

摘要：

在新管理层领导下，伯克希尔时隔六年再度涉足航空业。此前，巴菲特两次押注航空股全部损失惨重。

伯克希尔“新王”以26亿美元重仓达美航空，这是这家投资巨头第三次涉足航空业——在此前，沃伦·巴菲特数十年间多次对航空股“嗤之以鼻”。

根据伯克希尔2026年5月15日提交的截至2026年3月31日的[13F持仓报告](#)，该公司持有达美航空39,809,456股，持仓市值约为26.465亿美元，持股比例约6.1%。达美航空亦第一时间通过自身的13F披露确认了这一信息。

消息公布后，达美航空股价在盘后交易中显著上涨。对于手握近4000亿美元现金、正在寻找资金出路的伯克希尔而言，这笔交易亦引发市场对其是否会进一步加码航空板块的广泛猜测。

现年95岁的巴菲特已卸任首席执行官职务，仅保留董事会主席头衔。此次出手决策由新任管理层主导。鉴于巴菲特本人对航空投资的高度警惕与历史亏损记录，这笔交易格外引人关注。

Buffett on airlines in the same 2017 interview, describing in precise detail why are terrible businesses despite having just aped into them

Quick: All right, let me read a couple of things back to you. In the past you've said things like, "I have an 800 number that I can call if I get the urge to buy an airline stock. 'My name is Warren and I'm an air-aholic,' and then they talk me down." You also said that, "If a capitalist had been present at Kitty Hawk back in the early 1900s he should've shot Orville Wright; he would have saved his progeny money."

Buffett: That's so true. He'd a saved him a lot of money. If you look at the last 30 years you can look it up on the internet, I think there have been almost 100 airline bankruptcies. I mean, that is a lot. So it's true that the airlines had a bad first century. I mean, they're kinda like the Chicago Cubs, you know, everybody had a bad century now and then. And they got that century out of the way, I hope. But it's, it's been a disaster for capital. I mean, it's got glamour to it so you can always get guys to put some money up for an airline. And you can go to the internet and look at 100 of them that failed then, and all of them now that are operating, you know, with the exception, Southwest, I mean, they've been through bankruptcy. And I bought into one called U.S. Air, that was my previous investment in the late 1980s. Ed Colodny, who was the CEO, came out here. We had dinner at Garazzo and I gave him \$358 million, and it disappeared almost before we finished dinner. I mean, the airline ... U.S. Air had some favored routes, but Southwest was coming at 'em over time. And I tried to sell that stock at \$0.50 on the dollar ... it was a preferred stock. Fortunately, I wasn't able to do it, and then they had this blip so we actually made quite a bit of money. I mean, we're one for one on airlines, actually, but not because we were smart. And then it went bankrupt twice afterwards, U.S. Air did. It's part of American Air now.

... that this was a horrible business, what's changed ...

巴菲特的"航空恐惧症"：从段子到信条

巴菲特对航空业的厌恶，在投资界几乎已成传奇。

他在1996年的投资者信函中引用理查德·布兰森的名言，称快速成为百万富翁最简单的方式，就是“先成为亿万富翁，然后买一家航空公司”。

2007年，巴菲特在反思航空业糟糕的投资回报时甚至戏称，一位“有远见的资本家”当年应该在小鹰镇把 Orville Wright 打下来，以此来为人类做贡献。他曾表示自己设有一条免费热线，每当有购买航空股的冲动时就会拨打：“我叫沃伦，是个‘航空狂’”，然后对方会劝他放弃。

在巴菲特看来，航空业集资本密集、高度工会化与强监管于一身，产品的核心要素——机场、安检、空中交通管制、机舱标准等——大多由政府决定或提供，行业护城河极为薄弱。

Quick: All right, let me read a couple of things back to you. In the past you've said things like, "I have an 800 number that I can call if I get the urge to buy an airline stock. 'My name is Warren and I'm an air-aholic,' and then they talk me down." You also said that, "If a capitalist had been present at Kitty Hawk back in the early 1900s he should've shot Orville Wright; he would have saved his progeny money."

Buffett: That's so true. He'd saved him a lot of money. If you look at the last 30 years you can look it up on the internet, I think there have been almost 100 airline bankruptcies. I mean, that is a lot. So it's true that the airlines had a bad first century. I mean, they're kinda like the Chicago Cubs, you know, everybody had a bad century now and then. And they got that century out of the way, I hope. But it's, it's been a disaster for capital. I mean, it's got glamour to it so you can always get guys to put some money up for an airline. And you can go to the internet and look at 100 of them that failed then, and all of them now that are operating, you know, with the exception, Southwest, I mean, the — they've been through bankruptcy. And I bought into one called U.S. Air, that was my previous investment in the late 1980s. Ed Colodny, who was the CEO, came out here. We had dinner at Garazzo and I gave him \$358 million, and it disappeared almost before we finished dinner. I mean, the airline ... U.S. Air had some favored routes, but Southwest was coming at 'em over time. And I tried to sell that stock at \$0.50 on the dollar ... it was a preferred stock. Fortunately, I wasn't able to do it, and then they had this blip so we actually made quite a bit of money. I mean, we're one for one on airlines, actually, but not because we were smart. And then it went bankrupt twice afterwards, U.S. Air did. It's part of American Air now.

两度折戟：从USAir到疫情抛售

伯克希尔与航空业的恩怨，横跨近四十年。

1989年，伯克希尔以3.58亿美元买入美国航空（USAir）可转换优先股，票息率9.25%，可按每股60美元转换为普通股。这一结构设计令投资看似比其本身的业务风险更为安全。

然而，1990年至1994年间，美国航空累计亏损24亿美元，股东权益几乎归零，公司于1994年暂停向伯克希尔的优先股派息。伯克希尔随即将该投资减计75%。巴菲特日后将这笔交易定性为“非受迫性失误”与“草率的分析”。最终伯克希尔勉强收回了本金，但他坦言，那不过是运气。

2016年，伯克希尔再度入局，同时持有美国航空、达美航空、联合航空和西南航空四家主要运营商的股份。彼时的逻辑是：行业整合、数次破产重组与运力自律，使得以低估值买入航空股存在可观回报空间——巴菲特并未改口说航空是好生意，但认为时机合适。至2019年底，伯克希尔持有达美航空约11%、美国航空约10%、西南航空约10%、联合航空约9%的股份。

2020年4月，伯克希尔将上述持仓悉数清仓，蒙受重大亏损，并明确表示不愿继续为"会持续烧钱"的企业提供资金。

第三次进场：新掌门人的算盘

此次入股达美，是伯克希尔在新任管理层领导下做出的独立决策。

从规模看，26亿美元在伯克希尔约4000亿美元的庞大现金储备面前不过九牛一毛。如何有效部署这笔现金，是新管理层面临的核心挑战。达美航空持仓位列伯克希尔第十四大投资，显示出其在配置优先级上仍属试探性布局。

值得关注的是，与2016年的分散式持仓不同，此次伯克希尔仅选择了达美航空一家，集中度更高，意图也更为明确。达美方面对此显然乐于主动披露，在自身的13F文件中率先公示了这一信息。

这是伯克希尔对航空业的第三次尝试。在坐拥如此规模现金的压力下，外界正密切观察，新管理层是否会进一步加仓航空板块。
