside) as of 29 Oct 2026

BULL Assumptions

- Stronger-than-expected growth momentum for automotive Ethernet sales
- Better-than-expected PC/NB and consumer electronic demand

BASE Assumptions

- 2027E GM to sustain at around 50%
- Our base case TP is based on our target PER of 20x to our 2027 average EPS estimates

BEAR Assumptions

- Weaker-than-expected growth momentum for automotive Ethernet sales
- Worse-than-expected PC/NB and consumer electronic demand
- Slower-than-expected GM expansion due to pricing competition from peers

Realtek

Company description

Founded in 1987, Realtek is a leading fabless semiconductor with headquarters in Hsinchu, Taiwan. It has an extensive global footprint with operational offices in China, Japan, Korea, Singapore, and the US. Realtek's product portfolio is well-diversified; generally, it can be categorized into three business groups: Communications Network (Wi-Fi, Bluetooth, automotive Ethernet, PC Ethernet, switch, etc.), Computer Peripherals (audio codec, clock IC, card reader, IP cam SoC, USB hub controller, Type-C controller, SSD controller) and Multimedia (TV SoC, LCD controller, STB SoC, etc.).

Investment strategy

We rate the shares Buy. We believe Realtek is well-positioned to ride on continued specs upgrade demand for WiFi, switch and 10G PON as well as the strong advancements in the automotive and IoT sectors. In the long term, we believe Realtek's cost-effective, high-performance, and comprehensive wired and wireless solutions should become more critical with the growing connectivity requirement at the edge.

Valuation

Our target price for Realtek is set at NT$900 based on our target PE multiple of 20x to our 2027 EPS. We believe our PER of 20x, higher than its 3-year forward PER average, is justified by its solid growth opportunity in automotive and switch/PON business. We also believe its continued efforts in products mix optimization should help to support its margins expansion. At our target price, the shares would trade at a 2026/27E P/B of 8x/6x.

Risks

Key downside risks to our target price include: 1) Slowdown in technology migration for its networking business; 2) Weaker-than-expected growth momentum for automotive Ethernet sales; 3) Worse-than-expected PC/NB and consumer electronic demand; 4) Slower-than-expected GM expansion due to pricing competition from peers; and 5) Higher-than-expected memory cost burden to dampen the order outlook from its networking and PC/NB clients.

Appendix A-1

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than

(a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Realtek in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Realtek.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Realtek.

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may

engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Citi Research Equity Ratings Distribution

	12 Month Rating			Catalyst Watch		
Data current as of 01 Oct 2026	**Buy**	**Hold**	**Sell**	**Buy**	**Hold**	**Sell**
Citi Research Global Fundamental Coverage (Neutral=Hold)	61%	32%	7%	36%	48%	16%
% of companies in each rating category that are investment banking clients	39%	43%	30%	42%	38%	36%

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks.
Risk rating takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign “Rating Suspended” status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as “—“ and “-“ respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned “Under Review” status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views (“STV”) Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock’s fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:
The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES
The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Jack Chen; Laura (Chia Yi) Chen; Nicholas Lai

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the "Order"), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This

research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority ("ISA") and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm's institutional and retail clients via the Firm's proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client's individual preferences as to the frequency and manner of receiving communications from analysts, the client's risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S.

investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

For this reason, to make an investment decision by relying solely to this information stated here may not bring about outcomes that fit your expectations. Furthermore, Citi Research is a division of Citigroup Global Markets Inc. (the "Firm"), which does and seeks to do business with companies and/or trades on securities covered in this research reports. As a result, investors should be aware that the Firm may have a conflict of interest that could affect the objectivity of this report, however investors should also note that the Firm has in place organisational and administrative arrangements to manage potential conflicts of interest of this nature.

In the **U.A.E**, these materials (the "Materials") are communicated byCitigroup Global Markets Limited, DIFC branch ("CGML"), an entityregistered in the Dubai International Financial Center ("DIFC") andlicensed and regulated by the Dubai Financial Services Authority ("DFSA",license #CL0221) to Professional Clients and Market Counterparties, as definedin DFSA regulations, only and should not be relied upon or distributed toRetail Clients. Financial products and/or services to which the Materialsrelate will only be made available to Professional Clients and MarketCounterparties. Citigroup Global Markets Limited DIFC Branch registered addressis Level 3, Gate District Building 02, Dubai International Financial Centre andcan be contacted on +971 4 509 97 90.

The Product is made available in **United Kingdom** by Citigroup Global Markets Limited, which is authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA. This material may relate to investments or services of a person outside of the UK or to other matters which are not authorised by the PRA nor regulated by the FCA and the PRA and further details as to where this may be the case are available upon request in respect of this material. Citigroup Centre, Canada Square, Canary Wharf, London, E14 5LB.

The Product is made available in **United States** and **Canada** by Citigroup Global Markets Inc., which is a member of FINRA and registered with the US Securities and Exchange Commission. 388 Greenwich Street, New York, NY 10013.

Unless specified to the contrary, within EU Member States, the Product is made available by Citigroup Global Markets Europe AG ("CGME"), which is regulated by the European Central Bank and the German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht-BaFin).

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.

Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the

online version available on the Firm's proprietary electronic distribution platforms.

Yageo (2327.TW)

3Q26 Beat on Margin Expansion; Cut TP on Continued Multiple Compression; Structural Thesis Intact

CITI'S TAKE

Yageo's 3Q26 results beat across margins and scale, with GPM reaching a cycle-high and AI-related mix climbing to 20%. Mgmt's 4Q26 guidance for slight revenue growth and further margin improvement, alongside UTR guided above 95%, reinforces our view that effective capacity continues tightening even as 2027 capacity expansion plans are confirmed. The BB ratio's dip to c.2 reflects a higher billing base rather than softening demand. We raise our 2026E-28E EPS forecasts by 3-6% on stronger margins and guidance. That said, we adjust our TP to NT$1,000 (from NT$1,450), applying 23x avg. 2027E-28E EPS to reflect continued compression in global peer multiples. We maintain our positive view and reiterate Buy.

3Q26 results beat on margin expansion and opex — Yageo's 3Q26 net profit came in at NT$12.0bn (+27 QoQ/+88% YoY), beating Citi/cons estimates by 8%/10%, driven by stronger revenue scale, margin expansion, and continued opex control. GPM came in at 41.0% (+2.5 ppts QoQ/+4.8 ppts YoY), above cons estimates, on a combination of price adjustments and a favorable mix. We are increasingly seeing price hike effects flow through into margins. AI mix rose to 20% (from 16% in 2Q26), while the BB ratio remains strong at close to 2, pointing to robust forward demand.

Leading indicators continue to strengthen — Mgmt. guided 4Q26 revenue to slight growth with margins improving slightly further, as commodity and specialty UTR move from 3Q26's close to 95% to above 95%. AI related mix keeps climbing, with MLCC outgrowing other lines on AI pull, while UTR is guided higher despite a planned capacity expansion, consistent with our view that effective capacity is tightening faster than nameplate growth. The BB ratio's dop to close to 2 reflects a higher billing base instead of weaker bookings.

Implications — We raise our 2026E-28E earnings forecasts by 3-6% to reflect the stronger 3Q26 results and higher margin assumptions, with earnings revisions positive across the forecast period despite the lower TP. We adjust our TP to NT$1,000, implying 23x avg. 2027E-28E EPS (from NT$1,450 based on 35x), in line with global peer avg. at 24x forward EPS, reflecting concerns around decelerating data center capex and softer consumer demand that have weighed on global passive peer multiples. We view these as over concern given Yageo's robust results and growth outlook. Reiterate Buy.

Yageo

Company description

Established in 1977 and listed in 1993, Yageo is a leading supplier of passive electronic components based in Taiwan. The company offers a wide array of products including MLCC, chip resistors, magnetics, tantalum, and other components, aiming to be the total solution provider for its customers. By capacity, the company currently ranks No. 1 in chip resistor and tantalum and No. 3 in MLCC and inductor globally. Key customers of Yageo include leading EMS, ODMs, and distributors. The company also has 29 sales offices, 51 manufacturing sites, and 20 R&D centers in 29 nations worldwide.

Investment strategy

We have a Buy rating on Yageo shares. Yageo is widely known as a passive electronic component supplier. Although passive components are generally viewed as a commodity, Yageo is no longer a commodity play, in our view, given the company's foray into premium markets through M&As, which should help mitigate the impact of sector cyclicality and order volatility. We expect a more diversified product portfolio to drive stable earnings and better margins, while improving utilization in its commodity component business following the end of inventory digestions should add additional fuel.

Valuation

We set our target price at NT$1,000, based on 23x average 2027E-28E earnings. We value Yageo based on PE as we believe the company's earnings performance and industry dynamics would be the key focuses of the market. Our target multiple of 23x is at the higher end of the trading range since 2022 but in line with global peers average. During this period the company has gone through the cycles, successfully integrated the acquired business to enhance its product offerings, and started to deliver stable margins and earnings.

Risks

Key downside risks to our target price and rating include: 1) slower-than-expected demand recovery; 2) intensified peer and pricing competition; 3) execution risks associated with M&A integration and synergies; and 4) FX and interest rate fluctuations.

Appendix A-1

ANALYST CERTIFICATION

The research analysts primarily responsible for the preparation and content of this research report are either (i) designated by "AC" in the author block or (ii) listed in bold alongside content which is attributable to that analyst. If multiple AC analysts are designated in the author block, each analyst is certifying with respect to the entire research report other than

(a) content attributable to another AC certifying analyst listed in bold alongside the content and (b) views expressed solely with respect to a specific issuer which are attributable to another AC certifying analyst identified in the price charts or rating history tables for that issuer shown below. Each of these analysts certify, with respect to the sections of the report for which they are responsible: (1) that the views expressed therein accurately reflect their personal views about each issuer and security referenced and were prepared in an independent manner, including with respect to Citigroup Global Markets Inc. and its affiliates; and (2) no part of the research analyst's compensation was, is, or will be, directly or indirectly, related to the specific recommendations or views expressed by that research analyst in this report.

Rating/target price changes above reflect Eastern Time

Citigroup Global Markets Inc. or its affiliates beneficially owns 1% or more of any class of common equity securities of Taiyo Yuden. This position reflects information available as of the prior business day.

Citigroup Global Markets Inc. or its affiliates received compensation for products and services other than investment banking services from Kyocera,Murata,Samsung Electro-Mechanics,TDK,Taiyo Yuden,Yageo in the past 12 months.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, securities-related: Kyocera,Samsung Electro-Mechanics,TDK,Yageo.

Citigroup Global Markets Inc. or its affiliates currently has, or had within the past 12 months, the following as clients, and the services provided were non-investment-banking, non-securities-related: Kyocera,Murata,Samsung Electro-Mechanics,TDK,Taiyo Yuden,Yageo.

Citigroup Global Markets Inc. and/or its affiliates has a significant financial interest in relation to Murata,TDK,Yageo. (For an explanation of the determination of significant financial interest, please refer to the policy for managing conflicts of interest which can be found at www.citiVelocity.com.)

Analysts' compensation is determined by Citi Research management and Citigroup's senior management and is based upon activities and services intended to benefit the investor clients of Citigroup Global Markets Inc. and its affiliates (the "Firm"). Compensation is not linked to specific transactions or recommendations. Like all Firm employees, analysts receive compensation that is impacted by overall Firm profitability which includes investment banking, sales and trading, and principal trading revenues. One factor in equity research analyst compensation is arranging corporate access events between institutional clients and the management teams of covered companies. Typically, company management is more likely to participate when the analyst has a positive view of the company.

For financial instruments recommended in the Product in which the Firm is not a market maker, the Firm is a liquidity provider in such financial instruments (and any underlying instruments) and may act as principal in connection with transactions in such instruments. The Firm is a regular issuer of traded financial instruments linked to securities that may have been recommended in the Product. The Firm regularly trades in the securities of the issuer(s) discussed in the Product. The Firm may engage in securities transactions in a manner inconsistent with the Product and, with respect to securities covered by the Product, will buy or sell from customers on a principal basis.

Unless stated otherwise neither the Research Analyst nor any member of their team has viewed the material operations of the Companies for which an investment view has been provided within the past 12 months.

For important disclosures (including copies of historical disclosures) regarding the companies that are the subject of this Citi Research product ("the Product"), please contact Citi Research, 388 Greenwich Street, 6th Floor, New York, NY, 10013, Attention: Legal/Compliance [E6WYB6412478]. In addition, the same important disclosures, with the exception of the Valuation and Risk assessments and historical disclosures, are contained on the Firm's disclosure website at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures. Valuation and Risk assessments can be found in the text of the most recent research note/report regarding the subject company. Pursuant to the Market Abuse Regulation a history of all Citi Research recommendations published during the preceding 12-month period can be accessed via Citi Velocity (https://www.citivelocity.com/cv2) or your standard distribution portal. Historical disclosures (for up to the past three years) will be provided upon request.

Guide to Citi Research Fundamental Research Investment Ratings:
Citi Research stock recommendations include an investment rating and an optional risk rating to highlight high risk stocks. **Risk rating** takes into account both price volatility and fundamental criteria. Stocks will either have no risk rating or a High risk rating assigned.
Investment Ratings: Citi Research investment ratings are Buy, Neutral and Sell. Our ratings are a function of analyst expectations of expected total return ("ETR") and risk. ETR is the sum of the forecast price appreciation (or depreciation) plus the dividend yield for a stock within the next 12 months. The target price is based on a 12 month time horizon. The Investment rating definitions are: Buy (1) ETR of 15% or more or 25% or more for High risk stocks; and Sell (3) for negative ETR. Any covered stock not assigned a Buy or a Sell is a Neutral (2). For stocks rated Neutral (2), if an analyst believes that there are insufficient valuation drivers and/or investment catalysts to derive a positive or negative investment view, they may elect with the approval of Citi Research management not to assign a target price and, thus, not derive an ETR. Citi Research may suspend its rating and target price and assign "Rating Suspended" status for regulatory and/or internal policy reasons. Citi Research may also suspend its rating and target price and assign "Under Review" status for other exceptional circumstances (e.g. lack of information critical to the analyst's thesis, trading suspension) affecting the company and/or trading in the company's securities. In both such situations, the rating and target price will show as "—" and "-" respectively in the rating history price chart. Prior to 11 April 2022 Citi Research assigned "Under Review" status to both situations and prior to 11 Nov 2020 only in exceptional circumstances. As soon as practically possible, the analyst will publish a note re-establishing a rating and investment thesis. Investment ratings are determined by the ranges described above at the time of initiation of coverage, a change in investment and/or risk rating, or a change in target price (subject to limited management discretion). At times, the expected total returns may fall outside of these ranges because of market price movements and/or other short-term volatility or trading patterns. Such interim deviations will be permitted but will become subject to review by Research Management. Your decision to buy or sell a security should be based upon your personal investment objectives and should be made only after evaluating the stock's expected performance and risk.

Catalyst Watch/Short Term Views ("STV") Ratings Disclosure:
Catalyst Watch and STV Upside/Downside calls: Citi Research may also include a Catalyst Watch or STV Upside or Downside call to indicate the analyst expects the share price to rise (fall) in absolute terms over a specified period of 30 or 90 days in reaction to one or more specific near-term catalysts or events impacting the company or the market. A Catalyst Watch will be

published when Analyst confidence is high that an impact to share price will occur; it will be a STV when confidence level is moderate. A Catalyst Watch or STV Upside/Downside call will automatically expire at the end of the specified 30/90 day period. The Catalyst Watch will also be automatically removed if share price performance (calculated at market close) exceeds 15% against the direction of the call (unless over-ridden by the analyst). The analyst may also remove a Catalyst Watch or STV call prior to the end of the specified period in a published research note. A Catalyst Watch/STV Upside or Downside call may be different from and does not affect a stock's fundamental equity rating, which reflects a longer-term total absolute return expectation. For purposes of FINRA ratings-distribution-disclosure rules, a Catalyst Watch/STV Upside call corresponds to a buy recommendation and a Catalyst Watch/STV Downside call corresponds to a sell recommendation. Any stock not assigned to a Catalyst Watch Upside, Catalyst Watch Downside, STV Upside, or STV Downside call is considered Catalyst Watch/STV No View. For purposes of FINRA ratings distribution-disclosure rules, we correspond Catalyst Watch/STV No View to Hold in our ratings distribution table for our Catalyst Watch/STV Upside/Downside rating system. However, we reiterate that we do not consider No View to be a recommendation. For all Catalyst Watch/STV Upside/Downside calls, risk exists that the catalyst(s) and associated share-price movement will not materialize as expected.

Privately held companies:

The legal entities through which Citi conducts its business do not permit investment research recommendations, ratings, target prices, or estimates on any privately held companies ("private companies") referenced herein. Citi Research does not utilize a rating system for private companies. Any information on private companies in this report is based on generally available information and, although obtained from sources believed by Citi to be reliable, its accuracy and completeness are not guaranteed. Private companies are generally not subject to reporting obligations, which may result in less publicly available information. The information contained in this report may differ from information a private company may subsequently make public or otherwise share with investors. Continuation of publishing private company reports or private company sections within reports is at Citi's discretion, in accordance with internal policies.

RESEARCH ANALYST AFFILIATIONS / NON-US RESEARCH ANALYST DISCLOSURES

The legal entities employing the authors of this report are listed below (and their regulators are listed further herein). Non-US research analysts who have prepared this report (i.e., all research analysts listed below other than those identified as employed by Citigroup Global Markets Inc.) are not registered/qualified as research analysts with FINRA. Such research analysts may not be associated persons of the member organization (but are employed by an affiliate of the member organization) and therefore may not be subject to the FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account.

Citigroup Global Markets Taiwan Securities Company Limited	Michael Hung; Laura (Chia Yi) Chen

OTHER DISCLOSURES

Any price(s) of instruments mentioned in recommendations are as of the prior day's market close on the primary market for the instrument, unless otherwise stated.

The completion and first dissemination of any recommendations made within this research report are as of the Eastern date-time displayed at the top of the Product. If the Product references views of other analysts then please refer to the price chart or rating history table for the date/time of completion and first dissemination with respect to that view.

Regulations in various jurisdictions require that where a recommendation differs from any of the author's previous recommendations concerning the same financial instrument or issuer that has been published during the preceding 12-month period that the change(s) and the date of that previous recommendation are indicated. For fundamental coverage please refer to the price chart or rating change history within this disclosure appendix or the issuer disclosure summary at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

Citi Research has implemented policies for identifying, considering and managing potential conflicts of interest arising as a result of publication or distribution of investment research. A description of these policies can be found at https://www.citivelocity.com/cvr/eppublic/citi_research_disclosures.

The proportion of all Citi Research research recommendations that were the equivalent to "Buy","Hold","Sell" at the end of each quarter over the prior 12 months (with the % of these that had received investment firm services from Citi in the prior 12 months shown in brackets) is as follows; Q2 2026 Buy 33%(63%), Hold 44% (51%), Sell 23% (49%), RV 0.5% (87%): Q1 2026 Buy 33% (63%), Hold 44% (52%), Sell 23% (46%), RV 0.5% (89%); Q4 2025 Buy 33% (63%), Hold 44% (50%), Sell 23% (46%), RV 0.4% (91%); Q3 2025 Buy 33%(61%), Hold 44% (52%), Sell 23% (50%), RV 0.4% (80%). For the purposes of disclosing recommendations other than for equity (whose definitions can be found in the corresponding disclosure sections), "Buy" means a positive directional trade idea; "Sell" means a negative directional trade idea; and "Relative Value" means any trade idea which does not have a clear direction to the investment strategy.

European regulations require a 5 year price history when past performance of a security is referenced. CitiVelocity's Charting Tool (https://www.citivelocity.com/cv2/#go/CHARTING_3_Equities) provides the facility to create customisable price charts including a five year option. This tool can be found in the Data & Analytics section under any of the asset class menus in CitiVelocity (https://www.citivelocity.com/). For further information contact CitiVelocity support (https://www.citivelocity.com/cv2/go/CLIENT_SUPPORT). The source for all referenced prices, unless otherwise stated, is DataCentral, which sources price information from LSEG Data & Analytics. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance.

Investors should always consider the investment objectives, risks, and charges and expenses of an ETF carefully before investing. The applicable prospectus and key investor information document (as applicable) for an ETF should contain this and other information about such ETF. It is important to read carefully any such prospectus before investing. Clients may obtain prospectuses and key investor information documents for ETFs from the applicable distributor or authorized participant, the exchange upon which an ETF is listed and/or from the applicable website of the applicable ETF issuer. The value of the investments and any accruing income may fall or rise. Any past performance, prediction or forecast is not indicative of future or likely performance. Any information on ETFs contained herein is provided strictly for illustrative purposes and should not be deemed an offer to sell or a solicitation of an offer to purchase units of any ETF either explicitly or implicitly. The opinions expressed are those of the authors and do not necessarily reflect the views of ETF issuers, any of their agents or their affiliates.

Citigroup Global Markets India Private Limited and/or its affiliates may have, from time to time, actual or beneficial ownership of 1% or more in the debt securities of the subject issuer.

Please be advised that pursuant to Executive Order 13959 as amended (the “Order”), U.S. persons are prohibited from investing in securities of any company determined by the United States Government to be the subject of the Order. This research is not intended to be used or relied upon in any way that could result in a violation of the Order. Investors are encouraged to rely upon their own legal counsel for advice on compliance with the Order and other economic sanctions programs administered and enforced by the Office of Foreign Assets Control of the U.S. Treasury Department.

This communication is directed at persons who are "Eligible Clients" as such term is defined in the Israeli Regulation of Investment Advice, Investment Marketing and Investment Portfolio Management law, 1995 (the "Advisory Law"). Within Israel, this communication is not intended for retail clients and Citi will not make such products or transactions available to retail clients or to non-Eligible Clients. The presenter is not licensed as investment advisor or investment marketer by the Israeli Securities Authority (“ISA”) and this communication does not constitute investment or marketing advice. The information contained herein may relate to matters that are not regulated by the ISA. Any securities which are the subject of this communication may not be offered or sold to any Israeli person except pursuant to a security offering exemption according to the Israeli Securities Law, 1968and the public offering rules provided thereunder.

Citi Research broadly and simultaneously disseminates its research content to the Firm’s institutional and retail clients via the Firm’s proprietary electronic distribution platforms (e.g., Citi Velocity and various Global Wealth platforms). As a convenience, certain, but not all, research content may be distributed through third party aggregators. Clients may receive published research reports by email, on a discretionary basis, and only after such research content has been broadly disseminated. Certain research is made available only to institutional investors to satisfy regulatory requirements. The level and types of services provided by Citi Research analysts to clients may vary depending on various factors such as the client’s individual preferences as to the frequency and manner of receiving communications from analysts, the client’s risk profile and investment focus and perspective (e.g. market-wide, sector specific, long term, short-term etc.), the size and scope of the overall client relationship with the Firm and legal and regulatory constraints.

Pursuant to Comissão de Valores Mobiliários Resolução 20 and ASIC Regulatory Guide 264, Citi is required to disclose whether a Citi related company or business has a commercial relationship with the subject company. Considering that Citi operates multiple businesses in more than 100 countries around the world, it is likely that Citi has a commercial relationship with the subject company.

Securities recommended, offered, or sold by the Firm: (i) are not insured by the Federal Deposit Insurance Corporation; (ii) are not deposits or other obligations of any insured depository institution (including Citibank); and (iii) are subject to investment risks, including the possible loss of the principal amount invested. The Product is for informational purposes only and is not intended as an offer or solicitation for the purchase or sale of a security. Any decision to purchase securities mentioned in the Product must take into account existing public information on such security or any registered prospectus. Although information has been obtained from and is based upon sources that the Firm believes to be reliable, we do not guarantee its accuracy and it may be incomplete and condensed. Note, however, that the Firm has taken all reasonable steps to determine the accuracy and completeness of the disclosures made in the Important Disclosures section of the Product. The Firm's research department has received assistance from the subject company(ies) referred to in this Product including, but not limited to, discussions with management of the subject company(ies). Firm policy prohibits research analysts from sending draft research to subject companies. However, it should be presumed that the author of the Product has had discussions with the subject company to ensure factual accuracy prior to publication. Statements and views concerning ESG (environmental, social, governance) factors are typically based upon public statements made by the affected company or other public news, which the author may not have independently verified. ESG factors are one consideration that investors may choose to examine when making investment decisions. All opinions, projections and estimates constitute the judgment of the author as of the date of the Product and these, plus any other information contained in the Product, are subject to change without notice. Prices and availability of financial instruments also are subject to change without notice. Notwithstanding other departments within the Firm advising the companies discussed in this Product, information obtained in such role is not used in the preparation of the Product. Although Citi Research does not set a predetermined frequency for publication, if the Product is a fundamental equity or credit research report, it is the intention of Citi Research to provide research coverage of the covered issuers, including in response to news affecting the issuer. For non-fundamental research reports, Citi Research may not provide regular updates to the views, recommendations and facts included in the reports. Notwithstanding that Citi Research

maintains coverage on, makes recommendations concerning or discusses issuers, Citi Research may be periodically restricted from referencing certain issuers due to legal or policy reasons. Where a component of a published trade idea is subject to a restriction, the trade idea will be removed from any list of open trade ideas included in the Product. Upon the lifting of the restriction, the trade idea will either be re-instated in the open trade ideas list if the analyst continues to support it or it will be officially closed. Citi Research may provide different research products and services to different classes of customers (for example, based upon long-term or short-term investment horizons) that may lead to differing conclusions or recommendations that could impact the price of a security contrary to the recommendations in the alternative research product, provided that each is consistent with the rating system for each respective product.

Investing in non-U.S. securities, including ADRs, may entail certain risks. The securities of non-U.S. issuers may not be registered with, nor be subject to the reporting requirements of the U.S. Securities and Exchange Commission. There may be limited information available on foreign securities. Foreign companies are generally not subject to uniform audit and reporting standards, practices and requirements comparable to those in the U.S. Securities of some foreign companies may be less liquid and their prices more volatile than securities of comparable U.S. companies. In addition, exchange rate movements may have an adverse effect on the value of an investment in a foreign stock and its corresponding dividend payment for U.S. investors. Net dividends to ADR investors are estimated, using withholding tax rates conventions, deemed accurate, but investors are urged to consult their tax advisor for exact dividend computations. Investors who have received the Product from the Firm may be prohibited in certain states or other jurisdictions from purchasing securities mentioned in the Product from the Firm. Please ask your Financial Consultant for additional details. Citigroup Global Markets Inc. takes responsibility for the Product in the United States. Any orders by US investors resulting from the information contained in the Product may be placed only through Citigroup Global Markets Inc.

The Citigroup legal entity that takes responsibility for the production of the Product is the legal entity which the first named author is employed by.

The Product is not to be construed as providing investment services in any jurisdiction where the provision of such services would not be permitted.
Subject to the nature and contents of the Product, the investments described therein are subject to fluctuations in price and/or value and investors may get back less than originally invested. Certain high-volatility investments can be subject to sudden and large falls in value that could equal or exceed the amount invested.The yield and average life of CMOs (collateralized mortgage obligations) referenced in this Product will fluctuate depending on the actual rate at which mortgage holders prepay the mortgages underlying the CMO and changes in current interest rates. Any government agency backing of the CMO applies only to the face value of the CMO and not to any premium paid. Certain investments contained in the Product may have tax implications for private customers whereby levels and basis of taxation may be subject to change. If in doubt, investors should seek advice from a tax adviser. The Product does not purport to identify the nature of the specific market or other risks associated with a particular transaction. Advice in the Product is general and should not be construed as personal advice given it has been prepared without taking account of the objectives, financial situation or needs of any particular investor. Accordingly, investors should, before acting on the advice, consider the appropriateness of the advice, having regard to their objectives, financial situation and needs. Prior to acquiring any financial product, it is the client's responsibility to

obtain the relevant offer document for the product and consider it before making a decision as to whether to purchase the product.

Card Insights. Where this report references Card Insights data, Card Insights consists of selected data from a subset of Citi's proprietary credit card transactions. Such data has undergone rigorous security protocols to keep all customer information confidential and secure; the data is highly aggregated and anonymized so that all unique customer identifiable information is removed from the data prior to receipt by the report's author or distribution to external parties. This data should be considered in the context of other economic indicators and publicly available information. Further, the selected data represents only a subset of Citi's proprietary credit card transactions due to the selection methodology or other limitations and should not be considered as indicative or predictive of the past or future financial performance of Citi or its credit card business.

Citi Research product may source data from dataCentral. dataCentral is a Citi Research proprietary database, which includes the Firm's estimates, data from company reports and feeds from LSEG Data & Analytics. The source for all referenced prices, unless otherwise stated, is DataCentral. Past performance is not a guarantee or reliable indicator of future results. Forecasts are not a guarantee or reliable indicator of future performance. The printed and printable version of the research report may not include all the information <(e.g. certain financial summary information and comparable company data) that is linked to the online version available on the Firm's proprietary electronic distribution platforms.

Where included in this report, MSCI sourced information is the exclusive property of Morgan Stanley Capital International Inc. (MSCI). Outperform (unchanged)

Entering an even stronger earnings cycle (III)

- 3Q26 results and 4Q26 guidance all beat expectations
- Strong AI scaling is getting even stronger to benefit LEAP
- Reaffirm Outperform (2) call with a higher 12M TP of TWD710

What's new: ASE disclosed a strong set of quarterly results and guidance on 29 October, both beating market expectations, thanks to the strong AI scaling which is just getting stronger to benefit ASE's leading-edge advanced packaging (LEAP) business. We raise our forecasts and 12M TP and reaffirm our Outperform (2) call on the stock; accumulate into any technical pullback.

What's the impact: **Results and guidance all beat.** ASE reported 3Q26 net profit of c.TWD27bn, beating our/consensus estimates by 25%/18% thanks to higher semiconductor assembly & test (SAT, or IC ATM by company definition) revenue which came in at TWD151bn (USD4.7bn), 7% above our estimate, for higher gross margin (GM) of 30.5%, 1.9pp above ours and topping ASE's structural target of 24-30%. The strength was amplified further by lower non-operating losses, resulting in the strong bottom-line beat (table on p.2). Guidance was another beat thanks to the strong SAT business where ASE expects revenue to grow 11-13% QoQ for GM to top its record of 30.5% during the COVID upturn. We raise our 2026-28E EPS by 14-24% assuming its SAT GM to reach 33% through 2027.

Strong AI gets stronger. Discussions centred on ASE's LEAP business, where management further hiked revenue target this year beyond USD4bn (USD1.6bn in 2025), after *3 hikes YTD*, thanks to strong demand for its on-substrate (oS) packaging and initial ramp of its full-process solutions. With addition of new co-packaged optics (CPO) solutions, ASE expects the LEAP revenue to double YoY in 2027. As LEAP is margin-accretive, ASE expects the SAT GM to continue improving beyond 4Q26, making the ceiling of its structural GM target now as the floor to kick off 2027 for a strong start. Given management's emphasis on "friendly pricing", we expect likely continued cost passthrough across the supply chain to add to GM upside. Working hard to narrow the supply/demand gap, ASE further raised this year's capex to USD11.5bn (from USD10.5bn), reinforcing our view that AI is scaling strongly to accelerate the chip industry growth.

What we recommend: Given our forecast revisions, we raise our 12M TP for ASE to TWD710 (previous: TWD550), based on our revised ROE-adjusted PBR target of 5.8x (previous: 5.2x) 2027E BVPS due to a higher ROE trajectory. Our revised TP translates into 24x 4-quarter forward PER, which we see as justifying the rich PBR target given its 2026-28E EPS CAGR of 25%. We reiterate our Outperform (2) call with key downside risks of any "silicon inflation" and geopolitical overhang leading to AI capex cut.

How we differ: Our 2026-27E EPS are 5-10% above the consensus as we believe the street has yet to factor in its stronger LEAP business.

Company profile

Established in April 2018, ASE Industrial Holding Co (HoldCo) is a holding company which privatized ASE and SPIL fully on 30 April 2018 through equity and cash swap, respectively, and listed on the same day with senior management assigned mainly by ASE. HoldCo has become the strong No.1 OSAT maker in the world, offering a comprehensive product portfolio to its customers from wirebonding, flip-chip & bumping, system-in-package (SiP) to broad-based electronics manufacturing services (EMS).

ESG analysis

ESG risks

Risks		Management	Analyst comments
G	Executive/board quality	2	ASE's Board of Directors consists of nine members with diverse professional backgrounds. Three of the directors are independent, representing 33 percent of the board. The Chairman also serves as the Chief Executive Officer, resulting in unified leadership and centralized decision-making. To maintain effective governance and oversight under this structure, ASE relies on its independent directors and established board processes. The board currently includes one female director, and the company continues to pursue long-term goals related to board diversity and balanced representation. ASE has an Audit Committee, Compensation Committee, Risk Management Committee, and Chief Government Officer to conduct effective supervision.
	Capital management	3	In the past 5 years, ASE paid over 50% or nearly 50% of its earnings in dividends. However, the dividend trend was volatile in dollar and payout ratio terms. We forecast its dividend payout ratio to average over 50% in the next 2 years.
	Related party & transaction	2	ASE undertakes related-party transactions with its subsidiaries on sales and purchases. The total related-party transaction sales/purchase amounts were less than 10% of its total sales/purchases, and the transaction terms with related parties were normal compared with those with other customers/suppliers. Thus, we do not think related-party transactions have a meaningful impact on overall operations.
S	Supply chain management	2	The supply of raw materials has the most direct impact on ASE's operations and manufacturing. To lower overall supply-chain risks, ASE has expanded the scope of sustainability risk management to non-tier-1 suppliers. ASE currently has over 600 non-tier-1 suppliers. ASE requires its suppliers to comply with its Supplier Code of Conduct, which aims to ensure that suppliers conduct business in a manner that meets labour, health & safety, environment, business ethics & management, and various corporate compliance standards.
E	Water & wastewater management	2	ASE has adopted 3 water-use strategies of reduce, reuse and recycle. Through its water management measures, it reduced water consumption density (water consumption/revenue) by 43% in 2024 vs. that of 2015. ASE is committed to increasing water reuse at its facilities in order to improve water efficiency.
E	Waste & hazardous materials management	1	ASE is committed to improving waste recycling and reuse through the 5 key elements of a circular economy of: direct recycling, reuse, off-site regeneration, renewable materials, and supply and rental. The recycling rate of general waste was 90% in 2024 and its hazardous waste density declined by 53% in 2024 vs. that of 2015.
E	GHG emissions	1	ASE is committed to achieving net zero emissions by advancing low carbon energy adoption, developing smart grid technologies, and strengthening high tech energy management systems. As of 2024, 19% of total manufacturing energy consumption comes from renewable sources, 88% of ASE facilities use renewable energy, and 10 sites have achieved RE100 certification.

Note: Management score represents a company's ability to manage/benefit from certain ESG topics. The scores range from 1 to 3, with 1 being the strongest.

Research Analyst Conflicts

For updates on "Research Analyst Conflicts" please visit BlueMatrix disclosure link at https://daiwa3.bluematrix.com/sellside/Disclosures.action. The principal research analysts who prepared this report have no financial interest in securities of the issuers covered in the report, are not (nor are any members of their household) an officer, director or advisory board member of the issuer(s) covered in the report, and are not aware of any material relevant conflict of interest involving the analyst or DCMA, and did not receive any compensation from the issuer during the past 12 months except as noted: no exceptions.

Research Analyst Certification

For updates on "Research Analyst Certification" and "Rating System" please visit BlueMatrix disclosure link at https://daiwa3.bluematrix.com/sellside/Disclosures.action. The views about any and all of the subject securities and issuers expressed in this Research Report accurately reflect the personal views of the research analyst(s) primarily responsible for this report (or the views of the firm producing the report if no individual analyst is named on the report); and no part of the compensation of such analyst (or no part of the compensation of the firm if no individual analyst is named on the report) was, is, or will be directly or indirectly related to the specific recommendations or views contained in this Research Report.

The following explains the rating system in the report as compared to relevant local indices, unless otherwise stated, based on the beliefs of the author of the report.

"1": the security could outperform the local index by more than 15% over the next 12 months.
"2": the security is expected to outperform the local index by 5-15% over the next 12 months.
"3": the security is expected to perform within 5% of the local index (better or worse) over the next 12 months.
"4": the security is expected to underperform the local index by 5-15% over the next 12 months.
"5": the security could underperform the local index by more than 15% over the next 12 months.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

3Q26 review: margin likely bottomed-out

- Gross margin to recover on lower inventory provisions in 4Q26
- Addressable market remains intact despite some near-term hiccups
- Reaffirming our Buy (1) rating; trimming 12M TP to TWD3,000

What's new: We provide our latest views on Delta after its 3Q26 results call on 29 October.

What's the impact: **Business outlook.** During the results call, Delta remained positive on AI monetisation after its analysis of Anthropic's S-1 filing. Management flagged shortages of components, power and skilled electricians and slower-than-expected data centre buildout to be potential hiccups in the process; however, it still sees strong underlying demand. As such, we still expect sequential revenue growth in both 4Q26E and 1Q27E as component shortages had deferred 3Q26 demand. On rising material costs, Delta noted that BoM costs have increased by 2% as of 3Q26 (vs. early 2026), with the company gradually passing these costs through to end customers in 4Q26 and 1Q27. We believe the main gross margin driver will likely still be the absence of inventory write-offs and a higher power mix in 4Q26E. We forecast a gross margin recovery to 36% and a record operating margin of 18.5% in 4Q26. As for long-term growth, we maintain our investment theses that DC-DC module and HVDC adoption will become key growth drivers for Delta in 2027 and 2028, respectively.

3Q26 results missed on gross margin. Delta's 3Q26 earnings were TWD23.5bn (EPS: TWD9.04), missing our estimate of TWD27.3bn and Bloomberg consensus estimate of TWD29.6bn by 14% and 21%, respectively. We attribute the weakness mainly to lower-than-expected gross margin, driven by: 1) higher-than-expected inventory write-offs amid product shipment hiccups; 2) a one-off provision for customer claims, with the related loss likely to ultimately be borne by the supplier; and 3) rising material costs. Based on our calculation, Delta recognised c.TWD4bn of inventory provision loss in 3Q26, which reduced gross margin by 2pp. Excluding inventory provision loss, gross margin was c.35.8%, close to our previous estimate of 36.3%. 3Q26 revenue reached TWD197.1bn (up 8% QoQ and 31% YoY), which was also negatively affected by product shipment hiccups (vs. our previous estimate of 10% QoQ growth).

What we recommend: We trim our 2026-28E EPS by 2-6% to reflect lower revenue assumptions due to the impact of component shortages. We reaffirm our Buy (1) call but trim our 12M TP to TWD3,000 (from TWD3,088) based on an unchanged target PER of 49x (high-end of its 3-year range of 11-50x) applied to our 1-year-forward EPS forecast. Key downside risk: lower-than-expected demand.

How we differ: Our 2028E revenue is 12% above the Bloomberg consensus, likely on our more bullish assumption regarding HVDC adoption.

Company profile

Founded in 1971, Delta Electronics has been the global leader in switching power supply solutions since 2002 and DC brushless fans since 2006. Its business covers 3 key areas: power electronics (eg, power supplies, thermal management products and passive components), automation (eg, controllers, robot arms and building management systems), and infrastructure (eg, datacentre infrastructure, networking and EV charging).

ESG analysis

ESG risks

Risks		Management	Analyst comments
G	Executive/board quality	1	Delta's board has 7 non-independent and 5 independent directors with a term of three years. The total number of directors and ratio of independent directors appear higher than most other listed companies. Besides, according to Delta's CSR report, enhancing the board's functions is one of the key goals for the company to achieve better corporate governance; also, the board members' diversity and professionalism will be taken into consideration to ensure a good board quality. Moreover, the company evaluates all the directors in the board using internal regulations and an external independent institution each year and at least once every three years, respectively. We believe Delta has implemented relatively more enhanced measure than most listed firms to improve its board quality.
	Capital management	2	During 2016-19, Delta's payout ratio was stable in the range of c.70%, but fell to 56% in 2020 and 53% in 2021. For 2020, it was mainly due to a sizeable non-cash re-valuation gain after the acquisition of Delta Thailand (DET), while the company maintained more cash on hand to deal with the uncertainties caused by COVID-19. However, the DPS growth from 2016 to 2021 was limited, as Delta struggled with business diversification into new end-markets (eg, smartphone, NEV). We believe that Delta's effort started to bear fruit in recent years after its NEV business has gradually picked up. Overall, we see a stable dividend policy from Delta and expect its DPS to continue to grow YoY in the future given that they declared a TWD11.6 DPS for 2025 which equals a 50% payout ratio.
	Related party & transaction	1	Revenue from related parties stood at 12% of total 2025 revenue and purchases from related parties were at 11%. We see limited risk from related party transactions.
S	Supply chain management	1	Delta focuses on: 1) localised management, 2) supplier certification and risk management, and 3) supplier sustainability engagement as key initiatives under the scope of supply chain management. In 2019, 144 new suppliers joined Delta's supply chain system. All of them passed environmental and social evaluations, signed the declaration of "non-use of conflict materials", and complied with Responsible Business Alliance's (BRA) Code of Conduct. Also, these vendors had to implement and abide by Delta's supply chain CSR policy and code of conduct. To lower ESG risks, Delta carries out RBA audits and monitors high-risk critical suppliers each year. The suppliers that fail these audits have to provide detailed improvement plans in response to identified issues. Besides, Delta has surveyed a total of 263 suppliers with potential risk and 63 suppliers with high risk of the total 1,331 suppliers, based on its CSR policy and code of conduct. If these suppliers are flagged as high-risk and no concrete improvements are made, Delta may consider terminating cooperation and transactions with them to improve the company's engagement on supplier sustainability. Overall, we think Delta has a solid plan to improve its supply chain management with specific KPIs, including: 1) achieving supplier improvement rate of 80% in 2025, 2) reducing GHG emissions rate of critical suppliers by 10% in 2025, and 3) improving water saving rate of critical suppliers by 12% in 2025.
S	Data security	2	Delta's Information Security team created Delta's Information Security Policy in November 2013 and started providing educational training to global employees in 2014. Delta gradually introduced the Information Security Management System (ISMS) in 2016 and obtained the ISO 27001 international certification in 2018. According to ISO27001, Delta has to conduct at least one internal audit on information security and appoint an independent institution to conduct audit externally. According to Delta, no major deficiencies have been found in recent years.

Note: Management score represents a company's ability to manage/benefit from certain ESG topics. The scores range from 1 to 3, with 1 being the strongest.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

Downbeat 3Q26 results yet resilient 2027 guidance

Rick Hsu
(886) 2 8758 6261
rick.hsu@daiwacm-cathay.com.tw

Sam Weng
(886) 2 8758 6255
sam.weng@daiwacm-cathay.com.tw

Summary: On 29 October, Realtek reported 3Q26 results that missed our estimates but were in line with the consensus. This was mainly due to weaker-than-expected revenue likely on a deeper demand rebalancing despite pricing power on supply-chain cost passthrough. While 4Q26 outlook looks intact, management expects steady topline growth into 2027, supported by a multi-year bandwidth upgrade cycle, continued pricing resilience and emerging AI opportunities from cloud to edge to physical AI, despite likely still subdued PC and consumer electronics demand. We rate the stock Outperform (2) premised upon our key thesis of a multi-year/multi-G (gigabits per second) bandwidth upgrade cycle across wireline and wireless to benefit Realtek, which is further echoed by management's 2027 outlook.

Highlight

- **3Q26 results miss on lower topline.** Realtek reported 3Q26 net profit of TWD4.1bn, missing our estimate by 7% while in line with the consensus. With financial metrics such as margins broadly in line, the miss was mainly due to lower-than-expected topline which came in 8% below our estimate at TWD37bn. We believe the weak revenue was driven by a deeper demand rebalancing after customer restocking and pre-stocking in 1H26 on seasonality and supply-chain uncertainties, flagged in our note, *Downgrading: pricing to bridge rebalancing but …*, 4 August. Although Realtek raised prices to pass on cost inflation to the supply chain, it failed to offset such rebalancing. As usual, management gave no quantitative guidance for 4Q26 but expressing "prudent and steady" revenue run rates, in line with our expectations. We will be reviewing our model in due course.

- **Key takeaways.** At today's results call, management further expected a steady topline growth heading into 2027, driven by: 1) multiple-G bandwidth upgrade cycles across wireline and wireless networking, including Wi-Fi 7 and 8, multi-G Ethernet, PON and switch, to enhance product mix with market-share gains adding to upside; 2) likely sustained pricing power with the company continuing to pass on inflated costs to the supply chain; and 3) despite likely still subdued demand from PC and consumer electronics markets, the ongoing development of AI, from cloud to edge AI to physical AI applications, is creating growth opportunities and tallying with our investment thesis of the multi-year/multi-G bandwidth upgrade cycle to structurally benefit Realtek.

Recommendation

We rate Realtek Outperform (2). The stock price has generally consolidated around TWD670-790 over the past 3 months due to lack of catalysts amid its demand rebalancing, suggesting patience for investors. Key downside risk to our call would be any commodity price hikes leading to worse-than-expected demand rebalancing.

Important disclosures, including any required research certifications, are provided on the last three pages of this report.

Outperform (from Buy)

Downgrading: profit optimisation on the go

- Raising our forecasts on a higher margin trajectory
- Growth pillars paying off across infrastructure, optics and RF
- Downgrading our rating to Outperform (2), with a higher TP of TWD620

Rick Hsu
(886) 2 8758 6261
rick.hsu@daiwacm-cathay.com.tw

Sam Weng
(886) 2 8758 6255
sam.weng@daiwacm-cathay.com.tw

What's new: Following our *results memo*, we raise our forecasts and TP for Win Semiconductors (WinSemi), but lower our rating by one notch to Outperform (2) on valuation grounds. While its topline trajectory appears to be unfolding intact, its margin trajectory is running better than our expectations. This, together with management's positive commentary across its key business lines of RF, infrastructure and optics, reinforces our thesis that 3 growth pillars will turn around WinSemi's bottom line and optimise its structural profitability (*Upgrading: profit optimisation round the corner*, 24 July). We suggest accumulating only on pullbacks.

What's the impact: **Forecast revisions.** We raise our 2027-28E EPS by 2-11% for WinSemi to factor in its higher margin trajectory, primarily on better product mix geared towards the infrastructure business, followed by the ramp-up in optics for AI optical communications (OC). We note the surge in our 2026E EPS revision is a result of the company's non-operating gains of TWD684m in 3Q26, mainly from its 23%-owned ITEQ (6213 TT, TWD778, Buy [1], covered by Sheng Cheng), which distorts WinSemi's growth trajectory at the bottom line into 2027.

Transformation paying off. At its results call, management commented on resilient RF demand from iOS and for WiFi routers, strong demand for low Earth orbit (LEO) satellite communications, and a continued ramp in pin diode (PD) sales after the product entered mass-production from late-2Q26. This should be followed by laser diode (LD), such as continuous wave (CW) and electro-absorption modulated laser (EML), though customer qualifications will take time. All the commentary reinforces our thesis that 3 growth pillars will help turn around WinSemi's bottom line for profitability optimisation after its business transformation: 1) RF business transformation paying off with premiumisation across cellular and WiFi for differentiation, 2) high-margin infrastructure scaling up on a robust LEO build, and 3) AI OC ramping fast, with broadened offerings from peripheral chips (optical drivers and modulators) to core chips for PD and LD.

What we recommend: Given our forecast revisions, we lift our 12M TP for WinSemi to TWD620 (previous: TWD449), based on a higher 4-quarter forward PER target of 55x (previous: 50x), justified by its 2025-28E EPS CAGR of 54% (previous: 50%) from a PEG perspective. Yet we lower our rating by one notch to Outperform (2) on valuation grounds, with key downside risk of commodity cost hikes worsening consumer demand.

How we differ: Our 2026E EPS is 40% above consensus due to our inclusion of the non-operating gains in 3Q26, while our 2027E EPS is 9% above likely on our higher margin assumptions.

Company profile

Founded in 1999, Win Semiconductors Corp (WinSemi) is the world's largest compound semiconductor foundry, focusing on gallium-arsenide (GaAs) foundry services for customers in both wireless and wire-line communication markets, as well as infrastructure applications. It has a diverse technology portfolio of processes that supports microwave frequency requirements from 50MHz to 100GHz, with applications including smartphones, tablet PCs, cellular base-stations, very small aperture terminals (VSAT) and fibre optics. It has started penetrating into vertical cavity surface emitting laser (VCSEL) foundries since 2017 for consumer laser applications such as 3D laser sensors and cameras.

ESG analysis

ESG risks

Risks		Management	Analyst comments
G	Executive/board quality	2	WinSemi's board of directors (BoD) has 10 members, including 3 independent directors, representing 30% of total directors. Among the BoD, three of its non-independent directors are also executive management.
	Capital management	2	Since 2017, its dividend payout ratio has remained above 58%, except for 2024 when no dividend was paid. Despite being the largest compound semiconductor foundry in the world, WinSemi is continually expanding its capacity for future growth. Thus, we see the balance between investment and dividend as appropriate.
	Related party & transaction	1	It did not have any meaningful related-party transactions in 2023.
S	Supply chain management	2	WinSemi We actively cooperate with local suppliers and improve their development capabilities, reduce carbon emissions and create local employment opportunities. WinSemi also conducts on-site audits of suppliers and annual assessment of suppliers on environmental protection and safety & health management systems. In 2023, 100% of WinSemi's new suppliers signed the "WIN Supplier Code of Conduct".""
E	Water & wastewater management	1	Effluent that flows out of WinSemi's facilities will first undergo pre-treatment in-house and then treatment by the wastewater treatment plant at Hwaya Technology Park before discharge. The plant has an acid and alkali wastewater recycling system and chemical mechanical polishing wastewater recycling system for wastewater management.
E	Waste & hazardous materials management	1	WinSemi has established a hazardous substance-free management procedure and also collaborates with its suppliers to produce products that are hazardous substance-free for customers and consumers. WinSemi specifies in purchase contracts and order forms with its suppliers that the provided materials may not contain hazardous substances as defined by WinSemi. For waste management, it aims to increase the recycling rate of waste solvents and reduce the use of raw materials in production.
E	GHG emissions	1	For reduction of energy consumption, it prioritises high-efficiency and low energy consumption models when replacing equipment and has also established annual energy conservation management objectives. WinSemi targets to reduce electricity consumption (kWh/6"e wafer) by 12% from 2018 to 458.58 and PFCs emission (ton CO2e/6"e wafer) by 50% from 2018 to 0.114 in 2030.

Note: Management score represents a company's ability to manage/benefit from certain ESG topics. The scores range from 1 to 3, with 1 being the strongest.

Japan - Notification items pursuant to Article 37 of the Financial Instruments and Exchange Law

(This Notification is only applicable to where report is distributed by Daiwa Securities Co. Ltd.)

If you decide to enter into a business arrangement with our company based on the information described in this report, we ask you to pay close attention to the following items.

- In addition to the purchase price of a financial instrument, our company will collect a trading commission* for each transaction as agreed beforehand with you. Since commissions may be included in the purchase price or may not be charged for certain transactions, we recommend that you confirm the commission for each transaction. In some cases, our company also may charge a maximum of ¥2 million per year as a standing proxy fee for our deposit of your securities, if you are a non-resident.
- For derivative and margin transactions etc., our company may require collateral or margin requirements in accordance with an agreement made beforehand with you. Ordinarily in such cases, the amount of the transaction will be in excess of the required collateral or margin requirements**.
- There is a risk that you will incur losses on your transactions due to changes in the market price of financial instruments based on fluctuations in interest rates, exchange rates, stock prices, real estate prices, commodity prices, and others. In addition, depending on the content of the transaction, the loss could exceed the amount of the collateral or margin requirements.
- There may be a difference between bid price etc. and ask price etc. of OTC derivatives handled by our company.
- Before engaging in any trading, please thoroughly confirm accounting and tax treatments regarding your trading in financial instruments with such experts as certified public accountants.

* The amount of the trading commission cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

** The ratio of margin requirements etc. to the amount of the transaction cannot be stated here in advance because it will be determined between our company and you based on current market conditions and the content of each transaction etc.

When making an actual transaction, please be sure to carefully read the materials presented to you prior to the execution of agreement, and to take responsibility for your own decisions regarding the signing of the agreement with our company.

Goldman Sachs (Asia) L.L.C., Taipei Branch

We hosted EMC's 3Q26 post result call on October 29th. Key takeaways include:

(1) EMC mentioned its proactive capacity expansion plans in coming years (capacity will go up to 15.25mn sheets/month by end of 2030 vs. 5.85mn sheets/month now) are still not enough to support all the LTA they signed for the next 4 years, implying a solid demand outlook without much risk on oversupply.

(2) In terms of the CCL pricing, the company mentioned it's doing the second round of the high-end CCL (M7+) pricing hike this year, with 5-20% pricing hike ratio, which not only on M7/M8, but also on M8+/M9 grade CCL.

(3) For 4Q26, EMC mentioned the conservative estimate on revenue growth rate should be at least 15-20% QoQ, with GM could at least expand to 38.0%-39.5% (note that the company estimated 3Q rev could grow 15% QoQ and GM could be 33.5%-36.5% back to 2Q26 result call - here, but the actual outcome was revenue up 29% QoQ and GM hit 37.7%).

(4) For substrate material, the company mentioned it is focusing on the high-end ABF substrate core-layer CCL (BT type, but for ABF substrate), and will hold 50% market share for the MTK TPU v8 ABF substrate. EMC also mentioned that it is now working with several customers on high end ABF used CCL qualification projects which the company expects to start shipment from 4Q27.

(5) For the substrate material capacity, EMC now holds 300k sheets/month capacity, but will expand the capacity to at least 1.2mn sheets/month by end of 2027. EMC mentioned the proactive expansion is their strategy on always prepare capacity ahead of customers' demand, and mentioned these new capacity can also be used to produce high-end M9/M10/M11 CCL if the demand cannot fill all the capacity.

Source: Company data, Goldman Sachs Research estimates.

(6) In terms of the profitability of the substrate material, the company mentioned the GM of this product will be at least 50%+, despite its relatively competitive pricing compares to the market leader who has 65%+ GM on substrate material.

(7) EMC mentioned it does see AI customers start qualifying second or third sources to improve the stability of the supply chain, which should give more room for competitors to enter the market. However, the company continues to target 50% AI CCL market share in the long term, and believes its best in class product quality and deep cooperation with PCB/CSP customers can see it continue to hold the leadership position in this high-end industry.

Investment view - read across for high-end CCL players

We maintain our positive view on the high-end CCL players, including EMC and TUC, while we see both companies are enjoying not only favorable pricing conditions on high-end CCL (due to the wide supply demand gap) but also the accelerating product mix improvement speed (we expect M9 massive adoption to start from 2H27 with 50%+ adoption rate for next generation AI server, and expect EMC to start M10 CCL product shipment from 2H27 with mass volume shipment to start from 2028). See our Oct 28 report.

Both EMC and TUC mentioned the proactive capacity expansion they are planning in the next 3-5 years (both companies will have 150-250% more capacity in 2029-2030 vs. today) are still not enough to support the high-end AI/LEO/switching customers' demand, suggesting an even more favorable pricing outlook. We expect the high-end CCL pricing will go up by 40%+ YoY in 2027 considering the increasing tightness condition of the high-end CCL industry (vs. 20-30% YoY 2026), which should drive both company's GM further in coming years.

In terms of competition, while we already model EMC's AI CCL market share to decease from 60-70% in 2026 to ~50% in the next three years, we do believe EMC's earnings will grow by 90% 2026-29 CAGR even with this 50% market share. For TUC, we expect it should be the key share gainer from EMC considering CSPs duo source policy (we think TUC would be a strong option due to not only its better technology skillset but also its proactive expansion plans while other high-end CCL players are not expanding capacity or only expanding slightly on the capacity), and we expect the company will have multiple AI customers including AI ASIC/GPU end customers from 2H27.

Overall, we are even more positive on EMC/TUC compared to 3 months ago, after seeing customers solid plans on high-end CCL LTA and customers' design upgrade on CCL spec (we had expected M10 MP would happen in 2029 or beyond only). We believe EMC/TUC's key competition advantage is not only from the leadership position in the high-end CCL market, but also their proactive capacity expansion plans which makes them attractive to AI customers as most of the other high-end CCL players are not expanding enough capacity in 2027/28.

Maintain Buy on EMC / TUC with TP of NT$11,700 / NT$3,460, implying 134%/150% upside vs. last close.

Valuation

EMC

Maintain Buy on EMC, with an unchanged 12-M TP of NT$11,700 (based on 27x 2027E EPS; in line with the peak P/E multiple for AI component suppliers in past 3 years).

Investment Thesis & PT methodology and risks

Investment Thesis - Elite Material
EMC, a key supplier of high-end HDI material (70%+ market share) and SLP material (90%+ market share), has been focusing on the high-speed switch/server CCL market for 3-5+ years. We are positive on its market share trajectory in the server industry and expect EMC to increase its share from <10% in the Purley generation to 15-20%/20+% in the Whitley/Eagle Stream platforms. EMC is also proactively expanding its share in the switch market (40%/30%+ in 2024/23 vs. <5% before 2019), with an expanding AI customer base (only one 400G customer in 3Q20, to being one of the largest suppliers in 2023), which should continue to benefit the company's top/bottom line growth over time. We believe EMC's leading position in the AI server CCL market should drive strong revenue growth and GM/OPM expansion in the long term, given that it is the major supplier for all Nvidia/Google/AWS AI server projects, and we expect it to maintain its leadership position. Considering its leading position in the high-end CCL industry, solid production skills and earnings growth outlook, we are Buy rated on the stock. With the shares trading at a 2026E P/E below AI server component suppliers and supported by a solid growth outlook, we view valuation as attractive.

Key downside risks include: (1) RCC to replace all high-end smartphone HDI design; (2) rising trade tensions, which could lead to weaker smartphone and server shipments; and (3) rising competition from mainland China peers.

Price Target Risks and Methodology - Elite Material
Valuation methodology: Our 12m TP of NT$11,700 is based on 27x 2H27-1H28E P/E (in line with the peak P/E multiple for AI component suppliers in the past 3 years).

Key downside risks: (1) RCC to replace all high-end smartphone HDI design; (2) rising trade tensions, which could lead to weaker smartphone and server shipments; and (3) rising competition from mainland China peers.

Investment Thesis - Taiwan Union Technology Corp.
TUC is a key high-end global CCL supplier that focuses on M7+ grade high-speed CCL (key applications include high-end switches (100G+) and AI server materials), with 20%+ market share in the past two years. The company continues to expect its unit market share in the server industry to increase from 15% in Whitley and Purley processors to higher in the Eagle Stream generation, and plans to launch two types of products for low-end and high-end customers (T2A and T2C) to gain market share. Also, strong growth in 400G/800G switch shipments and new 800G switch shipments, scheduled for launch in 2025-27, should continue to be a key demand driver for TUC, in our view. Additionally, the company is working on high-end AI projects with CSP and enterprise players, which we believe should drive revenue momentum in the long term. We view the stock as undervalued vs. Taiwan CCL peers on a P/E basis and rate it Buy.

Key downside risks include: (1) slower-than-expected share gains in the low-loss CCL segment; (2) rising trade tensions, which could lead to weaker server and switch shipments globally; and (3) rising competition from mainland China peers.

Price Target Risks and Methodology - Taiwan Union Technology Corp.
Valuation methodology: Our 12m TP of NT$3,460 is based on 22x 2H27-1H28E P/E (+2x STDV higher than the past 3-year industry average P/E multiple).

Key downside risks: (1) slower-than-expected share gains in the low-loss CCL segment; (2) rising trade tensions, which could lead to weaker server and switch shipments globally; and (3) rising competition from mainland China peers.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Disclosures

The rating(s) for Elite Material is/are relative to the other companies in its/their coverage universe: AVC, AWSC, Airtac International Group, Asus, Auras, Chenbro, Co-Tech Development Corp., Compal, Delta Electronics, E Ink, Elite Material, Fositek, GCE, Gigabyte, HTC Corp., Hiwin Corp., ITEQ Corp, Inventec, Kinsus, Lotes, NYPCB, Pegatron, Quanta, Shengyi Tech, Shennan Circuits, Taiwan Union Technology Corp., Unimicron Technology, Victory Giant, WNC, WUS, Win Semiconductors Corp., Yageo Corp., Zhen Ding Technology Holding

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs beneficially owned 1% or more of common equity (excluding positions managed by affiliates and business units not required to be aggregated under US securities law) as of the month end preceding this report: Elite Material (NT$5,010.00)

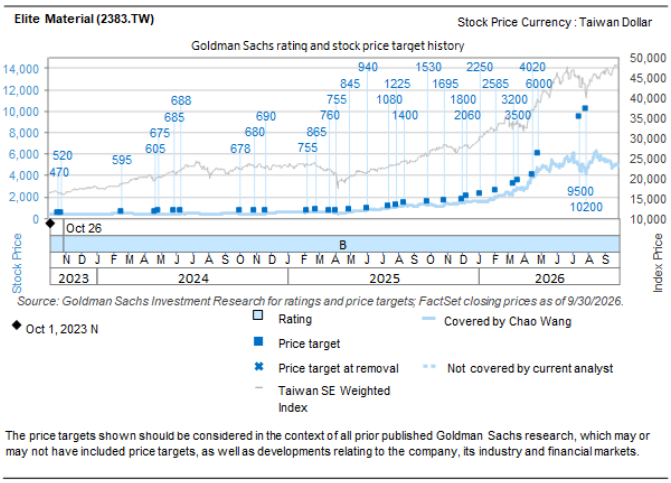
Distribution of ratings/investment banking relationships

Goldman Sachs Investment Research global Equity coverage universe

	Rating Distribution			Investment Banking Relationships		
	Buy	Hold	Sell	Buy	Hold	Sell
Global	50%	34%	16%	65%	58%	43%

As of October 1, 2026, Goldman Sachs Global Investment Research had investment ratings on 3,094 equity securities. Goldman Sachs assigns stocks as Buys and Sells on various regional Investment Lists; stocks not so assigned are deemed Neutral. Such assignments equate to Buy, Hold and Sell for the purposes of the above disclosure required by the FINRA Rules. See 'Ratings, Coverage universe and related definitions' below. The Investment Banking Relationships chart reflects the percentage of subject companies within each rating category for whom Goldman Sachs has provided investment banking services within the previous twelve months.

Price target and rating history chart(s)



The price targets shown should be considered in the context of all prior published Goldman Sachs research, which may or may not have included price targets, as well as developments relating to the company, its industry and financial markets.

Regulatory disclosures

Disclosures required by United States laws and regulations
See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global

Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Goldman Sachs (Asia) L.L.C.

Hon Precision delivered better-than-expected 3Q26 results, and highlighted: 1) product mix upgrade: a higher ASP for its large-package (Mega Tray) solution, with 20-30% of some customers' new orders already on Mega Tray, 2) CPO Insertion 4 customer qualification expected to finish by 2026 year-end, with mass production targeted in 1Q27, 3) a reiterated capacity expansion target of +50% for 2027, and 4) new projects expected to lift GM from 2H27. We remain positive on Hon Precision and raise our 12m TP to NT$12,600 (implied 49x 2027E P/E vs. 83% NI YoY in 2027-28E on avg.). Maintain Buy.

ATC platforms across FT and SLT to meet customers' needs

During the meeting, management laid out its ATC roadmap in detail, covering three platforms. ATC 3 uses liquid cooling and is adopted by an ASIC customer, with fast temperature ramp, c.10kW of power (vs. market mainstream of 2-3kW) and a 25-125°C range. ATC 5 uses refrigerant and supports tri-temp (-70-125°C) at c.10kW, mainly for automotive customers. ATC 8 uses refrigerant with c.25kW of power, for high-power applications. For large packages such as 200mm x 200mm, management plans to handle 12kW by end-2026 and 25kW by end-2027. Overall, Hon offers a different ATC system for each customer's test requirements and installs it on its FT or SLT handlers. Management believes this ability to meet varying temperature and power needs is why customers favor Hon's products.

Mega Tray solution across FT and SLT supports a higher ASP uplift

The large-package (Mega Tray) solution targets end-customer packages larger than 120mm x 150mm and is backward-compatible with current chip sizes. Small-volume shipments start in 2H26 and penetration is anticipated to rise in 2027. In final test (FT), Hon offers the HP9050, a dual-temp model, and the HP1050, a tri-temp model, which can be paired with different ATC platforms depending on customer needs. In system-level test (SLT), Hon offers the HP-3036, which supports 36 test boards in parallel (vs. 6-12 today), with an ASP more than 2x current, as longer test times make parallel testing increasingly important. Management emphasized the importance of integrating full automation and advanced AOI into these new handlers. The handlers can also be paired with Autonomous Mobile Robots (AMRs), which OSAT customers are actively adopting. On ASP, Mega Tray enjoys better price vs. the mainstream handler solution. For some customers, 20-30% of new orders are already on Mega Tray.

Goldman Sachs does and seeks to do business with companies covered in its research reports. As a result, investors should be aware that the firm may have a conflict of interest that could affect the objectivity of this report. Investors should consider this report as only a single factor in making their investment decision. For Reg AC certification and other important disclosures, see the Disclosure Appendix, or go to www.gs.com/research/hedge.html. Analysts employed by non-US affiliates are not registered/qualified as research analysts with FINRA in the U.S.

CPO qualification by 2026 year-end

Management said its CPO Insertion 4 tool has been ready for mass production since end-October, with current shipments mainly small-volume engineering tools. Customer qualification starts in November and is expected to finish in December. The customer targets mass production in 1Q27, and Hon has prepared long lead time materials in advance.

The tool tests simultaneously for optical and electrical performance. This requires two thermal systems, one for the ASIC and a separate system for the OEs, while ATE handles the electrical test. Hon's in-house optical alignment stage is still under qualification.

For CPC, Hon is focused on mechanical alignment. Some customers have strong demand and are looking to complete NPI as soon as possible. Hon is co-developing with a US networking customer and a major ATE vendor.

2027 capacity expansion reiterated

Looking into 2027, management reiterated its capacity expansion target of +50%. With order visibility for the next 2-3 quarters, we expect revenue to keep growing into 1H27. On margins, high-end ATC and Mega Tray shipments start in 4Q26, and CPO tools begin delivery in 1Q27. With a 3-6 month lag for equipment revenue recognition, management expects these new products to drive GM higher in 2H27.

On competition, management said major OSATs currently mainly use Hon's equipment, and challengers are mostly at an early stage. Management sees its advantage in ATC technology, where it leads peers, as well as a more complete product portfolio given widely varying customer requirements. On CPO, management sees its optical and electrical co-testing tool as next-generation equipment, leading in the market.

Earnings revision and Valuation

3Q26 beat: Hon Precision's 3Q26 revenue of NT$16.2bn (+17.4% QoQ, +97.5% YoY) came in 5.0% above GSe and 7.4% above Bloomberg consensus. Margin-wise, 3Q26 GM of 56.9% (vs. 56.1% in 2Q26) was in line with GSe/cons of 56.5%/57.0%. For opex, the company's 3Q26 opex ratio of 7.3% was higher vs. GSe/cons of 5.6%/6.6%, primarily due to higher R&D expense. As a result, 3Q26 EPS of NT$37.33 came in 4.7% above GSe of NT$35.64 and 8.0% above cons of NT$34.61.

Earnings revision: We factor in 3Q26 results and raise our EPS by 2% / 2% / 1% in 2026-28E mainly on higher revenues and GM, reflecting the better-than-expected 3Q26

results, continuous capacity expansion to capture the strong demand, product mix upgrade toward Mega Tray and business expansion toward CPO insertion 4.

Valuation: We raise our 12-month TP to NT$12,600 (vs. NT$12,500 previously). Our 12-month TP is based on 32x 2028E P/E (unchanged) discounted back to 2027E at a 13.6% CoE to arrive at our TP of NT$12,600. Our key assumptions for CoE include: (1) 1.5x beta (sourcing Bloomberg), (2) a 4.25% risk-free rate (inline with GS house view), and (3) a market risk premium of 6.25% (in line with GS house view). We adopt the

2028E discounted P/E method as we believe it best reflects Hon Precision's clear capacity expansion plan for the next several years with strong demand visibility. Maintain Buy.

Price Target Risks and Methodology - Hon Precision (7769.TW)

Valuation: We are Buy rated on Hon Precision. Our 12-month TP of NT$12,600 is based on a target P/E of 32x (based on close peer correlation analysis) applied to our 2028E EPS, and discounted back to 2027E at 13.6% CoE. Our key assumptions for CoE include: (1) 1.5x beta, (2) a 4.25% risk-free rate, and (3) a market risk premium at 6.25%.

Key downside risks to our views: (1) softer AI/HPC demand, (2) slower adoption of SLT among AI ASICs, and (3) intensifying competition.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Regulatory disclosures

Disclosures required by United States laws and regulations
See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States
The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory

Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

Win Semiconductors Corp. (3105.TWO)

Earnings Review: New optical products ramping up but contribution remains limited; reiterate Sell

3105.TWO	12m Price Target: **NT$162.00**	Price: **NT$540.00**	Downside: **70.0%**

Win Semi's 3Q26 core business (operating income) was 49/41% higher than GSe/BBG consensus, mainly driven by a more favorable product mix with higher contribution from the high margin infrastructure business (accounted for 39% of total revenue in 3Q26 vs. 34% in 2Q26), resulting in a 9.2ppt QoQ increase in 3Q26 GPM, and came in 6.9/6.1ppt above GSe/BBG consensus. Win Semi's OPEX increased to NT$775mn (vs. NT$743mn in 2Q26). NI was 67/110% higher than GSe/BBG consensus due to the high non-operating income of NT$698mn (account for 33% of total pretax income).

For 4Q26, the company expects revenue to increase by low single digit QoQ, and expects cellular to see QoQ decline due to weak season while the remaining businesses (including infrastructure/Wi-Fi/optical) will see flattish to small QoQ increase. For GM, the company guides the 4Q26 level to maintain at high-thirties %, which is much better than both our prior expectation and BBG consensus at 31.8/31.4%. Management indicated 3Q26 UTR to be higher at 75% (was 65% in 2Q26), and expect to maintain at similar level in 4Q26.

The company continues to highlight the progress with its AI-related business, with its new PD (photodiodes) products started to ramp up from 2H26, with more contribution expected in 2027 along with more PD capacity coming online. For the new LD (laser diodes) products, the company continues to work with multiple clients on multiple new solutions (including CW laser, EML solutions and VCSEL), but expects to see more contribution in 2028 due to the lengthy reliability tests (takes 6M+ per our estimates). The company reiterated that CAPEX this year is project driven, which will mainly focus on expanding InP and GaN capacity for the datacom optical and infrastructure business.

Source: Company data, Goldman Sachs Research estimates.

Upward revision to PA foundry TAM reflecting foundry continue to gain share despite weak smartphone shipment

We have revised up our 2026/27/28E PA foundry TAM by 5/4/2% to US$1.3bn/1.5bn/1.6bn despite smartphone shipment remaining weak (GSe now at -10%/+2%/+2% in 2026/27/28, was -10%/+3%/+1% previously, see here) as the smartphone market remains exposed to the rising memory cost environment (see here). The upward revision is based on our expectation that PA foundry house will continue to gain share in the smartphone PA segment as newer smartphone projects from design houses are being allocated to foundries due to the higher production costs and increasing design complexity of the PA. This will benefit Win Semi in the mid to long term (Win Semi's revenue from cellular business already saw 28% YoY YTD). We now expect the market TAM to deliver an 8% CAGR over 2026-30E, and we expect foundries' cellular PA shipments to increase by 11% in 2026 (Exhibit 2), outperforming our 2026 smartphone shipment estimates of -10% YoY due to the higher than expected PA foundry penetration (Exhibit 5).

Win Semi delivered 3Q26 revenue that is better than the company's guidance (actual QoQ at 31% vs. guidance of low-teens QoQ), with the cellular business in peak season. Management expects this momentum to slow down in 4Q26 and guided revenue to see QoQ decline in the cellular business. We now expect Win Semi's PA foundry revenue to grow 31% YoY in 2026 (was 28% previously), outpacing the overall PA foundry TAM growth of 22% YoY, as the company continues to focus on mid-to-high-end and premium smartphone models (iOS camp accounts for 30-40% of the company's cellular business per our estimate), which are relatively more resilient to rising memory costs. Moreover, we expect Win Semi's PA foundry market share to decline from 74% in 2020 to 57% in 2026, and further lower to ~50% by 2030, but its revenue will continue to expand further due to the growing foundry TAM.

We continue to expect Taiwan PA foundry players to see modest recovery in 2026 CAPEX. However, we do not view this as an indication of a recovery in demand for the overall PA foundry industry. Win Semi maintained its 2026 CAPEX guidance of NT$2-3bn, with the majority of spending allocated to the new InP and GaN capacity rather than GaAs capacity expansion. We continue to believe GaAs capacity remains sufficient as we estimate Win Semi's quarterly utilization rate could reach at most 85% throughout 2026-28E (Exhibit 1), suggesting no meaningful need for additional GaAs capacity expansion.

Investment view

The company has started to see increasing contribution from the new PD product in 3Q26 but the contribution remains very limited (overall optical business only saw high single digit QoQ in 3Q26), while the company expects PD product revenue to further ramp up in 2027 along with more PD capacity coming online. This is tracking more slowly than our expectation, and we now expect the datacom optical business to account for only a mid-single-digit of 2026E revenue (was expecting high-single-digit previously). Meanwhile, progress in new high end LD products (including CW lasers, EML solutions and VCSEL) remains broadly the same since last earning call, with the company is still at verification stage and expect more meaningful contribution in 2028E. As such, we believe Win Semi's revenue remains highly exposed to the potential weakness in smartphone demand, as we estimate smartphone related business (including cellular, WiFi, and optical) will account for 50%+ of total revenue in 2026E. The contribution

from datacom optical through 2026-27E could not reach scale, and it remains highly uncertain whether optical companies will outsource LD products to Win Semi in 2028E. As a result, we believe Win Semi's stock price remains too elevated (trading at over 50x 2027E P/E based on GSe/BBG consensus) with limited contribution from the datacom optical business.

We maintain our conservative view on Win Semi's stock performance, given (1) the contribution from datacom optical products (e.g., PDs and LDs) remains limited in near-term, with the higher margin LD products potentially seeing more contribution in 2028E, (2) the company's exposure in cellular business remains high (30%+), and the smartphone market continue to be impacted by high memory cost; and (3) given the slow technology upgrade speed in the GaAs foundry market, we believe competitors such as AWSC could catch up with the technology and is better positioned to gain share given their lower cost structures and more competitive pricing.

Maintain Sell, with a new 12-m TP of NT$162 (from NT$142).

Earnings revisions

We raise our 2026E revenue by 2% after factor in 3Q26 results and raise our 2027/28E revenue by 5/6% to factor in higher infrastructure and optical business contribution. We revise up our 2026/27/28E GM estimates by 3.8/2.1/1.6ppt as we expect more margin expansion driven by higher UTR and the higher contribution from high margin infrastructure business. Overall, we revised up our 2026/27/28E EPS estimates by 47/6/7%.

Also, we introduce our 2029E earnings estimates with this report.

Valuation

We maintain our Sell rating, and revise up our TP from NT$142 to NT$162, based on the same target PE of 24x (1x STDV lower than the industry upcycle average valuation), factoring in our earnings revisions and, consistent with our group coverage practices, roll over our valuation period from 4Q26-3Q27 to 2027E.

Investment Thesis and TP & risks

Win Semi is a key GaAs-based semi foundry player with c.49% global market share as of 2025. We believe the company's market share could decline given its much higher-than-peer product pricing in the demand downtrend. We also expect the

company to be impacted by the slow PA foundry market growth outlook given weak end-market demand and high inventory levels. This is despite some longer-term demand drivers (China PA in-sourcing trend, WiFi 6E/7 upgrading trend, new smartphone/AR VR optical products, automotive LiDAR opportunity, satellite communication market opportunity, stronger 5G BTS deployment in EU/US market, datacom optical opportunity etc.), which should increase its revenue/GM in the long term. However, we believe Win Semi's market share loss will continue to weigh on its long-term growth opportunity. We are Sell-rated given the ongoing PA foundry industry downcycle, along with our cautious view on the company's market share outlook. Win Semi is now trading above its average downcycle P/E multiple. Key upside risks are (1) easing competition in the China PA foundry market, (2) faster-than-expected progress on 5G/WiFi 7 upgrade trend, and (3) faster-than-expected growth from LEO/AI-related business.

Our 12-month target price of NT$162 is based on 24x 2027E EPS, which is 1x STDV lower than the industry upcycle average valuation since 2016. Key upside risks are (1) easing competition in the China PA foundry market, (2) faster-than-expected progress on 5G/WiFi 7 upgrade trend, and (3) faster-than-expected growth from LEO/AI-related business.

GS Factor Profile

The Goldman Sachs Factor Profile provides investment context for a stock by comparing key attributes to the market (i.e. our universe of rated stocks) and its sector peers. The four key attributes depicted are: Growth, Financial Returns, Multiple (e.g. valuation) and Integrated (a composite of Growth, Financial Returns and Multiple). Growth, Financial Returns and Multiple are calculated by using normalized ranks for specific metrics for each stock. The normalized ranks for the metrics are then averaged and converted into percentiles for the relevant attribute. The precise calculation of each metric may vary depending on the fiscal year, industry and region, but the standard approach is as follows:

Growth is based on a stock's forward-looking sales growth, EBITDA growth and EPS growth (for financial stocks, only EPS and sales growth), with a higher percentile indicating a higher growth company. **Financial Returns** is based on a stock's forward-looking ROE, ROCE and CROCI (for financial stocks, only ROE), with a higher percentile indicating a company with higher financial returns. **Multiple** is based on a stock's forward-looking P/E, P/B, price/dividend (P/D), EV/EBITDA, EV/FCF and EV/Debt Adjusted Cash Flow (DACF) (for financial stocks, only P/E, P/B and P/D), with a higher percentile indicating a stock trading at a higher multiple. The **Integrated** percentile is calculated as the average of the Growth percentile, Financial Returns percentile and (100% - Multiple percentile).

Financial Returns and Multiple use the Goldman Sachs analyst forecasts at the fiscal year-end at least three quarters in the future. Growth uses inputs for the fiscal year at least seven quarters in the future compared with the year at least three quarters in the future (on a per-share basis for all metrics).

For a more detailed description of how we calculate the GS Factor Profile, please contact your GS representative.

M&A Rank

Across our global coverage, we examine stocks using an M&A framework, considering both qualitative factors and quantitative factors (which may vary across sectors and regions) to incorporate the potential that certain companies could be acquired. We then assign a M&A rank as a means of scoring companies under our rated coverage from 1 to 3, with 1 representing high (30%-50%) probability of the company becoming an acquisition target, 2 representing medium (15%-30%) probability and 3 representing low (0%-15%) probability. For companies ranked 1 or 2, in line with our standard departmental guidelines we incorporate an M&A component into our target price. M&A rank of 3 is considered immaterial and therefore does not factor into our price target, and may or may not be discussed in research.

Quantum

Quantum is Goldman Sachs' proprietary database providing access to detailed financial statement histories, forecasts and ratios. It can be used for in-depth analysis of a single company, or to make comparisons between companies in different sectors and markets.

Disclosures

The rating(s) for Win Semiconductors Corp. is/are relative to the other companies in its/their coverage universe: AVC, AWSC, Airtac International Group, Asus, Auras, Chenbro, Co-Tech Development Corp., Compal, Delta Electronics, E Ink, Elite Material, Fositek, GCE, Gigabyte, HTC Corp., Hiwin Corp., ITEQ Corp, Inventec, Kinsus, Lotes, NYPCB, Pegatron, Quanta, Shengyi Tech, Shennan Circuits, Taiwan Union Technology Corp., Unimicron Technology, Victory Giant, WNC, WUS, Win Semiconductors Corp., Yageo Corp., Zhen Ding Technology Holding

Company-specific regulatory disclosures

The following disclosures relate to relationships between The Goldman Sachs Group, Inc. (with its affiliates, "Goldman Sachs") and companies covered by Goldman Sachs Global Investment Research and referred to in this research.

Goldman Sachs beneficially owned 1% or more of common equity (excluding positions managed by affiliates and business units not required to be aggregated under US securities law) as of the month end preceding this report: Win Semiconductors Corp. (NT$540.00)

Regulatory disclosures

Disclosures required by United States laws and regulations

See company-specific regulatory disclosures above for any of the following disclosures required as to companies referred to in this report: manager or co-manager in a pending transaction; 1% or other ownership; compensation for certain services; types of client relationships; managed/co-managed public offerings in prior periods; directorships; registered market maker. Goldman Sachs trades or may trade as a principal in debt securities (or in related derivatives) of issuers discussed in this report.

The following are additional required disclosures: **Ownership and material conflicts of interest:** Goldman Sachs policy prohibits its analysts, professionals reporting to analysts and members of their households from owning securities of any company in the analyst's area of coverage. **Analyst compensation:** Analysts are paid in part based on the profitability of Goldman Sachs, which includes investment banking revenues. **Analyst as officer or director:** Goldman Sachs policy generally prohibits its analysts, persons reporting to analysts or members of their households from serving as an officer, director or advisor of any company in the analyst's area of coverage. **Non-U.S. Analysts:** Non-U.S. analysts may not be associated persons of Goldman Sachs & Co. LLC and therefore may not be subject to FINRA Rule 2241 or FINRA Rule 2242 restrictions on communications with a subject company, public appearances and trading in securities covered by the analysts.

Additional disclosures required under the laws and regulations of jurisdictions other than the United States

The following disclosures are those required by the jurisdiction indicated, except to the extent already made above pursuant to United States laws and regulations. **Australia:** Goldman Sachs Australia Pty Ltd and its affiliates are not authorised deposit-taking institutions (as that term is defined in the Banking Act 1959 (Cth)) in Australia and do not provide banking services, nor carry on a banking business, in Australia. This research, and any access to it, is intended only for "wholesale clients" within the meaning of the Australian Corporations Act, unless otherwise agreed by Goldman Sachs. In producing research reports, members of Global Investment Research of Goldman Sachs Australia may attend site visits and other meetings hosted by the companies and other entities which are the subject of its research reports. In some instances the costs of such site visits or meetings may be met in part or in whole by the issuers concerned if Goldman Sachs Australia considers it is appropriate and reasonable in the specific circumstances relating to the site visit or meeting. To the extent that the contents of this document contains any financial product advice, it is general advice only and has been prepared by Goldman Sachs without taking into account a client's objectives, financial situation or needs. A client should, before acting on any such advice, consider the appropriateness of the advice having regard to the client's own objectives, financial situation and needs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests and a copy of Goldman Sachs' Australian Sell-Side Research Independence Policy Statement are available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Brazil:** Disclosure information in relation to CVM Resolution n. 20 is available at https://www.gs.com/worldwide/brazil/area/gir/index.html. Where applicable, the Brazil-registered analyst primarily responsible for the content of this research report, as defined in Article 20 of CVM Resolution n. 20, is the first author named at the beginning of this report, unless indicated otherwise at the end of the text. **Canada:** This information is being provided to you for information purposes only and is

not, and under no circumstances should be construed as, an advertisement, offering or solicitation by Goldman Sachs & Co. LLC for purchasers of securities in Canada to trade in any Canadian security. Goldman Sachs & Co. LLC is not registered as a dealer in any jurisdiction in Canada under applicable Canadian securities laws and generally is not permitted to trade in Canadian securities and may be prohibited from selling certain securities and products in certain jurisdictions in Canada. If you wish to trade in any Canadian securities or other products in Canada please contact Goldman Sachs Canada Inc., an affiliate of The Goldman Sachs Group Inc., or another registered Canadian dealer. **Hong Kong:** Further information on the securities of covered companies referred to in this research may be obtained on request from Goldman Sachs (Asia) L.L.C. **India:** Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (India) Securities Private Limited, Research Analyst - SEBI Registration Number INH000001493, 10th Floor, Ascent-Worli, Sudam Kalu Ahire Marg, Worli, Mumbai-400 025, India, Corporate Identity Number U74140MH2006FTC160634, Phone +91 22 6616 9000, Fax +91 22 6616 9001. Goldman Sachs may beneficially own 1% or more of the securities (as such term is defined in clause 2 (h) the Indian Securities Contracts (Regulation) Act, 1956) of the subject company or companies referred to in this research report. Registration granted by SEBI and certification from NISM in no way guarantee performance of the intermediary or provide any assurance of returns to investors. Goldman Sachs (India) Securities Private Limited compliance officer and investor grievance contact details, a copy of the annual compliance audit report and other relevant information and disclosures can be found at this link: https://www.goldmansachs.com/worldwide/india/research-analyst. **Japan:** See below. **Korea:** This research, and any access to it, is intended only for "professional investors" within the meaning of the Financial Services and Capital Markets Act, unless otherwise agreed by Goldman Sachs. Further information on the subject company or companies referred to in this research may be obtained from Goldman Sachs (Asia) L.L.C., Seoul Branch. **New Zealand:** Goldman Sachs New Zealand Limited and its affiliates are neither "registered banks" nor "deposit takers" (as defined in the Reserve Bank of New Zealand Act 1989) in New Zealand. This research, and any access to it, is intended for "wholesale clients" (as defined in the Financial Advisers Act 2008) unless otherwise agreed by Goldman Sachs. A copy of certain Goldman Sachs Australia and New Zealand disclosure of interests is available at: https://www.goldmansachs.com/disclosures/australia-new-zealand/index.html. **Russia:** Research reports distributed in the Russian Federation are not advertising as defined in the Russian legislation, but are information and analysis not having product promotion as their main purpose and do not provide appraisal within the meaning of the Russian legislation on appraisal activity. Research reports do not constitute a personalized investment recommendation as defined in Russian laws and regulations, are not addressed to a specific client, and are prepared without analyzing the financial circumstances, investment profiles or risk profiles of clients. Goldman Sachs assumes no responsibility for any investment decisions that may be taken by a client or any other person based on this research report. **Singapore:** Goldman Sachs (Singapore) Pte. (Company Number: 198602165W), which is regulated by the Monetary Authority of Singapore, accepts legal responsibility for this research, and should be contacted with respect to any matters arising from, or in connection with, this research. **Taiwan:** This material is for reference only and must not be reprinted without permission. Investors should carefully consider their own investment risk. Investment results are the responsibility of the individual investor. **United Kingdom:** Persons who would be categorized as retail clients in the United Kingdom, as such term is defined in the rules of the Financial Conduct Authority, should read this research in conjunction with prior Goldman Sachs research on the covered companies referred to herein and should refer to the risk warnings that have been sent to them by Goldman Sachs International. A copy of these risks warnings, and a glossary of certain financial terms used in this report, are available from Goldman Sachs International on request.

European Union and United Kingdom: Disclosure information in relation to Article 6 (2) of the European Commission Delegated Regulation (EU) (2016/958) supplementing Regulation (EU) No 596/2014 of the European Parliament and of the Council (including as that Delegated Regulation is implemented into United Kingdom domestic law and regulation following the United Kingdom's departure from the European Union and the European Economic Area) with regard to regulatory technical standards for the technical arrangements for objective presentation of investment recommendations or other information recommending or suggesting an investment strategy and for disclosure of particular interests or indications of conflicts of interest is available at https://www.gs.com/disclosures/europeanpolicy.html which states the European Policy for Managing Conflicts of Interest in Connection with Investment Research.

Japan: Goldman Sachs Japan Co., Ltd. is a Financial Instrument Dealer registered with the Kanto Financial Bureau under registration number Kinsho 69, and a member of Japan Securities Dealers Association, Financial Futures Association of Japan Type II Financial Instruments Firms Association, and Investment Management Association of Japan. Sales and purchase of equities are subject to commission pre-determined with clients plus consumption tax. See company-specific disclosures as to any applicable disclosures required by Japanese stock exchanges, the Japanese Securities Dealers Association or the Japanese Securities Finance Company.

Ratings, coverage universe and related definitions

Buy (B), Neutral (N), Sell (S) Analysts recommend stocks as Buys or Sells for inclusion on various regional Investment Lists. Being assigned a Buy or Sell on an Investment List is determined by a stock's total return potential relative to its coverage universe. Any stock not assigned as a Buy or a Sell on an Investment List with an active rating (i.e., a stock that is not Rating Suspended, Not Rated, Early-Stage Biotech, Coverage Suspended or Not Covered), is deemed Neutral. Each region manages Regional Conviction Lists, which are selected from Buy rated stocks on the respective region's Investment Lists and represent investment recommendations focused on the size of the total return potential and/or the likelihood of the realization of the return across their respective areas of coverage. The addition or removal of stocks from such Conviction Lists are managed by the Investment Review Committee or other designated committee in each respective region and do not represent a change in the analysts' investment rating for such stocks.

Total return potential represents the upside or downside differential between the current share price and the price target, including all paid or anticipated dividends, expected during the time horizon associated with the price target. Price targets are required for all covered stocks. The total return potential, price target and associated time horizon are stated in each report adding or reiterating an Investment List membership.

Coverage Universe: A list of all stocks in each coverage universe is available by primary analyst, stock and coverage universe at https://www.gs.com/research/hedge.html.

Not Rated (NR). The investment rating, target price and earnings estimates (where relevant) are removed pursuant to Goldman Sachs policy when Goldman Sachs is acting in an advisory capacity in a merger or in a strategic transaction involving this company, when there are legal, regulatory or policy constraints due to Goldman Sachs' involvement in a transaction, and in certain other circumstances. **Early-Stage Biotech (ES).** An investment rating and a target price are not assigned pursuant to Goldman Sachs policy when this company has neither a drug, treatment or medical device that has passed a Phase II clinical trial nor a license to distribute a post-Phase II drug, treatment or medical device. **Rating Suspended (RS).** Goldman Sachs Research has suspended the investment rating and price target for this stock, because there is not a sufficient fundamental basis for determining an investment rating or target price. The previous investment rating and target price, if any, are no longer in effect for this stock and should not be relied upon. **Coverage Suspended (CS).** Goldman Sachs has suspended coverage of this company. **Not Covered (NC).** Goldman Sachs does not cover this company.

Global product; distributing entities

Goldman Sachs Global Investment Research produces and distributes research products for clients of Goldman Sachs on a global basis. Analysts based in Goldman Sachs offices around the world produce research on industries and companies, and research on macroeconomics, currencies, commodities and portfolio strategy. This research is disseminated in Australia by Goldman Sachs Australia Pty Ltd (ABN 21 006 797 897); in Brazil by Goldman Sachs do Brasil Corretora de Títulos e Valores Mobiliários S.A.; Public Communication Channel Goldman Sachs Brazil: 0800 727 5764 and / or contatogoldmanbrasil@gs.com. Available Weekdays (except holidays), from 9am to 6pm. Canal de Comunicação com o Público Goldman Sachs Brasil: 0800 727 5764 e/ou contatogoldmanbrasil@gs.com. Horário de funcionamento: segunda-feira à sexta-feira (exceto feriados), das 9h às 18h; in Canada by Goldman Sachs & Co. LLC; in Hong Kong by Goldman Sachs (Asia) L.L.C.; in India by Goldman Sachs (India) Securities Private Ltd.; in Japan by

Goldman Sachs Japan Co., Ltd.; in the Republic of Korea by Goldman Sachs (Asia) L.L.C., Seoul Branch; in New Zealand by Goldman Sachs New Zealand Limited; in Russia by OOO Goldman Sachs; in Singapore by Goldman Sachs (Singapore) Pte. (Company Number: 198602165W); and in the United States of America by Goldman Sachs & Co. LLC. Goldman Sachs International has approved this research in connection with its distribution in the United Kingdom.

Goldman Sachs International ("GSI"), authorised by the Prudential Regulation Authority ("PRA") and regulated by the Financial Conduct Authority ("FCA") and the PRA, has approved this research in connection with its distribution in the United Kingdom.

European Economic Area: Goldman Sachs Bank Europe SE ("GSBE") is a credit institution incorporated in Germany and, within the Single Supervisory Mechanism, subject to direct prudential supervision by the European Central Bank and in other respects supervised by German Federal Financial Supervisory Authority (Bundesanstalt für Finanzdienstleistungsaufsicht, BaFin) and Deutsche Bundesbank and disseminates research within the European Economic Area.

General disclosures

This research is for our clients only. Other than disclosures relating to Goldman Sachs, this research is based on current public information that we consider reliable, but we do not represent it is accurate or complete, and it should not be relied on as such. The information, opinions, estimates and forecasts contained herein are as of the date hereof and are subject to change without prior notification. We seek to update our research as appropriate, but various regulations may prevent us from doing so. Other than certain industry reports published on a periodic basis, the large majority of reports are published at irregular intervals as appropriate in the analyst's judgment.

Goldman Sachs conducts a global full-service, integrated investment banking, investment management, and brokerage business. We have investment banking and other business relationships with a substantial percentage of the companies covered by Global Investment Research. Goldman Sachs & Co. LLC, the United States broker dealer, is a member of SIPC (https://www.sipc.org).

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients and principal trading desks that reflect opinions that are contrary to the opinions expressed in this research. Our asset management area, principal trading desks and investing businesses may make investment decisions that are inconsistent with the recommendations or views expressed in this research.

The analysts named in this report may have from time to time discussed with our clients, including Goldman Sachs salespersons and traders, or may discuss in this report, trading strategies that reference catalysts or events that may have a near-term impact on the market price of the equity securities discussed in this report, which impact may be directionally counter to the analyst's published price target expectations for such stocks. Any such trading strategies are distinct from and do not affect the analyst's fundamental equity rating for such stocks, which rating reflects a stock's return potential relative to its coverage universe as described herein.

We and our affiliates, officers, directors, and employees will from time to time have long or short positions in, act as principal in, make a market or act as liquidity provider in, and buy or sell, any securities, derivatives, or other financial instruments referred to in this research (including any financial instruments issued by the companies referred to herein), unless otherwise prohibited by regulation or Goldman Sachs policy.

The views attributed to third party presenters at Goldman Sachs arranged conferences, including individuals from other parts of Goldman Sachs, do not necessarily reflect those of Global Investment Research and are not an official view of Goldman Sachs.

Any third party referenced herein, including any salespeople, traders and other professionals or members of their household, may have positions in the products mentioned that are inconsistent with the views expressed by analysts named in this report.

This research is not an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Clients should consider whether any advice or recommendation in this research is suitable for their particular circumstances and, if appropriate, seek professional advice, including tax advice. The price and value of investments referred to in this research and the income from them may fluctuate. Past performance is not a guide to future performance, future returns are not guaranteed, and a loss of original capital may occur. Fluctuations in exchange rates could have adverse effects on the value or price of, or income derived from, certain investments.

Certain transactions, including those involving futures, options, and other derivatives, give rise to substantial risk and are not suitable for all investors. Investors should review current options and futures disclosure documents which are available from Goldman Sachs sales representatives or at https://www.theocc.com/about/publications/character-risks.jsp and https://www.goldmansachs.com/disclosures/cftc_fcm_disclosures. Transaction costs may be significant in option strategies calling for multiple purchase and sales of options such as spreads. Supporting documentation will be supplied upon request.

Differing Levels of Service provided by Global Investment Research: The level and types of services provided to you by Goldman Sachs Global Investment Research may vary as compared to that provided to internal and other external clients of GS, depending on various factors including your individual preferences as to the frequency and manner of receiving communication, your risk profile and investment focus and perspective (e.g., marketwide, sector specific, long term, short term), the size and scope of your overall client relationship with GS, and legal and regulatory constraints. As an example, certain clients may request to receive notifications when research on specific securities is published, and certain clients may request that specific data underlying analysts' fundamental analysis available on our internal client websites be delivered to them electronically through data feeds or otherwise. No change to an analyst's fundamental research views (e.g., ratings, price targets, or material changes to earnings estimates for equity securities), will be communicated to any client prior to inclusion of such information in a research report broadly disseminated through electronic publication to our internal client websites or through other means, as necessary, to all clients who are entitled to receive such reports.

All research reports are disseminated and available to all clients simultaneously through electronic publication to our internal client websites. Not all research content is redistributed to our clients or available to third-party aggregators, nor is Goldman Sachs responsible for the redistribution of our research by third party aggregators. For research, models or other data related to one or more securities, markets or asset classes (including related services) that may be available to you, please contact your GS representative or go to https://research.gs.com.

Disclosure information is also available at https://www.gs.com/research/hedge.html or from Research Compliance, 200 West Street, New York, NY 10282.

CPO Revenue on Track; Stay OW

AlphaSignals Earnings Reaction

Strengthens our thesis	Modest upside	Modest revision higher
Impact to our thesis	Financial results versus consensus	Direction of next 12-month consensus EPS

Source: Company data, Morgan Stanley Research

CPO is on track for >US$500mn in 2027: Management mentioned the CPO has already started mass production and will reach at least US$500mn in 2027. This is in-line with our estimates that we forecast CPO revenue to be >US$600mn in 2027.

Slightly upward revision of LEAP revenue: The company slightly raised 2026 LEAP (leading-edge advanced packaging) revenue from US$3.7bn to US$4bn and 2027 from >US$7.5bn to >US$8bn, on track to our forecast of US$9bn. It expects at least US$1bn of full process CoWoS-like revenue in 2027 vs. MSe of US$1.8bn.

Margin expansion is also on track: 3Q26 ATM gross margin has already surpassed the structural range and reached 30.6%. The company mentioned 30% would be the new floor and expects it to continue to expand sequentially in 2027.

3Q26 GM and 4Q26 guidance slightly beat: 3Q26 GM of 22.1% is slightly higher than both MSe and the consensus. 4Q26 revenue guidance of 6-8% QoQ growth and GM of 23-24% are both slightly higher than MSe of 5% QoQ growth and 22-23% GM forecast.

Exhibit 1: ASE: 3Q26 Earnings Review

(NT$ mn)	3Q26				
	Actual	Q/Q	Y/Y	MS Est.	Consensus

Valuation Methodology and Risks

ASE Technology Holding Co. Ltd. (3711.TW)

Base case, residual income model. Key assumptions: cost of equity of 9.8%, intermediate growth rate of 10%, terminal growth rate of 3.5%, and cash dividend payout ratio of 60%.

Risks to Upside

- Stronger-than-expected global economic and semiconductor growth
- Margin expansion through merger consolidation
- New wearables project wins with higher margins

Risks to Downside

- Slower-than-expected global economic and semiconductor growth
- Further margin erosion amid price competition
- Lack of new features in wearables, causing consumers to lose interest

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, **ASE Technology Holding Co. Ltd.**, ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, Vanguard International Semiconductor, WIN Semiconductors Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, **ASE Technology Holding Co. Ltd.**, ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from **ASE Technology Holding Co. Ltd.**, King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, **ASE Technology Holding Co. Ltd.**, ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: **ASE Technology Holding Co. Ltd.**, Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

SLT, photonics (transceiver+CPO), and power testing should continue to drive growth into 2027, with contributions from FT handlers and burn-in ovens likely emerging as well. Stay OW.

3Q26 miss on GM: See details in Results Summary

Growth momentum seen sustained into 4Q26 and 2027: Management indicated that the strong business momentum observed in 3Q26 is likely to stay intact going forward, driven by both power testing and semi & photonics businesses. Normalized GM remains at ~60% (2026 guidance of ~60% GM implies GM back to ~60% in 4Q26 vs. 57.5% in 3Q26).

- **Power testing**: 60-70% of revenue is AI-related for 2026, and it is expected to be sustained into 2027. HVDC testing tools could be the major driver, and it has already received orders from customers.
- **SLT**: 9M26 revenue doubled on a YoY basis. SLT demand used to focus on one major customer, but management indicated that it has added AVGO and MRVL as new customers. Moreover, demand in 4Q26/1H27 should be mostly related to inference applications, including CPU/ASIC/LPU.
- **Photonics**: 9M26 revenue grew by 4x on a YoY basis. Demand from transceivers should remain solid and CPO should grow notably in 2027. Chroma focuses on Insertion 3/4o and shipments for the mass production line next year are seen reaching 4-5x vs. that for the pilot line this year. Moreover, it has added another customer for a pilot run in 9M27 and mass production in 4Q27. At the industry level, if insertion is excluded from mass production, Insertion 3 tool demand should be higher. Opportunities will likely be much larger when CPO penetrates the scale-up network.
- **New businesses**: FT handlers have been qualified by multiple HPC/CSP customers and orders have been placed. Burn-in ovens have secured the first CSP customer, with more HPC customers expected to follow next year. These should be new addressable markets for Chroma in the coming years.

Stay OW: We believe Chroma should continue to benefit from the AI compute/networking/power testing opportunities due to its strong customer relationship, solid execution and outstanding technology expertise. Our PT of NT$2,800 is based on 40x 2027e P/E, implying a PEG of 0.6 (vs. 1.0 over the past decade).

Results Summary

3Q26 miss on GM:

Off revenue of NT$17,926mn (+32% QoQ/+180% YoY), GM contracted 3ppt QoQ, to 57.5%, below our estimate at 60.5% and consensus at 62.7%, mainly owing to a less favorable product mix.

Opex of NT$3,141mn (opex ratio 17.5%) was lower than our estimate at NT$3,797mn (opex ratio 21.2%) and consensus at NT$3,321mn (opex ratio 21.7%), reflecting operating leverage.

This led to operating profit of NT$7,167mn (OPM up 1.2ppt QoQ, to 40.0%), 2% higher than our estimate at NT$7,040mn (OPM 39.3%) and 14% higher than consensus at NT $6,281mn (OPM 41.0%).

With a narrower non-op gain of NT$186mn, net profit reached NT$5,647mn (EPS NT $13.37), 2% short of our estimate at NT$5,790mn (EPS NT$13.71) and 6% short of consensus at NT$5,317mn (EPS NT$12.59).

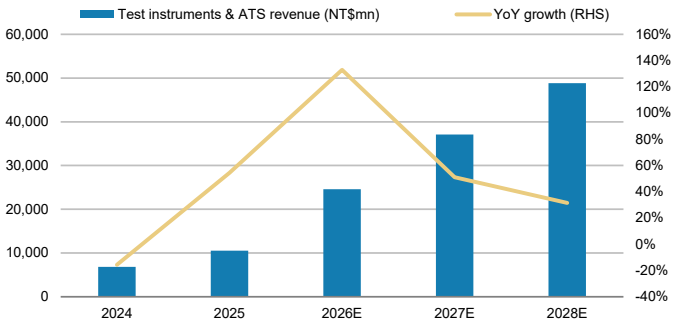
A Closer Look

Test instrument and ATS segment looks set to reach another record high in 2026

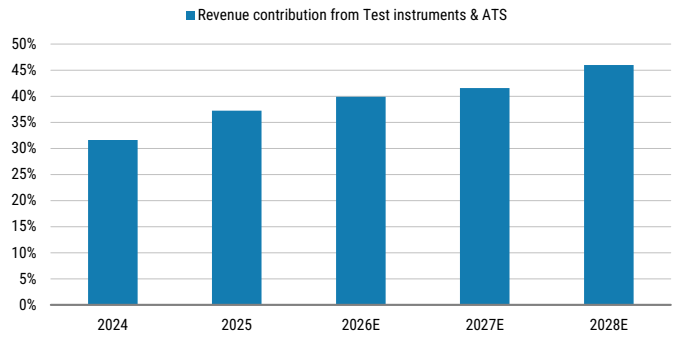
Revenue for the segment increased 55% YoY to NT$10,546mn (37% of the mix) in 2025. We estimate it will rise 118% YoY to NT$24,564mn (40% of the mix) in 2026. The ever-increasing power consumption of AI clusters should continue to drive demand for higher spec testing tools. Along with our forecast of a 75% CAGR for global power supply unit demand in the coming three years (see our report), this should remain a major driver for Chroma, in our view.

Exhibit 2: Test Instrument and ATS Revenue (Annual)



Source: Company data, Morgan Stanley Research (E) estimates

Exhibit 3: Test Instrument and ATS Revenue Mix



Source: Company data, Morgan Stanley Research (E) estimates

Multiple drivers in the semiconductor business

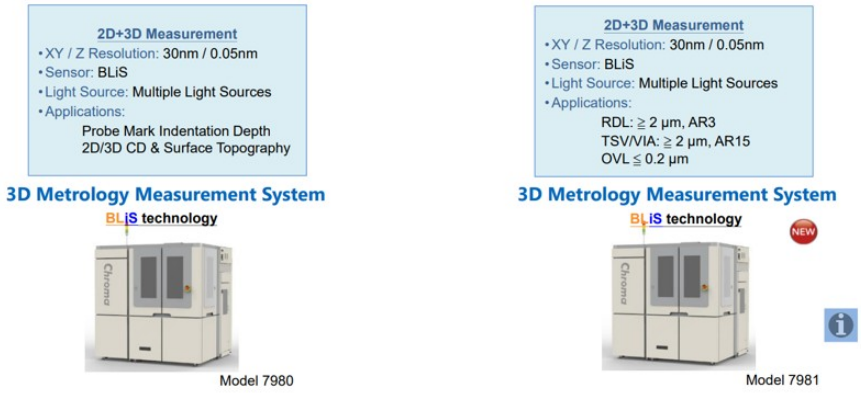
System-level testing (SLT) business

SLT should benefit from the capex cycle of NVIDIA's Rubin generation GPU, AMD's MI450 GPU and more ASIC accelerators. Management pointed out that discrete testing tools are still preferred by major customers. We are also seeing more HPC chip designers adopting the system level testing process to make sure defects won't be incorporated into the AI systems. We believe Chroma, as the first mover in this market, should benefit from increasing chip volume, as well as higher TDP.

Metrology business

The metrology business should continue to benefit from current advanced packaging architectures from its foundry and OSAT customers. It is confident that the performance of its tools can win future architecture projects, which our industry checks suggest should have higher metrology density.

Exhibit 4: Chroma – Offerings for Metrology in Advanced Packaging

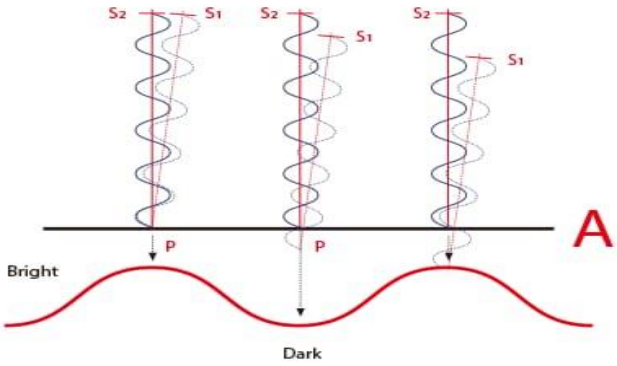


Source: Chroma

Chroma's metrology equipment employs white light interferometry technology. The basic working principle is that white light is emitted on the reference mirror and the sample, which are placed at the same distance from the light source. The reflected beams from the reference mirror and sample surface are then received by a light sensor.

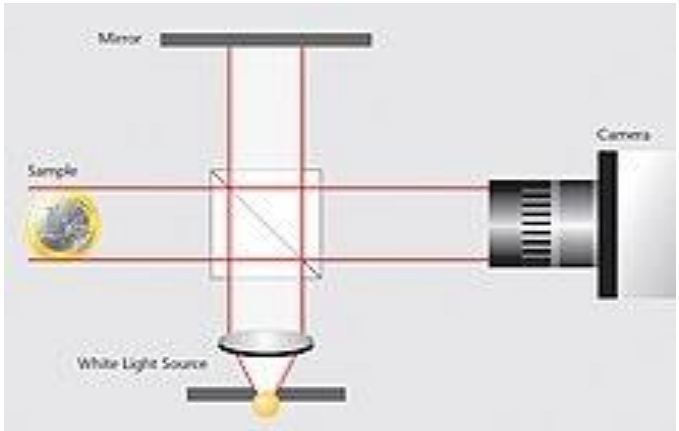
Interference occurs when two light beams collide, which could cause them to either strengthen or weaken, depending on the phase of the two light beams. Thus, by measuring the intensity of the combined light beams, the distance between light sensor and multiple points on the target surface can be calculated through an algorithm. This can then be used to measure the dimensions of the structure or the alignment of layers.

Exhibit 5: Concept of Light Interference



Source: Keyence

Exhibit 6: Setup of Interferometer

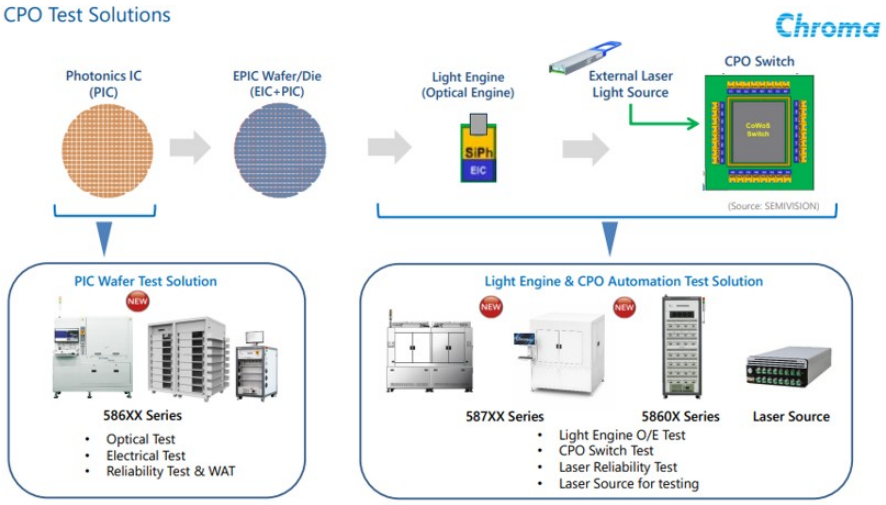


Source: Wikipedia

CPO contribution to start from 2026

Chroma has been qualified for optical engine testing in Insertion 3 and system-level testing in Insertion 4, and there might be incremental opportunities if supply chain players' progress falls behind for testing equipment in Insertion 2. Over the longer term, Chroma also aspires to participate in the PIC optical/electrical/reliability testing in Insertion 1.

Exhibit 7: Chroma's Offerings in CPO



Source: Chroma

FT handlers to add another revenue stream

In HPC testing, Chroma used to focus mostly on the SLT side, although it did unveil its first HPC FT handler earlier this year and is now going through the qualification process. We believe this is a natural extension of its expertise and customer relationships accumulated in SLTs. We expect Chroma to gain more traction in FT handlers for AI HPCs in 2027.

129% YoY growth seen for the semiconductor and photonics business in 2026

Overall, we forecast semiconductor and photonics revenue will grow 129% YoY in 2026, accounting for 36% of Chroma's mix.

Exhibit 9: Semi and Photonics Revenue (Annual)

Valuation Methodology and Risks

Chroma Ate Inc. (2360.TW)

Base case, 40x 2027e P/E. We use P/E as our valuation methodology because we think it better captures Chroma's earnings growth momentum. The stock traded at an average valuation of ~19x P/E during 2014-25 with an operating profit CAGR of 20%, implying a PEG of 1.0. We think our target multiple of 40x is justified by the 68% operating profit CAGR we project for 2025-28.

Risks to Upside

- Better-than-expected macro conditions
- Stronger semi and photonics and power testing demand
- Margin improvement via better product mix
- Better opex control

Risks to Downside

- Macro slowdown
- Softer-than-expected AI capex
- Slower progress in the advanced packaging capacity expansion
- Weaker consumer electronics and automobile related demand
- Margin contraction arising from lack of revenue scale and increasing opex

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Effective January 13, 2014, the industry view benchmarks for Morgan Stanley Asia Pacific are as follows: relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research. Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those

who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

Vanguard International Semiconductor | Asia Pacific

Strong revenue but margin dilution; downgrade to UW

WHAT'S CHANGED		
Vanguard International Semiconductor (5347.TWO)	From	To
Rating	Equal-weight	**Underweight**
Price Target	NT$180.00	**NT$135.00**

Vanguard could show strong revenue growth in 2027 from wafer price hikes and its new Singapore fab's contribution – but we expect depreciation to weigh heavily on margin.

VSMC could cause high-single digit (%) dilution to 2027 GM – above many investors' 3-5% expectation: On Vanguard's latest earnings call, management noted a successful trial run of VisionPower Semiconductor Manufacturing Company, its JV with NXP Semiconductors. It confirmed that interposers are on track for mass production in 1Q27. We see revenue upside from the ramp – but depreciation could heavily pressure margins. Management previously guided that VSMC could break even at 30kwpm, more likely in late 2028, in our view (vs. current 8-inch margin at 30-35%). VSMC capacity is scheduled at 44kwpm, ~100kwpm 8-inch equivalent, about one-third of current 8-inch capacity (280kwpm). On the other hand, we think new capacity may only run at <5kwpm in 1Q27 and <20kwpm by end-2027; depreciation reflects 44kwpm (VSMC's full capacity) for infrastructure, clean room, and construction. We therefore project that VSMC's gross margin dilution in full-year 2027 could be more severe than many expect.

Despite strong customer commitment, VSMC could still dilute the corporate margin average for at least the next five years: Since management previously guided that VSMC could break even at 30kwpm, we view its break-even point as late 2028 or 1H29. It will then take years for GM to rise from 0% to 30-40%, even if the capacity is fully booked. We thus expect a drag on corporate average GM for at least the next five years. The good news: VSMC demand is skewed to high-margin businesses – interposers, industrial, and automotive – so the margin improvement could be smoother vs. peers like Hua Hong.

2027 might bring double-digit wafer price hikes and AI-related revenue at 20-30% of the mix: During its latest earnings call, UMC guided for a 10% blended wafer ASP increase in 2027. Given larger exposure to AI server PMIC, industrial, and automotive, we expect Vanguard to raise 8-inch wafer prices 10-15% for the full year. Given some customer pushback to front-loaded hikes, the price hike might be split – twice a year, each 5-10%. Also, the company would still have LTAs expiring in 2027, so we don't expect aggressive wafer ASP guidance for 1Q27. With new interposer production, we believe AI-related revenue could reach 20-30% of total revenue.

Down to UW from EW: The margin impact is larger than we initially expected and could last 5-10 years. Our new price target implies 2.8x our 2027e BVPS.

Vanguard could still show strong revenue/margin performance for 2H26

4Q26 should maintain strong growth: We expect Vanguard to sustain strong performance into 4Q26, supported by resilient demand from the industrial and automotive end markets. In addition to a favorable demand outlook, ongoing capacity optimization initiatives, particularly the transition from thicker-wire to thinner-wire manufacturing processes, should enhance production efficiency, improve capacity utilization, and support higher output. These operational improvements, coupled with a favorable product mix and steady order momentum, could further underpin revenue growth and profitability in 4Q26. We now expect Vanguard 8-inch process margin to reach 34-36% in both 4Q26 and 1Q27.

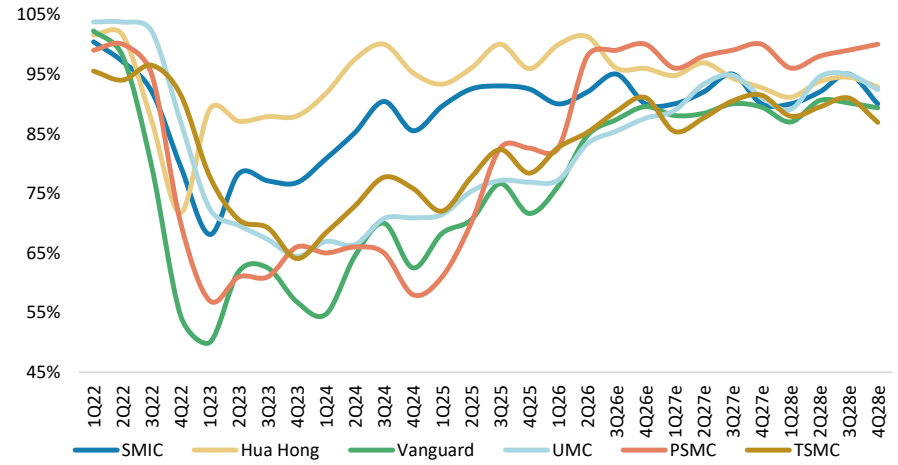
Key questions to ask during the upcoming earnings call on November 6:

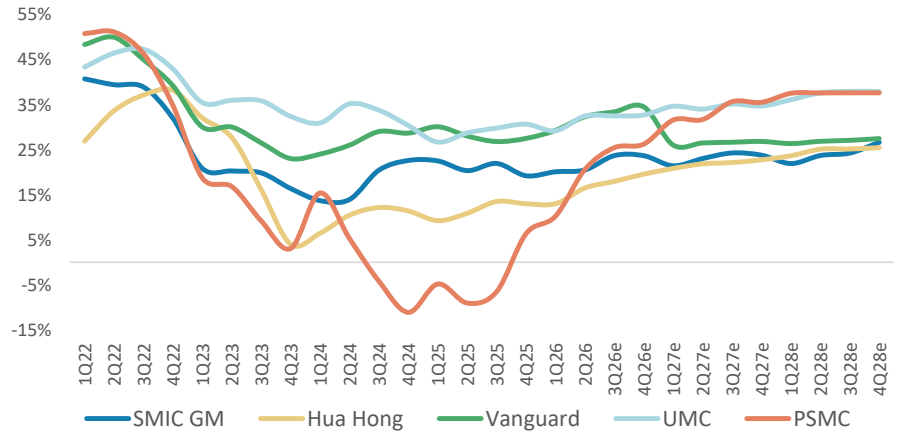
1. **Price hike into 2027:** How much of the incremental cost could Vanguard pass through to customers? Could we see double-digit apples-to-apples price hikes into 2027 despite the expiration of some LTAs?
2. **AI-related revenue:** How much could AI related revenue grow in 2027 if we include both AI server PMIC and interposer production?
3. **Singapore fab – margin dilution and capacity allocation:** How could margin be affected by VSMC in both 2027 and 2028? How much would depreciation be in 2027 and 2028? How would the company allocate 12-inch capacity between interposers, NXP, and other customers?
4. **Consumer demand:** Has the company seen any slowdown in consumer demand? And how soon could that capacity be filled up by other sources of demand?
5. **Further capacity expansion:** Might the company have further plans to expand 8-inch capacity or second Singapore fab since the utilization rate has been reaching >90%?

Exhibit 2: Vanguard's utilization rate could bottom in 4Q26



Source: Company data, Refinitiv, Morgan Stanley Research (e) estimates

Exhibit 3: Vanguard's GM may decline sharply in 2027



Source: Company data, Refinitiv, Morgan Stanley Research (e) estimates

Exhibit 4: We expect that VSMC 's margin could be close to 20% when 44kwpm of the capacity is running at full utilization and the equipment is still amid five-year depreciation

Vanguard: Earnings estimate revisions

We raise our 2026 EPS forecast 11% but lower 2027 and 2028 EPS estimates 9% and 5%, respectively: We factor in the smooth production ramp of VSMC and see revenue upside from our previous estimates. However, we also note more significant margin dilution from the new fab, leading to sharp cuts in margin assumptions for 2027/28.

Exhibit 5: Vanguard: Earnings estimate revision summary

Valuation methodology

We lower our price target (base case value) to NT$135 from NT$180: We factor in our earnings estimate changes for 2027-28 and also lower the intermediate growth rate assumption from 13% to 10.5% to reflect the long-term margin dilution.

We continue to derive our price target from a residual income model, which we believe best captures the stock's long-term value. Our key assumptions other than the intermediate growth rate are unchanged, including a cost of equity of 9.2% (beta of 1.2, equity risk premium of 6% and risk-free rate of 2%), and a terminal growth rate of 4.0%.

We also lower our bull and bear case values from NT$260 and NT$110 to NT$195 and NT $80, accordingly, implying 4.0x and 1.7x our 2027e BVPS.

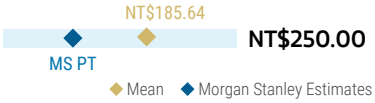
Risk Reward – Vanguard International Semiconductor (5347.TWO)

Heavy Depreciation from fab in Singapore; UW

PRICE TARGET NT$135.00

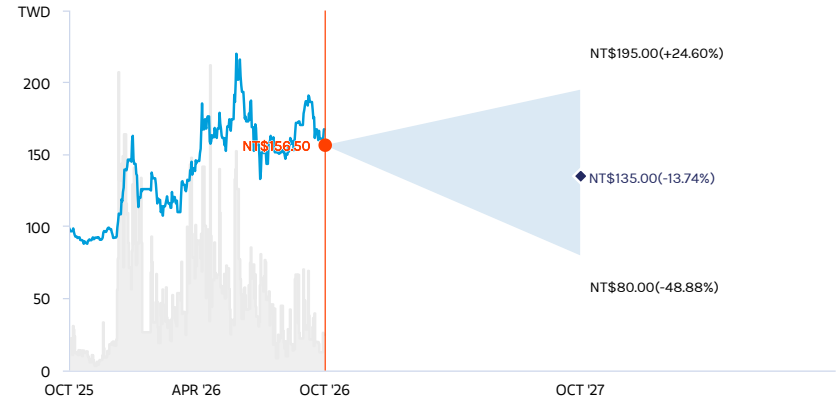
Base case, residual income model. Key assumptions: a cost of equity of 9.2%, a medium-term growth rate of 10.5%, and a terminal growth rate of 4.0%.

Consensus Price Target Distribution



Source: Refinitiv, Morgan Stanley Research

RISK REWARD CHART



Key: Historical Stock Performance ● Current Stock Price ◆ Price Target

Source: Refinitiv, Morgan Stanley Research

UNDERWEIGHT THESIS

- We expect 2026 capex to increase beyond 2025's high level given Singapore fab expansion, leading to long-term margin pressure.
- We expect PMIC wafer price hikes in the industry in response to strong demand from AI. Vanguard could benefit from TSMC mature node consolidation as well as interposer production.
- The new Singapore fab could cause high-single-digit margin dilution to the corporate average in 2027.
- VSMC's 12-inch capacity is all fully booked; production will start to ramp in 2027 with depreciation pressure during the early stage.
- Our UW rating is mostly because of the margin pressure.

BULL CASE NT$195.00

4.0x base case 2027e BVPS

Healthy semi demand: Auto semi demand is exceptionally strong; inventory is digested quickly, and DDI for smartphones and large panels shows robust growth. We forecast a >30% revenue CAGR in 2025-28. Competition from peers eases. We assume: 1) global semi sales growth of >20% and foundry industry growth of >15% in 2026; 2) better-than-expected demand for 8" capacity; and 3) power demand for 5G tracking ahead of schedule.

BASE CASE NT$135.00

2.8x base case 2027e BVPS

Semi growth slowdown: Demand has started to pick up for LDDIC and PMIC, while auto semis inventory digestion is reaching an end. We forecast a 25% revenue CAGR in 2025-28. Vanguard starts to reverse pricing discounts to customers in view of stronger demand and some rush orders in the short run. We assume: 1) global semi sales show growth in 2026; and 2) the foundry industry shows single-digit growth in 2026.

BEAR CASE NT$80.00

1.7x base case 2027e BVPS

Semi growth decelerates: Auto semi demand weakens markedly; power semi inventory levels remain elevated. Smartphone DDI shows a worse-than-expected decline. Intensified competition and new Chinese capacity dampen the overall pricing environment. We forecast <10% revenue CAGR in 2025-28. We assume: 1) overall semi industry continues to decelerate in 2026 and foundry growth is stagnant; and 2) demand for 8" capacity is weaker than expected owing to faster product migration.

Risk Reward – Vanguard International Semiconductor (5347.TWO)

KEY EARNINGS INPUTS

Drivers	Dec 2025	Dec 2026e	Dec 2027e	Dec 2028e
Wafer shipment (k 8 inch)	2,522	2,847	3,280	866
Wafer ASP (USD)	573.0	638.4	698.8	781.7
Utilization rate (%) (%)	71.8	84.4	89.0	87.0

INVESTMENT DRIVERS

- Smartphone/TV demand
- Persistent drop in analog IDMs' inventory
- Easing competition in 8" foundry business with pricing rebound

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, **Vanguard International Semiconductor**, WIN Semiconductors Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), **Vanguard International Semiconductor**, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from ASE Technology Holding Co. Ltd., King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), **Vanguard International Semiconductor**, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: ASE Technology Holding Co. Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

Source: Company data, Morgan Stanley Research

WIN Semi is showing strong margin improvement in optical and infrastructure. Upgrade to OW and raise PT to NT$700.

Further upside surprise: In our recent CPO report, we raised WIN Semi's revenue forecasts to reflect stronger demand for satellite communications RF, driven by major customer SpaceX (SPCX; covered by Adam Jonas). However, we underestimated the favorable pricing and margin, as evidenced by the 28 Oct 3Q26 results. Reflecting the much higher gross margin, we raise our 2026, 2027 and 2028 EPS by 35%, 28% and 17%, respectively, and raise our price target 17% to NT$700 to capture the long-term upside from both new businesses - space communications and AI optical networking laser.

3Q26 margin beat: Core margin reached 40.7% in 3Q26, well above our original forecast of 29%. The company indicated space communications revenue already represents 40% of its infrastructure business, accounting for 35-40% of total revenue. This implies the space-related revenue is tracking at c.15% of total revenue in 3Q. Despite a relatively small portion of revenue, we estimate the business could lift 3Q26 margin by 5% (half of 3Q26 increase), implying the space communications margin could be >60%, well above our and Street expectations. V3 satellite development will be a key growth driver into 2027. See Exhibit 1 for our analysis.

4Q26 revenue guidance looks solid: Smartphone and WiFi revenue remain stable despite weak China smartphone demand: Win Semi now has higher exposure to Apple iPhone through high-band PA (Broadcom) and WiFi (Murata). As such, revenue can still grow single digit QoQ in 4Q26, despite recent weakness in China smartphone demand. Please see Exhibit 3 and Exhibit 4 for our earnings review.

Upgrade to OW: The stock trades at 25x our new 2028 EPS. Given the significant revenue contribution from space communications and AI lasers, we think our implied target multiple of 29x 2028 EPS should be justified. Win Semi historically traded at 40x PE during the smartphone 3D sensing product cycle.

Surprising Margin Expansion from Optical/Space Businesses

WIN Semi could benefit from PD growth and potential LD outsourcing by late 2027

In our previous WIN Semi report, we argued that Lumentum (LITE.O, covered by Meta Marshall) was unlikely to outsource CW lasers or EML production to WIN Semi, a key pillar of our earlier UW rating. However, our recent checks with WIN Semi management suggest that WIN Semi and its major customer, we assume it's Broadcom (AVGO, covered by Joseph Moore), have secured sufficient InP substrate supply for WIN Semi's PD production, potentially supporting substantial growth for the PD (photo diode) business in 2H26. We estimate PD could account for >10% of WIN Semi's total revenue. Our recent checks from the supply chain also suggest that WIN Semi's largest PD customer could outsource LD (laser diode) production to WIN Semi.

We also see the potential for even stronger revenue growth from WIN Semi's aerospace business into 2027, especially from the ground station and satellite business. With SpaceX's launch of Starship and Starlink V3 satellite, we expect WIN Semi's content value per satellite to increase significantly from Starlink v2 to v3, with potential upside from future DTD (direct to device) satellites. The increase in content value comes not only from higher RF chips volumes, but also from the migration from GaAs to GaN. Based on our industry checks, the ASP for 4-inch GaN could be US$9k, compared with ~US$2.5-3k for 6-inch GaAs. We therefore upgrade our rating from EW to OW with the strong gross margin performance, which we believe to be >60%.

Where we could be wrong with our OW call: We think the largest near-term swing factor for WIN Semi is the aerospace business, which is relatively difficult to track given the inherent risk of delays or failures in satellite launches. However, on September 28, 2026, SpaceX successfully launched the Starship with Starlink V3 satellite. If SpaceX decides to speed up the satellite constellation, there also could be upside to our forecasts.

All of our satellite launch numbers are based on Adam Jonas's SpaceX forecasts. Please see his latest report: SpaceX: SpaceX/Tesla and SI's Next Act (23 Oct 2026)

3Q26 earnings and 4Q26 guidance review - margin and earnings beat on strong optical and aerospace demand

WIN Semi delivered a solid 3Q26 performance, with margins and earnings exceeding expectations, supported by robust demand across its optical and aerospace businesses. The gross margin beat MSe and consensus by 7-8ppts. Strength in optical applications, driven by continued investment in AI-related optical connectivity and high-speed data transmission, alongside resilient aerospace demand, supported a favorable product mix and improved manufacturing efficiency.

The higher contribution from these relatively high-value-added segments lifted gross margins above expectations, driving positive operating leverage and stronger-than-anticipated earnings. Looking ahead, we expect sustained momentum in optical communications and aerospace applications to remain key drivers of WIN Semi's profitability.

WIN Semi: Earnings Estimates Revisions and Quarterly Financials

We raise our 2026-28 EPS estimates by 17-35%: We raise our 2026-28 margin forecasts due to surprisingly strong margin performance from the optical and aerospace businesses, and we expect the revenue exposure from these segments to continue growing. Besides, the 3Q26 non-op investment gain is also larger than we expected, leading to a larger 2026 earnings revision.

WIN Semi: Valuation Methodology

Our price target (base-case value) increases from NT$600 to NT$700: This also factors in our EPS forecast changes for 2025 to 2028.

We continue to derive our price target from a residual income model as we believe it best presents the value of the company. All of our other key assumptions are unchanged, including a cost of equity of 8.0% (beta of 1.0, equity risk premium of 6% and risk-free rate of 2%), intermediate growth rate assumption of 15% and terminal growth rate of 4.0%.

Our bull-case value increases from NT$900 to NT$1050 and our bear-case value from NT $300 to NT$350, implying 44x and 14x 2028e EPS, respectively.

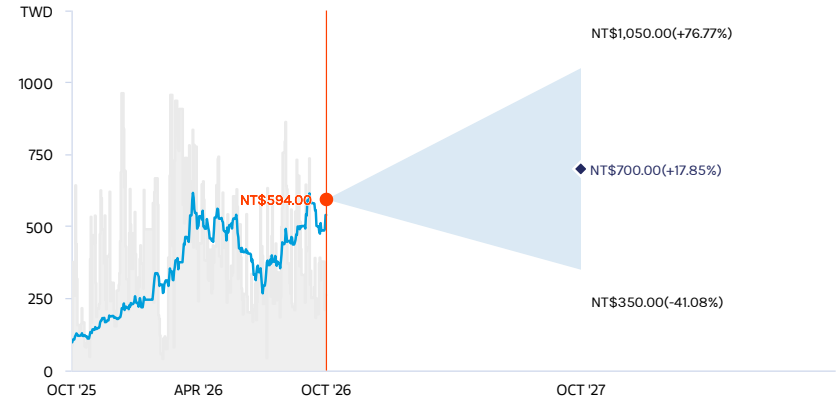
RISK REWARD CHART



Key: Historical Stock Performance ● Current Stock Price ◆ Price Target

Source: Refinitiv, Morgan Stanley Research

OVERWEIGHT THESIS

- Relatively strong iPhone demand (vs. Android) appears likely in the near term, but smartphone growth is mature compared to AI demand.
- We expect to see more GaAs wafer consumption as we migrate to the WiFi 7 era, as WiFi 7 has three bands (2.4 GHz, 5 GHz and 6 GHz) vs. WiFi 6 at just two (2.4 GHz, 5 GHz).
- GaN penetration in satellite business could lift the wafer ASP.
- We think optical transceivers and robotics may become future drivers, as WIN Semi has the technology to enable products like EML, CW-DFB and DML.
- We are OW given the strong margin improvement from the new business.

BULL CASE NT$1,050.00

44x 2028e EPS

3D sensing, WiFi 7 and 5G take-off: AR adoption rate beats expectations in 2027 and beyond. Smartphone demand appears to be stronger than expected, while 5G and WiFi 7 implementation starts at a healthy speed. Power amplifier (PA) customers such as Murata and Broadcom continue to work with WIN Semi, while PA customer Qualcomm's RF demand beats expectations. Win Semi also achieves significant market share in optical transceiver and 3D sensing production.

BASE CASE NT$700.00

29x 2028e EPS

Orders from Chinese smartphone customers and iPhone start to pick up: WiFi 7 demand grows as forecast in 2026 and beyond. Key communications PA customers continue to work with WIN Semi, while Chinese smartphone demand starts to show recovery. AI related products such as optical transceivers and 3D sensing might also drive up its utilization rate. We expect UTR to remain at 70-90% in 2027.

BEAR CASE NT$350.00

15x 2028e EPS

3D sensing, 5G and WiFi 7 adoption freeze: 3D sensing adoption rate declines without killer applications in 2027. EM smartphone demand does not recover, while 5G and WiFi 7 commercialization is further delayed. Major communications PA customers find alternative partners with similar GaAs technologies, while PA customer Qualcomm's RF demand misses our base case expectations significantly.

Risk Reward – WIN Semiconductors Corp (3105.TWO)

KEY EARNINGS INPUTS

Drivers	Dec 2025	Dec 2026e	Dec 2027e	Dec 2028e
Wafer shipments (6" equiv) (NT$, mn)	258	359	417	532

Important Regulatory Disclosures on Subject Companies

As of September 30, 2026, Morgan Stanley beneficially owned 1% or more of a class of common equity securities of the following companies covered in Morgan Stanley Research: ACM Research Inc, Advanced Micro-Fabrication Equipment Inc, Advanced Wireless Semiconductor Co, Alchip Technologies Ltd, AllRing Tech Co., AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, Cambricon Technology Corporation, eMemory Technology Inc, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Macronix International Co Ltd, Montage Technology Co Ltd, NAURA Technology Group Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, SG Micro Corp., Shanghai Fudan Microelectronics, SICC Co Ltd, Silergy Corp., Silicon Motion, StarPower Semiconductor Ltd, TSMC, UMC, Vanguard International Semiconductor, **WIN Semiconductors Corp**, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley managed or co-managed a public offering (or 144A offering) of securities of Alchip Technologies Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, UMC.

Within the last 12 months, Morgan Stanley has received compensation for investment banking services from ASMPT Ltd, Iluvatar CoreX Semiconductor Co., Ltd., MediaTek, Montage Technology Co Ltd, Powerchip Semiconductor Manufacturing Co, Silicon Motion, UMC.

In the next 3 months, Morgan Stanley expects to receive or intends to seek compensation for investment banking services from Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has received compensation for products and services other than investment banking services from ASE Technology Holding Co. Ltd., King Yuan Electronics Co Ltd, MediaTek, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has provided or is providing investment banking services to, or has an investment banking client relationship with, the following company: Advanced Micro-Fabrication Equipment Inc, Alchip Technologies Ltd, AP Memory Technology Corp, ASE Technology Holding Co. Ltd., ASMedia Technology Inc, ASMPT Ltd, Aspeed Technology, CXMT Corp, Espressif Systems, GigaDevice Semiconductor Beijing Inc, GlobalWafers Co Ltd, Gudeng Precision, Himax Technologies Inc, Hua Hong Semiconductor Ltd, Iluvatar CoreX Semiconductor Co., Ltd., Innoscience, King Yuan Electronics Co Ltd, Macronix International Co Ltd, MediaTek, MetaX Integrated Circuits, Montage Technology Co Ltd, Novatek, Parade Technologies Ltd, Phison Electronics Corp, Powerchip Semiconductor Manufacturing Co, Realtek Semiconductor, SG Micro Corp., SICC Co Ltd, Silergy Corp., Silicon Motion, TSMC, UMC, Universal Scientific Ind. (Shanghai), Vanguard International Semiconductor, Winbond Electronics Corp, WPG Holdings, WT Microelectronics Co. Ltd..

Within the last 12 months, Morgan Stanley has either provided or is providing non-investment banking, securities-related services to and/or in the past has entered into an agreement to provide services or has a client relationship with the following company: ASE Technology Holding Co. Ltd., Iluvatar CoreX Semiconductor Co., Ltd., King Yuan Electronics Co Ltd, MediaTek, Montage Technology Co Ltd, Nanya Technology Corp., Novatek, Nuvoton Technology Corporation, Realtek Semiconductor, Silicon Motion, SMIC, TSMC, UMC, Universal Scientific Ind. (Shanghai), Winbond Electronics Corp, WT Microelectronics Co. Ltd..

Morgan Stanley & Co. LLC makes a market in the securities of ACM Research Inc.

The equity research analysts or strategists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality

of research, investor client feedback, stock picking, competitive factors, firm revenues and overall investment banking revenues. Equity Research analysts' or strategists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.
Morgan Stanley and its affiliates do business that relates to companies/instruments covered in Morgan Stanley Research, including market making, providing liquidity, fund management, commercial banking, extension of credit, investment services and investment banking. Morgan Stanley sells to and buys from customers the securities/instruments of companies covered in Morgan Stanley Research on a principal basis. Morgan Stanley may have a position in the debt of the Company or instruments discussed in this report. Morgan Stanley trades or may trade as principal in the debt securities (or in related derivatives) that are the subject of the debt research report.
Certain disclosures listed above are also for compliance with applicable regulations in non-US jurisdictions.

STOCK RATINGS

Morgan Stanley uses a relative rating system using terms such as Overweight, Equal-weight, Not-Rated or Underweight (see definitions below). Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold and sell. Investors should carefully read the definitions of all ratings used in Morgan Stanley Research. In addition, since Morgan Stanley Research contains more complete information concerning the analyst's views, investors should carefully read Morgan Stanley Research, in its entirety, and not infer the contents from the rating alone. In any case, ratings (or research) should not be used or relied upon as investment advice. An investor's decision to buy or sell a stock should depend on individual circumstances (such as the investor's existing holdings) and other considerations.

Global Stock Ratings Distribution

(as of September 30, 2026)
The Stock Ratings described below apply to Morgan Stanley's Fundamental Equity Research and do not apply to Debt Research produced by the Firm.
For disclosure purposes only (in accordance with FINRA requirements), we include the category headings of Buy, Hold, and Sell alongside our ratings of Overweight, Equal-weight, Not-Rated and Underweight. Morgan Stanley does not assign ratings of Buy, Hold or Sell to the stocks we cover. Overweight, Equal-weight, Not-Rated and Underweight are not the equivalent of buy, hold, and sell but represent recommended relative weightings (see definitions below). To satisfy regulatory requirements, we correspond Overweight, our most positive stock rating, with a buy recommendation; we correspond Equal-weight and Not-Rated to hold and Underweight to sell recommendations, respectively.

	Coverage Universe		Investment Banking Clients (IBC)			Other Material Investment Services Clients (MISC)	
Stock Rating Category	Count	% of Total	Count	% of Total IBC	% of Rating Category	Count	% of Total Other MISC
Overweight/Buy	1599	43%	455	48%	28%	783	44%
Equal-weight/Hold	1563	42%	394	42%	25%	763	43%
Not-Rated/Hold	2	0%	1	0%	50%	1	0%
Underweight/Sell	570	15%	96	10%	17%	227	13%
Total	3,734		946			1774	

Data include common stock and ADRs currently assigned ratings. Investment Banking Clients are companies from whom Morgan Stanley received investment banking compensation in the last 12 months. Due to rounding off of decimals, the percentages provided in the "% of total" column may not add up to exactly 100 percent.

Analyst Stock Ratings

Overweight (O). The stock's total return is expected to exceed the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Equal-weight (E). The stock's total return is expected to be in line with the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Not-Rated (NR). Currently the analyst does not have adequate conviction about the stock's total return relative to the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Underweight (U). The stock's total return is expected to be below the average total return of the analyst's industry (or industry team's) coverage universe, on a risk-adjusted basis, over the next 12-18 months.
Unless otherwise specified, the time frame for price targets included in Morgan Stanley Research is 12 to 18 months.

Analyst Industry Views

Attractive (A): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be attractive vs. the relevant broad market benchmark, as indicated below.
In-Line (I): The analyst expects the performance of his or her industry coverage universe over the next 12-18 months to be in line with the relevant broad market benchmark, as indicated below.
Cautious (C): The analyst views the performance of his or her industry coverage universe over the next 12-18 months with caution vs. the relevant broad market benchmark, as indicated below.
Benchmarks for each region are as follows: North America - S&P 500; Latin America - relevant MSCI country index or MSCI Latin America Index; Europe - MSCI Europe; Japan - TOPIX; Asia - relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Effective January 13, 2014, the industry view benchmarks for Morgan Stanley Asia Pacific are as follows: relevant MSCI country index or MSCI sub-regional index or MSCI AC Asia Pacific ex Japan Index.

Important Disclosures for Morgan Stanley Smith Barney LLC Customers

Important disclosures regarding any material conflict of interest that can reasonably be expected to have influenced Morgan Stanley Smith Barney LLC's choice of a third-party research provider or the subject company of a third-party research report, are available on the Morgan Stanley Wealth Management disclosure website at www.morganstanley.com/online/researchdisclosures. For Morgan Stanley specific disclosures, you may refer to https://www.morganstanley.com/eqr/disclosures/webapp/generalresearch.

Each Morgan Stanley research report is reviewed and approved on behalf of Morgan Stanley Smith Barney LLC. This review and approval is conducted by the same person who reviews the research report on behalf of Morgan Stanley. This could create a conflict of interest.

Other Important Disclosures

Morgan Stanley Research policy is to update research reports as and when the Research Analyst and Research Management deem appropriate, based on developments with the issuer, the sector, or the market that may have a material impact on the research views or opinions stated therein. In addition, certain Research publications are intended to be updated on a regular periodic basis (weekly/monthly/quarterly/annual) and will ordinarily be updated with that frequency, unless the Research Analyst and Research Management determine that a different publication schedule is appropriate based on current conditions.

Morgan Stanley is not acting as a municipal advisor and the opinions or views contained herein are not intended to be, and do not constitute, advice within the meaning of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Morgan Stanley produces an equity research product called a "Tactical Idea." Views contained in a "Tactical Idea" on a particular stock may be contrary to the recommendations or views expressed in research on the same stock. This may be the result of differing time horizons, methodologies, market events, or other factors. For all research available on a particular stock, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Morgan Stanley Research is provided to our clients through our proprietary research portal on Matrix and also distributed electronically by Morgan Stanley to clients. Certain, but not all, Morgan Stanley Research products are also made available to clients through third-party vendors or redistributed to clients through alternate electronic means as a convenience. For access to all available Morgan Stanley Research, please contact your sales representative or go to Matrix at http://www.morganstanley.com/matrix.

Any access and/or use of Morgan Stanley Research is subject to Morgan Stanley's Terms of Use (http://www.morganstanley.com/terms.html). By accessing and/or using Morgan Stanley Research, you are indicating that you have read and agree to be bound by our Terms of Use (http://www.morganstanley.com/terms.html). In addition you consent to Morgan Stanley processing your personal data and using cookies in accordance with our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html), including for the purposes of setting your preferences and to collect readership data so that we can deliver better and more personalized service and products to you. To find out more information about how Morgan Stanley processes personal data, how we use cookies and how to reject cookies see our Privacy Policy and our Global Cookies Policy (http://www.morganstanley.com/privacy_pledge.html). If you do not agree to our Terms of Use and/or if you do not wish to provide your consent to Morgan Stanley processing your personal data or using cookies please do not access our research.

Morgan Stanley Research does not provide individually tailored investment advice. Morgan Stanley Research has been prepared without regard to the circumstances and objectives of those who receive it. Morgan Stanley recommends that investors independently evaluate particular investments and strategies, and encourages investors to seek the advice of a financial adviser. The appropriateness of an investment or strategy will depend on an investor's circumstances and objectives. The securities, instruments, or strategies discussed in Morgan Stanley Research may not be suitable for all investors, and certain investors may not be eligible to purchase or participate in some or all of them. Morgan Stanley Research is not an offer to buy or sell or the solicitation of an offer to buy or sell any security/instrument or to participate in any particular trading strategy. The value of and income from your investments may vary because of changes in interest rates, foreign exchange rates, default rates, prepayment rates, securities/instruments prices, market indexes, operational or financial conditions of companies or other factors. There may be time limitations on the exercise of options or other rights in securities/instruments transactions. Past performance is not necessarily a guide to future performance. Estimates of future performance are based on assumptions that may not be realized. If provided, and unless otherwise stated, the closing price on the cover page is that of the primary exchange for the subject company's securities/instruments.

The fixed income research analysts, strategists or economists principally responsible for the preparation of Morgan Stanley Research have received compensation based upon various factors, including quality, accuracy and value of research, firm profitability or revenues (which include fixed income trading and capital markets profitability or revenues), client feedback and competitive factors. Fixed Income Research analysts', strategists' or economists' compensation is not linked to investment banking or capital markets transactions performed by Morgan Stanley or the profitability or revenues of particular trading desks.

The "Important Regulatory Disclosures on Subject Companies" section in Morgan Stanley Research lists all companies mentioned where Morgan Stanley owns 1% or more of a class of common equity securities of the companies. For all other companies mentioned in Morgan Stanley Research, Morgan Stanley may have an investment of less than 1% in securities/instruments or derivatives of securities/instruments of companies and may trade them in ways different from those discussed in Morgan Stanley Research. Employees of Morgan Stanley not involved in the preparation of Morgan Stanley Research may have investments in securities/instruments or derivatives of securities/instruments of companies mentioned and may trade them in ways different from those discussed in Morgan Stanley Research. Derivatives may be issued by Morgan Stanley or associated persons.

With the exception of information regarding Morgan Stanley, Morgan Stanley Research is based on public information. Morgan Stanley makes every effort to use reliable, comprehensive information, but we make no representation that it is accurate or complete. We have no obligation to tell you when opinions or information in Morgan Stanley Research change apart from when we intend to discontinue equity research coverage of a subject company. Facts and views presented in Morgan Stanley Research have not been reviewed by, and may not reflect information known to, professionals in other Morgan Stanley business areas, including investment banking personnel.

Morgan Stanley Research personnel may participate in company events such as site visits and are generally prohibited from accepting payment by the company of associated expenses unless pre-approved by authorized members of Research management.

Morgan Stanley may make investment decisions that are inconsistent with the recommendations or views in this report.

To our readers based in Taiwan or trading in Taiwan securities/instruments: Information on securities/instruments that trade in Taiwan is distributed by Morgan Stanley Taiwan Limited ("MSTL"). Such information is for your reference only. The reader should independently evaluate the investment risks and is solely responsible for their investment decisions. Morgan Stanley Research may not be distributed to the public media or quoted or used by the public media without the express written consent of Morgan Stanley. Any non-customer reader within the scope of Article 7-1 of the Taiwan Stock Exchange Recommendation Regulations accessing and/or receiving Morgan Stanley Research is not permitted to provide Morgan Stanley Research to any third party (including but not limited to related parties, affiliated companies and any other third parties) or engage in any activities regarding Morgan Stanley Research which may create or give the appearance of creating a conflict of interest. Information on securities/instruments that do not trade in Taiwan is for informational purposes only and is not to be construed as a recommendation or a solicitation to trade in such securities/instruments. MSTL may not execute transactions for clients in these securities/instruments.

Certain information in Morgan Stanley Research was sourced by employees of the Shanghai Representative Office of Morgan Stanley Asia Limited for the use of Morgan Stanley Asia Limited. Morgan Stanley is not incorporated under PRC law and the research in relation to this report is conducted outside the PRC. Morgan Stanley Research does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC. PRC investors shall have the relevant qualifications to invest in such securities and shall be responsible for obtaining all relevant approvals, licenses, verifications and/or registrations from the relevant governmental authorities themselves. Neither this report nor any part of it is intended as, or shall constitute, provision of any consultancy or advisory service of securities investment as defined under PRC law. Such information is provided for your reference only.

重要免責聲明，詳見最終頁

預期資料中心電源需求為獲利加速成長之主要動能

重要訊息

Flex FY2Q27 財報與 FY3Q27 財測均優於市場共識，公司上修 FY2027 資料中心年增率自 70%至 80%，收盤股價上漲約 12%。

評論及分析

FY2Q27 資料中心電源需求升溫，EPS 年增 49%至 1.18 美元並優於共識。Flex FY2Q27 (2026 年 7–9 月)營收年增 25%、季增 7%至 84.9 億美元，主要來自資料中心電源需求延續；受惠於電源產品營利率年增 5.5ppts 至約 16.0%、帶動產品組合轉佳，Flex FY2Q27 EPS 年增 49%、季增 18%至 1.18 美元，大致符合凱基原預估、優於市場共識 12%。

FY3Q27 資料中心成長性可望優於 FY2Q27，預估 EPS 年增 52%至 1.32 美元。Flex 已於 10 月完成對 EPC Power 的收購，該公司可望貢獻單季營收約 2 億美元，並有助於 800V 架構及固態變壓器(SST)的技術能力。FY3Q27 隨 Hyperscalers 與 Neo clouds 等客戶需求延續，凱基預估 Flex 營收年增 33%、季增 11%至 93.9 億美元，其中資料中心業務之營收年增率預期達 115%，其餘產品線則約 10%上下；受惠營利率較佳的資料中心業務貢獻提升，FY3Q27 EPS 預估年增 52%、季增 11%至 1.32 美元。

凱基預估 Flex FY2027/FY2028 EPS 為 5.24/8.80 美元。基於電源產品接單成長性優於預期以及併購 EPC Power 也將挹注營收，Flex 上修 FY2027 資料中心營收年增率自 70%至 80%，FY2028 則維持年增 80%之展望，隱含 FY2027/FY2028 資料中心營收分別上修約 6%、營收占比預期達 33%/45%。基於 Flex 上修展望，凱基將 Flex FY2027/FY2028 EPS 自原預估之 4.96/7.96 美元上修至 5.24/8.80 美元，分別年增 59%/68%。

投資建議

凱基維持「增加持股」評等，目標價上修至 176 美元 (20x FY2028F EPS)。

投資風險

關稅戰惡化導致客戶下單意願降低；CPI 業務營運成長態勢不如預期。

資料來源：公司資料；凱基預估

Flex 資料中心營收占比提升至 30%。Flex 三大產品線為 ITS (包含網通與智慧生活，FY2Q27 營收占比 39%；營利率 5.5%)、RMS (包含工業、汽車與醫療，FY1Q27 營收占比 31%；營利率 6.4%)、CPI (資料中心業務，FY1Q27 營收占比 30%；營利率 10.7%)。各項業務之應用主要包含: (1) 工業產品涵蓋資本設備、工業裝置、再生能源、電源與電網邊緣等解決方案；(2) 車用產品主要提供下一代移動方案、自駕、連網化、電動化與智慧科技；(3) 健康解決方案包含醫療裝置、醫療設備與藥物輸送系統；(4) 智慧生活包含消費性電子、家電、消費性包裝、掃地機器人、微型移動裝置及音訊產品；(5) 網通領域涵蓋通訊基礎設施與企業網路傳輸；(6) 資料中心業務包含電源、散熱、系統整合等產品與服務。

Flex 目前的發展策略是結合 EMS 與產品的服務策略以提升接單能力，公司表示自身是全球唯一具有提供從資料中心晶片到電網能力的供應商，除了可提供嵌入式電源 (embedded power) 產品、管理伺服器 GPU 的電源，亦可滿足客戶對資料中心內所有設施的電力與散熱需求，提供完整的客製化服務，帶動公司資料中心營收占比自前一季之 28%提升至 FY2Q27 之 30%。

圖 1: Flex CPI 部門為近幾季主要成長動能，營收占比逐步提升至 30%

財年 曆年	4Q26 1Q26	1Q27 2Q26	2Q27 3Q26
營收 (美金百萬元)			
RMS	2,713	2,670	2,677
ITS	2,917	3,056	3,306
CPI	1,847	2,202	2,508
營收比重 (%)

ITS	39	39	39
CPI	25	28	30
營利率 (%)			
RMS	6.6	5.2	6.4
ITS	5.0	6.6	5.5
CPI	9.9	9.7	10.7

資料來源：公司資料；凱基

Flex FY2027/FY2028 資料中心營收與獲利成長性可望優於產業平均。Flex 計劃將 CPI 部門分拆成一家新的上市公司 Axiom，維持在 CY1Q27 完成分拆的進度不變，Flex 自身將專注於醫療保健、機器人、自動化倉儲和網通等產業，兩家公司可更聚焦於彼此的業務並提升資金運用效率。公司提及自身在資料中心電源布局相對完整，且產品價格亦相對具有競爭優勢下，使公司在電源產品接單成長性優於產業平均；隨包含 Google 在內的 Hyperscalers、Colocations 及 Neo-clouds 等客戶對嵌入式電源與系統級解決方案的需求升溫，公司在此次會議將 FY2027 資料中心營收年增率自 70%上修至 80%、FY2028 則維持年增 80%之展望，皆較 FY2026 資料中心業務營收年增 38%至 66 億美元加速成長，並隱含 FY2027/FY2028 資料中心營收分別上修約 6%、營收占比預期達 33%/45%。

獲利性部分，受惠於電源產品營利率較佳、FY2Q27 年增 5.5ppts 至約 16.0%，優於資料中心業務的平均營利率約 11%以及公司整體平均營利率約 7%，公司上修 FY2027 資料中心業務之營利率約 1ppt 至 11.6%。凱基預估隨資料中心營收貢獻提升，FY2027/FY2028 營利占比分別達 49%/65%，為公司主要獲利動能。

至於資料中心以外之其餘應用，預期營收年增率維持約 10%上下之水準。目前歐洲工業需求略有回溫，營收年增率可望維持約 10%上下；汽車產品線則因目前全球汽車銷售量已逐步回升至過往 9,000 萬輛的正常水準，FY2027/FY2028 產品線成長性預期落在 5%以內；醫療設備則因客戶先前在 Covid-19 時期堆積的庫存水位過高，目前庫存去化雖逐步落底，但需求端仍相對平緩；網通領域則預期隨庫存去化力道放緩，FY2027 產品線營收將逐步回溫，預期年增率約 10%；消費性電子則因記憶體漲價、品牌廠將成本轉嫁給消費者的影響，FY2027 營收預期年減約 5-10%。

Flex 評等維持「增加持股」，目標價上修至 176 美元。基於 Flex 上修資料中心之營收與營利率展望，凱基將 Flex FY2027/FY2028 EPS 自原預估之 4.96/7.96 美元上修至 5.24/8.80 美元，分別年增 59%/68%；相較市場共識 FY2027/FY2028 EPS 預估為 4.48/6.82 美元，股價交易於約 12/14 倍之 FY2028 凱基與市場共識 EPS 預估。

Flex 過往五年本益比多落於 5-20 倍之間，考量 (1) 公司在資料中心領域掌握從晶片、液冷散熱、BBU 到電網的供應能力，布局相對多數同業更全面；(2) 公司持續提升在 CSP 廠供應鏈之接單量，有助 FY2027/FY2028 營收與獲利加速成長；(3) 基於資料中心產品線營利率可望逐步提升至 10-15%、顯著優於公司過往產品之 5%水準，且在獲利占比逐步提升至 50%以上的帶動下，有助公司評價向散熱與電源同業靠攏。綜合上述原因，評估 Flex 本益比可望回升至區間上緣之 20 倍上下浮動；基於 Flex 當前評價偏低，故維持「增加持股」之投資評等，目標價隨 EPS 預估上修而調整至 176 美元 (20x FY2028F EPS)。

圖 2: 預期 Flex 資料中心營利占比逐步提升至 50%以上

項目	定義
能源使用	直接與間接能源消耗總量(十億焦耳) - 公司運營範圍內消耗之能源總量 - 能源使用總量 = 直接能源消耗總量 + 間接能源消耗量 - 總能源使用量包括購買的能源、生產的能源 - 就公用事業而言，輸電/電網損耗為其業務活動之一部分，被視為總能源消耗，數據不包括為滿足能源使用而生產的電力（公用事業為出售而生產） - 就公用事業而言，用於能源生產的煤、天然氣或核能等原料不屬於「總能源使用」項下
購買之再生能源	Primary 再生能源購買總量(十億焦耳) - 公司各種來源之能源消耗量與購買的能源中屬於自然界可再生者（太陽能、風能、水能、生物質能、地熱能）之量 - 如無證據顯示再生能源由公司生產，則所報告的能源數據視為購買的再生能源
再生能源使用率	再生能源占總能源消耗量之比例
CO2 約當排放量	直接 CO2 與 CO2 約當排放量(公噸) - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
CO2 約當排放量營收比	直接 CO2 與 CO2 約當排放量（公噸）銷售（百萬元）比 - 公司擁有或控制的來源的直接排放量（範圍 1 排放量） - 相關氣體：二氧化碳 (CO2)、甲烷 (CH4)、一氧化二氮 (N2O)、氫氟碳化物 (HFCS)、全氟化合物 (PFCS)、六氟化硫 (SF6)、三氟化氮 (NF3)
廢棄物總量	廢棄物總量(公噸) - 總廢棄物 = 無害廢棄物 + 有害廢棄物 - 僅考慮固體廢棄物，但如液體廢棄物以公噸為單位呈報，則會將其加入求得包含液體廢棄物之總量 - 對於採礦、石油與天然氣等行業，tailings、廢石、煤、飛灰等廢棄物亦考慮在內
廢棄物回收率	公司呈報的廢棄物回收率 - 廢棄物回收率 = 廢棄物回收量/總廢棄物*100 - 廢棄物轉化為能源或經由廢棄物焚燒產生能源視為廢棄物回收 - 經由堆肥回收的廢棄物視為回收之廢棄物
總取水量	總取水量(立方公尺) - 由呈報組織直接或經水公司等中介機構從任何水源抽取的總水量 - 水井、城鎮/公用事業/市政用水、河水、地表水等不同之水源均予以考慮
環保支出	環保支出總金額 - 所有用於環境保護，或防止、減少、控制環境因素、影響、危害的投資與支出，亦包括處置、處理、衛生、清理支出
員工流動率	員工流動率 - 包括任何原因（自願或非自願）離開公司的員工，如辭職、退休、自然離職/死亡、醫療失能、冗員、裁員、重組、解僱、裁減或定期合約到期 - 員工流動率 =（離開之員工/平均員工人數）*100 - 平均員工人數 =（本年末員工人數 + 去年末員工人數）/2 - 本財年末員工數 =上個財年末員工數 + 新員工數 - 離開之員工數
女性經理	女性經理百分比 - 女性經理占公司經理的百分比 - 如有不同階層之百分比，如最高階、高階、中階、初階，則會考慮中階女性經理之百分比 - 女性經理百分比 = 女性經理人數/經理總數*100
女性員工	女性員工百分比 - 女性員工占公司員工總數的百分比 - 女性員工百分比 = 女性人數/員工總數*100
教育訓練總時數	所有員工教育訓練總時數 - 僅考慮員工教育訓練時數 - 包括一般員工所有類型的教育訓練（如健康與安全、環境、急難事件救援、技能與職業發展） - 如果數據以天為單位，則乘以 8，係假設 1 天 = 8 小時工作
每位員工教育訓練時數	平均每年每位員工總教育訓練時數
股東治理分數	衡量公司用以反收購工具的有效性
公司治理分數	衡量公司對最佳治理原則的承諾和有效性
產品責任分數	衡量公司生產優質產品和服務的能力，且產品是否將客戶的健康、安全、整合性和數據隱私進行綜合考量
社區關係分數	衡量公司對成為優良公民、保護公衆健康和尊重商業道德的承諾
勞動力分數	衡量公司在員工工作滿意度、健康、工作場所的安全、多樣性、平等以及員工發展機會方面的成效
資源使用指標	衡量公司在原物料、能源或水的使用效率，以及是否通過改進供應鏈來尋求更俱生態效率的解決方案

股價說明

等級	定義
增加持股 (OP)	對個股持正面看法，預期個股未來十二個月的表現超越凱基證券集團所追蹤的相關市場的總報酬。
持有 (N)	對個股持中性看法，預期個股未來十二個月的表現符合凱基證券集團所追蹤的相關市場的總報酬。
降低持股 (U)	對個股持負面看法，預期個股未來十二個月的表現低於凱基證券集團所追蹤的相關市場的總報酬。
未評等 (NR)	凱基證券集團未對該個股加以評等。
受法規限制未評等 (R)	受凱基證券集團內部政策和/或相關法令限制使凱基證券集團無法進行某些形式的資訊交流，其中包括提供評等給投資人參考。

*總報酬 = (十二個月目標價-現價)/現價

重要免責聲明，詳見最終頁

Onecore、CDU 與 800VDC 為三大推升營運加速成長之動能

重要訊息

Vertiv FY3Q26 獲利優於市場共識 21%，公司上修 FY2026 EPS 財測約 7%至年增 70%，來自資料中心散熱與電源需求升溫，收盤股價上漲約 16%。

評論及分析

FY3Q26 EPS 年增 78%至 2.21 美元、優於市場共識 22%。Vertiv FY3Q26 (2026 年 7-9 月)營收年增 61%、季增 32%至 43.1 億美元，主要受惠資料中心需求升溫，以及 FY2Q26 因供應端問題遞延之營收約 1-1.5 億美元已於本季認列。FY3Q26 營利率年增 2.9ppts、季增 2.6ppts 至 25.2%，主要受惠營利率較佳的美洲地區成長較強勁；EPS 年增 78%、季增 45%至 2.21 美元，優於凱基預估 15%、市場共識預估 22%。

Vertiv 上修 FY2026 EPS 財測約 7%至 7.15 美元。Vertiv 展望 FY4Q26 營收年增 53%、季增 2%至 44.1 億美元，若還原 FY3Q26 遞延營收之貢獻，則兩個季度的營收年增率相當；EPS 財測為年增 65%、季增 2%至 2.25 美元，大致符合市場共識預估。基於資料中心需求升溫，公司上調 FY2026 營收約 5%至 146.5 億美元，隱含年增 43%；EPS 財測上修 7%至 7.15 美元，隱含年增 70%，優於市場共識預估 7%。

凱基預估 Vertiv FY2026/2027 EPS 為 7.32/11.89 美元，年增 62%。Vertiv 在 2026/10 宣布其 2.3MW CDU 取得 Nvidia 認證，供應鏈評估單台售價將較 1.3MW 提升 50%，每建置 1GW 資料中心的 CDU 產值約達 2 億美元，而目前僅三家供應商通過認證，凱基預期此將有助於公司提升 CDU 供貨份額，並據此上修 FY2026/FY2027 EPS 自原預估之 6.91/10.94 美元至 7.32/11.89 美元，年增 62%。

投資建議

評等維持「增加持股」，目標價 416 美元 (35x FY2027F EPS)。

投資風險

AI 晶片訂單遞延；CSP 廠放緩資本支出增幅；關稅政策變化影響生產成本。

資料來源：公司資料；凱基預估

Vertiv 營收主要來自資料中心基礎建設解決方案。Vertiv 業務為提供資料中心基礎建設解決方案，營收約 75%來自資料中心客戶。Vertiv 產品組合可分為硬體 (Products；FY2Q26 營收占比 80%)及服務與備品 (Services & Spares；20%) 兩大項目。其中 (1) 硬體：提供電源管理、熱管理及整合性機櫃解決方案，包括交流不斷電供應系統 (UPS)、冷卻系統等；(2) 服務與備品包含預防性維護、工程和諮詢服務、遠程監控、備件等。FY2Q26 各地區營收比重為美洲 68%、亞太地區 19%、歐非中東地區 13%。獲利方面，美洲基於 AI 資料中心規格要求較高，營利率達 25%-30%、優於公司平均；歐洲近幾季因關稅成本上揚而使營利率降至 15%-20%；亞太地區因價格競爭激烈，營利率僅約 10%-15%、低於平均。

Vertiv 提供完整電源與散熱系統解決方案，協助客戶建置資料中心。相較於散熱或電源廠同業大多僅提供零組件，Vertiv 擁有完整產品線與提供系統建置的能力；基於下一代 AI 語言模型的運算量與傳輸需求皆顯著提升，使散熱整合與解決方案的設計難度也隨之向上，讓 Vertiv 相較於僅能提供單一零組件的廠商更有競爭力。另外，因應資料中心停機造成損失的問題，Vertiv 也推出 Next Predict，透過即時遙測與 AI 演算法持續監控 BESS 電池儲能系統、UPS 與液冷 CDU/泵浦的運作狀態，在異常影響 AI 算力前先行預警，從而預防損失。Vertiv 資料中心客戶包含 AWS、Meta、Microsoft、AT&T、Verizon、Coreweave、Oklo，供應模式大多是將電源、散熱與系統等產品一併提供給客戶，協助其建置資料中心。

在產品接單上，凱基預期 Vertiv 推出之 OneCore 資料中心建置解決方案將對整體訂單具有高度貢獻。此解決方案主要是因應伺服器液冷散熱與電源需求所提供的產品，其採用直接接觸晶片散熱(Direct-to-Chip Cooling)技術，避免晶片在電力故障的幾十秒內因失去冷卻而受損，提供建置容量從 10MW 到 1,000MW 的選擇。OneCore 資料中心建置解決方案之中的 MegaMod™ HDX 主要是針對需要建造一座小型資料中心的客戶所設計，因應數十櫃至數百櫃的 AI 資料中心建置需求。基於 AI 伺服器機房的液冷散熱管路與電力分配較為複雜，若由不同供應商安裝可能會出現漏水或電力供應不足的狀況；Vertiv 可解決此整合問題，並將安裝時間壓縮在 9-12 個月，相較於大多數供應商須 18-24 個月而言更為迅速。目前市場上已有超過 500 家公司有自建小型資料中心的需求，若以 10MW 方案價格約 8,000 萬美元評估，潛在市場產值達 400 億美元以上，而觀察目前有提供同等級產品者僅 Schneider(法)與 Eaton (美)等同業，使 Vertiv 可望在此領域成為主要供應商之一，凱基預期公司將取得超過 130 億美元訂單，有利於公司 FY2026/FY2027 營收維持高成長性。

Vertiv 在 2026/10 宣布其 2.3MW CDU 取得 Nvidia 認證，供應鏈評估單台售價將較 1.3MW 提升 50%，每建置 1GW 資料中心的 CDU 產值約達 2 億美元，目前具相同提供能力的供應商僅包含韓國 LG 電子與美國 LiquidStack，Vertiv 可望在 CDU 供應鏈提升份額，預期公司可在此市場取得約 20%供貨份額，並可望貢獻 2027 年營收達 15 億美元。

圖 1: Vertiv 推出 2.3MW CDU，預估貢獻 2027 年營收達 15 億美元

資料來源：公司資料；凱基

Nvidia 與 ASIC AI 伺服器陸續導入電源櫃，預計 FY2027 顯著貢獻營收。基於 Nvidia 與 CSP 廠下世代 AI 伺服器功耗皆顯著提升，客戶對於能處理達 200kW 熱能的液冷散熱需求增加，推升散熱產值提升。另外，因各地政府對 PUE 規範逐步往 1.5 以下的水準靠攏，而現行氣冷散熱之 PUE 普遍落在 1.7 上下的水準，此限制亦使客戶對散熱方案產生升級需求。凱基預期在 AI 散熱解決方案升級、MegaMod™ HDX 營收貢獻逐步增加、以及公司可望在 2.3MW CDU 市場提升份額的帶動下，Vertiv FY2026/FY2027 散熱產品營收可望達 60.9/92.0 億美元，年增 51%。

電源產品部分，Vertiv 800VDC 產品目前處於驗證階段，預計 2027 年開始貢獻營收，合作對象包含 hyperscaler 及晶片端夥伴。基於其單價約達 50 萬美元、預估 2027 年出貨量約落在 1,000-2,000 櫃上下的水準；公司目前亦有推出 400VDC 電源櫃，初期以 Meta 和 Microsoft 導入較為積極，預期電源櫃產品可望貢獻 Vertiv FY2027 營收達 10 億美元，為其 2027 年電源產品線主要成長動能，預估 Vertiv FY2026/FY2027 電源產品營收為 36.5/60.7 億美元，年增 66%。

圖 2：預估 Vertiv FY2027 電源與散熱產品營收年增率分別為 66%/51%

**財年止於十二月*

Vertiv 評等維持「增加持股」，目標價為 416 美元。Vertiv 在資料中心散熱和電源產品提供的 solution 比大多數同業更完整，營收成長性可望優於產業平均；凱基預期公司推出的 OneCore 資料中心建置解決方案將拿下超過 130 億美元訂單，此為支撐公司營運成長之主要動能。另外，公司在 2026/10 宣布其 2.3MW CDU 取得 Nvidia 認證，供應鏈評估單台售價將較 1.3MW 提升 50%，每建置 1GW 資料中心的 CDU 產值約達 2 億美元，而目前僅三家供應商通過認證，凱基預期此將有助於公司提升 CDU 供貨份額，並據此上修 FY2026/FY2027 EPS 自原預估之 6.91/10.94 美元至 7.32/11.89 美元，年增 62%；相較市場共識 EPS 分別為 6.66/9.23 美元，目前股價交易於約 22/26 倍之 FY2027 凱基與市場共識 EPS 預估。

Vertiv 過往五年本益比多落於 12-36 倍之間，考量 (1) Vertiv 在電源與散熱產品之整合能力優於同業表現，並能提供系統級產品，有助公司接單能力提升；(2) ASIC 晶片陸續推出且對電源與散熱需求皆提升，可望推升公司未來兩年獲利成長性優於產業平均；(3) 公司在 2.3MW CDU 與 800VDC 領域皆為少數供應商之一，FY2027 電源與散熱產品成長性可望進一步提升。綜合上述原因，預期 Vertiv 本益比將回升至區間上緣之 35 倍上下浮動；基於當前評價偏低，故維持「增加持股」之評等，目標價則基於預估 EPS 上修而調升至 416 美元 (35x FY2027F EPS)。

國泰期貨 國泰證券子公司

國巨 2327 TT （電子–零組件）

營運槓桿顯現，獲利動能延續

投資與評價

1. 國巨 3Q26 受惠稼動率提升及前次漲價效益反映，預估毛利率 41.1%、營益率 29.7%，獲利為近八年新高；4Q26 預期隨外溢訂單挹注及最新一輪漲價逐步反映，營收及營業利益將再創歷史新高。
2. 國巨 26 年受惠 AI 需求帶動出貨，交期拉長帶動漲價。預期 26 年底村田可能釋出非蘋 MLCC 產能，27 年隨日系供應商將產能轉向高階 AI MLCC，供需缺口進一步擴大，預估 26 年 EPS 21.21 元、27 年 EPS 45.70 元。
3. 目前國巨股價為 547 元，約為 12X FY27E EPS，位於近三年 11～50 倍 PER 參考區間下緣位置。三星電機 3Q26 財報正向進展，更多 LTA 簽訂並持續與客戶協商中，且村田持續傳出 EOL 消息。展望後市，預期國巨 AI 產品占比將隨整體 AI 需求提升，中階產品外溢訂單持續成長，鉭質電容受惠高市占率及定價能力，惟市場未能適當反應外溢訂單效應與 27 年漲價幅度，故維持買進投資評等，微調 27 年獲利預估，目標價上修至 710 元(15x FY27E PER)。

重點更新

營運槓桿顯現，預期國巨 3Q26 獲利為近八年新高

國巨 3Q26 受惠前次漲價效益開始反映，加上中階外溢訂單挹注帶動稼動率提升，3Q26 營收為 495.31 億元(+11.4% QoQ)，與預估之 495.57 億元(+11.5% QoQ)相近，並優於公司財測之溫和成長幅度。在產品組合改善下，調高毛利率預估至 41.1%(+2.6 ppts QoQ)，營業費用率則降至 11.4%(-0.7 ppts QoQ)，營運槓桿顯現，預估營業淨利季增 25.1%至 146.95 億元，營益率 29.7%。稅後淨利預估為 119.45 億元(+26.8% QoQ)，EPS 5.80 元，毛利率連續第五季上揚，獲利為近八年新高。

預期國巨 4Q26 受惠多重成長動能延續，營收再創新高

4Q26 為客戶庫存檢視節點，客戶後續將增加下單，使供需更趨緊俏，進一步支撐漲價。然而，以中低階 MLCC 為主的消費性需求仍低迷，預期最新一輪漲價貢獻遞延至 4Q26 末。預估 4Q26 營收為 534.61 億元(+7.9% QoQ)，在稼動率持續提升及產品組合優化下，上修毛利率預期至 44.2%(+3.1 ppts QoQ)。預期營業淨利為 175.20 億元(+19.2% QoQ)，稅後淨利將季增 19.7%達 142.95 億元，EPS 6.94 元，受惠多重成長動能，營收及營業利益將再創歷史新高。

台光電 2383 TT (電子–電子零組件)

光耀群倫，電馭群雄

投資與評價

1. 台光電 3Q26 受惠在 GPU 新平台 M9 規格產品進入量產，營運將續創新高；4Q26 各產品線有望調漲 5~20%不等，帶動台光電營運將續創新高。
2. 26、27 年 GPU 及更多 ASIC 客戶都開始採用 M8+甚至 M9 CCL，高階板材升級持續，台光電也因應客戶需求逐年開出更多產能，預期營運將連續創高，預估 26 年 EPS 134.91 元、27 年 EPS 282.30 元。
3. 考量台光電將持續受惠高階 AI 應用帶動 CCL 規格持續升級，無論技術、產能擴張幅度皆優於全球同業，26、27 年獲利將大幅走升，目標價上修至 7,00 元(25 x 27(F)PER)，並將投資評等由買進轉為強力買進。

重點更新

3Q26 台光電 M9 產品進入量產階段，營運創歷史新高

台光電 3Q26 受惠於 GPU 客戶下一世代運算平台之 M9 產品正式量產，應用於 UBB(HGX)、LPU 等高速傳輸板材中，大幅提升公司產品平均單價；ASIC 客戶端需求持續加大，並且將板材全面升級至 M8+規格，高階 CCL 佔比持續擴大，帶動台光電 3Q26 營收季增 28.8%達 608.85 億元，優於原估之 556.19 億元(+17.6% QoQ)9.5%。毛利率方面，公司持續將現有產能往高階產品推動，M7/M8 等級以上 CCL 出貨佔比快速拉高，毛利率達 37.7%(+3.8 ppts QoQ)，優於原先預期。且因營收規模擴大，再加上銷售費用控管得宜，營業費用率為 7.0%，優於原預估 7.3%，帶動營業利益達 187.03 億元(+46.7% QoQ)，稅後淨利季增 46.9%至 145.0 億元，EPS 40.47 元，獲利維持高增長且營運創新高。

反映原物料持續緊缺之價格調漲，預期台光電 4Q26 營運將續創新高

邁入 4Q26，預期台光電將持續受惠於各大 AI 客戶於新世代板材規格提升所帶動的量價齊揚，儘管年底台灣廠區擴廠進度將有所延誤，惟中國崑山廠區亦將有望提前上線彌補缺口，公司整體產能仍將維持穩定成長。此外，考量上游原材料供給緊缺依舊，4Q26 台光電 CCL 各產品線有望再度進行 5~20%之價格調漲。故上修台光電 4Q26 營收預估 18.0%至 721.20 億元(+18.5% QoQ)，並受益於漲價的持續以及產品組合持續轉佳之下，毛利率預期將再提升 2.6 個百分點至 40.3%；考量產能擴充持續提升下，調高營業費用預估 16.4%至 51.93 億元(+21.8% QoQ)，惟營業淨利仍將季增 27.8%至 238.76 億元，預估稅後淨利達 186.31 億元(+28.5% QoQ)，EPS 51.99 元，營運將持續創下歷史新高。

訪談內容

3Q26 台光電 M9 產品進入量產階段，營運創歷史新高

台光電 3Q26 受惠於 GPU 客戶下一世代運算平台之 M9 產品正式量產，應用於 UBB(HGX)、LPU 等高速傳輸板材中，大幅提升公司產品平均單價；ASIC 客戶端需求持續加大，並且將板材全面升級至 M8+規格，高階 CCL 佔比持續擴大，帶動台光電 3Q26 營收季增 28.8%達 608.85 億元，優於原估之 556.19 億元(+17.6% QoQ)9.5%。

毛利率方面，公司持續將現有產能往高階產品推動，M7/M8 等級以上 CCL 出貨佔比快速拉高，毛利率達 37.7%(+3.8 ppts QoQ)，優於原先預期。且因營收規模擴大，再加上銷售費用控管得宜，營業費用率為 7.0%，優於原預估 7.3%，帶動營業利益達 187.03 億元(+46.7% QoQ)，稅後淨利季增 46.9%至 145.0 億元，EPS 40.47 元，獲利維持高速增長且營運達歷史新高。

反映原物料持續緊缺之價格調漲，預期台光電 4Q26 營運將續創新高

邁入 4Q26，預期台光電將持續受惠於各大 AI 客戶於新世代板材規格提升所帶動的量價齊揚，儘管年底台灣廠區擴廠進度將有所延誤，惟中國崑山廠區亦將有望提前上線彌補缺口，公司整體產能仍將維持穩定成長。此外，考量上游原材料供給緊缺依舊，4Q26 台光電 CCL 各產品線有望再度進行 5~20%之價格調漲。故上修台光電 4Q26 營收預估 18.0%至 721.20 億元(+18.5% QoQ)，並受益於漲價的持續以及產品組合持續轉佳之下，毛利率預期將再提升 2.6 個百分點至 40.3%；考量產能擴充持續提升下，調高營業費用預估 16.4%至 51.93 億元(+21.8% QoQ)，惟營業淨利仍將季增 27.8%至 238.76 億元，預估稅後淨利達 186.31 億元(+28.5% QoQ)，EPS 51.99 元，營運將持續創下歷史新高。

表二、台光電 4Q26 損益預估調整分析

單位：百萬元

項目	修正預估	原預估	調整幅度	調整原因
營收	72,120	61,115	+18.0%	產品價格持續調漲
營業毛利	29,068	21,867	+32.9%	
營業毛利率	40.3%	35.8%	+4.5ppts	產品組合優化、價格調漲
營業費用	5,193	4,461	+16.4%

台光電將開始出貨 M9 CCL 產品，26 年營運創新高

AI GPU、ASIC 伺服器新平台逐步放量，台光電在技術領先優勢下為其中多家大廠的主要供應商，其中除 25 年主要 ASIC 客戶外，今年另一家美系 ASIC 客戶需求倍數成長，其 CCL 規格要求也由 M7 提升至 M8+，台光電將在日系同業產能不足情況下取得更高份額。此外 GPU 大客戶首度採用 M9 規格之產品，將大幅提升單位產品價格，多數客戶訂單預期將持續強勁至年底，加上 1.6T Switch 預期也將於 4Q26 開始進入生產，研究部維持預期 26 年高階 CCL 營收佔比將達 75%不變。

此外，考量 4Q26 仍將進行價格調漲政策下，故上修整體營收預估 8.3%至 2,133.47 億元(+126.3% YoY)。考量漲價效益以及產品組合持續優化，大幅調高毛利率預估 6.6 個百分點至 36.4%，並且受益於營運規模擴大與費用控管，調降營業費用率預估至 7.2%(-2.4 ppts YoY)，營業利益為 624.24 億元(+226.7% YoY)，帶動稅後淨利預期將達 483.44 億元(+230.0% YoY)，優於原估 408.57 億元之 18.3%，EPS 134.91 元，營運創新高。

CCL 高階升級趨勢不變且將開出更多產能，預期台光電 27 年營運再度創高

展望 27 年，AI 相關需求在更高傳輸速度及訊號低損耗條件下，終端 PCB 普遍向 M8 以上規格靠攏，同時板層數也持續往 30 甚至 40 層以上研發，帶動整體 CCL 價量齊揚。而繼 GPU 客戶率先採用 M9 CCL 產品，台光電兩大 ASIC 客戶亦預期將於 27 年導入 M9 規格於，以提升 AI 效能之極致；衛星方面，台光電目前為地面板供應商之一，同時將進入下世代 v3 版本的天上衛星板供應，供應 M8 等級 CCL。產能方面，儘管台灣廠區因土建、安規驗收等問題有所遞延，惟預期截至 4Q27 仍將有 870 萬張月產能，相較 4Q26 將年增近五成，預期將滿足客戶未來新世代高階 CCL 產品備貨需求，並使營運進一步擴大，維持產業高市佔之表現。

台光電 2383 TT

預期台光電在 M8+ CCL 以上領域仍為客戶供應商首選，加上產能進一步擴大開出下，上修 27 年整體營收預估 13.9%至 3,768.70 億元(+76.6% YoY)，伴隨 M9 出貨量持續放大，同時預期更多終端應用將 M8+ CCL 作為主要板材選擇，加上產能緊缺與原料問題有望持續進行價格調整，大幅上修毛利率預估 4.8 個百分點至 41.6%，且受益於營收規模持續大幅提升，調低營業費用率至 6.9%(-0.3 ppts YoY)，預期營業利益為 1,296.54 億元(+107.7% YoY)，帶動稅後淨利年增 109.2%至 1,011.55 億元，EPS 282.30 元，獲利將翻倍成長且營運再度創高

技術、產能均穩居業界龍頭，台光電 26、27 年獲利將持續大幅走升

台光電 26 年於 AI、高階交換器，甚至衛星客戶需求強勁成長，以及漲價策略帶動下營運將季季增，27 年持續維持領先技術為客戶 M9 CCL 首選，且大量新產能開出也將成為未來幾年台光電在高階 CCL 市場中保持高市佔的關鍵，中長期營運持續成長，預期至 27 年獲利仍保持年增超過八成，預估 26 年 EPS 134.91 元、27 年 EPS 282.30 元。

目前台光電股價為 5,025 元，約為 17.08 x FY27E EPS，位於近 3 年 PER 參考區間 10~30x 中間偏下之位置。儘管目前於最高規格之 CCL 解方出現分歧，Q-Glass 石英布與 PTFE 等無布方案皆受到高度討論，惟研究部認為製程良率、成本管控上將會是材料選用、量產之關鍵，且材料定案時程仍尚需要一些時間，惟整體 CCL 產業材料持續升級趨勢不變下，在規格和用量上皆持續向上，持續看好台光電於高階產品應用、客戶廣度，以及在現有、擴增產能規模上持續領先同業，將有助公司持續維持高市佔之表現，26、27 年獲利將持續大幅走升，調高 27 年獲利預估，並將投資評等由買進轉為強力買進，目標價由 5,300 元(25x 修正前 27(F)PER)上修至 7,000 元(25x 修正後 27(F)PER)。

台光電 2383 TT

公司簡介

台光電子材料股份有限公司成立於 1992 年 3 月，為全球最大無鹵素 CCL 供應商，公司產品主要包含：銅箔基板、黏合片與多 層壓合板等，以終端需求進行區分，3Q26 年手持式營收占比 10~15%，基礎建設營收占比 75~ 80%，車用和其他占 5~10%。

台光電 ESG 政策

環境：台光電子秉持「環境保護與永續經營並重」的理念，將環境管理納入核心經營策略，並積極推動 能源管理及碳排放管理。公司已於 2024 年成功將每單位銷售金額的能源消耗量較 2023 年減少 23.01%，並將溫室氣體排放總量降至 23,080.51 公噸，減少了 29.70%的排放強度。此外，台光 電子也已完成對大陸各廠區 ISO 50001 能源管理系統的驗證，並推動太陽能發電項目，進一步 提升綠能使用比例。原材料方面，所有主要銅箔供應商均可提供 100%回收銅，體現資源循環利 用的承諾。展望未來，台光電子以 2030 年減碳 30%為目標，並計劃於 2050 年達成淨零排放， 持續致力於推動環境永續。

社會： 台光電子認為員工是公司最重要的資產，致力於員工的多元共融與專業成長。公司在 2024 年達 成了 85%員工年齡在 50 歲以下，且大力推動女性在管理層的參與，女性主管比例達 10%以上。 此外，公司秉持員工健康與安全的優先理念，所有員工的健檢率達 100%，並提供完善的職業安 全衛生管理。台光電子也積極參與社區建設，並在台灣廠區認養並維護超過 300 平方米的綠地， 為員工與社區提供更綠意盎然的環境。

公司治理： 台光電子始終秉持誠信、透明與問責的公司治理理念，並將永續發展納入董事會的決策範疇。公 司治理架構中，董事會設有專責的企業永續發展委員會，負責審議並推動各項 ESG 議題。台光電 子已成功納入「台灣永續指數」，並以透明的財務報告與風險管理策略，確保公司治理與股東利 益一致。此外，公司也對供應鏈進行管理，確保其符合企業社會責任準則，並且確保所有主要供 應商達到環保與社會責任的要求。

永續供應鏈與長期展望： 台光電子在推動永續供應鏈管理上，已要求供應商遵守 RBA 行為準則與衝突礦產規範，並且積 極實施供應商的環境與社會責任評估。隨著 5G 基站材料與車用電子需求的增長，台光電子將持 續推動高附加價值產品，並以低碳製造與責任治理為長期發展重心。公司已設定以 2023 年為基 準年，並計劃在 2030 年減碳 30%，在 2050 年達成淨零碳排，致力於成為全球電子材料領域的 永續競爭者。

逆風燿進，屹立不搖

投資與評價

1. 台燿 3Q26 在泰國廠進度提前開始營收貢獻下，營運創歷史新高；4Q26 預期將進行 CCL 產品價格調漲，營運將續創歷史新高。
2. 台燿 26 年泰國廠區布局順利開出，受益於漲價策略帶動營運將逐季增成長，27 年有望持續提升高階應用佔比，同時持續擴充產能供應，中長期營運持續成長，預估 26 年 EPS 41.93 元、27 年 EPS 86.20 元。
3. 考量台燿受惠高階 AI 應用帶動 CCL 規格持續升級，新產能將持續開出，26、27 年獲利將持續大幅走升，調升 27 年獲利預估，目標價上修至 1,900 元(22x 修正後 27(F)PER)，並將投資評等由買進轉為強力買進。

重點更新

台燿 3Q26 泰國廠進度提前且轉盈，營運創歷史新高

台燿 3Q26 受益於泰國廠 1-2 期因學習曲線提升，提前一個月至 7M26 開始貢獻，爬坡期順利，並且持續開出產能貢獻之下，泰國廠順利轉虧為盈且幅度已超上半年所有虧損，加上來自美系網通交換器、ASIC 專案持續提升貢獻，帶動台燿 3Q26 營收季增 25.5%達 179.49 億元，優於原估之 173.16 億元(+21.1% QoQ)3.7%。毛利率方面，泰國廠因產能爬坡期順利進行，營運轉虧為盈，帶動毛利率大幅提升 7.2 個百分點至 36.9%優於原預估 33.3%之 3.6 個百分點，且因營收規模擴大，再加上銷售費用控管得宜，營業費用率下滑至 5.9%，優於原預估 6.2%，帶動營業利益達 55.68 億元(+65.8% QoQ)，稅後淨利季增 64.7%至 38.57 億元，EPS 12.88 元，營運達歷史新高。

4Q26 CCL 產品價格持續調漲，預期台燿營運將續創新高

展望 4Q26，泰國廠在產能順開之下，將再度開出 10 萬張 CCL 產能，因應來自終端的強勁需求；另外，目前上游材料包含玻纖布、銅箔等持續進行產品價格調整，且在高階材料越發緊缺之下，M7/M8 等級之 CCL 產品將較過去有這較大幅度的調漲，故上修台燿 3Q26 營收預估 6.4%至 207.53 億元(+15.6% QoQ)，受益於高階 AI 應用業務佔比持續攀升與漲價挹注，毛利率預期將提升 1.6 個百分點至 38.5%；且因營收規模擴大，營業費用率隨之下滑至 5.8%，帶動營業淨利達 67.94 億元(+22.0% QoQ)，隨之上調預估稅後淨利 25.3%至 50.99 億元(+32.2% QoQ)，EPS 17.03 元，營運將續創新高。

資料來源: 國泰證期研究部整理

泰國廠區放量貢獻與高階產品提升，預期台燿 26 年營運創新高

因應眾多 PCB 板廠於泰國廠產能將於 26 年開出，台燿持續擴大於泰國地區之布局。伴隨泰國廠 1-2 期提前至 7M26 上線，4Q26 將進入全面量產階段，專注於衛星地面板、ASIC 伺服器專案等產品，伴隨產能逐步釋放，26 年底總產能將達 260 萬張，有望進一步帶動台燿於高階 AI 伺服器、交換器以及衛星相關板材之供應份額。此外，觀察目前上游原料價格走勢持續飆漲，4Q26 仍將持續進行成本轉嫁調漲策略。

故上修台燿整體營收預估 3.1%至 630.56 億元(+107.8% YoY)。在漲價效益、產品組合優化以及泰國廠轉營帶動下，調高毛利率預估至 33.9%至(+11.2 ppts YoY)，並且受益於營運規模擴大與費用控管，調降營業費用率預估至 6.1%(-2.3 ppts YoY)，營業利益為 175.48 億元(+304.0% YoY)，帶動稅後淨利達 125.58 億元(+248.6% YoY)，EPS 42.29 元，獲利翻倍成長且營運創新高。

預期台燿 27 年提升更多高階應用占比，營運將再度創高

展望 27 年，AI 相關需求在更高傳輸速度及訊號低損耗條件下，終端 PCB 規格持續向上靠攏，同時板層數也持續往 30 甚至 40 層以上研發，帶動整體 CCL 價量齊揚。台燿將受益於 ASIC 客戶新一代平台的採用，與 AI 伺服器 CPU 板材規格提升至 M8，以及於高階交換器 800G/ 1.6T 新客戶進展順利下，帶動台燿高階產品組合持續增加。此外，公司亦有望受惠美系衛星供應商 V3 新一代衛星和 800G/ 1.6T 光模塊之採用。來自終端需求遍地開花之下，台燿 27 年亦將持續擴充產能，預計於中國常熟及泰國各新增 60 萬張，合計 120 萬張產能規劃，年底將達 380 萬張總產能。故上修台燿 27 年營收預估 2.7%至 1,081,29 億元(+71.5% YoY)。

伴隨台燿持續提升高端應用佔比，再度調高毛利率預估至 40.0%(+6.0 ppts YoY)，且受益於營收規模持續大幅提升，調低營業費用率至 6.0%(-0.2 ppts YoY)，預期營業利益將達 367.68 億元(+109.5% YoY)，稅後淨利季增 105.6%至 258.13 億元，EPS 86.20 元，獲利仍將大幅成長且營運再度創高。

台燿 6274 TT

高階產品出貨比重將持續拉高，帶動台燿 26 及 27 年營運續創新高

台燿 26 年泰國廠區布局順利開出，配合客戶大量終端需求，已於 3Q26 轉虧為盈，加上漲價策略帶動下營運將季季增，27 年有望持續提升高階應用佔比，如 AI CPU、ASIC、Switch 等相關專案，同時持續擴充產能供應，中長期營運持續成長，預期至 27 年獲利仍保持倍增之成長，預估 26 年 EPS 42.29 元、27 年 EPS 86.20 元。

目前台燿股價為 1,375 元，約為 15.5x FY27E EPS，位於近 3 年 PER 參考區間 5~30x 中間偏下之位置。考量台燿受惠高階 AI 應用帶動 CCL 規格持續升級，且近兩年擴產計畫將順利、穩定開出貢獻，將有利公司爭取更多淺在訂單，26、27 年獲利將持續大幅走升。近期針對台燿相關 AI 專案之進展，研究部認為下世代平台之規格尚未訂定，公司仍持續與相關客戶密切合作，加上台燿近兩年擴產計畫迅速且明確，或將有望拿下更多新專案，搶占相關同業份額。故調升 27 年獲利預估，但考量未來兩季本業成長增速趨緩，將本益比由近上緣之 25 倍略微調低至中間偏上 22 倍，目標價由 1,975 元(25x 修正前 27(F)PER)上修至 1,900 元(22x 修正後 27(F)PER)，並將投資評等由買進轉為強力買進。

台燿 6274 TT

公司簡介

台燿科技 TUC (6274 TT) 成立於 1974 年，總部位於台灣新竹縣竹北市，初期以光學玻璃製造為主要業務，1997 年成功轉型跨入銅箔基板(Copper Clad Laminate, CCL)與黏合片(Prepreg)之生產領域，2003 年正式在台掛牌上櫃。台燿為全球高階 CCL 材料領導廠之一，核心產品涵蓋高頻、高速、低損耗及高耐熱等系列，廣泛應用於 AI 伺服器、網通設備、汽車電子、消費性電子與高速資料傳輸板材。公司並提供多層壓合代工 (Mass Lamination) 服務，具備從原材製造到加工整合的一站式能力，形成完整的供應鏈垂直整合優勢。3Q26 營收佔比：ELL&SLL(M7/M8) 38%、VLL&LL(M4/M6) 28%、HDI&N-LL 19%、Others 15%。

台燿 ESG 政策

台燿科技秉持「誠信經營、創新永續」的企業核心，積極回應全球淨零減碳趨勢。2024 年全面導入 ISO 14064-1 溫室氣體盤查制度，完成第三方查證並據此制定短中長期減量目標，以 2021 年為基準年，規劃至 2025 年減碳 20%、2030 年減碳 42%、2050 年持續每年再降 2%。公司同 時持續精進節能管理，2024 年推行多項節電專案，節電量達 21 萬度，能源密集度降至 19.78 (MWh/百萬元營收)，溫室氣體排放總量 108,554 公噸 CO_2e、強度 11.65 。除推動節能外， 台燿也積極落實廢棄物源頭減量與回收管理，回收率維持 75% 以上，並推動綠電採購與碳費應 對策略。公司依 TCFD 架構揭露氣候風險，將氣候議題納入董事會監督範疇，展現與國際減碳目 標接軌的決心。 台燿推動永續供應鏈管理，強化上游合作夥伴的 ESG 韌性。2024 年共完成 26 家主要供應商的 環境與人權稽核，合格率 100%，並要求所有供應商簽署社會責任與環保承諾書，確保不使用衝 突礦產及有害化學物質。公司已通過 RBA 責任商業聯盟稽核且未有重大缺失，持續推動供應商 進行溫室氣體盤查與減碳培訓，並逐步導入永續採購制度。為落實環保製造，台燿全廠導入 ISO 14001 環境管理系統與污染防治方案，強化廢水、廢氣與噪音監控，確保所有放流水與排放皆符 合法規。透過持續改善與外部驗證，台燿建立透明、低碳且高效率的供應鏈體系，穩固其作為高 階 CCL 材料領導廠的綠色形象。

在人本管理方面，台燿視員工為企業最重要的資產。公司全面推行 ISO 45001 職業安全衛生管理系統，定期舉辦消防演練、健康檢查及安全教育，2024 年無重大職災事件，勞安指標持續改善。人權訓練涵蓋新進人員 100%、在職員工 96%，並透過性平與反歧視政策保障同工同酬。2024 年非主管職員工薪資平均 NT$951,877，中位數 NT$858,478，較前一年均提升。公司同時持續優化福利與人才培育制度，員工人均訓練時數 9.7 小時，女性員工與男性員工訓練時數相當。台燿致力打造安全、健康、包容的職場環境，讓員工能在穩定中成長，於工作中實現自我價值。 在公司治理層面，台燿以「誠信、透明、問責」為原則，長期維持公司治理評鑑前 6–20 % 水準。 董事會中獨立董事席次超過半數，並已將 ESG 績效納入高階主管考核機制。公司制定道德行為 準則與檢舉機制，嚴禁賄賂、貪腐及任何形式的強迫勞動，並推動供應鏈衝突礦產盡職調查。資 訊安全方面，台燿建置完善的資安防護系統與個資保護管理制度，2024 年未發生任何資安事件， 員工資安訓練達 691 人次。透過董事會與內控監督機制，台燿持續強化治理透明度與風險管理 韌性，奠定企業長期穩健經營的基石。 台燿長期深耕在地公益，2024 年投入社會關懷、教育與環保活動，推動員工志工、節能減碳倡 議及社區回饋計畫。公司定期舉辦淨灘與捐血活動，並捐助地方教育與弱勢團體，實踐企業公民 責任。未來，台燿將以 「誠信治理、綠色製造、人本共榮」 為三大支柱，持續朝 2050 淨零排 放目標邁進，推動電子材料產業的永續創新，致力成為全球客戶信賴的高階 CCL 永續夥伴。

投資評等定義

英文評等	中文評等	潛在報酬率
STRONG BUY	強力買進	> +30%
BUY	買進	介於+15% ~ +30%
NEUTRAL	中立	介於-15% ~ +15%
SELL	賣出	< -15%
註:潛在報酬率=(6 個月內目標價/本次報告評等最近一天收盤價 – 1) * 100		

免責聲明

本報告僅為本公司提供客戶之一般參考資料， 並非針對客戶之特定需求所作的投資建議， 且在本報告撰寫過程中， 並未考量讀者個別的財務狀況與需求， 故本報告所提供的資訊無法適用於所有客戶或投資人， 讀者應審慎考量本身之投資風險， 並就投資結果自行負責。

本報告係根據本公司所取得資訊加以彙集及研究分析， 本公司雖盡力使用可靠且廣泛的資訊， 但本公司並不保證各項資訊之完整性及正確性。本報告中所提出之意見係為本報告出版當時的意見， 邇後相關資訊或意見若有變更， 本公司將不會另行通知。本公司亦無義務持續更新本報告之內容或追蹤研究本報告所涵蓋之主題。本報告中提及的標的物價格、價值及收益隨時可能因各種本公司無法控制之政治、經濟、市場等因素而產生變化。本報告中之各項預測， 如營收及目標價格， 均係基於對目前所得資訊作合理假設下所完成，所以並不必然實現。從事特定交易， 如涉及期貨、選擇權及衍生性金融商品， 因具有高度風險並不適合每一個投資人。本報告不得視為買賣有價證券或其他金融商品的要約或要約之引誘。

國泰金融控股公司所屬子公司暨關係企業(以下稱 “ 國泰金融集團”) 從事廣泛金融業務， 包括但不限於銀行、保險、證券經紀、自有資金投資與交易、資產管理及證券投資信託等。國泰金融集團對於本報告所涵蓋之標的公司可能有投資或其他的業務往來關係。國泰金融集團及其所屬員工， 可能會投資本報告所涵蓋之標的公司， 或以該等公司為標的的衍生性金融商品， 而其交易的方向與本報告中所提及的交易方向可能不一致。除此之外， 國泰金融集團於法令許可的範圍內， 亦有可能以本報告所涵蓋之標的公司作為發行衍生性

金融商品之標的。國泰金融集團轄下的銷售人員、交易員及其他業務人員可能會為他們客戶或自營部門提供口頭或書面的市場看法或交易策略， 然而該等看法與策略可能與本報告的意見不盡一致。國泰金融集團的資產管理、自營及其他投資業務所做的投資決策也可能與本報告所做的建議或看法不一致。

非經本公司事先書面同意， 不得發送或轉送本報告予第三人轉載或使用。
