Webinar: What if... The Fed cuts rates by next summer?

Financial markets are expecting a Federal Reserve rate hike to come as soon as September. But what if investors have got it the wrong way around? Join us this Thursday for a live webinar on the outlook for US interest rates and the dollar. [Sign up here](#)

Financial markets are expecting a Federal Reserve rate hike to come as soon as September. But what if investors have got it the wrong way around? How could inflation surprise us, and what would it mean for the dollar?

Join us the day before a crunch US jobs report for the second episode of **What if?** – a new summer webinar series hosted by James Smith exploring what could turn today's market consensus on its head.

You'll learn:

- What it would take for the Fed not to hike rates this year and what data matters most
- How Kevin Warsh is reshaping the Federal Reserve
- Why the Fed could cut rates in 2027
- What ING's call for the Fed means for the dollar

Details

Date: Thursday 6 August

Time: 1400 BST/1500 CEST/0900 ET

The webinar will last 30 minutes, including Q&A.

The event will take place online, and the waiting room will open 60 minutes ahead of the scheduled start time.

A joining link will be emailed following registration, and you will receive a reminder email 10 minutes before the scheduled start time.

Note: If you registered for or attended our recent webinar on oil prices, you'll automatically be signed up for this event and future events in our What if? series. Add it to your calendar by following the instructions [on this page](#)
